

Chapter 1

"Mom and dad, I'm unfilial!"

In the garden of Xiao Mountain, Luo City, Xiao Fei, who was tall and strong in a black windbreaker, stood quietly in front of the tombstone with a black umbrella in his hand. His whole body exuded a chilling aura.

There was a rare and strong killing intent on his handsome and angular face. If he had not been killed for a long time, he would not have such a temperament.

He looked at the couple in the picture of the tombstone. His cold face finally became painful, as if the softest place in his heart was stung by steel needles and tortured.

What happened eight years ago was still vivid in her mind, and her parents' voices were still in her ears.

"Get out, get out of here! Get out of Luo City! Don't come back again."

"Xiao Fei, you are already a man. Promise mom and take care of your sister..."

"Brother, where are my parents... Boohoo, I'm afraid... Brother..."

o o o o o

Her father's roar, mother's reluctance, and sister's fear seemed to be the same as yesterday.

Eight years ago, the major family groups in Luo City secretly colluded with each other, forcing the Xiao Family to sign unequal treaties, and attempting to annex the Xiao Group.

There were strong enemies outside and old shareholders inside. In one night, the Xiao Group was destroyed.

On the way home from school, Xiao Fei, who was only sixteen years old at that time, received a call from his parents and asked him to leave Luo City. Xiao Fei, who didn't know the reason, learned the news that his parents jumped off the building and died the next morning, and his sister also disappeared.

"Eight years ago, I jumped into the sea and escaped death. Now I'm back. I want the whole Luo City to bleed like a river."

Xiao Fei remembered all the families that had been destroyed by his family overnight. The blood debt was now a hundred times more than what he had now.

The wind was howling, rolling up the fallen leaves one after another.

Under the dim sunset glow, Xiao Fei's side face was extremely determined.

Eight years ago, the weak Xiao Fei was dead.

Now he came back, and he was recognized as the king of the whole mercenary world.

It was a king who made countless big shots in the world feel terrified.

He returned for killing and took away the head that had been stored on the shoulders of his enemies for eight years.

It was getting dark, but the rain stopped.

Another group of people came to visit the deceased with tributes, flowers, and paper money.

The paper money turned into a wisp of smoke and flew straight to the Heavenly Court like a kite with a broken string.

Swoosh! Swoosh! Swoosh! Swoosh

Those people who were worshipping looked back one after another. A man in a black suit came quickly. Each of them carried a twenty-four-inch big suitcase in their hands. Although they didn't know what was in it, it looked very heavy.

Ten men in black stood behind Xiao Fei respectfully. "King."

Xiao Fei emerged from his grief and asked in a hoarse voice, "Are you ready?"

"I'm ready. There's a total of \$100 million dollars."

Ten men in black squatted down at the same time, opened the suitcase, and revealed the

dollars in the box.

When boxes of green dollars appeared in front of others, they were all shocked.

"Is... is this really US dollars?"

"They... no... couldn't they be robbing the bank..."

Those people looked at Xiao Fei and the others from a distance, with a little nervousness and fear on their faces.

It was not their fault. No one could figure it out. Why would someone bring ten boxes of a hundred million dollars to the cemetery?

At this moment, those people who were worshipping didn't dare to say anything, for fear that they would be killed by these men in black if they made any noise.

However, in the next moment, everyone was shocked by Xiao Fei's actions and collapsed on the ground with disbelief all over their faces.

At this time, Xiao Fei was half squatting on the ground. He took out a large handful of notes from the box with one hand and lit up the notes with the other hand with a lighter.

"B-B-B-B-B-B-but..."

"It's still US dollars..."

Everyone swallowed their saliva. It was the first time they had seen someone who had

defeated the True-Burning bills. And it was a hundred million dollars! They had never seen it before!

Ten boxes of dollars piled up like a hill, weighing one tons of bonus, but who would have thought that such a large amount of dollars was directly thrown into the fire and burned to ashes.

Those people who were worshipping couldn't say anything. Even if it wasn't their money, it still made them distressed.

The fire continued for nearly an hour before it slowly fell. Xiao Fei stood up and looked at the photo of his parents on the tombstone, sighing softly.

After the worship, Xiao Fei raised his hand and waved. Nine of the men in black bowed respectfully and disappeared quietly into the night.

Only one person was left by Xiao Fei's side.

When they arrived at the gate of the cemetery, a tall woman came face to face with a bunch of white flowers in her hand, and then passed by him.

A familiar breath blew on his face, but it was fleeting at the same time.

"Eh?"

She was Su Hanyue, a descendant of the Su

clan from Luo City.

When she turned around, Xiao Fei's towering figure had gradually drifted away. With confusion in her eyes, she slowly walked into the depths of the cemetery.

When she came to the tombstone and saw the flowers and the warm ashes, her face suddenly changed. She quickly chased after Xiao Fei, but he had disappeared without a trace.

"Who is he? Why did he come to visit his parents?"

Su Hanrou was curious. After the tragic case happened that year, Xiao Fei and his sister disappeared. Su Hanrou begged her parents to help to collect Xiao Lancheng and his wife's bodies.

Then she came to visit Xiao Lancheng and his wife every month. For so many years, it was the first time that he had seen someone else come to visit Xiao Lancheng and his wife.

Walking to the tombstone, Su Hanrou slowly put down the flowers in her hand and whispered, "Uncle and Aunt, I came to see you. Did someone come to see you just now? I feel a little familiar, but I can't recognize him. I hope I can meet him again in the future."

After putting away the tributes one by one, she breathed a sigh of relief and looked upset

again. "It's been so many years, but Brother Xiao Fei and Sister Xiao Qi haven't come back yet. You two are the spirits of heaven, so you must protect them safe and sound."

"....."

"By the way, uncle and aunt, Hanrou has a banquet to attend today. She has to go first. She will come to visit you next time."

After Su Hanyue said goodbye, she left the cemetery in the night.

o o o o o

The sky was completely dark, and Luo Cheng was already in a state of green and light.

At this time, Xiao Fei was standing at the door of Jun Shang International Hotel, with his hands behind his back and his eyes full of coldness.

At this time, outside the hotel door, it was very lively. The sports cars stopped one after another in the parking lot. Many well-known businessmen or young talents from Luo City got out of the cars and walked to Jun Shang Hotel.

This evening, Lin Syue, the daughter of Lin Hao, the Lin family in Luo City, had a birthday party. It was said that the Lin family and the Huang family had the intention to get married this time, which meant that the Huang family and the Lin family might unite to form a new business

core alliance. This was a big event in Luo City, and all the big families in Luo City would come forward.

"Lin Xiaotian is one of the three great shareholders of the Xiao Family in those days. My father also values him as his right-hand man." Xiao Fei slowly lit a cigar and slowly raised a cloud of smoke. "Old friend, such a festive birthday party needs some color."

"What color?" The young man in black behind Han Fei asked.

"Blood red."

The man in black hurriedly said respectfully, "Wang, let Xiao Qi go."

Xiao Fei waved his hand and said calmly, "I enjoy the process of revenge. I expect them to be like lambs in my hands with desperate eyes."

It would be too merciful to let these people die so easily.

Xiao Qi nodded respectfully and did not dare to say anything.

"I'm going to attend the birthday party. You'd better stay away from it."

Xiao Fei put out the cigarette butt and threw his fingers into the trash can more than ten meters away. Then he strode toward Jun Shang International Hotel.

"Please show us your invitation."

Chapter 2

The security guard stopped Xiao Fei and said politely.

Not to mention Jun Shang Hotel, which was the highest and most luxurious hotel in Luo City, was a place with rules and rules.

Those who did not have invitations were not allowed to enter.

Xiao Fei sneered. No one had ever wanted to get an invitation from Death.

"Ha-ha, handsome guy, do you want to go in without an invitation?"

At this moment, a beautiful woman ran to Xiao Fei and pounced on him. She said in a delicate voice, "I can take you in, but you have to promise me one thing."

This woman's name was Liu Yuxin, a famous social butterfly in Luo City.

When she saw Xiao Fei for the first time, she wanted to get hold of this handsome man with extraordinary temperament in her heart. Therefore, when she saw Xiao Fei had no invitation, she immediately wanted to go over and talk to him.

With her help, it was a piece of cake to bring a

person to the banquet.

But he thought it was a pity that he was wrong.

When he rushed toward Xiao Fei, Xiao Fei turned aside slightly to avoid her pounce. Liu Yuxin fell to the ground in surprise, wanting to grab everything she could catch. She looked at Xiao Fei, who had already stepped back for a few meters in the blink of an eye, in despair.

Plop!

The sound of smashing the ground was heard. For a moment, everyone at the entrance of Jun Shang Hotel looked at Liu Yuxin.

This famous social butterfly was now lying on the ground in a very indecent position. The scenery under the miniskirt could be seen clearly, and it seemed to be a little attractive.

"You... you want to die!"

Without waiting for the help of others, Liu Yuxin hurriedly got up from the ground with shame and indignation on her face. She pointed at Xiao Fei's nose with her trembling fingers and cursed in a sharp voice.

"I saw that you didn't ask for an invitation, so I wanted to take you in with good intentions. Who knew you would be so ungrateful! Let me tell you, I'm very unhappy, you've caused big trouble!"

Xiao Fei, who used to regard her as a clown,

stopped to look at her after hearing her words.

Seeing Xiao Fei's calm eyes, she became even angrier. She held her hands in front of her chest and snorted, "Do you know who I am? In the whole Luo City, anyone who dares to be so unreasonable to me will definitely be disabled the next day. But you look good, I will give you a choice. Now kneel down and apologize to me, and then be my dog tonight. I can consider letting you go."

Many onlookers looked at Liu Yuxin, and there was a hot fire rising in their lower abdomen.

Everyone knew that Liu Yuxin had some little fun, but he spoke out in public, which made these men somewhat unable to control themselves.

Soon, the two young people who were unwilling to come out ran over, and their faces were full of worry. "Ya Xin, are you okay?"

Looking at the two companions coming over, Liu Yuxin's heart was even more unscrupulous, and her eyes were full of arrogance. "This garbage made me lose face in front of everyone. I am teaching him a lesson. It's okay."

The two young men gritted their teeth and looked at Xiao Fei coldly. "Don't worry, Ya Xin, we will definitely help you vent your anger!"

"Where do you come from? You look like a fucking idiot. I'm telling you, don't look like you

need to be beaten. Get down on your knees and kowtow to me three times. We'll spare your life."

"Hurry up. I have a lot of things to do. I will be delayed here. If you don't kneel down when we go in later, we will have to let the gangsters to deal with it. I think you should understand what will happen at that time."

Liu Yuxin also looked at Xiao Fei proudly and said, "I'll give you one last chance. If you kneel down and kowtow to me, I'll make you feel good tonight. If you really want to die, I won't stop you. By the way, you should know that last month, a gangster threw the wine on my clothes, and Master Lu and Master Liu directly disabled both of your hands. As for you... you may have to separate your hands and feet."

Hearing Liu Yuxin's words, the two young men also looked arrogant. They raised their necks and looked very proud.

"The last person who talked to me like this has been smashed into pieces and left in the bay of Brazil to feed sharks." Xiao Fei shook his head. These trash was not even qualified to let him open his eyes. If those people in the mercenary world knew that these trash dared to talk to the famous Dragon King like this, they would probably be shocked.

A young man roared, "F**k, do you know who I am? I am Lu Qiming, the First Young Master of the

Lu Family. In Luo City, as long as I, Lu Qiming, give an order, you have to leave the dragon head here and kneel down to me quickly."

The other was also unwilling to fall behind. He said, "I'm Liu Jianqiang, the First Young Master of the Liu family. Are you afraid? Don't be stunned. Get down on your knees and climb over to lick my shoes. If I'm happy, I may let you go."

Xiao Fei shook his head and looked at these people with a faint smile. "Are you done talking?"

"That's what I'm going to do if I'm annoyed. Get down on your knees and climb over here!"

After saying that, Liu Yuxin raised her chin with an arrogant look in her eyes.

In the next moment, Xiao Fei's actions completely stunned the three of them.

Xiao Fei raised one hand high and slapped Liu Yuxin.

"Clap!"

His voice was loud and deep. After slapping Liu Shaxin, she felt dizzy and stumbled back a few steps with blood on the corner of her mouth. She looked at Xiao Fei in disbelief.

She was beaten! She was beaten by a man she didn't know in Luo City!

She didn't believe everything in front of her was true at all. She pointed at Xiao Fei and said

coldly in a trembling voice, "You... How dare you hit me?"

Xiao Fei gave her a cold look, took out a paper towel to wipe his palm, and said lightly, "Now get out of here, and I will spare your life."

"Swoosh!"

Everyone was shocked when they heard that.

"This... this is the territory of the Lin family. I didn't expect that someone would dare to talk so much nonsense here!"

Liu Yuxin wanted to swear, but when she saw Xiao Fei's eyes, she forcibly swallowed what she was about to say.

The look in his eyes was terrifying!

Lu Qiming and Liu Jianqiang looked at each other and swallowed their saliva. They looked at Xiao Fei and said, "How... how dare you!"

Lu Qiming and Liu Jianqiang were both big shots in the circle of the top rich second generation in Luo City. The Lu family and the Liu family had great power in Luo City.

However, when they were talking to Xiao Fei at this time, they were not confident enough.

"Did you just say that you want me to kneel down?" After Xiao Fei watched Liu Yuxin slip away in disgrace, he turned to look at the two men and asked, "Do you still want my feet? Is that so?"

At this time, there were a lot of onlookers, so Lu Qiming and Liu Jianqiang naturally couldn't lose the face of their own family.

Although Liu Yuxin's surname was Liu, she was not a member of the Liu family.

The two of them made up their minds. The Lu family and the Liu family were very powerful in Luo City. They didn't believe that this kid dared to provoke them.

"Yes, do you think we'll be afraid of you if we beat a woman who has no status or background?"

"The Lu's and the Liu's can actually provoke a contemptible scoundrel like you..."

"Bang!"

Before they could finish their words, Lu Qiming's pupils dilated and his face was full of pain.

His mouth was wide open, but he couldn't say a word. A few seconds later, with a "cack", Lu Qiming collapsed directly to the ground.

At this time, he could feel that his feet had been crushed into meat paste by Xiao Fei.

That was the young master of the Lu Family, Lu Qiming!

Xiao Fei could actually stomp Lu Qiming's foot into a pulp! What's more, he dared to do this!

Looking at Lu Qiming's pitiful appearance, Liu

Jianqiang's heart was in a turmoil. It was not difficult for him to imagine that Lu Qiming's miserable situation was his own end in the future.

"Say what you just said again." Xiao Fei looked at Liu Jianqiang and said in a flat tone.

Chapter 3

"Who do you think licked the shoes clean?"

Watching Xiao Fei coming over step by step, the sound of footsteps seemed to step on Liu Jianqiang's heart, making him unable to breathe.

"Plop!"

All of a sudden, under everyone's horrified gazes, Liu Jianqiang suddenly knelt on the ground and hurriedly pleaded, "I'm sorry, I didn't recognize you. Please let me go. I'll lick you, I'll lick your shoes clean!"

Even though he was of noble status, his life was more important than his dignity.

"This..."

Everyone present was stunned. The First Young Master of the Liu family used to be so arrogant, but now he crawled over and wanted to lick Xiao Fei's shoes.

Lying in front of Xiao Fei bit by bit and looking at the leather boots close at hand, Liu Jianqiang closed his eyes and braced himself to get close to him...

"Swoosh!"

However, at this moment, Xiao Fei pulled back his foot, and Liu Jianqiang's kiss missed its

target.

Liu Jianqiang was stunned, and there was a hint of joy on his face. Did this guy change his mind? He didn't want to make a fool of himself in front of so many people?

However, he only saw Xiao Fei turning around and walking into the hotel. He gradually walked further and further away. After a while, a faint voice came over. "You don't deserve to lick my toes."

"Swoosh!"

As soon as he finished speaking, Liu Jianqiang's face turned red, full of shame, and his mind kept thinking about Xiao Fei's words.

As for the others, they were all convinced by Xiao Fei's angry tone. They couldn't hear any arrogance in Xiao Fei's tone, and there was a kind of condescending spirit in his indifferent tone.

Who on earth was he?

Everyone had such an idea in their minds. They looked at the tall and sturdy Xiao Fei with doubts.

By the way, Liu Yuxin stopped Xiao Fei.

"You... don't come over."

Liu Yuxin was so scared that she trembled all over and quickly retreated for a moment. At the moment when Xiao Fei looked at her, she only felt

a blast of cold air rushing from the tail bone to the top of the skull, and a stream of liquid was left along her two long legs.

One look in her eyes scared her so much that she wet her pants.

Xiao Fei was a little disgusted, but he said coldly, "Tomorrow, let the Liu family, the Lu family, and your father kneel down to look for me. If you don't come, you should know the consequences. Also, I only have one day of patience."

After that, he slowly walked to the hotel.

The security guards at the door stopped, but they didn't dare to stop him.

"My old friend is here to visit. There's no need to inform her. I'll go up on my own."

The security guards hurriedly bowed and invited Xiao Fei in.

After Xiao Fei entered the hotel, the crowd was drinking and chatting in twos and threes. While waiting for the banquet to begin, they were talking and laughing about some interesting things.

"What would you like, sir?"

A waiter who was neatly dressed walked over with a wine cart.

"Thank you, no need." Xiao Fei smiled and then took out a few dollars and handed them to

the waiter.

The young man was delighted and thanked him quickly. Of course, he didn't know that this was Xiao Fei's first smile after returning to Luo City.

This was Xiao Fei. He didn't have the slightest tolerance for rubbish, but he had enough kindness and mercy for the weak.

He just stood in the corner and attracted a lot of people's attention, especially his handsome and resolute side face and deep eyes, which aroused many people's interest in him.

"This person doesn't look like an ordinary person at all, but for so many years in Luo City, he doesn't have any impression at all."

"Yeah, this person's aura is a bit strong."

"It gives people a sense of oppression that even many big shots in Luo City don't have."

o o o o o

Xiao Fei didn't care about these gazes. He just sighed in his heart with a dim look, "Eight years ago, this Jun Shang International Hotel was named Xiao."

Then, his eyes were full of anger, and his whole body was filled with killing intent.

Chapter 4

Eight years ago, the Xiao Family was destroyed, and everything of the Xiao Family was carved up by these families. Now, it was time for them to spit out everything one by one.

In the hall of the ball, there were a few familiar faces that surprised Xiao Fei.

Those young men and women were talking and laughing. Compared with other big shots in the business world, they were less famous.

Xiao Fei had a vague impression that these people were his high school classmates.

He almost forgot that Lin Siyue was his classmate at that time. At the banquet today, these former classmates also came to congratulate him, which was also a way to pave the way for his future.

Xiao Fei slowly walked over. In those days, Xiao Fei relied on the power of the Xiao family and won the attention of tens of thousands of people.

And now, Xiao Fei, by virtue of his own aura, attracted the attention of countless people.

At this time, the young men and women noticed that Xiao Fei seemed to be coming this way. Many women's hearts were beating wildly.

They exclaimed with some amazement, "He is..."

"It's kind of like Master Xiao. I don't know if you still remember him. Is it that Master Xiao is back?"

"Let's go!" someone said in a low voice.

After all, eight years had passed. Even if Xiao Fei was still alive, his appearance had changed again and again. What's more, most people had forgotten what the young Xiao Fei looked like.

"Impossible." Someone shook his head and said, "When the Xiao family was destroyed, Childe Xiao committed suicide by throwing himself into the sea. The rescue team failed to find him after searching for a month. How could he be alive?"

What happened that year was no longer a secret. Although no one knew the truth, they knew clearly what would happen to the Xiao family — Xiao Lancheng and his wife committed suicide by jumping off a building, Xiao Fei committed suicide by jumping into the sea, and the little princess of the Xiao family suddenly disappeared.

When the past was mentioned, many people sighed with emotion and said, "Young Master Xiao was very good in those days, but unfortunately..."

Xiao Fei listened to the sighs of others, and his face was indifferent.

However, his heart was constantly changing, and he was in a turbulent mood.

"Is it a pity?"

"It's not a pity! It's precisely because of that training that he can become a god that is admired by thousands of people!"

At this time, a girl in a pink pleated dress, as noble as a princess, came down from the upstairs, and immediately attracted everyone's attention.

Lin Syue, the daughter of Lin's Group, the protagonist of today's banquet.

Lin Syue had long hair as long as her waist. Her skin was white and her facial features were exquisite. Especially her big eyes and long eyelashes looked like a cloth doll, which was marvelous.

She was considered one of the stand-ups among the rouge and common powder.

After she appeared, countless people in the venue were excited, especially some men who were crying feverishly.

"Miss Lin is here!"

"Sisyue is my goddess in my dream! She's so beautiful!"

"Ah ah ah ah, why is my goddess getting engaged! Why!"

Lin Syue walked into the field with a calm smile on her face. She greeted the guests one by one, which was noble and showed the

temperament of the First Miss of the League of Strong Families to the extreme.

Some young men with status in the field did not dare to move forward at this time.

It was as if they could say hello to Lin Syue, which was their greatest glory.

Xiao Fei looked at Lin Syue from a distance, and his heart was full of anger. No one knew how the Lin family's current glory and pride came, and only he knew the ugly side of the Lin family.

Lin Siyue elegantly accepted the admiration of the crowd, but in her heart, she was laughing at these low-ranking ants. None of these people could catch her eyes.

All of a sudden, she felt a thorn in her back.

"No... No way?"

But when she saw Xiao Fei's face clearly, her heart completely trembled.

For three years, she had been looking for the man who was like an emperor, but she didn't expect that he would appear at her birthday party.

It was him!

It was really him!

In an instant, Lin Siyue's heart was like a blooming flower. She was stunned in the same place, and then she trembled with excitement. She covered her mouth tightly to prevent herself from

crying on such a festive occasion.

Tears welled up in her eyes and continued to drip down her cheeks.

Only that man, who looked like the Shen Mansion, had this kind of momentum.

"It's him... It's really him..."

Chapter 5

Three years ago, what happened three years ago was still vivid in his mind.

That day, she went abroad to relax herself, but met with a pirate ship.

At that time, she almost felt desperate. She didn't care about money. However, the pirates were all over the world. How could she let go of a beautiful woman?

At the most crucial moment, a man in a windbreaker, who was as cold as an emperor and god, came down from the sky and killed all the pirates with a wave of his hand to save everyone.

She would never forget her charm for the rest of her life.

In the past three years, how many nights had passed when they saw each other again? She thought that they could never meet again, but she didn't expect to see this man at her birthday party and engagement party.

"Fu Jian didn't offend you, and even invited you to drink. It's okay if you don't appreciate it, but you even slapped him. It's too much..."

On the other side, Xiao Fei was still talking in an enchanting manner.

She was afraid that Lin Syue didn't know the truth. After telling her everything, she was proud in her heart. "How dare you refuse me? I'll let you understand what regret is later."

She insisted on it. Lin Mengya's birthday party and engagement party were very important. If Lin Mengya dared to make trouble at this party, the Lin family would definitely not let her go.

When Wen Rao complacently said, Lin Siyue, who was not far away with tears in her excited eyes, naturally knew what Wen Rao meant. If at ordinary times, Wen Rao was her classmate, she might help her.

However, he dared to target his lover who she had been thinking about every day and night for three years. He was looking for death.

"Wen Rao, shut up!"

Hearing the extremely angry voice, he was still stunned after hearing the endless words. "What?"

Lin Mengya was Lin Suyue's classmate. Although she was not Lin Suyue's good friend after all these years' hard work, she also had a good relationship with Lin Suyue.

However, Lin Syue shouted at him in public. What, what was going on?

The next moment, before Wen Rao could figure out why she would be scolded, Lin Syue

walked quickly to Wen Rao, raised her hand, and slapped her directly.

Snapped! Snapped! Snapped!

A crisp voice sounded, which made everyone in the field look over.

Wen Rao even covered her face with her hands and looked at Lin Syue blankly. "Syue, you... you hit me?"

"At my banquet, you are not welcome to talk nonsense and insult others at will. So is Tu Jian. Come over here and invite the two of you out."

Lin Siyue said angrily.

"Yes."

Behind them, several black-clad walls came up in a hurry. Without Wen Rao's permission, they set Wen Rao and Tu Jian up and left the venue without any hesitation.

"No, Siyue, I'm your classmate. We're good friends. Why did you do this to me?"

"Sisyue, why? I didn't say anything wrong. It's him. He hit someone first at the banquet. Why did you target me..."

"....."

Ignoring their unwilling cries, Lin Siyue turned her head to look at Xiao Fei with a nervous look. "I... I'm sorry. I didn't know who they were and let them get in. Please forgive me."

His words were full of fear and anxiety, but there was a strong emotion in his eyes.

Everyone, "..."

She was the daughter of the Lin family, the protagonist of today's banquet. How could she apologize in a fearful tone?

"Who is he? How could he let Miss Lin apologize in such a tone?"

"Miss Lin's body belongs to a daughter of the royal family. Few people can compare with her in the entire eastern box. However, she is so polite to this guy. Is this guy the descendant of several big ancient families?"

"Hiss..."

At this moment, everyone around was shocked.

Lin Siyue was the daughter of the Lin family. In the East Han, even if she could not compare with the descendants of the few oldest families, she could be said to be more than 10,000 people.

Although these young men were born with extraordinary family background and countless women could come and go with a wave of their hands, they still couldn't catch up with Lin Syue when she was facing her.

There was even an heir of a certain family who had publicly announced that he was willing to

give up all his family wealth and marry into the Lin family!

However, Lin Siyue still disagreed and finally chose Huang Baji, the son of Huang's Family.

This was the first time they had seen Lin Syue apologizing to a man in such a low voice.

"So it's you."

Xiao Fei, who had attracted the attention of thousands of people, said with a simple smile, "How about it since we haven't seen each other for three years?"

"You, you still remember me?"

A simple greeting was supposed to be a level compare, but after Lin Syue heard it, her eyes shone with excitement. "I, I'm very good..."

His words were full of shyness, which could be seen from his heart.

Xiao Fei sighed, "Three years ago, I happened to save people by accident. Three years later, I didn't expect you to be engaged."

He really sighed in his heart. It was easy to save people at that time, and he did not recognize the identity of Lin Syue.

After all, although Lin Siyue was his high school classmate, since they hadn't seen each other for many years at that time, he really couldn't recognize that she was the daughter of

the enemy.

Moreover, when he saved Lin Syue at that time, he didn't have any contact with her. He just glanced at her and knew that there was such a woman in the crowd.

Until now, he really knew that he had saved Lin Syue, the daughter of his enemy, by accident at that time.

"I... In fact, today is mainly my birthday party. The engagement is just a joke of the elders. I haven't agreed yet." When Lin Syue heard Xiao Fei mention the engagement, she was nervous and explained quickly.

Xiao Fei was silent. "Lin Xiaotian, you were poor and two white years ago. If it weren't for my parents' cultivation, you were just an ordinary person in the cold of the alliance. However, you are so ungrateful that you joined hands with the enemy to deal with my parents. Now, should I do the same thing to you?"

Of course, he could see Lin Syue's feelings for him. As long as he was willing, the woman in front of him would be willing to do anything for him.

However, he was a little hesitant.

"Let's go over there and sit down."

Lin Syue was afraid that Xiao Fei would be angry, so she carefully took his hand, sat down, and poured a glass of wine for him. After

hesitating for a long time, she whispered,

"All these years, I can't forget the reason why Di Li agreed to the engagement at that time was that I couldn't find you with any means in the past three years.

I thought that you were a high-ranking god, and a mortal like me couldn't meet you again. Now that you are here, I will tell my father immediately that I have canceled the engagement."

After saying that, he looked at Xiao Fei expectantly.

This birthday party was also her engagement party. Naturally, she agreed on her engagement with Huang Bhua of Huang's Family.

She had thought that the two families were on par with each other, and Huang Tahua was also very excellent. Moreover, the Huang Family had a backer, and the two families were originally allies. If they were to be kissed, the Lin Family would definitely be able to rise to a higher level.

However, when she saw this life-saving benefactor in front of her, and the figure of the god-like figure three years ago appeared again, she was shaken.

"Huang Tahua... he..."

Lin Siyue's eyes flickered slightly, and she looked at Xiao Fei in front of her. Suddenly, her

heart trembled. "Why does he look like Xiao Fei from the past?"

"No, it can't be. Xiao Fei is cynical and playful. Moreover, he has already jumped into the sea and died. He is as high as a god. He can't be Xiao Fei."

As the memory emerged, a person, who looked similar to the figure in front of her, appeared in her mind, laughing and joking, which made Lin Siyue's heart tremble.

He was the young master of the Xiao Family at that time, and his status was extraordinary. He was the heart of countless girls who had just begun to love.

She was no exception.

Huang Bhua was her fiancé, whose family background was even higher than that of the Xiao Family.

In her mind, Huang Dahua, Master Xiao of yesteryear, and this god-like person kept flashing across her mind.

She hesitated.

"This is your business. I won't participate in it."

Xiao Fei slowly opened his mouth and gracefully took a sip of wine. He looked around and said intentionally or unintentionally, "This Jun

Shang International Hotel looks good, but it's not easy to have such a hotel in Dongheng and other places."

"My father created it himself."

After hearing this, Lin Siyue showed a trace of pride on her face, and then she said shyly, "As long as you like, I will accompany you to stay in Jun Shang International Hotel in the future, okay?"

"I'm curious about how this hotel was built."

However, Xiao Fei said.

Although Lin Syue felt strange about Xiao Fei's curiosity about Jun Shang International Hotel, she didn't think much about it. Instead, she said casually,

"The Jun Shang International Hotel was originally owned by Xiao's Group, but it was destroyed because of its misdeeds."

He seemed to feel a little pity, but immediately showed a proud look. "It's my father!"

"My father saved the group's property at a critical moment, making Jun Shang International Hotel the first in Luo City!"

"Oh?"

After hearing this, Xiao Fei looked at Lin Syue with a faint smile. "I'm a little curious about Xiao's Group. Can you tell me something about it?"

"Xiao's Group, hehe..."

Lin Siyue's eyes were full of disdain. "That's just a group that rose rapidly by taking advantage of false means and was quickly destroyed. Xiao Fei, the young master of the Xiao Family, and I know him better than anyone else.

Like his parents, he is usually rich and unkind. He has done a lot of bad things, but he is a good-for-nothing himself. In the end, he jumped into the sea and died, and ended up in a bad end."

"I see!"

At this moment, Xiao Fei stayed calm and collected, but there was a chill in his eyes.

Back then, she had tried her best to curry favor with him, but now, she had used all means to slander him. This woman was so vicious.
