

## Chapter 102

"Hey, Flavia is here! Everyone, please keep quiet! Don't scare her away!" Someone noticed the figures coming closer and immediately announced.

Everyone held their breath and stared at the path with keen eyes.

The two figures on the path were talking and laughing at each other.

Seeing these two people, everyone was dumbstruck. Their faces instantly turned pale.

It was William!

And Felicity?!

The people who appeared in front of them were William and Felicity?!

Nathan had just said that they were scared out of their wits last night and had spent the entire night outdoors.

No one knew how they appeared from the Cavesky Villa.

Everyone looked at Nathan in shock.

Seeing the two of them, Nathan gnashed his teeth.

How dare the two of them appear there?!

They must have lost their mind!

He rushed over instantly!

The classmates also hurriedly followed.

Felicity had a great sleep and was in a very good mood.

When she saw the group of people rushing towards her, she was shocked.

When she noticed it was Nathan, her face turned cold.

Nathan rushed directly to William and shouted, "How dare you show up here?! Do you want to die? Didn't you hear what my uncle said yesterday? Get out of here now!"

Nathan and his ex-classmates all thought that William and Felicity went early to meet Flavia.

No one dared to get close to the villa and they both rushed straight in.

They must have totally forgotten Nathan's uncle's warning!

William looked at Nathan with a smile on his face and greeted, "Good morning. It's nice to see you again. Did you sleep well last night?"

Nathan was furious!

He was up all night waiting!

But he got nothing! It was all in vain!

He even paid 100,000 yuan!

Nathan was very angry. Nonetheless, he didn't dare to say such a despicable thing in front of his ex-classmates.

He was forced to submit to the humiliation.

He stared at William fiercely and started blaming them, "How dare you come near the Cavesky Villa and disturb the guest here? Get out of the resort right now!"

On the contrary, William smiled and answered calmly, "What disturbance? We stayed in the villa last night."

Everyone gaped in disbelief.

"You stayed here last night?"

It was impossible!

The Cavesky Villa would only accommodate the rich, powerful or famous!

William was the infamous useless son-in-law in Qena City...

And although Felicity was a famous beauty, her family was on the verge of bankruptcy. She had no status at all.

No one believed them.

Everyone thought they were just fooling around.

"Well! Well! Well! You have to take responsibility for what you've said! I will tell my uncle immediately! I won't be able to help you later when

you both get fined or punished!" Nathan was extremely angry. He picked up his phone and called his uncle.

When Director Zhao heard the news, he was scared out of his wits.

He rushed out from his room even before having his breakfast.

He was quite angry and flustered.

Boss Li had repeatedly told them that the distinguished guests would stay at Cavesky villa, and they should not be disturbed. Otherwise, those intruders would have to take full responsibility.

"How dare these little b\*stards not listen to me?!" Director Zhao murmured.

Director Zhao rushed to the path, and Nathan immediately went up to him. He pointed at William and said, "Uncle, they said they spent the night in the Cavesky Villa."

Director Zhao was so angry that he stomped his feet and shouted at William, "You son of a b\*tch! Didn't you hear me yesterday? Let me teach you a lesson!"

However, William answered leisurely, "Before you teach me a lesson, why don't you review the check-in yesterday night?"

Director Zhao was stunned. He kept calm,

submerging the anger boiling inside him.

He started to doubt, but to be safe, he immediately took out his mobile phone and viewed the check-in status for Cavesky Villa.

On the contrary, Nathan started laughing mischievously and said, "Huh, let's see how much time you can buy from this!

How could a b\*stard and b\*tch like you come to the Cavesky Villa?! You both are really playing with fire!"

Everyone else burst into laughter. Everyone thought that William was bluffing and just trying to stall for time.

It was a luxurious villa. Not everyone could get the chance to stay there!

Everyone thought that William and Felicity's lies were preposterous!

Right after Nathan saw his uncle hang up the phone, he immediately said, "Uncle, why did you even check? Everyone knows he's lying. Hurry up and call the security guards to deal with them!"

However, there was only a loud slapping sound as an answer.

The slap landed on Nathan's face.

Nathan was stunned.

And so was everyone else.

No one could understand why the uncle hit his

nephew.

What's going on?!

Director Zhao had learned from the front desk that William had in fact, checked in the previous night!

He was very clear what it meant to be able to stay at the Cavesky Villa.

Even if the guest was a nobody, as long as he could stay at the Cavesky Villa, all the employees would treat them as their VIP.

"Treat the guests like royalty" was a guideline given by the Li family to all their employees.

No matter how influential Director Zhao was, as long as William checked in the room, William deserved royal treatment.

"Uncle, why did you hit me? Are you crazy? You should be hitting them instead!" Nathan yelled. He covered his face with his hands and his eyes widened with anger.

Director Zhao looked at his nephew with distress and said, "Mr. William Lu checked in at the Cavesky Villa last night!"

Everyone was dazzled!

William wasn't lying.

He really stayed in that villa last night. Everyone finally knew the truth!

"How?"

On what grounds?

Wasn't he just a useless man with no achievements?

"Why would Uncle refer to him as the distinguished guest?" Nathan was bewildered.

"It's impossible!"

"If Uncle knew, he would have treated him like a distinguished guest yesterday!"

"There must be something fishy going on!"

"Uncle, I don't believe it. There must be some misunderstanding! Aren't there clear requirements to check in to the Cavesky Villa?" Nathan asked unwillingly.

This sentence seemed to have reminded Director Zhao of something. He slapped his palm on his forehead and exclaimed, "The receptionist must have forgotten to lock the villa! To be able to book the villa, it would cost tens of thousands of yuan a night!"

Tens of thousands of yuan a night!

Everyone gasped!

Only tycoons could afford that.

After hearing his uncle's words, Nathan immediately breathed a sigh of relief. William must have broken into the Cavesky Villa!

They almost mistook them as royalty.

The way everyone was looking at William had already changed.

They whispered, "One night costs tens of thousands, what a luxurious life! Ordinary people won't even dare to think about it."

"But where did William get the money? Felicity's family is also going to be bankrupt soon. They don't have the money. How did they get access?"

"They didn't steal the money, right?"

Nathan overheard the murmurs and suddenly realized what he had done! He stood there, dumbstruck.

Money...

"I was the one who paid for it!" Nathan shouted.
