

## Chapter 394

After he said that, Sun Richard was so angry that she almost threw out her phone!

All of a sudden, he slapped himself hard in the face, causing his face to swell up.

"I'm really an idiot."

"Why didn't I pay attention to the video that I secretly took at the beginning?"

Even if it took a few minutes, things would not be as bad as they were now.

Hatred!

What the f\*ck!

Sun Richard was at a loss for words. She did not know what to say for a while.

When the guy saw that Sun Richard did not speak, he continued to say in a weak voice on the other side of the phone, "Brother Sun, it's time for me to know that he is your father. But I thought that rich and powerful families like you all want to kill your father and seize the throne. I thought that you wanted to make trouble for your father and then inherit the family property..."

Sun Richard did not know whether to laugh or cry at this buddy's words. "I have to inherit the mine! Or I have the throne! You have watched too

much TV series! How dare you kill your father and usurp the throne! Hurry up and withdraw these news! Eliminate the public opinion!"

The man was also stunned. "Isn't that true? Is there some misunderstanding in the middle?"

"It's none of your business. Hurry up and withdraw!" Sun Richard yelled at the phone.

The guy was also sincere. He gloomily said, "Brother, the public opinion is currently breaking out. If we withdraw now, our intentions will be too obvious. Everyone will definitely know that your father is guilty. It's estimated that he will be more aggressive."

Sun Richard's vision darkened and she almost fainted.

"What a new source of information! Is there such a saying?"

I'm still too young!

"I don't care! Let's retreat first!" Sun Richard yelled again.

What did the backlash of public opinion have to do with Sun Richard?

All he wanted now was to withdraw the video of the initial post so that his father would not find out about it.

The guy suddenly felt embarrassed. After thinking for a full minute, he finally plucked up his

courage and said, "All right, brother. Give me another 200,000 yuan. I'll go and get something to do..."

Sun Richard spat out a mouthful of blood, "You need more money!"

"Of course, those new media are all sophisticated. They'll be on the news in a while and withdraw the news later. It's a waste of their recommendations. And they'll definitely find something wrong and take the opportunity to blackmail us."

Sun Richard could not even stand still.

She was the one who was the most pleased with herself. How could she accidentally kill her own father!

What else could they do now?

"Pay the money to get rid of trouble! Calm down!"

And this money might be spent for real, but the effect might not be guaranteed.

This made Sun Richard feel even worse than if he had eaten shit.

"Where are you! Let's talk about this face-to-face!" Sun Richard shouted loudly.

"I'm outside with the guy who took the photo secretly. I'll send you the address," the guy replied, trembling with fear.

Sun Richard hung up the phone and transferred 200,000 to the guy because of pain.

Then, he left the house with fear. He did not dare to stay at home because he was afraid that his father would come back and blame him.

A few minutes ago, Sun Dayu was still in his office, talking and laughing with those vice presidents.

He himself felt that today's performance was too wonderful and perfect.

But the most exciting part was that he did not firmly control the whole scene, so that these people could not leak out the feeling that life and death were in his hands.

The most exciting thing was that she sincerely apologized to Felicity about this thing.

If he lied or was dishonest, Felicity could have had an excuse to tell William.

"I'll leave a secret that I can't be honest with."

However, he didn't have one, haha!

Instead, she threw herself out to be honest, so that Felicity could not find any attack point at all.

And the more honest he was, the more depressed Felicity and Snowy Dress would be.

When he thought of Felicity, who wanted to refute but was unable to, because of his honest

apology before, Sun Tianyu felt very happy.

He thought to himself with joy. Suddenly, someone took out his phone and shouted out loud.

"Elder Li, what's the big deal? How old are you? You can't be so calm. You should learn from me, hahaha." Sun Dayu patted the vice president on the shoulder and said proudly.

The vice president pushed the phone to Sun Dayu's hand and said with a strange face, "Take a look for yourself. I hope you can still say something like holding your breath later."

Sun Dayu scoffed in his heart. He had lived to this age, and he had experienced all kinds of storms.

It was a disgrace for him to make such a fuss.

As he thought about it, he picked up his phone to look at it.

Looking at it, he was stunned at first, and his face instantly turned pale from joy!

On the phone, there was a title, "An old man doesn't respect! The Qena City Medicine Association Sun Dayu dares to destroy flowers! Do you dare to think about it!"

He felt a chill in his heart and instinctively had a bad feeling.

He quickly clicked in to have a look.

But he saw the video at a glance.

Sun Hao could directly ignore the video and even the comments from the netizens as long as he saw it, as well as the file below, and the comments from the netizens.

As soon as this video was released, Sun Dahu knew that this matter had gone viral!

With a restless heart, he read the file again.

As soon as he saw half of it, Sun Tianyu was so angry that he directly threw the phone out of the window!

"Bullsh\*t! When have I ever flirted with a good woman! How dare you say that I have slept with hundreds of women!" Sun Dayu was so angry that he put his hand on the sofa to stand firm.

He was so fat that his fat body was shaking at this moment.

Even because he was too angry, he had a feeling that he couldn't breathe.

The vice president, who had been thrown out of the phone, looked sadly outside the window. He wanted to scold Sun Dayu, but he saw that Sun Dayu was about to explode and swallowed the scolding.

Sun Dayu was really pissed off.

Originally, everything was under his control.

He had seriously told everyone that he couldn't spread the news of the apology party!

There was no one who dared not to agree.

Now, the bloody video was in front of him.

This proved that someone had betrayed him!

And this video was recorded from the beginning to the end.

It also proved that this was a long-cherished conspiracy!

What kind of person was she? She was making life difficult for Ning Xueyan!

Sun Dayu was not only angry about this, but also more angry about another thing!

The thing that he was most proud of before was that he told Felicity everything, which made Felicity have no reason to blame him.

Now, because of this video, the one that he was most proud of, had become a Five Pillars Mountain!

He was pressed to the ground and couldn't turn over!

He had trapped Felicity, but how could he make an entire population of Qena City be involved!

How could they block these people's mouths!

What she was proud of now turned out to be

the most unfavorable evidence against herself!

What else was there than admitting the crime personally? It was even more direct!

When Sun Dayu thought of this, he was so angry that he wanted to slap them both!

"Go check it out now! Who secretly took the video!" Sun Dayu suddenly shouted at the two men at the door!

## Chapter 395

The two men were as quiet as a cicada in the cold. They quickly nodded and ran away.

They had never seen Secretary Sun so angry.

This time, Sun Tianyu was really angry.

In fact, his heart was even filled with the desire to kill!

Because this matter had already been known to the whole city.

Everyone knew what kind of person Sun Dayu was.

If this was the case, the interpersonal relationship that Sun Dayu had painstakingly built over the years would be completely destroyed!

In the future, who dared to stare at the pressure of public opinion to make friends with Sun Hao?

Once Frandick knew about this, he would not only pursue the matter of making things difficult for Felicity, but also a thorough investigation of the private property contract of the project!

He could even dig out everything he had and find out everything he knew about his past!

Over the years, Sun Dayu himself also knew some things that Frandick knew.

However, Frandick always turned a blind eye to it. On one hand, because of his good interpersonal relationship management, Frandick did not dare to do anything to him.

Secondly, he was so greedy that he didn't touch Frandick's bottom line.

But now, the situation was completely different.

He made such a big fuss that everyone in the city knew about it. The reputation of the Qena City Medicine Association would definitely be damaged because of it.

At that time, with the loss of their relationship, and the anger of Frandick, could Frandick still tolerate her to continue to be an employee?

He would definitely fire himself and give everyone in the city an explanation!

His future had been utterly ruined!

Thinking of this, Sun Dayu's heart was filled with the intention to kill. He must find out the person who played tricks behind the scenes!

When those vice-president saw Sun Dayu's face was as dark as water, some people whispered, "Vice-commissioner Sun, who on earth did this?"

Sun Dayu gritted his teeth and said: "Hmph! I don't care who did it! This person has succeeded

in angering me! No matter who it is, I will teach him a bloody lesson!"

Sun Dayu even looked around and said coldly, "I'm guessing that there is a traitor among us!"

Those vice-presidents looked at each other and quickly waved their hands, saying, "Vice-president Sun, what do you mean by saying this? After so many years, isn't our friendship worthy of you trusting us? If you say so, I will be angry."

These Vice-Presidents were all wily old foxes.

Each and every one of them was purposely making such a joke, as if they wanted to draw a clear line between themselves and Sun Dayu.

This was to bring down Sun Dayu in the future. They wanted to put an end to their relationship with Sun Dayu in time.

How could Sun Dayu not know what these people were thinking?

The trees fell and scattered.

He was proud of himself now, so he could naturally talk and laugh with these people.

But if he fell behind, it would be good for these people to leave in time.

"It's already good enough that he won't kick me when I'm down."

Sun Dayu looked at everyone and said, "I believe you didn't do it. Please forgive me for

having more important things to investigate now. I can't accompany you to drink tea. Please excuse me."

After that, he rushed to the monitoring room angrily.

Although Sun Tianyu was angry at the moment, his many years of experience still let him analyze something.

From this secretly taken video, from that point of view, it should be taken in a corner of the back door.

There were security cameras in the conference room of the Medicine Association. As long as the monitor was brought out, they would know who did it.

The staff on the monitor were so scared that they didn't even dare to breathe. They obediently brought out today's surveillance video and showed it to Sun Dayu.

Soon, Sun Dayu found out that there was indeed a person in the corner of the back door in the surveillance, sneaking around with his mobile phone and secretly taking pictures.

This man was also a thief. He hid behind a card box, poked his head out, and then deliberately used his phone to block it with something else.

No wonder they couldn't see anyone secretly

photographing at the scene!

Sun Dayu secretly scolded himself that he had been too arrogant at that time. He didn't even know that someone had sneaked in!

However, Sun Dayu was unfamiliar with this person, so he did not know him.

"Go check it out right now! I want all the information of such a person!" Sun Dayu shouted at the staff.

The staff went to do it immediately.

The Medicine Association was still influential in Qena City, but after ten minutes, someone replied, "Director Sun, I seem to have seen this person before. He is a paparazzo who specializes in shooting. He is very close to a middle-level cadre of the Medicine Association. We have drunk before, and I have left him a phone call."

Hearing this, Sun Dayu immediately asked, "Call him immediately and ask him where he is. Don't mention that I asked you to call him first."

The man quickly did as he was told. He called and said that there was a business that he needed to ask the paparazzi for help. He wanted to talk to them face to face.

The paparazzo was eager to make money every day, so he immediately reported the address.

Sun Dayu's face was filled with murderous

intent when he received the address.

He dialed a phone number. "Bring me more than a dozen thugs! I'm going to kill you today!"

After that, he went straight out.

He was also related to Qena City. In less than five minutes, a group of people gathered at the gate of the Medicine Association, waiting for Sun Tianyu's order.

"Come with me! Don't you know how to take a stick! Can't you take a knife?" Sun Quanyu first swore at these people, and then got into a mid-sized bus that had been prepared for a long time.

A group of people headed for a coffee shop in a threatening manner.

At this moment, in the cafe, Sun Richard was discussing with her brother and the paparazzo about how to eliminate the influence of public opinion as soon as possible.

However, things were getting worse and worse. It was impossible to settle the matter with money.

More and more people came out to accuse Sun Tianyu's crime.

These people were no longer the navy men that the fellas had hired.

Instead, it was a real network of netizens.

As the old saying went, "when a wall is

pushed, all people will fall".

Previously, when Sun Dayu had both power and influence, no one naturally dared to say that Sun Dayu was wrong.

Now was a great opportunity. People who had been humiliated by Sun Dahu, or those who had a grudge with Sun Dahu, came out one after another.

"What do we do now?" Sun Richard felt as if her head was about to explode.

"Brother Sun, let's first pay some money to settle it. The more we can deal with, the better!" The guy said, trembling with fear.

Sun Richard nodded. "You should make a call first and get them to remove the news. Then, you can show off your abilities and help me clear up my father's image."

The guy immediately called in front of Sun Richard.

Just then, there was a sudden ruckus outside the coffee shop.

Everyone turned to look at the door.

A group of people rushed in aggressively. They had seen the paparazzi in the car a long time ago.

As soon as he came in, he stared at the paparazzo.

"There are three of them! Beat them up!" The eldest brother at the front pointed at Sun Richard and the other two and bellowed angrily.

Sun Richard was stunned. Then, she saw a person slowly walking in.

His own father, Sun Dayu!

Sun Dayu did not see Sun Richard at once. He shouted angrily, "What are you talking about! You're going to beat her to death!"

## Chapter 396

The few thugs heard her and a bloodthirsty killing intent appeared on their faces. They rushed towards Sun Richard hurriedly.

The sticks in their hands were directly aimed at their faces.

The paparazzi and the guy didn't know what was going on at all.

By the time he came to his senses, he had already been beaten to a bloody face.

They were lying on the ground, constantly mourning and begging for mercy.

Sun Richard did not even have the chance to defend himself. He was directly knocked onto the ground and a group of people attacked his lower body fiercely. They beat him so hard that he almost lost all his children.

"Don't hit him! Don't hit him! That's my dad! Don't hit me!" Sun Richard kept shouting while lying on the ground.

Those thugs, however, showed a cold smile. "Your dad! It's useless to call you grandpa now!"

They thought that Sun Richard was begging for her father.

How would she have thought that Sun Dayu

would really be Sun Richard's father?

The group of people did not show any mercy at all. Sun Richard only had one breath left in their bodies before they stopped beating.

They were also afraid of killing people.

So the big brother at the head looked at Sun Dayu. "Big Boss, are you still fighting? If you continue fighting, you'll die."

At this moment, there was no one in the cafe.

When Sun Dayu heard these words, he walked over. He wanted to see what those bastards were trying to do to him!

He wanted to ask why he wanted to harm her!

Sun Dayu walked over, and the group of people took the initiative to give a seat to Sun Dayu.

The three people on the ground had completely fallen into a pool of blood, and the paparazzi and brothers even fainted directly.

All that was left was Sun Richard's face. She was beaten beyond recognition and was twitching on the ground.

Sun Dayu couldn't tell that the bloody man on the ground was his son.

He looked at the man who was covered in blood and could not help but feel angry. He kicked down, landing his foot viciously on Sun Richard's

lifeblood!

Sun Richard's voice was distorted because of the pain. "Ow! Don't hit me! Don't hit me!"

"Haha, you know the pain now! Tell me why you want to hurt me!" Sun Tianyu shouted.

There was still a trace of consciousness in Sun Richard who was lying on the ground.

From the moment he found out that his father had brought someone with him, he knew that the matter had already been revealed.

But he didn't expect that his father was so cruel that he asked people to beat him to death!

He was his father's only bloodline!

"If you really beat me to death, Sun Dayu will die with no descendants!"

And Sun Richard was also extremely angry and angry.

Because Sun Dayu was the son of a father-in-law in his old age, he doted on Sun Richard.

"I didn't expect that my face would become a mess when I turned over."

"I didn't harm you, dad! Dad!" Sun Richard screamed on the ground.

Sun Dayu was stunned for a moment, and then smiled insidiously. "It's no use calling me dad! I only have one son! I'm much better than you, a good-for-nothing!"

"Dad! It's me! Sun Richard!" Sun Richard held his breath and shouted.

Sun Richard?

Sun Dayu's pupils constricted and he quickly looked at the bloody man.

But he couldn't see it clearly in this way.

Sun Dayu squatted down and wiped the blood from Sun Richard's face.

This time, Sun Dayu was on the verge of collapsing on the spot!

This person who was almost beaten to death by her turned out to be her only son!

Sun Richard!

She thought back to how much she doted on him. Whenever he was injured, she would have to ask him about his well-being for a long time.

Now, he actually beat him until he was only left with one breath!

It was to the extent that the kick just now was going to make him lose all his children and grandchildren!

What the f\*\*k!

"Didn't I make our Sun family lose their heirs in person?"

Sun Tianyu hurriedly helped his son up and asked anxiously, "Son, why are you here?"

After he said that, he angrily scolded those thugs. "You didn't see clearly when you came in! Didn't you see that this was my son!"

Those few people looked at each other with speechless looks on their faces.

Just now, this boy called him dad, but he didn't expect that it was really a father-son relationship...

"What should I do now? I'm going to be beaten to death."

Sun Richard still had a sigh of relief and cried, "Dad, send me to the hospital, I don't want to die yet."

Sun Dayu immediately sent someone to send Sun Richard to the car and rushed all the way to the hospital.

However, on the road, Sun Tianyu couldn't help but ask, "Son, why did you appear in the cafe and stay with those two people?"

Sun Richard did not know what to say for a moment. She intentionally rolled her eyes and fainted.

Sun Dayu felt so sullen in his heart that he was about to collapse.

What kind of bad luck had he gone through today!

First of all, her reputation had been messed

up by that slut. Now, she had even beat up her own son!

On this day, his career and family would almost be ruined!

"Damn, I must find out the culprit behind the paparazzi. If I don't kill him with my own hands, I won't be surnamed Sun!"

Sun Dayu swore silently in his heart!

Qena City, on the other hand, seemed exceptionally uneasy today.

At noon, when Li Nan Feng, who was in the hotel, saw that his grandmother fell asleep again, he was indecisive for a moment.

Then he strode out of the door.

He didn't want to owe William any more.

He had to make money!

So, Li Nanfeng planned to go to Lunanica Company to beg Nelson for mercy.

"This time, even if I ask him to beg me, Li Nanfeng will admit it!"

Through a former colleague, he knew that Nelson would appear in Happy Entertainment City today.

In recent days, Cangyue company had produced a movie, and almost everyone was immersed in the film and television town.

So Li Nan Feng intended to kill them directly and plead for mercy face to face.

However, when he arrived at the Happy film and television center, Li Nan Feng found that he was isolated outside by people from the film and television group.

Nelson stood not far away, without looking at him.

"Supervisor Chen, can you come out for a moment? I have something to talk to you!" Li Nan Feng shouted.

Nelson frowned.

"This guy actually came to this place!"

What the f\*\*k!

Today, President Qin was coming to supervise the workers in person, and all of them were waiting for him!

"This guy must have heard of the president's appearance, so he is going to complain to the royal court?"

However, it was not a good idea to keep him in this state.

Thinking of this, Nelson forced himself to walk toward Li Nanfeng.

This time, he specially told the two people who guarded the door of the film and television group, "You just guard the door for me! If I know

that you let all of you come in, I will fire you directly!"

The two subordinates hurriedly nodded their heads in agreement.

Nelson stood in front of Li Nanfeng and looked down at him.

Although Li Nan Feng had some strength, he had a bad temper.

This made Nelson very unhappy.

All the people in the crew were fawning on him, except Li Nan Feng, who was like a piece of wood and didn't say a word.

Some time ago, because Nelson overpaid for it, Li Nanfeng distributed the bills to everyone. Because of this, Li Nanfeng had a big quarrel with Nelson.

From then on, Nelson decided to remove this thorn in his side that didn't know how to appreciate favors.

"And it was also Nelson's suggestion that Li Nanfeng was expelled. It was, of course, to take advantage of the opportunity for personal revenge."

Now Nelson was very pleased to see that this boy was extremely down and out.

"He didn't know how to appreciate favors at the beginning, but now he has suffered a lot. He

still came to beg me!"

Li Nan Feng was about to speak when Nelson suddenly raised his hand and stopped him.

Instead, he arrogantly said: "I am a vengeful person. You want to say a few words to me, right? Alright, kneel down and listen carefully."

## Chapter 397

Li Nanfeng had come here with full sincerity and wanted to ask Nelson for help.

However, when he heard Nelson's insulting words, his face suddenly froze.

"You want me to kneel down!"

How humiliating it would be!

Men's knees were gold, and they were kneeling on the ground, kneeling to their parents!

But how could he kneel down to a nobody!

Nelson saw that Li Nanfeng's face was not good-natured, so he jokingly said, "What? Do you think it's difficult? Well, I won't force you. You can go now. Don't let me see you again in the future!"

After that, Nelson turned around and was about to leave.

Li Nanfeng stopped Nelson at once.

There was an extremely conflicted expression on his face.

He was a martial arts practitioner.

Those who practiced martial arts all relied on a righteous spirit, and even more so, their moral integrity!

"If I kneel down, all my integrity will be

destroyed!"

But if he didn't kneel down, Nelson obviously wouldn't give him any chance.

Thinking of his sick grandmother at home and William's unfinished favor, Li Nan Feng felt for the first time that making a choice was so difficult.

Nelson slapped Li Nanfeng's hand away.

In fact, he had already known that a proud and aloof person like Li Nanfeng would never kneel down to him.

He just wanted to talk to this boy as fast as he could and to make fun of him.

In the end, Li Nanfeng still failed to make up his mind to kneel down. Disheartened, he slowly walked outside.

At this moment, Nelson's phone suddenly rang.

As soon as he saw it was a phone call from the field supervisor, he quickly picked it up.

There was an anxious voice on the phone. "Supervisor Chen, something bad has happened! When we rehearsed just now, one of the parts of the tall buildings collapsed, and two martial artists fell directly!"

Hearing this, Nelson's face changed greatly!

He fell down from the tall building!

"Is she all right?" Nelson asked quickly.

"I'm fine. It's not life-threatening. I've called the emergency rescue phone. The ambulance is on the way here. Now, there are two martial artists missing..." The person on the other side of the phone said helplessly.

Nelson's head was suddenly full of joy.

Today, President Qin personally came to supervise the work!

Nelson was just a director of the film and television department of the company.

He had no chance to get in touch with such a high-level leader at ordinary times.

So when President Qin came here, Nelson had already tried his best to perform well in front of President Qin so that he could be appreciated.

Everything would have been going very smoothly according to the rehearsal.

Now that there was a sudden change, there were two less martial artists!

Lunatica's company's business had been expanding rapidly recently, especially in the film and television environment. The staff was extremely nervous.

Each of them was as busy as a carrot, as well as a hole.

"Now, where can I mobilize the other

Qianruo's scapegoats?"

Even if he randomly found two capable people to come over, it would be of no help.

Because there were no people who were involved in the film and television programs, they didn't know how to shoot a film.

Could it be that today, because of the temporary shortage of two military positions, President Qin, who came over to supervise his work in a hurry, would make a fool of himself?

Thinking of this, Nelson was full of unwillingness. He didn't want this heaven-sent opportunity to disappear like this.

Just as he was anxious, he suddenly saw Li Nan Feng, who was slowly leaving not far away.

With an idea in his mind, he shouted hurriedly, "Hey! Wait for a minute!"

Li Nanfeng was disheartened at first, and he didn't expect that Nelson would stop him.

He quickly turned around and saw Nelson waving at him impatiently.

Li Nan Feng walked back quickly and asked, "Supervisor Chen, what can I do for you?"

Nelson looked at Li Nanfeng, who was in front of him, and was extremely unhappy.

This guy, who had been a martial arts instructor in the film and television department,

was really good at martial arts.

And he also knew how to perform as a qualified substitute.

If it weren't for the temporary inability to find him, Nelson would never deal with Li Nanfeng again.

"Don't blame me for not giving you a chance. I'll give you a chance now. Just now, two of us were injured and someone was needed to replace us immediately. You can consider one. I can promise you as long as you perform this play well. I'll let you stay in the film and television department as a substitute in the future." Nelson said impatiently.

Li Nan Feng's face froze.

"It's replaced by a martial artist..."

His previous job was to give martial arts guidance.

This identity was much higher than that of a martial arts contest.

To put it bluntly, he was no different from a walk-on.

In fact, it was even worse than a walk-on.

After all, there were one or two out-of-the-shoulder shots for those who were playing the game.

The substitute of Wu didn't even have a

chance to show his face.

She could be said to be the person with the lowest status and the least salary in the entire crew.

Such a huge difference in status was hard for Li Nan Feng to accept all of a sudden.

When Nelson saw this, he immediately scolded, "You don't feel satisfied! If it weren't for a temporary problem, would I let you come back? Will I give you a chance to start over? Don't be unsatisfied! Just a word or not! If not, get out of here immediately!"

Li Nanfeng hesitated for a moment and then nodded. "Okay, I promise you. But you have kept your promise. You must keep me here."

Nelson was annoyed and said, "I know, don't talk nonsense. By the way, do you know any friends of martial arts competition? Call one over immediately."

Li Nan Feng's heart missed a beat.

He was a loner and had no friends in Qena City.

Not to mention his friends who were able to fight in the martial arts competition.

"It's not forcing us to do so."

Nelson immediately said unhappily, "This play needs two martial artists to enter the stage, and

you can't do it alone. Let it be. You can make a choice, or find someone else to help, and you can stay in the crew in the future. If your friend performs well enough, I will stay. Or, get out of here right away, and don't let me see you again. Besides, I can tell you that as long as I am in Lunanica Company, you can never come back!"

Li Nanfeng's heart was suddenly filled with grief and indignation.

He knew that Nelson was a shameless person.

But she didn't expect Nelson to be so shameless!

Obviously, Nelson could not find another substitute of martial arts at once, so he directly threw the mess on himself.

"This is not a threat!"

However, Li Nan Feng did not dare to fly into a rage on the spot.

After all, this was the only way for him to stay in Lunanica Company.

Li Nan Feng pondered for a moment and suddenly said, "Okay, I'll find someone right away, but my friend is arrogant. I don't know if he'll come or not. I'll have a try."

Nelson almost laughed out loud.

"Li Nanfeng has a friend?"

Moreover, even if Li Nan Feng's friend was a friend of Li Nanfeng, birds of a feather flock together.

What kind of person could his friend be?

He must be as good-for-nothing as Li Nanfeng, and he was so proud!

"Come and teach me a lesson that I can't teach you!"

At this time, Li Nan Feng took out his mobile phone and dialed a number.

"That, William..."

"Are you free now? Can you come over and do me a favor..."

## Chapter 398

Nelson asked for a certain skill in martial arts. The person whom Li Nanfeng thought of was William.

After all, he didn't fight with William, and they became friends. Moreover, he was defeated by William.

More importantly, he could see that William was kind.

In Li Nan Feng's heart, he admitted that William was a friend worth making.

With the mentality to give it a try, he summoned up the courage to give it to William.

At this moment, William was at home, listening to Felicity vividly reading comments about Sun Dayu on his mobile phone.

William was also very confused when he received Li Nan Feng's call.

"This guy must be in a foul mood. Why did he take the initiative to call me?"

He picked it up casually, only to hear that Li Nan Feng wanted him to do him a favor.

William read the awkwardness and courtesy from Li Nan Feng's voice.

He asked with a smile, "What favor? Is it

about your grandmother's condition? I've already had some ideas."

However, Li Nan Feng immediately said, "It's not about my grandmother. I have something to do temporarily, and I need you to come over and help me take care of it."

In Li Nan Feng's heart, he still didn't believe that William could cure his grandmother's illness.

So he quickly told her about asking William to be his substitute.

When William heard that it was a play of Cangyue Company, she was happy.

Was it really such a coincidence?

"I'm the old emperor of Lunanica Company. Do I have to personally go down to the basics and take the place of the emperor?"

It might be fun, but after all, it was not as good as usual.

However, when William was about to refuse, she suddenly heard Li Nan Feng whispering.

"William, I only recognize you as a friend when I was in Qena City. I don't know if you've ever treated me as a friend. You don't have to feel embarrassed about today's matter. If you can help, then do it. If it's not convenient, then forget it. I'll still thank you."

This sentence touched William's heartstrings.

He grew up in the Lu Family, but because he was too excellent, he was pushed aside by his peers and even some clansmen.

"But it can't talk to a man."

He understood this sense of loneliness because he had no friends.

Hearing Li Nan Feng's words, William began to sympathize with Li Nan Feng.

"Forget it. Just treat it as a favor for me as a friend."

He was Li Nanfeng's friend, not the person behind the Cangyue Company.

"Give me the location and I'll be there right away." William agreed.

Since he decided to use the identity of Li Nanfeng's friend, he didn't want to tell Li Nanfeng that he was the backstage manipulator of Cangyue Company.

Because in William's view, the identity of friend was more cherished than the identity of the backstage manipulator.

Li Nan Feng didn't expect William to agree. For a moment, he didn't know what to say.

Fortunately, William knew his character and casually said, "Well, I'll pack up and go out. I'll be at Happy City for about ten minutes or so."

After that, William took the initiative to hang

up the phone.

Li Nanfeng stood in the same place, lost in thought for a long time.

A warmth that he had not felt for a long time suddenly appeared in his heart.

It was the feeling of being respected and cared for.

However, this feeling was immediately broken by Nelson.

Nelson said impatiently, "You're so slow to make a phone call. What kind of friend are you? Forget it if you don't want to come!"

Li Nan Feng hurriedly said, "He will come. Just ten minutes."

"Who is this friend of yours?" Nelson asked haughtily.

Li Nan Feng was stunned.

Who did he think he was?

How did he know?

Li Nan Feng made friends, but he didn't care about his identity.

The question was whether they had the same ambition or not.

However, as William's friend, Li Nan Feng felt that if he said he didn't know his friend's identity, it would be a disgrace to William.

He casually said, "My friend's surname is Lu, and he lives in Qena City like me."

This ambiguous statement made Nelson nod with satisfaction.

As expected, it was another trash as weak as Li Nan Feng.

"Come with me first. I'll let you know about the game tricks. You only have a short period of time. You must remember them." Nelson ordered.

Li Nan Feng nodded and immediately followed Nelson back to the crew.

When they passed by the Gatekeeper, Nelson said again, "You must keep an eye on this door today. President Qin will come later. There can't be any fans breaking in!"

The two men quickly nodded their heads in agreement.

Many people were surprised by Li Nan Feng's arrival.

Because this was a martial show, Li Nan Feng had been given martial arts guidance before.

Moreover, his personality was eccentric and he had already offended quite a number of people in the production team.

But he didn't know it himself.

Previously, everyone saw that he was a martial arts instructor, so they had to endure it

even if they had anger in their hearts.

Now, seeing him come back, everyone was stunned.

Nelson said casually, "You all know Li Nanfeng. I came here to do you a favor today."

Everyone looked at each other in dismay. They didn't know what these busy people were up to.

"It's a substitute of martial arts." Nelson saw that everyone was puzzled, so he suddenly added meaningfully.

This sentence made many people at the scene smile in a strange way.

It turned out that he was just a substitute instead of a martial arts guide.

"Haha, there is a chance to revenge, and there is a chance to revenge. Then, it's coming."

A fat middle-aged man named Zhang Dafei came over with a big belly. He patted Li Nanfeng's shoulder casually, looking arrogant. "Yo, it's Instructor Li. Oh, no, it's Li Wu. I haven't seen you for a long time."

Li Nan Feng's brows slightly wrinkled.

This man used to be the Deputy Instructor of Martial Arts.

However, he got this title because of his relationship. Based on his figure, he had no

martial arts temperament at all.

Usually, Zhang Dafei was very good at dealing with things in the film and television department, but he made Nelson feel comfortable.

He was Nelson's most loyal lackey.

Li Nan Feng often criticized Zhang Dafei because of business affairs.

Now, Li Nanfeng also knew that Zhang Dafei was seeking revenge for his arrow.

"Hello, Deputy Instructor Zhang." Li Nan Feng said lightly.

However, Zhang Dafei's face changed in an instant. "Li Nanfeng, what do you mean by that? Do you know that I am a martial arts instructor now? Open your dog eyes! You can't say ivory stuff out of a dog's mouth!"

She scolded Lin Mengya in front of all the people on the set.

Even if Li Nan Feng wanted to suppress his anger, at this moment, his face turned red.

Zhang Dafei knew that Li Nanfeng wanted to come back several times. He wanted to ask Nelson's help, so now he had nothing to fear.

When he saw Li Nanfeng's forbearing look, he immediately said exaggeratedly, "Oh, are you angry? Are you going to hit me? Come and hit me? Try to hit me?"

The people around stared at Li Nanfeng one by one, with a look of ridicule on their faces.

"Who dares to speak up for Li Nan Feng?"

This was Nelson's territory.

When Zhang Dazhi saw that Li Nanfeng really didn't dare to attack him, he became more proud. He suddenly raised his hand and slapped Li Nanfeng hard on the face!

"You're not going to do it? Then I'm going to do it. Does it hurt? Come and beat me, you coward!"

## Chapter 399

Looking at Zhang Dafei, who was complacent, the blue veins on Li Nanfeng's face were almost bursting!

All of a sudden, he raised his fist, ready to punch Zhang Dafei!

This scene suddenly shocked Zhang Dafei, and he couldn't help but take two steps back.

However, when Li Nan Feng glanced at Nelson, he saw a look of mockery on Nelson's face.

It was as if he was waiting for this punch.

Li Nan Feng's heart was full of hatred!

The flood in the Shallow Beach was like a shrimp's play!

As the saying goes, when a tiger falls, the sun is bullied by dogs!

If it was before, who would dare treat him like this!

If he hadn't asked someone for help, he wouldn't have looked down upon Zhang Dafei!

At this moment, this deep-rooted humiliation made Li Nan Feng grit his teeth!

He angrily put down his fists, walked to the

side and sat down, and no longer paid attention to this group of people.

Zhang Dafei saw that he really didn't dare to fight, so he suddenly laughed and said, "Hey, do you really think you dare to fight? Don't you know who is protecting here? If you want to work here in the future, you have to practice your skills of kneeling and kowtowing."

Right at this moment, the crowd heard a hubbub coming from the door.

Someone seemed to be shouting loudly.

Nelson frowned.

President Qin was coming. There was a lot of noise outside, which was very scandalous.

He said to Zhang Dafei, "Go out and have a look."

Zhang Dafei nodded and hurried to take two people outside.

At this moment, William, who stood at the door, looked at the two guards and said, "I said I came here to find Li Nan Feng. He invited me here."

Both of them were new, so they didn't know who Li Nan Feng was.

They only knew that Nelson, Manager Chen, had repeatedly instructed them not to let anyone else enter the set.

And this person in front of him was dressed in ordinary clothes, looking like a fan.

So they directly blocked William at the door and did not let her in.

William looked at the two people with a funny smile, thinking that one day she would be stopped by the servant of her company from entering.

"Kid, did you hear that? I'm asking you to get lost! Otherwise, if Manager Chen gets angry, you'll definitely be in serious trouble!" A man fiercely said to William.

"Supervisor Chen? Which Manager Chen?" William naturally did not know this level of people.

But the two men's faces suddenly showed a mocking expression. "F\*ck, you don't even know Manager Chen, how dare you come here? Let's go!"

As he spoke, he was about to go up and push William.

At this time, Zhang Dafei came over and asked in a dignified tone, "What's the matter?"

One of them immediately said in a happy voice, "Teacher Zhang, this guy wants to join our crew. We don't allow him to enter."

Zhang Dafei looked at William.

He didn't know William either.

"Who is this boy? What are you doing here?"

William said out what she wanted to say in the future.

When Zhang Dafei heard that this boy was another martial- art substitute invited by Li Nanfeng, the disdain in his eyes suddenly showed.

However, he knew that he should let William in, so he said to the door, "I'll take him in, you continue to watch the door."

The two men were stunned. They looked at William and asked Zhang Dafei, "Commander Zhang, who is this person? You need to take him in personally? Is he really a big shot?"

However, Zhang Dafei looked at William with a lazy look and said, "What kind of big shot are you? You came here to earn box money for me."

After hearing this, the two men breathed a sigh of relief and said to William, "Kid, go in as soon as you can. I've told you that you are not allowed to make loud noise or run around. Many places are not suitable for you, a person of low status, to walk around."

William was too lazy to care about these two snobbish people, so she followed Zhang Dafei and went in.

After he entered, he saw Li Nanfeng sitting alone in the corner.

When he walked over, Li Nanfeng was still in

a daze.

However, the look of injury made William feel pity in his heart.

"Could it be that these people are bullying this kid?"

"It shouldn't be like this. Li Nan Feng is so powerful. How can these b\*stards be his match?"

"Li Nan Feng, I'm here," William said casually to Li Nan Feng.

Li Nan Feng suddenly woke up and showed a reluctant smile when he saw William.

He found that the people around were looking at William, so he quickly pulled William to the corner.

William was confused by him. How could he do this job so secretly?

Li Nan Feng explained awkwardly, "These people are not good people. I am afraid that you will be ridiculed by them. We'd better stay here and keep a low profile."

William immediately became curious. Who was this person and what made Li Nan Feng, a tiger general, become a dog-bear?

Li Nan Feng knew that he had invited William to come over, so he had to explain to William the straight way.

He simply told William about his work in

Lunanica Company.

Then, he also mentioned the grievances between him, Nelson, and Zhang Dafei.

Hearing this, William suddenly showed a strange smile.

He guessed it.

It turned out that something even more coincidental happened here.

A few days ago, Janet reported a matter to him that a person was expelled, but he was unwilling to give up and came to the company every now and then.

At that time, William felt that this person had some character, and specially told Janet that if this person came, he would meet him personally.

He didn't expect that this person was Li Nanfeng.

That was true. In the past few days, Li Nanfeng had been guarding the shabby house and had no time to appear at Lunanica Company.

Thinking of this, William looked at Li Nanfeng with more satisfaction in her eyes.

A real man knows when to yield and when to yield. Who would have thought that Li Nanfeng, who used to be arrogant, would be made difficult by a villain?

It was also very rare in the world.

It could be said that a penny could defeat a hero.

At this time, an arrogant voice sounded in front of them.

"Li Nanfeng, is this the other substitute that you've found? I think it's just so-so."

Li Nan Feng and William looked up. It was Nelson.

Nelson looked William up and down and said arrogantly, "With such a small body, can you take the place of a martial artist? Can you do it or not?"

William was about to speak, but was stopped by Li Nan Feng.

Li Nan Feng knew that William was also a proud person. His words would definitely make William unhappy.

However, now Nelson was in control, and Li Nan Feng didn't want to get into trouble at this time.

He said to Nelson, "Don't worry. My friend is also very skilled."

"I don't think so. I think I'd better find a few people to try on him. Otherwise, if something goes wrong later, President Qin will be unhappy and you will all be in serious trouble," Nelson said and waved his hand.

Several musclemen appeared behind him.

William smiled slightly. He knew that this was Nelson's intention to humiliate himself in order to suppress Li Nanfeng.

But, only Nelson, he didn't deserve it?

William ignored Nelson and suddenly said to Li Nanfeng, "Li Nanfeng, do you want to replace him? Tell me."
