

Chapter 93

Hearing this, Felicity's face turned red with anger!

The Bai family!

Their brazen attitude was incorrigible!

At such a critical moment, they still were thinking of blackmailing her!

They put two lives in her hands to force Felicity to succeed!

Felicity looked at Yasmine angrily and said, "Grandma! Since this is your intention, then you should get another expert to execute your plan! Anyway, we will die in the end. I would die with you whatever happens!"

As Felicity said that, she strode out.

Yasmine was stunned.

She didn't expect Felicity to be so resolute!

Yasmine that Felicity behaved this way because of William. She thought William was instructing Felicity to be more ruthless.

Now, without him here, Felicity still dared to be so ruthless!

"Wait! Felicity! Let's discuss it properly!" Someone stopped Felicity.

Unexpectedly, it was Rebecca Zhang.

Looking at Felicity, she had mixed feelings. She didn't expect that Felicity would have such a great opportunity in such a perilous time.

Rebecca pondered, "If Felicity suddenly becomes the head of the Bai family, I would be the mother of the family head!"

Rebecca would have the highest position in the family! Like an Empress Dowager!

Who would dare disrespect her in the future?

Thinking of this, Rebecca was anxious.

If Felicity gave up this golden opportunity, then Rebecca's chances of getting that position would be nilch.

No!

She couldn't let Felicity leave!

Rebeca stopped Felicity, then sincerely said to Yasmine, "Let's talk about this peacefully. It's a little unrealistic to force Felicity to make a promise now. You should all believe in her. If she represents us, she will do her best."

Yasmine and the others fell silent.

Seeing Felicity's determined look, they didn't dare to force her too much.

But at this time, Rebecca discreetly gave Yasmine a meaningful look as she said, "Otherwise, why not we do this? Felicity, you can deal with our enemies as the head of the Bai family first. If this

matter is settled well, your grandmother will officially give you the position. This would be a test for you, is that okay?"

Looking at the hopeful looks of the Bai family, and the dishevelled mess around them, Felicity couldn't help feeling sad and bitter.

They could only depend on her now. Even if they didn't say anything, she would still try her best to help.

She nodded silently and walked out.

Xena chased after her.

When they left, Steven immediately cursed, "That Felicity is getting more and more arrogant. Who does she think she is? How dare she threaten us!"

The others also cursed in anger, saying that Felicity was blackmailing everyone by threatening them with their lives!

Rebecca immediately shouted, "Stop with your scolding. I believe that Felicity can do this."

"Humph, who does she think she is! She thinks she is so important?!" Everyone retorted.

However, Rebecca voiced out, "Okay, then I'll sign an agreement on her behalf, as her mother. Is that okay?"

Everyone was stunned!

Rebecca immediately took out a piece of paper and a pen, wrote down a few sentences, and

handed them to Yasmine, "Mom, what do you think of this?"

Yasmine looked at Rebecca, but she was momentarily dumbfounded.

In the end, Yasmine signed it.

Seeing Yasmine sign the agreement, Rebecca smiled slightly.

It was done!

How could Rebecca not know Yasmine's character?

Even if Felicity managed to settle this matter, Yasmine would still refuse to admit that she had promised anything to Felicity.

Now, Yasmine had no choice but to admit what she had promised.

Even if Felicity didn't do it well, she wouldn't be in trouble.

She would only reap the benefits.

Felicity walked out of the house and took a deep breath. She still didn't know that her own mother had betrayed her.

It was too stressful!

The Bai family...

Felicity calmed down and called William.

"William, where are you?"

"I've just returned home. What about you?" he replied.

"Wait for me."

After Felicity hung up the phone, she went home.

She didn't know why she wanted to call William. She just felt that she wanted to find someone to vent her stress and feelings.

She reached home and saw William reading some books. She couldn't help telling him what had happened recently.

She also told him that she suspected the person behind the fiasco was from the Genuine Care Medical Center.

William nodded in satisfaction.

He knew that Felicity was a smart woman, and it was great that she could be able to see through so many things.

"What are you going to do next?" William asked.

"I only have two ways. One is to go to the Genuine Care Medical Center, but I am unwilling to resign to that. The second way is to go to the North Wind Fund, as the problem started there. So, I will go to the North Wind Fund first." Felicity said.

"Do you need me to go with you?" William asked.

"No, this time, I want to try settling it on my own," Felicity said.

William nodded. "Okay, call me if anything goes wrong."

Felicity organized her thoughts at home and then called Baxter.

William had already instructed Baxter on what to do. But at this moment, Baxter was busy, so he asked his cousin Damon to contact Felicity.

Baxter didn't explain much to Damon. He just simply explained, "Help me take care of Felicity well. I'll come to find you later."

When Damon heard Felicity's name, he was overjoyed!

Felicity was the most beautiful woman in Qena City!

Her figure, her face...

She was perfect!

Damon also knew that what happened to the Bai family earlier was due to the North With Fund...

"Could it be that Baxter was threatening Felicity? Tonight..."

Thinking of this, Damon's plump body grew hot.

"Baxter, you're such a lecher. Don't you know that?"

"You want me to entertain her. Wouldn't that mean you're giving me a chance to kiss and enjoy her body?"

"My good cousin, Baxter!"

Thinking of this, Damon immediately contacted Felicity.

Felicity saw that the vice president of the North Wind Fund was contacting her, so she answered humbly, "Hello, I am Felicity Bai from the Bai Group. Would it be convenient for me to pay you a visit?"

When Damon heard her soft, gentle voice, his body shivered. He tried to control himself and said, "Okay, but I am occupied now. How about tonight?"

"Yes, sure! It's great that you can meet me!" Felicity didn't expect that things would go so smoothly.

"Then let's meet at the North Wind Bar, 8 o'clock tonight. I'll book a private room. Let's have a good talk," Damon said.

The North Wind Bar?

Felicity didn't know why he wanted to talk there, but she had to agree with it.

Before hanging up the phone, Damon suddenly said jokingly, "When you come later, remember to wear something...."

"More sensible..." he finished suggestively.

Chapter 94

Felicity was confused.

What did Damon mean by that?

She dismissed it. Probably, he just meant for her to dress decently for the occasion.

At about seven o'clock in the evening, Felicity left home again.

When she was about to go out, she bumped into William. He asked, "Are you going out? To the North Wind Fund company?"

Inexplicably, Felicity didn't dare to look him in the eyes. She said shyly, "Yes."

Then, she quickly walked out.

When William saw this, he frowned, but he didn't think about anything else.

When Felicity arrived at the bar, she immediately called Damon.

From a private room on the top floor, Damon had spotted Felicity.

Felicity was wearing a smart, black suit. Her clothes were tight, so her body shape was vividly portrayed.

And her black stockings made her long legs look even more slender.

Damon swallowed a mouthful of saliva.

He had asked her to dress more sensibly. He didn't expect that she would wear such an alluring outfit!

Was she planning for some roleplay later?

At this lascivious thought, Damon's body began to heat up again.

He didn't know what she was wearing under that black outfit.

He couldn't wait anymore.

When Felicity saw Damon, who weighed more than 100 kilograms, and saw his burning eyes, she couldn't help frowning.

But she still said politely, "Hello, I am Felicity Bai."

Damon immediately asked her to sit on the sofa, "What do you want to drink?"

Felicity was stunned and said, "Just water, thank you."

But Damon was immediately unhappy. "You came here just to drink water? How about some whiskey? Here!"

He casually called a waiter over and ordered a bottle of liquor.

Felicity immediately said, "I'm here to talk about some matters, and I can't drink."

Damon frowned even more. "This sexy b*tch, is

she messing with me?"

Who would wear clothes like this to a bar?

It was so obvious she wanted him to f*ck her!

"All right, all right. We are all sensible people. Let's get down to business first," Damon said.

Felicity tidied up her long hair and quickly spoke about the difficulties faced by the Bai family. Then, she asked Damon if the North Wind Fund would continue with their agreement.

They wouldn't mind if the interest was a little higher.

However, Damon smiled.

This was not about the interest!

"It depended on Felicity's 'performance' tonight!" he thought lewdly.

He pretended to be hesitant and said, "Well, it's a little hard to deal with this..."

Seeing him hesitate, Felicity suddenly became a little anxious. "Just tell me what your conditions are!"

Damon had already texted Baxter that he would meet Felicity at the bar that night, and Baxter clearly replied that Damon must agree to any of her requests.

But in Damon's mind, it meant that Felicity had to offer some good returns too!

Now that Felicity was asking for help from the North Wind Fund, she must do whatever he wanted.

"Conditions? Wait a minute, let me think about it." Damon saw that the liquor had been sent over and hurriedly opened it.

He poured Felicity a full glass.

As Felicity looked at the drink, she felt that she was in trouble.

She was in poor health and rarely drank alcohol.

But the night's negotiation was too important. For a moment, she hesitated whether she should drink the liquor or not.

"Come on, let me finish this first, as a sign of my sincerity." With this, Damon gulped a big glass of liquor himself.

Then he looked at her and asked, "On behalf of the Bai Group, you should prove your sincerity!"

Felicity pursed her lips. Finally, she mustered all her courage and gulped the entire glass down.

She had an uneasy feeling in her heart. She quietly took out her mobile phone and sent a message to William.

After a glass of alcohol, Damon suddenly became very horny.

He squeezed his body towards Felicity.

She screamed and quickly moved aside.

Damon was unhappy. "Why are you dodging me? Do you discuss business with others like this too?"

Looking at his flabby body that weighed more than 100 kilograms, Felicity hurriedly said, "Director Chen, I'm here to talk about business..."

Damon became arrogant. "Has no one taught you how to talk business in a bar?"

As he spoke, he reached out his hand to touch her face.

Felicity's face froze. She stood up immediately and said coldly, "Director Chen, I think you misunderstood me. I'm not that kind of person."

Damon also stood up with a perverted smile on his face. "Who knows? Don't all women say that? Then they become a different person in the bedroom..."

Felicity's face turned red. How could she be oblivious to what he meant?!

She said coldly, "Director Chen, please behave yourself! I think I'd better go back first."

However, Damon's arrogant voice came from behind her. "You want to go? Haha, okay, then, let your Bai family pay for your restraint! Just let them go to h*ll because of your pretentious behavior. Now, you are the cause of their sufferings!"

Felicity was about to reply when she suddenly screamed.

Damon actually rushed over to her!

She quickly opened the door.

But suddenly, someone appeared at the door!

Felicity was stunned!

When Damon saw the person come in, he burst out laughing.

"Brother, you're finally here. Where were you? Come and play with me. The atmosphere is heating up"

Hearing that, Felicity already knew that it was Baxter.

Baxter's reputation in Qena City was well known.

Thinking of this, Felicity's mind was blown!

She was doomed!

She was caught in between these two men!

"Am I going to be humiliated today?" Felicity's mind was in a mess.

Her heart suddenly beat violently.

"Sorry, William, I was too impulsive..."

She should have known that it wasn't so easy to make an appointment with the North Wind Fund. She didn't expect that they would...

"It would be great if you were here with me."

Tears flowed down her cheeks.

Baxter rushed in and closed the door.

Felicity suddenly felt like she was a sheep in front of a pack of wolves.

When Damon saw this, he laughed even more loudly.

"Brother, I really admire you! This girl is quite tough! I have been thinking about her for several years! But I just couldn't get to her!"

"You actually found a way to make her come to me. Look at her outfit, tsk tsk tsk..."

"I really can't stand it! Brother, help me grab her!"

While Damon was talking, he was about to pounce on Felicity again.

Felicity was in a dilemma and she closed her eyes in despair.

But at this time, there was a loud "bang" sound!

A wail rang out immediately!

Felicity was stunned.

Was someone here to save her?

Was it her husband?!

She opened her eyes and was shocked to see Damon lying on the ground!

A foot ruthlessly stepped on his face!

It was Baxter!

04:09 

"Are you blind? She is my Brother's wife, how dare you touch her! I'm going to kill you!"

VAMP20 WORKS

Chapter 95

Baxter kicked Damon in the crotch, causing him to scream like an animal being slaughtered.

Felicity was stunned.

What was going on?

How could Baxter hit his cousin?

Damon was even more confused. He shouted loudly, "Brother! What are you doing? I haven't touched her yet! I wanted to let you go first. Why did you hit me?"

Hearing this, Baxter was so angry that his head was pounding!

Earlier that day, Baxter couldn't leave the office due to an urgent matter.

That was why he wanted Damon to entertain Felicity first.

It was such a simple task!

He didn't expect the obese idiot to be so daring!

Damon even dared to touch William's woman!

He was looking for death!

Fortunately, William called Baxter again and asked him to check on the situation immediately.

If he had been a little late, Damon would have touched Felicity!

Then, Baxter would have to endure William's wrath! Who in the world could handle that?

This idiotic Damon! Did he realize the seriousness of the matter?

He deserved to die!

Baxter kicked Damon a few more times and then roared, "Hurry up and apologize to Miss Bai!"

Damon was beaten up for no reason. However, when he saw Baxter's fierce look, he knelt on the ground, apologizing respectfully to Felicity, "Miss Bai, I'm sorry. I have offended you..."

Felicity was still very confused.

Baxter asked Damon to get lost. Then, he looked at Felicity who was dripping in cold sweat. "Miss Bai, you were frightened just now. Are you hurt?"

Looking at Baxter's face, Felicity couldn't help but shuffle backward.

She wondered whether he was only acting like a hero to save her.

However, Baxter was extremely intelligent and could see through her fear.

He said sincerely, "Miss Bai, don't worry. I would never dare to touch you. I swear to God!"

While speaking, Baxter opened the door in a hurry.

He closed the door just now because he didn't want Felicity's reputation to be tarnished.

Now that he opened the door, it meant that he wasn't going to do anything untoward to her.

Seeing Baxter's reaction, Felicity was even more suspicious.

Did the Qena City playboy, Baxter, actually turn over a new leaf?!

Baxter quickly took out the contract he prepared and handed it to Felicity. He said respectfully, "Miss Bai, the contract has been prepared for you much earlier. Once you sign it, everything would be settled"

Felicity still couldn't believe her ears. She took the contract and glanced through it. After making sure that there was nothing wrong, she signed it quickly. But after she did so, she said hesitantly, "But I didn't bring our Group seal, I only have my company's seal..."

She had never thought that she would sign the contract on the spot, so she did not bring the Group seal.

However, Baxter quickly replied, "It's okay. It's all the same."

As he said that, he took the two contracts and turned around quietly.

He exchanged the two sheets of paper with one hand.

Felicity didn't suspect him. She took a copy and

stuffed it into her bag. "If there's nothing else, I'll go first."

Baxter quickly sent her off.

After a few steps, Felicity turned around, took a deep look at Baxter, and said, "Thank you."

Baxter quickly waved his hand. "It's my obligation."

When she left the building, Felicity panted in shock.

What happened just now was so scary.

However, the outcome was unexpectedly smooth.

She couldn't help wondering why Baxter was being so respectful to her.

"Could it be that Xena and I were right?" she thought.

"Someone secretly left a way out for the Bai family."

"And only I would be able to help them out."

"Who on earth is helping me?"

Just as she was thinking about it, her eyes suddenly turned cold. She shouted excitedly, "William! William!"

She saw William out of the corner of her eye.

William was standing in front of the Lamborghini, as if he was waiting for something.

William turned around and saw that Felicity was

safe and sound. He smiled and waved his hand. "I've come to pick you up and bring you home."

Felicity had sent a message to him, but she didn't expect him to reach so quickly.

With a lingering fear in her heart, she ran to William in a hurry.

William grabbed her little hand. He felt her cold body on his.

A tinge of anger flashed across his face.

"Let's go home." William helped her into the car.

In the car, Felicity looked at the man beside her and felt very warm.

Fortunately, nothing bad had happened. Otherwise, she really didn't know how to face him...

"William, you're so nice to me," Felicity whispered.

The conflict between them was instantly solved after this gentle and soft conversation.

"I will treat you even better!" William replied shamelessly.

Felicity was about to point out his shamelessness when William's cell phone rang.

He looked at his phone. It was from Baxter.

"Hello?"

At this moment, Baxter was standing in front of Damon. Two men were pressing down on Damon

against the ground.

"Mr. Lu, this Damon..." Baxter had already sent a simple message to William.

William looked at Felicity who was sitting beside him, and he smiled warmly.

But his words were as cold as ice.

"Throw it into the river!"

His words revealed a strong killing intent.

Felicity's heart skipped a beat. She couldn't help but ask, "What did you want to throw into the river?"

William said in a low voice, "Nothing. Just some rubbish."

Felicity suddenly became serious and said, "Rubbish should be thrown into the trash can. How could we throw it in the river?"

William smiled and said into the phone, "Did you hear that? My wife said that rubbish should be thrown into the trash can."

At the other end of the phone, the person was still talking...

William suddenly slowed the car to a stop, his eyes as cold as ice.

He reached out his hand, caressed Felicity's hair, and said into the phone, "If you can't fit it into one trash can, then use another two or three..."

After that, he hung up and continued driving.

Felicity smiled and said, "Well, that's right."

But she didn't know what bloody scene was going to unfold!

After Baxter hung up the phone, he felt as if he had fallen into an ice cellar!

He could feel William's voice through the phone. It sounded gentle, but Baxter knew that it was murderous and cold!

It was heartless!

A life was worthless, in William's mind!

Baxter shuddered in fright.

Before this, he only respected William.

However, after experiencing the calamity of the Bai family, he was shocked to find out how frightening William actually could be!

William's strategies and schemes could not be speculated by an ordinary person!

And now, he ordered a man to be killed, with such a gentle tone of voice.

The killing was decisive, and his wisdom was unparalleled.

William was like a king!

Baxter was well acquainted with many kinds of people, and he suddenly had a deep respect for William!

He looked at Damon who was struggling in front of him and suddenly shook his head helplessly.

This idiot Damon could have taken this opportunity to help Felicity.

Who would have thought that Damon's foolish mind would lead him to his death!

Life and death was like that.

"Throw him into the trash can! Damon, remember not to provoke that guy in your next life..."

"The guy by the name of William Lu....."

VAMP20 WOI

Chapter 96

Felicity took a hot bath as she returned home and instantly felt better.

She recalled the tumultuous events of the day. It all felt like a dream.

Did she actually single-handedly bring the Bai family back to life?

She shook her head and a burst of fatigue spread through her body. Her entire body was sore.

William walked over to her and said with a smile, "Are you tired?"

Felicity nodded. "Well, a little bit. Thank you for picking me up."

"Do you want me to massage you?" William asked.

Felicity was stunned. "You know how to give massages??"

William was delighted.

"Isn't that what I'm best at?" his heart muttered.

"A little..." William said seriously.

But Felicity rolled her eyes at William and said. "You're just here to take advantage of me, aren't you?"

William broke out into a sweat. How could she be

so frank?

Felicity smiled slyly. "Hmph, don't even think about it. Go to sleep."

William shamelessly wanted to get on the bed, but Felicity kicked him away. "It's supposed to be a month. We can't cheat, not even a day, an hour, nor a second."

To William, the cold floor felt as ruthless as Felicity's heart.

Felicity felt a sense of peace and comfort that she had never felt before during her sleep.

The next day, a phone call woke her up.

Rebecca was calling her.

"Felicity, come over to Grandma's place now. She wants to know the progress." Rebecca said on the phone and hurriedly hung up.

Felicity sighed. That group of people really had no patience at all.

She looked at William and an idea came to her mind. "William, I need to go to Grandma's house now. Will you come with me?"

It was the first time Felicity spoke so coquettishly. She immediately blushed.

After experiencing the horror of last night, she realized how secure it was to have a man by her side.

William agreed immediately.

When Felicity went to wash up, William gradually calmed down.

Things were not over yet.

"Today, let's put an end to this matter."

At this moment, all the members of the Bai family were sitting upright, waiting in a tense manner.

Yasmine held the signed contract in her hand, feeling uneasy.

She didn't know how to face Felicity.

If Felicity succeeded, did that mean Yasmine would have to relinquish her position as Family Head to Felicity?

But if she failed, the Bai family would be doomed.

Steven, who was wrapped in bandages, said with anger, "Hmph, do you really believe that she succeeded? You all are so naive! You can't get rid of Baxter so easily."

No one said a word.

Xena sneered.

With William's help, how could Felicity possibly fail?

After a while, Felicity arrived.

Seeing William next to her, Steven suddenly exclaimed in a strange tone, "What's the matter? You don't dare come alone and need someone to accompany you?"

Neither of them spoke. Xena was the only one who enthusiastically greeted William and winked at him.

William was very satisfied with Xena's intelligence. He nodded in reply.

William's faint smile made Xena feel that her fight with the Bai Family was worthwhile.

"Felicity, what's going on over there?" Yasmine asked immediately.

Rebecca pretended to mediate the issue, helping Felicity out with the dispute. Rebecca said to Yasmine, "Mom, only a day has passed, we still have another day, right?"

"Hmph! Didn't you all say that Felicity can handle it? She won't even need this additional day!" Yasmine said unhappily.

Rebecca said immediately, "Mom, how could you say..."

Everyone immediately started to discuss about this matter.

"Yes, if she has the ability, one day would be more than enough for her to deal with the matter. Didn't she manage to deal with so many companies efficiently before this?"

"I think she just wanted to drag on so that the Bai family will be even more doomed."

"Mom, it's better for us to think of other solutions."

If it doesn't work, we can pack up quietly and leave Qena City."

"Stop it," Yasmine shouted.

She threw the contract in her hand towards Felicity. "Look at it yourself. Your mother signed it for you. Felicity, I hope you are wise enough to know what is the right thing to do."

When Felicity saw the contract, she looked at Rebecca incredulously.

"Mom! How could you?!"

Rebecca answered like it wasn't her fault, "Felicity, don't blame me. I had no choice. It's okay. We are on the same side. When the time comes and if they want you to die, I'll die with you. Three lives would be enough."

Felicity was flabbergasted!

This was not a matter of life and death!

This group of people were playing with her!

She almost sacrificed herself for them the previous night....

"Felicity, it's okay. There's still one more day. We can still find a way out. Isn't there someone who would always back you up? If things didn't work out, you can ask him for help. I believe in you." Rebecca exclaimed.

"Enough!" Felicity shouted. Her mood was completely ruined.

Everyone quieted down instantly.

"I met up with Baxter Chen from the North Wind Fund last night and have signed the contract. They will carry out their terms as per the formal contract," Felicity said.

Everyone's eyes were wide open.

Felicity had succeeded?

So quickly?

Steven took the lead and shouted, "Don't you dare fool us here. You think I don't know who this Baxter Chen is?"

But then, Felicity took out a contract from her bag and slammed it on the table.

Looking at the confident Felicity, everyone was speechless.

She had really succeeded...

Steven burst out in anger. "How is this possible! How could it be! Tell me, what crooked ways did you use to convince Baxter?!"

Everyone looked at Felicity expectantly.

Felicity's face was cold and she didn't speak.

Suddenly Steven patted his head and his eyes became cold.

"I knew it! I know how you dealt with him!"

"You slept with him last night, didn't you?"

Everyone's expressions changed.

Felicity got so angry that her face turned red. She rushed over and slapped Steven hard!

"You better be careful with your words!"

The loud slap resounded through the whole place. Steven was completely stunned.

But when he came back to his senses, he was incensed. "How dare you slap me! Do you want to die? You don't like it when other people call you a s|*t?"

Baxter was well-known for being a pervert. There was no other way to satisfy him than spending a night with him.

Rebecca replied angrily, "What's the matter? What's wrong with sleeping with him? Even if Felicity really did it, it was for the sake of the Bai family! Could anyone else waive 19 billion yuan by spending a night with someone? If not, just shut up!"

Yasmine looked at Felicity deeply and said, "Even though you solved the matter, it would be a disgrace for the family if you had dealt with it in such a manner. If you continue to be the head of the family, our reputation will be ruined. How about this, the merit will be offset. This matter is settled, and no one is allowed to mention it again."

Chapter 97

Amidst the crowd, a loud, cold chuckle rang through the air.

It was coming from William.

Looking at these people, William couldn't help but sneer at them.

They were a group of useless idiots who just couldn't do anything right.

Hearing William's laughter, the people around him became very angry.

"You f*cking piece of trash. What are you laughing at?" One of the men shouted angrily.

"Don't you know how disastrous the outcome would be if the public knows that the master of the Bai Family slept with another man?"

"Your wife is having an affair but you can only laugh foolishly? You really are a useless kept man!"

"Shut up! Only God knows who is innocent! I can't be bothered to explain it to you again! It is how it is, there's nothing else I can do. William, let's go!" Felicity held William's hand and left coldly.

She had long known that the Bai family would not easily give her the position as master of the family.

Even if they could not find a reason to blame her, now they would probably still come up with another more disgusting reason the next day.

"You know what's a better choice. Felicity, you don't have to be angry. You've made a great contribution. Although it's not the best solution, I am grateful for it and will continue to support your company in the future," Yasmine said with a smile.

Till then, everything had gone very smoothly.

Not only was the crisis resolved, but Yasmine also retained her position as the Master of the family.

As long as she could lead the family through the ordeal and attain the dealership, she would be able to make great achievements soon.

When Felicity's mother, Rebecca, noticed that the position as the Master of the family was no longer in her grasp, she was extremely displeased.

"Steven, if you are still well, please inform the companies that our problem has been resolved and things would carry on as usual. The Bai family will rely on you in the future," Yasmine told Steven.

Steven nodded.

Felicity sighed and turned around. She wanted to leave.

However, William held her back.

He sneered and asked, "Why don't you guys make your decision after taking a clearer look at the

contract?"

"The contract?"

Everyone was stunned.

Yasmine grabbed the contract and mumbled, "Is this contract fake? You little b*tch! If you lied to me, I'll beat you to death!"

Felicity's heart skipped a beat!

She had read through the contract the previous night, there should be nothing wrong with it.

Yet, what William said was weird. She couldn't understand why William had said what he said.

After a brief read through the contract, Yasmine froze!

Everyone went ahead to take a look and they were immediately dumbfounded.

Seeing their reaction, Felicity felt even more uneasy. She wanted to check out the contract but William held her back.

After some time, Yasmine finally reacted and stared at Felicity with a sinister face. "How dare you! How dare you sign such a contract?!" she scolded.

Felicity finally couldn't bear it. She grabbed the contract and took a look.

Her mind went blank!

She couldn't figure out how it turned out that way!

This wasn't the contract she signed at all.

It wasn't even a contract with the North Wind Fund!

Instead, it was a contract signed with the Genuine Care Medical Center.

It was a very simple agreement. There were only six terms listed.

The first term was to confirm Felicity's position as the President of the Bai Group.

The second term listed a termination of the previous contract between the Bai Group and Genuine Care Medical Center, and a 10 percent increment in buying price.

The third term was, Genuine Care Medical Center agreed to waive all of Felicity's company's investment capital.

Fourthly, the Genuine Care Medical Center would help resolve the breach of contract issues with the ten loan companies.

The fifth term was that Felicity's company would appoint Genuine Care Medical Center as the secondary agent for the pharmaceutical companies in the city.

Lastly, President Felicity Bai would be in full charge of all liaisons with the Genuine Care Medical Center.

On the contract, there was Felicity's company

stamp and her signature!

The contract was a huge surprise. It blew everyone's minds. Everyone's faces changed dramatically.

No one could believe that Felicity had secretly signed a contract with the Genuine Care Medical Center and listed herself as the President.

The Bai family was incensed.

"Felicity, are you crazy? Well! Did you plan all this to steal my position from the very beginning?" Yasmine yelled angrily.

Felicity was stunned. She didn't really hear her grandmother's words.

In contrast, William answered coldly, "I'm pretty sure it was mentioned in your oath that if Felicity had completed her mission, she would be the President of the Bai Group."

Steven said ferociously, "Humph! Who knows whether the mission is complete! Now, she has overstepped her place, acting as president when she isn't! Also, as the Bai Group representative, she is not authorized to sign any contracts!"

William replied calmly, "Oh? Then how did you sign the secondary agent contracts with a dozen pharmaceutical companies? It sounds like you are having serious double standards. Also, if you really think it is illegal, you can deny it and break the contract."

William's words drove Steven up the wall.

Steven had actually done all those deeds. He had even executed many things above what he was authorized to do back then.

"That... It's clearly written in the oath that we would not let the Bai family suffer losses! If the buy-in price is increased by 10 percent, how would we profit? The Bai family can't just work for the Genuine Care Medical Center for free!" Steven argued back.

William smiled and responded, "In that case, let's do some calculations. The 10% raise will make the Bai family suffer temporary losses. However, as long as this agreement is signed, the Bai family will not need to pay for the supplies in advance. In addition, Genuine Care Medical Center would also settle the high interest charged by those companies, and you no longer have to pay for that. Do you still think the Bai family will lose money?"

Everyone was dumbfounded!

This contract was actually designed specifically to rescue the Bai family from all the previous disasters!

The Bai family had breached three terms in previous contracts, but in this contract, all their problems were solved!

They really couldn't claim that they had any losses after signing that contract.

Despite that, the Bai family felt distressed, mainly because Felicity had privately identified herself as the president of Bai Group!

Moreover, in the future, Felicity would personally be in full charge of all matters related to the Genuine Care Medical Center!

That had basically stripped the Bai family of their authority and reputation!

As well as their power!

From then on, with Felicity's authority, nobody could question her anymore. Her position was untouchable.

"Keep in mind that Felicity deserved all this. Without her, the Bai family would have been gone! Of course, you can regret and go back on your word but we won't really be bothered. I'm here to warn you, on Felicity's behalf!"

"If you break the contract, don't expect her help when you have a family crisis the next time!" William said.

After saying that, William dragged Felicity and left!

Now, Felicity had dominated the power in the Bai family, it was a sealed deal!

The Bai family all looked at the agreement. They were all dumbfounded.

It was a huge threat to them.

The Bai family was forced to obey Felicity!

Without obeying Felicity, they could only wait for bankruptcy.

Moreover, since things had come to this point, they had to admit defeat. If the Bai family refused to recognize Felicity's position, it would be difficult for them to move forward!

After William pulled her away, a thought came across Felicity's mind.

She still hadn't figured out how the agreement got changed!

How could William...

"Long live the master of the Bai family!"

"Long live the master of the Bai family!" William greeted jokingly.

She suddenly grabbed William and said with amazement in her eyes, "I should have known that you were behind all this!"
