

NH

Several figures dashed out at the same time and unleashed their fatal moves!

Even if Luo Qi suddenly grew a few more arms and legs, it would be difficult for him to escape death since he was surrounded by all the sect leaders.

A violent surge of energy started to boil in the air and locked itself onto Luo Qi!

“AHHHH!” Luo Qi roared loudly and expelled black smoke from his body. The abhorrent aura he exuded intensified.

But the various weapons coming at him still managed to cut through the black smoke. Geng Jianba's sword was about to pierce through Luo Qi's heart.

In that instant!

Suddenly, a terrifying presence arose!

“Who is it?!”

Liu Chuandao was the first person to notice this new presence. The person he had been waiting for all this time was here!

A strong wind suddenly started howling through the forest, blowing up all the sand and dust and blotting out the sun.

Li Xuan and the rest paled. This huge commotion was simply terrifying.

NH

They only saw a black shadow suddenly fly out from the forest as quickly as lightning. They couldn't even see what he looked like. They only felt a tremendous force suddenly come towards them violently and slammed hard onto their bodies!

BAM!

BAM!

BAM!

All of them flew out and rolled several times on the ground before managing to steady themselves.

“Get him!” roared Yun Zhongke angrily. “Since you're here today, then you can forget about leaving!”

“Don't look into his eyes!”

After the sand and dust settled, the person that appeared before them looked very ordinary and had a face that nobody would remember in a crowd. But this was the same face that struck fear in all their hearts.

It was Mr Lang!

It was really him!

Mr Lang stood next to Luo Qi and glanced at the rest calmly. Li Xuan and the rest immediately lowered their heads or shut their eyes. Nobody dared to meet his eyes.

They knew that once they met Mr Lang's eyes, they might be controlled by him. If he wanted them to kill themselves, they would do it without even realizing it!

So after Li Xuan gave that shout, everyone avoided Mr Lang's gaze and didn't dare to look at him at all.

"You want to fight me with your eyes closed?" Mr Lang laughed as if he had just heard the funniest joke in the world.

Even if their eyes were open, they were no match for him. Now that their eyes were all closed, then killing them was as easy as slaughtering a chicken.

"Mr Lang, kill them." The black cloud inside Luo Qi's eyes intensified.

Mr Lang had easily cut the ropes that bound him, and the black smoke that surrounded him was becoming more and more frightening.

"You can kill these people," said Mr Lang calmly.

With him around, these people wouldn't even dare to open their eyes. Killing any of them now would be a piece of cake to Luo Qi.

Luo Qin scoffed coldly and his feet suddenly moved. He was like a vicious lion as he swung his fist aggressively towards Luo Long's head!

The one he wanted to kill most now was Luo Long!

KABOOM!

His terrifying fists came smashing down. Luo Long heard the sound of his attack and he immediately moved to one side. But because his eyes were closed, he wasn't able to react as quickly.

Even though he tried his best to dodge the attack, the punch still landed on his shoulder and he felt a severe pain hit him.

"You will never become the sect leader of Tianlian Sect, you hear me?" scoffed Luo Qi coldly. "Go to hell!"

His speed suddenly increased and his fists seemed to have suddenly grown larger as they were swung towards Luo Long again.

Luo Long had no choice but to open his eyes and raise his arms to block Luo Qi's oncoming attack.

In that instant, Mr Lang opened his mouth and made a hissing noise.

That simple hiss made Luo Long's ears shudder all of a sudden. His eyes suddenly couldn't see clearly now, and Luo Qi seemed to have multiplied!

He couldn't tell which of the four or five images before him was the real Luo Qi!

"Oh no!" exclaimed everyone else. "Watch out!"

But Luo Long had already suffered an attack and

NH

couldn't defend himself at all. He watched as Luo Qi's fist was about to smash onto his own head!

BAM!

An incredible blast sent sand and dust flying everywhere, and even the ground shook.

What a terrifying punch!

NH

Liu Chuandao and the rest paled in horror and were about to rush over when Elder Ting Feng stopped them.

“This punch...” Elder Ting Feng frowned. “It’s Jiang Ning.”

After the sand and dust settled, Luo Long was still seated on the ground. His face had been dyed red from blood and his expression was filled with terror. His heart nearly leapt out of his mouth.

Less than a meter away, Luo Qi’s entire head was buried in the ground. His legs stuck out from the ground and his shoulders were all broken.

Jiang Ning had smashed one fist onto his head!

That one punch killed Luo Qi instantly.

The air seemed to have frozen over and even the wind didn’t dare to blow anymore.

Everyone held their breath and could hardly believe that Jiang Ning was actually this powerful.

Even though Luo Qi had already sold his soul to the devil and had become powerful, he couldn’t even survive one punch from Jiang Ning?

This punch was simply explosive!

Jiang Ning withdrew his arm and looked up at Mr Lang. He didn’t avoid Mr Lang’s eyes at all.

“This is the second time we’re seeing each other.”

NH

He looked at Mr Lang. “Do you remember my name?”

Mr Lang’s pupils constricted. Since Jiang Ning could remember the previous time, it meant that Jiang Ning hadn’t been hypnotized when they first met. This young man was really not simple at all.

“Jiang Ning, I’ve had my eye on you all this time.”

Jiang Ning’s heart pounded wildly when he heard Mr Lang say this.

He suddenly realized what his Master had been worried about all this time, and had even been willing to sacrifice his own life to direct him here.

Perhaps, the person behind all of this was this man here, Mr Lang!

The overly mysterious Mr Lang!

“What do you want?” asked Jiang Ning.

Mr Lang laughed and still looked nonchalant. He didn’t become the slightest bit wary just because Luo Qi had been killed with just one punch from Jiang Ning.

On the contrary, he seemed even more interested now.

“When you reach my level, you will understand what I want,” said Mr Lang calmly. “But I don’t know if you’d get the chance.”

Jiang Ning’s eyes trembled slightly.

NH

Reach his level?

Why was Mr Lang saying such things? What sort of level was he at now?

SWOOSH!

SWOOSH!

SWOOSH!

The sect leaders and elders of the other sects surrounded Mr Lang. All of them had a pill beneath the tips of their tongues, and they were more than willing to bite their tongues in order to keep themselves alert.

On top of that, there were archers who were all on standby in the area around them. A rain of arrows could land anytime and kill Mr Lang!

But even so, they were still not confident that they would be able to kill Mr Lang.

“You’re thinking of killing me?” Mr Lang glanced at them. “None of you will get a chance.”

SWOOSH!

Jiang Ning didn’t bother saying any unnecessary things, since it didn’t make a difference. He made a move immediately!

He charged out immediately like a flash of light, and unleashed his Extreme Fist Technique!

It was violent and domineering, as if the most

NH

extreme parts of the world's boxing techniques had been combined into one. When he delivered that punch, even the air started trembling.

BAM!

Mr Lang raised his arm and threw a punch as well. His fist collided violently with Jiang Ning's, and two equally domineering forces exploded in an instant.

Jiang Ning ended up moving more than ten steps backwards from the collision, but Mr Lang only moved two steps.

"It looks like your comprehension ability is not bad," said Mr Lang. "But you're missing a little something."

Jiang Ning's expression was grim.

This Mr Lang was simply too powerful.

This might be a fight to the very death.

Jiang Ning took a deep breath and the aura around him slowly began to change as the look in his eyes slowly became more and more ferocious. He looked like he had suddenly gone back to the way he was years ago, and gone back to being that God of War who could kill any human or demon that got in his way!

"The world within the mountain must not become chaotic." Jiang Ning took a step forward. "The world outside the mountain must definitely never become chaotic."

NH

“I don’t care what motives you have. But if you intend to upset the peace outside, then I will definitely not let you have your way.”

He took another step out and his presence intensified once more.

Liu Chuandao and the rest watching were filled with great fear. Was this what Jiang Ning was truly capable of?
