

Chapter 371

After dealing with the Dongshan Mountain Sect of the King of Ping Mountain, Darren handed over the matter to Xue Ruyi.

With the assistance of Huang Tianjiao and Shen Dongxing, Xue Ruyi would be able to digest Wang Dongshan's power.

After coming out of the boxing house, Darren drove back to the Flying Dragon Villa. On the way, he turned over his mobile phone when he was waiting for the traffic light to see if there was any news about Song Caroline.

In less than a week after he came to the South Mountains, Darren first solved the problem of the Zhu Manor House, and then integrated the South Mountains Martial Alliance, letting him have enough chips.

Coupled with the fact that it was almost time for Song Caroline to show up, Darren decided to shift the focus to the Song family.

After tomorrow, if Song Caroline did not appear again, Darren would break into the Song's Garden the day after tomorrow.

"Boom, boom, boom—"

Back to the Flying Dragon Villa, before Darren opened the door, he heard a faint sound of thunder

coming from inside. He pushed the door open and went in. He saw Celestial Master Zhong practicing martial arts.

Zhong Tianren, who had obtained the lower part of the "Devil-Taming Heart Method", was extremely powerful. The day before yesterday, he could only burn talisman personally, but now he could blow up a few small thunders.

However, when Darren saw that the hall of the villa was in a mess and several vases were smashed by him, he rushed over and kicked him away.

Darren asked him to clean up and then go back to sleep, otherwise, his cultivation would be ruined.

Just a moment ago, Master Zhong was still majestic, like a master. In the next moment, he bowed and bent down, rolling and crawling to clean up the room.

He didn't mean to make trouble, but he had just made a breakthrough, just like a newbie who had just learned to drive. He couldn't help but want to take a few laps.

Seeing that Celestial Master Zhong was about to work, Darren did not say anything more. He shook his head and went back to his room to take a bath.

After taking a shower, Darren browsed through the text messages while wiping his hair. There were messages from Tang Qi, Su Bao'er, and others on the text.

Darren returned to them one by one and then fell asleep.

"Ding—"

The next morning, Darren got up a little late. When he was about to go for his morning exercise after washing up, he suddenly heard the phone ringing.

He put on the plugged-in and answered it. Li Dazheng's loud voice was heard immediately.

"Darren, do you know what day it is today?"

Darren was slightly stunned. "What day?"

"What a farce!"

Li Dazheng's voice was low, and his tone was a little unhappy.

"Darren, you are already 18 years old. Can you be more strict with yourself?"

"Today is the first day you go to the Ruyi Group to register, and I'll wait for you at the gate at the end of 8:30."

"I knew you didn't care about this, so I made this phone call to remind you. I didn't expect that you really forgot."

He was exasperated. "You are much more loose than before. Uncle Yong is very disappointed in you."

"I'm sorry, Uncle Yong. Don't be angry."

Darren hurriedly explained, "It's not that I don't want to go to the Ruyi Group. It's just that there's

really no need..."

Since he had finished the integration of the Martial Arts Alliance of South Mountains, the idea of going to Ru Yi Group was meaningless.

"Uncle Yong, I'm not afraid to tell you. Actually, I'm the Ruyi Group..."

Darren wanted to tell him that he was a major shareholder of the Ruyi Group, but before he could finish his words, Li Dazyong was very angry.

"No need? What's the no need?"

"Let's not talk about how long I've spent on your work, let alone how long I've spent on it. Just tell me how you're currently wandering around without any career..."

"If you don't find a positive job to calm down and settle your vanity, what future do you have?"

Thinking of Darren saying that the Flying Dragon Villa was his, Li Dazheng was even angrier.

"I know that my words are a little harsh, but Uncle Yong watched you grow up and didn't want you to destroy yourself."

"If it's someone else who has nothing to do with me, I don't want to offend him like this."

"Darren, go to work hard. As long as you work in the Ruyi Group for three months, Uncle Yong will give you a car worth 100,000 yuan."

"You have done it for a year. Uncle Yong gave

you one million as a down payment to buy a suite for three years. Uncle Yong helped you to pay off all the loans to buy a house."

"In short, you have to go to work well."

Li Dazheng was a big stick and carrot. Tiexin wanted Darren to walk on the right path.

Although Li Dazyong was a little decisive, Darren was still very touched in his heart. For his own life, Li Dazheng bought a car and a house to guide him on the right path.

He also knew that if he didn't go to work today, Li Dazheng would fall out with him, so he smiled and said,

"Uncle Yong, don't worry. I'm going to work now."

Darren exhaled a long breath and said, "I won't let you down."

"This is a good girl."

There was a hint of joy in Li Dazheng's tone. "Remember, we should be down-to-earth like your parents."

Yesterday, he hated that Darren said that Baby Doll was drunk, but now he felt that if Darren could be a good man, he would have a future.

After all, Li Dazheng still felt good about Darren, who knew everything about Wang Zongyuan. At least his daughter would not suffer losses in the future.

Hanging up the phone, Darren dispelled the idea

of going to the park to do morning exercises and went to the backyard to do some exercises. Then he called a car and went straight to the Ruyi Group.

At 8:15 p.m., Darren appeared in the New Street Building, each inch of land was worth an inch of gold.

When Darren got out of the taxi, he saw Li Mo who was waiting for him at a glance.

Today, Li Mo's dress was as fashionable as ever. He was wearing a chiffon and a short skirt, revealing his snow-white neck and thighs.

She also wore a pair of flat glasses, which made her look very foreign and sexy.

Darren ran over and greeted her, "Good morning at the end of the year."

Li Mo pushed up his glasses and looked at Darren, saying coldly,

"You've wasted ten minutes on me. Next time, you don't have to come here to work."

After that, she turned around and walked into the hall. She deliberately kept a certain distance from Darren, so as not to let others know that they were in the same team.

Darren followed him indifferently.

Ten minutes later, Li Suo showed up on the eighth floor with Darren. Under the leadership of the Public Relations Department of Ru Yi Group, a group responsible for re-opening business of old

customers.

Li Mo was the supervisor. There were ten people in the group, and almost all of them were women.

With Li Su's support, Darren quickly completed the formalities and became a deliberate with a basic salary of 3,000 yuan and a commission of five points.

Not long after, Wang Zongyuan, who was dressed in a suit and leather shoes, showed up with a few people. He warmly welcomed Li Mo to join them while shouting that he would treat them at noon.

Finally, he looked at Darren with a fake smile.

"Darren, although I let you come to the business group through the back door for the sake of Su Mo, it doesn't mean that I will keep an idle person."

In the Li family's dinner, Wang Zongyuan took his parents to see their parents, but he was disturbed by Darren's illness.

Although he made up for it with great efforts and spent more than two million yuan on Li Sui's live broadcast, Li Sui was less enthusiastic about him.

Although he knew that there was a comparison between the young magic doctor of the Middlesea and him, he couldn't call him the wealthy young magic doctor of the Middlesea, so he took Darren as his opponent.

Wang Zongyuan directly threw the two contracts

in front of Darren with a bang.

"These two clients, I'll give you a week to get rid of them."

"Tell them to change. I'll transfer the job to you directly. It's not fair. You'll get out of here a week later."

Several beautiful female employees saw the two contracts and covered their mouths with their little hands to prevent screaming.

At the same time, they looked at Darren with gloating eyes.

This was the difficulty of two Big Bosses. Wang Zongyuan didn't take them down in person. He asked Darren to take care of them in a week. He totally wanted Darren to get out of here.

Li Su unconsciously said, "Manager Wang, Darren has just arrived and is not familiar with him..."

"Who isn't a rookie?"

Wang Zongyuan looked at Darren and said with sarcasm, "When it comes to work, there must be a look of work!"

"If you want to talk about favors and conditions, you'd better go home and drink milk!"

"The company's money is not blown away by the big wind..."

Wang Zongyuan took a step forward and asked,

"Darren, is there any problem? Is a week

16:19 

enough?"

Su picturesque, Chen Churan... Song Caroline's best friend?

"It won't take a week. One hour will be enough!"

Darren picked up the contract and glanced at it. Then he took out his mobile phone and dialed,

"Boss Su, I'm Darren. Call Chen Churan and come to Restaurant Ruyi Group to renew a contract..."

Chapter 372

"Ha, ha, ha..."

Seeing that Darren was still calm after making a phone call, Wang Zongyuan and others couldn't help laughing.

"Darren, I want you to settle these two old customers. Who are you calling?"

"Don't ask your poor relatives to buy it for the sake of performance. They can't afford our company."

Wang Zongyuan looked at Darren with a sarcastic face and said, "And it's three or five thousand yuan. We won't sell it."

"The call I made is for Boss Su and Boss Chen."

Darren put away his mobile phone and said softly, "They will come over soon to sign the contract."

"Enough, Darren!"

Wang Zongyuan stopped smiling and darkened his face.

"This is a company. It's a serious place, not a village where you brag."

Although Su Shuhua and Chen Churan were beautiful, they were tricky and insolent. They liked to lower the price, so the business group failed

numerous times.

Wang Zongyuan, a handsome guy, was well-known for his title as the nephew of President Wang, but he did not let Su picturesque and Chen Churan sign a contract.

Now, Darren, a guy who had been working for less than an hour and was not familiar with the products, had actually set up a phone call?

"Isn't that bullsh*t?"

A beautiful female employee sneered and said, "Manager Wang, this person who used the back door has a lot of guts."

Another female employee also raised her delicate chin and joked, "One phone calls to solve two contracts. Are there any childees who come to get gilded?"

The corners of the third gorgeous woman's mouth also curved. "That's not true bragging."

Darren said lightly, "We'll know in half an hour."

"Darren, are you still putting on an act? Is it interesting?"

Li Mo couldn't hold back his anger anymore. He shouted with a cold face,

"You are a poor boy with no money and no power. I found your job only by myself."

"What are you going to do with those two contracts?"

"Do you think I will believe that you can sign the contract?"

She was very angry. "Don't say an hour, even for a week or a month, you can't sign it."

"Apologize to Manager Wang and everyone."

At this moment, Li Su was extremely disappointed with Darren. It was fine that he had no ability and no money in his family, but he still talked big over and over again.

Others might not know much about Darren. They might be fooled by Darren accidentally, but why didn't Li Suo know about it?

His father ran a boat for hard work. His mother sold herbal tea and was seriously ill. Darren didn't have a job for a whole year, so he came to Nan Ling to take advantage of his father.

Such a loser, a phone call to solve the contract, and she was still a stranger in the world of Nan Ling, which made Li Suo feel funny.

Do you have that face? Do you have that person's pulse?

She wondered if she should tell her father to take Darren back and then send him back to the Middlesea.

"I won't apologize, because these two contracts are not a problem."

Darren pulled out a chair and sat down. "Wait and see, Boss Su and others will arrive soon."

"Manager Wang, remember to turn me into a regular worker and give me the commission."

He smiled and reminded Wang Zongyuan, "By the way, there is a week off I saved."

"Okay, I promise you. I promise you all."

Wang Zongyuan burst out laughing and gave Darren a thumbs-up.

"It's just that I'm telling you that I didn't sign it today. Get out of here."

He shouted with a serious face, "Asksight Company doesn't need a staff who doesn't know the pros and cons."

Darren responded faintly, "Okay, it's a deal."

"Darren, how did you become like this?"

There was disappointment on Li Su's pretty face. "I really shouldn't have introduced you in. You're simply embarrassing me."

"I know that you have a crush on me, so you want to show it in front of me, so that I can look up to you or accept you."

"I understand what you're thinking, but you can't lose face like this, can you?"

"This will make me hate you more."

"And I've already said it that day. It's impossible for me to be with you. My father's words about children were just drunken words."

"It's boring for you to get me with this promise."

In Li Su's heart, she regarded Darren as a rogue. She wanted to pester him and fight him for decades. How could Darren not recognize her?

How could Darren own her?

"Lao Mo, don't be angry. An hour will pass soon. I will drive him out of the company by then."

Wang Zongyuan held a cup of tea to comfort Li Suihan. "You have done your best, and you can also explain it to your parents."

Several female employees also looked at Li Suzhuang sympathetically. They didn't expect to be entangled by people like Darren and to make her lose face by all kinds of ridiculous actions.

"Manager Wang can't drive me away."

Darren also poured a glass of warm water and drank it slowly.

"Darren, stop putting on an act."

Li Suo gradually calmed down, and he could not wave his hand, saying,

"You can leave now. Don't wait for Manager Wang to drive you away. I'll give you some face..."

She was very disappointed with Darren.

"Clang—"

At this moment, the elevator door suddenly opened, and then a group of glamorous men and women walked out.

At the head of the group were two beautiful

women with similar figures and strong aura.

She was dressed in an international brand, proud and luxurious, luxurious, and luxurious, which made people dare not to get close to her.

They wore large sunglasses and walked side by side, laughing and laughing, which was very eye-catching.

They pushed the door open and walked in. At the same time, they took off their sunglasses, revealing two delicate and pretty faces.

It was Su picturesque, Chen Churan.

"Could I ask if Mr. Darren and Mr. Ye?"

"We're here to extend the contract..."

More than a dozen salesmen were stunned.

Wang Zongyuan was stunned.

Li Mo was also stunned.

"He's really here..."

They really couldn't believe that Darren really called him over and agreed to renew the contract without negotiation.

The most unacceptable thing for Li Sui was that both Su Ruhua and Chen Churan had a respectful look on their faces.

It was as if Darren was great.

Wang Zongyuan's eyelids twitched. "How is this possible? How is this possible?"

Several salesgirls also felt their cheeks burning. Darren's slaps were really loud.

"Perfect."

Darren got up from the corner with water and then threw the two contracts to him.

"The things of the Ruyi Group are okay. Let's extend the contract."

Could it be like this? Could it be like this?

Li Su and the others were in a trance. They didn't show any respect for him, but instead ordered him to do so.

What made them even more shocked was that Su Ruhua and Chen Churan signed the two contracts without even looking at them.

Although they hadn't fully figured out the details of Darren, the scene of Zhu Natalie cooking breakfast had already let the two girls know that they should make good friends with Darren.

Song Caroline might have found a poor boy because of love, but the person who could make Zhu Natalie make a living was definitely not an ordinary person.

Therefore, they signed these two contracts without hesitation and even were very happy.

Darren smiled and shook hands with the two women passionately. "Thank you, both of you."

"This is our honor."

Su Shuhua and Chen Churan smiled and shook hands with Darren. "I hope we can cooperate happily."

Su Shuhua didn't attract others' attention and approached Darren. She whispered to his ear,

"At 3:30 p.m., Caroline will wait for you in the world on the river..."

Chapter 373

At three o'clock in the afternoon, five kilometers away from the world above the river, along the main road along the river.

A white BMW was driving on it. It changed from time to time and overtook people from time to time. It seemed that it was in a hurry.

In the passenger seat, there was a young woman in a waist-tied short skirt and black stockings.

She held a gun tightly while looking back at the vehicle behind her.

When she saw nothing happened behind her, she turned her face to the other side and looked at Song Caroline, who was squinting.

"Miss Song, why do you have to run out?"

"We'll be in big trouble if we're discovered by Steward Zhao and the others."

"Although we are in a difficult situation now, we have food, drink and other activities in the yard. Why did we run out regardless of the risks?"

"I'm not talking about you. The family is investigating Madam's pills. You are also a major suspect. It's really not appropriate for you to come out like this."

"If I knew you were going to escape, I wouldn't have gone mad with you."

"Miss Song, let's go back when Steward Zhao and the others don't find us, shall we?"

"Otherwise, once Steward Zhao gets angry, we'll suffer a lot."

The young woman kept persuading Song Caroline, with a hint of complaint in her tone, as if this behavior had hurt her.

The woman was Song Feiyan. Song Caroline had spent a lot of effort to send the woman abroad to train. She had once fought against Bao Yu in order to protect Darren.

He was just beaten into a dog by the sudden rain, and then returned to Song Caroline to protect him. He could be regarded as Song Caroline's trusted follower, but at this moment, he had no respect for her.

Mi'er, the maid who sat next to Song Caroline, frowned slightly. She wanted to refute, but she felt that she was too light-hearted and did not want to make a big fuss.

"Song Feiyan, shut up!"

Song Dazzhong, who was driving the car, darkened his face and shouted rudely,

"What's your attitude?"

"How did you talk to Miss Song?"

"Miss Song has her own plans. Let's do the servant's work. What are you talking about?"

"You're going to set yourself up. Think about how many favors you've received over the years, and how many resources you've taken from your mistress to build yourself?"

"You can't live together only for wealth and honor, and you can't live together."

Zion landed on the ground and criticized Song Feiyan fiercely. Since Song Caroline was placed under house arrest, Song Feiyan's attitude had obviously changed.

Song Feiyan complained that she had come back to South Mountains more than once. She also shouted that it had nothing to do with her from time to time. She didn't know anything.

"I'm just thinking for the sake of Miss. That's why I tried to persuade her to go back."

However, Song Feiyan not only didn't accept his opinion, but also shouted with a serious face.

"Madam killed two nephew of the Song family with a poisonous pill and was caught by First Young Master Song and Chen Ji Ji on the spot. Miss Song's faction is now a rat crossing the street."

"All the sons and nephews of the Song family believe that Madam is trying to take advantage of Mr. Song's high position to unite outsiders to take over the throne when Mr. Song is seriously ill."

"In this case, Miss Song, who is under surveillance, escaped in this way, wouldn't it be a pity for her?"

"Is it wrong for me to let Miss go back?"

She still looked disdainful. "But you, Song Dazhong, are foolish and loyal. You will hurt Miss Song sooner or later..."

"Woo—"

Zion snorted as he stepped on the gas pedal.

"Just tell me if you have ulterior motives. It doesn't make sense to say so many big principles."

"You and I are not children, let alone ordinary people."

"How could you not know that no matter whether you're able to escape or not, you'll be accused of murder on Madam and Miss?"

"Mr. Song and others won't let Madam show off, and they won't let Miss Song share the Song's property as well."

"If Miss Song doesn't escape today, there will be no chance in the future."

Although Zion didn't know what arrangements Song Caroline had made when she came out, he knew in his heart that if he didn't seize this opportunity, he would be completely ruined.

The matter of Madam's pills was coming to an end. She said all kinds of rumors that Madam Song

would be imprisoned for the rest of her life. If Madam Song fell, Song Caroline would be dead, too.

Song Feiyan's pretty face was burning. "If you know that you can't turn over, why do you still make so many troubles? Do you hurt yourself?"

Mi'er couldn't hold back her anger any longer. "Captain Song, Miss is still Miss after all. Can you be more respectful?"

"Clap—"

Song Feiyan did not talk nonsense. She raised her hand and gave Mi'er a slap.

"Shut up. What's a maid's name? It's not your turn to talk here."

Mi'er felt wronged with her hands covering her cheeks.

Zion's face darkened. "Song Feiyan..."

"Feiyan, you've gone too far."

Song Caroline opened her eyes and shouted, "Although Mi'er is a maid, she is also our sister. Why did you beat her?"

Song Feiyan raised her neck and snorted without caring at all.

"I'm just like this. I'm straight-forward and can't hide anything. I can't stand a dog or a dog's yelling."

"She's just a maid. How can she be compared to my sister-in-law?"

"So if she dares to talk nonsense, I dare to teach

her how to behave."

She looked at Mi'er with contempt and said, "Remember, don't do anything in front of me in the future, or I'll make your face swollen."

Now she didn't care about the down and down Song Caroline at all. Instead, she believed that Song Caroline had to rely on her for safety.

Song Caroline's pretty face turned cold and was about to explode. However, Mi'er held her back and shook her head.

"Miss, it's my fault for being talkative. I'm sorry. This matter has passed."

Now it was the season of trouble. Mi'er hoped that Song Caroline would have one more force around her, so she decided to grieve herself.

After all, Song Feiyan was good at martial arts.

Song Caroline could only suppress her anger. She coughed and said, "It's my fault. I've brought trouble to everyone."

"But please trust me again. I'm sure we'll be able to survive this crisis."

Thinking of the figure, Song Caroline's eyes were firm. "We'll go back sooner or later."

Zion and Mi'er nodded at the same time, indicating that they believed that Song Feiyan could turn into a lucky dog.

"I'm sure I'll be able to survive the crisis?"

Song Feiyan curled her lip and did not take it seriously.

"Hum, I don't know if I can survive today."

If Song Caroline had a chance to turn the table, she wouldn't mind working her life. But now that the general trend was over, Madam was locked up, and Senior Song was seriously ill, how could she still have a chance?

She had been thinking about how to hold someone else's support and not let Song Caroline get involved with her, but she didn't expect that she would be involved in the escape.

How could she not be angry?

"Woo—"

At this moment, Song Feiyan heard the roar of the car behind her. She turned her head and saw six Landillits coming after her.

There were at least five people in each car.

Song Feiyan's pretty face darkened.

"It's over. It's over. They're coming. Zhao Daishi is also coming."

Hearing this, Zion and Mi'er's faces also changed slightly.

At that time, Zhao Ruoqing was killed by Darren. Although Darren pointed out that she was a traitor and was with Yahya, the results of the investigation ended up with nothing definite.

However, Zhao Guishi, Rebecca's younger brother, was still put in an important position by Master Song.

This time, he also took over the responsibility of monitoring Song Caroline.

Zhao Guishi had always wanted to find an excuse to take revenge on Song Caroline. But now, if he was caught, he was afraid that he would take revenge for the old and the new.

"Uncle Zhong, speed up."

Song Caroline remained rational and said, "Let's get to the world on the river as soon as possible."

There would be her hope and her backing.

She took Zion's mobile phone and sent a text message.

"How dare you run away now that you're in such a state? You've committed an even more severe crime."

Song Feiyan was angry. "Song Caroline, are you going to kill everyone?"

"Zion, you'd better stop the car right away. Don't make trouble with Song Caroline."

"Do you want everyone to die with her?"

"Woo—"

Zion ignored Song Feiyan's roar and rushed to the world on the river as soon as he stepped on the gas pedal.

"Clap—"

Suddenly, Song Feiyan raised her left hand, and the short gun directly pointed at Zion's head.

"Stop the car! Stop the car right now!"

Chapter 374

"Creak—"

The red BMW stopped on an open road.

Six Peattries took the opportunity to surround Song Caroline and the others, which made Song Caroline and the others unable to escape.

When the car window fell down, there was a burst of unscrupulous smirk.

That kind of laughter was like a big gray wolf blocking the little white rabbit.

With a crash, the door was opened, and dozens of fierce men came out. They were exactly the same as the audience, which made people feel suffocated for no reason.

"Bang!"

Before Song Caroline got off the car, a red ax flew over and directly cut a hole in the windshield.

Dozens of cracks appeared on the glass, and the car shook. Mi'er was so shocked that she couldn't stop screaming. She held each other with her hands and didn't dare to move.

"Get out of the car, all of you!"

A strong man kicked the car door again and said, "If you don't get off the car, all of you will be disabled."

"Everyone, we're on the same side. Let's get off the car right away."

Song Feiyan took the gun and drove Song Caroline, Zion and Mi'er down.

Zion and Mi'er glared at Song Feiyan.

Song Feiyan, however, looked calm and even threw the gun aside to show that she had no malice against the besiegers.

At the same time, another Lincoln limousine drove over. A square-faced man came out with several men and women.

He was wearing a windbreaker and a hat. His facial features were weird, as if they were all crowded together, like a cat with a grimace.

Especially when he smiled, which made people feel even more gloomy.

Zhao Daishi.

"Steward Zhao!"

When Zhao Daishi came forward leisurely, Song Feiyan greeted him with a spring breeze.

"Song Caroline and the others deceived me and tried to run away. I discovered them, so I stopped them all."

She put on a look of seeking credit. "I tried to persuade them to go back, but they were determined to run away."

When she approached him, she rubbed her body

against Zhao Daishi, letting him feel her tenderness and sincerity.

Zion and Mi'er cursed the traitor at the same time, but Song Caroline was not angry. She just sighed with emotion.

Zhao Guishi gave Song Feiyan a playful look and said with a smile, "Captain Song, aren't you going to run with us?"

"Of course not. I'm from the Song family. Although Song Caroline is good, I only have the Song family in my heart."

Song Feiyan intentionally or unintentionally opened a button. "What's more, Song Caroline is at the end of her life. Isn't it insane for me to follow her?"

"Even if I want to hold my thigh, I also want to hold the thigh of Steward Zhao."

She was very direct to please Zhao Daishi. "Now they are stopped by me. How can we punish Mr. Zhao?"

"You know what's good for you."

Zhao Guishi pinched Song Feiyan's chin. "From now on, you are my man. As long as you are loyal enough, I will let Young Master Song relieve you of your crime."

Song Feiyan was ecstatic. "Thank you, Steward Zhao."

This meant that she didn't have to be with Song

Caroline's faction.

"Zhao Daishi, why are you chasing us?"

At this time, Zion stepped forward and stared at Zhao Daishi, saying coldly,

"Miss Song is not a prisoner. She has the freedom to go out."

Zhao Daotian did not respond to Song Dazhi. Instead, he sneered and coldly looked at Song Caroline, who was about to come out, as if she were a lamb to be slaughtered.

He slowly approached with his men without any pressure.

The sound of footsteps treading on the ground, and the sound of the exhaust of cars, were particularly clear in this vast land.

Their figures were like the tip of a sword that was pointed at the throat, slowly but irrepressibly, stabbing toward the most vulnerable part of the woman's heart.

"Song Caroline, why don't you kneel down and beg for mercy?"

Song Feiyan shouted, "Do you really want to make Director Zhao angry?"

"Shut up!"

Song Caroline regained her strength. She looked at Zhao Daishi and shouted, "What are you going to do?"

"Sister, I wanted to kill you in my dream, but I didn't have a chance."

Zhao Guishi finally spoke out and laughed out loud. "Why did you take the initiative to bring the opportunity to us today?"

Song Caroline's pretty face darkened. "I'm the blood relative of the Song family. How dare you touch me?"

The corners of Zhao Daishi's mouth curled up into a sneer.

"I know that you are the blood relative of the Song family, and I also know that I am a relative."

"But your mother killed the son and nephew of the Song family. You are also one of the suspects. You are afraid of the punishment and escaped. As a steward, I have the right to kill them first and then report later."

"Believe it or not, if I kill you, no one in the Song family will seek justice for you."

His voice was full of confidence, but also feminine. "The Song family is going to change day by day. You are no longer the granddaughter of Old Song's most beloved granddaughter."

Song Caroline shouted again, "Was it my brother-in-law who asked you to deal with me?"

"It's pointless to say these things."

Zhao Daishi said with a playful smile, "All you need to do is to know that you are in a very difficult

situation now."

"By the way, I forgot to tell you that the four disciples of the Song family who guarded you were also poisoned to death."

He added, "You'll become a public enemy of the Song family just like your mother did."

Song Caroline's face changed. "You're shameless."

Zion only knocked out four people. Now that he heard that they were poisoned, it was obvious that Zhao Dahi had done something.

Zion was also angry. "Zhao Daishi, you're too shameless. You're avenging your personal grudge. You want to avenge Zhao Rshuang."

"Don't say 'there's no need to say it's true.'"

Zhao Daishi, with his hands behind his back, came forward with a ferocious smile.

"Song Caroline, you have two choices now."

"First of all, you three were beaten to death by me. Give my sister justice to my dead son and nephew of the Song family."

"Second, you stay with me for a night. I'll pretend that you've never escaped. The four people who died were also killed by Miao Fenghuang. What do you think?"

While speaking, Zhao Daishi looked at Song Caroline with evil eyes.

The peerless beauty, the graceful figure, and the moving long legs, Zhao Daotian couldn't help swallowing saliva.

Anyway, he had to kill Song Caroline. Before she died, he tasted the woman's taste. Zhao Daotian didn't mind risking her life for one more night.

Mi'er, who was absent-minded, suddenly stood up. She couldn't stand Zhao Daishi humiliating her master like this.

"Zhao Daishi, keep your mouth clean. Miss Song is not someone you can humiliate – "

"F**k you!"

Zhao Daishi suddenly stepped forward and stood in front of Mi'er without saying a word. His movement was so fast that no one had time to react.

He lifted his leg and threw a flying kick.

"Bang!"

This kick immediately made Mi'er, who hadn't finished her words, fall to the ground. Then Zhao Daishi kicked her in the mouth again.

"Ah—"

Mi'er screamed and blood spurted out of her mouth and nose. She was so painful that she almost fainted.

"Bastard!"

Song Caroline was so angry that she could not be scolded. "Zhao Daishi, you're such a jerk."

Song Feiyan gloated. Zion and Mi'er, two idiots, were too ignorant of the current situation. Now, they deserved it.

"So what if I'm a bastard? What can you do to me?"

Zhao Daishi smiled noncommittally and said with disdain,

"You're a little late, aren't you going to kneel down and call me dad?"

Speaking of this, he took out another pistol and pulled the trigger to Zion, who was supporting Mi'er.

"Bang—"

Song Dazhi was shot down to the ground by Zhao Dahi.

Zion didn't expect him to be such a beast. He clutched the shoulder of the gun and fell to the ground.

Zhao Gai took two steps forward and kicked Zion in the chest. The latter spat out a mouthful of blood.

"Clap—"

Mi'er instinctively pulled the bow, but she was pulled to the left and right by Zhao Gishi, and her teeth fell to the ground.

It was a miserable sight to behold.

Zion once wanted to resist, but his head was blocked by several guns, and then he was kicked to

the ground by Song Feiyan.

Song Caroline rushed forward and shouted, "Zhao Daishi, don't be too arrogant!"

She slapped Zhao Daishi with great strength, which made Zhao Daishi stumble and take a step back.

"Steward Zhao! Steward Zhao!"

Song Feiyan and the others hurried forward and helped Zhao Daishi. "Are you okay?"

"I'm fine!"

Zhao Guishi pushed away Song Feiyan and the others. He touched his burning cheeks and looked at Song Caroline with a fake smile.

"Song Caroline, how dare you hit me?"

Song Feiyan's face was as cold as frost. "Song Caroline, you're a criminal. How dare you be so arrogant? Do you want to die?"

Song Caroline looked at Zhao Daishi and shouted, "Shouldn't you, such a beast, fight?"

"He deserves to be beaten. Indeed, he deserves to be beaten."

Zhao Daishi covered his face with his hands and laughed. He was frivolous and arrogant, and it was hard to hide his strong contempt and contempt.

"I like strong horses the most."

The corners of his mouth curled into an unbridled smile. He pointed his hand at Mi'er's head

with one hand and pinched Song Caroline's face with the other.

"Believe it or not, if you dodge, I'll kill them right away."

At this moment, Zhao Daishi seemed to be a unique king, who could look down on any powerful existence.

"Humph—"

At this moment, a cold voice came from the periphery,

"Believe it or not, if you touch her, I'll kill all the Zhao family members."

Song Caroline's heart was pounding. She knew who it was...

Chapter 375

"What do you think I'll do to her?"

In the face of Darren's reproach, Zhao Daishi did not stop his action. Instead, he sneered and touched Song Caroline.

At the same time, the muzzle turned sideways and pointed at the place where Darren's voice came from.

Dozens of fierce men also turned their weapons to look at the uninvited guests.

"Swoosh—"

With a sharp sound, a figure was shot over, and there was a burning smell in the air.

That was the smell of friction between the soles of her shoes and the ground.

Song Feiyan's pretty face changed. "Watch out, Steward Zhao."

As soon as he finished speaking, with a few sounds of bang, five or six fierce men in black were knocked out, and they fell down more than ten meters away with blood spurting out of their mouths.

While Darren didn't slow down, he still rushed to Zhao Daotian like a rainbow.

Song Feiyan, who did not see Darren's face

clearly, subconsciously stepped forward to block. However, as soon as she stepped forward, she was knocked away mercilessly by Darren.

His whole body was like a train crashing into a train. His ribs were broken, his mouth and nose were bleeding, and his hands and feet were shaking and falling to the ground.

He was too powerful.

Song Feiyan was shocked.

She wanted to capture Darren's figure, but she saw that Darren was in front of Zhao Daishi.

"Bang bang bang—"

Zhao Daishi calmly pulled the six shots, but all of them were dodged by Darren like a phantom. When he was about to pull the seventh shot, there was already a gust of evil wind on his side.

He instinctively swept his arm to block the attack.

"Crack!"

However, as soon as his arm swept over, Darren grabbed it and then twisted it with his Articular-reversing.

With a loud bang, his arm was broken, and Zhao Daishi let out a shrill scream.

"Bang—"

Darren didn't stop. He threw Zhao Gai's hand back and threw Zhao Gai's body into the crowd.

This blow knocked down seven or eight people in an instant, which also caused the besiegement to be in chaos.

Darren took the opportunity to rush up, and his fists and feet were like a shuttle. Wherever he passed, the waves disappeared, and the clicking sound kept ringing, stimulating his eardrums.

In the shock of Mi'er, Darren passed through the team in the blink of an eye.

More than 30 Zhao Daishi's thugs broke off their hands and feet and fell to the ground.

Blood gushed out of his body and poured into the ground.

They hummed and were stunned. One against a hundred. It was not a myth.

After Song Feiyan recognized that it was Darren, she was more afraid than angry. She held the gun but did not dare to move.

Seeing Darren kill so many people, Song Caroline's eyes were indescribably gentle. Falling in love with this man was really her greatest luck.

As long as he was there, the sky would not collapse.

"Did I tell you not to touch her?"

After knocking over a group of thugs, Darren took out a tissue and gently wiped it.

As he approached Zhao Daishi, he said casually,

"Did you say that?"

"Boy, do you know who I am?"

"I'm Zhao Daishi, the director of the Song family."

The corners of Zhao Daishi's mouth twitched, but he still tried his best to save his face.

"If you want to hurt me, you want to hurt the Song family. Can you bear the consequences?"

Darren ignored him. He picked up a dagger and continued to move forward.

The dagger was sharp, stimulating people's eyes.

Zhao Daishi covered one of his broken hands and roared,

"Song Caroline is afraid of me. You don't have a strong background and you don't have a high status. You'd better not get involved in this."

"Nowadays, fists are no longer popular. If you touch me, just a phone call and the police will arrest you."

"Even if it's a competition of force, the Song family still has thousands of elites, mercenaries, and even masters in the Profound Realm. It's enough to defeat you for a hundred times."

"Young man, you are still young and have a promising future. Don't force yourself to do anything wrong. Now get out of here, and I will pretend that nothing has happened."

"Otherwise, I'll be angry..."

Zhao Daishi retreated to the place where the white Hummer was, and there was no way back. The anxiety on his face and the sweat on his forehead were no longer as arrogant as before.

Darren's strength made him very uncomfortable, and also made him feel inexplicably fearful.

Darren did not stop at all. He looked at Zhao Daishi and said lightly, "Did I tell you not to touch Caroline?"

"Darren, he is Director Zhao, Mr. Song's lover."

Song Feiyan couldn't help shouting, "If you touch him, the consequences will be very serious..."

"Pfft—"

However, as soon as Song Feiyan finished speaking, half of the dagger shot out of Darren's hand and directly penetrated Song Feiyan's glabella.

Song Feiyan's ferocious warning expression had not yet fully bloomed, and she had lost her vitality on the spot.

The whole person's eyes were full of disbelief. He pointed his finger at Darren, fell vertically back, and died on the spot.

Zhao Daishi's face changed dramatically. He had never thought that Darren would kill Song Feiyan like this.

Mi'er was also shocked, and then she felt very

happy.

However, Song Caroline and Zion were clear about Darren's cruel means.

"Go to hell!"

Seeing Song Feiyan die in front of him, Zhao Daishi, who was in a hurry to jump over the wall, roared and took out a gun to point at Darren.

The trigger pulled.

Darren's head tilted slightly.

"Bang—"

The bullet flew past Darren's ear.

"Ah—"

Seeing that Darren could avoid it in this way, Zhao Daishi's head turned white. When he was about to shoot again, he saw that the knife had already fallen.

A stream of blood burst out, and Zhao Daishi let out a shrill scream.

His left hand was cut off by Darren, and a stream of blood was spurted out several meters away. It was shocking.

Zhao Daishi subconsciously moved his body, and another knife light flashed.

"Puff!"

Zhao Daishi's other hand was also cut off.

It was dripping with blood.

Seeing this bloody scene, all the people present felt cold all over.

Mi'er was shivering as well.

When he was screaming, Darren snapped his fingers and something fell into Zhao Daishi's throat.

"I don't want my life first. I'll keep it and tell your master."

Darren patted Zhao Daishi's face with a smile.

"He must give me an explanation for what happened to Caroline today."

"Otherwise, I'll go to the Song family to get them back tomorrow..."

After that, he kicked Zhao Guishi away.

Zhao Daishi and the others were so angry that they almost died. "Go to the Song family to seek justice? Who do you think you are?"

However, no matter how angry they were, they could only accept it with their heads down at this moment...

They were too far away from Darren.

Zhao Guishi had once thought of calling the police, but he was worried that Darren would jump over the wall and kill himself, so he was ready to make plans after getting rid of the danger.

"Get out."

Darren asked Zhao Daishi and the others to leave.

Darren didn't stay too long at the scene. After calling Shen Dong Xing to clean up the mess, he took Song Caroline and the others to get into a business car.

"Thank you, brother."

As soon as she entered the car, Song Caroline did not avoid it. She hugged Darren and said in a faint voice,

"If you hadn't arrived in time, I would have ended up in a terrible state."

Although Darren knew that women must have other ways to protect themselves, he couldn't help but be moved in his heart even though he was just pitiful and coquettish.

A faint fragrance was floating at the tip of his nose. When he saw it, it was a scene that could make all men in the world feel excited.

Her snow-white face was partly hidden and partly visible, her small mouth was like a orchid, and her eyes were attractive.

This was what this woman looked like. When she raised her hand and raised her feet inadvertently, she had various types of charm and charm.

Darren smiled and said, "It's good that you're fine..."

Looking at the man she had not seen for a long time, Song Caroline's eyes glittered with excitement. Suddenly, she had an unstoppable impulse.

She smiled evilly, stroked her long hair, stretched out her arms, and suddenly put her arms around Darren's neck.

He raised his chin and kissed Darren!

"I'll give you a good reward."

Her pretty face was as beautiful as a peach blossom.

Darren's breathing was invisible and rapid. Then he quivered and stopped her seductive little mouth with his fingers.

"We'll talk about it later. Tell me first, what happened to you?"

Not to mention some serious matters, Darren was worried that he could not bear the impulse.

"The guy who doesn't have the guts..."

Song Caroline rolled her eyes at Darren, and her expression was somewhat painful.

"You've divorced. How can you still have such a bottom line? Do you miss her?"

She naturally referred to Tang Samantha.

Without waiting for Darren's answer, Song Caroline thought of Tang Samantha and felt inexplicably flustered and lost.

She didn't understand herself. Every time she talked about Tang Samantha, it was more because she was in a state of stupefaction, which made her lose her confidence in catching Darren.

Darren looked at her and chuckled. "I just want to save Auntie as soon as possible."

Song Caroline restrained her emotions, then lay in Darren's arms and said,

"You asked my mother to bring back the Seven-star Life- prolonging Elixir, and you poisoned two sons and nephews of the Song family last week..."

Chapter 376

"Seven-star Life-raising Elixir is poisonous?"

Hearing this sentence, Darren's body shook, and then he shook his head suddenly.

"It's impossible. It's absolutely impossible."

"Even if these pills are ineffective, they can't be poisoned. They are all made of Chinese herbs. They won't poison people to death."

"And Granny Xiong and the others witnessed the effective effect of killing vermins with pills."

There was a sense of confidence in Darren's tone,

"How could it turn into a poisonous pill?"

"I also know that the Seven-star Life-prolonging Elixir can't go wrong."

Song Caroline absolutely trusted Darren.

"It's just that when my mother brought the pill back, two core disciples happened to be poisoned and brought back."

"In the situation where several doctors are hard to achieve success, my mother will take out two pills to detoxify them."

"Because I don't know the original effect, my mother said that she got it from a master."

"After taking the Seven-star Detoxification Pill,

the two sons recovered for a while and calmed down. My mother is very glad that it is effective."

"She is also promised to give it a try to my grandpa the next day to see if his condition has improved."

"But I didn't expect that the next morning, the two sons of the Song family would bleed from their seven apertures and die from poisoning."

"The royal doctor of Song family, Chen Jihi, checked it and confirmed that the Seven-star Life-Sturing Pill contained the ingredients of Heartbroken Grass."

"It's also because of this that the nephew of the Song family, who could have lived for a few more days, died."

"That's why my brother-in-law, Song Jin, took my mother-in-law and Granny Bear."

There was a glimmer of light in Song Caroline's eyes.

"He also took away the 28 pills for the test."

"When I received the news that my mother was imprisoned, I rushed back to the South Mountains without stopping. As soon as I entered the house, my brother-in-law held me back."

"He said the investigation is in progress. Although I'm not a suspect, I'm related by blood to my mother."

"So once the investigation is made and it is

confirmed that my mother's pill is poisonous, I must marry Zheng Junqing to make up my mother's crime."

She added, "In order to avoid my life-and-death struggle, my brother-in-law will give me freedom."

Darren said coldly, "Your brother-in-law still wants to get rid of Miao Fenghuang with the help of the Zheng Family."

"My mother is in prison, and I can't resist or explain it to you."

Song Caroline said helplessly,

"After all, I still had fantasy at that time. My mother and mother-in-law Xiong were innocent, so they could be released soon."

"I won't let you get involved. On the one hand, the pill comes from you. I don't want the head of the Song family to point at you. On the other hand, I don't want things to become more complicated."

"But you came to the South Mountains directly and forced me to meet you. I know your character, and I find that there is more conspiracy in your investigation."

"With my brother-in-law's ability, the results of the investigation should come out soon, but the result is delayed again and again. I can't say it clearly."

"I'm not saying it's not clear, but I don't want you to make it clear."

Darren saw the problem at a glance and said, "If we don't find out the truth about this matter, you and your mother will always be criminals, and you are not qualified to divide the property."

Song Caroline lowered her head and smiled bitterly. Obviously, she had thought of this earlier. "I never thought about sharing money with my brother-in-law."

"You didn't mean it, but they did it on purpose."

Darren smiled and said,

"However, from this point of view, it can be seen that your grandfather attached great importance to your mother and daughter, otherwise he would not slander you like this."

Song Caroline nodded gently. "He's really nice to me. He even said that he wanted me to take charge of the affairs."

"If I say that I will take control of the Song family in the future, the Song family will be rich for another hundred years. If I were my uncle, I would at most lose to my family for thirty years."

"I didn't take it to heart."

She was clear about her own thoughts. "Compared with the intricacy of the Song family, I prefer the Wuhu Group, which I am in charge of."

"I saw that the investigation was going on for a long time, and my grandfather's situation was getting worse and worse. Besides, you gave me an

ultimatum."

Song Caroline continued to talk about what had happened today.

"I'll take the opportunity to change shifts at noon and let Uncle Zhong and the others knock out the guards. Then I'll come out to look for you."

"But he didn't expect that he was discovered by Zhao Daishi and caught up with his men."

"No, it should be said that he can actually keep an eye on me. The reason why I can escape is that he deliberately let me go. His purpose is to prove that I am afraid of the punishment and escape."

"He also killed four guards and pushed them to us."

Song Caroline suddenly figured out what was going on today. "This son of a b*tch is really cunning and shameless."

"Don't worry, he'll only survive for a few days."

Darren looked at the gloomy sky and said, "I will let him reunite with Zhao Ruoshuang soon."

"Darren, what shall we do next?"

Song Caroline leaned against Darren and blinked her beautiful eyes. "I have nothing to rely on now. I can only pin my hopes on you."

Looking at the delicate and helpless woman, Darren really had an impulse to swallow her.

This goblin always knew that being weak was

the most powerful weapon for women. She clearly had the Wuhu Group and the Genting Club in her hand, but she was at the mercy of others.

However, he quickly suppressed the anger in his heart and looked at Song Caroline with a calm smile.

"Have a good rest today. Tomorrow, take me to find your grandfather."

"Zhao Daishi, Song Jin Yuquan, and the poison died. As long as your grandfather's illness is cured, all these problems will be solved."

Darren hit the nail on the head. "In the whole situation of the Song family, your grandfather is the most eye-catching one."

Of course, he didn't say anything else. Song W Third's condition was at the critical moment of life and death. Otherwise, the investigation of the pills wouldn't be delayed like this.

So he had to cure Song Wancai as soon as possible.

"To see my grandfather?"

Song Caroline's eyes lit up, and then she patted her head. "Yes, you are a highly-skilled doctor. I'm sure you can make my grandfather recover."

"Tsk, tsk..."

She kissed Darren again and said, "I'll reward you one more time."

Darren rubbed his head and put the woman

down. He changed the subject.

"I'll take you to Ru Yi Hotel to rest first, and I'll go to see your grandfather tomorrow."

He wanted to go back to the Flying Dragon Villa, but he decided to stay in the hotel for a day because he was worried about Zhong Tianren's anger and the follow-up of Zion and Mi'er.

Song Caroline took Darren's arm and nodded repeatedly.

"Well, I'll listen to you. As long as you're here, I can have a good sleep."

Darren smiled and was about to speak when his phone vibrated and a text message flooded in. When he opened it, he found out that it was Tang Siqi who asked him where he was.

Darren casually arranged Restaurant Ruyi for her and told her that he had something to deal with.

Tang Siqi replied with an "oh" and said nothing more.

Darren didn't care. He looked out of the window at the sky. It was gloomy and didn't rain, but there was a cold wind.

The car slowed down invisibly.

30 minutes later, the car stopped at Prosperity Hotel. Song Caroline got out of the car first, looked around and narrowed her eyes slightly.

"Uncle Zhong, you are eighty-two, Mi'er, eighty-

four, and the door cards are six-Eight."

Darren told Zion and the others the room that Shen Dongxing had booked. Then he looked at Song Caroline.

"You live in eighty- three. Don't worry about safety. There will be disciples of the Martial Alliance to protect you."

Hearing this, Zion and the others were slightly surprised. They didn't expect that Darren could send disciples of the Warrior Alliance.

"Oh, my God—"

When Darren handed the room card to Song Caroline, Song Caroline suddenly tilted her feet and missed a step. She lost her balance and knelt on one knee.

His knees turned red in an instant.

Darren hurried forward to hold her and asked, "Are you okay?"

"I'm fine. It's just that my knees hurt too much."

Song Caroline looked at Darren pitifully and said, "It's okay. I can move up."

Darren helped her slowly into the hall. "Do you still want to move when you fall like this? Moving at night? I'll help you in."

Song Caroline focused all her attention on Darren, so that Darren could carry her forward while holding her in his arms.

She was addicted to this kind of familiar touch that made people feel weak all over.

"Slow down..."

Darren didn't care. He carefully held her in his arms and entered the hall. However, when he was halfway through, his movements suddenly stopped.

His eyes fell on a tall woman in the rest area.

The woman happened to look at him.

His eyes were sharp.

Darren's heart suddenly seized.

Tang Samantha!

Chapter 377

Seeing the familiar cold woman appear, Darren felt dizzy.

"Tang Samantha, when did she come?"

"Could it be that Tang Qi asked me where I was just for Tang Samantha?"

But she was in Longdu, wasn't she? Why did she appear in the South Mountains again?

Seeing Tang Samantha appear in front of him, Darren had a lot of doubts in his heart, but more of them, his eyelids were twitching.

He didn't come back from the Civil Affairs Bureau to the South Mountains. One of the reasons was that he rescued Song Caroline and guaranteed Tang Samantha's innocence at that time.

But now they were hugging each other, which made Darren inexplicably feel weak in his heart.

"Samantha!"

Darren could not help but loosen his grip on Song Caroline.

Song Caroline's body went limp, and she lost her balance and fell to the ground.

Darren trembled and quickly hugged her again.

He looked very embarrassed.

Song Caroline also raised her pretty face and

shouted at Tang Samantha with her face full of spring breeze.

"Ah, Boss Tang, I haven't seen you for a long time. Nice to meet you."

Tang Samantha did not respond at all and did not even have any expression on her face. She walked toward Darren step by step, her eyes still sharp.

There was also an indescribable coldness and a feeling of keeping people away for thousands of miles.

Darren said softly, "Samantha, why are you here?"

At this moment, no matter how bold he was, he could tell that Tang Samantha was waiting for him, although he didn't know why she was looking for him.

"Come on, come on, come on..."

Tang Samantha did not say a word. There was no response or anger. She just stared at Darren coldly and walked past him and Song Hong's face.

She turned a blind eye to Darren and him as if she had never seen him before. It seemed that she had never known him.

"Samantha—"

Darren shouted and reached out to grab the woman who passed by him.

Tang Samantha moved her arm to avoid Darren's fingers and continued to leave with no expression.

Seeing her gradually being swallowed by the dark night, Darren couldn't help but worry. He felt that some things were being alienated and were widening the distance between them.

"You still like her."

Before Darren could do anything, Song Caroline suddenly came close to Darren's ear and said, "Go and get her back, or you will regret it."

Darren looked down at the woman.

"It's okay. I can take care of myself, and I can understand your feelings."

Song Caroline smiled. "For me, if you're happy, then I'm happy. If you're not happy, what's the point of having you?"

"I don't like Tang Samantha, but I don't want you to suffer, so I can make you feel more comfortable, and I can feel sorry for myself."

"Go ahead, or you won't be able to find her if she runs too far away."

Of course, Song Caroline was jealous, but she knew that if she did not let Darren chase after her, Darren would be more worried about Tang Samantha.

"Thank you, Caroline."

Looking at the woman who was as

understanding as ever, Darren felt a little guilty in his heart. Then he put her on the sofa and said,

"Uncle Zhong, Mi'er, send Caroline upstairs."

He also ordered the hotel to protect Song Caroline carefully, and then rushed out of the hotel at the fastest speed.

Looking at Darren's back, Song Caroline reached out and pressed her injured knee, feeling inexplicably weak.

The man was her. Since Darren came to Nan Ling to save her, she almost had this illusion.

But it was like waking up from a dream. With the appearance of Tang Samantha, she felt that Darren was like the sand in her fingers, which she could not catch...

Darren stood on the stairs and looked around, but he did not see Tang Samantha. He ran to the security office of the parking lot to ask about it and also set up the monitoring.

In the end, Darren found that Tang Samantha walked alone to the seminary along the river.

Darren immediately passed through the street and came to the riverside. Soon, he locked in on Tang Samantha's lonely figure.

The woman was no longer as fierce as she used to be in the hotel, and her speed of walking had also slowed down a little, but she looked more lonely and weak.

"Samantha!"

Darren rushed over and grabbed the woman.

"Let me explain!"

"Get lost!"

Tang Samantha pushed Darren's hand away and shouted, "Don't touch me."

Darren grabbed the woman again and said, "Song Caroline just escaped, and I took her to Ru Yi Hotel. I and she..."

"Get out."

Tang Samantha tried her best to break free, but Darren grabbed her firmly. "I don't want you to explain, I don't want to listen to you."

"Your business has nothing to do with me. It has nothing to do with me."

She pushed Darren hard and said angrily, "Let me go!"

"I won't let you go. If I let you go, you'll run away."

Darren still firmly grabbed Tang Samantha's arm.

"I have nothing to do with you. If you don't have me in your heart, you won't come to me."

No matter what Tang Samantha came to him for, Tang Xia's arrogance showed up regardless of her face, which showed that she still had affection for her.

"I'm here to look for you, but that's because I'm

too impulsive. I regret it now. I'm embarrassed now, okay?"

Tang Samantha vented her anger on Darren. "Let go of me and get a room with Song Caroline."

When Tang Siqi called the next morning, Tang Samantha rushed to Nan Ling in a hurry, secretly watching Darren's every move.

Today, she was even more dignified. She asked Tang Qiqi to ask for Darren's address and came to see Darren in person.

Tang Samantha tried to take the initiative to repair the relationship.

But she didn't expect that her expectation and hope were trampled on mercilessly by Darren just like the last marriage.

She wanted to give Darren a surprise, but Darren gave her a fright.

What she had been waiting for at the hotel was not the sweetness, but the hug of Darren and Song Caroline.

At this moment, Tang Samantha felt as humble as dust.

Darren did not let go. "Can't you listen to my explanation?"

"Bang—"

Tang Samantha instinctively made a knee bump.

Darren felt a pain in his abdomen. This woman was really ruthless. If he kept her stomach in time, it was estimated that his fate would be bad.

Seeing the pain on Darren's face, Tang Samantha's pretty face was stunned, and then she put on a serious face and shouted, "Let me go."

Darren decided to entangle with her to the end. "I won't let you go!"

"Ah—"

Tang Samantha tugged at Darren. Seeing that he didn't let go of her, she bit Darren's arm.

Darren snorted and couldn't help but loosen his grip. "Are you a dog?"

Tang Samantha regretted it the moment she bit it out, but she didn't turn back. She hit Darren several times with her bag, then turned around and walked forward.

"Samantha—"

Darren rubbed his arms as he chased after them.

"I really didn't get a room with Song Caroline tonight. The reason why I helped her up was that she was injured by a fall..."

"You said I'm a dog, but you're a mangy dog. You've been pestering me all the time."

Tang Samantha roared, "Go away, I don't want to explain, I don't listen to the explanation."

"Don't torture me anymore. Go back to find your gentle woman."

"You can do whatever you like. You can sleep with whichever woman you like. It has nothing to do with me."

Although the woman kept shouting at Darren, she glanced at Darren's arm from time to time, and she bit out a circle of red marks.

He bit her so hard that her skin was almost broken.

"No, I have a clear conscience. I can't let the misunderstanding get deeper."

Darren reacted very quickly. He turned around, stepped forward to stop her, and held her slim waist.

Regardless of whether he was scratching or blocking, he completely ignored them.

"Well, don't you want me to listen to your explanation?"

Seeing Darren's iron-wind entanglements, Tang Samantha pointed to the river outside the railings and laughed angrily.

"Okay, jump down and I'll listen to your explanation."

"Bang—"

Without saying anything, Darren directly turned around and jumped down.

He was so quick and straightforward!

There was a splash and water splashed everywhere.

"Bastard—"

Tang Samantha was stunned at first, and then she jumped down like crazy...

Chapter 378

Darren jumped over the river!

As this thought flashed through her mind, Tang Samantha jumped out of the river by instinct.

Such a deep river, such a dark night, if he jumped down alone, 99 percent of it would be an accident.

Thinking that Darren was drowned, Tang Samantha's anger and entanglement dissipated. She just wanted to jump down and save Darren.

At this moment, she forgot her own safety.

"Plop—"

With a loud noise, Tang Samantha also fell into the river. After entering the water, her body quickly sank, splashing a splash of water.

Tang Samantha underestimated the chill of the river water, and her whole body froze instinctively after being immersed in it.

At this moment, it seemed that her limbs no longer belonged to her and were completely out of control. The surging water quickly drowned her head.

His body sank five or six meters, and his speed slowed down before slowly rising. The river water was cold, and there were several dark currents hitting his body.

The power was like a big hammer crashing into

each other, and the qi and blood couldn't stop rolling.

Tang Samantha's chest was sweet and she almost spat out a mouthful of blood. However, she didn't care about her situation. She came out of the water and shouted around.

"Darren, Darren!"

"Get the fu*k out! Get the fu*k out!"

Looking at the calm surface of the water and the noise coming from the shore, Tang Samantha shouted regardless of it.

"Darren, where are you?"

She was indeed angry that Darren held Song Caroline in his arms and appeared in the hotel. However, when she saw that Darren did not fight back or say anything, she did not hesitate to prove that he had jumped off the river.

She believed that Darren was innocent.

So at this moment, Tang Samantha was more anxious than angry. Her pretty face was full of concern. "Darren, come out, come out."

"I believe in you. I believe that you have nothing to do with Song Caroline. I won't beat you. I won't scold you anymore."

"Come out, now!"

While Tang Samantha was swimming in panic, she searched Darren's figure, hoping that she could see his shadow.

Tears streamed down her face unconsciously.

Seeing that there was no response on the river, and even her body was a little far away from the shore, Tang Samantha became more anxious.

She didn't remember whether Darren could swim or not, so she was more worried about his life and death.

"Darren, get out of here."

After circling around, Tang Samantha burst into tears. "I'll listen to your explanation, I'll listen to your explanation..."

"Crash—"

As soon as he finished speaking, three meters away, Darren floated out of the water with a smile on his face. "This is what you said. Let me explain."

"You... you're fine..."

Tang Samantha was stunned at first, then she was happy, and then she said angrily with a cold face, "Are you kidding me? Darren, you are too shameless."

Seeing Darren's calm look, Tang Samantha immediately realized that Darren had been in control of the whole situation, waiting for her to compromise and give her a chance.

Thinking of her eager care and tearful tears just now, Tang Samantha felt ashamed and instinctively became angry with Darren.

"I was wrong."

Darren leaned over and said with a smile, "As long as you listen to my explanation, I will accept your punishment as long as you accept my punishment."

Tang Samantha kicked and punched Darren. "Get out."

She was scared to death just now, so she had to win the prize back.

The buoyancy in the water was too big, and the woman's release was like a tickle. It had no meaning for Darren.

When Tang Samantha slowed down, Darren hugged her waist and said, "It's cold in the river. Let's go up quickly, or we will get sick."

Tang Samantha's tone was still relentless. "It's all thanks to you, Korean drama, who jumped down so often. You hurt yourself."

Being hugged by Darren, Tang Samantha's body softened unconsciously. She thought that she would be angry and push Darren away, but she did not resist in the end.

Darren smiled and said, "Then why did you follow me to jump down?"

"I just want to see if you're dead or not."

Tang Samantha's pretty face was cold. "Do you think I'm coming to save you? I'm coming down to collect the body."

Although the woman's words were ruthless, Darren knew that she had him in her heart.

When she jumped down just now, Darren just wanted to stimulate and touch Tang Samantha. But he never thought that she would jump down regardless of her own safety.

The surface of the river was dark and the undercurrents were fierce. Anyone who could swim would be in great danger.

Therefore, this jump made Darren moved by the woman.

"Clap, clap—"

At this time, more than a dozen bodyguards of the Tang Family appeared on the shore. First, they threw down several lifebuoys to make Darren and Tang Samantha more relaxed.

Then a few specially-made ladder hung down and floated on the surface of the water to wait for Darren and Yang Shiwen to come up.

"Go upstairs."

Seeing the floating soft ladder ahead, Darren let go of Tang Samantha's waist.

"Be careful."

"Hmm," Tang Samantha said coldly, and then squeezed out a sentence, "You should come up quickly. I will teach you a good lesson later."

After that, she grabbed the ladder and was ready

to go up.

"Bang!"

Suddenly, she felt that her back seemed to be hit by something. She thought that Darren was teasing her, so she turned her head unhappily and wanted to shout at him.

As soon as she turned her head, she immediately found that there was a person lying behind her.

His head was round, his hands and feet were long, his whole body was pale, his eyes were red, and his mouth was slightly open. He looked like a fish to be slaughtered.

He was shaking with the river water, so it was hard to tell whether he was dead or alive.

"Ah—"

Tang Samantha screamed and jumped away. She panicked and jumped into Darren's arms.

"A dead man, a dead man..."

Darren held the woman in his arms and took out his Yuchang Sword at the same time. He looked at the front with sharp eyes.

The momentum was instantly fierce.

At the same time, six flashlights on the shore were lit up, and guns were revealed under the flashlights.

All the guns were aimed at the guy coming out

of the water.

After Darren stabilized Tang Samantha's panic, he let her climb up from another soft ladder, and he held the Yuchang Sword and looked at the front.

He wanted to see who he was.

Tang Samantha, who had retreated to the shore, shouted subconsciously, "Darren, be careful."

Darren nodded gently, and then he got half a meter closer. He even let a flashlight drop on it.

Darren looked at Bai Senxue's face and said, "Jiang Hengfei!"

He never thought that this half-dead guy was Jiang Hengfei.

However, the noisy King of Jiang was now a defenseless fish lying on the water, gasping for breath.

Her face was paler than before, and there were still tears and indignation in her eyes.

His life was hanging by a thread.

Darren hurriedly asked the Tang bodyguards to pull Jiang Hengfei up.

Then, Darren bent down to give him an examination. As soon as he felt the pulse, his face changed dramatically in an instant.

He was poisoned. It was the same as Zhong Tianren's.

Tang Samantha stepped forward and said, "Darren, who is he? Do you know him?"

"Don't come over. He has been poisoned by the vermin."

Darren stopped Tang Samantha from going forward, and then pinched out the silver to stab Jiang Heng several times, temporarily stabilizing his heart and veins from being destroyed.

Tang Samantha stepped back a few meters and told Darren to be careful.

The bodyguards of Tang also dispersed to disperse the crowd, and then stood around to be on guard.

"Save my daughter, save my daughter..."

Darren's silver needle fell, and Jiang Hengfei soon woke up. It should be said that he had not been in a coma, and held a breath of grief and indignation.

Darren was stunned. "Save your daughter. What's wrong with your daughter?"

"Hah hah hah, it turns out that you've escaped here."

As soon as Darren's voice fell, a strange laugh came from a corner not far away. It was gloomy, harsh, and scary.

A cold wind blew over, and the temperature of the route along the river seemed to drop instantly.

Tang Samantha couldn't help but shiver. "Who is

playing tricks?"

"Jie Jie, who are you? The one who wants to kill you."

The weird laughter became sharp. "Mind your own business, and you'll die as well."

Jiang Hengfei struggled to kneel down and roared, "Give my daughter back..."

"Swoosh—"

A cloud of fog emerged from the corner and drifted over with the wind.

Darren's face changed dramatically and he shouted, "All of you come back to me."

Tang Samantha immediately retreated to Darren with several bodyguards.

Seven or eight Tang bodyguards, who were leaning against each other, were a little bit late. They were shrouded in white mist as soon as they walked for a few meters.

They fell to the ground one by one with their faces turning green and their mouths foaming. They were constantly twitching on the ground...

He was capable of killing without leaving a trace!

Chapter 379

Too overbearing!

Seeing the eight fallen bodyguards of the Tang Family and the rapidly darkening white smoke, Darren frowned.

He didn't even see clearly what the enemy looked like, and eight of his own side had fallen down. This was too killing.

"Put your hand over your mouth and nose. Retreat, retreat quickly."

Darren shouted at Tang Samantha and others, "Try not to breathe in the white smoke."

The white smoke was fierce, and he didn't have the Seven-Star Life-raising Pill, so Tang Samantha and the others couldn't fight against him at all.

Darren could only let them retreat as far as possible.

Tang Samantha shouted subconsciously, "Darren, let's go together!"

"You guys go first. I'll be right there."

Darren helped Jiang Hengfei up and said, "Let's go!"

"Kill, I'm going to kill her!"

Jiang Hengfei's face was full of grief and indignation. "It's her who took my daughter away,

killed my wife, son, and my men. I'm going to kill him."

"What the hell are you trying to do?"

Darren pulled him back desperately. "You can kill him, but it won't be like this now. It's not too late for a gentleman to take revenge for ten years."

"If you rush up and fight with your life now, it's like sending your head to the other party."

"She spared no effort to kill you just in order to get rid of you. If you don't survive first, you will die on your own. What's the difference between you and stupid pigs?"

Darren scolded and pulled him away at the same time.

Jiang Hengfei's face was full of sorrow, but he also knew that Darren's words made sense. If he died, he would not even have a chance to take revenge.

At the moment, he gritted his teeth and retreated with Darren.

However, when Darren, Tang Samantha, and the others had just pulled out more than ten meters, the white smoke suddenly rolled up and turned from thick to thin, but suddenly increased the speed by ten times.

The white smoke chased up like a sharp arrow and passed through the heads and the middle of Darren and Tang Samantha, with a sweet smell.

"Plop—"

The two bodyguards just took a breath and accidentally inhaled the white smoke, and then their bodies shook and fell to the ground.

His face was also green, his mouth was foaming, and his body was constantly trembling.

"Shoot!"

Tang Samantha's pretty face changed and she felt dizzy. She knew that she could not escape from the white smoke, so she ordered to shoot decisively.

The remaining four bodyguards took out their guns and shot at the hazy white smoke.

The bullets poured down, but no one wanted to scream. They either hit the tree trunk, or hit the slates, or missed the target.

After nearly 50 bullets were fired, the enemy was unscathed, and even the shadow was not seen clearly.

"Hah hah hah, you want to shoot me?"

The weird laughter came again. "Ignorant mortals, you will be tortured to death by me."

Darren squinted his eyes and glanced around. He could only see white smoke and could not see any shadow of the other party. The voice came from the back of the tree from both sides.

It was obvious that the demon was hiding behind the tree trunk with the help of smoke.

"Get out if you have the ability."

Tang Samantha felt a little confused and said, "Don't play tricks on me."

The weird laughter was full of playfulness. "When you all fall down, I will definitely come out... teach you a lesson."

"Plop, plop!"

While Darren was thinking of a solution, the Tang bodyguards fell down one by one. They had no ability to resist.

Jiang Hengfei also shook his body and wanted to say something, but he couldn't say it out. Then he fell to the ground.

At this time, a gust of wind blew over, and white smoke rolled up. The formation was in a mess, and the visibility was increased by thirty percent.

Darren and Tang Samantha instantly captured the shadow of a black-robed old woman. She was reflected on the ground from behind a parasol tree.

"Bang bang bang—"

Tang Samantha's eyes suddenly turned cold. She took out a pistol and shot a series of bullets at the parasol tree.

The bullets whizzed past. The old woman in the black robe didn't take it seriously at first, because it was very difficult for the bullets to pass through this kind of parasol tree.

But after five shots in a row, her face became a little dignified.

"Bang—"

After the sixth strike, the black-robed old woman's face completely changed, and her body suddenly darted to the side.

Although she dodged fast enough, a bullet still grazed her cheek, leaving a one-inch-long blood stain.

"Ah—"

The black-robed old woman screamed, and then she roared,

"Damned mortal, how dare you hurt me, Hei You. I want you to eat my heart with all the poison."

Darren was about to rush up when he saw the old woman in the black robe raise her hands and a large cloud of black smoke burst out.

The black smoke went straight to Tang Samantha.

Darren's face changed. He rushed over and hugged Tang Samantha. He fell to the ground and rolled for a few meters.

The black smoke hit the trash can behind Tang Samantha, and it directly blew out a piece of scorched yellow.

The burnt yellow spread out, and it was thickly dotted with mutant ants.

Then, thousands of small holes were bitten out of the trash cans.

Darren snorted inwardly. This was too overbearing. No wonder Song Wansan, the richest man in the south of the Yangtze River, was so afraid of Miao Fenghuang.

These methods were indeed hard to defend against.

Darren was about to leave when he saw Tang Samantha's head tilted. She couldn't hold it anymore and passed out.

Darren held her and moved a few meters, but his movements quickly stopped. He also lay on the ground, foaming at his mouth...

"A mortal, if you go against me, you'll have no choice but to die!"

Five minutes later, the white smoke dissipated, and the black-robed old woman walked out from the back of the parasol tree, slowly walking out with a snake-head cane.

She was in her fifties, but her face was ugly and ferocious, and there were many wrinkles on her face. She looked like a python.

The old woman in the black robe was checking the results while moving forward, very satisfied with Darren and others' faces.

"All of them fell down. Very good. I'll clean them up one by one."

Her voice was drifting, with viciousness and endless killing intent.

"Especially that annoying woman."

"I must destroy your appearance, cut off your limbs, and let the vermin tear your five viscera and six bowels."

The old woman in the black robe touched the scars on her face and was full of hatred for Tang Samantha.

This time, they followed their master out for revenge. No one could defeat them wherever they went. Many people fell down before they could even see their shadows.

As a result, she suffered a loss in Tang Samantha's hands today.

The black-robed old woman felt very wronged.

She kicked away Jiang Hengfei, who was blocking the way, and slowly walked to Tang Samantha. She held the crutch and spat out a sharp knife from the head of the snake.

She bent slightly, showed a sneer, and her face was full of joy to cut Tang Samantha's face.

"Enjoy it..."

"Crack—"

At this moment, Darren, who had white foam on his mouth, turned over and suddenly clamped the old woman's calf with his legs.

At the same time, he made a hard turn.

With a crisp sound, the old woman in the black robe's calf was broken. She screamed and fell to the ground, and her crutch was also thrown to the side.

"You're not poisoned?"

The black-robed old woman roared, "How dare you plot against me?"

She raised both hands in an attempt to cast the vermin.

"Swoosh—"

Darren jumped up and chopped down with his sword.

"Crack—"

With another crisp sound, the black-robed old woman's hands were cut off by Darren.

Blood gushed out like a stream.

"Ah—"

"Bastard! Bastard! I'll kill you! I'll kill you!"

When the old woman in the black robe screamed again, Darren's leg swept through thousands of troops and hit the old woman in the black robe in the head.

His opponent's head shook and he instantly fell to the ground in a coma.

Only then did Darren stop attacking. His face and back were covered with sweat.

When dealing with people like the black-robed old woman, they could only use small means and a thunderbolt strike, but they could not rely on their own abilities.

Even though the old woman in the black robe fainted, Darren was still worried. He once again broke the other leg of the other party and his mouth was full of teeth.

He was poisonous all over his body, so it was easy for him to fall into the trap if he was not careful.

He called Huang San to deal with it, and also gave Jiang Hengfei and the others acupuncture a few times to temporarily protect his heart pulse and not lose his life.

Then Darren held Tang Samantha in his arms and ran to Prosperity Hotel. When he passed by the black-robed old woman's damaged parasol tree, Darren glanced at it.

He found that there was only one bullet hole on it...

Six spears with one hole!

Chapter 380

After entering Prosperity Hotel, Darren asked someone to send some medicinal materials while treating Tang Samantha.

He also took time to send a message to Shen Dongxing, asking him to find a few women who would take care of people and were reliable.

After rescuing Tang Samantha, Darren also needed to treat Jiang Hengfei and the others.

After acupuncture, Tang Samantha was sweating all over. The toxin had been resolved, but she hadn't woken up yet, and her face was a little pale.

Darren also poured the Chinese medicine into Tang Samantha.

Soon, Tang Samantha's cheeks became ruddy and her breathing became smooth.

After Tang Samantha was fine, Darren's nervous heart calmed down and he couldn't help glancing at the woman.

Of course, he just looked at her for a few more times, so Darren would not take the opportunity to take advantage of her.

"Ding—"

As soon as Darren covered Tang Samantha with

an air conditioner quilt, the doorbell was gently pressed.

Darren walked over and opened it. He found that Shen Dongxing was coming.

There were four cute and sexy girls standing beside him. Each of them was delicate and lovely, and they were as fragrant as apples.

They looked at Darren with a flicker of shyness and a hint of heat in their eyes.

Darren was slightly stunned. "Young Master Shen, what are you doing?"

"Brother Darren, you said that you were going to find a woman who could take care of people. Here, I transferred four golden flowers."

Shen Dongxing said with a flattering face, "She's a girl from a neighboring family, a mature young woman, a boss who knows how to subdue a stewardess, and a proud heroine."

"They're not only beautiful, but also good at taking care of people. I'm sure Brother Darren is satisfied with them."

He was very proud. "Brother Darren, don't worry. They are all clean."

"Damn it!"

Darren angrily knocked on Shen Dongxing's head. "I want you to ask a few women who know how to take care of people to give me..."

"Yes, they are."

Shen Dongxing thought that Darren was not satisfied, so he quickly explained with his hands covering his head,

"Brother Darren, they are really good at taking care of people. If you don't believe it, you can have a try."

"If you're not satisfied, break one of my legs tomorrow."

Shen Dongxing was full of confidence in the four golden flowers.

"I dare to say that in the entire South Mountains, no one is better than them, and they are better at taking care of people."

"Damn it..."

Darren was almost killed by Shen Dong Xing.

"A friend of mine is in a coma. It's estimated that she won't wake up until dawn. I hope someone will take care of her tonight..."

Hearing this, Shen Dongxing's eyes lit up. He gave a thumbs-up and praised,

"Brother Darren is so powerful that he directly made me unconscious. He deserves to be the president."

"Fortunately, I brought four at a time, otherwise, I don't think I can resist Brother Darren for a few hours."

"In this way, Brother Darren, you eat first, and I will find a few women who will take care of people."

"Tonight, I'll make sure you're old and exhausted..."

He showed an expression that all men understood. At the same time, his eyes were full of admiration. "Tsk, tsk. Brother Darren is really excellent in all aspects."

The four girls couldn't stop twitching their eyelids. They looked at Darren with fear, curiosity, and heat. They didn't know if they would faint.

"Get lost!"

Darren didn't want to talk to Shen Dongxing, so he directly asked him to send away the four golden flowers, and then called Huang Tianjiao over to take care of Tang Samantha.

He packed up the needles and Chinese medicine and went straight to the ninth floor.

Soon, he saw Jiang Hengfei and the bodyguards of the Tang Family in a conference room. All of them had a dark face, weak breathing, and some people's skin was broken.

This toxin was too potent.

Huang San came over with his men and asked, "Brother Darren, what's wrong with them? Have they been poisoned?"

"Poisoned. It's still Gu Poison."

Darren threw the medicinal materials to Huang San.

"Book the medicinal herbs, and boil more. You also drink one bowl. I'm afraid that you will be infected when you carry them."

Huang San nodded repeatedly. "Understood."

He took the medicinal materials quickly to boil them.

Darren did not stop. He pierced all the people and asked them to come back from the jaws of death.

Then he added a piece of white light to Jiang Hengfei, who was the most seriously injured.

He had been poisoned twice and soaked in the water for a while. If he had not been supported by a little resentment, he would have been killed by him.

"Miao, Miao!"

After Jiang Hengfei woke up, he was at a loss. Then he came to his senses and struggled to sit up, shouting, "Miao, don't be afraid. I'll come to save you."

"Don't move. You haven't recovered yet."

Darren held him down and said, "The toxins and lung water in your body have been removed by me, but you still need to have a good rest for a night."

"I want to save Miao Miao..."

At first, Jiang Hengfei did not care about

shouting to save his daughter. When he heard that his poison had been dissolved, he was stunned instantly.

Then, he tried to change his strength and found that except for the trauma, his internal injuries and toxins were all cured.

His originally weak body also regained strength.

"Plop!"

Jiang Hengfei, who used to be very noisy, suddenly knelt on the ground and kowtowed to Darren.

"Magic Doctor Ye, please help me to save my daughter."

"As long as my daughter can come back, Jiang Hengfei is willing to repay her."

There was no more obstinacy on his face, only endless worry for his daughter and expectation for Darren.

Although he was King Jiang, and the whole Nan Ling River was shocked by his cough, he was unable to deal with the black-robed old woman.

Darren helped Jiang Hengfei up and said, "Don't kneel. Get up first and tell me what's going on."

"Here's the thing..."

Jiang Hengfei said to Darren,

"My daughter was born on her fifth birthday last night. Our family, together with a dozen of my men,

celebrated her at the Riverside Tower."

"In the middle of the meal, the black-robed old woman suddenly popped up and said that my daughter was good looking and very intelligent."

"She wants to be a disciple, as well as a seedling to be her young master's daughter-in-law. In the future, she will be their successor and let us hand over the seedlings to her."

"When we see such a crazy woman who dares to rob a woman's daughter, of course, we will kick her without saying anything."

"But she got angry..."

"She killed more than a dozen of us in one breath. We have knives and guns, as well as masters at the peak of the Yellow Realm, but we can't play a role at all."

"My ten-year-old son rushed to my sister and wanted to grab her back, but he was also hit in the head by her with the snake-head cane."

"My eyes turned red and I wanted to fight to the death, but my wife stopped me and pushed me into the river from the window, letting me survive and revenge..."

"A moment before I dived, I saw the black-robed old woman kill my wife and then take my daughter Miao Miao away."

"I swam to the shore and was poisoned, so I didn't have the strength to go ashore. Fortunately, I

met you."

"The only thing I didn't expect was that the black-robed old woman tried her best to kill all of them..."

"Doctor Ye, can you help me, help me take revenge, and help me get my daughter back..."

Jiang Hengfei knelt down again. He had knives, guns, and money, but he didn't know how to deal with the black-robed old woman.

There was no difference for a black-robed old woman to kill one, a hundred, and a thousand people.

"I see..."

Darren narrowed his eyes slightly. Although there was some conflict between him and Jiang Hengfei, he was a little angry when he heard that the old woman in a black robe was so rude.

Especially when he thought of that she wanted to destroy Tang Samantha, Darren's eyes flashed with a glimmer of light.

"This medicine soup can detoxify and extend one's life. Drink it."

Darren asked Huang San to bring him a bowl of Chinese medicine.

"Then you went to the next room. The black-robed old woman was taken down by me, but I didn't see your daughter..."

He gently waved his hand and said, "Go ahead."

Whether you can ask me or not depends on your ability."

"Ah—"

Jiang Hengfei was shocked. He didn't expect that Darren had taken down the black-robed old woman.

Not only did he have superb kung fu skills, but he also had to be immune to all poisons.

Then, he picked up the Chinese medicine and drank it up. After that, he stood up and walked to the next room to interrogate the old woman in the black robe...

In any case, Jiang Hengfei must find out the whereabouts of his daughter, who was his last blood relative.

Two hours later, Jiang Hengfei came back with blood all over his body.

"He's in the Song family..."
