

## Chapter 161

Amanda panicked. She rubbed her eyes hard and wanted to take a closer look.

Amanda didn't have a good eyesight. She might have seen it incorrectly.

'Hey, why are you here? You can't enter this place! Get out of here!'

Suddenly, a tall maid ran in. She stood in front of Amanda, took her out and closed the door.

'This is the master's private quarters. Nobody could just visit it.'

'This woman thinks too highly of herself. How could she just simply stroll around?'

They were told that they could only visit the first floor. No one was allowed to enter the second floor.

Before Amanda could see it clearly, she had been pushed out. She was still stunned.

'Sorry, I'm lost.' Amanda explained with a smile.

The maid just glanced at her coldly and muttered,

'Hurry up and go downstairs. Your friends are waiting for you on the first floor.'

Amanda gave up. She went downstairs and saw Luciana and Jasephine in the living room.

'Amanda, where did you go? I thought I lost you.' Jasephine said with dissatisfaction.

Luciana also scolded, 'This is not my home. You can't walk around at will. You didn't break anything, did you?'

Before Amanda could explain, the maid behind her snorted, 'Well, visiting time's up. I'll show you out.'

Amanda was very upset now. All she could think about was the wedding photo in the imperial concubine's bedroom. The couple looked so much like Cindy and Jason.

How could it be possible?

'Could it really be that my eyesight's getting bad?'

Amanda said nothing along the way. Worry was written on her face.

'What's wrong, Amanda? You look like you've lost something important. Don't tell me you're thinking about the Palace No.1 villa?'

Jasephine sneered as she walked. 'Forget about it. It's not something people like us can buy. Who can afford two hundred million? Besides, your Jason is just a loser. He won't be able to afford it in his whole life.'

Jasephine caught the chance to say something.

However, Amanda was surprisingly quiet today.

Especially when she came out of the villa. Amanda didn't even want to argue with Jasephine. Jasephine was annoyed.

'Hey, what is it with you? You don't want to talk to me? Fine. Let's go.'

Jasephine stomped her foot and twisted her hips. She walked away from the Jiang family's old house without even entering.

Amanda now had no time to argue with her second sister. She opened the door and entered the room. She sat in the living room, thinking back to what she saw.

After a while, Charles came back. Amanda pulled at him and told him what had happened today.

'Charles, don't you think it's strange? The wedding

picture I saw was exactly the same as Jason and Cindy's.' Amanda needed answers.

Charles sat on the sofa, flipping today's newspaper, 'You think too much. Young people's wedding photos all look the same these days. Besides, you have said that the villa costs two hundred million yuan. And Mrs. Zhao has said that it belonged to Joe, the richest man in our city. You shouldn't spend so much time thinking about these things. If you are really worried, just call Jason and ask him.'

Charles didn't want to talk to Amanda now.

He knew his wife was up to something again.

'Yes, yes, I'll call Jason and ask him. He said he bought a house. I want to know where that wimpy kid bought it.'

Amanda made up her mind and took out her mobile phone to call Jason.

Jason had just finished chatting with Colton. Now that the matter had been solved, he didn't need to pay for the car.

'Sorry, I have to answer a call.' Jason smiled at Colton.

'Mr. Smith, please do proceed with your work. Then I'll go back now. Do come and visit sometime.'

Colton smiled politely. He glared at his stupid son and left with his men.

At the same time, Jason saw that the caller ID. It was Amanda.

'Hello, Mom, what's the matter?' Jason asked.

'Jason, where did you buy your house?'

Amanda went straight to the point.

Jason was shaken. What was Amanda doing? Why was she suddenly interested in this matter?

'Didn't I tell you that I bought a villa in Dragon City? Do you want to go and have a look?' Jason answered truthfully.

He couldn't hide it anyway, nor was he planning to. One day, the whole family had to move in.

Amanda was stunned at first, and then she said impatiently, 'All right, all right, stop boasting. Do you know how much a villa costs in Dragon City? The cheapest is thirty five million. Do you have so much money?'

Amanda was still absent-minded because of the wedding photo. Now she was convinced that Jason was just boasting.

'Mom, I really...'

'Enough! Shut up. Stop boasting, can you?'

Amanda was irate. This loser was still bragging.

'By the way, come home later. There will be guests here. Come help us out.'

After that, Amanda hung up angrily and slammed it on the tea table.

'What's wrong? Did Jason make you angry again?'

Charles observed his wife.

'That annoying Jason is still boasting that he bought a villa in Dragon City. He didn't even know that the villas there cost at least thirty five million yuan! He's out of his mind! How could he lie like that?'

Amanda gritted her teeth.

Charles shook his head helplessly and sighed. He suddenly asked, 'If Jason really bought the villa in Dragon City, would you want to live there?'

Amanda frowned in surprise. She immediately

stood up and pointed at the door, shouting, 'He is just a loser who will never be successful. If he can even buy me something in Split Mountain, I'll be his servant for life! Let alone a unit in Dragon City!'

Charles's head shook even harder and didn't say anything more when he heard this.

That was what his wife's was like.

'By the way, I forgot to tell you that Randy will come over later. Buy some groceries. I'll cook some good dishes for him.'

Suddenly, Amanda sat down with a happy look on her face.

'Randy? The one from the He Family? Didn't he go abroad to study? Has he come back?' Charles was stunned. He took off his glasses.

'Yeah. That kid is very promising. He is a professor abroad and the CEO of a listed company. He's probably coming back for Cindy!'

When Amanda mentioned Randy, she was full of joy. It was just like she was talking about her own son's success. 'Do you remember the time when Cindy had a relationship with him in high school? But we didn't approve of it. Now, I guess this guy

wants to come back and rekindle their old flame.'

'But Cindy is married. Why are you talking about this?'

Charles was stunned. He didn't understand what Amanda meant.

'Are you stupid? So what if she's married? That loser Jason is not better than Randy. Besides, divorce is still a choice. As long as Randy still cares about Cindy, we can help him.'

Amanda smiled. Her eyes were full of joy.

'Aren't you the one who stopped their relationship? Why do you always do such wicked things?' Charles couldn't stand it anymore.

Amanda was unhappy about that, 'Wicked? Do you want our daughter to stay with that loser for the rest of her life?'

Charles had nothing to say, so he got up and went out for some grocery shopping.

His wife was an unreasonable woman.

Meanwhile, Jason accompanied Angela in the hospital for a while before taking a taxi back to Jiang family's old house.

When he was at the door, he saw a brand new Porsche parked outside.

'Seems like a rich guest has arrived.'

Jason took a step forward. As soon as he entered the room, he saw Amanda talking happily with a young man. Fruits piled up before them.

'Randy, I have already called Cindy. She will come back soon. By the way, I heard that you are working in Healer Pharmaceutical, or are you the CEO?'

Amanda looked very enthusiastic.

Randy was the CEO of the Healer Pharmaceutical, a listed company. He had been studying abroad for six years. Now, he had returned. His family was also very rich. He was the successor of the He Group.

He and Cindy were seen as a perfect couple in high school. They had a short relationship. It didn't work out.

Amanda was still upset about this matter. She must have been blind back then for not approving their relationship.

At this moment, Jason came back.

'Aunt Amanda, who is this?' Randy was stunned and looked at the man who had entered through the door.

Amanda glared at Jason and quickly changed the topic. 'It's all right. Don't worry about him. Let's talk about you some more. Uncle Jiang went out for some grocery shopping and will come back soon. You can stay here for dinner. We haven't seen each other in so many years. Cindy has missed you so much.'

Cindy? Miss him?

Jason looked awkward. He stood at the door, not knowing what to say.

Jason could tell that his mother-in-law didn't want to tell the guy his identity.

Jason didn't say anything. Just as he was about to enter the bedroom, Amanda scolded, 'Why are you standing there? Go pour another glass of water for Randy.'

Jason nodded and poured another glass of water. He handed it to Randy politely with a smile.

Randy took it politely and thanked him. He asked

suspiciously, 'Aunt Amanda, did you hire a male nanny?'

'Nanny?'

'What the f\*ck!'

Jason was furious.

Amanda laughed awkwardly and did not explain. She shouldn't have asked Jason to come back.

At this moment, Cindy came back home.

'Mom, what was the hurry?'

Cindy was dressed in a black professional suit. Paired with her tall, slender body, she looked professionally charming.

The moment Randy saw Cindy, there was a deep love in his eyes. He stood up, 'Cindy, you're back.'

Cindy was stunned and looked at him. Her face suddenly blushed like a blooming flower. She said excitedly, 'Brother Randy, when did you get back?'

Randy walked over and hugged Cindy in front of Jason. He said softly, 'I've just came back. Not a day has passed where I didn't miss you. It's great to see you.'

'D\*mn it!

Jason's face sank.
