

Chapter 111

Rachel finally understood why Director Zhao blew his stack.

She felt like it was the end of the world.

What had she done?

She had just regarded the most prestigious card in Qena City as a useless card.

Besides, she even scorned that it was the card of a bathing center and that she could pick up a bunch of them off the street.

The most regretful thing she had done, however, was that she threw the card into a trash can.

Both her words and her action were an insult to the person who issued the card.

She was provoking the Li family.

It was over!

It was all over!

Just as Rachel was stupefied, everyone looked at William in horror.

This precious card belonged to William.

How could the famous good-for-nothing in Qena City own such a prestigious card?

It was ridiculous!

The crowd was still in denial to accept this reality. It wasn't that they didn't dare to believe it, but they refused to believe it.

Everyone present was just ordinary people.

They could barely lift up their heads in these two days the moment they set foot on this first-class resort in Qena City.

And the only way for them to make themselves look more superior and confident was by comparing themselves with William.

With William's presence, who was known as an obsequious bum of Qena City, everyone felt a little relieved.

They knew William was someone more inferior than them.

However, at this moment, knowing William was the owner of the Peaplum Precious Card shattered their self-esteem completely.

William, whom they regarded as a good-for-nothing, turned into an upper class in a blink of an eye!

They did not have the ability to climb to this level, nor were they able to compete against him.

They were incredulous!

They felt indignant!

It was impossible!

The look in their eyes was shouting how perplexed they were at this moment.

Felicity, who was standing at the side, felt goosebumps forming on her skin.

She was so startled by this card that she felt uneasy.

Did this card belong to William?

When did he get this card? Why didn't she know about it?

Since when did he become so close to the Li family?

Felicity was mind-boggled with the whole situation.

Her husband seemed to have more and more secrets.

However, her husband was indeed unrivaled.

He had challenged Director Zhao to accept his card a moment ago, and this had put Director Zhao in a difficult position. He dared not to disobey William.

William was a man of his words.

Under everyone's complicated gaze, Director Zhao trod to William respectfully and returned the card to him humbly.

At this moment, Director Zhao's heart was in a complete turmoil.

Since William owned this card, it meant that he was a top VIP.

Director Zhao couldn't wait to slap himself.

During the day, he was trying to find out why William would live in the Cavesky Villa.

However, since it was not the same receptionist who worked the previous day, Director Zhao assumed that William had utilized the time when the receptionists had a change of shift to book the room.

He just needed a phone call...

Then he would know that William had lived in the Cavesky Villa because of his status.

Then such a scene would not have happened. He would not have mistreated such a significant guest.

Regret filled up every chamber of his heart, dejection bugging in his mind.

It seemed that he had also offended William before. But, William was just a brat. Who would have thought that he would own the Peaplum Precious Card?

Director Zhao felt devastated!

How much did he hope that this card had never existed? If it wasn't real, then everything would be fine.

He wouldn't have to suffer such embarrassment.

Plus, he might be reprimanded harshly by the Li family.

Thinking of this, he inadvertently glanced at the card in his hand, taken aback once again.

There was something wrong with this card.

As he thought about it, he pulled his hand back promptly and scrutinized the card carefully.

The more he looked at it, the more solemn his face became.

After that, he heaved a sigh of relief.

Previously everyone was unwilling to give in; they could only accept the fact.

However, when they saw Director Zhao's expression changed again, their eyes began to sparkle with an enigmatic gleam.

A mixture of feelings overwhelmed Rachel. After distancing herself from Director Zhao, she mustered up her courage and asked, "Director Zhao, is there something wrong with this card?"

Director Zhao nodded his head while everyone stared at him expectantly.

"F*ck you! This card is fake!" Director Zhao cursed, burning with rage.

The crowd was dumbfounded as they heard Director Zhao. They felt that they were on a roller coaster ride. They did not expect this plot twist at all.

It was fake?

Director Zhao glared at William as his tone became cold. "Mr. Lu, could you please explain to me how you got this card?"

Everyone stared at William with burning eyes.

William uttered, "Stop wasting time. You'll know when you swipe your card."

Director Zhao was furious. He sneered. "Swipe the card? How dare you trick me? I just want to ask you a question. If you can explain it, I will kneel and kowtow to you. As far as I know, there are only five Peaplum Precious Cards in Qena City, and the serial numbers of those five cards are 01, 02, 03, 04, and 05. Explain to me, why is the serial number of your card 00?"

His words made the scene burst into an uproar instantly.

The card turned out to be a counterfeit.

And the evidence was irrefutable.

William was trying to deceive everyone with such a ridiculous and despicable method.

The suppressed fury in everyone's heart surged out instantly at this moment, fueled by their self-esteem.

"I've told you that this guy is just a jerk. How can he own such a card? I can tell that it's fake at a glance!" Someone began to boast.

"What the f*ck? How dare he fool all of us? Let's teach him a lesson!"

"I thought such a bum had finally turned over a new leaf. Such nerves he has to deceive the Li family!" Another girl hissed and began to blurt out all kinds of sarcasm.

"If Director Zhao did not expose him, we would have been deceived by him. Director Zhao, William is lying to all of us. He had forged the Peaplum Precious Card to hoax everyone in Qena City. It is clear that he is looking down on the Li family," Rachel exploded.

Among the people present, Rachel was the most wrathful one because she was being slapped twice a while ago.

Director Zhao, on the other hand, felt all his anger had been vented.

"D*mn it! I was thinking of how it was possible for this brat to get a hold of this card!" Director Zhao swore in his heart again.

He looked at William and thought, "Fortunately, I am smart enough to discover the truth. Otherwise, if the Li family finds out, I'll be regarded as his accomplice."

William deserved to be slaughtered! This was the punishment he deserved!

At the thought of this, Director Zhao straightened his back in an instant.

As Felicity realized that the incident was beginning to escalate, she shouted, "I believe William is innocent. He always keeps his word. You guys are the ones who have been speculating him with that narrow mind of yours."

Rachel sneered with a gloomy face. "Everyone, do you see this? They must be exasperated now that their lie is exposed. What a shameless couple! They should go to hell together!"

Director Zhao stopped the crowd and glowered at William with a burst of malice in his eyes. "Brat, you deserve to die. If you can't give me a reasonable explanation now, I will take immediate action on behalf of the Li family and make you known as a criminal to the whole Qena City."

All of a sudden, the scene fell into pin-drop silence.

Everyone fixed their gaze at William and Felicity as if they would not be contented if William was not defeated.

Director Zhao was proud of himself.

The crowd continued to make a fuss.

Felicity was in despair.

The atmosphere became tense instantly.

In the silence, a voice that sounded so casual rang out.

"A reasonable explanation, isn't it? Let me tell

you."

A man slowly walked over to them.

"The serial number of this card is 00."

He was carrying a file in his left hand while tossing a car key with his right hand. "This is the private card of my grandfather, Hugo Li."

He looked at Director Zhao and boomed, "Are you satisfied with such an explanation, Director Zhao?"
