

## Chapter 827

"Uh..." Chuck was at a loss of reaction.

Accidents could occur in the next second, and he understood that very well.

Because no one in the world could predict the future. Ordinary people would all go through life and death.

However, Karen's fighting ability and physical quality were definitely on the top of the world.

Even the strongest bodyguard from the Yeager Family had been taken down by her within two moves!

Although there was a huge age gap between the two, the biggest reason was that Karen's fighting skills were extremely strong.

Others would not have the same result.

This ability was rare.

However, the strongest bodyguard from the Whitlock family, Adriana, had yet to appear. It was unknown who would be more powerful between the two of them.

How would Chuck know? The Whitlock Family was ranked number one among all the great families!

"My mother is so powerful that no accident could befall her, right?" Chuck asked and suddenly became serious.

"I'm not cursing your mother. You've heard it just now. I admire her a lot. I'm just asking you to be nicer to her." Miss Scarlett was envious of him.

"Eh?" Chuck was at a loss for words. He did not even do anything to Karen!

"Scratch it." Miss Scarlett shook her head and asked Chuck to rest for the night; they would train tomorrow morning.

"Wait..." Miss Scarlett's words made Chuck want to call Karen again.

After all, Karen was under a lot of pressure, as compared to him. As her son, he should really care more about her.

He felt he had been a little rude to her just now!

Chuck regretted it. He should have been more concerned about Karen's condition. It was as if she had always taken care of him, but as a son,

he had never truly reciprocated the affection.

The more Chuck thought about it, the more his guilt sank in.

"What?"

"Nothing. I'll call my mother when I get out of here." At that time, he would be able to bring good news to Karen.

Chuck thought to himself, it will only be another ten days. She won't get into any trouble within this period, right?

Of course she won't. With her ability, what could possibly happen to her?

"Fine, up to you. Go rest. From tomorrow onwards, you will follow my training plan." Miss Scarlett returned to her room. She did not go back to rest as she needed to prepare a customized training plan for Chuck.

She had a trial fight with Chuck today to evaluate his skills. From it, she had already pinpointed Chuck's weakness.

She needed to customize a training plan for him.

Since the training was specifically tailored for Chuck, it was best to rectify all of Chuck's current weakness in combat.

Chuck, equally exhausted, went back to his room to sleep.

He looked forward to surpass Karen and become a new record breaker in the Wolfen Sect.

"..."

"From today on, you'll be tied with 100 kilograms of weight on your body, and you'll have to carry them with you wherever you go. You'll only be able to untie them when you leave Wolfen Sect!" Miss Scarlett knew the reason behind Chuck's too-brief training period.

Chuck's physical condition had its share of flaws.

Talent was one thing, but the weak condition of his body was glaringly obvious.

Therefore, with so many weights on him, she could push Chuck to his limits. This could make up for the flaws in his physical strength.

"So I just need to carry 130 kilograms of weight on me?" Chuck shrugged indifferently.

There was some heavy metal lying on the ground, but it was not as delicate as the special metal that Karen had given him.

"You've been carrying 30 kilograms of weight all this while?" Miss Scarlett understood what Chuck meant.

"Yes, this ring was given to me by my mother. It's very heavy." Chuck had worn the ring for a long time.

He was already used to the weight. Chuck had even wanted Karen to increase the weight to 50 kilograms!

In order to improve his strength, he did not mind a little bit of hardship. As a man, Chuck could bear with it.

"No wonder you could defeat Hubert. Well, in the coming five days, you don't have to do anything else. You just need to run 20 kilometers every day! Five days later, I will add another 50 kilograms of weight on you. Then the real training will start! I will teach you everything I know." She would teach Chuck the foundation that he had not been able to strengthen before.

This was a customized training plan specially devised for Chuck by Miss Scarlett!

It would definitely improve Chuck's ability tremendously.

Because Chuck's current weakness was his physical quality. Had he been in combat since he was a child, he would not face such weakness of course. It was different because he'd started his training only a year ago.

If one's physical quality improved, everything else would be smooth sailing.

Similar to constructing a building, it was better to build a solid foundation first.

"Okay." Chuck did as he was told.

Karen's evaluation of Miss Scarlett was so promising that Chuck completely trusted her!

Chuck tied the weights on his body and started to run.

Miss Scarlett continued to come up with her training plan. How should she make Chuck graduate in the next ten days?

"Miss Scarlett, are you there?"

There was a faint voice. It was Tessa's.

"Yes, I am. Is there anything I can do for you?" Miss Scarlett came out.

"Is Chuck here?" Tessa came to look for Chuck.

Tessa was sure that Chuck had saved her. She wanted to express her gratitude.

"He's not here. He went training with the weight."

Tessa was disappointed. "Oh, I see. When will he return?"

"It depends on his speed. He is carrying 150 kg on him and will run for 20 kilometers. How long do you think he will take?" 

"Ah? That's so heavy. If it was me, I definitely wouldn't be able to return." Tessa's jaw almost dropped.

Chuck was working his fingers to the bone!

"Why is Chuck so desperate to improve?"

"Because he wants to surpass his mother and to become someone as powerful as her!"

"Is his mother very powerful? Why does he wish to surpass her?" Tessa could not understand.

"You don't know who his mother is?"

"I don't. He did not tell me." Chuck had not mentioned his mother at all!

How could she have known?

"His mother is Karen Lee, a legend in our Wolfen Sect!"

"What?!"

Tessa fell into shock instantly!

Undoubtedly, this came as a bombshell!

She now understood why Chuck had smiled when Liliana had mentioned Karen the other day and when she herself had talked about Karen with the girls.

The girls had lavished their admiration on his mother. As her son, how could he not feel proud?

She suddenly felt extremely awkward as she and the few girls had laughed at him the other day!

Would Chuck have despised me that day? She thought.

"Is it true?" Tessa had heard from Lilian that Karen was a record holder in Wolfen Sect, and she was extremely powerful. The main point was, she was a woman.

"It's true. I even made a video call to his mother. It's indeed Karen Lee."

Tessa found it an effort to believe that Chuck had hidden his true identity so well!

Despite having the ability, despite his mother exalted as a Wolfen Sect's legend, he still kept a low-profile. It was unbelievable!

Tessa's eyes sparkled when she remembered how her friends had

analyzed the situation for her. Was it out of liking that Chuck had saved her that day?!

## Chapter 828

"Why are you looking for Chuck?" asked Miss Scarlett.

"Oh, it's nothing. Sorry to disturb you, Miss Scarlett. I'm leaving now." Tessa turned and left.

Miss Scarlett shook her head and continued planning her training for Chuck.

Tessa returned.

"Tessa, did you manage to meet Chuck? He must be happy to see such a beautiful woman looking for him!"

"I did not meet him."

"You didn't? What was he doing?"

"He was training. Do you know what I found out from Miss Scarlett just now?" Tessa was excited.

"What did you find out?"

"Hurry up and say it!"

"Chuck's mother is actually Karen Lee!" said Tessa.

The girls were instantly stunned.

"No way! Is it true?!"

"I think it's true. Chuck is so good at fighting. He must be very talented. He must have inherited Karen's special genes?"

"Oh my goodness, no wonder he could defeat Hubert!"

"When we mentioned Karen last time, Chuck smiled. Was he smiling because he found us to be silly?"

The girls talked and chatted continuously.

"He must be laughing at us! I did not expect Chuck to have such a powerful mother. Does it mean that Chuck is from a rich family?"

"That's right! He was being low-key! Tessa, what do you think about Chuck?"

Tessa's face turned red. "I fantasized about having a powerful mother like Karen. I did not expect that..."

"What are you guys doing here? Why aren't you all training?" Liliana Lowe appeared angrily.

Since Chuck left, she had only four students left.

She vowed to train these students to defeat Chuck!

"Coach, let me tell you, Chuck's mother is..." Tessa did not manage to finish her sentence.

She was interrupted by Liliana!

"From today onward, if anyone dared to mention Chuck in front of me again, I will kick her out of the Wolfen Sect! Do you all understand?!" Liliana shouted angrily.

"No, Coach, I mean Chuck's mother, she is..." Tessa was speechless.

So was the other girls.

Chuck abandoned her in front of the public. It was normal for Liliana to feel a little offended.

"Why should I care about his mother? I'll say it again. No one is allowed to mention Chuck in front of me! If anyone disobeys me, I'll kick her out right now! Why aren't you all training like I told you to?" After that, Liliana left.

"Coach is really angry at Chuck. She hates him too!"

"Of course. Chuck humiliated her during the freshmen competition."

"I want to see Coach's expression when she finds out that Chuck's mother is actually Karen Lee, the legendary student of Wolfen Sect! Would she dare to ask us not to mention Chuck again?"

"Haha, I would like to see her expression too!"

Liliana stormed out angrily and went to look for her brother, Gaige Lowe.

Gaige was knocked out by Chuck and it was not until today that his swelling subsided. Gaige was extremely angry!

"Liliana, I can't accept this. I will take my revenge on Chuck. I will make him regret everything he has done to me!"

"Gaige, Chuck is now a student of Miss Scarlett. We all know her ability. She will train Chuck to be even more powerful. Even if we fight him together, we won't stand a chance!" Liliana knew her own ability.

She remembered that Gaige was knocked out by Chuck with a single punch.

Chuck even pinched her face!

He dared to tease her!

How could Liliana tolerate it?

Because of this, she could not sleep and she almost lost her mind. She

even dreamt of Chuck pinching her face. She would wake up in anger every time!

Gaige extremely hated Chuck!

"I'll find a way. Don't worry, I'll make sure he'll pay for the humiliation!"

Gaige sneered. He had already planned it in his mind.

.....

"Miss Adriana, Chuck went to the Wolfen Sect to improve his combat skills." When Adriana Whitlock was bored, her bodyguard reported Chuck's situation to her from time to time.

"Combat skills? What for? I won't do anything to him!" Adriana was languid and felt even more bored.

Because she had not seen Chuck for a long time...

She... misses him.

Even though Chuck disliked her, she still wanted to meet him.

She had been in the country for many days.

"It should be Karen's idea."

"Humph, Karen is really nosy. Did she think I will let Chuck die?" A rare murderous gaze flashed across Adriana's eyes!

"I also think that Karen is too nosy. Did she want to train Chuck in a short amount of time to fight against you?" The man seized this opportunity. He still remembered that Karen had hurt him and almost humiliated him in front of Adriana.

"Karen has worked hard to improve Chuck's ability so that Chuck would fight against you. She is trying to interfere between you and Chuck. Without her, I think the chances of you and Chuck to be together would be greater!" The man continued.

Adriana's eyes shimmered!

The man was happy as he managed to convince Adriana.

"Miss Adriana, think about it. Karen is Chuck's source of confidence. If Karen is here, Chuck would be confident. If you want to force Chuck, in fact, the best way is to remove Chuck's confidence..."

The murderous gaze in Adriana's eyes increased. "I've already thought about it and I also have this intention. As long as Karen is still alive, she will never agree for me to be with Chuck. If that is the case, I don't need her permission because... I don't need to listen to a dead person's opinion, and neither does Chuck! Bring that person here!"

"Do you mean, the strongest person from the Whitlock family...?" The

man asked.

That person from the Whitlock Family had not been mobilized for a long time!

It was because no one dared to challenge the prestigious Whitlock family. Would that person, who was the strongest, agree to this?

"If I don't ask her to do it, how could we kill Karen in secret?" Adriana said coldly.

"I..." The man's throat was stuck.

He learned from the Yeager family that Karen had killed the strongest bodyguard of the Yeager family!

"Since we could not kill Karen, we could only ask her to do it! Now, it's time for the younger generation to take the lead. It's time for Karen to lie in the coffin! Do it! Tell her it's me who instructed her!"

"But, she could only be mobilized by the Head of the Whitlock Family!"

"I'm about to become the Head of the Whitlock Family! Why can't I mobilize her? Convey my words to her. If she does not listen to me, I'll tell my grandfather to kick her out!" Adriana emitted the domineering aura as the head of the family.

The man trembled, and he immediately went to do as instructed.

"Remember, this matter must be handled with care. Do not let Chuck know I instructed someone to kill his mother. It was so messy when we killed Willa!" 

"Rest assured, I'll inform her about this! Don't worry!"

"Go ahead!"

Adriana became lazy and said, "Chuck, don't blame me. If you want to blame someone, blame your mother, Karen, for threatening me. As a woman, she has incredible ability. I feel extremely threatened by her. I cannot accept any sort of threatening! Killing her is my favorite thing to do... Chuck, I hope you understand, I really enjoy this..."

Adriana smiled slightly, but her smile made the others tremble!

## Chapter 829

Chuck's five-day weight-training was over.

Actually, Chuck had carried more than just 150 kg on his back. During these five days, he did not slack off one bit. Chuck even broke his own limits and ran 30 kilometers instead of 20!

On the fifth day, Chuck broke his limits and ran for 43 kilometers. It was Chuck's physical limit. When he returned, Chuck had never felt so exhausted!

However, Chuck was very happy. He did not know if he had set a record or anything for running 43 kilometers. Chuck was clueless!

Chuck only knew that over the past five days, he had broken his physical limits again and again!

His physical fitness would improve for every kilometer he ran!

Chuck himself felt that his strength had improved tremendously in these few days, as compared to when he first entered the Wolfen Sect!

This was the result of breaking through one's limits again and again!

Chuck was very excited!

He inherited his mother's abnormal combat talent, and Chuck's hard training had helped him break through his limits each time.

He was curious how strong he was now.

Chuck did not know what his ability was. Maybe in comparison with before, he would only need half of the time needed to defeat Hubert Mate, or maybe only one-third of the time!

Now, Miss Scarlett needed to start teaching Chuck what she had learned and studied about combat skills over the years.

The training for the next three days was the real purpose of Chuck's enrolment!

Three days later, he would need to go through an evaluation test!

Only when he could pass the Wolfen Sect's evaluation test, would he truly graduate!

"Chuck, you may put down the weights on your shoulders first. In the next three days, I will explain to you about combat skills and fighting techniques!" Miss Scarlett proposed that Chuck put down the weight.

"I think I want to continue carrying them. I'm starting to get used to it,"

said Chuck. He tried to seize every minute and every second to improve his physical fitness!

"Got used to it?" Miss Scarlett was stunned. No wonder he was the son of Karen, the record holder of the Wolfen Sect. What kind of abnormal physique did he possess?

He got used to 150 kilograms?

"Alright, Miss Scarlett, please start my training now!"

"Alright! By the way, your body, legs, shoulders, and arms are extremely fit now. I don't think you only ran for 20 kilometers as what I have instructed you!" Miss Scarlett said with dignified eyes!

The muscles on Chuck's body, especially his legs, looked as though they were about to burst from his clothes.

It was in an extreme state!

"Well, I've added more myself."

"How much did you add? 25 kilometers?" Miss Scarlett thought that it was Chuck's limit.

How much could he have added?

Chuck shook his head.

"Twenty-eight or thirty kilometers?" Miss Scarlett asked in a surprised tone.

Chuck continued to shake his head.

Miss Scarlett was stunned. "35 kilometers? Or perhaps 40 kilometers?"

She was very surprised!

He had 150 kilograms of weight on him and he could run for 40 kilometers?

That's abnormal!

"I ran for 43 kilometers!" Chuck answered truthfully.

Miss Scarlett's eyes were dull. "You're joking, right?"

"No, I'm not."

Why would Chuck joke about this with Miss Scarlett?

He had indeed run for 43 kilometers.

It had only been five days. Chuck was confident that if he had been training for a month, he could even run for 60 kilometers!

"Looks like I've underestimated your physical fitness. Indeed, genes are really important," Miss Scarlett muttered to herself.

Chuck's endurance was all because of his abnormal genes! 1

If other people knew Chuck could run 43 kilometers with weights on him, it would not just be a simple surprise!

Even Miss Scarlett was envious of his fitness!

If her own child had this kind of special genes, how wonderful would that be?

"Alright, for the next three days, I will teach you everything I know! Let's start!"

Chuck was excited. He had been waiting for this day for a long time!

In the next three days, Miss Scarlett trained Chuck according to her training plans.

Miss Scarlett taught him some moves, skills and defensive techniques. Chuck learned them with great interest.

He simply forgot himself in the training!

"Alright, you're really Karen's son. In three days, you have learned 80 percent from me! As for the remaining 20 percent, you have to learn them yourself! When you're in combat, the situation is ever-changing, but remember to observe and seize the opportunity. Be quick and accurate. Finish off your opponent as soon as possible! That is the essence of fighting!"

These were Miss Scarlett's last words for him before he graduated!

In the past three days, Miss Scarlett felt that he was a combat genius!

He could execute all the techniques immediately!

He learned everything in an instant!

Miss Scarlett would never forget Chuck. She had taught many students in the past, but only Chuck had such an enviable potential!

"Okay, I'll keep that in mind!"

"Alright, let's rest for the night and go for your evaluation test tomorrow! Your mother spent 15 days here in total, but you still have two days left! Let's see if you could surpass your mother!" Miss Scarlett told him the truth and held high expectations on Chuck!

She also hoped that her students could become stronger one after another!

The record created by his mother would soon be broken by her son. It could be regarded as a special inheritance!

"Okay!" Chuck went to rest.

The next day, the news that Chuck, who had only been there for 13 days, was about to graduate had spread throughout the Wolfen Sect. Everyone knew that Chuck would go for his evaluation test!

## Chapter 830

Wolfen Sect was bustling with noise and excitement. Today, Chuck was going to take the evaluation test and it was a hot topic!

Chuck had only been in Wolfen Sect for a few days!

He was going to take the test after only 13 days?

Many freshmen who came in with Chuck sneered at him!

Did he think he was great just because he had defeated Hubert Mate?

Only two people had taken the evaluation test after 13 days of training since the Wolfen Sect had opened. The first person to do so was none other than Karen, who held the records in Wolfen Sect up till now!

She could pass the test after two days!

The second one was Miss Scarlett!

She also took the test on the 13th day of training!

But it was a pity that she took five days to pass the test!

Both of them were combat geniuses!

Only the both of them could take the test after such a short amount of time!

But who was Chuck?

He only managed to defeat Hubert.

Or was he a combat genius?

But how could there be so many combat geniuses?

"Mr. Hubert, have you heard?" One of the underlings of Hubert's family, who disguised himself as a freshman in the Wolfen Sect, asked.

"What is it?"

Hubert did not indulge himself in fooling around. He was focused on his weight-lifting training!

In a gym-like place.

"Chuck is going to take the evaluation test!"

Crash!

Hubert threw the 200-pound barbell to the ground!

The floor cracked open!

Hubert took a sip of water and said with a disapproval and mockery

tone. "Are you kidding me?"

He knew the current record of passing the test!

Could Chuck do it?

Hubert thought that it was impossible!

"I'm not kidding. Everyone in Wolfen Sect is talking about it."

Hubert frowned and said, "How could it be possible? He came in with me. It's only been 13 days! Did he want to challenge Karen or Miss Scarlett's record?"

"It must be! Otherwise, why else would he be in such a hurry to take the test?"

"Humph, I thought he would take the test at least after a month's time of training. I did not expect that it would take him only 13 days. I've heard about the tests of Wolfen Sect. It's extremely hard to pass them. Did the arrogant Chuck think he could pass the test easily?!" After analyzing, Hubert immediately came to a conclusion.

"I think it's impossible too! Mr. Hubert, would you like to go and take a look?"

"What for? It's impossible for him to succeed. It's possible that he will be trapped there for more than ten days and come out crying in the end. What's there to see? Don't delay my training time. Go and see on my behalf. Report to me after that! Forget it, you would not have anything to report, anyway!" Hubert was still so indifferent to it!

He picked up the heavy barbell again and continued his training plan.

His underling left.

"Chuck, why are you so ignorant? You think you could pass the test after only 13 days of training? Dream on!" Hubert laughed at him and continued to train his body.

He had already decided that he would take the test 10 days later!

'Chuck will definitely fail and I'll be the third person to break the Wolfen Sect's record!'

Hubert was excited!

.....

"What? Chuck is going to take the evaluation test?"

Tessa boiled with excitement!

"That's right. Everyone in the Wolfen Sect knows about it. Chuck is crazy!"

"I think so too. Even if Chuck is Karen's son, it is impossible for him! Does he plan to break his mother's record?"

"That's right. But I'm not optimistic about Chuck!"

"I think so too! He's too impatient! He's definitely not well-prepared. How many days has it been? It's only been eight days. Even if he was trained by Miss Scarlett, how much could he have learnt in eight days? He's just flaunting his superiority!"

"Chuck is too impatient!" Tessa shook her head. She also felt that if he was not well prepared, the success rate was basically zero!

His success rate was definitely zero!

They did not think highly of Chuck!

Gaige and Liliana also heard the news.

The first expression on Gaige's face was not surprise, but ridicule!

Because it was a big joke!

Who did Chuck think he was?

Chuck wanted to break the record that had been in the Wolfen Sect for so many years? Who did he think he was?

Did he think that he could break the record with his current ability?

"Gaige, Chuck is too arrogant. He will suffer a great deal when he enters." Liliana hated Chuck because he pinched her face and teased her.

"Of course! Just wait and see. Chuck will beg for mercy and beg the others to let him out!"

Liliana smiled slightly. "No doubt about it! I want to see his embarrassed face after being tortured. It should be particularly interesting!"

.....

In the Wolfen Sect, all the freshmen did not think highly of Chuck and so did many coaches!

As for Chuck, he was not affected by such words.

He had arrived at the place for him to take the evaluation test with Miss Scarlett!

Miss Scarlett had already explained it to him in detail. The difficulty of these three tests was extremely high!

Snake pit!

Combat against a hundred fighters!

The third test was the most difficult one!

It was a combat with three of the most powerful coaches in Wolfen Sect!

Only when he defeated the three coaches could he truly graduate from the Wolfen Sect!

His evaluation test attracted the attention of entire Wolfen Sect. Most of them were freshmen and they do not think highly of Chuck.

Normally, there was no need to take the evaluation test. One could also graduate after they've studied for a few years!

It's silly to graduate by taking the evaluation test!

They wanted to see how Chuck would be defeated!

"Okay, Chuck, we've reached the entrance. You can enter now!" Miss Scarlett had high hopes for Chuck. Chuck would definitely be able to make it through!

The question was, how long would he take?

Many people gathered there!

They were all interested in Chuck's test!

They wanted to know how long it would take for Chuck to pass the test, or would he beg them to let him out.

"Okay!" After a good rest, Chuck strode towards the entrance of the evaluation test.

## Chapter 831

Chuck had entered the evaluation test area.

This was an abandoned building, but outsiders could not see what was going on inside!

There's no need for them to see!

Chuck would definitely come out begging for mercy.

Some people placed bets on the outcome.

They bet on how long Chuck could last inside!

Miss Scarlett and a few powerful coaches in the Wolfen Sect had the qualification to watch what was going on inside through the monitoring room.

"Everyone, let's head to the monitoring room!" said Miss Scarlett.

Several coaches went into the monitoring room.

They walked at a slow pace!

"Scarlett, if I remember correctly, you've only trained this Chuck for a few days. Is he capable of passing the tests?" a slightly older coach, who had a lot of muscles on his body, asked.

His voice was faint and did not seem very interested.

He really was not interested. If it was not for his duty, he did not even want to come.

This was pure nonsense!

It was a waste of time!

"Yes, he's very talented!" Miss Scarlett did not go into much details.

"I know that. He defeated Hubert last time. But his talents were not the best. It is merely excellent. Relying only on the eight-day training and the ability to defeat Hubert, the odds of passing the tests are very low! Scarlett, I think it's better to train this kind of student longer! At least, he needs to train for another one or two months before taking the test! It's too risky to take the test now!" The other coaches analyzed Chuck's condition.

"If it was an ordinary student, I would do as you said, but Chuck is not. Let me tell you, Chuck's mother is..."

"Miss Scarlett, whoever his mother is, it has nothing to do with us. Besides, I think he is only a little better than other ordinary students!"

"That's right. We don't care who his mother is, what's the point of knowing? Maybe she's a housewife or a rich woman, so what? Can she help Chuck to pass the tests? No way! That is why I'm not interested to know about his family matters!"

"Me too."

Miss Scarlett did not say anything else.

They went into the monitoring room.

The first test had started and they could see the snake pit through the monitoring room!

There were thousands of snakes in the pit!

There were all kinds of snakes!

There were pythons, which were as thick as a person's thigh and all kinds of vipers. Those who were afraid of snakes would definitely have fainted if they were to enter.

It was a test of one's courage!

When Miss Scarlett took the test, she spent half a day at the first round!

Why?

She was afraid of snakes!

Therefore, during the first test, she used a large amount of time to convince herself!

Even now, when Miss Scarlett saw the snakes through the monitor, she still had a kind of creepy feeling.

"Is the antidote still in the pit?" asked Miss Scarlett.

It was for the students who had been bitten by the poisonous snakes.

It was a must-have item!

The snakes in the pit will definitely bite people as their fangs had not been pulled out.

If a student was bitten and the antidote was not injected in time, it was very likely that he or she would be killed.

Although it was an evaluation test, the Wolfen Sect still had to ensure the safety of the students!

"Of course, Miss Scarlett, you can be rest assured! The antidote is on the other side. As long as Chuck goes in, he will see the antidote! Furthermore, if we saw he was bitten by a snake and laid on the ground, we will not just watch him die!"

Miss Scarlett was relieved.

"Wait, why hasn't Chuck come into the snake pit yet? Is he afraid to enter the door?"

"I think the possibility is high. Last time, wasn't there a student who was so afraid that he gave up immediately?"

Miss Scarlett was speechless and thought to herself, "Chuck, are you afraid of snakes?"

Do you not dare to enter?

"It's alright, we can wait for him. We have nothing much to do anyway." They found a place to sit down.

Miss Scarlett wanted to know what happened so her eyes were fixated on the monitor at all time!

Ten minutes passed. Then twenty minutes passed!

Chuck had not appeared yet!

The door that led into the snake pit was still tightly shut!

"Why hasn't he entered yet? Was the first round too difficult for him?"

"He's too big of a coward!"

Several coaches were not interested in watching it anymore.

They regretted coming in to monitor the test.

They were suppose to be involved during the third round.

However, looking at the current situation, Chuck was stuck in the first test and it was difficult for him to progress any further. How could there be a third test?

It was time for them to go back and rest.

"Chuck, what the hell are you doing? At the very least, you should push the door open and try to persuade yourself to overcome this challenge. It's not that difficult!" Miss Scarlett was disappointed!

She had high hopes for Chuck!

But she did not expect that Chuck could not even pass the first test.

He thought of breaking Karen's record with this kind of ability?

"Miss Scarlett, let him train for a few more months. Allow him to come out. We'll leave soon."

Miss Scarlett sighed. She clicked on the screen with the computer mouse to change the view to the entrance of the snake pit.

However, after clicking, there was no one there!

Miss Scarlett was stunned. "He's not at the entrance!"

"What? He really isn't there!"

"He's not at the door, nor was he inside the snake pit. Did he leave? It's too bad!"

Several coaches shook their heads in disappointment!

What was the meaning of this?

He gave up without even trying!

He really was a coward!

How could such a person pass the evaluation tests within 13 days?

Was this a joke to him?

"No, Chuck would not give up so easily. If he is not at the entrance or inside the snake pit, is it possible that when we entered the monitoring room, Chuck had already passed the first round? Could it be that we did not see it?" Miss Scarlett asked.

## Chapter 832

"It's impossible, right?"

"That's right. We had just entered the surveillance room. In five minutes' time, Chuck could pass the snake pit test?"

"It's impossible! We all know the nature of the snake pit. The snakes in the pit are ferocious and one must walk carefully around them. Without any mistakes, it would take at least half an hour to one hour to complete the test! How did Chuck manage to complete it in just five minutes?"

"It's impossible! Chuck must have given up. I guess he was being laughed at by the others outside!"

Several coaches denied it!

To them, it was impossible for Chuck to move at such a high speed. There were snakes everywhere in the snake pit. It was not a place for leisure walking that he could pass easily.

There were snakes everywhere on the ground. He would encounter a snake in every step. How could he have walked so quickly?

When one steps on the snakes, some of the snakes would dodge, while some would attack. They would bite the attacker on the spot.

He could dodge a few snakes, but there's a dozen of them.

How could he dodge all of them?

Therefore, they could not believe it when Miss Scarlett said that Chuck only took around five minutes to pass through the snake pit.

How could they believe in such an impossible incident?

Miss Scarlett did not listen to their words. She used the mouse to click on the image of the second test!

In an instant, Miss Scarlett was shocked!

"Look!"

Miss Scarlett blurted out!

She saw a man walking toward the second test. It was Chuck!

Was it really Chuck?!

She was right. When Miss Scarlett and several coaches came to the monitoring room, Chuck had only spent around five minutes to pass the first round.

Unbelievable!

Several coaches were stunned!

"Did I see wrongly? Did he really pass the first test without our knowledge?"

"Alas, this is really an eye-opener for me. We were waiting for him just now, but who would have thought that he had already passed the first test and was preparing for the second test?"

"It's amazing! It took me three hours to pass this snake pit! How did he pass it in five minutes?"

One of the coaches seemed to be muttering to himself. The snakes inside the snake pit were terrifying!

"I heard that if there is no fluctuation in the heart, then the people who have no fear will not secrete a type of scent. If the snakes can't smell it, it won't bite."

"Oh my goodness! There are so many snakes in there, how could he not be afraid?"

"This proves that Chuck's psychological quality is excellent!"

These three coaches were stunned.

Who would have thought that Chuck could pass the first test within five minutes? Ordinary people would take at least half a day, one day, two days or even four days! Some would even give up as they were extremely afraid!

The difference between Chuck and them was...

Heaven and earth!

If they said this out loud, all freshmen would be so shocked that their jaws would drop!

"Chuck, I was right. You really surprised me again and again." Miss Scarlett's eyes were fixed on Chuck.

Chuck had started his second test!

The second round test was a combat with 100-fighters!

It was a 1 versus 100 combat!

It was a combat against 100 wooden dummies and it would be an extremely tough test for Chuck as he would need to fight 100 wooden dummies at the same time.

These wooden dummies were controlled by machines, and every wooden dummy can only make a few movements. But when a hundred

wooden dummies make a few movements at the same time, it was as if Chuck was really fighting against 100 living people.

Many strong students were stuck during this round!

They could not pass it!

Chuck had just passed the first round in five minutes. How long would he take for this round?

Or, will he run out of luck and could not pass this round?

"Why isn't he moving?"

"That's right. Why is he standing still? Where was the speed that he used to pass the first round?"

Several coaches were puzzled.

Chuck remained motionless in front of the hundred wooden dummies.

Was he dumbfounded?

"He's observing! A combat expert must be good at observing his opponent's rhythm. At this moment, Chuck is observing their movements!"

Said Miss Scarlett.

When the coaches heard that, they were all stunned.

An hour had passed, but Chuck had not moved yet.

"What is he observing? He's taking too long!"

"I think he should give it a try. At that time, I had to keep trying. It took me a day and a half to get through this round. It was considered fast."

But all of a sudden!

"What? What is he doing?"

"What kind of movement is this?"

The coaches were extremely surprised!

Chuck actually stepped on the wooden dummies' head and ran on their shoulder as if he was stepping on stilts.

What...?

Miss Scarlett was shocked. During her test, she was able to pass the test through great difficulty. It was as difficult as going through a thorny forest!

She thought about the strategy for a long period of time during her test.

At that time and even up till now, she did not think about this solution!

Why did she have to fight the wooden dummies one by one?

She just needed to pass through the wooden dummies!

It would be the same even if she had just ran through them!

"Is this considered as breaking the rules?"

Chuck was halfway through.

He observed the wooden dummies' movements and cleverly avoided its attacks!

This was the result of Chuck's one hour observation!

It was extremely accurate!

"Well, he did not break the rules. We did not specify that the students need to defeat the wooden dummies. They could pass as long as they were not defeated by the dummies," said Miss Scarlett.

A few coaches discussed it and felt that it should not be a problem.

It was fine as long as they passed the wooden dummies.

"Unbelievable! He passed the first and second test in one hour and seven minutes!"

"He's extremely fast! Who's going to participate in the third round? Three people are needed!"

"Count me in!" Miss Scarlett exclaimed.

She wanted to test Chuck herself!

## Chapter 833

"Miss Scarlett, are you sure?"

The coaches were confused.

Normally, she should not participate because Chuck was her student. If the student's coach were to test the students themselves, the coach might be lenient toward the student.

It was definitely not allowed!

"I'm sure. You all can be rest assured. I volunteered because I want to see his strength for myself. I will not go easy on him!" Miss Scarlett's eyes shone.

It only took Chuck one and a half hour to complete two tests. It was an astonishing speed!

Maybe this was the beginning of a new record!

Miss Scarlett wanted to see how far Chuck has grown under her guidance.

After a brief discussion, several coaches agreed in the end.

After all, Miss Scarlett had always been selfless, and fair.

This meant that Miss Scarlett would not go easy on him on purpose.

"Well, since Miss Scarlett said so, who else wants to volunteer? After all, the last test requires three people!"

"I'll do it! It's been a long time since I've seen a candidate like him. I want to see for myself if he really is capable, or he passed the two tests with pure luck." A white-haired coach said.

"Count me in too!" Another coach, who was short but strong, said.

"Alright, three of you may enter!"

Miss Scarlett and the two coaches went into the third test area.

Outside...

There were more and more people watching. Just 13 days after entering into Wolfen Sect, this new student was going to take the evaluation test. For the Wolfen Sect, it was big news!

It garnered the attention of many people!

"Sigh, I think it's better to come back again tomorrow. It's impossible to complete them within a day or two. It's a waste of time to just stay here and wait!"

"I think so too. I'll head back now. I won't come tomorrow or the day after tomorrow. I might again after 2 days. I think Chuck will stay inside for at least four days."

They all thought that Chuck would need a few days to pass all the tests.

So why would they waste their time waiting for him?

There was no meaning to it.

Many people started to go back in small groups.

Tessa and the others continued to wait.

"Tessa, let's go back too. There will not be any results today or tomorrow."

"Yes, I think he will take at least three days. You have to know that Chuck's mother took two days to pass the tests. Chuck certainly could not break his mother's record which was kept for such a long time."

Tessa did not want to leave. "You guys can go back first. I'll wait here."

"Alright!"

The girls left.

Tessa continued to wait.

"Gaige, why don't we head back too? It's impossible to know the outcome today," said Liliana.

Gaige also felt that it was impossible.

How could it be possible after only one day?

It was better to not waste his time there.

They had also left. The number of people who remained outside had decreased. When they left, they all felt that Chuck would stay inside for at least two days and that he would be trapped inside.

They will come back to see the results three days later!

Chuck breathed a sigh of relief. There were hundreds of wooden dummies. If Chuck insisted on fighting, he definitely could not pass the test in such a short amount of time.

Therefore, Chuck came up with an idea. He ran fast, jumped and stepped on the wooden dummies' head and shoulder swiftly.

Fortunately, he could complete the second test without any accident.

**BAM!**

In the darkness, the door to the third test opened!

In the third test, Miss Scarlett said that the three most powerful coaches of Wolfen Sect would fight him!

It was the most difficult test!

As the three of them were the best coaches which represented the high standards of the Wolfen Sect.

Dong!

In the empty room, the lights were turned on!

Three figures appeared!

Chuck was taken aback. "Miss Scarlett, is that you?"

"Yes, it's me. You did very well in the first two rounds just now. As for the third round, it depends on whether you have the ability or not to defeat us. I will not go easy on you!" Miss Scarlett's eyes sparkled.

During her test, it took her three days to reach the third test.

But what about Chuck?!

He only took less than one and a half hours!

At this speed, even Miss Scarlett herself was ashamed!

Not only Miss Scarlett, but the other two coaches were also put to shame!

It was an incredible speed!

"Alright, I will not go easy on you as well! Coaches, let's begin!" Chuck shrugged.

"It seems that you are very confident. Usually, during the third test, the three of us will fight with you at the same time. Are you aware of this?" A coach asked.

"Yes, I'm aware." Chuck knew this, and he did not expect to have an easy battle with the coaches either!

"That's good! Coaches, let's start! Let's do our best so that we can be respectful enough to bear witness for the new record holder of the Wolfen Sect!"

The three of them rushed toward Chuck!

Miss Scarlett really did her best and did not go easy on Chuck at all!

It was her responsibility towards both Chuck and Karen and it was also her responsibility as his coach!

Bam!

The three of them attacked Chuck and at that moment, they were

locked in a fierce fight!

It was truly a powerful battle!

"Betty, what did you say? Chucky took the evaluation test and it only took him one and a half hours to pass the first two?" Karen Lee asked over the phone.

Betty had called Karen to update her on Chuck's situation.

Before Miss Scarlett went into the third test, she received a phone call from Betty. Miss Scarlett knew Betty was Karen's subordinate, therefore she told Betty about Chuck's evaluation tests.

Betty was stunned and immediately called Karen to tell her the news.

"Yes, that's right!"

"What was Chucky planning to do?" Karen became anxious when she heard this.

Betty told Karen everything. Karen's first expression was that she did not know whether to laugh or cry. Then she was very relieved. "When I was 20 years old, I took the evaluation tests. The first test was the snake pit. I had to walk back and forth for 30 minutes before I adjusted my state and passed it. The second test, I spent a day and a half! I smashed all the wooden dummies! Why didn't I think of stepping over them at that time? It seems that Chucky is smarter than me."

She was truly relieved!

"Yes, Miss Scarlett praised Mr. Chuck's intelligence and calmness! He passed the snake pit test in less than five minutes. Mr. Chuck's psychological quality is impressive." Betty had to admit that she was inferior to him.

Chuck's growth was extremely fast!

Before she knew it, Chuck had reached a level that she could not catch up with him anymore.

In the earlier stages, she even taught Chuck some fighting skills!

But now, she could not teach him anymore.

There was a huge gap between their ability.

Chuck had completely surpassed Betty!

But Betty was happy for him.

"It's the third test now. I don't know how long it would take Mr. Chuck to pass the test!" Betty really wanted to find out Chuck's current situation.

"According to this speed, Chucky will definitely break my record. I

estimate that he will finish the test in less than an hour!"

If others heard of this news, they would laugh. It was impossible to pass the third test in an hour!

It was a joke!

However, Karen believed in Chuck!

Why?

It's simple!

Because Chuck was Karen's son!

## Chapter 834

BOOM!

Chuck Cannon was kicked away by one of the coaches!

He hit the wall!

The coach who had hit Chuck said excitedly, "You're so slow, just like a primary school student! With this kind of speed, don't even think about passing this third test!"

That's right!

He found it strange. Chuck's attack ability was sufficient, but why was his speed so poor?

Miss Scarlett's eyes shone. She also did not expect that Chuck's speed had slowed down significantly today!

If things continued like this, under the joint efforts of the three excellent coaches from Wolfen Sect, Chuck would no longer be able to pass the evaluation test!

Pat!

Chuck straightened his back and patted off the dust off his body!

After five days of weight-carrying training, Chuck's muscles had become as hard as a rock.

His ability to defend against attacks had improved significantly!

The power of the coach's kick just now was absolutely amazing!

Chuck wore the clothes given by his mother's technology company. With the improvement of Chuck's ability to resist the attack, he was able to withstand the kick.

Miss Scarlett and the other two coaches surrounded him!

Chuck suddenly sighed!

Miss Scarlett was stunned. Why did Chuck suddenly sigh?

Does he want to give up?

"Did he sigh because he wants to give up the third test?"

"It's possible! It's a pity that he made it through the first two levels so quickly, but he chose to give up on the third test."

"Chuck?" Miss Scarlett was silent for three seconds and she wanted to persuade Chuck.

This may be a new record. Chuck has to go all out. Everyone has to go all out. He can only then be worthy of this challenge!

How could he give up halfway?

"I thought I would remove it after I got out of Wolfen Sect. I did not expect it to exuviate it here." Chuck muttered to himself.

The three coaches looked at each other.

"What did he say? What did he want to remove?"

"I don't know, maybe he's just talking to himself!"

"What... what is he doing?"

All of a sudden, the two coaches were extremely surprised.

Miss Scarlett was also stunned.

Chuck squatted down. To their surprise, he removed something from his body, piece by piece. What was it?

Weights!

Bang!

Bang!

Bang!

Piece by piece, they fell to the ground.

The two coaches were stunned. Are those a hundred kilograms weights?

Chuck had actually worn a hundred kilograms of weight to fight them!

However, they did not know that the weight on his ring was fifty kilograms!

He was fighting with them while carrying 150 kilograms of weight.

"This guy is really something!"

"No wonder his speed was slow just now, even his movements were slow... Ah, look out!"

All of a sudden, Chuck rushed over as if he had accelerated a hundred meters per hour! 

After Chuck removed the weights, he was as light as a feather. Of course, his speed was as fast as lightning!

After he rushed over to them, he threw a punch at one of the coaches!

The coach had a surprised look on his face!

He did not pay attention to Chuck just now. When Chuck rushed over,

he could not react in time and was hit by Chuck's fist!

He flew away!

Chuck threw a punch and the coach let out a scream. He fell to the ground and fainted.

Chuck knew that if the three of them surrounded him, he would need to knock out one of them first in order to pass the test!

Miss Scarlett was shocked!

The other coach who was next to her was shocked as well!

The coach that was knocked out just now was one of the most powerful coaches in Wolfen Sect!

He was knocked out because Chuck had caught him off guard!

However, to be able to seize the opportunity to knock out the coach was not something that an ordinary person could achieve!

"All right, it's indeed much easier now. Let's begin!"

Chuck shrugged his shoulders. He felt as if he could break the world record if he participated in the high jump competition! 

As he took a step forward, he threw a punch!

Miss Scarlett had taught him how to catch his opponent off guard and the way to defeat his opponent with just one move!

The other coach was shocked!

He resisted in rage!

Miss Scarlett's eyes were dull. After Chuck removed the weights from his body, she could not even see his moves clearly.

It was too sudden!

She was relieved. Chuck was the most powerful student she has ever taught!

She went over to the other coach to help!

Chuck managed to punch the coach then he chased after him and knocked him out!

"Miss Scarlett, your turn!"

"Come on!"

Miss Scarlett had not felt this excitement for a long time!

Chuck gave her a feeling that she had not experienced in a long time.

Chuck decided to finish the battle with a single punch!

His fist came crashing down!

Miss Scarlett's eyes twinkled. She threw the same punch!

Bang!

Chuck smiled. Miss Scarlett lowered her head and looked at her hand, it was a little numb. She was silent for three seconds and announced, "You've won!"

That's right!

There was a big gap between them!

Chuck's physical quality improved rapidly. Miss Scarlett felt like she was punching a rock!

Since his physical fitness was greater than hers, there was no need for her to continue fighting when her fighting ability was about the same level as his!

"Thank you, Miss Scarlett!" Chuck shrugged. 4

He was excited as well!

"You don't have to thank me. Your improvement makes me extremely gratified! What's more, you did not use all your strength in that punch just now!"

It was a feeling. She felt Chuck was holding back.

Chuck smiled and put on the weights one by one yet again.

Chuck was used to the weights.

He needed to exercise his physique at any time and any place!

It was what Chuck urgently needed!

"Congratulations! You have broken your mother's record!" 1

Chuck said with a smile, "Well, since I've passed the evaluation tests, I'll leave the Wolfen Sect tomorrow!"

"Okay!" Miss Scarlett showed a rare smile.

She was beautiful.

After Chuck put on the weights, he went out.

"Wow! It's unbelievable! He's a genius! Ouch, his kick just now almost broke my fragile bones!"

"Me too! Looks like we're getting old. Judging from the speed alone, we could not even compare to this young man."

The two coaches woke up, but they were still in pain. Chuck did not hold back against them.

"Miss Scarlett, you've taught a great student! He has set a new record!"

"That's right. I also think that he is a great student!" Miss Scarlett said.

"Sigh, I thought that Karen Lee was abnormal twenty years ago. I did not expect that there would be someone else who is even more abnormal than her twenty years later. He only spent about an hour in the third test. This means that it only took him three hours to pass all three tests."

He said, still unable to believe it!

"I'm really impressed today. No one was able to break Karen's record for twenty years. Today, he broke it..."

"It's normal that Chuck break Karen's record," said Miss Scarlett.

"Why is it normal? Aren't you surprised? I am extremely shocked!"

"Me too!"

"Because it's normal for a son to break his mother's record!"

"What are you talking about? Chuck is Karen's son?"

The two coaches were stunned!

"Yes. That's why I said it's normal. It's because Chuck inherited her genes."

The two coaches were unable to believe it. "It's a cycle. Twenty years ago, Karen broke the record! She set an impossible record. Today, her son, broke her record and created a new record."

Miss Scarlett's eyes sparkled. Yeah, both of the records were created by the same family... Would Chuck's child break the next record?

## Chapter 835

Outside the room.

There were only a few people left, and no one paid any attention to them.

Three hours had passed. Chuck Cannon must be struggling on how to get through the first stage.

Chuck must have been stuck in the first stage and couldn't move.

It would be better for them to come and have a look a few days later.

"Chuck should still be at the first stage!" Tessa muttered to herself.

She also felt that Chuck was at the first stage, thinking about how to break through it.

As only three hours had passed since then.

All of a sudden.

The door of the room opened.

A person walked out.

It was Chuck!

"Chuck is out? D\*mn! How can he come out in three hours?" The audience was shocked.

"What's so strange about that? He definitely didn't pass the first stage and requested to come out!"

"Yeah, that's true. This must be the only reason for him to come out so quickly!" Someone mocked.

"I didn't expect Chuck to be such a coward and give up so quickly! How long has it been? It's boring! What a waste for me to wait here! If I knew this would happen, I might as well go home and sleep!"

Those who stayed at the entrance were disgusted.

Chuck didn't say a word and went up the mountain silently.

Tessa hurried over and comforted, "Chuck, keep your chin up. It's okay to fail. Let's try again next time. Don't give up!"

Chuck had gone far.

Tessa felt helpless as Chuck gave up the challenge. He must be very disappointed. It's better for her to not bother him anymore.

"Forget it, let's go!"

The people were going to disperse as there was no point for them to stay.

However, three people trod out of the door.

It was the coaches!

"Coach! What... what's wrong with you?" Someone in the crowd exclaimed.

Two of the coaches were injured to different degrees. What does this mean?

What was going on?!

Why would they get hurt if they stayed in there all the time?

Who did this?

They were dumbfounded!

"Stop peeking! Chuck has passed the evaluation test successfully in three hours!" Miss Scarlett announced.

The scene fell into a dead silence.

Everyone's jaws were dropping.

Were they astonished?

Yes!

They were overwhelmingly astonished!

"Did Miss Scarlett say that Chuck passed the evaluation test in three hours? Have I misheard it?" Someone in the crowd asked.

"No, you didn't!"

"How is this possible?!" The people began to discuss.

"Alas, I even bad-mouthed him just now. He's such a genius!"

"Of course he's a genius! I admire him a lot! He has done things that ordinary people can't do!"

They shook their heads and couldn't accept it. They thought that Chuck had given up when they saw him come out, but they didn't expect what happened in the end.

He had passed the test and walked out.

"Miss Scarlett, is that true? Did Chuck actually pass the evaluation test?" Tessa muttered.

"Yes! He had successfully made a breakthrough. From now on, there is a new record for the time taken for the evaluation test in Wolfen Sect." Miss Scarlett could see Chuck who had gone far away.

"Is he going back to pack his stuff? Is he going to leave tomorrow?" Scarlett wondered.

Tessa was stunned!

At this moment, the entire Wolfen Sect was in an uproar!

As the news spread, everyone in the Wolfen Sect knew about it. Many freshmen came here to see the man with abnormal strength!

However...

Most of them looked down on Chuck and missed the scene where he walked out.

They regretted it a lot!

Every one of them was talking about Chuck. This was a new record of the Wolfen Sect!

It was out of their imagination! How did he manage to do it in three hours?

Pa!

Gaige Lowe smashed his glass on the ground and trembled. "Liliana, what did you say? Chuck succeeded in the evaluation test in three hours?"

"Yes, yes."

"You're kidding, right? How is that possible?" Gaige denied decisively.

Three hours? Was he there to play?

"It's true. The news is spreading in the Wolfen Sect. He really succeeded in the evaluation test." Liliana Lowe couldn't believe it, but it was announced by Miss Scarlett and the other two coaches who were injured. They must be beaten by Chuck during the evaluation test.

Gaige was stunned. "It's impossible, impossible!"

Liliana was at a loss. What should she do when Chuck was this strong?

"Gaige, are we still going to trouble Chuck?" Liliana couldn't endure it.

Chuck teased her and pinched her face.

How could a student like him pinch a coach's face?

Liliana just couldn't let it go!

"Sure, why not? He dared to fight against me, how could I let him go? It's impossible!" Gaige was furious.

"Gaige, what should we do?" Liliana was worried.

"Let me think about it..." Gaige felt that it was necessary to consider carefully before making a plan.

As he thought about it, he began to feel afraid. "How can there be such a person? Who are his parents? How did they give birth to such a person?"

"I don't know. Perhaps he is from an ordinary family!" Liliana mumbled to herself.

"Young Master, Young Master!!"

A man rushed into the room.

Hubert Mate was exercising. He was lifting the barbell.

"Why are you in such a hurry? What's the matter?" Hubert does not like to be disturbed when he works out.

"Chuck, Chuck, he..."

The man was out of breath and couldn't say a word.

"What about him?"

"He's out!"

"Oh, did he give up? It's normal. I heard that there are three stages inside. Each stage was an ultimate test. He just entered the Wolfen Sect for 13 days. How could he graduate? It's impossible. Alright, I got it. Go out and don't disturb my training!"

"No. Chuck came out because he passed the evaluation test!"

Bam!

"Argh!"

"My foot!"

Suddenly, the barbell fell onto Hubert's feet. He showed a miserable expression as he asked, "He passed the evaluation test?"

"That's right! He passed! Young Master, what should we do? If he has passed the evaluation, it means that he will leave tomorrow!"

Hubert was in a state of shock. Soon, he was filled with envy, jealousy and hatred.

"This record should be broken by me. How can I let him have it?!" Hubert snarled with a ferocious expression, "Go, ask our people to get ready! He made me a fool in front of so many people and he wants to leave?! When he leaves the Wolfen Sect tomorrow, block him immediately!"

"Yes!"

"Take a few more people with you! We must stop him from leaving!"  
Hubert ordered.

"Yes, Young Master. Don't worry. I will take more than a hundred people with me. I will definitely catch him and let you deal with him!"

"Go!"

The man ran out.

"Chuck, who the hell are you? You surprised me again and again. It's a pity that you can't leave tomorrow as I want will make you stay!" Hubert laughed ferociously.

## Chapter 836

"Miss Scarlett, thank you for training me these few days," Chuck thanked Scarlett sincerely.

He was leaving the Wolfen Sect.

Chuck didn't regret staying here over the past fifteen days. He had gained a lot as Miss Scarlett was willing to teach him everything.

If it were Liliana Lowe, Chuck wouldn't have improved so quickly.

"You're welcome. It's what I should do."

Miss Scarlett was somewhat reluctant.

She couldn't bear to part with such a good student.

A combat genius like Chuck was rare. She didn't know when she would be able to meet such a student again.

Scarlett was particularly relaxed when she taught Chuck.

Basically, Chuck could absorb everything by just teaching him once.

He was a very smart student. As a coach, why wouldn't she like him?

"Then I'll be going, Miss Scarlett. If you ever come to my country, be sure to visit me. Well, other countries will do too as my mother has properties in many countries," Chuck said.

"Okay." Scarlett knew that Karen was good in combat. Thus, she must be active around the world.

"I don't have anything to show my appreciation. Take this!" Chuck took out a card with not much money in it.

A hundred million dollars was just a drop in a bucket for Chuck.

"What are you doing?" Scarlett shook her head and refused.

"It's just a token of appreciation from me. Take it!"

Chuck stuffed the card into Scarlett's hand.

Scarlett had no choice but to say, "Okay, I'll take it. But I won't use the money inside."

"It's up to you. I'm leaving then. Goodbye!" Chuck shrugged.

He had given his token of appreciation. It was her own business on how to deal with it.

"Okay... By the way, when will your mother's request be put forward?" Scarlett thought of this question.

At that time when Karen won first place in the competition among the freshmen, she had not redeemed her request until now.

The request was to call out the whole Wolfen Sect. When would this call out take place?

"I'm not sure about that. Only my mother knows it," Chuck replied.

"Alright, goodbye."

Chuck went down the mountain.

Scarlett looked at the card given by Chuck and thought to herself, "He gave me money? I'm not going out anyway... This is the first time someone has given me such a big amount of money. I'd better keep it."

Scarlett put the card away. This was special to her.

.....

"Chuck, are you leaving today?" Tessa finally saw Chuck.

Chuck had packed up everything. It was obvious that Chuck was about to leave.

Tessa couldn't bear to part with him.

"Well, I still have a lot of things to do." Chuck shrugged.

It had been fifteen days. He didn't know what was going on with Yolanda Lane.

He was also wondering about Sabina Yeager and Adriana Whitlock.

Chuck was worried that Sabina might have taken action.

Therefore, Chuck could not stay here any longer. He had to leave!

With his current strength, it was not a big problem to establish his own business empire again.

"Then tell me, were you the one who lured the bear away that day?" Tessa asked nervously.

She knew it was Chuck, but she wanted Chuck to admit it himself.

"Yes," answered Chuck as he was about to leave.

"Really? Why did you save me? I-" Tessa had never been so surprised.

"You're not too bad as you asked your friends to leave first," said Chuck.

That was the only reason why Chuck saved her.

"There's no other reason? At all?" There was a trace of paleness on Tessa's beautiful face.

"No."

"I'm leaving." Chuck stepped out of the Wolfen Sect. She was just a passer-by during his study.

They may not even meet again in the future.

"Tessa, what did Chuck say? Did he save you because he likes you?"

Several girls ran over to her.

"No, he doesn't like me. His eyes don't show any interest in me." This was what Tessa saw.

"How could this be?"

The girls couldn't understand.

Tessa was pretty and had a good figure. Any man would like her. Why wouldn't Chuck like her?

"Well, I misunderstood." Tessa ran into the dormitory disappointedly.

Tears streamed down her face.

When Chuck went out of the Wolfen Sect, he called Betty and asked her to pick him up at the foot of the mountain.

Chuck didn't want to waste much time on the way.

He thought that it would be better to go back to Yolanda's place and ask about the situation.

Suddenly, Chuck stopped in the forest and said, "Come out!"

"Hey, you've found us! That's rare!"

Twenty men in black showed up behind the trees.

"You're Hubert's men?" Chuck was not stupid.

Only Hubert Mate had the ability to intercept him when he came out.

Hubert was the only person who wanted to catch him!

"That's right, Chuck. You're well aware of it yourself as you know that these people are mine!" Someone appeared.

Yes, it was Hubert!

He wasn't worried but he wished to see how Chuck was caught by his men!

It must be entertaining!

"Hubert, I advise you to leave!" This was the only sentence that Chuck uttered.

"Haha, leave? Never! You defeated me in front of so many people and embarrassed me that day. Do you know how much I wished for you to die?!" Hubert became furious.

He would never forget how the freshmen ridiculed him that day.

The memory was still fresh. It urged him to catch Chuck.

"You should say that your skills are inferior to others! If I were you, I would train hard and challenge the opponent once again. That was the most decent and also the easiest way to gain respect as a combatant instead of using this kind of method to retaliate! You've disappointed me! I even regarded you as my opponent."

Chuck was deeply disappointed.

How could such a person be qualified to be his opponent!?

"Haha, just say so if you are scared. What's the point of talking so much? You're really amazing! You actually passed the evaluation in three hours! However, I have so many people now. You have to stay! You won't be able to break through us!"

Hubert smiled. These people were the bodyguards who had been raised by his family for a long time.

A few of them were very powerful.

His combat skills were taught by them.

Hubert doesn't believe that Chuck could improve his strength so much within a few days. At most, he could only improve it by a little.

In the face of twenty masters in combat, little improvement would not be enough!

Twenty men in black surrounded him.

Chuck glanced at them and shook his head. "Leave if you don't want to die!"

"You're the one who's going to die! Go! This guy dared to hit our Young Master. Get him!" Hubert's subordinate shouted.

Twenty people were ganging up on him.

Chuck's eyes turned cold. Since these people were looking for death, then he was not the one to be blamed!

## Chapter 837

"Haha, how arrogant! Catch him!"

Twenty men besieged Chuck.

Each and every one of them were experts.

If they worked together, Chuck would be caught without any suspense!

Roar!

Twenty people stretched out their fists to attack at the same time. How terrifying!

Hubert Mate laughed ferociously. He wanted to find a chair to sit down and watch the show.

This kind of situation could scare the crap out of the others!

However, Chuck shrugged with no expression and swung out his fist!

This was the first time that he fought after he passed the evaluation test.

The fist was violent!

The power of his punch was heavier than 400 kilograms!

The person who was beaten was greatly frightened.

They wanted to dodge, but it was too late.

Boom!

The bodyguard was thrown into the air like a piece of rubbish by Chuck's fist!

He fell to the ground, bleeding all over and died from serious injuries!

Chuck actually killed a person with a punch?

What?!

What the hell was going on?!

The remaining nineteen people were all in a daze!

"Ah, what's going on? It's just a punch! Ah!!!"

A bald man was exclaiming out of shock while Chuck had already punched him!

The punch fell on his head.

Thump!

He fell to the ground heavily. His head smashed on the ground like a

watermelon. His skull cracked and he spat out a mouthful of blood. He passed away immediately.

Chuck killed a person with a punch again!

The remaining 18 people were dumbfounded.

"Ah, all of you, go! Go forward!"

They began to fear. Chuck had seized the opportunity to take advantage of the situation!!

If they joined forces, Chuck would not have the chance to defeat them one at a time!

The rest of them have to unite!

However, it was useless now.

Chuck's punch was already close to 500 kilograms. They couldn't hold it!

Therefore, if he threw a punch, they would not be able to resist it without absolute strength.

Whoosh!

Chuck swung his fist.

He didn't waste a single punch.

Those eighteen men flew out one after another, smashing onto the ground and trees.

Such a heavy force!

It was as if the God of Death had arrived! 

Among the twenty people, there was no one who could resist Chuck's attack!

"These are the people you brought? Well, they are all rubbish!" Chuck took out a piece tissue and wiped off the blood on his fist elegantly.

He walked over step by step as if the God of Death was coming!

Hubert was stupefied.

Those were the elites in his family!

Chuck actually killed them so easily?

"It's impossible. It's only been a few days. How can you improve so fast? It must be an illusion!!" Hubert could not accept the scene in front of him!

As if he was falling from heaven to hell.

At this moment, he was frightened by Chuck's gaze.

"You should have learned to fight properly in the Wolfen Sect. I won't make trouble for you, but why did you provoke me?" Chuck didn't intend to look for him.

Chuck could let him go even if he had landed a sneak attack on him in the arena.

Chuck didn't even want to look for him.

But now, Chuck couldn't tolerate it!

"Ah, it's definitely an illusion. I have to come out of this illusion!" Hubert roared.

His fist was fast as he was releasing the most powerful strike!

This punch was enough to make Chuck fall into a coma!

This was his killing move!

Chuck couldn't take it, he couldn't!!

But, what a pity!

Chuck didn't even look at him straight in the eye and had slapped him in the face!

Pa!

Hubert's eardrums burst and blood was gushing out.

This slap not only stopped his attack but also made him bleed!

Pa!

Chuck slapped him again.

Hubert spat out a mouthful of blood and fell to the ground.

"You can't hit me. My family is rich, very rich..." Hubert was terrified.

Chuck was too strong. He was no match for Chuck!

Chuck's killing intent was enough to scare him to death!

"Rich? How rich are you?" Chuck shrugged.

"Very rich! The money we have..." Hubert didn't finish his words.

The sky rumbled.

At this moment, there was a hurricane in the sky.

Hubert looked up and fell into horror!

The leaves were shaking and curving downwards. There was a helicopter worth 50 million dollars!

It was coming down from the sky.

Even his family does not own this kind of helicopter.

It couldn't be customized at all.

Whose was this?

After the helicopter landed, a person came down. It was Betty!

She walked towards Chuck.

Hubert couldn't believe it. Was she here to pick up Chuck?

"Young Master, am I late?" Betty stared coldly at Hubert and asked.

"Young Master?" Hubert felt dizzy and almost fainted. Chuck was from a rich family like him too?

"It's okay. By the way, he said that his family is very rich. Can you help me check how rich his family is?" Chuck shrugged.

"Young Master, what's his name?" Betty asked.

"Hubert Mate!"

"Young Master, please wait for a moment." Betty began to make a phone call to inquire about it.

She was so professional. The only thing Hubert felt was that he was getting dizzier.

A minute later, Betty shook her head in disappointment. "Young Master, his family is second-class. The property that his family owns is worth less than 30 billion dollars in total..."

"30 billion dollars only? That's not much. How could they be regarded as rich?" Chuck was speechless.

Hubert was stunned. 30 billion dollars was not much to him?

"That's right. His definition of wealth is still at the primary stage! Young Master, please take a rest on the helicopter first. I'll deal with him," said Betty.

"Alright!" Chuck shrugged.

"Young Master, I have already prepared food for you on the helicopter."

"Okay."

"Chuck! Chuck, I was wrong. Please spare me!" Hubert knelt in front of Chuck.

"Spare you? Sure, then let your family die on behalf of you. It's your choice," Chuck shrugged.

"Oh, no! Please spare me! I don't dare to do it again!" Hubert was sweating profusely. Who the hell had he offended?

"Be careful in your next life," Chuck spoke indifferently.

Chuck boarded the helicopter.

Betty came over. "Hubert, your family has only less than 30 billion dollars. This is nothing in the eyes of our Young Master, do you get it?"

"Yes, yes, I get it now! I didn't know that Chuck came from a rich family as well!" Hubert thought Chuck came from the ravine.

He thought that Chuck was just a poor guy.

"No, Young Master is coming from a super wealthy family!" Betty broke Hubert's neck.

Hubert's body was twitching and he was extremely shocked. "Super... Super wealthy family?"

Plop!

He had fallen to the ground.

This time, Hubert finally realized that he was bullsh\*t in front of Chuck.

"Young Master, there seems to be someone over there. Should I settle them as well?" Betty found out that someone was around.

Chuck took a glimpse and shrugged. "Forget it, take me to Yolanda!"

"Yes!" Betty threw a glance at a spot. Then she brought Chuck away by helicopter.

Whoosh!

The helicopter went upwards.

"Gaige! Gaige!"

At a spot not far away...

Liliana's face was pale, Gaige was drenched in sweat. His face was pale too.

"It's terrifying. Chuck actually killed so many people. He could kill a person with a single punch!" Gaige couldn't believe what had happened a moment ago.

"Gaige, I don't want to make trouble for Chuck anymore. I'm afraid, I'm afraid that..." Fear could be seen on Liliana's pale face. Suddenly, she slumped on the ground. The scene just now scared the wits out of her. 1
