

Chapter 351

"Zhang Cui, when is it my turn to interrupt? Am I itchy again?" The middle- aged peasant woman said while picking up a stick next to her.

Zhang Cui quickly bowed her head and said no more.

After seeing this scene, Duane finally knew why Zhangcui dropped out of school and worked on the farm when she was 16 years old.

"Come in, all of you!"

Duane shouted at the door.

Four employees in suits ran in quickly.

"Chairman, I'm all right!"

The four people bowed to Duane.

The middle- aged peasant woman, after seeing this scene, was shocked. She had never seen much of the world.

"...Who is it?" The middle- aged peasant woman looked at Duane with some fear.

"Let me introduce myself. I am the chairman of Gorgeous tripod enterprise Group, Duane," Duane said indifferently.

"You mean, it's the boss of Gorgeous tripod enterprise Group?" The middle-aged peasant woman looked at Duane in surprise.

The reputation of the Gorgeous tripod enterprise Group was so great that it was well-known even in their rural areas.

For the middle-aged peasant woman, she had never seen such a big shot. The most powerful big shot she had ever seen was the village chief.

Even Zhang Cui looked at Duane in shock.

When she saw that Duane had several men following him, she thought that Duane might have an extraordinary identity. She didn't expect that Duane was actually the boss of Gorgeous tripod enterprise Group!

For them, such a person was like a god in the sky!

"Big boss, I'm really sorry. I didn't treat you well just now." The middle-aged peasant woman apologized to Duane in a hurry.

The middle-aged peasant woman was not a fool. She knew that she couldn't afford to offend such a big shot.

Duane ignored her and went straight to John.

"John, if you take this medicine, you should

be able to restore your memory."

Duane took out a cure pill and handed it to John.

"After taking this pill, you'll know who I am?" asked John.

John also knew that he had lost his memory. He also wanted to know who he was.

"Yes." Duane nodded.

After hearing the words, John took the medicine and ate it.

Seeing John eat it, Duane looked at him nervously.

"I must restore my memories! I must!" Duane clenched his fists and prayed constantly in his heart.

John suddenly closed his eyes, and Duane didn't know what was going on. He could only wait silently.

About two minutes later, John suddenly opened his eyes.

"John, have you remembered me?" Duane asked anxiously.

"Who is it?" John looked at Duane.

Hearing this, Duane narrowed his eyes and

was disappointed.

It seemed that this medicine had not managed to restore John's memory.

The next moment.

"Duane, I'm just kidding. I've got my memory back!"

The lone wolf rushed forward excitedly and gave Duane a big hug.

"Haha, you bastard!"

After hearing the words, Duane laughed and punched John on the shoulder with his fist.

When Duane said this, he was so excited that tears filled his eyes.

"Duane, we parted in the woods that day. At that time, I thought that was a farewell! I was so happy to reunite with Duane!" John was also excited.

"John, you bastard! I promised you that you would definitely be able to get away. We agreed that we would meet in the capital city, but... you almost died!"

Although Duane tried hard to hold back his words, he even choked with sobs when he said these words.

"Duane, I have fulfilled my promise. We are reunited now!" John smiled and patted Duane on the shoulder.

John still remembered that he'd been beaten up by Murong Yi and Bradley and only had one last breath left. He thought that he was definitely going to die, but Bradley didn't wait for him to die before leaving.

With his last breath, John firmly believed that he had promised Duane that he would meet Duane in the capital city, so he tried his best to escape.

Even though the bones of his legs had been broken, he still endured the heart-wrenching pain to escape, but after escaping for a short distance, he still couldn't hold on and fainted.

"By the way, Duane, this is still the scope of the capital city. It should be developed in the capital city now. Why are you here? If Bradley finds out that you are here, it will be terrible. Duane, you should leave quickly!" John said urgently.

Duane grinned and said, "John, the Ye Family has been destroyed by me!"

"What?! Ye... The Ye Family has already been destroyed by Duane?" John widened his eyes with a look of disbelief.

"Duane, you didn't make me happy, did you?"

The Ye Family has the Murong Family as its backer and is extremely powerful. It has only been a month. Did Duane develop into a powerful man after a month's development in Jingcheng City?" John could not believe it.

After all, in John's eyes, there was only one way to revenge, which was to go to Jingcheng City to develop, and then come back to destroy the Ye Family.

"John, I didn't go to the capital city. Instead, I got a lucky chance and became a cultivator." Duane said with a smile.

After that, Duane stamped his feet directly.

Peng!

Under his one foot, the whole stone plate under his feet was broken in an instant!

"It's internal strength!"

"Duane, he actually really has internal strength!" John was shocked.

Zhang Cui and the middle-aged peasant woman, when they saw that Duane could crush the slates with one foot, they were also shocked. This was beyond their cognition.

"That Murong Yi was killed by me. Bradley and his son were also killed by me." Duane's gaze

was resolute.

"Really? Haha, that's great! When I think of the destruction of the Ye family, I feel unspeakably happy." John was extremely excited.

John continued happily, "I'm also happy to see Duane become so strong."

"John, let's go back to Jindu. Let's have a good drink and never go back until we are drunk!" Duane patted John on the shoulder.

"Of course it won't be a problem, but before I leave, I have something to take care of." John said.

Then, John turned his head to look at the middle-aged peasant woman with fierce eyes.

"Big fool, ... what do you want to do?" After the middle-aged woman felt the eyes of the wolf, her face showed horror.

"As the stepmother of Xiaocui, Xiaocui has been abused for many years. Do you remember?" John said coldly.

John's memories of the Dao had once been restored, but since he had lived here for a month, his memories were naturally still there.

"That's how I educated her. Big fool, it was my family who took care of her injuries. She ate and

lived at my family's this month. If she didn't thank me, would she want to find trouble with me?" the middle-aged woman said loudly.

"Sorry, it was Little Cui who took me in. No, I lived in my home this month, but I worked for my family like a cow," John said.

Then, John rushed to the middle-aged woman and grabbed her neck.

"Xiaocui's body is covered with wounds caused by poison, and the scar on her arm is also scalded by charcoal. She is not allowed to study, and this wicked woman should die!" John was furious.

"Cough cough!" The middle-aged peasant woman was pinched so hard that she could not breathe, and her face was already red.

"Don't do that, little brother!"

Xiaocui grabbed John's arm. After all, she was kind-hearted.

On the days of the lone wolf's amnesia, Little Cui was taking care of the lone wolf and using him as a younger brother (although the lone wolf was much bigger than Little Cui)

"Great fortune fortuneteller!"

John loosened his grip. He did not want to kill

Xiaocui.

"But I'll take Xiaocui away. Take her to the city and get rid of the devil's claws!" John said to the middle-aged peasant woman.

How could the middle-aged peasant woman dare to say no?

"Xiaocui, go to the city with me. Would you like to go there? I'll send it to college." John looked at Xiaocui seriously.

Seeing this scene, Duane smiled secretly, because Duane felt that the John must have fallen in love with Xiaocui.

This was good. John had a partner, so his life was more complete. Duane was also happy for him to find a love.

"But... I haven't graduated from high school, so I can't go to college. And it's very expensive to go to college." Xiaocui said weakly.

Xiaocui had always been eager to learn, but it was an extravagant hope for her.

Duane said, "Don't worry. Study registers are a small problem. Money is not a problem at all."

John also nodded his head. "Correct, these are all small problems."

For Xiaocui, the two questions she said might

be difficult to overcome, but for Duane and John, none of these was a problem.

In this way, John took Xiaocui and followed Duane to the Jin City.

As for John's legs, although they were disabled before, after taking the pill, they had been restored by the energy of the pill.

Chapter 352

On the way, Duane also told John and the Ye Family's story in detail.

After arriving in Jindu, Duane arranged a private villa for John, which was not far from Duane's lakeside mansion.

John used to live in the same villa with Duane because he had to protect Duane at any time.

But now that Duane's strength was stronger than John's, and Xiaocui was also there, it was more convenient to arrange a villa for him alone...

Then, Duane made a phone call to Jindu Hotel, the top university in the capital, and made an appointment to invite John and Xiaocui to dinner in a box.

...

At the entrance of the Golden Capital Hotel.

Duane, John, Xiaocui, and Poison Teeth went to the hotel together.

"Venomous Tooth has a good relationship with John. Now that John has come back, of course, Venomous Tooth will come to drink with him."

There were dozens of waiters and sanitation workers standing at the entrance of the hotel. They lined up in two rows and greeted Duane.

The general manager of the hotel and a group of hotel executives also stood at the door. After all, Duane was Wang, the new richest man in the southwest, in the capital!

As for Xiaocui, she had never been to a five-star hotel, and she had never seen such a scene before. She seemed to be shocked.

"Master Lin, please come in!" The general manager of the hotel ran over with the executives and made a gesture of inviting.

Duane nodded and then walked to the hotel.

"Clap! Clap! Clap! Clap!"

The staff of the hotel welcomed them from both sides. They bowed their butts to dance and applauded hard.

Duane suddenly stopped and looked at the waitress who was applauding and dancing next to him.

"Little sister, how much is your salary?" Duane asked.

"President Lin, I have a salary of 2500 yuan a month," the little girl at the waiting staff answered

truthfully.

Duane continued to ask, "Is it true that there are always important guests coming here?"

"That's right. We have to jump once or twice a day." The waiter's younger sister said.

Duane frowned and shouted at the same time, "Stop dancing, everyone!"

The operation was as fierce as a tiger. Duane was very unhappy when he asked about the salary of 2,500 yuan.

Before Duane met his grandfather, as long as it was a long vacation, Duane would go to the hotel to work as a summer vacation. At that time, the hotel was also a place where the staff would dance every day.

In fact, Duane was very resistant to it at that time. After all, he was a human being, not a monkey in the theater. The key was that he didn't have much money.

"Master Lin, stop! All of you!" The general manager of the hotel gave the order hurriedly.

Upon hearing this, all the hotel staff stopped at once.

Duane turned to look at the general manager.

"Master Lin, do you have any instructions for

me? Please tell me." The general manager smiled flatteringly.

"Welcome to the dance with the staff. Who came up with this idea?" Duane asked.

"What's wrong, Master Lin? Is it because the dance doesn't look good?" The general manager asked carefully.

"What I want to say is that it's not easy for others to do a job. With a little salary, they can force us to do more work. 2,500 per month. Is it interesting to see people get tortured?" Duane said in a cold voice.

When the general manager of the hotel saw that Duane was angry, he naturally panicked.

On the other hand, those hotel employees on both sides of the road nodded after hearing Duane's words.

Duane's words hit their heartstrings.

The general manager of the hotel quickly said, "Master Lin, we did not do well. Please forgive us. Since you don't like it, we will let the staff go."

"Wait a minute, let's change the way. You take the hotel executives behind you to dance for me," Duane said.

"This... "

The general manager looked embarrassed. It was very difficult for him to dance in front of the staff.

Not only the general manager, but also the managers and managers of all departments behind him were very embarrassed.

Duane frowned and said, "What? Do you feel ashamed now? If you don't feel ashamed, the staff will lose face? Hurry up and form a team. If you don't dance well, if I am not satisfied, you will have to bear the consequences!"

"Yes, yes, yes!"

Seeing that Duane was angry, the general manager didn't dare to disobey him.

He was very clear how powerful Lin Yun's current power was. He knew that Duane could even shut down the gate of the Jingdu Hotel with just one word.

So the general manager began to stand in formation with the department manager and manager, and then imitated the appearance of the staff just now, applauding and dancing.

In order to satisfy Duane, they also worked very hard.

It was funny for the group of fat executives in suits to provoke them in this way.

The staff of the hotel, who were watching from the side, saw these managers of the hotel jumping around. Many of them covered their mouths and wanted to laugh. They were even more relieved.

A few minutes later.

"Stop, all of you." Duane waved his hand, and these executives stopped.

"Master Lin, what else can I do for you?" The general manager ran to Duane happily.

"Don't fool the employees like this in the future. Work hard on the dishes. It's much better than this. It's okay to let them dance. Then give the staff a salary. 2,500 yuan is nothing to worry about. What's your conscience?" Duane said.

"Yes, yes, yes. We'll adjust it. We'll adjust it!" The general manager nodded his head repeatedly, as if he was picking grains.

"Let's go."

Duane waved his hand and took John and the other two to the hotel, and the general manager naturally followed him.

After Duane left.

"Wow, this is Chairman Gorgeous tripod enterprise, the new richest man in the southwest, Duane. He is so handsome."

"That's right. He is too down-to-earth and he knows us too well. This is what a good chairman should be!"

...

The staff members were all in a heated discussion, and they admired Duane even more.

The dinner at the Golden Capital Hotel lasted for more than three hours. Duane, John, and Poison Teeth were drunk. Of course, they were also very happy.

After all, John came back, and Duane was very happy about it.

Because Duane was drunk, he was the general manager of the hotel. He personally sent a car to send Duane and the others back.

At the gate of the mansion by the lake.

"John, this is a secret technique book. You can take it and study it. If you have a good foundation, you will definitely be able to cultivate." Duane took out a secret technique book and handed it over to John.

These were all the legacy left by Duane's

master.

"That's a good idea!"

John did not refuse but directly took the secret book. John knew that only when he became stronger, he could continue to help Lin Yun in the future.

Looking at the secret cultivation technique in his hand, John was obviously looking forward to it.

"In addition, there is also a Marrow Clearing Pill. After you take it, it will be easier for you to break through to the Innate Realm." Duane gave John another pill.

Just then, two black shadows suddenly came from the distance.

"Who's there!"

At almost the same time, Duane and John looked in the direction of the black shadow.

Under the gaze of the two people, the two black shadows came into view.

Taking a closer look, they found that both of them had white hair and beard, and one of them carried a knife on his back.

"We are both Elders of the Murong Clan."

"Duane, you boy, you dare to offend the Murong Family. Today, the two of us will kill you for the sake of the Murong Family. You don't know the immensity of heaven and earth!" The two old men said in a sharp tone.

Lin Yun squinted and said with a sneer, "It turned out to be the Murong Family. They sent me here for revenge. I didn't go to the Murong Family to look for you, but you came to me on your own initiative. You want to kill me? It depends on whether you have that ability."

"Humph, he's just a young man, how dare he be so arrogant? I can kill him on my own. Second Elder, I can kill him by myself!" The First Elder said proudly.

As soon as the First Elder finished speaking, he rushed to Duane directly, and his aura was also revealed.

Lou Cheng was in the True Dan Stage!

"Duane, what should we do?" John's expression changed.

In the past, John had always protected Duane, but now the enemy had already had internal strength, and John could not deal with it at all.

"Relax, protect Little Cui. Leave the enemy to

me!" Duane smiled.

Then, Duane directly went to meet him.

"Bang bang bang!"

In an instant, Lin Yun and the First Elder had exchanged blows.

The great elder was at the True Dan Stage.

Although Duane was at the Emptiness Dan Stage, which was more powerful than his first realm, he could exert the strength of the True Dan Realm with the help of the powerful Cultivation Method.

After dozens of exchanges, the two of them were almost evenly matched.

"First Elder, if you only have this bit of strength, I'm afraid that you won't even be able to defeat me. You still have a long way to go before you can kill me," Duane said with a smile.

"Hum, do you really think that's all I have?" The First Elder snorted coldly.

As soon as he finished his words, the First Elder suddenly burst out, and his strength, speed, and so on were all upgraded to a higher level.

Chapter 353

After all, the First Elder had cultivated for a very long time, and he was definitely the top-notch pill of the True-Realm Dan Stage.

"Bang bang bang!"

After the second round of fighting, Duane was slightly at a disadvantage.

"Oh no!"

Seeing this situation, a worried expression appeared on John's face.

Although Duane was only at a slight disadvantage, John had to sweat for Lin Yun, because there was still an enemy next to him, and he was ready to fight at any time.

If it was even difficult to deal with one person, he was afraid that it would be dangerous today.

And John couldn't help him much. He couldn't fight against these people who had internal strength at all.

In the field.

Although the Great Elder of Murong Family had the upper hand in the battle, his face was full

of shock.

"Kid, you are only at the Emptiness Dan stage, yet you are able to display such strength. You are definitely hiding a great secret, a great treasure!" The Great Elder said.

The Great Elder was very clear that an ordinary opponent at the Empty Dan Stage would have been killed by him a long time ago.

"That's none of your business." Duane said.

"Hmph, wait till I kill you, the secrets and treasures on you will be mine!" The First Elder's tone was sharp.

Duane sneered and said, "You want to kill me? You may be able to put me at a disadvantage now, but that's all you can do. You're not strong enough to kill me!"

"Then I'll show you something more powerful!"

After the first elder finished speaking, he took a step back and took out a knife from his back.

This knife was forged at a high cost. It was made of extremely precious metals of the Six Centers, plus the best iron essence, and also invited a master of forging. It had been forged for forty-nine days in a furnace. During the forging

process, it also dripped the blood essence of cultivators.

"You want to use weapons? I'll fight you!"

Duane took the Blood-red Sword down.

Although Duane still had a pistol with him, the power of the pistol was limited. For this kind of cultivator at the True Dan Stage, he could only cause some superficial injuries, which could not cause any real harm.

Perhaps only the power and firepower of rifles could cause substantial damage to a cultivator at the Core Stage.

"Take this!"

The First Elder directly swung his knife toward Duane. The speed of the attack was extremely fast, and there was a swift and violent power on the knife.

Duane took the attack head-on with his sword.

"Ding!"

When the sword and blade collided with each other, a spark burst out.

Under one strike, the Great Elder's blade was actually cut a hole.

On the other hand, Duane's sword was unscathed!

When the Great Elder saw the gap on his blade, he revealed a look of shock.

This was a precious knife that he paid a lot for. He didn't expect it to be so vulnerable in front of Duane's sword!

"This... what kind of sword is that?!" Great Elder clenched his teeth and cried out in alarm.

"It's none of your business!" Duane sneered.

"It's my turn. Take this!"

Duane raised his hand and stabbed the First Elder with his sword.

"Ding ding ding!"

The battle between the two once again erupted. The sound of metal colliding repeatedly sounded, accompanied by sparks that were emitted from the collision.

"What a strong swordsmanship! You are so young, but how can you have such a high level of swordsmanship!" The First Elder was shocked.

He found that Duane's sword art was so exquisite that he felt it difficult to cope with.

"Why do you talk so much nonsense? Just as

I said, it's none of your business!" Duane said.

The great elder's face twitched, and he gritted his teeth and said angrily, "Arrogant little boy, how dare you curse me like this. Die! Die!"

After the roar, the First Elder directly swung his saber.

"Ding ding ding!"

The fight between the two broke out again.

Under Duane's rapid sword attack, the First Elder was at a disadvantage.

What a joke. Duane was practicing the Profound Nether Sword Technique, which was created by the Hierarch of the Profound Nether Sword. Although Duane had only learned the first level, it was already enough for him to be amazing.

"First Elder, if you want to kill me, I'm afraid you won't have the chance to do so today!" Duane sneered as he attacked.

"Damn it! Damn it!"

The great elder felt very embarrassed. He was at the real Dan stage, and he was at the peak of the real Dan stage, yet he was actually unable to defeat an opponent at the Void Dan stage.

"Second Elder, attack quickly!" The First Elder

shouted fiercely.

The First Elder also knew that in this situation, he would lose even if he continued to fight, let alone kill Duane.

Therefore, he could only call the Second Elder to join him in attacking.

Hearing this, the Second Elder next to him also took out his weapon and rushed to Duane.

The Second Elder was also a cultivator at the Core Forming Realm!

"Clang clang clang!"

After the Second Elder joined the battle, Duane had to change from attacking to defending in the face of two people's siege. He kept resisting the two people's attacks.

In this case, although Duane could not defeat them, it was also very difficult for them to defeat Duane.

"You can't kill me in this way." Duane sneered.

Upon hearing this, the two elders looked terrible.

"Kid, don't be complacent! Even if we can't defeat you in a short time, two versus one, your consumption will be greater than ours. Let's see how long you can hold on, we will burn you to

death!" The first elder said fiercely.

After hearing this, Duane's facial muscles twitched suddenly.

Because what he said could be seen on Duane's Achilles' heel.

Duane's realm was at the Void Core Realm, so the internal force stored in Duane's Dantian was not as much as that in the two of them.

Moreover, the energy was steady. The price for Duane to burst out such high strength and speed with the help of the state of the False Core State was that he would consume more internal force.

Moreover, Duane was a pair of two. If he continued to fight like this, Duane's internal strength would not last long and he would be exhausted.

Once Duane exhausted his Internal Strength, he would lose the fight!

"How vicious you are! How dare you to have such an evil plan!" Duane said viciously.

"It's all because you're too young. Today, you're dead for sure!" The First Elder's expression was sinister, as if victory was within his grasp.

"But you have neglected one thing. This is my

territory now. It's not so easy to kill me in my place!" Duane sneered.

At this moment, an ear-piercing alarm sounded.

"My reinforcements, the special police team has arrived. Although you two are powerful, under the firepower of the special police team's rifle and heavy machine gun, you two will definitely not be able to resist!" Duane said with a sneer.

Just before the battle, Duane secretly sent a text message to call for reinforcements.

"Damn it!"

After the two elders heard Duane's words, their faces instantly became ugly. They actually ignored this point.

At this time, the armored vehicle and riot-proof car of the special police team had already arrived.

"Grand Elder, what should we do?" The Second Elder asked.

"What else can we do? Retreat!" Great Elder said through clenched teeth.

Although the First Elder was unwilling to kill Duane, he knew that it was more important to save his own life, so he had to leave.

"Ding!"

After the collision, the First Elder directly stepped back and then turned around to quickly run away, followed by the Second Elder.

However, Duane didn't go after him.

Watching these two Elders disappear into the night, Duane's figure immediately became somewhat unstable.

"Duane!" John rushed forward to help Duane.

At this time, Duane's face looked a little pale.

The battle just now had consumed too much energy for Duane. Fortunately, the reinforcements dared to come and scared away the two men. Otherwise, Duane might be in danger today.

"My realm is still not high enough!" Duane gritted his teeth and murmured.

If Duane was at the True Dan Stage, it would not be so difficult for him to fight with them. Duane could easily kill these two people.

Thinking of this, Duane also longed for himself to become stronger.

...

On the other side.

After the First and Second Elder had run

some distance.

"Damn it! Damn it! Damn it! The two of us made our move together, but we didn't even manage to defeat a brat of the Empty Dan Stage!" The first elder cursed fiercely.

"That's right. I didn't expect this kid to be so strong!" Second Elder was also amazed.

Immediately afterwards, the Chief Elder raised the blade in his hand.

The blades had already been cut and there were still many gaps, as if they had been bitten by a dog.

"My precious saber is damaged. That kid's sword must be a treasure!" The First Elder said through gritted teeth.

"That's right. There must be a big secret in that kid!" Second Elder nodded in agreement.

Based on what Duane had done today, they were able to judge this point.

"Let's go, let's hurry back to the family, look for the family master to regain his memories!" Great Elder said.

After he finished speaking, the two of them left immediately.

...

On the other side, in Duane's mansion.

As soon as Duane entered the living room, Julia came up to him.

After Julia came to work in Jindu, she naturally moved into Duane's mansion and lived a shameless life with Duane...

Chapter 354

Julia was wearing a black lace pajamas, with a looming figure, which made Duane's heart beat faster.

"Dear, there was an alarm outside. What happened?" Julia hooked her arm around Duane's neck.

"It's nothing. Don't worry."

Duane smiled. Duane did not intend to tell her about what had happened just now, so as not to make her worry.

Then, Duane took the initiative to kiss Julia...

...

After two hours of warmth, Julia fell asleep, while Duane quietly got up, found an empty room to work as a exercise room, and then began to practice.

Duane decided to go out every night to practice and improve his strength absolutely!

Sleep was for the body to rest and recover. After having inner force, to a certain extent, the practice could be replaced by sleep.

Today, Duane felt that his strength was not enough.

Only when he was strong enough could he cope with more dangerous situations.

...

The next morning.

"Huuuuuuuuuuuuuuu

Duane slowly opened his eyes and let out a breath.

Duane's strength was also slowly improving after a night's cultivation.

After going to the room to say goodbye to Julia, Duane went to the garage, driving Porsche 918 out for breakfast, and then sped away to Qingyang City.

Since Gorgeous tripod enterprise recovered, Duane had not returned to Qingyang City yet. There were still some things to deal with over there.

After Lobb was transferred to Jindu by Duane, the current Gorgeous tripod enterprise Qingyang branch was promoted by Duane to Kang Liangcai to be the general manager.

Duane called him and asked him to inform the boss of the business world in Qing City, which

was worth more than 100 million yuan, that he would hold a dinner party and all the bosses would come tonight.

When Duane was down and out, there were some bosses in Qing City who wanted to add insult to injury for Duane. Now, Duane had to teach them a lesson.

When he arrived in Qingyang City, it was almost noon. Duane went to Xudong Security Company first.

Inside the general manager's office.

Lei Zhenyu walked into the office.

"Duane, I know that you can definitely turn the tables!" Lei Zhenyu looked very excited.

"Lei Zhenyu, I said that after I turn the tables, I will thank you. Today, I am here to fulfill my promise." Duane said with a smile on his face.

When Duane was in dire straits, he helped his own people, and Duane would definitely repay them.

"Here is a cheque of 50 million yuan. You can take it." Duane handed a cheque to Lei Zhenyu.

"Fifty... fifty million!" Lei Zhenyu was shocked by this number.

"Nothing wrong, I'll take it for you!" Duane

handed the check to Lei Zhenyu.

Duane continued, "In addition, you clean up and go to the Jindu branch office of the Xudong Security Company tomorrow. I will remind you to be the deputy general manager of the Jindu branch office."

"Deputy... deputy general manager!" Lei Zhenyu was shocked.

He was now the middle captain of the security company, and he had become the deputy general manager in one step, and he was also the deputy general manager in Capital. It was not an exaggeration to say that he had reached the top in one step!

"Do your best. The deputy general manager is definitely not the terminal." Duane patted Lei Zhenyu on the shoulder.

"Duane, you can rest assured that I, Lei Zhenyu, will do my best and go through hell and high water!" Lei Zhenyu said in a firm tone.

...

After coming out of the security company of Xudong, Duane directly drove the car into Qingyang University.

At this moment, Catherine, the fatty and the

others were all in the middle of a lesson. It was only after a while that the lesson would come to an end.

The car was driving inside the campus.

"Wow, Porsche 918, this is a global limited edition sports car!"

"Who is this big shot? Since when in the university is there a person who can drive such a luxury car?"

"Look! The one sitting in the car seems to be Duane!"

"It turns out to be Duane. It's not surprising."

...

The car drove on campus, causing a burst of exclamation and discussion.

After all, Duane was the most influential person in the school. Even if he hadn't come to school for a long time, there were still many students who knew Duane.

After parking the car, Duane called Catherine and the fat man and told them that he had arrived at the school and asked them to meet him.

While he was waiting, Duane took out his mobile phone and wanted to go into Sally's live broadcast to have a look.

"The heat is really high. There is one million."

Duane found that there was a fever of one million in Sally's broadcast room, which was definitely high. It seemed that Duane's shot of ensuing ensuing 5200 arrows had played a certain role.

Tomorrow was the payment day of the fan's festival, so Duane was not in a hurry to continue to reward him.

"Hmm? Why are there so many swearers?"

Duane found that the comments on the bullet screen were all black Sally's. Words of abuse were unpleasant to hear.

Of course, there were some that could help Sally escape, but they would quickly be covered by the bullets of the bullets from the bullets.

Seeing so many people scolding Sally, and then looking at Sally in front of the camera, Duane couldn't help but feel a little distressed.

Duane immediately typed on the Public Chat.

Master Lu's father said, "Girls, as a man, you should behave yourself. If you don't want to see it, get out of the broadcast room. No one forces you to come."

"Wow! Shenhao is here!"

"Oh, my god! 666!"

"Good job, Shen Hao, you're so powerful and domineering!"

...

As soon as Duane appeared, 666 instantly appeared on the bullet screen.

However, the bullets of the trolls quickly covered the screen again.

Duane was very angry when he saw the comments on the bullet screen, but there was nothing he could do, because Duane could not find these people across the internet.

But at this moment, Duane didn't know that these trolls were employed as occupational anti-fans.

On the public screen.

Young Master Lu's father said, "Bullsh*ts, just you wait. I'll let Sally win first place among the fans and slap you in the face."

As soon as Duane finished his words, those trolls started to spray at Duane.

"Young Master Lu's father, what are you trying to do? Do you really think that you can win first place for Sally with just a bit of money? The number one fan is definitely her number one sister

Jiang Xiaorou. You want to surpass her just by yourself? In your dreams?"

"That's right, Sally has already fallen to the fourth place on the ranking list, yet she still wants to fight for first place!"

"If you can make Sally take first place, I'll f*cking broadcast shit!"

...

Duane only smiled coldly. Whether Sally could take first place or not, Duane would use reality to slap them in the face tomorrow.

Master Lu's father, "I'll remember that you said you eat shit in the live broadcast. When the result comes out tomorrow, if you don't do it in the live broadcast, I'll definitely find you through the ID information and help you do it in the live broadcast!"

"Ha-ha, you're so powerful and domineering!"

"666!" the middle-aged man answered.

"Beg for the guy who said he ate shit in the broadcast room. He has a psychological shadow at the moment."

...

As soon as Duane finished his words, the comments on the bullet screen went viral again.

In a place thousands of miles away, the person who broadcast live and ate shit, when he saw Duane's message, he could not help but feel a chill on his back, and he was really a little scared.

...

Qingyang University.

After coming out of the broadcast room, Duane went to take a look at the list of the Dou Fish Fans and found that Sally had dropped to the fourth.

The first one was still occupied by her sister, Jiang Xiaorou. The glory was worth more than 300 million yuan, equaling to 30 million yuan. The glory was twice as high as the second one!

Some of the Weibo users and the major streamers had predicted the ranking of 1st fan this year, so Jiang Xiaorou was sure that she was going to win.

At this moment, Duane's mobile phone browser popped up a live broadcast nearby.

This was another live platform, which focused on the live broadcast nearby and made friends offline through offline live streaming.

But this title of "reverted live broadcast" startled Duane and he sold it for the first time!

Duane clicked on it with curiosity.

What caught his eye was a young girl. She didn't dress up much, but she was quite pretty.

Because their main focus was a live broadcast nearby, the viewers in the broadcast room were basically from Qingyang University, and it was also near Qingyang University.

"This is the campus belle of the second year, isn't it Zhong Yao? She sold it in public for the first time. She's really shameless."

"You're still the goddess in my mind. I didn't expect you to be such a person."

"Even if you are beautiful, it's not worth 200,000 yuan. I can consider 20,000 yuan."

"That's right. 200,000 yuan. I'm trying to raise the price."

...

The viewers in the broadcast room were basically cursing the anchor and making fun of her.

"I have no other way. My mother is seriously ill and needs 200,000 yuan. I didn't manage to raise enough money with the drip of water, so I can only do this." Zhong Yao, the anchor, cried and said.

Gou Xing said, "Zhong Yao, I can give you 200,000 yuan, but you will be kept by me for a year."

"Wow, it's young master Gou Xing!"

"I didn't expect Young Master Gou Xing to be in the broadcast room as well."

...

Bullets rang out in all directions.

Gou Xing could be regarded as a rich second generation, and he was also a student union member. He also had some fame at school.

"What? One year? Master Gou Xing, this is impossible!" The anchor Zhong Yao refused immediately.

Chapter 355

Gou Xing said, "You can think about it yourself. If you don't agree, your mother will have no money to have an operation. You can only wait for death!"

"Well..." Zhong Yao, the anchor, hesitated. She was in urgent need of money because of her mother's illness. She really had no choice.

Lin Mou said, "The anchor, I will give you two hundred thousand yuan. Don't pay attention to this idiot called Gou Xing!"

This person's ID was Duane.

As soon as Duane finished his words, the whole live broadcast room fell into hot discussion.

"D*mn it. Who is this buddy? How dare he call Gou Xing a fool."

"Tsk, tsk. How dare you scold Master Gou Xing. There's going to be a good show to watch."

...

Gou Xing replied, "Fu*k you, who the hell are you? How dare you call me a fool? Show your real name if you dare! I'll kill you if I don't find you!"

Lin Mou: "I'm Duane, I'm outside the basketball court right now. If you want to kill me, I'll wait for you here."

Then, leaning against his Porsche 918, Duane took a selfie himself and sent it to the studio.

"Holy sh*t, it's really Childe Duane!"

"Wow, it's Duane, Master Lin. Where is Gou Xing? There's going to be a good show!"

"I'm afraid Gou Xing is going to be scared to death now, haha!"

...

Everyone in the broadcast room saw that it was really Duane, and the whole broadcast room was in an uproar.

Even the anchor Zhong Yao, when she saw that it was really Duane, was also shocked and covered her mouth. She did not expect that Duane would actually be in his broadcast room.

In her and everyone's eyes, Duane was a top rich third generation man. His family property was unparalleled in the whole Xichuan Province!

In the studio.

Gou Xing said, "Master Lin, I'm sorry. Please forgive me! Don't make trouble for me!"

Lin Muzhi said, "Take care of yourself in the future, understand?"

Gou Xing replied, "Yes yes yes! Master Lin is right!"

At this time, the anchor Zhong Yao said with expectation, "Master Lin, are you really willing to help me?"

Lin Mou: "Of course, 200,000 isn't a big deal to me. My phone number, I'll give you a private message later."

"Thank you, Childe Lin! Thank you, Childe Lin!" Zhong Yao, the anchor, thanked him repeatedly.

Duane sent his personal number and private message to Zhong Yao, and then withdrew from the live broadcast room.

Soon, Duane received a call from Zhong Yao, asking how long it had taken for Duane to meet her. Duane asked them to meet him later because he had an appointment with the fat man and the others.

Of course, Duane was sending her cash instead of asking her to do it for the first time...

After hanging up the phone.

Lin Yun got on his sports car, lit a cigarette, and waited for Sally and the fat man to come. 

During this period, several beautiful girls from universities came to chat with Duane and flirted with him, but they were refused by Duane.

"Duane!"

A loud sound was heard, and then the fatty quickly ran over.

"Fatty, how have you been recently?" Duane asked.

"Thanks to you, Duane. You've had a good time. Heh heh." Sean grinned.

"Duane, I'm here too!" Amin came out from behind the fat man.

Ming and Duane were from the same dormitory. Although Duane didn't have a good relationship with the fat man, he was still a friend.

It was just that he liked to play online games, so he didn't spend much time with Duane.

When Duane and his grandfather had just met, Amin was bullied by gangsters in the Internet cafe. Duane drove the Lamborghini to find trouble for him.

"Bob, are you still surfing the internet every day?" Duane asked.

"Don't worry, Duane. I just occasionally play and spend most of my time studying. You can ask

the fat man if you don't believe me." Bob said with a smile.

"That's right, this brat has been working hard recently." The fatty said.

At this moment, Catherine also walked over.

"Duane!"

Catherine ran to Duane with a smile all over her face. If she hadn't seen the fat man and Amin beside her, Catherine would have rushed up and hugged Duane.

"Well, let's get in the car when everyone is here. Let's have dinner together." Duane waved his hand.

"Okay, my car is over there." Sean pointed to the other side.

After all, there were only two sports cars, and one car was not enough for them.

Therefore, Catherine took Duane and the fat man took Amin. The two sports cars drove out of the school one in front and one in back.

Inside the car.

"Duane, we are going to do an internship soon. I want to work in the company, and I can help you do something in the future." Catherine said seriously.

Catherine didn't want to be a useless vase. She also wanted to do something for Duane.

"All right, I'll tell the company. You go to Gorgeous tripod enterprise Qingrong Filiale and work. Let's be a director first," Duane said with a smile.

Duane knew that Catherine couldn't be idle.

In the Han Court Food House.

Within a private room.

"Duane, I must propose a toast to you." Sean raised his glass.

"Me too!" Amin also stood up.

The three clinked their glasses and drank the wine in one gulp.

"Well, I need to go to the toilet." Amin stood up.

"Let's go together. I also want to know." Duane also stood up.

Then, the two walked out of the box and went to the toilet.

On the corridor.

Peng!

Duane bumped his shoulder with a young man wearing sunglasses. There was also a young

woman wearing heavy makeup and sunglasses next to him.

"Are you fucking blind?" The man took off his sunglasses and shouted at Duane.

Duane frowned and was about to refute.

"Hey, isn't it Ming?" The man looked at him.

"Zheng Wei, Lili, it's you!" After seeing them, Amin's face changed slightly.

From the looks of it, they knew each other.

"Ming, we haven't seen each other for two years. I didn't expect you to be so bad." Lily took off her sunglasses and looked at Bob with disdain in her eyes.

Zheng Wei also looked at Amin with a faint smile and said, "Amin, I didn't expect to meet you here. What? Are you here to work?"

"Don't talk nonsense. I'm here for dinner!" Amin gritted his teeth and said.

"Can you afford it here? Don't tease me. I know that you just don't want to lose face. I'm sorry to admit that you came here to work." Zheng Wei said with a smile.

"My friend invited me to have dinner here, can't we?" Amin was angry.

"Your friend? Is he the one next to him?" Zheng Wei looked at Duane with a smile.

"Him? With such shabby clothes, I'm afraid he's poorer than you, isn't he?" Zheng Wei looked at Duane disdainfully.

Lili also looked at Duane and said disdainfully, "It's true that birds of a feather flock together. Amin, if you stay with this kind of people every day, you will never have a good future. It's a wise choice for me to leave you and Zheng Wei at that time."

"Who said my friend was poor? He is a big boss!" Amin's face turned red.

"What? You mean he's the big boss? Haha!"

"Ming, I know that you want to pretend to be a prostitute in front of me, but there is really no need for that, because I know that you are pretending."

Zheng Wei and Lili both laughed with their hands covering their mouths.

"Is it very funny? I can't be considered a big boss, but I definitely have more money than the two of you." Duane squinted his eyes and looked at the two of them.

"Ha ha!"

After hearing Duane's words, Zheng Wei and

Lili laughed again.

"By the way, Amin, I have good news for you. Lili and I will get married tomorrow. We will hold the wedding in Green Mountain Hotel, a five-star hotel. Are you interested in the wedding party tomorrow? Come and have a drink." Zheng Wei said with a smile.

"Not interested," Amin said coldly, clenching his fists tightly.

"You coward. You don't even dare to attend a wedding. Why did Lili like you at that time?" Zheng Wei shook his head and laughed.

Lily chimed in, "I can't figure out why I like someone like her."

"Dear, we still have a lot of friends to entertain. Let's go." Lili held Zheng Wei's arm.

Immediately after, the two people left with smiles on their faces.

"Bob, what's the matter? Zheng Wei stole your girlfriend?" Duane asked.

"Well, Lili was my first love, but two years ago, she was taken away by him. His family has some money." Amin gritted his teeth and nodded.

"It's your first love, isn't it? Then tomorrow, you must attend their wedding." Duane said.

"It's a shame to go there." Amin shook his head helplessly.

"No! Going to the wedding is to save face. Tomorrow I will set up a luxury motorcade for you, which is definitely a hundred times stronger than their wedding motorcade. And I will set up a bodyguard team. Tomorrow, I will help you to get back the lost face!" Duane patted Amin on the shoulder.

"Duane, this..."

Amin seemed to be looking forward to it. As a poor boy who was dumped by his girlfriend, who didn't want to regain his lost face at his ex-girlfriend's wedding?

"Listen to me, that's settled!" Duane patted Amin on the shoulder.

Chapter 356

...

After returning to the private room, he had a meal with the fatty, Amin, and Catherine.

At six o'clock in the evening, Duane met all the bosses of Qing City at the Green Mountain Hotel and beat them hard. All the bosses also expressed their views and followed Duane's lead.

Coming out of the hotel, Duane received a text message from the anchor Zhong Yao, which said, "Master Lin, I am in room No. 409, Xingwan Hotel, near the school.

Duane took two hundred thousand cash from the bank and went straight to Xingwan Hotel.

In the Xingwan Hotel.

"Dong dong dong!"

After Duane knocked on the door, the door was quickly opened.

What came into view was the anchor Zhong Yao. She was wrapped in a bath towel and her hair was wet. It was obvious that she had just taken a shower. With Zhong Yao's beauty and high-cut figure, it was easy to make men think about her.

"Mr. Lin, you're here." Zhong Yao smiled and closed the door.

Duane went into the room, put the money on the table, and opened the suitcase.

"Here are 200,000 yuan," Duane said.

Zhong Yao's face broke into a smile at the sight of the money.

"That's great. With these money, my mother will be saved!" Zhong Yao was so happy that she almost jumped up.

"Since the money has been sent, I will leave first. In the future, I will live a good life and don't do that kind of silly thing to ruin myself." Duane said seriously.

Duane knew that sometimes he could destroy a family when he was poor. When it came to this kind of things, Duane naturally could help him.

"Master Lin!"

Zhong Yao called Duane.

"Is there anything else?" Duane turned to look at her.

"This is a transaction. If you give me the money, I'll do it tonight." Zhong Yao bit her lip slightly.

After that, Zhong Yao took off her bath towel and directly met Duane.

"Coo! Coo! Goo!"

Seeing Zhong Yao open her bathrobe, Duane could not help but swallow his saliva. In such a situation, any man would definitely have a reaction. It depended on whether he could bear it or not.

At this moment, Zhong Yao walked up to Duane.

"Master Lin, I can't take the money for nothing. If not, I'll feel guilty," said Zhong Yao.

After that, Zhong Yao directly went to Duane, leaving Duane caught off guard.

At the same time, a fragrant smell came to his nose, refreshing his heart.

"Fuck, is he forced to kiss by a woman again? Duane has been kissed by several women. Is he born to be suspected?" Duane was speechless.

"Don't be like this!"

Although the fire in Duane's body was instantly ignited by her, Duane quickly pushed Zhong Yao away.

"Mr. Lin, do you think I'm not pretty enough?" Zhong Yao asked with a puzzled look.

"It's very beautiful, but I already have a girlfriend," Duane said.

"But rich second generations and rich third generations all have a bunch of women, don't they? Besides, I'm not going to be their girlfriend," said Zhong Yao.

"But I don't want to betray my girlfriend. I'll help her because I'm just looking at her pitifully. I don't want to be harmed. That's all," Duane said seriously.

After that, Duane quickly turned around and walked out, because Duane was afraid that he would not be able to control himself if he stayed any longer.

After Duane left.

Zhong Yao stared at the door and murmured, "What a special man. Unfortunately, with his status, I don't deserve him..."

...

On the other side, in the Murong Family.

"Patriarch!"

The First and Second Elder hurried into the hall.

The Master of the Murong Clan was sitting in the hall, leisurely tasting tea.

When he saw the two elders return, he asked, "Elders, did you bring back the head of that kid?"

"Patriarch, I... the two of us weren't able to perform our best. We weren't able to kill that kid." The Grand Elder lowered her head and said.

"What? The two joined forces and didn't kill him?!" The Patriarch of Murong suddenly stood up with a shocked expression on his face.

The Patriarch of Murong had thought that if he sent two elders to kill Duane, he would definitely be able to kill him.

In the entire Murong Family, the strength of the two elders had already reached the pinnacle. Only the Patriarch was stronger than the two of them.

"Patriarch, that kid is simply too powerful. Even with the two of us joining forces, we were still unable to defeat him in a short amount of time." The Great Elder had a helpless expression on his face.

The Second Elder also quickly said, "We wanted to exhaust him to death, but we didn't expect him to call the special police team. We couldn't compete with the fully armed special police team, so we could only withdraw."

"He's just at the Void Dan Stage. Even if the

two joined forces, they would still be unable to defeat him. Looks like this kid is no ordinary individual." A serious look flashed across the Murong Family's eyes.

At first, the Murong Family didn't take it seriously and thought that two elders could help them. But now, it seemed that he had underestimated Duane.

"That's right. Not only can he fight an opponent of a higher level, but his sword is also absolutely a treasure. My sword has been destroyed by his sword, but his sword is intact." The Great Elder said as he took out his sword.

The Patriarch of Murong family fixed his eyes on it and found that the knife was indeed useless. He knew that the Great Elder was a precious knife. How could it be destroyed so easily?

"This boy is definitely hiding a big secret! A huge treasure!" The Murong Family narrowed their eyes, and greed was revealed in their eyes.

"Correct, which is why we have to kill him even more, seize the treasures on his body!" Great Elder's voice was resolute.

"Both of us can't even defeat him with our hands, and I can't leave the family casually. Trying to kill him is a troublesome matter." The Patriarch

of Murong Family's gaze froze slightly.

The Murong family's Patriarch was at the Golden Core realm. He was confident that if he were to personally take Duane's life, it would be a piece of cake.

However, the Murong Family had offended some forces, which made him have to stay in the Murong Family. He could not leave the Murong Family at will.

"Why don't we ask the White Clouds Sect for help? As long as we have the White Clouds Sect help us, it'll be easy for us to kill this brat." The Great Elder said.

The Master of Murong shook his head. "That's not right. Although we have a good relationship with the White Clouds Sect, once the White Clouds Sect makes a move, the treasure on this kid's body will not belong to us, but to the White Clouds Sect. We won't be able to hold back and compete with the White Clouds Sect."

The First and Second Elder nodded at Su Mo's words.

"Patriarch, I do have a good idea." The Grand Elder revealed a sinister smile.

"What's the solution?" pressed the Patriarch of Murong.

"Four words, please enter the trap!" Great Elder's face was full of smiles.

Then, the First Elder went close to the Murong Family's ears and whispered his plan to the Murong Family Master.

"Alright! This is a good move to invite you into the trap. What a good strategy!"

After the Patriarch of Murong heard the plan, a smile appeared on his face.

"First Elder, we'll trouble you to implement this plan. After killing that brat, it'll be a great merit." The Patriarch of Murong Clan was all smiles.

"Patriarch, don't worry. Leave it to me. I promise nothing bad will happen." The First Elder was full of confidence.

...

The next day.

Qingyang City.

Today was the day to help his roommate Ming get his face back. There was also another more important thing to do. Today was the last day of the fan battle to fish, and today would be the day to determine victory and defeat.

After getting up in the morning, Duane logged

on his mobile phone to have a look. His Weibo, and all the media platforms were spreading about this matter. They were all talking about the competition of fans. There were even a lot of influencers and streamers who were predicting and commenting on this matter.

Of course, the specific result would be known after 12 o'clock tonight.

In a small rented room in the capital city.

Sally was writing down the lyrics of her new song. She didn't think too much about what had happened on the last day of the 'Fans' Battle of the Fish. She didn't think too much about this matter either, so she had too much hope.

On her desk, there was a man's photo. It was Duane.

At this time, a young girl with big waves walked into the room.

She was Sally's only friend in the capital. Her name was Yi Wei, and the two of them were also a couple.

"Sally, how's the new song going? I bought instant coffee."

Yi Wei said as she placed a cup of instant coffee in front of Sally's table.

"Thank you, Sister Wei. The song is about to be completed," Sally said with a smile.

Yi Wei turned around and sat down, then asked curiously, "Sally, today is the finals of the 'Fans of the Fish', why isn't he nervous at all? Have you contacted that 'Mr. Lu's father' privately? How much money has he prepared to help him compete for the ranking?"

"I didn't take the initiative to privately contact him. He and I don't know each other. I'm already very grateful to him for giving me so many gifts and helping me increase my popularity. How can I take the initiative to ask him for something else? Furthermore, I'm not in the mood to compete for the ranking," Sally said.

Sally wasn't that type of person. In order to compete for the ranking, she had lowered her voice to plead with those local tyrants.

At that moment, Sally didn't know that the 'young master Lu's father was actually Duane.

Chapter 357

"Ai, Sally, you're really dumb. You don't want to hold on to such a rich person's thigh." Yi Wei shook her head and sighed.

"Sally, I won't disturb you from writing a song."

As soon as Yi Wei finished her words, she turned around and walked out of the room.

After Yi Wei left the room, she went to the roof of the roof. She first looked around and secretly took out her cell phone after confirming that no one was there. Then she carefully dialed the number.

"Hey, Sister Rou, I've already found out that Sally said that she didn't contact that tycoon. That's why she doesn't know how much that tycoon has prepared to help her compete for the ranking," Yi Wei said in a low voice.

"Very good, how's her new song?" Jiang Xiaorou's voice came from the other end of the phone.

"The new song is about to be finished," replied Yi Wei.

"Well, you'd better follow the method last time and find a chance to write her lyrics. Secretly take a photo and send it to me. When it's done, I'll give you a million yuan as a reward," Jiang Xiaorou ordered.

"Good! Good!" Yi Wei kept nodding with a smile on her face.

...

Qingyang City.

In the Green Mountain Hotel.

This was a five-star hotel in Qingyang City. It was very famous in Qingyang City. It was a symbol of face for ordinary people to have a meal here.

It was, of course, a very well-organized thing to be able to hold a wedding here.

Amin's ex-girlfriend, Lili, held a wedding here today.

When they had dinner yesterday, Duane also asked that Amin and Lili were from the same village.

At the hotel's entrance.

Zheng Wei and Lili, dressed in suits and formal attire, welcomed the arrival of the guests and a continuous stream of guests.

Their parents were also here.

At this moment, a few of Lili's relatives came over.

"Uncle, aunt, please come in." Lili said with a smile.

"Lili, you are really good. You have found such a capable boyfriend and let us come to a five-star hotel. Our whole village is proud of you!" The second aunt smiled and gave a thumbs up.

"That's right, Lili. You're really capable." The other relatives also echoed.

"Thank you, aunt, thank you all." Lili was very proud, and she was even more convinced that it was right to get rid of Amin in the first place.

At this time, two gray-haired old couple came to the door of the hotel. They were wearing washed and white Chinese tunic clothing and cloth shoes.

They were Amin's parents!

"Ming's parents, you're here too. Please come in." Lily welcomed them with a smile.

"Lily, this is your ex-boyfriend's parents."

Zheng Wei smiled. When he saw the clothes of Amin's parents, his eyes were full of disdain.

At this time, a motorcade slowly came, led by a Rolls- Royce, followed by 8 Ferraris, 8 Lamborghinis, 8 Porsches, lined up in a row, flashing in pairs, full of arrogance.

After the luxury motorcade arrived, it instantly became the focus of attention of all the people present.

"Wow, there are so many super luxury cars. I don't know who is coming!"

The guests at the entrance of the hotel were all staring at the luxury motorcade.

Many people present had not seen so many supercars at the same time!

"Wow, such a luxury motorcade, dear, is this luxury motorcade a friend of yours?" Lily looked at Zheng Wei.

"I think so." Zheng Wei nodded.

Zheng Wei also did not expect that his friend was so rich that he could afford such a luxurious motorcade.

But for the sake of his face, he admitted it.

For such a luxurious motorcade to come to his wedding was definitely a very prestigious thing, with a sense of respect and arrangement.

"Wow, my dear, you are awesome. I didn't

expect that you have such a rich friend whom you haven't mentioned before." Lily exclaimed with joy.

"Of course," Zheng Wei said proudly.

Around them, Lily's relatives and friends also marveled. "Lili's boyfriend is really amazing. They got married, but they should have such a luxurious motorcade to come to their wedding."

"Yeah, Lili really found a good boyfriend, who is much better than Amin in our village. It is nothing wrong for Lili to dump Amin."

...

When Lily heard the praise from her relatives and friends around her, her vanity was naturally greatly satisfied.

When Amin's parents heard these words, they looked a little embarrassed, but they didn't have the strength to refute it. After all, they were poor, so they couldn't compare with others.

Immediately, all the people present looked at the luxury motorcade and wanted to see who it was.

Zheng Wei also stared at the cars and wanted to know if it was a friend of his.

Under everyone's gaze, the motorcade had already arrived at the entrance of the hotel, less

than ten meters away from Zheng Wei and others.

Then, the twenty-five luxury cars all opened the doors, and a man in a black suit and a pair of black sunglasses got out of each seat. He was full of momentum and had a terrible momentum.

"He has so many bodyguards, so he must be a big shot."

"These are all bodyguards, right? Why don't you see the owner of the motorcade?"

"Yes, why are there so many bodyguards? Didn't you see the master?"

Everyone was very confused because they found that everyone in each car had gotten off, but they were all bodyguards.

After the bodyguards got out of the car, they quickly lined up and ran to the open space in front of the hotel, forming a large circle.

"Rumble Rumble Rumble!"

Just then, everyone suddenly heard a harsh roar in the air.

"A helicopter! It's a helicopter!"

Everyone looked up and saw a helicopter.

"Wow, it turns out that the owner didn't sit in those cars, but came by a helicopter!"

"Oh my god, who on earth is this big shot? Why does he have such a big row?"

...

Everyone was shocked.

"Lili's husband is really amazing. He has such a good friend who can take a helicopter to attend the wedding."

"That's right. Lily will be blessed to enjoy herself for the rest of her life."

...

Many relatives of Lili were from the countryside. Many people had never seen a helicopter in their lives. Such a big scene naturally shocked their very strong hearts.

Hearing the praise from her relatives, Lily's vanity swelled even more.

"Darling, when did you get to know such a powerful figure? How could you fly a helicopter to attend our wedding? Why don't I know it at all?" Lili looked at Zheng Wei in shock.

"Haha, don't you know who your husband is?" Zheng Wei puffed out his chest, and his vanity was greatly satisfied.

Of course, Zheng Wei was also thinking about which friend he was with.

Then, all of them turned their eyes to the helicopter. They wanted to see what kind of deity was sitting in the helicopter.

"Rumble Rumble Rumble!"

With the helicopter's propeller rotation, the helicopter landed slowly on the ground.

Two bodyguards in black suits rushed up and opened the helicopter door.

Then, under everyone's gaze, three figures slowly got off the helicopter.

The three of them were Duane, Bob, and the fat man.

"It's... it's them!"

The smile on Lily's face froze when she saw Duane and the other two. In her place was a strong shock and incredulity.

Zheng Wei's eyes widened even more when he saw Duane and the other two. He felt as if a bolt from the blue had hit him on the head, and he was completely stunned.

Oh my god, everything happened so suddenly and unexpectedly. They had never dreamed that Duane and the other two people would come down from the helicopter.

At that moment, all the other relatives and

friends around them were also in a state of uproar.

"Isn't... isn't that Amin from our village? He... why did he come by a helicopter? Oh my god, what's going on!"

"It's really Amin! What's going on!?"

All of Lily's relatives and friends recognized Amin. After all, Amin and Lili were from the same village.

"Bob! Honey, look! It's really our son, Bob!" Bob's mother exclaimed with excitement as soon as she saw Bob.

"Our son... is really our son!" Amin's father's voice trembled with excitement.

After Duane, Amin, and the fat man got off the plane, they walked directly to the hotel gate.

The three of them were all dressed in high-end tailored suits, full of famous brands, with branded diamonds watch on their wrists, and gem rings on their fingers, which made them look very generous!

The 50th black-clad man, on the other hand, followed behind Duane and his brothers in a neat and orderly manner with an imposing manner.

Wherever Duane passed, people pushed

forward like the tide, not daring to block their way at all.

Amin even raised his head and puffed out his chest. He only felt that they were simply too honorable. Now they were the focus of the whole audience!

Chapter 358

Soon, Duane and the other two arrived at the entrance of the hotel.

"Son! It's really your son!"

Amin's parents couldn't help rushing to Amin, which made them excited.

Seeing that his son was so well-off, the two elders could not help but feel proud.

"Dad! Mom!" Amin was also very excited.

"Ming, let's go and hang up first." Duane patted Bob on the shoulder.

"Dad, Mom, we'll talk later."

After finishing his words, Amin followed Lin Yun to the door.

In a twinkling of an eye, Duane and the other two came to Lili and Zheng Wei.

Duane made a gesture to Amin and asked him to come forward. After all, he was looking for trouble for him today.

Amin immediately stepped forward and said to Lili and Baili Ziyi with a smile, "You two, didn't you invite us to come yesterday? Your wedding? I

have been invited."

After Lili and Zheng Wei heard this, the muscles in their faces suddenly twitched, and their faces turned green, purple, and white. How ugly they were!

As for Amin, he only felt that his eyes and brows were breathing out, which was very satisfying!

"Amin, you... How can you be so rich!" Lili gritted her teeth and asked.

Lili found that Amin's wrist was wearing a watch that was inlaid with diamond. It was a million yuan watch. His husband, Zheng Wei, only wore a watch of tens of thousands yuan.

"Didn't I tell you yesterday? My friend Duane is the big boss." Bob raised his head and puffed out his chest.

After Lili and Zheng Wei heard the words, they both looked at Duane.

Yesterday, Duane was wearing ordinary clothes, but today, Duane was wearing a high-end custom-made suit with all kinds of luxury clothes on. He had an extremely high temperament. It was obvious that he was a rich man!

"Duane?"

Zheng Wei couldn't help but say this name in his mind. He felt that he seemed to have heard this name somewhere, but he couldn't remember it for a while.

At this time, Zheng Wei's father said, "Zheng Wei, these are your friends, aren't they? Why are you still in a daze when these noble men are coming? Hurry up and welcome them!"

After all, Zheng Wei's father did not know that Amin was Lili's ex-boyfriend, so Duane and the other two were invited by Zheng Wei.

Upon hearing this, Zheng Wei felt even more awkward.

"You don't need to welcome him. I'm just a poor boy. How can I afford to be welcomed by him?" Duane sneered.

Upon hearing this, Zheng Wei trembled with fear. After all, he had mocked Duane for being a poor boy yesterday.

"Brother, I was blind yesterday. Please don't argue with me!" Zheng Wei bowed slightly, with an embarrassed smile on his face.

Hearing Zheng Wei's words, Zheng Wei's parents and the other guests, who did not know the truth, finally understood. After quite a while, they realized that these big shots who came down

from the helicopter seemed to be the enemies of Zheng Wei!

"You're just an ant. I'm not interested in arguing with you, but I've robbed my friend Amin. You have to give him an explanation for your girlfriend." Duane squinted his eyes and said.

"Well... I don't know how to explain it." Zheng Wei braced himself to ask.

"It's very simple. You two kneel down to apologize to my brother Zheng Wei." Duane said calmly.

"What is it?"

Zheng Wei and Lili's facial muscles twitched all of a sudden.

There were all the guests who participated in the wedding. If they were asked to kneel down and apologize here, they would lose face in the future.

At this moment, the chairman of Green Mountain Hotel ran out in a hurry.

"Chairman Lin, I heard that you have come to our hotel. Please forgive me for not welcoming you earlier!" The chairman of the hotel smiled flatteringly.

Zheng Wei's heart was even more shocked when he saw this scene. The boss of Green

Mountain Hotel was also a famous figure in Qingyang City. How could he be so servile to this young man?

"Who on earth is he?"

"Duane!"

Zheng Wei's face suddenly changed, and he suddenly remembered that the new chairman of Gorgeous tripod enterprise Group was Duane.

"President... Chairman Lin, I'm going to apologize to Amin, and I'm going to apologize to Amin!"

After Zheng Wei finished speaking, he quickly knelt down in front of Amin.

Zheng Wei knew that Duane was now the richest new man in the three southwestern provinces. Compared with Duane, he was like an ant to an elephant. He knew that Duane could destroy him with just one word!

Therefore, Zheng Wei didn't want to struggle anymore.

"Lili, what are you waiting for? Get down on your knees!" Zheng Wei shouted coldly.

Lily also saw the seriousness of the matter. Although she was unwilling to reconcile, she could only kneel down for Amin.

Whoosh!

The surrounding relatives and friends, as well as the guests, were in an uproar when they saw this scene.

"Bob, I'm sorry. I apologize to you!" Zheng Wei knelt on the ground and apologized.

"Ming, I... I apologize to you too." Lily gritted her teeth and spoke out.

In front of their relatives and friends, kneeling down to apologize like this was a loss of face for them, but there was nothing they could do.

"Humph, I didn't expect you to have such a day today." Amin sneered.

Bob looked at them and knelt down in front of him. Naturally, he was very relieved.

"Come and get our gifts." Duane waved his hand.

"Yes sir!"

The bodyguards behind him answered and then turned around to get in the car to give him a present.

Soon, these bodyguards took the gifts.

Everyone present took a closer look and found that it turned out to be three flower circles

and three detours!

After seeing the flower circle, everyone began to secretly discuss it again. Wasn't this marriage gifting a flower circle a little too much of a joke?

Duane, Amin, and the fat man took a wreath one by one.

"This is a gift for the two newcomers. Although it's not expensive, it's a token of our love. I wish you two a happy marriage and enter the grave early. I hope you won't mind."

As soon as Duane finished speaking, he handed the flower circle in his hand to Zheng Wei and Lili.

Zheng Wei's and Lili's faces were as ugly as they could be.

But they didn't care about refuting him.

"What? You don't like it? Why don't you take it?" Duane frowned.

"I like it! I like it!"

The two girls nodded with a dry smile and then took the flower circle.

Ming and the fat man also sent the wreaths and gifts at the same time.

"I'm not going to drink your favorite wine.

Since you think it's dirty, since we've brought the gifts, let's go." Duane waved his hand.

Then, under the protection of a group of black-coated bodyguards, Duane and the other two turned and left. When they walked to Amin's parents, Amin went to explain a few words to them.

Then, under the gaze of everyone, Duane and the other two boarded the helicopter again.

In the helicopter.

"Ha ha!"

As soon as Duane and the other two entered the helicopter, they couldn't help laughing.

"Duane, it's so freaking awesome for you to send a flower circle!" Sean held his belly and laughed.

Amin also nodded repeatedly. "Right, looking at their faces when they took over the wreath, they must be funny. This wedding must be the shadow of their whole life!"

"Ming, how is it? Have you vented your anger?" Duane asked with a smile.

"Duane, don't mention how much it can relieve your anger!" Amin said excitedly.

"It must be very impressive to take a

helicopter to attend the ex-weds' wedding!"

"Ming, we're going to get an internship soon. You come directly to my Gorgeous tripod enterprise for an internship. I'll ask someone to arrange a position for you." Duane patted Bob on the shoulder.

"Thank you, Duane! Thank you, Duane!" Ming was very happy and thanked him again and again.

At this time, the helicopter began to take off.

"By the way, Duane, do you know that Sally was exposed to plagiarism? I feel that there is something strange about this matter. The entertainment circle is very chaotic. I'm guessing that someone is deliberately messing with Sally!" Sean said.

"I also think there is something fishy about this matter. When the 'Fans of the Fish' party is over, I will find a way to investigate it." Duane nodded seriously.

Then, Duane took out his mobile phone and opened the fishing app.

Sean exclaimed immediately after he took a closer look, "Wow, Duane! The 'lord Lu's father' is actually you!"

"Yes, it's me." Duane nodded with a smile.

The fatty suddenly understood. "I knew it. Which local tyrant would help Sally for free? So it's you, Duane. Does Sally know that 'Young Master Lu's father' is you?"

"I don't know." Duane shook his head.

"Duane, why didn't you tell her? She doesn't even know that you are so nice to her." Sean said.

Duane shook his head with a wry smile and said, "I know her character. If she knew it was me, she would definitely not let me continue to help her."

"That's right."

"By the way, Duane, today is the last day of the fan competition. When are you going to make the list?" Sean was very curious.

"Let's do it now," Duane said.

Before breaking through to the list, Duane first looked at the news on the Internet.

On the last day of the 'Fans of the Fish Fighting Day', Shen Hao's 'Master Lu's Father' was nowhere to be seen. Had he given up competing for the ranking?

"The God of Fishing, Master Lu's Father, will you fulfill your promise and help Sally compete for the ranking? Now, it has become a mystery."

"On the last day of the Fish-Driving fan's Day, Sally had already fallen to fifth place. If Shenhao didn't show up, Sally would have no hope of winning the championship."

...

Duane found that because he had not made it to the list, there were many doubts and speculations on the Internet.

"Next, let's use the facts to crush these rumors." Duane showed a confident smile.

Chapter 359

Then, Duane entered the fishing app again.

Duane first looked at the list. At present, the first place on the list was still Jiang Xiaorou. Her glory value had reached an astonishing 41235. If converted into cash, it would be a total of 411,000,000 yuan.

This figure had actually broken the record of previous years.

According to the situation in the past, forty-one million yuan was definitely very steady to win the first prize, but the second prize was too much to catch up with.

The second one was a popular game streamer whose honor value was 24head9. in real-estate, it was 24,000 yuan.

Duane had read some reports before. The goal of this game anchor was to be the second, and he did not intend to compete with Jiang Xiaorou for first place.

After all, Jiang Xiaorou was a super popular anchor. She had even transformed into a celebrity and had the support of the fishing team. This

game anchor knew that it was impossible for him to compete with Jiang Xiaorou for first place.

It was precisely because of this that the original number of 'Fans for Fighting Fish' did not look very high. Because everyone had already anticipated the ranking of the top three, they did not look forward to it at all.

However, Duane's appearance and threatening to win first place made him pay a lot of attention to this year's "Fans of the Dou Fish" and make many people look forward to it.

As for the streamer, who was currently ranked third, her glory value was changed to her cash value, which was more than closes million yuan.

Sally was currently fifth, and her glory value was 14527, equivalent to the name coin of the adult, which was worth more than one million six hundred and six million.

Among them, 1, pike million was bought by Duane and over 700,000 was bought by Sally's fans. After all, Sally was still very popular. Although the case of plagiarizing made her very popular, there was still a group of loyal fans.

Of course, it wasn't easy to rely on these loyal fans to help Sally make the list. Their numbers weren't great, and it was already very difficult for

them to earn more than seven million.

At present, Sally and Jiang Xiaorou, who took the first place, had 30 million in real money.

This was an astronomical figure for an average person.

Even if the boss had hundreds of millions of yuan, it was difficult for them to pay 30 million in cash at one time. After all, as an industrial boss, a lot of money was invested in business and real estate.

Even if he was a boss with more than one billion yuan, it was still very painful for them to get more than 30 million yuan at one time.

Although hundreds of millions of yuan could come out to make fun and flatter the streamers, it would not be enough without billions of yuan.

Jiang Xiaorou could get a reward of 4 million yuan, which meant that she had been sponsored by several local tyrants. In addition, Jiang Xiaorou's popularity was extremely high, and she had many fans. A million fans, ten yuan per person, was ten million yuan.

However, on Sally's side, if she wanted to make the ranking, she could only rely on Duane.

At this moment, Sally's broadcast room was

in the middle of the live broadcast.

Duane checked it and found out that the real-time popularity of the room actually reached shocking 4 million yuan.

This number caused Duane to be very surprised. Since he hadn't paid a gift to increase the heat, Sally was able to reach 4 million by herself?

Duane remembered that when he entered the live broadcast room yesterday, the popularity of the live broadcast room had just reached one million yuan.

"What's going on?" Su Mo thought to himself.

Duane murmured.

Sean and Amin were both holding their mobile phones in the live broadcast at this time.

"Duane, the broadcast room of Sally is full of onlookers right now," said the fatty.

Then, the fat man handed his mobile phone to Duane.

Duane saw that the bullet screens in the broadcast room were talking about him.

"On the last day, I came to see Shen Hao's onlookers. Why hasn't Shen Hao come yet?"

"Today is the day of the finals. Why hasn't Shenhao, Master Lu's father, shown up yet?"

"Is Shenhao going to fill the ranks for Sally? Don't tell me he doesn't have any money?"

"He doesn't show up now. I'm eighty percent sure he's a coward."

...

Almost all the comments on the bullet screen were talking about Duane.

Some people even speculated that Duane might have been bribed by Jiang Xiaorou, so they didn't plan to replace Sally on the list.

Sally didn't respond to all of this. She was just chatting about new songs and getting everything ready.

Duane finally understood why Sally's broadcast room had more than 4 million popularity. It was because today was the final, so a lot of onlookers came to Sally's broadcast room.

"Duane, these rumors are simply nonsense. You'd better hurry up and enter the broadcast room to crush these rumors!" Sean said eagerly.

Amin also said quickly, "That's right, Duane. As soon as you show up, people will be shocked immediately."

Duane nodded and led Sally into the broadcast room.

Duane had opened the emperor in Sally's broadcast room before, so when Duane entered the broadcast room, there would be special effects to welcome him, which could be seen by the whole broadcast room.

"Wow, Shenhao's Master Lu's father is here!"

"Here comes Shen Hao!"

"Here comes Shen Hao!"

At this time, the whole live broadcast room was full of comments on bullet screen.

On the public screen.

Young Master Lu's father, "Sorry for the long wait, everyone. Sally... Sorry for the long wait."

Sally, who was sitting in front of the broadcast room, said,

"Mr. Lu's father, thank you for your kindness. I really don't need you to help me become the first. You helped me increase my popularity by 10 million before. I owe you a big favor."

Sally knew that if she wanted to catch up to Jiang Xiaorou, she would need 30 million. This was just to catch up. If she were to fight with Jiang Xiaorou, she would definitely have to spend

money.

Sally's family was doing business. He knew exactly what it meant to have so much money.

Although Sally hated Jiang Xiaorou in her heart.

She didn't want a person who she didn't know at all to pay such a high price to help her and to repay such a big favor, but she didn't want to.

Young Master Lu's father, "Sally, I've said that I'll take first place for you. I'll do what I say. Now, let's begin!"

As soon as Duane finished speaking, the comments on the bullet screen were immediately detonated.

"Wow, Shenhao is going to massacre the list, isn't he?"

"Shenhao, please start your show!"

"The show is about to start. Move a small stool and sell melon seeds and fruits in the front row."

"I'm looking forward to it!"

...

The arrival of Duane directly brought up the atmosphere in the broadcast room.

Of course, there were still a lot of voices of doubts in the broadcast room.

"Jiang Xiaorou now has more than 400 million glory points. If you want to catch up with Jiang Xiaorou, you have to spend at least 30 million in real estate. If you want to surpass Jiang Xiaorou, you have to spend more. It's not realistic to take first place!"

"That's right. There's such a big gap between us. I don't believe that you'll be able to get into all of the four great countries in one go."

"It's still the same saying, if Sally can take first place, I'll eat shit in live broadcast!"

...

Duane ignored these comments and directly started to brush the super fire.

Young Master Lu's father gave him a super rocket X1, X2, X3, X3, and so on...

The number of super-flames began to rise rapidly, visible to the naked eye.

"Tianhao, let's begin to perform!"

"666!" the middle-aged man answered.

"666!" the middle-aged man answered.

...

After Lin Yun began to gain more followers, the whole live studio was filled with 666 messages on the screen.

Everyone was looking forward to it.

In a boy's dormitory of Qingyang University,

"Wow, Shenhao Master Lu's father is beginning to give Sally a gift!" A male student raised his arm and shouted.

As soon as he finished speaking, some of the other male students in the dormitory hurriedly came over to have a look, and some opened their fishing app to have a look.

"D*mn it. It's over-flamed for 500 yuan, but it's still rising rapidly. It's worthy of being Godly Rich."

"I don't know if Shenhao will be able to complete the list and defeat Jiang Xiaorou."

"That's hard to say. After all, Jiang Xiaorou is also formidable. It'll be a little difficult for me to defeat Jiang Xiaorou with just a local tyrant."

...

Everyone was talking about it fiercely.

Such a scene not only happened in Qingyang University, but also in many other places across the country.

All the spectators in the live broadcast room were looking forward to seeing if Duane would be able to help Sally win first place.

With Duane's super-flamed explosions, the heat of Sally's live studio began to soar. At the same time, a large number of audiences poured into Sally's live studio.

...

In the studio.

"Thank you, Master Lu's father! Thank you!"

Although Sally had told Duane not to brush, Duane had already started. She could only thank him again and again.

Master Lu's father sent a super rocket X988, X9,999, and X All 10,000.

"Oh my god! He's gone mad ten thousand times!"

"It's over-favored ten thousand times. There's no one else in the world. This time, I've refreshed the record of adding gifts to the Dou Yu Competition!"

...

When the audience in the live broadcast saw the ten thousand sponsorships, they all fell into madness.

What a joke, ten thousand over-hot, this was a total of twenty million!

"They are both real gold and silver!"

When Duane overrated, there were also a lot of Sally's fans. They were also posting small gifts, but there were a lot of them, and all of them were worth tens of thousands yuan.

With Duane's ten thousand over-fire, Sally's amount of glory also reached three hundred and ten million. It was a hundred million less than Jiang Xiaorou's worth of glory, which meant that she was still short of ten million in real estate.

On the public screen.

Young Master Lu's father said, "My hand is tired. I'll make another ten thousand rounds after resting for a while."

Chapter 360

"Six!"

"It's the person who got 666!"

The screen was full of 666 comments.

Everyone knew in their hearts that Jiang Xiaorou was able to get the 4 million yuan gift because of the help of quite a few well-known people, as well as the support of a huge amount of her fans.

However, on Sally's side, if she relied on Duane alone to fight against Jiang Xiaorou's several heroes and a huge number of fans, the nature of her fans would definitely be different.

In the studio.

"Thank you, Young Master Lu's father. I really have to thank you for helping me like this. I don't know how I can do it, and I don't know how to thank you. I'll sing you a song," Sally said.

Following which, Sally began to sing her famous song 'Embarrassed Love to Truth'.

So far, Sally had released two songs in total. The first one was "Fake Love to True". She became popular because of this song.

As for the second song, if it was still popular, Sally would be able to make use of it.

The second song, which had just been released, had a very good effect on the first day.

But the second day after the new song was released, this song was found out to be copied.

At that time, it was the evidence provided by Jiang Xiaorou for plagiarizing. Before Sally announced it, Jiang Xiaorou had already published this song on a small scale online.

Furthermore, Jiang Xiaorou had already applied for the signature of this song, which was why Sally had copied her song.

When Jiang Xiaorou accepted the interview, she said that a week before Sally released a new song, she had invited Sally to her house. She said that Sally must have stolen her song at that time.

During Jiang Xiaorou's interview, she even said that she thought that Sally wasn't bad and even wanted to give her a hand. In the end, she didn't expect Sally to be such a person.

When Sally accepted the interview, she tried her best to say that she didn't copy it. She had spent a month to create the song. She didn't know how Jiang Xiaorou could have this song.

Although Sally defended herself, in front of the evidence, Sally's sketches were thought to be lying on the verge of death by the netizens.

Just like that, Sally's second song was sealed. In the end, she transformed into Jiang Xiaorou's new song.

Jiang Xiaorou's popularity had always been very high. With her new character, her popularity had increased once again, and her popularity could even be compared to that of A-list singers.

At this time, Sally had already finished singing 'Fake Love to Truth'.

"Wow, the anchor's voice is so beautiful."

"It's a pity. If the anchor didn't plagiarize it, such a good voice would definitely be popular."

...

Looking at these comments, Sally bit her lip and said, "I don't know why. Jiang Xiaorou also has that song, but I didn't copy it! That song was made by me after a month of hard work."

When Sally reached the end of her sentence, the rims of her eyes were already a little red.

Seeing Sally's appearance on the screen, Duane also felt a little uncomfortable.

"Humph, you're pretending to be pitiful again."

There's all the evidence, but you still don't admit that you plagiarized."

"That's right. The evidence is all there. Are you trying to say that Jiang Xiaorou stole your song? Someone else sent it earlier than you!"

...

As soon as Sally's words came out, there were quite a few voices of doubt on the bullet screen.

Of course, there were also quite a few Sally's fans who expressed their support.

"Sally, we believe in you. No matter what, we all support you!"

"Sally, you can do it! Don't listen to those rumors and use a new song to slap everyone's faces!"

...

Of course, compared to the large number of fans in the broadcast room, all of them were Sally's loyal fans, and they were only a small portion.

On the public screen.

Young Master Lu's father, "Sally, I trust you too! I believe that you are not that kind of person. I will support you with practical actions!"

"Thank you, Master Lu's father, thank those who support me!"

Sally, who was in front of the camera, wiped the tears from the corners of her eyes and expressed her gratitude with a smile.

For Sally, the person who was still able to believe and support her at this time was truly grateful.

At this time, Duane brushed the super rockets again.

Master Lu's father sent a super rocket X1, X2, X3, X 4.....

The number of Immortal Fires soared once again.

Countless viewers had witnessed everything happening in the live broadcast room. There were also all kinds of comments on the bullet screen, such as 666, heroes, rich people, and so on. Let's make friends.

Even the fat man and Amin sitting next to Duane were very excited.

Under the witness of countless viewers in the live broadcast, Duane flared up again.

Such wild swiping of the Transcendent Flame truly shook the entire Dou Yu. This was because

Duane's twenty thousand over cents of Transcendent Flame was a total of forty million gold and silver.

After all, the 'Fans of Fish Fighting' had been assigned half a month ago. Jiang Xiaorou, a super-popular anchor, had only received a gift worth 40 million the previous 14 days.

Moreover, it took her a total of 14 days to achieve it, with the help of several local tyrants and millions of fans.

Moreover, Jiang Xiaorou was in the second place, which was enough to see. It was difficult for him to get so many gifts!

However, Duane had killed so many people all by himself.

With Duane's great efforts, he was worthy of the title of the number one genius of fish fighting.

Under this wave of superflamed explosions, Sally's number of fans also reached more than 500 million.

On the list, Sally naturally surpassed Jiang Xiaorou.

"The first place at the top!"

"Number one, number one!"

"Damn it, Sally really took Jiang Xiaorou

down. I'm not dreaming, am I?"

"The angler was taken down. This is a piece of big news. I don't know what Jiang Xiaorou is thinking about now."

"Where are those who questioned before? Now it's time to shut up!"

...

The bullet screen had completely exploded.

"Young Master Lu's father, thank you so much. I, Sally, will remember your favor." Before the live broadcast, Sally was also a little excited.

Although Sally didn't have the heart to compete for the ranking before.

However, Jiang Xiaorou was the one who had framed her and destroyed her. Of course, in her heart, she longed to surpass Jiang Xiaorou to win first place.

Young Master Lu's father: "The one who said before that if Sally can surpass Jiang Xiaorou, then she should be the one to provide live streaming to eat shit. Hurry up and come out to provide live streaming. I'll remember your name. It's called 'Rare Killer Hehe'."

"Ha ha! Ha ha!"

"It's so funny!"

"It's just a slap in the face! I guess the girl killer must be panic now."

The bullet screens were full of comments on how to enjoy the show.

The young lady killer continued, "I am talking about the final result. Sally is only temporarily leading. Why are you in such a rush?"

Young Master Lu's father said, "Okay, let's wait and see."

...

On the other side.

In Jiang Xiaorou's villa, capital city.

Jiang Xiaorou was in the dressing room, and the makeup artist was dressing her up.

"Sister Jiang, it's the last day today. That Sally is still a hundred million worth of glory. That Shenhao hasn't even made a move, so she definitely won't be able to catch up with you," the makeup artist said as she changed her makeup.

Jiang Xiaorou laughed coldly, "Heh, aren't you talking nonsense? Who does Sally think she is? She's just an insignificant anchor, how can she be compared to Jiang Xiaorou? My current reputation is comparable to that of a first-rate celebrity, isn't it?"

Jiang Xiaorou was still a little worried before.

However, in the past two days, Sally's honor value had always been stable for a hundred million yuan. There was no movement. The difference between her and Sally was already three hundred million yuan. She was confident that with such a big difference, she would definitely take first place.

"Yes, yes, yes. Sister Jiang's words are reasonable. Sally really can't compare with you!" The makeup artist flattered.

At this moment, the door of the dressing room was suddenly pushed open.

Jiang Xiaorou's assistant rushed in.

"Big Sister Jiang, this isn't good. The mysterious local tyrant who supports Sally has just suddenly appeared and sent 40 million to Sally. Currently, Sally's fan funds have reached 500 million. If he surpasses you, he'll be temporarily number one on the general list!" The assistant's tone was anxious.

"What is it?"

Jiang Xiaorou, who originally had a smile on her face, suddenly changed her expression.

"Killing 40 million yuan crazily? How rich is

this person to take out so much money so that he can reward the anchor?" Jiang Xiaorou gnashed her teeth.

For one person to wantonly splurge 40 million at a time, this was an unprecedented amount of wealth. This kind of pride caused Jiang Xiaorou's eyes to turn red.

Furthermore, Sally's previous ten million had also been acquired by Duane. In total, there was a total of fifty million.

"Sister Jiang, what should we do now? She has already surpassed our hundred million yuan worth of glory. It will take ten million yuan to catch up with her. If we want to surpass her, I'm afraid we will have to spend more money." The assistant said urgently.

The assistant continued with concern. "I'm afraid you can't get rid of him."

Moreover, this rich man is generous. If we fight for it, I'm afraid he will still do it..."
