

Chapter 241

"Fast electricity, fast electricity."

After a brief silence, Xiang'er stood up and shouted like a chicken.

In the distance of more than ten meters, Darren could also feel her arrogance and arrogance.

The audience cheered, whistling from time to time, and they all shouted the word "Fast electricity".

Although Song Caroline was not surprised by the others, she was still breathing heavily when she saw the leopard head lying beside her feet.

Her beautiful face was also a little bit tight.

The close-range blood had touched the weakness in her heart.

No matter how cunning and sinister the stunner was, how powerful she was and how unscrupulous she was. However, the cruelty of blood still made her unbearable for a while.

"Ha ha ha! Song Caroline, Tigger, Hunter, your people, really can't do it!"

"One is a good-for-nothing, and the other two are good-for-nothing. I didn't expect the six of them to be good-for-nothing."

Jiang Shihao let out a harsh laugh, and then

pointed at Song Caroline and the others, saying,

"There are still four more candidates. Hurry up and send someone to court death."

"You want to stop my father from coming back at such a high level? You're over-confident."

"I advise you to give up directly. You can save some face if you don't hurt a few people."

"Otherwise, I'll cripple all of you one by one. If you win, you'll lose face at the same time."

A group of companions also burst into laughter, looking at Hunter and the others with disdain.

They thought that the circle of Middlesea was very powerful, but it turned out to be bluffing. It couldn't even suppress a bolt of lightning.

"Don't you know what's going on in our situation?"

Michael couldn't stop shouting, "If you have the ability to allow the disciples of the Middle-sea Martial Arts Alliance to join the battle, I promise that you will be beaten to look for your teeth on the ground in no time."

"That's right. You've tied up our hands and said that we're not strong enough."

Luna also snorted, "Jiang Shihao, you are really as shameless as your father."

"Don't talk nonsense. It's not that I don't allow the Middlesea Martial Arts Alliance to join the war. It's

that you are suppressed, and it's none of my business."

Jiang Shihao smiled noncommittally.

"All right, don't talk nonsense. Hurry up and send someone to join the battle, so that you can be convinced."

"Don't go back on your word. Senior Nangong and the other eight old Jianghu guys are here to witness this."

"If you dare to play shamelessly, not only will Senior Nangong punish you, but I will also kill you by any means."

"I heard that the girls in the Wuhu Group are more than the boys, and each of them is as beautiful as a fairy. Even if we play with a woman every day, we can play for a whole year without repeat."

Jiang Shihao was very proud, as if he wanted to kill Song Caroline and the others.

"Shut up!"

Song Caroline's pretty face darkened as she interrupted Jiang Shihao.

"We haven't lost yet. Jiang Shihao, there's nothing to be proud of."

Jiang Shihao sneered and said, "Come on, let's see how you will win this battle tonight."

"Mr. Han, Mr. Song!"

At this time, a middle-aged man came over with an anxious look on his face that could not be concealed. He whispered to Song Caroline's ears,

"Something bad happened. The last four boxers saw the live video and refused to come out to fight with lightning speed."

"They said that the other party was too powerful. If he rushed forward by himself, he would be digging his own grave. He would rather cut off one hand than fight on the stage."

Jiang Shihao caught this sentence and burst into laughter.

"You don't dare to fight?"

"Song Caroline, the person you're looking for is really a good-for-nothing. He's not good at martial arts, nor does he have the courage."

"You lost. From now on, Middlesea's father will make the final decision."

If he lost his momentum and confidence in the Coliseum, he would lose.

At this time, Nangong Xiong suddenly took the microphone and said to Song Caroline and others,

"Mr. Du, Mr. Han, please send someone to join the battle."

"If no one comes to the arena within five minutes, then you'll lose in the seventh round."

He seemed to be fair and clear, but in fact, he

didn't give Tigger and the others a chance to breathe.

"Show me my trump card!"

Hunter had been silent for a long time. At this moment, he nodded slightly, and there was firmness in his eyes.

"Avery will come next."

Tigger and the others were shocked. "Old Master Han, you can't do that."

Avery carried a bloody case, which was pointed at by thousands of people. The world had long thought that he had escaped and died.

Once Avery showed up, he would definitely die, and the Han family would be involved in the storm of public opinion.

The business of Millennium Group would also plummet.

The price would be very high.

"Of course I know the consequences, but in this case, Avery can't help it."

Hunter said resolutely, "Compared with Jiang Huilong returning to Middlesea, I would rather the Han family was stabbed in the backbone."

Hayden and the others were silent. Yes, once Jiang Hualong came back, there would be no peace in the sea, and they would also face life-threatening danger.

"The next battle, I'll do it."

Luna patted the table, stood up and looked at the lightning. "I will fight to the death with him."

"It's just a fight, why do you have to take the risk in person?"

At this moment, one of his hands pressed on Luna's shoulder. "This battle, I'll do it."

An abrupt but loud voice made the sofa area quiet instantly.

The crowd looked for the voice. Some were confused, some were angry, and they were very angry that someone was making trouble.

The Xiang'er girl, who was not far away, frowned and looked at the uninvited guest with disdain. Obviously, she felt that this guy was putting on an act.

The vest companion next to her also pretended to shake her head deeply, with a deep smile on her face with a strong sense of superiority.

Song Caroline's heart trembled. She recognized the familiar voice and knew who it was.

"Darren?"

Hunter and the others also stood up, greeting him with a warm smile on their faces.

"Dr. Ye, why are you here?"

Darren smiled gently and said, "We usually take

good care of me. If you have something to do, how can I stand by and do nothing?"

"Take it easy, everyone. Next battle, I'll do it."

He looked at the lightning.

Hayden and the others waved their hands repeatedly and said, "No, no, the lightning is too strong."

Song Caroline nodded as well. "It's better if you don't get involved in Jianghu."

Darren held Song Caroline's palm and said, "That's not a big deal."

Powerful and confident.

The Xiang'er girl looked at Darren and felt very uncomfortable.

"How dare a nameless guy call himself gunfire? He really doesn't know the immensity of the world!"

The woman in the cheongsam also stared at Darren, the rogue, with a hint of disdain in her eyes.

"Swoosh—"

At this moment, a figure was half a beat faster than Darren and jumped onto the bloody fighting ring.

Dugu Shang.

He held a sword that he had picked up.

It was not long, about two feet long.

In comparison, there was a huge difference between their figures and their imposing manner.

Dugu Shang was too weak, too thin and too pale.

All eyes were fixed on Dugu Shang as if they were looking at a fool.

The Xiang'er girl screamed even more, "Kill him, kill him, this idiot."

She hated people who didn't know the immensity of heaven and earth the most.

He was the one who provoked the idol in her heart.

Darren shouted, "Dugu Shang, come down."

He could not let Dugu Shang take the risk.

Dugu Shang was not obedient this time. He just looked at the lightning with indifferent eyes.

When he saw that Dugu Shang was about to fight, he narrowed his eyes and said, "You're looking for death?"

Dugu Shang raised his right hand.

"Swoosh—"

The face of the lightning changed dramatically, and he retreated rapidly.

However, he stopped halfway, because a sword was pressed against his glabella...

All of a sudden, the audience was silent.

Chapter 242

The whole place was dead silent.

No one spoke, and even their breathing seemed to stop.

In addition to Darren, Jiang Shihao, Song Caroline, and other spectators all looked at this shocking scene as if they had been struck by lightning.

Nangong Xiong and the other notary took off their glasses and rubbed their eyes hard. They felt that their eyes were blurred.

Who was the lightning?

That was the man who won six rounds in a row, disabled Leopard Head, and ranked 48th on the killer list. His machete technique could reduce 99 percent of the people present.

But how could they not be shocked that such a powerful master was defeated by a nobody with only one move?

Wang Tuochu and the cheongsam woman also narrowed their eyes slightly, as if they were surprised by the suspense of this battle.

The lightning was even more shocking, and his mind went blank. He didn't expect that he didn't even have the strength to fight back!

"This isn't scientific!"

However, no matter how much he did not believe it, he could still feel the killing intent from the tip of the sword at lightning speed.

As long as Dugu Shang sent him forward, he would definitely die.

"Sh*t, sneak attack, it's too shameless."

At this time, the Chanel girl, who couldn't accept the failure of lightning, suddenly stood up and shouted angrily,

"If you dare to come back here again, I don't believe that I can't kill you in a flash."

"He can't be called a hero if he doesn't take advantage of others to launch a sneak attack."

She waved her fists aggressively and wanted nothing more than to kill Dugu Shang in person.

His idol's bladesmanship was invincible. How could he lose to someone like Dugu Shang?

Jiang Shihao took the opportunity to echo, "Yes, before the host calls for a start, you take action. This is a sneak attack. No, no, no."

His companions also followed him and said, "Start again, start again."

Michael scoffed and said, "They have been on the stage for a few minutes and talked a few words. No matter what, it can't be related to a sneak attack."

Luna also raised her voice. "That's right. Besides, the lightning is so powerful. Among the top 50 killers on the killer list, who can sneak up on him?"

The two sides were tit-for-tat.

The lightning did not speak. Although this round was a little shameful, it was better than losing the battle and ruining the reputation.

Dugu Shang did not move at all. His grip on the sword was as steady as Mount Tai.

For him, no one's instructions were useful. Only Darren could control the lightning and life and death.

Several important figures of the notary team frowned and felt a little embarrassed. In theory, if the host did not mention the beginning, it could not be counted as this round.

However, in reality, everyone knew that Dugu Shang had lost the game and his life was still in Dugu Shang's hands. It was a little shameful for him to overthrow Dugu Shang again.

No matter how the announcement was announced, one side would not accept it. If one side did not accept the result, the battle tonight would lose its effectiveness and the two sides would start a war again.

In such a situation, one party had to make a concession.

"This round is indeed invalid."

"I saw it with my own eyes that he fought six rounds in a row and his breath was not smooth. He was adjusting his breath when the Middlesea Sword Master attacked."

"And the referee hasn't announced the start yet, and the lightning is not prepared, so the sneak attack just now was a real one."

Before the notary team could reach an agreement, Nangong Xiong picked up the microphone and shouted,

"This round of re-attacking, by the way, give Middlesea Sword Hand a warning."

"There will be another sneak attack. Not only will you lose your qualification to participate in the battle, but you will also lose this match."

He was very direct and tended to the side.

Seeing this, the notary group fell silent. Although there were many different opinions, Nangong Xiong's identity was prominent, so they could only listen to him.

"This is considered a sneak attack?"

Luna and the others were furious when they heard this. "You're too shameless?"

"That's right. You, the notary group, will lose if you don't go up in five minutes."

"But you went up there. You said that you needed to adjust your breathing at a high speed, so it's up to

you to decide."

Michael and others all protested.

Nangong Xiong ignored the protest and stared coldly at Dugu Shang.

"Let go of the lightning fast, the victory of sloppy means is not a victory, but a shame."

"Let's see who will be the winner in this fair and square battle."

Nangong Xiong was righteous.

Dugu Shang ignored him. His sword-holding hand was as steady as Mount Tai, still firmly controlling the swiftness of life and death.

"Didn't you hear what I said? Let him go right away."

Nangong Xiong was so angry that he could not be scolded. "If there is any harm to the lightning, our notary group will not spare you."

Dugu Shang still did not move.

Nangong Xiong slapped the table and said, "The law enforcement team, the law enforcement team, take him down, take him down."

Jiang Sihan and others followed to jeer, "Kill him and kill him if he doesn't obey the rules."

"If you are shameless, you can benefit from it. Why should you care about that face?"

Several burly men pulled out their guns and

came forward.

"Let's rely on the old to sell the old."

Darren sneered and then made a gesture, "Dugu Shang, give him a chance."

He was not afraid of Nangong Xiong, but he wanted Jiang Shihao and the others to lose face.

Dugu Shang withdrew his sword and slowly retreated three meters.

Nangong Xiong smiled disdainfully and thought that he was tough. After being scared by him, he was still willing to compromise.

Song Caroline looked at Darren and wanted to say something, but in the end, she smiled and supported Darren's decision.

Tigger and Hunter also said, but they just looked at each other and smiled, showing their confidence.

At this moment, Jiang Shihao shouted,

"Fierce Lightning, don't play cat and mouse. Go all out."

This sentence gave people a feeling that they were really sneak-attacked just now, which made Luna and Michael shout at him shamelessly.

The Xiang'er girl was also angry and said, "Kill that bumpkin if she's fast-compassion."

She was full of hostility toward Darren and Dugu Shang.

Such a noble circle, such a powerful killer, how could Darren and the others fight against him?

He quickly wiped the sweat from his nose and walked up to Dugu Shang. His entire body was tensed up and he was on high alert as he waited for an earth-shattering battle to break out.

The hostess stepped forward and shouted with the microphone,

"The seventh match, Jiang's Group, fast lightning VS Middlesea, Dugu Shang."

He violently chopped with his left hand and said, "Start."

"Kill—"

The lightning struck first. Suddenly, there was a roar. It was louder than all the noise. It was earth-shattering, like the roar of a beast.

"Buzz!"

The whole fighting ring instantly vibrated with a loud noise.

The glass in Jiang Shihao's hand shook.

Several gorgeous women almost fell to the ground, and their faces were pale. They were almost scared to death...

On the other hand, the Xiang'er girl was very excited and said, "The lightning is powerful, the lightning is powerful."

Dugu Shang's clothes were trembling and his hair was moving, but his hand holding the sword did not move at all.

There was no doubt that the lightning was going to disturb Dugu Shang's mind so that he would no longer be able to focus on the sword in his hand.

In the roar, the face of the lightning-fast man also became distorted.

That pair of originally dark and fierce eyes were now as red as the blood of a beast in a trap.

Murderous look!

The killing intent, which was made up of countless blood, was overwhelmingly overwhelming towards Dugu Shang.

Dugu Shang narrowed his eyes slightly.

"Clang!"

At this moment, he grabbed his sword, which was inlaid with diamonds, and pounced on Dugu Shang, like a mad demon.

The blade was sharp, and the pressure was like a mountain.

The impact of his momentum was like a rainbow, giving people a feeling of despair.

"Whoosh!"

As the cold wind blew, the lightning grew larger. Mount Tai was over his head, but it was nothing more

than that.

His sword cut through the dust, through the light, and toward Dugu Shang's neck.

As long as he was hit by the sword, he would definitely be beheaded.

Song Caroline and Jiang Shihao tensed their bodies instinctively.

"Kill him, kill him."

The Chanel girl also screamed excitedly.

"Swoosh!"

At this moment, the sword light flashed and pierced into the saber radiance!

The lightning-fast body suddenly stagnated, and the overwhelming killing intent instantly dissipated.

The sword was broken into pieces and fell to the ground.

The fast lightning changed his face again, and he was forced to step back three meters.

As soon as he stopped, there was a trace of blood spilling from the corner of his mouth. At the same time, the tip of the sword was against his throat.

Cold and bone-piercing.

The lightning was as pale as paper.

"I'm so wronged..."

What a shame...

Desperate...

How could there be such a huge difference between a man and a woman?

He lost again...

The atmosphere was condensed again, quiet to the extreme, and depressed to the extreme.

The girl's mouth was wide open, and it was wonderful to be shocked by the visual expression.

No matter how incredible and surprised Nangong Xiong and Jiang Shihao were, the lightning failed again and was defeated in one move.

This time, he was defeated as fast as lightning.

It was a crushing defeat.

"Why did you attack me again..."

Darren slapped his thigh at Dugu Shang and said, "Let's compete again. Let's fight again."

Nangong Xiong almost had blood gushing out of his head.

Chapter 243

"Have we re-matched?"

This kind of molesting words came out of Darren's mouth, which made Nangong Xiong and Jiang Shihao vomit blood.

No matter how he looked at it, it was not an opportunity to turn the table, but Darren's charity for them.

The hearts of Jiang Shihao and the others were all in a mess.

"Notarized Group, I think my brother was suspected of a sneak attack just now. I hope that we can give him a chance to re- contest."

Darren raised his hand to the notary group and said, "Mr. Nangong is right. If you want to win, you will win the fair and square."

The Xiang'er girl was so angry that she could not be scolded. "Bastard, you've gone too far."

The cheongsam girl also felt that Darren needed to be beaten up.

"Dugu Shang, step back. We're not allowed to launch a sneak attack again."

Darren asked Dugu Shang to step back a few meters and waved to the host, saying, "The referee, the lightning knife is broken. Change one for him."

Seeing this scene, many people were extremely depressed. The lightning was so fast that they almost vomited blood. They felt that their faces were completely disfigured.

The judges and Jiang Shihao all looked at Nangong Xiong, and the members of the notary team were also waiting for his judgment.

"Okay, okay, I'll help you."

Nangong Xiong's cheeks were also burning with pain, but compared with losing the game, he felt that it was better to break the pot and give another chance.

He didn't want to see Darren's party win no matter what.

He roared, "The seventh round, the second round."

As soon as he said that, countless people were secretly disappointed. Many people in the notary team shook their heads and gave a fatal blow to Nangong Xiong's authority.

This was also what Darren wanted. He wanted to kill people, kill the heart, kill the lightning, and kill Nangong Xiong.

He not only wanted Dugu Shang to defeat the lightning bolt, but also wanted to make Nangong Xiong a joke.

Jiang Shihao had no choice but to wave his

hand decisively at the lightning. "Fight!"

He asked his trusted subordinates to throw a knife, a pair of arm-protecting arms and a pair of knee-protecting knees.

He put on his arm-protecting and knee-protecting hands and picked up the sword on the ground with an ugly look.

When he held the handle of his saber again, his quick and sharp eyes seemed to be able to break gold and stone.

Since his debut, he had never been as depressed as he was today.

Dugu Shang, a young man about 17 or 18 years old, had beaten him to a pulp and almost killed him.

He claimed to be fast-footed and had killed countless people. However, he was at a disadvantage in the hands of Dugu Shang, who ranked 48th on the killer list!

"If I don't cut Dugu Shang into pieces today, how can I erase the shame and maintain my master's and my reputation?"

In the state of everyone's perception, the lightning at the moment was like a waking lion, radiating a monstrous murderous feeling from head to toe.

He came back as if he were a killing god.

Thousands of miles of bones were piled up

under his feet.

His clothes moved without wind, and his sharp eyes were cold and horrible.

Everyone knew that the lightning was infuriated by Dugu Shang, and he was going crazy.

"The return of a king! The return of a king!"

The Xiang'er girl waved her fists repeatedly and said, "That boy with a fake cross is dead. He's dead."

The woman in cheong sum also narrowed her eyes and believed that Darren wanted to live by himself.

The hostess took a few steps forward and waved her right hand to the middle again. "The seventh round, start."

As soon as he finished his words, there was a flash of lightning.

With a stomp of his left foot, the broken saber shattered into pieces and shot into Dugu Shang's eyes.

At the same time, he waved his sword and threw himself at Zhang Ruochen.

"Swoosh—"

His body seemed to be integrated with the saber.

The saber radiance was like a rainbow, flying out of the broken pieces, even more urgent than the

broken pieces.

The shards and saber radiance had blocked all of Dugu Shang's escape routes!

No one could resist the power of this blow and no one could dodge it.

It was vicious, accurate, and fast.

Luna couldn't hold back her anger and said, "Shameless!"

The Xiang'er girl clenched her fists and shouted, "Kill him, kill him."

"Kill!"

Just as the lightning pounced in front of him, Dugu Shang suddenly shouted in a low voice and raised his sword in his hand.

Zhang Ruo Chen thrust his sword forward.

As the sword stabbed out, the whole arena seemed to be torn apart, and a cold aura of light was shaken out.

The dozens of pieces that were shot out were all shaken to the ground, and the series of saber shadows were also instantly suppressed by this sword.

The face of the Lightning Swordplay changed. Instinctively, he turned his wrist to block the sword coming at him.

The audience also straightened their bodies and

looked at Dugu Shang's sword in surprise.

Although this sword seemed to be light, anyone could feel that they would die if they were licked by it.

"Clang!"

The Army Saber and the sharp sword crashed into each other. The Army Saber was broken inch by inch, and then the arm guard was broken.

The sharp sword surged forward and broke through all the barriers. It stuck close to the broken armguard and went straight to the fast-moving chest.

"What?"

The face of the lightning changed dramatically. With a shift of his body, he quickly flew backward.

He retreated again and again.

"Swoosh—"

With a shift of Dugu Shang's feet, he unleashed the remaining momentum of his sword.

At this moment, he felt a white light in his field of vision.

This sword, carrying endless murderous intent, seemed to have come from the ancient battlefield of the Blood Prison, time-traveled through time and space. After being refined, it suddenly seemed as if it had been pierced through.

If God stops him, he would kill him. If the ghost blocks him, he would kill him.

"What?"

In the crazy shouts of all the audience, Nangong Xiong's body was also stiff,

"In the blink of an eye?"

He recognized the origin of Dugu Shang's sword art. It was a unique skill of Great Master, who had disappeared for many years.

"Puff!"

While the lightning was retreating, it suddenly found that blood was spraying in front of it, and it stopped in its tracks.

By the time he regained consciousness, the sharp sword had already stabbed him in the throat.

His crossed arms were stuck in Benedict and Dugu Shang's neck, but he had no strength to break his opponent's neck.

The lightning could only see the dead water-like eyes, as well as the blood flowing from the sharp sword.

He was angry and unwilling, but the result could not be changed.

"Ah—"

A muffled groan came from the fast lightning, and then he fell straight back.

He spat out three meters of the blood from his throat.

His wide- open eyes were filled with helplessness and disbelief. He had never thought that he would die under such a weak opponent's sword.

He didn't expect that the other party gave him three chances, but he didn't turn the tables.

The whole place was dead silent.

Although they had been mentally prepared for Dugu Shang, they had not expected him to end the battle with a single strike and kill a lightning bolt.

This sword strike was too fast, too fierce, too overbearing!

"Tsk, tsk. Brother, what's the matter with the plane? Another sneak attack..."

Darren came out again and said, "This round is still not included. Let's compete again. Let's compete again..."

Countless people vomited blood.

Grandpa, she was dead. How could she compete with him again? How could she compete with him?

The Chanel girl repeatedly stamped her feet and punched the sofa. "I'm going to kill him, I'm going to kill him..."

"The seventh round, Middlesea won."

Before Darren could finish his words, Nangong Xiong stood up and shouted, "There's no need to compete again."

No matter how shameless he and Jiang Shihao were, it was impossible for them to ask for a second round. Moreover, the lightning was already dead.

Darren hurriedly shouted, "No, the notary team, let's compete again. Sneak attack..."

Nangong Xiong smashed the teacup with a crack. He wanted nothing more than to strangle Darren.

The hostess ignored Darren and raised her hand to announce,

"The seventh round, Middlesea, won."

Chapter 244

"We won, we won!"

Hearing the referee announce the victory of Middlesea, Luna and Leonard cheered.

This was the first victory tonight. For Middlesea, who had been defeated six times in a row, it meant a lot.

Song Caroline combed a few strands of hair on her forehead and restored her elegant and confident image as a strong woman.

The light reflected her enchanting and delicate face, which was beautiful and dazzling.

"Bastard."

Jiang Shihao angrily kicked the sofa and then asked someone to carry the fast-moving car down.

Dugu Shang's sword not only killed the lightning, but also turned the tables.

Jiang Shihao drank three glasses of red wine in a row and glared at Darren and Dugu Shang, gnashing his teeth.

The lighting was Jiang Shiohao's biggest trump card. Now that he had fallen, the remaining nine people would probably be called Dugu Shang.

He really wanted to shoot Darren and Dugu

Shang to death. But today, with Hunter and Dugu Shang's support and Dugu Shang's strength, he could only bury his hatred in his heart.

"Bastard, you're such a bumpkin. You killed my family..."

The girl, Xiang'er, was also so angry that she stamped her feet. "That bumpkin must have cheated. I'm going to send someone to conduct the autopsy..."

"We shouldn't have let him take part in this battle."

"In order to win, we have to resort to a lot of dirty tricks..."

She vented her anger for being offended.

"Lu Qu, don't talk nonsense."

At this time, the woman in cheong sum next to him smiled faintly and said, "That Dugu Shang is really something."

The young man in the vest laughed and said, "Middlesea's group is really not simple. No wonder so many hands can't reach in."

"Pfft..."

The Chanel girl snorted contemptuously and said,

"They are also threatening in Middlesea. Once they get out of the sea, I'll kill them with a word."

The daughters of famous families from Dragon

City had a sense of superiority when they looked down on the people of Middlesea. Naturally, they looked down on a few local dignitaries in a remote corner...

Wang Tuochu looked at Darren and murmured, "This kid is a little interesting..."

"Young Young Master Wang, do you appreciate him?"

The corners of the cheongsam girl's mouth lifted into a smile. "This guy's eyebrows are not good, his face is big, and he is very obscene. How can you like him?"

"Yuantu, you seem to hate him very much, don't you?"

Wang Tuochuan burst out laughing. "When did he offend you?"

The woman in cheong sum was slightly startled, and then she leaned against the seat and said nothing. She couldn't say that Darren's eyes violated her, could she?

"Master Wang, we won't be able to beat Jiang Shihao in tonight's battle."

The young man looked sharply at Dugu Shang and said, "If he loses, wouldn't it be a waste of time for us?"

"There are still nine rounds left. I don't know who will be the winner."

Wang Tuochuan said in a cold tone, "Besides, even if we lose, it will only take more time for us, and it won't affect the overall situation we want."

"Jiang Huilong is breaking through the Hidden Latch. As long as he breaks into the mystic domain, the bet will still be invalid in a minute."

He pinched out a mint candy and threw it into his mouth. "The sky in Middlesea is bound to change..."

The young man in the center of the back turned his head to a man with a scar not far away. "Do you want to let Ah Jiu make his move?"

Although Dugu Shang was powerful, as long as Ajiu made a move, he would definitely die.

"B Xiongzi, don't make trouble. We are here to watch the fun. If we do too many things, it will easily be counterproductive, and it will also easily lead to Tigger and other people's quarrel."

Wang Tuochu did not hesitate to refuse. "The most important thing is to start a fight in person. It's a shame for us to lose our identities."

The bear nodded and said, "I see. Let the two bumpkins be proud of themselves first."

At this time, Jiang Shihao was just like a red-eyed gambler who was unwilling to fail and had no choice. The next nine rounds had won all the masters.

He hoped that attrition warfare could turn the situation around.

However, there was no doubt that Dugu Shang would be able to defeat all nine of them with one stroke.

Dugu Shang looked thin and weak, without any imposing manner. He was like a piece of wood, but his speed was too fast.

It was so fast that it made people desperate.

The momentum was like a broken bamboo, and it was like the beginning of lightning.

No one could defeat him, and no one could match him.

At this moment, Dugu Shang was not eye-catching at all. He was once again the focus of everyone's attention.

Nangong Xiong was very unhappy. He had tried to find fault more than once, but he still could not stop Dugu Shang from winning.

Dugu Shang laughed until the end.

Nangong Xiong's face darkened.

Wang Tuochu also became a little unhappy. He didn't expect that this problem had been solved by Middlesea again.

"In today's battle of peace, Jiang's Group sent ten people, and all of them lost. Zhongzhou Hai sent ten people, leaving one standing on the stage."

Half an hour later, an old man of the notary team stood up and announced to all the people present, "Now I announce that Middlesea wins."

"First, from now on, Jiang Huilong and the others can't step into the Middlesea. If they dare to enter the world without authorization, they will be killed by the three masters of red, white, and white."

"Secondly, the Jiang's Group must cooperate with the Middlesea unconditionally and complete the transfer of all the gambling papers in the agreement."

"Third, Jiang Shihao can't stay in Middlesea for more than half a month..."

"At the same time, there should be no conflict between the two sides in three years."

"If there's a violation or a small move, he's the enemy of his fellows in Jianghu."

Although these witnesses were old and retired, they were well-known in the public and all parties should show respect to them. Therefore, the announcement should have its own meaning.

Leonard, Luna, and the others cheered.

Tigger and Hunter also relaxed and felt relieved.

Although Jiang Shihao was not reconciled, he also knew that the general trend had disappeared tonight.

He was a strong soldier and a strong horse, but

without Wang Tuo and Chu's support, he couldn't fight against the whole of Middlesea alone.

At this time, Wang Tuo Chu and Nangong Xiong could not find a reason to favor him.

Song Caroline looked at Jiang Shihao and said, "Young Master Jiang, go back early and show up and sign the contract. We will send someone to take over soon."

Jiang Shihao's eyes were cold. He wanted to say something, but finally snorted and left.

Watching Jiang Shihao leave, Tigger took out Michael and whispered to him, asking him to send people to keep an eye on Jiang Shihao's every move.

When the rounds of notary groups and guests saw the end of the battle, they also left with a few words of greetings.

When Nangong Xiong walked past Darren with his men, he paused for a moment and his eyes were extremely cold. "Are you Darren?"

Darren said lightly, "That's right."

Nangong Xiong said coldly, "Look at the beautiful tree in the forest. Do you know what the next sentence is?"

Darren said straightforwardly, "The wind will definitely help the outstanding tree in the forest. The old bamboo stick to the old, and the sand and stone are buried."

"Very good, very good."

Nangong Xiong laughed angrily and then left with his men.

When it came to Shen Qianshan and tonight's matter, sooner or later, he would settle accounts with Darren.

Dugu Shang knew what he meant, so he drew his sword and was about to go up.

Darren quickly grabbed him and said, "Don't worry, don't worry, there will be a long way to go."

Dugu Shang obediently stopped.

"Brother Ye, Dugu Shang, thank you."

"That's right, Brother Ye. Thanks to you tonight, we'll be in big trouble."

"You helped us once again. It seems that we owe each other more."

"By the way, brother Ye, I heard that you've divorced. Are you in your free time now?"

"Brother Ye, my Ruge has always wanted to thank you. Tomorrow I'll take her to the clinic to see you..."

"Old Horse, don't try to hit on Darren. Darren is a happy enemy of my Luna."

"Luna can't. She is too hot-tempered. I have a niece who looks like Xiaolongnv..."

At this time, Hunter, Ma Guancheng, Tigger and

others all gathered around and shook hands with Darren to express their gratitude.

"What are you doing? What are you doing?"

"Darren is a man and a woman, and he has signed a contract. You can't do whatever you want."

Hearing that Hunter and others thanked Darren and also talked about life-long things, Song Caroline quickly squeezed in and held Darren's arm.

Seeing Song Caroline so nervous about Darren, Tigger and the others all burst out laughing.

Song Caroline turned to Dugu Shang and said, "Thank you, Dugu Shang."

Tigger and others also expressed their gratitude to him.

Dugu Shang did not respond. He stood behind Darren with an indifferent expression.

He did this not for the sake of all parties in the sea, but to protect Darren, so he did not need the thanks of Song Caroline and others.

Tigger and the others smiled. They were not angry because Dugu Shang was qualified to be arrogant.

"I've just met my new friend. He's not good at words. Please forgive him."

Darren said with a smile, "But you don't have to thank us, we are on the same side."

ds with at's more, a character like lightning is not mentioning."

good at hen the box was opened, there was a ent badge as thin as cicada's wings lying

have to ger took out the badge and put it directly on chest.

"Darren, from now on, you are the president of the Genting Club..."

Chapter 245

The Genting Sun Club was the top circle in the Middlesea. Its members were limited to a group of two tigers and three God of Wealth, as well as Song Caroline.

The president even represented the number one person in the sea.

Whether it was the Order of the Heavenly Tiger or the Scarlet Bird card, they could only command a force, and the president of Yun Ding could mobilize all the resources in the sea.

Tigger and Hunter asked Darren to be the president, which meant that Darren would be respected in the circle of Tianhai.

As long as Darren wanted it, he could control the development of the whole Middlesea at any time.

"From now on, you are a big shot in this city."

After celebrating, on the way back to the pot residence, Song Caroline leaned against Darren with a charming smile.

"It seems that my taste of choosing a man is really good."

She looked at the man beside her with some fascination. From the encounter in the car accident to the failure of the medical skills behind, she was

now under the protection of martial arts.

She did not deliberately like this man, but Darren attracted her like poison, which made her fall into the trap of love step by step.

As she said in the past few days, as long as Darren dared to marry her, she would dare to marry him.

Darren felt uncomfortable under the woman's gaze. He touched his face but found nothing. Then he reached out and pinched the woman's chin and said with a smile,

"What kind of storm is it? It's just a reward from Mr. Du and the others."

"He can respect me because of his kindness. I can't take it to sell my old age."

Darren kept his mind clear and said, "I know myself well."

"It's easy to let one person be rewarded, but it's difficult to let all of them be rewarded."

Song Caroline smiled coquettishly and said with a orchid-like tone, "Thanks to the help of Six Bell Shield of the Middlesea, we unite with the outside world. However, we all have our own pride in secret."

"They can sit on an equal footing, but they will never look up to someone else."

"Since the establishment of the Genting Society, there has been no real president, only the pioneer of

every year's round."

"The leader can only restrict the organize parties to eat and meet. We don't have the real power to make decisions, let alone mobilize other people's resources."

"Rushi has real power, so I won't be in a hurry as the leader this year. We won't be affected by Jiang Hualong."

"So you can imagine how high-minded Tigger, Hudson, and Old Master Han are."

She had already regarded Darren as her own man, so she took out her heart and soul to tell Darren, "You can become the president, which means that you absolutely trust in you."

"Is that so?"

Darren was slightly stunned, then he smiled and said,

"No way! I think Mr. Du, President Wong, and Old Master Han are all kind and approachable."

In fact, in his eyes, Tigger and others were also very polite, and all parties were polite to each other.

"That's for you..."

Song Caroline giggled and poked Darren's head with her finger.

"If it's an ordinary person, will they be kind or not?"

"Ordinary people can't even see them once."

She reversed Darren's simple thoughts and said, "Do you really regard the Six Middlesea Zhongqi as a good man and a woman who eat vegetarian songs and pray to Buddha?"

She teased Darren's simplicity and also appreciated his indifference. If it were someone else, such as her, being the president of Yun Ding, she would have been very happy.

It was too difficult to be as calm as Darren.

There was still a hint of distress in Song Caroline's heart. Presumably, Darren must have gone through too many setbacks in the Tang Family, so that he wouldn't be surprised or humiliated at such a young frivolous age.

At this time, Darren was nodding gently and saying, "That's right. Tigger and the others are really little white rabbit. They can't be like this today."

Song Caroline smiled and said, "So don't look down on this president, and don't think it's just a courtesy. It really means that the Six Bells of the Middlesea are sure about you."

Darren played with the president badge, then looked at Song Caroline and said with a smile, "They are sure about me. What about you?"

"I've been yours for a long time."

Song Caroline directly lay in Darren's arms. "I

won't resist even if I'm under the bed. If I really want to make a sound, I'll cry out in pain."

Her soft body gave off a pleasant fragrance, which was also alluring.

Darren's heart was stirred. He wanted to stabilize his attractive red lips, but he finally restrained himself...

He could ignore Osmond, who was wearing headphones, and also could not ignore Dugu Shang's curious eyes...

The car quickly returned to the pot residence. Darren came out with Dugu Shang and the others.

"Wait!"

Song Caroline thought of something. She leaned against the car door and said with a smile, "I almost forget one thing."

Darren stopped.

Song Caroline took out a bank card and handed it to Darren with a smile.

"In the battle tonight, in addition to deciding whether Jiang Huawen will return or not, it is also determined that his industry belongs to him at that time."

"Old Master Han and the others have occupied hundreds of billions of Jianghua Dragon's territory in the early days. This time, it can be regarded as a legal basis."

"The gap of 20 billion yuan between you and me is enough for everyone to make a lot of money."

"It's 20 billion yuan and 10 billion yuan in the bank card. It's what you think of the president, and also the reward you should take tonight."

Song Caroline put the bank card into Darren's hand and said, "There are still 10 billion yuan, which is the membership fee for the next ten years."

"Membership fee?"

Darren looked at the bank card and said with a bitter smile, "Then should I set up a club so that everyone can be free and have a gathering?"

The membership fee of one hundred and fifty million per year was a bit hot for Darren.

"There's no need to ask for benefits. You have to treat everyone twice a year to feel your pulse..."

Song Caroline smiled and said, "Don't worry, I'll remind you."

Hearing this, Darren breathed a sigh of relief and said, "That's no problem."

"Also, the president of Yun Ding is not an empty title."

Song Caroline took out another contract and handed it to Darren. Her slightly drunk face was flushed.

"In order to completely tie members together and leave a way out, Mr. Du and others spent a lot of

money to set up the Thousand Shadow Group."

"It's located in Longdu, and it's located in the most money industry. It involves entertainment, Sealine, and live broadcast."

"Now Yunyin, who is now popular across the country and has one hundred million active followers, is also the shareholder of the Thousand Shadow Group."

"Each of us has 10% of the shares, and 30% of the shares have been issued."

"You are now the president of the Genting Group. According to the rules and regulations, members will give you two percent of the shares."

"That is to say, from now on, you occupy 15% of the shares. You will be the biggest shareholder of the Thousand Shadow Group and have the decisive decision-making power."

Song Caroline told Darren the way out of the Genting Sun Club, showing Hunter's absolute recognition of Darren.

Thousand Shadow Group?

Hearing this, Darren was stunned. That was a leading enterprise of entertainment. The Cloud Sound live broadcast had a market value of tens of billions. The Thousand Shadows' total value was afraid of scaring people to death.

Of course, market value did not mean that he

could get the cash in his hand, but no matter how small the ratio was, it was astonishing enough.

"You don't have to think this gift is too heavy."

"This is what you deserve, and also what Old Master Han and the others really want to give you. After all, they have to rely on your medical skills in the future."

Song Caroline grabbed Darren's hand and signed her name on the file. "If you don't accept it, they will be worried about you and can't sleep with you."

"Okay, I'll take this gift."

Darren hesitated for a moment and said, "Thank them for me."

"Ding—"

Just as Song Caroline was about to tease Darren to raise her, her phone vibrated. She glanced at it and her face turned cold.

She waved goodbye to Darren gently and then went into the car to answer the phone.

"I heard that you'll have a narrow escape tonight. Song Caroline, how long are you going to play?"

A dignified woman's voice came from the other end of the phone,

"I'll give you a month. If you don't come back, don't blame me for going to the Middlesea to catch her..."

Chapter 246

The wind and clouds had been changing last night. However, Ye's younger brother woke up in the morning in the second day, but he was still calm.

After breakfast, Darren began to open the door and take the consultation. He, who had a wealth of nearly 100 billion yuan, worked hard to earn 31 hundred yuan.

However, his status had changed a long time ago. When he opened the door of the store, he saw Howard and his fellows moving on the street.

In the shops on both sides of the Jy Ling Clinic, houses on both sides of the pot were hung. Familiar faces could be seen everywhere, and there was also a carriage of furniture.

Darren was stunned. "What are you doing?"

"Move house."

Huang San was the first one to come over with a crutch. He was sweating profusely and excitedly. He pointed to the supermarket next to Jin Zhilin and said,

"Brother Darren, let me tell you, I have already spent 20 million yuan. I have bought all the small supermarket and the suite on the second floor."

"I'm going to change it and live there in the

future."

He was very happy. "We are going to be neighbors."

"Bastard, why didn't you give me a call? I didn't get a good position, so I could only buy a coffin shop at the end of the street."

Emperor Du Qing also showed up with a group of people. He was very dissatisfied with the Third Master Huang.

"Luckily, the coffin shop is big enough. It's three times the size of your small supermarket. With a slight change, it can accommodate dozens of people."

He smiled proudly and said, "At that time, if I make a big stall, I will be able to invite Brother Darren to drink every day."

"You drank the flower wine and got drunk. How can you blame me for not giving you a call?"

Huang San did not hesitate to fight back. "Look at your cell phone. I have made at least ten phone calls."

"The old man's heart is too dark. He's too dark-hearted. Let's raise the price on the ground."

Francis also appeared in a wobbly manner. "A shop with a hundred square meters is worth 20 million yuan. I really want to beat him to death."

"It's still Zhang Han's big rape."

"During the renovation, I secretly bought a small hotel next to Jin Zhilin. More than a dozen rooms plus a shop, only 30 million."

Michael also appeared shaking his head.

"I want him to give me half of the money, but he refused. The world is going to decline day by day, and the world is going to decline day by day."

Not long after, Lin Bairou, Black Dog, and the others also appeared with smiles on their faces.

Darren soon figured out what was going on. It turned out that Emperor Du Qing and the others wanted to be neighbors with him, so they bought the Jin Zhilin and the shops near the pot residence.

Overnight, he had more than a dozen familiar neighbors.

They even changed the name of the street to Yunding Street.

Darren didn't know whether to laugh or cry. "Have you had enough food? Is there a mansion that you can't live in? Are you coming here to be neighbors?"

"No matter how big the mansion is, it's not as comfortable as here."

Howard's sonorous voice sounded from outside, "Not only is there a miracle doctor in Yun Ding Street, but there are also a group of old friends. Their lives are also convenient and the first choice is to live

here."

"That's right. Compared to going to the club to eat, drink and have fun, it's better to come here."

"To sweep the floor, drink herbal tea, blow the water, and feel comfortable."

Francis and the others all echoed.

The reason why they came here was not only to get closer to Darren, but also to enjoy the feeling of being together.

Doing chores, serving patients, and practicing martial arts were much more meaningful than being a lecherous man.

Knowing their characters, Darren smiled and shook his head. He didn't say anything more and waved them away, ready to pick up today's patients.

When Darren began a new day, Huo Ziyang also began to work in the Peach Blossom No. 3 villa.

She took her mobile phone and opened a video conference.

Halfway through the car, Huo Ziyang heard the door was knocked open, and Liu Hai's assistant rushed in in panic.

"What's wrong with you?"

"Didn't I tell you not to disturb me?"

Huo Ziyang rebuked with anger, "Can't you see me in the meeting if you're blind?"

him, he felt even more uncomfortable.

"Dad, Dad, what's wrong with you?"

Huo Ziyang rushed over and held her father's shoulder. She shouted anxiously, "What's wrong with you?"

"It hurts, it hurts, and my heart is like a knife..."

Huo Shangyin struggled to squeeze out a sentence, but then he could no longer make a sound. He just kept shaking his body and tightly covered his heart.

It seemed that he had been stabbed by someone.

"What's wrong with my father? What's wrong with him?"

Huo Ziyang turned to look at the two family doctors and shouted, "How did it suddenly become like this?"

"Miss Huo, we don't know either."

The family doctor was sweating profusely. "Mr. Huo was fine just now. He suddenly fell down after taking the medicine."

Huo Ziyang shouted, "Is there something wrong with the medicine?"

The family doctor quickly responded, "The medicine has been taken by Mr. Huo all the time. They are all old medicine to relieve the headache. There won't be any problem."

He knew that he had to explain it clearly. Otherwise, the two of them might become murderers. At that time, even if they didn't die, they would have to peel off a layer of skin.

"Then how did he become like this?"

Huo Ziyang saw that her father was getting more and more uncomfortable, and her face became flushed. "Quickly, call him mobilisation."

There were a lot of doctors, but only the Huo family believed in the fireplace.

Liu Hai's assistant ran in and shouted, "Miss, Mr. med's is here."

Huo Ziyang was ecstatic and said, "Hurry up, hurry up and invite him..."

It didn't take long for more than a dozen foreigners to walk into the room and treat Huo Shangyin.

After a few needles, Huo Shangyin's situation was relieved. He let go of his hand that was covering his chest. Most of the pain was gone, but his clothes were torn.

It could be seen that the pain he had just suffered was amazing...

Seeing her father's condition eased, Huo Ziyang breathed a sigh of relief.

"Three days of heartache, five days of vomiting blood, seven days of paralysis, ten days of

hemorrhage, and half a month of death..."

While they were busy with the treatment of the patients, Huo Ziyuan, who was wandering outside the door, suddenly remembered what Darren said in the hall that day.

At that time, she felt that Darren was cursing her, but she didn't expect that her father was really heartbroken today.

Although she felt that Darren was unreliable, and that the heart-wrenching diagnosis might also be a coincidence, because of her father's safety, and Darren's performance of saving the little girl...

She thought about giving Darren a chance.

After all, it was better to be prepared than to be in danger.

"Li Qingyuan, call Tang Samantha."

Huo Ziyuan stopped and lifted her delicate chin. She coldly looked at Liu Hai's assistant and said,

"Tell her, for her sake, I will give Darren a chance to curry favor with the Huo family..."

Chapter 247

The next morning, as soon as Darren opened the door for the consultation, he saw four or five cars at the door.

It was roaring, domineering and domineering.

When he looked up, he saw the door open and five or six burly men came out, one of whom was a black man.

Dressed in a suit and sunglasses, he looked professional.

Then, another beautiful woman appeared, wearing a white skirt and a pair of golden-framed glasses. She was very intellectual and aggressive.

It was Huo Ziyang's assistant Liu Hai, Li Qingyuan.

"The hang pot residence?"

Li Qingyuan glanced at the sign and said with a slight disdain in her eyes, "It's here."

She also gently covered her mouth and nose, very resistant to the smell of traditional Chinese medicine, and she was dissatisfied with Tang Samantha in her heart.

If Samantha refused Miss Huo's request, how could Miss Huo send her to invite Darren? How could she come to this place of mixed interests?

As these thoughts flashed through her mind, she led a group of people into the hang pot residence.

Huang Tianjiao and the others thought that she was here to see a doctor, so they didn't stop her. Instead, they gave her a ninety-nine.

"What the hell?"

Li Qingyuan glanced at the number and then crumpled into a ball and threw it on the ground. She stared at Darren, who was treating patients, and said with arrogance,

"Darren, Miss Huo decided to give you a chance to curry favor and let you go to Peach Blossom No. 3 to treat Mr. Huo."

"Hurry up and come with us."

She slightly tilted her head, her tone was rude, and her expression was even more contemptuous. It seemed that it was a blessing for him to let Darren go to see a doctor in his last life.

Huang San, who was drinking water, almost spat out. He looked at Li Qingyuan as if he was looking at a fool. He wondered who was so self-righteous.

"Sorry, I have a patient."

After recognizing Li Qingyuan, Darren replied calmly, "And I'm in a bad mood today. I don't want to go out for a consultation."

"I'll tell you one more time. You lost your number and didn't respect the clinic. We don't welcome you."

Howard and Francis were both smart people. When they heard this, they knew that Darren and Li Qingyuan were not on good terms with each other, so they immediately took out their mobile phones and sent a text message.

"Darren, don't talk nonsense. Do you know what you have missed?"

Li Yuanyuan's pretty face darkened.

"Mr. Huo is a Hong Kong City tycoon. His influence has spread all over the world. It's a great honor for you to take part in the treatment."

"As long as you're helpful to Mr. Huo's illness, you'll become the highly-skilled doctor of the Middlesea."

"You will also get a hard-to-imagine reward for your whole life, which is a hundred times better than the time you opened a clinic here."

"Don't make a mistake."

Li Qingyuan pushed up her gold-framed glasses and stared at Darren. "Don't be ignorant of favors."

"Thank you, I don't think it's an honor, and I don't want to make this money."

Darren looked up and said lightly, "You'd better go back."

If there were patients at the scene, and there was a mother in the backyard, Darren had already slapped them away.

"Darren, are you sure you don't know how to appreciate favors?"

Li Qingyuan was angry. "If you don't treat Mr. Huo today, not only will Tang Samantha be unlucky, but your clinic will also be sealed."

"Believe it or not, I can make you suffer a lot with just a phone call."

She had never seen such an arrogant person as Darren.

That was to treat Mr. Huo's illness. God's good thing. God's good thing. Countless people wanted to have a chance to refuse. It was a huge crime.

Darren did not even raise his head. "Get out!"

"You—"

Seeing this, Li Qingyuan was so angry that she could not be scolded. She just wanted to get angry but finally suppressed it. She glanced at the simple clinic and sneered.

"You're putting on an act. Don't you want to raise the price on the ground? Do you want more money?"

"I'll register 30 yuan and get 100 yuan for the medicine. I'll give you one million yuan, one million yuan. Have you seen each other? Pack up your things and come with me."

She took out a chequebook and wrote down a million yuan with a swoosh. Then she walked up to Darren and threw it at him arrogantly.

"Stop putting on an act. I don't have the mood to play this with you. My time is precious."

As the first secretary of the Huo Family whose monthly salary was one million dollars, she despised the thoughts of Darren, a farmer who was greedy for petty and cheap.

When Li Qingyuan was self-righteous, Huang San didn't lose his temper. Instead, he grabbed a handful of sunflower seeds and began to knock them on the ground.

He looked as if he was watching a good show.

Darren picked up the check and looked at Li Qingyuan. "I told you to get out of here. Don't tell me you don't understand human language?"

"Darren, you are too arrogant."

Li Qingyuan was completely enraged by Darren. She pointed at the tip of his nose and shouted,

"Do you think that I'm easy-going and that I can be bullied?"

"I tell you, you have to go there today, or you have to go."

She waved her left hand and said, "Somebody, take him away."

Several bodyguards of the Huo's came forward aggressively.

Many patients in line scattered because they were worried that the fish in the pond would be

affected.

"It's best if you don't resist. These bodyguards of mine are very wild. Their hands are neither too light nor too heavy. They will break your arms and legs if you are not careful."

Li Qingyuan sneered and threatened Darren while waiting for Darren to be in a mess.

Darren said lightly, "Throw them out!"

Huang San roared, " sweep the floor. Get to work."

With this order, Huang Tianjiao rushed over in an instant. Her speed was as fast as a thunder, knocking away one person, and then kicked away the second bodyguard.

Then he grabbed the third bodyguard by the collar and threw him out.

Before these bodyguards fell to the ground, Huang Tianjiao grabbed the black bodyguard's fist and suddenly twisted him to the ground...

In the blink of an eye, the five bodyguards all fell to the ground and wailed. The last bodyguard protected Li Qingyuan and retreated in a panic.

Huang Tianjiao kicked out her right foot again and again, and the five bodyguards who had struggled to get up were kicked away mercilessly, and all of them fell to the door.

Four feet went all the way up to the sky.

"You... you..."

Seeing this scene, Li Qing Yuan was shocked and angry. She didn't expect that the clinic would sweep the floor so well and defeat five bodyguards of the Huo's on its own.

After all, any one of these elites in the city's Purple Golden Fighting Competition would be able to defeat ten of them.

Li Qingyuan's pretty face darkened. "Darren, do you know what you're doing?"

Darren said coldly, "Tell Huo Ziyang for me that there are twelve days left. Let's prepare a cemetery for Huo Shangyin to bury."

"You—"

Li Qingyuan was very angry. She clenched her fists and wanted nothing more than to strangle Darren. However, when she saw Huang Tianjiao's expression, she finally suppressed her anger.

She shouted, "Let's go!"

The six bodyguards glared at Darren with hatred, and then got into the car to leave. But before they started, dozens of bricks came from both sides of the street.

The windshield broke in an instant.

The black bodyguard flew into a rage. Just as he was about to shout who hit the brick, more stones flew over his head.

He hurriedly retracted his head.

The car clanged again.

"Ah—"

Li Qingyuan screamed and then asked the bodyguards to leave.

A few cars were running about in a mess.

However, along the way, it was doomed not to be peaceful. Either the stone bricks smashed into the carriage, or the rotten eggs and rotten fruit flew in. The worst part was that there were two feet flying in.

When Li Qingyuan and others left the street of Mount Yun Ding, the car was completely unrecognizable. It was even worse than a garbage car, and its body was also dirty...

"Call the police. Call the police and arrest him!"

Li Qingyuan wanted to cry but had no tears...

Chapter 248

After seeing Li Qingyuan and others rolling out of Yunding Street, Howard and others came back from the door with melon seeds knocked on their hands.

Not long after, the sleepy Emperor Du Qing ran over. "What happened?"

Darren smiled and said, "It's not a big deal!"

"Brother Darren, what's the background of that woman just now? How can she be so arrogant?"

Francis gave Darren a cup of tea and said, "Middlesea doesn't seem to have such a silly fork, does he?"

"He's from the Huo family in Gang City."

Darren did not hide anything from everyone. He briefly described the previous conflict,

"I thought they would sincerely seek medical help today, but I didn't expect them to be so arrogant."

He shook his head, diagnosed a patient, and then gave him medicine.

"So it's the Huo family."

Howard suddenly understood, and then grinned. "I'm clear when you say it. I've seen Huo Shangyin's

daughter, and she's so arrogant."

Francis chimed in, "Huo Shangyin is also very awesome. It seems that he is very polite to people. In fact, he is actually putting on airs."

"He is a Hong Kong City tycoon with tens of billions of yuan in his hands. He is respected by the people, respected by the business world, and favored by the government. How can I not be the only one?"

Emperor Du Qing pulled out a chair and sat down.

"It's said that Huo Shangyin directly talked to the top group of people 20 years ago."

"That's right. The power of the Huo family is not ordinary. Because of the need of 'a thousand gold coins for bone purchasing', the government specially protects him."

Howard said with a hesitant look, "Brother Ye, why don't you take a look at Huo Shangyin and reduce some unnecessary trouble?"

He was not worried about Huo Shangyin suppressing Darren. He just felt that it was better to have one more powerful ally than to have one more powerful enemy.

"What the f*ck are you looking at?"

Emperor Du Qing said noncommittally, "Their father and daughter drove brother Fan out of the door, and now they still clamored him to treat him,

which is a slap in his face."

"Yes, if I don't show it to him, I can't tolerate him. I have to cure him and live. I have to kneel at the door."

Huang San echoed, "You're an adult now. You must take responsibility for what you've done."

"Who cares what he's putting on airs, what tens of billions of dollars, and who's talking to?"

Francis also became Darren's little fan.

"Brother Darren can call them Dad with a silver needle."

Compared with the mature and steady Howard, Francis and the others were much more young and frivolous. No matter what kind of person the other party was, they would talk about it first.

"You're not serious."

Darren had a helpless look on his face. He waved his hand to drive away everyone and continued to take the patient's treatment...

However, an idea flashed through his mind. He didn't know if Tang Samantha would be implicated because of this...

At the same time, in the luxurious hall of the No. 3 peach blossom hall, Huo Ziyang was holding a cup of coffee and looking at Li Qingyuan coldly.

Li Qingyuan knelt on the ground, shivering. She briefly described the matter.

"Miss, Darren is too arrogant. I begged him to treat Mr. Huo in a low voice. I also took out one million yuan to treat him first."

"But he not only didn't come to save us, but also spoke ill of us."

"He wants me to tell you, either you kneel down with Mr. Huo, or buy a cemetery for Mr. Huo to collect his body."

"I couldn't help scolding him for a few words, and he became angry from embarrassment. He said that the Huo family was nothing, and he also asked a group of unruly people to besiege us."

"More than a hundred people attacked. Not only did they hurt the bodyguards, but they also smashed the cars..."

She burst into tears and avoided slandering Darren.

"Bang—"

Huo Ziyang stood up angrily when she heard this. She threw the coffee on the ground and shouted,

"Bastard, how can a barefoot doctor yell at the Huo family?"

"Did he think too highly of himself?"

"Does he not know how powerful the Huo family is?"

"Not to mention in Middlesea, even in any place in China, I can't let him get away with it with just one

word!"

Huo Ziyang's pretty face turned red, and anger was flowing between her eyebrows.

She had been used to giving orders since she was a child. However, those who were ordered by her were not unhappy, but honored to do so.

It was the first time that someone dared to disobey him. Moreover, he was a nobody.

This made Huo Ziyang extremely angry.

"Go and call the police and the medicine bureau. Tell them to seal up the clinic for me and catch Darren."

She did not believe that she could not cure Darren.

"Wait!"

At this moment, a voice came from upstairs, and then Huo Shangyin was helped down.

After the treatment of the Elk team, the pain in his heart had been relieved, and his whole body had returned to normal.

Seeing Huo Shangyin's appearance, Li Qingyuan quickly took a few steps back in case her aura made Huo Shangyin uncomfortable.

"Dad! Why are you coming down? Zhiqiang said that you need to rest more."

Huo Ziyang hurriedly walked up to him and said,

"I'll handle Darren's things."

"That bastard is so arrogant. I will teach him a lesson. Otherwise, he won't know how powerful the Huo family is."

She stepped forward to support her father.

Huo Shangyin slowly walked to the hall and said, "My heart hurts for three days. From this judgment, Darren is somewhat capable..."

"This is possible to be a blind cat meeting a dead mouse."

Huo Ziyang exhaled a long breath and said, "I always don't think that guy is reliable."

"I also don't think he has any ability. I've never seen a doctor of Chinese Medicine of this age who can achieve something at this age."

Huo Shangyin walked to the sofa and sat down. "But this is a special time. We can't miss any opportunity."

"Theala team can only suppress my headache and heartache now, but I can't find out the cause of my illness."

"In this case, we can't be in a hurry to take a breath and step down Darren, who is one-step-by-one."

"We have to be careful about the one-in-a-one-thousand-cent chance. Maybe we really need to fight at the crucial moment?"

Since he had been rolling on the business field for many years, Huo Shangyin was used to keeping an eye on him. "So don't go to Darren for the time being."

"Don't kill him?"

Huo Ziyang bit her red lip tightly, and hatred flashed in her eyes. "I don't like that guy..."

"Wait a few more days. Didn't he say that he would feel heartache in three days and vomit blood in five days?"

Huo Shangyin coughed, picked up a glass of warm water, and drank it.

"Let's see if I will vomit blood two days later."

"If I vomit blood, it means that he is really capable. We can lower our status and invite him to come over to have a look."

"If I don't have anything two days later, or if it's just a headache, it means that guy is talking nonsense."

"Heartache diagnosis only shows that a blind cat meets a dead mouse."

"By then, we'll settle the new accounts and the old accounts together."

"He not only closed his clinic, but also accused him of hurting people and let him sit down in prison."

His face suddenly became ferocious, like an injured beast.

"I'll let him know the price he has to pay for offending the Huo family."

"Father is wise."

Huo Ziyang nodded repeatedly, and then changed the topic. "What should we do now? Or do nothing?"

"I want to write a contract worth one billion yuan to Tang Samantha."

A cold light flashed in Huo Shangyin's eyes.

"Two days later, if I vomit blood, you will tell her that you bring Darren here. This billion yuan contract is hers."

"If she refuses, then give the contract to Tang Shichuan..."

Chapter 249

When it was near dusk, Darren looked at the patient and was about to close the door, but he saw another person at the door.

Tang Samantha leaned against the car door with her arms crossed and quietly looked at Darren.

Darren was stunned. "When did you come?"

"I've just arrived for a while. You're busy, so I didn't disturb you."

Tang Samantha left the car door and walked slowly to Darren.

The woman was as beautiful and fashionable as ever. When the sky gradually turned cold, she only wore a beige cheongsam-style dress.

The perfect hem of her dress made her slender legs partly hidden and partly visible. She was as white as ivory. She was so confident that she didn't even bother to wear silk stockings.

Her pretty face was clean and her eyes were as bright as water.

Standing in front of the car, people couldn't see the red BMW behind her at all. All they could see was her.

"What do you want to see me about?"

Darren invited Tang Samantha to come in politely. Without the intention of men and women, they got along with each other in a natural and unrestrained way.

Tang Samantha walked into the clinic and asked, "Did Huo Ziyang and others harass you?"

"I've been here in the morning, but I've driven him away."

Darren poured Tang Samantha a glass of water and said, "Did they warn you?"

"They called me last night and asked me to persuade you to go to Peach Blossom No. 3 to treat Huo Shangyin. They also said that it was a chance for you to fly away."

Tang Samantha said lightly, "We just drove us out a few days ago, and now you want us to go back. Do you think we are just dough that can be rubbed at will?"

"What's more, Assistant Li's tone is too blunt. I refused her request on the spot, and it is clear that I won't persuade you."

"It's just that I know that the Huo family is difficult to deal with, and Huo Ziyang is the one and only person I'm in charge of, so I came to see you."

"It's good that you're fine."

She sighed faintly.

"Aren't you going to persuade me to treat Huo

Shangyin?"

Darren smiled and said, "It's cured. Not only will I make great achievements, but you will also get a huge order to solve the current situation of the Skytern Corporation."

"In the past, I would definitely ask you for treatment. No matter how much I wronged you or humiliated you, I would still endure it and take the overall situation seriously."

Tang Samantha did not hide her feelings. "Because you are half a member of the Tang Family, and you still eat the Tang Family. I am qualified to make you sacrifice."

"But now we're divorced. If I ask you to do that again, you'll be crazy."

She was an adult, so it was important for her to argue with others. But in the end, interests were the most important thing. How many people's money had no tears of blood or grievance?

Darren smiled and said, "It's good if you don't advise me. Otherwise, I guess I will drive you out."

Tang Samantha glared at Darren and said, "He said 'one night is a couple's one hundred days of love, but you are so heartless. It's been a few days since we last saw each other.'"

"If I'm really heartless, I won't let you live in the No.1 Peach Blossom Hall."

Darren said casually, "Did you move in?"

"He's moved in."

There was a trace of helplessness on Tang Samantha's pretty face. "But my parents didn't know how to know the address, so they came to live with me yesterday with their suitcases."

"I said it was your house, but they didn't believe me. Tie Tiexin is going to live in it, and he said that I drove them away, so they went to sleep on the road."

"I had intended to escape from them, but I didn't expect to be entangled again. However, Qi Qi was now relaxed and lived alone in the Tang Family's villa."

She spat out bitter water to Darren, and then changed the topic, "Don't worry, I will take them away as soon as possible."

"If they want to live, just live. Anyway, I can't go there for the time being."

Darren did not entangle with the Peach Blossom No. 1. Then he took Tang Samantha to the backyard and asked, "How is the situation of the Skytern Corporation now?"

"I guess he's going to get out of here..."

Tang Samantha sighed softly and said, "Now not only do we have to face performance changes, but we also have to prevent my cousin from falling into trouble."

"But I've seen through it. I've worked so hard for so many years, but I can't do it without it."

"The Tang Sect has never trusted us. No matter how much I do, I won't be recognized by them."

"I'm just hoping that after I'm taken advantage of, they won't be insatiable and destroy our plan..."

There was a hint of worry in her eyes.

"Caroline, is she here?"

At this moment, the wooden door of the corridor was pushed open, and Phoebe's joyful voice came,

"Stay longer when you come. You must stay here for dinner tonight."

"I'll make your favorite steamed pork."

Phoebe shouted as she ran over. She wanted to see Song Caroline, whom she hadn't seen for a few days, but she found that the woman beside Darren was Tang Samantha.

She suddenly became embarrassed and stopped laughing.

"Samantha is coming?"

"Take a seat, take a seat, please take a seat."

She complained to Darren, "Samantha didn't say anything even if she came here."

Tang Samantha's eyes dimmed, but she still said with a smile, "Nice to meet you, auntie."

Darren scratched his head and explained, "Mom,

Samantha came to talk to me about something."

"Okay, okay, you can talk."

Phoebe smiled and then looked at Tang Samantha and said, "Samantha, let's have dinner here tonight."

"Auntie, no, thank you for your kindness. I have something to do later. I'm going to leave soon."

Tang Samantha chuckled and replied, "I'll try your cooking next time."

"Okay, okay, you talk. I'm going to boil the medicine."

Phoebe gave the space to the two of them.

As soon as she left, Darren felt a little embarrassed.

The sound of breathing became heavier and heavier. Tang Samantha bit her lower lip and breathed like a orchid to Darren's ear, "Caroline..."

The three simple words came with impatience and anger.

Darren smiled bitterly and did not respond.

"You're so fast. Not only did you hang around early, but you also saw your parents. When will you get married?"

Tang Samantha stared at Darren with a playful face and said, "Remember to inform me in advance so that I can take my fiancé to attend your wedding."

Darren was stunned. "Biance? You? Where did you get it?"

"I'll have it soon. Three days later, I'll go to the King Hotel for a blind date."

Tang Samantha sneered and said, "If I like him, isn't he my fiance?"

After that, she turned and left. After that, she turned and left. After that, she turned around and left

"You want a blind date?"

Darren stretched out his hand to stop her under the condition of reflex.

Tang Samantha said in a low voice, "Let me go."

Darren heard the impatience in her tone, and he was a little unused to the sudden indifference.

He forgot to let go of her hand and looked at her pretty and vague face through the sunset glow.

It seemed that she saw Tang Samantha again from a few months ago. There was no space for her, so she was proud, irritable, and angry...

"I asked you to let go of me. Do you hear me?"

Tang Samantha's voice turned cold completely.

Darren let go of him mechanically.

Tang Samantha quickly turned around. Without saying goodbye, she went into the BMW and left...

No matter how good they were at concealing something, they were just deceiving themselves...

After Darren watched Tang Samantha leave, the opposite taxi quietly started.

There were two middle-aged men sitting in the car. One was driving the car, the other was holding a notebook, and there were plugged-in ears.

They used pinhole cameras to pat Darren, and then took a few photos of Tang Samantha's car which was far away.

His technique was very professional.

Then, one of them picked up his mobile phone and said,

"Brother Hao, I got it..."

Chapter 250

When the taxi quietly left Yunding Street, Dugu Shang flashed out from the shadow.

He looked indifferently at the taxi that was going far away, then turned around and went to hang up the pot to look for Darren...

At 11 o'clock in the evening, Jiang's villa, 20 kilometers away from the Drunken Drug Mansion.

A Toyota commercial car slowly drove in and stopped at the gate of a main building with green bricks and black tiles.

The car door opened, and a sharp-tongued man came out. After passing through layers of checkpoints, he carefully came to the roof.

The rooftop was brightly lit, and there were many bodyguards in black standing on both sides.

The night wind was very strong. As soon as the wind blew, her clothes fluttered.

He saw Jiang Shihao, Xiongzi, and the others at a glance.

Jiang Shihao was wearing red as usual. He was drinking with Wang Tuo and Chu Tianzi, and he was playing with a blue snake in his hand.

The blue snake was not big, but ugly. It had a triangular head and was slippery, which made people

feel chill when they looked at it.

However, Jiang Shihao didn't care. He kept stroking his fingers and occasionally stuffed his fingertips into the green snake's mouth.

The pointed-mouth man's scalp tingled when he saw this. Then he said respectfully, "Master Jiang!"

Jiang Shihao narrowed his eyes slightly and asked, "Captain Rat, what's going on?"

Xiongzi also stopped and crossed his legs, taking in the clouds and breathing out the fog.

The pointed-mouth man, who was called Rat, quickly reported,

"Master Jiang, I have been with Darren for two days."

"I almost know his rules. He got up at five o'clock in the morning, ran around the clinic in the morning, and then went to Jiangxin Park nearby for morning exercise."

"After the morning exercise, he will buy breakfast and go back. About eight o'clock, he will open the door for the consultation."

"Generally, he would close the door and rest until six o'clock in the evening. Then he would take a walk on the street and go back to the clinic for dinner at around seven o'clock."

"His life is very regular."

"The people he comes and goes are also very

simple. They are Osmond, Huang San, and Howard..."

"By the way, there's a very beautiful woman looking for him. I've inquired about her. She's his ex-wife, Tang Samantha."

The giant Rat told Jiang Shihao about the follow-up information in full detail. "As for Dugu Shang, I didn't see him. He must be secretly protecting him."

"Very good, very good. He likes this kind of pattern."

Jiang Shihao laughed wildly, with an unspeakable madness. "That bastard is meddlesome. He not only killed the lightning, but also prevented my father from coming back."

"I want him to die in my dreams."

As he spoke, his appearance became ferocious.

"Master Jiang, do you want to stab your back with a knife?"

Xiongzi drank a mouthful of Maotai and said with a meaningful smile, "Darren is not so good, but Dugu Shang is quite powerful."

"Don't say that no one around you can fight against me. Even in my circle, only a few people can beat Dugu Shang."

"If you want to kill Darren, you must have a trump card."

He reminded Jiang Shihao, "Otherwise, it will be easy for you to break yourself in."

Although he looked down on Darren and thought that Darren was as powerful as a tiger, he had to admit Dugu Shang's strength.

"Don't worry, Master Xiong. If I dare to attack you, I must have a trump card."

Jiang Shihao lowered his voice and said, "I'm not afraid to tell you that my father sent me the three black-robed devils, and they will arrive at Middlesea tomorrow morning."

"The Three Demons in Black?"

Xiongzi's eyes lit up. "Are they the three Mad Demons of the Land of Elephant?"

Jiang Shihao nodded smugly. "Yes."

"Mr. Jiang is amazing."

Xiongzi gave a thumbs-up and said, "They can even invite these three top masters. They are well-known in the Black Triangle tripod."

Among the three devils, one was a monk, one was a nun, and one was a master of Thai boxing in the country of Elephant. Violent, ferocious, and tough were their symbols.

It was rumored that they were amazingly skilled and bloodthirsty. Each of them had nearly 100 lives in their hands, and they still maintained their barbaric habits of eating raw meat.

The expression of the people in the Black Triangle changed.

So when he heard that Jiang Shihao invited them to come over, Xiongzi was somewhat surprised.

"In addition to the three black-robed devils, I also contacted the three senior brothers of the lightning."

Jiang Shihao said, "I told them that the lightning was killed by Dugu Shang's sneak attack."

"They are very angry, and they are also coming from all over the country."

"It will take at most two days. Windseeker, Suddenly Rain, Sky Thunder, and the other three killers will also gather in the sea."

The corners of his mouth lifted with a hint of banter. "With the help of these masters, I can kill Middlesea with one hand."

"Mighty, mighty, Master Jiang is really mighty."

Xiongzi laughed loudly and said, "It seems that you don't have to leave the Middlesea in half a month. You and Mr. Jiang are the kings here."

He and Wang Tuochu couldn't see Jiang Shihao clearly from the bottom of their bones, but they didn't mind flattering him as he needed this pawn to open up the situation in Middlesea.

"I hope you can speak your mind, Young Bear."

Jiang Shihao also laughed, and then he changed the topic.

"But there is one thing that needs Master Xiong

and Young Master Wang to deal with."

"The notary group judge that we can't seek revenge and make trouble. Once we attack Darren and others, it is difficult to guarantee that we will be punished by red, black, white, and so on."

"So we hope to get the protection of Young Master Wang and Master Xiong."

He said directly, "Of course, after it is done, we will repay Young Master Wang."

"Let's do it. We will always support you."

Xiongzi drank up the wine in one gulp and said, "Nangong Xiong will be partial to you."

"And I've inquired about it. Darren and Dugu Shang are not members of the Middlesea circle. They are just a young doctor who has just made a name for himself."

"You've broken the agreement with Song Caroline, but there's no problem dealing with Darren and Dugu Shang..."

He added, "So you can do whatever you want. Young Master Wang doesn't mind if you kill Darren."

Jiang Shihao caught a trace of it and said, "Oh, Darren also offended Young Master Wang?"

"Of course, Young Master Wang has lost more than 10 billion because of him, and there are two other generals who will be severely humiliated by him."

The Xiongzi stopped and said, "If Young Master Wang was caught in a prominent position, he would want to kill Darren by himself."

He was very sad for Darren. It was hard for him to show up, but because of offending himself in this circle, all his efforts were destined to be in vain.

And he could crush Darren with a few words.

"The grass roots, the grass roots, the original sin."

"Understood, understood."

Jiang Shihao laughed loudly and said, "I will grind Darren's bones into dust and let Young Young Master Wang vent his anger."

Xiongzi smiled and drank a mouthful of wine. He did not make a sound.

Jiang Shihao raised his head and looked at the pointed-mouth man. "Lion Rat!"

Xiongzi quickly stepped forward and said, "Yes."

Jiang Shihao looked ferocious.

"I can't touch Hunter or Song Caroline for the time being, but I can crush Darren and his men to death."

"Captain Rat, wake up the chess piece we buried in Middlesea."

"When the three black-robed devils arrive, kill Darren and Dugu Shang by all the means."

"I want everyone to know the consequences of offending me, Jiang Shihao."

Killing intent flashed in his eyes.

"What's more, I want Song Caroline to know that no one can protect the person we want to kill."

After the failure of the battle, Jiang Shimo changed his plan and decided to fight against Darren and Dugu Shang. It was not only to vent his anger, but also to provoke Song Caroline.

After killing Darren and Dugu Shang, if Hunter and Song Caroline dared to fight back, he would immediately break the agreement and stir up the wind and clouds of the Middlesea.

The giant mouse replied respectfully, "Understood."

"Darren, Dugu Shang..."

"Be Song Caroline's lackey and wait for your death."

"And your family and people around me. I'm going to kill them all too..."

"Ha, ha, ha..."

Jiang Shihao laughed wildly and then broke the blue snake's head with a click. He turned his hand and threw the snake into the wine, and then he picked it up and gulped it down.

His mouth was full of blood...
