

Chapter 651

"Oh, I see!" Jordan didn't know what to say, so he could only keep silent.

But at this moment, Brandon could see that Nicole was behaving strangely. A thought came to his mind, so he turned around and smiled at Fade and the others, saying, "I'll send Nicole out. You guys talk first."

Of course, Fade and Quin had noticed that something was amiss. However, since it was someone else's business, it was not appropriate for them to say anything, so they could only pretend that they knew nothing.

Meanwhile, Brandon and Nicole, who were walking out, turned a corner and arrived at the courtyard.

Brandon grabbed Nicole's arm. He looked a little unhappy as he asked, "Nicole, I know that you don't actually have to go. Why did you want to find an excuse to leave?"

Nicole snorted noncommittally. She looked at Brandon and said blandly, "Perhaps I do not actually need to leave, but does it make a difference?"

Her smug attitude was consistent with Brandon's speculation. The expression on his face got more gloomy, and he said, "Nicole, what do you mean? You said that you broke up with your ex-boyfriend and wanted to fall in love again, so you asked me to introduce someone to you. Now, I've introduce my classmate to you, so why are you behaving this way?"

"You're leaving halfway through a meeting!" Brandon said unhappily. "Even if you don't feel anything about Jordan, you should

18:18 

have some basic respect for him. If you leave like this, what will Jordan think of you? What kind of friend will I be to Jordan?" Brandon's question caused Nicole to become dissatisfied. She crossed her arms in front of her chest and said unhappily, "Brandon, how dare you blame me? Why don't you realize that it was all your fault?"

"My fault? What did I do wrong?" Brandon's voice was filled with anger. "Out of the kindness of my heart, I introduced you to my friend, but you're not giving me any face at all. Instead, you are blaming me. What on earth are you thinking?"

"You still don't know what you did wrong! Then I'll get straight to the point," Nicole said with a snort. "What did you tell me beforehand? You told me that your classmate is handsome and has a good job and that he'll become a general manager. But look at the reality!"

Their voices were not loud, and they deliberately lowered their voices. But Fade, who had sharp hearing, could hear their conversation clearly.

Hearing this, Fade finally understood. It seemed that Nicole didn't like Jordan, and did not think highly of him, so she didn't want to stay. Therefore, she found an excuse to leave early.

Although Fade didn't think it was nice, he couldn't say anything. He could only feign ignorance as he continued to lean against the sofa with his eyes closed.

At this moment, in the courtyard, Brandon's face sank when he heard Nicole's words. Then, his expression turned cold and he said, "What's wrong with that? I didn't lie. I'm sure Jordan looks above average, although he doesn't dress up..."

"Huh! He wears glasses and has a pair of dull, lifeless eyes. Is that above average? Don't disgust me," Nicole said unceremoniously.

18:18 

"Mind your manner! That's my classmate, my buddy! Why are you insulting him?" Brandon was really angry. He glared at Nicole as he spoke.

Nicole snorted disdainfully and said, "Your buddy has nothing to do with me! He's just a loser! A common man from the working class. How dare you tell me that he's a good-looking general manager? You were actually deceiving me."

Hearing this, Brandon's expression completely cooled down. He glared at Nicole and said in a cold voice, "Nicole, you finally said it. After saying so much, you simply think that my buddy is not worthy of you."

"Yeah, that's right. I just don't think he's a good catch! He's just a loser without good looks nor money. What kind of relationship is this kind of person expecting? It's ridiculous!" Nicole said with disdain all over her face.

"You... Do you think you're much better? How dare you look down on my buddy?" Brandon was so angry that his face turned pale.

Nicole didn't take it seriously and she continued, "No matter how bad I am, I'm still better than that loser. What's more, he has a mother who works as a housekeeper!"

"Well, if she's a housekeeper, then so be it. Why did you have to hide that by saying that she works for President Chen? In the end, she turned out to be a humble servant who serves tea. If I really got along with him and got a servant as a mother-in-law in the future, I'd better not go out. It would be so shameful!" Nicole said scornfully.

Hearing this, Brandon could no longer hold back his anger. He glared at Nicole, raised his right hand, and slapped her.

Meanwhile, Fade, who was inside the house, also heard Nicole's words. In an instant, his expression turned cold and he couldn't help looking outside.

18:18 

During the first half of the conversation, Nicole merely complained that Jordan wasn't a good catch and she looked down upon him. But during the second half of the conversation, Nicole insulted Jordan and Housekeeper Wong blatantly.

Especially what she said about Housekeeper Wong. If Fade hadn't taken into account the situation, he would have rushed out to beat Nicole up.

Although Fade didn't do anything, Brandon couldn't help himself. He slapped Nicole across the face and thundered, "Nicole Liu, shut up. Go and apologize to Jordan and Auntie!"

Nicole was slapped across her face. She covered her swollen cheeks and was instantly agitated. She yelled, "You dare to hit me, and yet you want me to apologize? I'm telling you, there's no way. I won't apologize. I'm also going to say that your loser friend and his filthy mother doesn't deserve me. Even if I were blind, I won't fall for him."

The two of them were previously speaking in low voices so that other than Fade, nobody could hear them.

But now, Nicole wasn't trying to be discreet anymore. She spoke loudly and her voice permeated the room.

All of a sudden, Jordan and Housekeeper Wong's expressions changed, turning cold.

Jordan was so angry that his face turned pale. He stood up and rushed out.

He rushed to face Nicole, glared at her, and said harshly, "You can look down on me, but you cannot insult my mother. Apologize to her immediately!"

Nicole's face was filled with anger and disdain. She snorted coldly. "Apologise? Don't joke around. I will never apologise to a servant!"

18:18 

As she spoke, Nicole turned around and was about to leave.

But Jordan stepped forward and grabbed Nicole's hand. He said coldly, "If you don't apologize to my mother, you can't leave."

"Let me go!" Nicole shook her hand hard, but she couldn't get rid of Jordan's large hand.

"Apologize now!" Jordan, who was rarely angry, glared at Nicole.

"Let me go." Nicole struggled again but to no avail. At this moment, her cell phone rang. Nicole took her cell phone out and there was a look of delight on her face.

Then, she looked at Jordan and threatened, "Listen to me. My boyfriend is coming soon. You'd better let go of me, otherwise, I will get my boyfriend to kill you."

Chapter 652

Jordan remained his tight grip on Nicole's hand. He stared at her and kept repeating, "Apologize now!"

Brandon, who was next to her, was so angry that he was about to explode. He glared at Nicole and questioned her, "Your boyfriend is here to pick you up? Nicole, what did you tell me before? You said that you and your boyfriend had broken up, so I introduced my buddy to you. What's going on now?"

Nicole didn't want to keep it a secret anymore. She said directly, "Hehe. My boyfriend's family has a shop and they have their own business. How could I possibly abandon a second-generation rich heir to be with your loser friend? Don't joke about it."

"What I told you was just casual talk. I just wanted to fool around with you."

"Nicole Liu, you..." Brandon was so angry that his face turned pale and his fists creaked. He really wanted to rush over and beat Nicole up.

Obviously, Nicole was looking for a backup when she asked Brandon to introduce a guy to her. However, Brandon didn't see through her tricks and he introduced Jordan to her, causing this scene.

Suddenly, Brandon looked at Jordan apologetically and said, "Jordan, I..."

Jordan shook his head and said, "I don't care about anything else. I just want her to apologize to my mother. You can look down on me, but you can't insult my mother."

18:18 

Hearing this, Brandon also glared at Nicole and said, "Nicole Liu, what you said just now was too much. Apologize to auntie." Nicole didn't even bother to spare him a glance of disdain. She snorted. "Haha, I'm not going to apologize. What can you do? They're just two useless employees. When my boyfriend comes, you better be careful."

"You..." Brandon waved his fist and was about to throw it at her, but Jordan stopped him.

At this moment, Fade came out, looked at Nicole, and said coldly, "What you said just now was really too much. You have to apologise to Housekeeper Wong!"

When Nicole heard Fade's words, she turned to look at Fade. Her expression changed slightly, and her expression was a little strange. There was a hint of hesitation on her face.

After all, Fade was a boss, and judging from his family's villa, he was definitely a big boss. Nicole couldn't afford to offend such a person.

However, Nicole was a little reluctant to admit defeat and apologise.

Just as she hesitated, there was the sound of a car braking. A red Chevrolet suddenly stopped at the gate of the courtyard, and then a man of about 30 years of age rushed in.

Seeing this, there was a look of surprise on Nicole's face. She waved her hand and yelled, "David, this way. I'm here. Come and save me."

Then, Nicole looked at Fade and said, "Mr. Chen, this has nothing to do with you. They lied to me first. I didn't do anything wrong. Besides, they are just mere employees. You don't have to stand up for people like them."

Hearing this, Fade's face froze and his eyes glinted with anger.

18:18 

Then, the boyfriend, David Ma, rushed in. When he saw the scene in the courtyard, he roared immediately. Pointing at Fade, Jordan, and Brandon, he shouted, "What are you doing? Let go of Nicole!"

As he spoke, David rushed over and pushed Jordan away, and then he held Nicole in his arms.

Jordan was thin and weak, so he was no match for the burly David. He got pushed away, stumbled a few times, and almost fell down. Fortunately, Brandon held him steady.

David held Nicole in his arms and greeted her with concern. Then, he glared at Jordan and said coldly, "How dare you touch my girlfriend? Kneel down and kowtow to admit your mistakes."

Jordan was furious when he heard that. He pointed at Nicole and said, "She's the one who has to apologise!"

Beside them, Brandon added, "Nicole used blind dating as an excuse to lie to my buddy and even insulted my buddy's mother. She must apologize."

"Blind dating?" When David heard these two words, he couldn't help but have a puzzled look on his face. His face twitched.

Nicole quickly explained, "David, don't listen to their nonsense. They deliberately asked me out because I'm beautiful. I thought it was just a meal with my colleagues, but I didn't expect them to have other ideas."

"As a result, I refused. Therefore, they forced me to stay and told me to apologise. It's unreasonable."

This explanation caused Brandon and Jordan to almost explode with anger. But Nicole's boyfriend David believed her. He glared at Jordan and Brandon and said, "How dare you do this to Nicole? Come over here and kowtow and admit your mistakes."

Jordan was not great with words and he wanted to explain, but he couldn't. Brandon defended himself, but David didn't believe

18:18 

Brandon's words at all.

Seeing that David was becoming more and more aggressive, Fade stood up and said in a cold voice, "Don't just listen to her side of the story."

"Should I not believe my girlfriend's words and believe your lies instead? Am I a fool?" David shouted. Then, he waved his hand at Fade and said disdainfully, "Who do you think you are? Stay out of our business. Get lost."

Fade's face darkened and he was about to lose his temper.

At this moment, Quin came out and said in a cold voice, "Manager Ma, do you usually talk this way?"

David couldn't help but frown. Then, he looked in the direction of the voice and saw Quin. His face changed and he was surprised. "President Lin, why are you here? Did you return to Bay City? Why are you here?"

Quin used to be famous in Bay City as a beautiful CEO of a conglomerate. David's family was also in the world of business, so naturally, he knew of Quin. Therefore, as soon as Quin appeared, he was shocked.

Right then, Quin walked to Fade's side and she told David, "This is my home. My family and friends are here. Is that strange?"

"Your home?" David was shocked again. He looked at Fade with a shocked look on his face.

Suddenly, he seemed to have thought of something, and he changed the way he looked at Fade. "Y-you are President Lin's husband. So, you must be the legendary..."

Fade interrupted David and said coldly, "It doesn't matter who I am. What's important is the truth of the matter."

"Yes, yes, the truth, the truth!" David shouted. Then, he looked at Nicole and shouted, "Tell me, what's going on?"

18:18 

Nicole was not from around here. She didn't know Quin, and she didn't understand why her boyfriend David's attitude had suddenly changed. But what she knew was that the truth of the matter couldn't be told, otherwise, David would dump her.

Thinking of this, Nicole's eyes were full of tears. She cried and said, "David, you don't believe me. Instead, you believe the words of these outsiders. I you don't love me anymore, I'll leave. I..."

Looking at Nicole who was crying, David didn't know what to do for a moment.

Chapter 653

At this moment, Fade, Jordan, and Brandon looked at Nicole, and flames of anger almost burst out of their eyes. They couldn't wait to rush over and beat this hypocritical person up.

Just as the situation was in a stalemate, Fade turned around and looked back, saying, "By the way, I almost forgot. There is a surveillance camera installed in the yard. All we have to do is watch the video and everything will be clear."

Upon hearing that, Nicole's facial expression changed dramatically. Her entire body went limp and she nearly collapsed to the ground.

On the other hand, Jordan and Brandon's faces were filled with excitement.

David looked at Nicole doubtfully, but Nicole didn't want to give up until all hope was lost. Somehow, she thought that Fade was deliberately deceiving her, and that there was no surveillance camera in the courtyard at all. After all, luxurious villas like this one always valued privacy, so they would not have installed a surveillance camera.

In fact, Nicole was right. The villa courtyard had indeed no need for surveillance cameras when Fade and Quin were still living there. But later, after they moved to Long City, Housekeeper Wong was often home alone, and sometimes she was not even there. Therefore, for security, she installed a camera in the yard of the villa.

Just as Nicole held on to her last glimmer of hope, the surveillance footage was presented. Everything that happened in the courtyard had been clearly recorded.

18:18 

After watching the video, everyone's face turned pale.

Jordan, Quin, and Housekeeper Wong looked at Nicole with cold eyes. Previously, they knew only a little of what Nicole had said, but now, through the video, they heard with certainty the disdainful words that came out of her mouth.

David's face suddenly changed. He shook off Nicole, who was holding him tightly, and said coldly, "Tell me, what's going on?"

Nicole's face was completely frozen in that instant. She stood rooted to the ground, not knowing what to say. Could she tell David the truth? That she wanted to find a backup boyfriend just to fool around with?

Looking at Nicole, who was speechless, David slapped her across her face and said coldly, "From now on, stay away from me."

Then, David knelt down in front of Fade and Quin and said, "President Lin, Mr. Chen, I'm sorry. I was rude and disrespectful. Please forgive me."

Fade waved his hand and said, "You were also deceived. Apologize to Jordan and Housekeeper Wong and I won't pursue this matter anymore."

David nodded quickly and he apologized to Jordan and Housekeeper Wong immediately.

Jordan and Housekeeper Wong were softhearted. When they saw David kneeling on the ground and apologizing, they quickly helped him up.

David stood up and looked at Jordan's face. Suddenly, he thought of something and he said with a shocked look, "Are... Are you Director Qi?"

Jordan said, "Yes, my name is Jordan Qi."

18:18 

Quin replied, "Jordan is in charge of Fei Enterprises Holdings Inc's Life Elixir Wine business."

Her words helped David confirm Jordan's identity immediately. He was even more shocked and he said quickly, "Director Qi, I'm sorry. I'm really sorry. I didn't recognize you at first. I apologize to you and your mother again."

After the apology, David glared at Nicole and snapped, "Why are you still standing there? Come and apologize to Director Qi and Madam Qi."

"Director Qi?" Nicole was a little stunned. She didn't understand why David was addressing Jordan as such.

David said in a cold voice, "Director Jordan Qi is the general manager of the Life Elixir Wine business in Bay City. He is in charge of a business that is worth more than 100 million yuan in Bay City. Not only did you fail to recognize that, you were also disrespectful to Director Qi and his mother!"

When she heard this, Nicole was completely dumbfounded. She looked at Jordan in a daze and had amazement in her eyes.

She didn't think that this seemingly dull loser before her was actually a general manager who was in charge of a business that was worth more than 100 million yuan. It was a business that was of a bigger scale than David's.

Moreover, David had now broken up with her.

When she realized that she had missed out on two successful men in a row, Nicole felt like crying now.

At this moment, she looked at Jordan again and completely lost the arrogance and disdain she had exhibited previously. She collapsed to the ground, kowtowed, and apologized to Jordan and Housekeeper Wong.

Seeing her apologize, Jordan waved his hand with disgust and said coldly, "You may leave now."

18:18 

Nicole got off the ground, out of her wits. Then, she staggered out of the yard and walked away.

Later, after David apologized again, he drove away too.

He drove his red Chevrolet past Nicole with no intention of stopping at all. Meanwhile, Nicole was distraught. Her entire body was covered in dirt from the road and she looked like a drowned rat.

The incident was over and the atmosphere in the villa returned to normal.

However, Brandon still felt guilty and he apologized to Jordan and Housekeeper Wong. Jordan and Housekeeper Wong did not blame him. Instead, they comforted him.

Fortunately, Brandon was a cheerful person. After a bit of comfort, his mood was restored. He put the incident with Nicole behind him, and then he reminisced with Jordan about college. Later, they talked about work.

After chatting for a while, Jordan and Brandon said goodbye and left.

In the villa, only Fade, Quin, and Housekeeper Wong remained. It seemed like they had returned to the old times in Bay City.

Like old times, Housekeeper Wong had prepared a home-cooked meal, and Fade and Quin enjoyed the good food very much.

Then, the two of them left to wash up.

Fade took a hot shower and came out in a bath towel. Then, he saw his wife, who had also finished washing up, about to go upstairs in a bathrobe.

Suddenly, Fade's mouth curled into a smile, and then he crept forward and followed behind her.

He followed his wife to the door on the first floor. When she opened the door and was about to enter, she could sense a figure

18:18 

behind her. She was shocked and almost fell down.

Fade quickly wrapped his arms around Quin's waist, hugged her, and said with a smile, "Dear, it's me. Don't be afraid!"

Quin gave Fade a hard look, and then she saw that Fade's sly eyes were fixed on her chest.

Quin lowered her head to take a look. Only then did she realize that her bathrobe had slipped opened and her body was exposed. Through this crack, the beautiful view under the bathrobe was clearly visible.

"You..." Quin quickly grabbed the bathrobe and wrapped herself tightly. Then, she glared at Fade and said, "You're still looking. Look away!"

Fade quickly cried out with his grievances, "Dear, I didn't look. I was just helping you. If you hurt your body, I'll be very distressed."

"You have a glib-tongue!" Quin glared at Fade and then got out of his arms. She held the door and asked, "Why are you not sleeping? Why are you following me?"

Fade chuckled and leaned against the door frame. "Dear, look, it's not everyday that we come back here. Why don't we sleep together tonight?"

Chapter 654

As they spoke, Fade wanted to squeeze into the room through the door frame, but Quin was so vigilant that she pulled the door, wanting to slam it shut. "Get out of here and sleep downstairs!"

Fade hurriedly held the door with one hand, looked at his wife through the crack of the door, and said, "Dear, it's boring sleeping alone!"

"I'm not bored!" Quin said coldly.

Fade pouted immediately and said, "If you're not bored, then why was it that last night, someone moved around so much and ended up sleeping on top of me?"

At the mention of this, Quin couldn't help but blush. She thought of the previous night when she slept with Fade in the same bed at Uncle Liu's house. She especially thought of the morning when she woke up with her legs wrapped around Fade's waist.

For a moment, Quin's cheeks burned. She lowered her head and shouted, "I didn't. You're talking nonsense!"

Then, with a clatter, Quin slammed the door shut.

The door almost hit Fade who was close to the door. He touched his nose in embarrassment, said goodnight to his wife, and then went downstairs with resentment.

After going downstairs and returning to the small room he was familiar with, Fade lay on the bed with a smile on his face.

18:18 

After all, it'd been a long time since he and his wife flirted and quarrelled with each other.

It was because after arriving at Long City, they were busy with work affairs. Most of the time, they did not even go home. Even if they went home, they did not have much free time to have this little 'quarrel' with each other.

As he thought of this, Fade could not help but make up his mind. This time around, he would spend more time with his wife and enhance their relationship.

After all, it had been almost a year since they registered for marriage. However, the number of times they slept together could be counted with the fingers on one hand.

When he thought about the future with his wife, Fade couldn't help but smile sweetly, and his body seemed to relax. His eyelids were heavy and he was about to fall asleep.

However, at this moment.

A phone was ringing. Fade, who was about to fall asleep, was awakened by the ringtone.

Fade frowned and retrieved his mobile phone. When he saw the words "Momo Soo" on the caller ID, he couldn't help but smile as he answered the phone, "Momo, why are you calling me at this hour? Aren't you in bed?"

"Fade, how dare you say that!? You and my sister are back in Bay City, but you didn't bother to tell me. Humph! You two are so mean!" The little girl's angry voice rang loudly in his ears.

Fade apologized right away. "Good girl, Momo, it's our fault for not informing you. We came back in a hurry this time, so we didn't have time to inform you."

"I don't care. No matter what, you didn't inform me. It means that you don't care about me. I'm angry!" Momo said.

18:18 

Listening to the voice, Fade could imagine Momo pouting angrily on the other end of the call.

Suddenly, he raised his hand and surrendered. "Momo, I was wrong. We were both wrong. Tell me, how do you want us to make it up to you?"

Momo pondered for a while and then said, "Fade, tomorrow is a holiday and I don't have to go to school. Therefore, you must come to my school to spend time with me."

Fade muttered, "If you have no classes, then what are you doing at school tomorrow? Why don't you come to the villa? I'll ask Housekeeper Wong to cook for you."

Momo, who was a foodie, heard this proposal but refused immediately. She said, "No, Fade, you must come to school. If you don't come, you will be doomed. I will send a photo of you peeping at my chest to my sister. I will also tell her about the incident when you peeked at me while I bathed."

When he heard this, Fade said in a hurry, "Okay, okay, I'll go to the school to see you tomorrow. I'll go there at dawn. I can spend the whole day with you."

"Humph, you're horrible, Fade. Look at you. You're not sincere at all. You're only agreeing because I used my trump card to threaten you! You're a bad guy!" Momo said.

Fade was almost crying but he had no tears. He said, "Momo, I was wrong. I will do better in future. As long as you make a request, I will agree without hesitation."

"Well, Fade, you've said it! Don't go back on your words!" Momo said.

"I won't go back on my words," Fade replied.

18:18 

Momo said, "It's best if you don't go back on your words. I've already recorded what you just said. So if you do go back on your words, I'll play the recording for my sister and she can make a judgment!"

When he heard this, Fade was about to cry. He was a master at martial arts, but he was being played by a little girl. He was really flabbergasted!

However, there was nothing he could do other than agree to Momo's demands. Fade could only cry as he said, "How can I go back on my words? Momo, you don't have to be so careful as to even record our conversation!"

"Well, men can't be trusted, so I have the recording as evidence," Momo said. "Well, that's all for now. Fade, you may continue your sleep. Good night!"

"Good night!" Fade replied. Then, he heard a beeping sound. Momo had hung up.

Putting his phone down, Fade wanted to cry but he had no tears. How could he sleep after being played by the pixy Momo?

As a result, Fade sat up cross-legged to meditate. He began to practice his "Nine-Suns Flaming Skill" and slowly improved his strength.

It was difficult to fall asleep that night. The next morning, Fade, who was in a daze, was woken up by Momo's phone call. "Fade, get up. It's time for you to come to school."

Fade touched his mobile phone and said with sleepy eyes, "Momo, do you need to be so early? Let Fade sleep for a while more!"

Momo said, "No, you can't sleep. Fade, get up quickly."

"Momo, I'm so sleepy!" Fade said.

18:19 

When she heard Fade's snoring, Momo used her trump card again. "Fade, if you don't get up, I'll send the photo to Quin..." Upon the mention of the photo, Fade suddenly woke up and said in a hurry, "No, d-don't send it. I'll get up right away and go to the campus now. Just hold on for a while."

Then, Fade got up quickly and washed up. He looked at the room on the first floor and noted that the door was still shut. So, he told Housekeeper Wong that he was going out, and then he drove out.

The car roared all the way to the outskirts of Bay City University, to Momo and Yuri's rented apartment.

Fade couldn't wait for the elevator. Instead, he rushed upstairs and arrived at a door. He knocked on the door and said, "Momo, I'm here."

Fade knocked on the door a few times, but there was no response. Just as Fade was confused and was about to make a phone call, the door creaked open, and Yuri Zhang, who was wearing pajamas, stuck half her face out. "Who is it? Oh, Brother Chen, why are you here?"

When she saw Fade, Yuri seemed a little surprised. Then, she lowered her head and looked at her pajamas. Immediately, her face turned red and she retreated backward.

Chapter 655

"Yuri, you're up!" Fade greeted her, then he opened the door and walked in familiarly.

As he did so, Yuri hurriedly hid behind the door.

Fade saw this and he couldn't help but say curiously, "Yuri, what's wrong? Why are you hiding from me? I'm not gonna eat you anyway."

As he spoke, Fade grabbed Yuri's hand and pulled her from behind the door.

Next, Fade was dumbfounded. Yuri was wearing a fluffy pajama top, but her lower body was bare, showing off her fair limbs. At first glance, all Fade could see were two long and beautiful legs.

The next moment, Fade stared at the beautiful legs, awestruck. He was so stunned that he was rooted to the spot.

"Ah!" Yuri looked at Fade's eyes and her face became redder than it was before. She screamed and quickly stretched her pajamas top down to cover her beautiful legs. Then, she whispered, "Brother Chen, don't look at me!"

Only then did Fade come to his senses. He coughed and turned his head away. Then, he explained, "Yuri, I didn't see it. I didn't see anything!"

It was okay not to explain, but this explanation caused Yuri to blush even harder. She couldn't care about anything else as she rushed into her room and slammed the door.

18:19 

Sitting on the sofa of the living room, Fade looked at Yuri's room and vaguely heard the faint sound of her changing clothes inside. He couldn't help sighing. "I didn't expect an introverted person like Yuri to dress so seductively!"

A moment later, Yuri came out of the room.

Fade turned his head and saw that Yuri had changed into a casual sweatshirt and a pair of jeans.

Although the thick jeans completely covered Yuri's beautiful legs, at this moment, Fade couldn't help but cast a few glances at her legs. The pair of slender and fair legs he just saw moments ago appeared in his mind again.

When Yuri saw where Fade was looking at, she got nervous again and she said with blushing cheeks, "Brother Chen, what are you doing here?"

Fade coughed and quickly withdrew his gaze. Then, he said to Yuri, "Ahem, Momo asked me to pick her up."

"Momo asked you to pick her up?" Yuri looked surprised.

Seeing this, Fade was a little surprised. He said, "Didn't Momo tell you? Where is she? Did she go out?"

Yuri shook her head and said, "Momo didn't mention it to me at all. Moreover, she is still sleeping in her room."

With this, Yuri pointed at Momo's room on the opposite side of the unit.

Upon hearing this, Fade was suddenly speechless. He stood still and almost roared.

In the early morning, Momo had called him on the phone. However, now that he was here, she was still sleeping in her bed?

Suddenly, Fade couldn't sit still anymore. He walked right over and knocked on the door as he said, "Momo Soo, come out now. I..."

18:19 

However, to Fades' surprise, Momo's room was not locked at all. With a knock, the door swung open. Then, Fade saw Momo, her body balled up and wrapped in her pink quilt on the bed. She breathed softly and was sound asleep.

Fade was almost speechless. He reached out a hand to pat the quilt a few times and said, "Momo, I'm here. Wake up."

When she heard the commotion, Momo opened her eyes hazily and said in a daze, "Umm, you, who are you?"

"It's me, your brother-in-law, Fade!" Fade landed a few hard pats on the quilt.

Unfortunately, this time, he patted somewhere he shouldn't have. Immediately, he stopped.

By then, Momo had woken a little. She looked at Fade and said, "Fade, you're here. I'm still sleepy. I'll sleep for a little longer."

As she spoke, the little girl fell asleep again.

Fade was speechless. He pinched her face gently and said, "Lazy pig, get up. It's getting late."

Momo did not respond. Instead, she closed her eyes.

Seeing this, Fade was suddenly speechless. He reached out to grip the quilt and say, "Momo, if you don't get up, I'm going to lift the quilt."

Momo tugged on the quilt and mumbled, "Fade, let me sleep a little longer! Please! I want to continue sleeping!"

"Momo, you mentioned that there's a reason why you asked me to come over today, so why are you still sleeping?" Fade grabbed the quilt, shook it a few times, and continued.

But Momo still had no intention of getting up. Fade was speechless. He gritted his teeth and said, "Momo, I'm going to lift the quilt. Get up now!"

18:19 

There was no response, only her soft breathing.

Fade suddenly couldn't care anymore. He lifted the quilt that was over Momo's body. At the same time, he said, "Lazy pig, get up, get up..."

Fade froze in the middle of his sentence.

Because, at this moment, he lifted the quilt and her fair skin was exposed to his eyes. Momo was completely naked!

Suddenly, Fade was stunned. He stared at the beautiful view under the quilt and his gaze stayed there for a while.

Momo, who was sleeping soundly, suddenly woke up. She looked down and screamed. Then, she quickly held her hands in front of her chest and shouted, "Fade, you rogue! You're taking advantages of me!"

Fade jolted back to his senses. Ignoring the enticing view, he quickly grabbed the quilt and covered her body in a panic. Then, he turned around immediately and left. "Momo, I-I didn't see anything. I was just waking you up. I-I'll go out and wait for you."

Right then, Fade rushed out of the door and sat on the sofa.

At this moment, Yuri brought him a glass of water. Fade grabbed Yuri's hand, took the water, and then downed the cup of water.

After drinking the water, he felt a little better, and then he calmed down.

"Brother Chen, what's wrong with you?" Yuri asked curiously.

Fade quickly waved his hand and said, "N-nothing. Yuri, go and rest!"

Although Yuri felt strange, she didn't ask any further questions. She nodded and went back to her room.

Fade remained seated on the sofa. When he thought of what had just happened, he couldn't help but mutter in a low voice, "What

18:19 

the hell is going on? Are all the little girls so bold now? One doesn't wear pants, the other simply doesn't wear anything at all!" As soon as he finished speaking, a soft voice rang behind Fade, "Fade, didn't you say that you didn't see anything? How do you know that I wasn't wearing anything?"

When he heard her, Fade was shocked. He turned his head and saw that Momo, who had put on clothes, had come out. She leaned against the back of the sofa with a wicked smile. She leaned over to Fade's ear and whispered by his ears.

Chapter 656

Fade gave a hollow laugh and said, "Momo, I-I really didn't see much!"

"Didn't see much? That means you saw something!" Momo said. "Fade, tell me, what did you see?"

"T-this..." Fade did not know what to say.

Momo squinted with a smile and said, "Fade, you don't have to hide. You've seen my body before. Don't make such a fuss."

Hearing this, Fade could not help but let out a sigh of relief. He smiled and said, "Yes, Momo, it's nothing. It's just a misunderstanding. Besides, I didn't see much. I only saw it briefly, and I didn't see anything clearly."

"Hmm, okay, Fade, you've seen all of me. But you just claimed that you saw nothing. I'm going to tell my sister that you peeped at my body again." Momo took her cell phone out angrily.

Fade quickly reached out to hold Momo's mobile phone and say, "My dear Momo, I was wrong. I admit that I saw your body. However, I swear, I didn't do it on purpose. I was just trying to wake you up."

"Really?" Momo looked at Fade and said.

Fade looked straight at her and said, "It's true! You called me so early in the morning, so I rushed over and thought there was something urgent. In the end, you were still sleeping."

Momo pondered for a while, then nodded and said, "Oh, it makes sense then."

18:19 

Fade smiled and said, "Yes, I am not that kind of person. I do have my reasons."

Suddenly, Momo abruptly changed the topic and said, "Fade, tell me. Just now, you mentioned that you saw a person sleeping naked and another person not wearing pants around here. What's going on? Who wasn't wearing pants? Is it Yuri?"

"N-no, I was just blabbering!" Fade quickly waved his hand to deny it. "Momo, don't think too much. No such thing happened."

"Really?" Momo stared at Fade with a thoughtful look. "Forget it, I'd better tell my sister and let her judge for me!"

"No, you don't have to!" Fade quickly stopped her. "Your sister is quite busy, so you shouldn't bother her!"

"Really? Is my sister really busy, or are you feeling guilty?" Momo stared at Fade and said.

Fade puffed out his chest and said, "Why would I feel guilty? I have always been righteous, so why should I feel guilty? Momo, don't make fun of me."

"By the way, I need to know. Momo, why did you ask me out today?" Fade quickly changed the topic.

Momo appeared distracted and she said, "Speaking of this, Fade, I really need your help with something today."

Seeing that the topic had been changed, Fade could not help but let out a sigh of relief. At the same time, he thought to himself, "This little girl Momo is such a little devil. She really enjoys torturing me."

However, at this moment, Fade said with seriousness, "What do you want me to do for you? Momo, just tell me. As your brother-in-law, I will do my best."

Momo said, "Well, Fade, can you go shopping with me?"

"Go shopping? You asked me to come here early in the morning just to go shopping with you?" Fade was speechless.

18:19 

Momo said, "Fade, don't you want to? Then I'll call my sister and ask her to go with me."

Momo pretended to call again. Fade was helpless and he said in a hurry, "N-no, I'll go shopping with you. You can go shopping for as long as you please."

"Well, you said it yourself, so don't go back on your words!" Momo said.

Fade wanted to cry but he had no tears. Instead, he nodded and said, "I won't go back on my words."

"Okay, Fade, give me a moment. I'll wash up and we'll leave right after." Momo immediately left for the bathroom.

Next, Fade learned exactly what Momo meant by 'a moment'. An hour later, Momo was finally ready and she approached Fade. She took Fade's arm and said, "Fade, I'm ready. Let's go!"

Although Fade had waited for a long time, he had to admit that Momo looked amazing after dressing up.

She looked like a painting come to life with her delicate face. Her wavy blonde hair made her look fashionable and lively. In addition, her beautiful figure made her more sexy and attractive. Fade couldn't help but think of the moment he saw her graceful body under the quilt.

They bid Yuri goodbye and left together.

After getting into the car, Fade said, "Momo, where are we shopping? The commercial street in the city centre, or the new shopping mall?"

When she heard this, Momo shook her head and said, "We don't have to go that far. We could just go to the commercial street on campus!"

18:19 

"The university's commercial street?" Fade was a little surprised and puzzled. "Momo, you spent so much effort just to go shopping at the university? You've spent so much time at the university, so haven't you shopped enough?"

Momo pouted and said, "I just feel like going shopping there. Fade, you promised me. You can't go back on your word."

When he heard this, Fade could do nothing but nod and say, "Well, I'll accompany you as you shop. Let's go to the university."

"Fade, you're the best!" When Momo heard him, she immediately smiled and kissed Fade on the cheek.

After getting a kiss from the little beauty, all the complaints he had disappeared. He started the car and took Momo to the Bay City University campus.

As it was the weekend, a lot of students were either back home or out in the city. Therefore, there were not many people on the commercial street on campus.

Fade stopped his luxury car on the street and then got out of the car with Momo holding his hand. This immediately caught the attention of the students who were around. They looked surprised and began to whisper.

Some even took their mobile phones out and began to take pictures of them.

Seeing this, Fade frowned and said, "Momo, I'll go and ask them to delete the photos."

Hearing this, Momo grabbed Fade and said, "Fade, just let them take the pictures. It's not a big deal. It doesn't matter."

Since Momo said so, Fade didn't do anything. He just pretended that he didn't see it.

"Fade, I've not had breakfast yet. I'm guessing that you haven't eaten either? Let's go to that restaurant. The noodles there are delicious. Let's have a bite." Momo pulled Fade along and scampered toward the restaurant.

18:19 

After they finished eating, Momo brought Fade around to try the different snacks available at the university. Later, they walked into a small jewellery store. With a smile on her face, Momo chose a pair of couple bracelets. She put one on herself, and the other on Fade.

Chapter 657

After putting it on, Momo took Fade's hand and gesticulated with it. Then, she took a picture with her mobile phone and said happily, "Fade, doesn't it look good?"

Next, Momo pulled Fade with her, pointed at a clothing store not far away, and said, "Fade, it's getting cold. I'll buy you a scarf!"

At this moment, Momo was dragging Fade forward by the hand. However, he sensed that something was wrong with the situation.

Momo seemed particularly nice to him presently, as if she had special feelings for him.

Although they often joked around and even played pranks on each other, Fade treated Momo as his little sister. As for Momo, she seemed to have always treated him as her brother.

But now, the situation felt different.

As she got out of the car when they arrived, Momo held Fade's arm intimately and leaned against him. She didn't seem to care about how the teachers and students in the campus judge them.

What was more, they had breakfast together and bought this pair of bracelets. Obviously, they acted like a couple.

Although Fade felt a twinge of passion, his mind was very clear. He knew what his actual relationship with Momo was. He also knew that such young girls might fall in love easily.

18:19 

As a result, Fade was worried that Momo was in love with him. That was probably why she was behaving this way because she wanted to hint her feelings for him.

At the thought of this, Fade couldn't help but feel confused, and he suddenly felt troubled.

Fade was obviously happy that a young and beautiful girl fancied him. However, Momo was Quin's cousin, and Fade could not hurt Quin's feelings like that.

When he thought of this, Fade felt relieved. He pulled Momo back and said, "Momo, wait a minute!"

Momo stood still, turned to look at Fade, and said, "Fade, what's wrong?"

Fade looked at Momo's pretty face and thought about how to word his sentiments. He didn't want to hurt her feelings, but yet, he wanted to make sure that his message was clearly conveyed.

After a moment of silence, Momo asked in confusion, "Fade, why aren't you speaking? What's wrong? Are you not feeling well?"

Fade shook his head, pulled Momo aside, and sat down on a bench. He organized his thoughts, then looked at Momo and said, "Momo, you're 18 years old, and you're a big girl now."

"Well, yes, I turned 18 a few months ago." Momo looked at Fade with a strange expression.

Fade continued, "Momo, girls your age are relatively simple and they fall in love easily. However, what you feel may not be the real deal. Do you understand what I mean?"

Momo frowned, thought for a while, and said, "Fade, you're telling me not to rush into a relationship while at university. That I'm too young to fall in love, right?"

18:19 

"Ahem, t-this... That's not what I meant. I..." Fade didn't know what to say at all. "Momo, I meant that I'm your brother-in-law, and I'm not as good as you imagine me to be. I..."

"Fade, I know that you are my brother-in-law! I also know that you are not that great. I know with certainty that you are a little coy, a little flirtatious, and a bit lecherous!" Momo counted on her fingers, one by one.

When he heard this, Fade felt like crying from exasperation. He wondered, "Am I that horrible of a person? If that's the case, why do you like me?"

However, he could not say that out loud. Therefore, Fade could only laugh dryly and say to Momo, "Momo, I don't mean that. What I mean is, I don't think we are suitable for each other. You are still young, and you are Quin's cousin. We..."

As he said this, Momo's eyes widened. She suddenly realized something as she stared at Fade. She opened her mouth widely and said, "Fade, y-you saying all these. Did you think that I have fallen in love with you?"

"Ah, isn't that the case?" Fade was a little confused.

Momo patted her thigh and burst into laughter. "Fade, you think I like you? How is that possible? You're overthinking!"

Fade was a little speechless, but he frowned and asked, "Then what was all that about? You hugged me so intimately, and you didn't mind our picture being taken. You even bought a pair of couple bracelets and took pictures with me. Don't you..."

Momo stretched out her hand and patted Fade's back a few times, saying, "Fade, you're thinking too much. I didn't mean that at all. In actual fact, I have a favor I need from you."

"What is it?" Fade asked.

18:19 

Momo calmed down and said, "Fade, this is the situation. I have an aunt from South Bay City who is coming here to do business. She happened to have some free time, so she wanted to come and see me at the campus."

"She mentioned that her family wants to introduce a boyfriend to me. She wants me to get engaged when I go back home this coming winter," Momo said. "I don't want that kind of marriage, so I lied that I have a boyfriend at school."

"However, Fade, you know that I don't have a boyfriend. And later in the afternoon, my aunt will be coming. Therefore, I have no choice but to ask you to pretend to be my boyfriend," Momo explained with her hands spread out. "As for the photos just now and the couple bracelets, they are all just for show to convince my aunt."

When he heard this, Fade was stunned speechlessly.

"Fade, it's my fault for not clarifying this in advance, and I have caused you to misunderstand. As a result, you thought that I like you. Therefore, I must apologize to you. Haha," Momo bowed her head and apologized to Fade. But as she spoke, she hit her thighs and chuckled loudly again. "Fade, I didn't expect you to think that way..."

At this moment, Fade felt so embarrassed, he would have buried his head in the ground if he could.

However, without a hole in the ground, he could only blush in embarrassment. He glared at Momo and said, "You are still laughing! If you laugh again, I will leave."

When she heard what he said, Momo quickly grabbed Fade, pursed her lips, and immediately said, "My dear Fade, I won't laugh anymore. Please don't go. Buy something with me. Take more photos, and put on a good show later."

Fade almost cried in exasperation but Momo was Quin's cousin after all, so he had to help her.

As a result, he could only swallow his tears and allow Momo to use him as a tool as she took photos.

18:19 

Just like that, Momo dragged Fade around the campus commercial street. They took many photos together and bought couples' accessories. They gave one the impression that they were really a couple.

When Fade saw that it was almost time, he wanted to tell Momo to find a place to rest as they waited for Momo's aunt's arrival.

Chapter 658

They sat and waited. They felt a little thirsty, and Fade coughed involuntarily.

When she saw this, Momo quickly said, "Fade, are you thirsty? Do you want some water? Would you like a drink? Fruit juice, cola, or coffee?"

At that moment, the little girl was very friendly because she needed help.

Fade was also very happy to order her around, He said, "I'll have a glass of orange juice!"

"Okay, Fade, I'll order some for you right away." Momo ran off to order the juice.

Soon, she was back. She smiled sweetly at Fade and said, "Fade, I've placed the order. It will be here soon."

For a moment, Fade looked at the obedient Momo and he couldn't help thinking of how she was a pixy before. He couldn't help but have a thought and he said, "Momo, you mentioned that I've helped you a lot, so don't you think you should repay me?"

"W-well, I will repay you, Fade." She nodded in a hurry, and at this moment, she was as obedient as a little pet.

When Fade saw this, he couldn't help but smile slightly as he said, "Then how do you plan to repay me?"

"I'm willing to do whatever you wish, Fade." She put her palms together and stared at Fade with a sincere look. It seemed like she was really anxious over this.

18:19 

As soon as he heard what Momo said, there was a flash in Fade's eyes. He glanced at her and said slowly, "So I can do whatever I want, right?"

As he spoke, Fade reached his right hand toward Momo's chest.

Momo's heart skipped a beat when she saw him glancing at her as his hand reached for her. She became a little nervous.

"Fade, w-what are you doing?" Momo asked.

Fade flashed an evil smile. His big hand moved a little further toward Momo, and he was about to touch her curves. "Momo, isn't it obvious? What do you think I'm about to do?"

When Momo saw this, she got even more nervous. She breathed faster and crossed her arms in front of her chest. Her voice trembled slightly. "Fade, d-don't joke. You can't do that to me..."

Fade licked his lips and said with a smile, "I'm not joking. Momo, you're so beautiful. At the end of the day, I'm still a man!"

As he spoke, his hand was almost reaching her.

When Momo saw this, she suddenly stood up and took a few steps back. She stared at Fade and said, "Fade, I-I am your sister-in-law. You are my brother-in-law. You can't..."

Fade stood up too and said, "What does that have to do with me? Momo, weren't we very intimate just now?"

"We were just pretending to be lovers. We had to be convincing, right?" As he spoke, Fade curled his large hand into the shape of a claw, and he deliberately grabbed the air in front of Momo. "I wonder how that feels."

As she looked at Fade's evil expression, Momo's heart thumped. She stared nervously at Fade and said, "Fade, don't mess

18:19 

around. There are so many people here, I..."

Fade smiled and said, "It doesn't matter. Aren't we a couple? Besides, I've seen those parts of you. Therefore, you wouldn't mind if I touched them?"

As he spoke, Fade stepped forward and approached Momo. He circled Momo's waist with his left hand and was about to grab her with his right hand.

At this moment, Momo was really nervous. She trembled and said, "Fade, you can't do this to me. I will tell my sister. I..."

"I don't care. It would be worth it if I could have a beauty like you, Momo." Fade looked like he didn't care. His hand felt the surging temperature of Momo's skin resulting from the tension.

Seeing that the hand was about to reach her, Momo could not help but close her eyes and bite her red lips. She said, "Fade, if you do this to me, I will hate you!"

At this critical moment, Fade's hand suddenly changed direction and touched Momo's face. He pinched her smooth and tender cheek, and then he said, "Momo, I just want to pinch your cheek. Why are you so nervous?"

When she heard this, Momo opened her eyes and saw Fade's teasing smile. She instantly glared at him angrily. Then, she put her hands on her waist and said, "Fade, you're teasing me!"

Fade blinked his eyes and said, "I didn't. All I did was pinch your face. Momo, you're overthinking!"

Momo's pretty face turned red and she said angrily, "Fade, clearly, you deliberately misled me. How dare you blame me!"

"Haha, little girl, you teased me just now, so I'm just returning the favor," Fade said with a smile.

18:19 

Momo pouted her tiny mouth and said, "Fade, I didn't expect you to be so narrow-minded that you bear grudges. Hmmph. From now on, I'm not speaking to you anymore."

Fade smiled and sat down carelessly, saying, "It's okay if you don't talk to me anymore. In that case, I'll leave as soon as I finish the orange juice."

When she heard this, Momo quickly smiled and approached him, saying, "Fade, don't be angry. I'm not blaming you. I'm just joking with you. You can't leave now!"

"Really?" Fade crossed his legs.

"Yes, yes, I was joking." Momo nodded repeatedly. At this moment, a young waitress walked over with the drinks.

Momo took the orange juice from the waitress and handed it to Fade with a smile, saying, "Fade, you're thirsty, aren't you? Have some orange juice."

Looking at the attentive little girl, Fade couldn't help but smile. He took the orange juice, took a sip, and then said, "Well, it's not bad. Maybe I won't leave for the time being."

When she heard this, Momo immediately felt overjoyed and she smiled. Then, she sat in front of Fade.

Just as she was taking the drinks from the waitress, Momo suddenly let out a surprised gasp. "It's you?"

When Fade heard her, he looked up at the waitress too.

The waitress was about twenty years old. She had a ponytail and a bare face. Furthermore, she had good looks and seemed a little familiar.

18:19 

As Fade was still figuring out who this person was, Momo shouted, "Louise Lee, why are you here?"
"Louise Lee!"

When he heard the name, Fade remembered who this girl was. When Fade and Momo first registered at Bay City University, Louise Lee was one of Momo's roommates. At that time, they had a meal together.

However, back then, Louise had been dressed in famous brands and she looked charming and matured. Compared to the bare face she had now, she was completely different now. If it weren't for Momo, Fade might not have recognized her.

Chapter 659

When Fade saw Louise's appearance at that moment, it was apparent that something had happened. Otherwise, a rich girl would not have undergone so much change. Even the pride in her eyes had turned into faint sadness and humility.

When she heard Momo's question, Louise looked a little embarrassed. She glanced at Fade and said, "My father's business failed, and the family is in bad shape. Hence, I found a job here to help relieve the burden on my family."

When Fade and Momo heard this, they could guess how events transpired even without further details.

Back when they had dined together, Louise felt disdain for Fade and Momo while she flattered the rich kid, Wayne Shao. Eventually, she learned about Fade and even offended Monkey King and Tom Wei.

Louise's family ran a supermarket in Bay City. Perhaps it was that incident that affected the family's business in a way that eventually forced them into this state.

When she thought of this, Momo opened her mouth and said a few comforting words.

Louise looked at Momo with a respectful look and nodded.

Fade also said, "Now, you look more beautiful than you did before, and your eyes are also clearer than they were before."

Louise paused for a moment and she seemed to have thought of something. Then, she nodded at Fade and said, "Thank you."

Next, she turned around and returned to the shop that was not far away and continued with her work.

18:20 

Fade and Momo drank their drinks. When they thought of Louise and how she had changed, they couldn't help sighing with emotion.

Just as they were about to finish their drinks, suddenly, they heard a woman's scream. "Ahhh!"

The scream was followed by the laughter of a few men, as well as a few angry roars.

"What's your problem? You poured the drinks on me!"

"Tell me, what should we do?"

"I don't want to talk anymore. Pay for it!"

.....

The commotion caused the people around to all look over.

The incident had happened at a small drink shop not far away. Louise was on the ground, surrounded by a puddle of spilled drinks. Her clothes were stained and wet, and she looked a little embarrassed.

Before her stood a few young men around 19 years old, all dressed up in fancy clothes. They were shouting at Louise.

When Momo saw what was happening, she couldn't help frowning as she stood up quickly.

At this moment, Fade's eyes suddenly narrowed and his expression became cold. There were several young men standing in front of Louise, dressed in fancy clothes. They were the guys who were partying at the cemetery the day before. Their leader was Liam who was dressed in leather from head to toe.

At this moment, Liam and the others gathered around Louise. They were all arrogant and unfriendly.

18:20 

Louise collapsed on the ground. With a sorrowful look on her face, she murmured "It's because you touched me that I dropped the drinks. I..."

Without waiting for her to finish, Liam shouted coldly, "What do you mean that we touched you? Are you trying to blame this on us?"

Next to him, his companions were also shouting at Louise.

"Pay for it now!"

"Where's the boss? Come out. What should we do about this?"

.....

Amidst the shouting, the owner of the drinks shop came out. He was a middle-aged man in his 40s. He clearly knew that the punks were not to be trifled with, so he apologized with a smile, "I'm sorry. I'm really sorry. We will compensate you."

"Willing to compensate?" Liam said. Then, he tugged on his leather coat and said, "See? It's by a famous foreign brand. It's worth only 12,000 yuan, not that expensive. Just pay for it!"

Several other companions also spoke up at this moment.

"My pants aren't expensive either. They cost only 6,000 yuan!"

"This pair of shoes are limited edition, priced at 5,000 yuan."

.....

When he heard what they said, the owner was stunned. Their clothes and shoes amounted to tens of thousands of yuan, which

18:20 

cost more than his shop. How could he afford it? Even if he could afford it, he wouldn't pay for it.

Seeing that the owner's face had changed, Liam said coldly, "What? Didn't you just say that you would compensate us? If you don't want to do it anymore, don't blame us for being rude..."

As he spoke, Liam waved his hand to direct his companions to smash the shop up.

Seeing this, the owner was shocked and he hurriedly said, "Wait, d-don't smash the shop."

"Then pay up!" They stopped and looked at the shopkeeper.

The owner's face changed dramatically. He turned to Louise and said in a cold voice, "It was you who spilled the drinks and stained the guest's clothes. You pay for it."

Hearing this, Louise's face changed greatly, and she quickly explained, "Boss, I was wronged! They touched me and even fondled my butt, that's why I accidentally knocked over the drinks. I just..."

When everyone heard what Louise said, they couldn't help but look at Liam and the others.

When Liam heard this, he said coldly, "I touched you. So what? You're just a mere waitress. Who do you think you are?"

His companion added, "Even if he touched you, so what? For a person like you even if we buy you one night, you will not be worth one-tenth of the price of my clothes."

"Fine, I'll deduct the cost of touching you. Even then, you still owe us 50,000 yuan. Pay for it!"

.....

The shamelessness and attitude of this group of people angered the watching crowd.

18:20 

Not only did they not feel ashamed for touching Louise, they even humiliated her by saying that she was worthless. Upon hearing this, many of the students witnessing the affair were filled with righteous indignation. They almost rushed out to attack Liam and the others.

But at this moment, someone opened his mouth to stop the impulsive students. He tried to cool the situation down.

"Don't be impulsive. We can't afford to offend these people."

"Yeah, they are all children of rich families. Wealthy people."

"That Liam, his parents have a big business, and they have a lot of connections with the university."

.....

Hearing this, the angry students had no choice but to hold back. After all, they were just ordinary students, and they couldn't defeat Liam and his friends.

Seeing this, Liam and his gang got more arrogant. They stared at Louise who was on the ground and said, "Tell me, how are you going to pay for it?"

Tears welled up in Louise's eyes. She bit her lip and said, "I-I don't have money."

"Just because you don't have money does not mean that you don't have to pay."

"I still think that you're quite beautiful. Therefore, If you don't have enough money, you can always pay with your body."

"Come. Come with us."

.....

18:20 

As they spoke, they were about to take Louise away.

Momo couldn't stand the situation anymore. She stood up, snorted, and said, "Stop!"

Liam and the others, who were about to leave, heard her voice and they could not help but stop. Then, they turned around and looked over.

When they saw Momo, their eyes lit up and evil smiles appeared at the corner of their mouths.

Chapter 660

"Hey, beauty, it was you who called us."

"Little beauty, are you going to meddle in our business? Or do you want to play with us too?"

.....

Momo said coldly, "I'm asking you to let her go."

Liam licked his lips and stared at Momo. "Let her go? Then who will compensate us for our losses? Little beauty, are you? If you want to, I can offer you a discount."

Liam's companions suddenly laughed when they heard this.

"Haha, boss, this beauty is not bad. I think we can give her a 40% discount!"

"Forget the 40% discount, I'm even willing to pay for it!"

"Little beauty, let's go and have some fun. I'll give you money. How much do you require for a night?"

.....

The group of them spoke foully and they didn't feel ashamed at all. Instead, they got prouder and more excited.

"Shameless!" Momo spat and stared at them. "Louise just said that it was you who harassed her first. All of this is your fault."

13:11 

Louise shouldn't need to compensate for anything. Instead, you have to compensate for her losses and apologize to her!"

"Beauty, are you kidding? You want us to apologize to her? Haha!"

"Little beauty, you look old enough, so I didn't expect you to be so naive!"

"What can you do if we don't apologize?"

.....

Momo stopped them, opened her arms, and said coldly, "If you don't apologize and compensate her, don't think of leaving."

When he saw this, Liam's eyes turned cold and he said, "Beauty, we don't want to touch you. If you step aside now, it's still not too late."

Momo didn't move at all, showing no signs of retreat.

When he saw this, Liam's eyes flashed, and the corners of his mouth lifted up, revealing a sneer as he said, "In that case, don't blame us for being rude. Come, take her with us, and let's have fun together later."

"Haha, little beauty, I'm coming!"

"Such a stunning beauty. We're coming."

.....

Liam's companion pounced on Momo with a smile. She was still standing there, unmoving, and they were about to touch her.

At this moment, Fade appeared in front of them and shouted, "Get lost!"

13:11 

They who were rushing toward her were shocked. Then, they got enraged and were about to attack Fade. However, when they saw Fade's face clearly, their facial expressions changed immediately. With a horrified look on their faces, they couldn't help but step back.

"It's you!"

"That guy from the cemetery!"

.....

At this moment, Liam saw Fade and he could not help but be shocked. His face changed. He gritted his teeth and stared at Fade, saying, "I didn't expect you here."

Fade said in a cold voice, "If you know what's good for you, let them go immediately, and then apologize and compensate them for the loss. If you do, I will stay out of this."

Liam snorted and said, "Asking us to apologize is a joke."

"It's not a joke! Wait until you have a taste of what happened yesterday, then you will understand." Fade snorted, and an aura spread from his body. On the commercial street, a cold wind suddenly blew.

The situation reminded Liam and the others of the horrible scene they had encountered at the cemetery the day before. All of a sudden, their faces turned pale and they were filled with fear.

Someone was scared as he spoke to Liam in a low voice.

"Boss, that guy is indeed a little weird. Let's retreat."

"Yes, it's just a few pieces of clothing anyway. It's not a big deal."

"Boss, I-let's retreat."

.....

They were frightened, but Liam looked solemn as he said coldly, "Why should we retreat? Yesterday, he fooled us. Do you still want to be fooled today?"

"Today, I'm going to test and see what else he can do!" Liam shouted, and then waved his hand. "Let's do it. Take him down!"

Upon hearing this, his men could only grit their teeth and rush toward Fade.

"You don't know what's good for you!" Fade snorted and clapped his hands. In an instant, there was a fierce wind.

The cold wind howled, and then, shadows flew toward them. Like ghosts, the shadows danced around them, howling miserably.

Given the circumstances, they were scared even before they got close to Fade. Screaming loudly, they turned around and fled in Liam's direction.

"Stop! It's just an illusion. Don't be afraid!" Liam gnashed his teeth and said.

But as soon as he finished his words, he saw a black shadow float in front of him. The floating shadow turned into a horrible ghost face, and it came so near that it was stuck to Liam's face.

Moreover, the grim face and the nose emitted a foul smell that quickly twisted the muscles on Liam's face. Then, he screamed in horror and fell to the ground.

At this moment, they waved their hands non-stop, patting the ghost shadows around them, shouting, "Ghosts! No, don't come

over, don't!"

Because of fear, their whole bodies trembled, including their legs. They couldn't control themselves, and a hot current gushed out from between their legs.

However, what the bystanders witnessed was completely different at this moment.

All the crowd saw was Liam's group rushing toward Fade. Then, they saw Fade shout and clap his hands. Next, this group of people seemed to be possessed. They started shouting and falling to the ground, waving their hands and feet, and even peed in their pants out of fear.

The scene caused many of the watching people to clap their hands and cheer. It brought them great pleasure.

Some people took their mobile phones out and snapped pictures of them while they were in a mess. The pictures spread across the school's website forum and it went viral quickly.

As for Fade, seeing that they were almost scared out of their wits, he snorted and waved his hand to dispel the illusions with his Positive Energy. Then, he looked at them coldly and said, "Now, are you going to apologize?"

It happened once the day before, and another time this day.

They were really scared of Fade. At this moment, Fade had become a ghost and god to them.

All of a sudden, they quickly kowtowed and said, "Yes, we do."

"Then, hurry up and apologize!" Fade shouted coldly.

They immediately knelt down and kowtowed to Louise to apologize. Then, they took out their wallets, pulled out a stack of

money, and handed it to Louise.

Louise was a little hesitant and she didn't know whether to accept it or not.

At this moment, Fade opened his mouth and said, "Take it. They offended you. This is the compensation you deserve."

Louise took the money and put it away. Then, she bowed to Fade and said, "Thank you, thank you."

Fade nodded slightly, then waved to Liam and the others and said, "Get lost!"

Liam and the others felt as if they had been granted amnesty. They ran away immediately.

Momo walked to Fade's side, stood in front of Louise, and said, "Louise, if you need any help from now on, you can come to me."

"I... I..." Louise was overcome with emotion, and tears fell from her eyes. In the end, all she could say was, "Thank you!".

This drew the applause of the onlookers. They clapped to praise these heroes.
