

NH

Huo Song was like a fierce bull as he yelled thunderously!

The moment he heard the surname 'Jiang', Jiang Ning's name came to mind. The only man who could be this arrogant with that surname was Jiang Ning!

Huo Song didn't expect that this idiot couldn't stay put in China and actually dared to come overseas.

He hadn't just come overseas. He had even swaggered around and behaved so audaciously!

Did he think that Qing Sect members were pushovers?

Huo Song felt all the bones in his body shake.

He had never met anyone as arrogant as Jiang Ning!

"Are they still there?" asked Huo Song as he narrowed his eyes. There was a fierce glint deep in his eyes as he said, "Don't let the other sub-sect leaders find out. Jiang Ning's life is mine!"

"Yes, they are!" replied Fang Hong immediately.

Fang Hong didn't expect it to be that Jiang Ning. The very same one who offended Qing Sect and all its members.

He should have thought of it sooner!

“They’re actually still there! How arrogant!”

They all thought that Jiang Ning would only dare to hide within China and never come out. They didn’t expect him to come all the way here and actually dare to humiliate the various sub-sects of Qing Sect again.

Although there was nothing they could do about Jiang Ning in their home country, he was overseas in Las Vegas now.

They had established themselves here for 20 years!

If they still couldn't finish Jiang Ning off here, then they might as well all die!

“What are you waiting for?” yelled Huo Song.
“Come with me now! We can’t let the other leaders get to him first. I tell you, Jiang Ning must die in the Oxen’s hands!”

Qing Sect had split off into various factions, and the leaders kept clashing. Everyone wanted to rise above the ranks, and no one cared about Bao Rongdong.

Many of them were even eyeing the chairman’s position!

Huo Song wanted the same.

The person who killed Jiang Ning and avenged his insult against Qing Sect would gain more prestige!

NH

It was the perfect chance for Huo Song to get ahead of the other leaders.

The close to 100 members of the Ox sub-sect instantly followed him to that public bath in Chinatown at his order.

Many more people gathered from everywhere and rushed over when they received the order. They were burning with so much fury that if they didn't succeed in killing Jiang Ning, it would be an even greater humiliation to them!

Meanwhile.

In a public bath in Chinatown.

Jiang Ning lay there comfortably.

"Why aren't they here yet?" asked Fei as he looked up to that it was almost daybreak. "If they still don't come, then I'm heading back."

He already told Zhou Jin to leave. After all, the sight that was to follow was too scary for a little boy to see.

Fei turned to look at Jiang Ning and saw him with his eyes half-closed and looking rather tired.

"Big Boss?" Fei called Jiang Ning before he suddenly chuckled cheekily, "Do married men get exhausted easily? Like the feeling of being emptied out from the inside."

NH

Jiang Ning didn't even look up as he replied, "I think you are itching to be punished."

He continued calmly, "If you keep up this nonsense, I can beat you up until you are left with nothing inside your body."

Fei laughed sheepishly and didn't dare to continue talking.

It was almost daybreak, but the ones whom they were waiting for still hadn't arrived. They deliberately revealed their location, yet those fellows were still so slow.

The two of them were tired of waiting, so they rose to get changed and prepared to leave.

Just as they were about to leave, the sound of hurried footsteps came from outside.

"Hurry up! Quickly! They are here! Surround this place!"

"What are you doing? Who are you? How can you barge into my shop like that?"

"Get lost! If you get in our way, don't blame us for being rude!"

A violent argument broke out outside, followed by the sound of tables and chairs getting overturned.

NH

The bathhouse owner saw people charging in after he just woke up. The tables, chairs, and couch that were placed there were overturned before he could stop them.

“How...how can you do this?”

PAK!

Fang Hong was leading the pack. He raised his hand and slapped the owner's face as he said, “Quit yapping! Where are those two men who came to the bathhouse last night? If you dare to hide them, I will bloody kill you!”

He was furious from getting humiliated by Jiang Ning and was now taking it out on the bathhouse owner.

Fang Hong kicked the bathhouse owner aside since he refused to speak. Then he yelled, “Search the place!”

He walked over to Huo Song and said respectfully, “Mr Huo, the men said no one saw them leave, so they must still be here!”

That scoundrel, Jiang Ning, was probably still asleep.

They were too arrogant. Did they think Qing Sect could be trifled with?

BAM!

BAM!

BAM!

A few men who had just charged into the private room came flying out straight away before Huo Song could say anything. They fell onto the ground heavily and made no sound after that.

Huo Song hastily turned to see two men walking out from the private room and his eyes instantly constricted.

"I thought you weren't coming," said Jiang Ning as he glanced at them. He frowned when he saw that the public bath boss had been beaten up and was on the floor.

Jiang Ning walked over immediately to help the owner up and said, "My apologies. These bastards are all after me."

The public bath owner didn't say a word and shivered instead.

Jiang Ning glanced around and saw the broken tables and chairs on the ground. Then he said, "Calculate how much money you've lost and I will make them compensate you, including your medical fees."

"This arrogance!" sneered Huo Song once he heard this.

Did Jiang Ning expect them to compensate the

owner?

Did Jiang Ning want them to foot the owner's medical bill?

Jiang Ning was definitely going to die today!

Even this public bath owner had been implicated because of Jiang Ning.

"Enough of this nonsense! Kill them!"

It was the opportunity of a lifetime. Huo Song didn't want the other sub-sect leaders to steal the chance from him. Since Jiang Ning was right in front of him, it would be a disgrace if a leader like him couldn't kill him.

All the men brandished their weapons to encircle them and attacked!

The public bath owner was so terrified that he lost all color on his face.

"Stay back," said Jiang Ning softly. Then he turned around, and his eyes lit up!

His eyes were so cold that it made some of their attackers tremble immediately. It felt as though a bloodthirsty animal was staring at them and it was absolutely terrifying.

BAM!

He made a move!

NH

Jiang Ning was moving, and he was moving too quickly!

Fei cursed to himself when he saw this and quickly ran over. He knew that if he were a little slower, he wouldn't get to have any fun at all.

Jiang Ning and Fei were almost like two bolts of lightning. They attacked at the same time, like two angry dragons in the shape of humans as they charged towards the enemy.

They attacked the men savagely!

BOOM! BOOM! BOOM!

Jiang Ning unleashed iron fist after iron fist, and one of his punches was so violent that one man howled loudly as his back bent suddenly and his bones cracked with a crisp sound. Goodness knows how many bones he cracked with that one impact.

He flew straight out like a shooting star.

Jiang Ning was aggressive and bulldozed through the men. He didn't rely on any fancy moves. All he used was brute force to annihilate them!

He didn't have to be too thoughtful about small fry like them.

Dozens of men had fallen to the ground before long. They lay motionlessly on the floor as they howled in pain nonstop.

NH

“Beat them to death! Go! Attack them!” yelled Fang Hong as his face turned pale. He didn’t expect Jiang Ning and Fei to be this frightening.

Just as he took out an iron rod and prepared to rush over, a strong gust of wind suddenly hit him viciously on his face.

“You are the one who will die first!” shouted Fei angrily.

A hefty punch landed on Fang Hong’s face before he managed to dodge.

BAM!

Blood gushed out!

Fang Hong’s face instantly caved in, and his nose bridge broke into several pieces!
