

A smile appeared on Yan Chuang's face as he looked at Lin Wenjing and said, "It seems like the men you have brought here are all weaklings. They can't even defeat the weakest member of Bei Tian Society. With strength like yours, how are you going to step into the security industry? Do you even have the capability to protect your clients? Are you planning to use love to influence your enemy? Ha ha."

His words made every member of Bei Tian Society burst into laughter.

Wang Yunqian's face turned red with anger and he clenched his fists tight. He was a good-tempered person for he had experienced many situations at his age. Usually, he would be mentally prepared for any situation and wouldn't get angry easily. However, he couldn't help but be enraged by Yan Chuang's ridicules. If he had the strength, he would definitely beat Yan Chuang to a pulp!

But he didn't dare to do so. With his current skills, or lack thereof, he would be easily defeated by him.

Which was why he didn't understand Lin Wenjing. Why didn't he just focus on his

Chapter 307 The Powerful Lin Wenjing

entertainment company and advertising company? Why did he want to start up a security company? This was not an industry cultured people like them could do!

As for Xu Hua and the others, they were even more indignant. They glared at Yan Chuang so intensely it looked like fireballs were about to shoot out from their eyes.

However, no matter how angry they were, they didn't dare to challenge anyone anymore because they knew that they would only be beaten up.

In the end, it was Instructor Chen who sent out someone from his bodyguard team on behalf of his friendship with Wang Yunqian in hopes to help Lin Wenjing gain back some respect. Sadly, with one punch, the man was immediately knocked out by Big Bear.

Wang Yunqian gritted his teeth and heaved a long sigh before saying to Lin Wenjing, "Chairman, I've told you before that the security industry is too dangerous and unpredictable. We will never be approved by Bei Tian Society. I think it's time for us to leave."

Lin Wenjing didn't say anything. He frowned

slightly and looked like he was deep in thought. When Wang Yunqian saw his reaction, he couldn't help but feel slightly resentful! He felt that Lin Wenjing was too arrogant and had never taken his advice seriously.

Yan Chuang smiled as he said, "Wang Yunqian, the security industry is not as simple as you think. It's not an industry you can easily join just because you have money. I think it's better for you all to leave and abandon the thought of starting a security company. Fortunately for you, I am the one in charge of this branch today. If it was Gu Hanxing, he would've beaten all of you up and thrown you out immediately."

When Lin Wenjing heard Gu Hanxing's name being mentioned, his eyes flickered and he said, "What is your relationship with Gu Hanxing?"

Yan Chuang gave him a sidelong glance and said, "It has nothing to do with you. Now that your men have lost, get out of here and stop thinking about starting a security company. Do you understand?!"

Now, everybody including Xu Hua and the others were looking at Lin Wenjing like he

was a clown.

It's true that Lin Wenjing is the Chairman of Purple Jade Studios and is super wealthy with a net worth of a few billion, but so what? You still have to pay respects to Bei Tian Society and get mocked by them. What's more, you have been humiliated in front of so many people!

Xu Hua was the one who hated Lin Wenjing the most. He thought that Lin Wenjing was his rival in love so he wasn't a good person. Besides that, Lin Wenjing was also the reason he got beaten up by Big Bear just now, so the more Lin Wenjing was humiliated, the happier he felt.

However, just then, Lin Wenjing suddenly smiled and said, "Who said my men have all lost?"

Yan Chuang replied, "It seems like you refuse to give up until all hope is gone. Fine then. I'll just force you to give up. Anyone who thinks that they can defeat Big Bear please come forward."

Nobody dared to step forward. Every single one of Lin Wenjing's men even took a step back to show that they didn't have the

fighting spirit anymore.

Looking at the scene before him, Yan Chuang revealed a taunting expression on his face as he said, "Your men have lost all their courage and are not willing to fight anymore. What else do you have to say?"

Lin Wenjing didn't rush to reply to him. Instead, he took a sip of his tea leisurely before placing the teacup on the table. He then walked forward slowly and said, "When I say my men, that includes me."

As everyone heard this, they were momentarily startled. Even Yan Chuang was surprised because he didn't expect that Lin Wenjing would do something like this.

Then, everyone in the hall erupted into laughter.

"Ha ha ha ha... Did I hear him correctly? Does he mean that he wants to challenge Big Bear?"

"With a small figure like this, Big Bear would be able to defeat him with one punch."

"Look at his soft and tender skin. He is so skinny he looks like a monkey. I'm afraid he

Chapter 307 The Powerful Lin Wenjing

might not even be able to clench his fists properly. I can't believe he wants to challenge Big Bear. Is he crazy?!"

"How can a person like him be a chairman of a listed company? I think the company will fail soon."

"He must think he's a master of martial arts after watching some martial arts movies online. Ha ha! I'm dying of laughter."

All the members of Bei Tian Society didn't try to hide their mockery and threw their heads back and laughed. Some laughed so hard even tears came out of their eyes.

From their perspective, Lin Wenjing was just an ordinary man. By looking at his skinny figure and soft skin, they could tell that Lin Wenjing was pampered and had never done any hard work before in his life. Any of them could defeat such a useless weakling like him with one punch.

It wasn't just them. Even the men and special forces soldiers that came with Lin Wenjing couldn't help but laugh; they thought that Lin Wenjing was joking around. His actions couldn't even be described as having no self-awareness. He was too proud

Chapter 307 The Powerful Lin Wenjing

of himself and simply had a death wish!

Xu Hua also laughed out loud as he was amused by how stupid Lin Wenjing was. He was sure that Lin Wenjing must've lost his mind.

Even he wasn't a match for Big Bear. If Lin Wenjing was going to challenge Big Bear, he was certain that he would be defeated just by a flick of a finger.

Xu Hua didn't understand why such an idiot existed in this world. He had decided that once he got back home, he would tell his cousin everything that happened today to make sure she fell out of love with this idiot Lin Wenjing.

Wang Yunqian was also in shock. He never thought that Lin Wenjing would do something like that! Was he trying to seek death?!

Wang Yunqian didn't have time to think. He quickly walked up to Lin Wenjing and grabbed his arm before saying anxiously, "Chairman, what are you doing? Are you crazy?! Big Bear is a professionally-trained bodyguard. With a skinny body like yours, you might die with just one punch! I know

Chapter 307 The Powerful Lin Wenjing

that you are very ambitious and not satisfied with the success you have now, but you have to calm down and reassess your abilities. Bei Tian Society is the king in the security industry. No matter what, we can't interfere with their business!"

Wang Yunqian was forced to warn Lin Wenjing. If anything happened to Lin Wenjing, Purple Jade Studios would definitely collapse. He would not stand by and allow that to happen.

Yan Chuang's eyes twitched. With a bang, he slammed down his cup so hard the tea spilled. He glared at Lin Wenjing angrily and shouted, "Mr. Lin, are you kidding me?!"

Lin Wenjing shook his head and said, "I never joke around."

Yan Chuang stood up and his tone was even more serious. He glared at Lin Wenjing so intensely Xu Hua and the others felt pressured and held their breaths.

"Say that again."

Wang Yunqian saw that the situation was getting out of hand so he quickly stepped forward to try to make peace. "Master Yan,

Chapter 307 The Powerful Lin Wenjing

this is all a misunderstanding. Our Chairman is too young and ignorant. You must not see eye to eye with him. I will take him and leave now.”

It was obvious that Wang Yunqian was so panicked that he said such words.

Yan Chuang stared at Wang Yunqian for a long time before he nodded and said, “Fine. Seeing that you are so desperate, I’ll let your chairman go. Take your chairman with you and scram!”

Wang Yunqian nodded like a chicken pecking rice and quickly grabbed Lin Wenjing to leave. However, no matter how hard he pulled, Lin Wenjing didn’t budge. He couldn’t hold back his anger anymore so he looked at Lin Wenjing furiously and said, “Why are you still standing there? Are you trying to implicate me?!”

Lin Wenjing looked at Wang Yunqian meaningfully and said, “General Manager Wang, seeing that you have done so much for Purple Jade Studios, I’ll let you go this time. However, starting from now, you are not allowed to speak. Leave everything to me. I will use my actions to tell you why I have the courage to start up a security

company.”

With that, he pushed Wang Yunqian away and stepped forward. He looked at Yan Chuang and said, “Yan Chuang, it’s possible that you’ve never heard of my name before, but no worries. Starting from today, I will make sure every member of Bei Tian Society will tremble in fear when they hear my name.”

Once he finished his sentence, his body suddenly emitted an aura so strong and dangerous it engulfed everyone.

How do you describe domineering and arrogant?

Currently, Lin Wenjing was a perfect example.

Now that things had turned out this way, he didn't need to continue his act.

Yan Chuang had felt Lin Wenjing's aura and he instantly trembled in fear. He was holding his teacup and was going to take a sip when his teacup suddenly burst into pieces because of Lin Wenjing's powerful aura.

As for the others, it was even worse, especially for the members of Bei Tian Society. In their minds, it was like a tornado had swept through their thoughts and a demon that was great and large had appeared and covered the sun. Their surroundings went dark and they couldn't see the light!

Xu Hua and the others were startled and they stared at Lin Wenjing in awe. They never thought that Lin Wenjing would have such a forceful aura.

However, Lin Wenjing's aura had only appeared for a second before it

disappeared. When everybody opened their eyes and saw Lin Wenjing again, he was back to his low-key, inconspicuous self.

This strong contrast made everyone think that what happened just now was a hallucination.

Yan Chuang was the first one to come to his senses and he stood up and glared at Lin Wenjing as he said, "I see. So you are a trained martial arts practitioner with some skills. No wonder you dared to come to Bei Tian Society to seek approval! I can't believe I mistook you for an ordinary man!"

Wang Yunqian was stunned. What was happening? Since when did the Chairman practice martial arts? Why didn't he know anything about it?

Lin Wenjing just smiled and said nothing. Now that he was sure that both Gu Hanxing and Gu Ze were not here, he didn't need to hide his abilities anymore. He had decided that he was going to create trouble and mess up this branch of the Bei Tian Society first.

Lin Wenjing had it all figured out. Gu Hanxing and him were already enemies anyway, and

it was impossible that they would reconcile. So, he might as well be more arrogant and make sure every single member of Bei Tian Society remembered his name!

According to Tao Sanniang, Bei Tian Society was a difficult association to deal with. She had warned him to be careful of Bei Tian Society and it was best to not go against them. However, Tao Sanniang did not know about Sumeru Heaven, which could only mean one thing—Sumeru Heaven was stronger than Bei Tian Society by many times. Otherwise, she would have known.

Sooner or later, he would have to declare war against Sumeru Heaven. If he couldn't even defeat Bei Tian Society, how could he even challenge Sumeru Heaven?

Back when he was still in the Pinnacle Realm state, he was forced to keep everything low-key. However, he had broken through and entered the Innate Realm with the help of grade S Soul Cleansing Pill. This meant that he was stronger than normal people who had entered the Innate Realm. Now that he had these abilities, he didn't need to stay low-key anymore. At the very least, he could completely cut the act for the situation he was in right now.

“Big Bear, attack him! There’s no need to give him any mercy. Break his legs!” Yan Chuang ordered in a harsh tone that was filled with murderous intent. Many people felt their hair stand on end when they heard him. They knew that this time, Yan Chuang was really angry.

Wang Yunqian trembled in fear because he never expected that things would turn out this way. If he had known that this would happen, he wouldn’t have followed Lin Wenjing here even if he was the world’s most courageous man.

He knew very well that once they offended Bei Tian Society, it would be very troublesome. If they were not careful, it was highly possible that they might even lose their lives!

At that moment, he blamed it all on Lin Wenjing. *I can’t believe that arrogant a*shole got me into this mess. F*ck!*

Big Bear’s eyes instantly turned red and bloodshot. Sounds of bones cracking could be heard as he clenched his fists and twisted his neck. It sounded particularly scary as it made people imagine that Lin Wenjing was going to be knocked out in one

punch!

However, as the person that was going to be hit, Lin Wenjing was still laughing at this moment. He shook his index finger at Big Bear as he said, "You can't defeat me. You're too weak to even withstand one punch. You'd better find somebody more powerful to come and fight me."

Insane!

Arrogant!

Domineering!

He has a death wish.

Almost everyone thought that Lin Wenjing was tired of living and had a death wish to have done something this stupid.

Wang Yunqian even closed his eyes because he couldn't bear to watch anymore. In his mind, even ten of Lin Wenjing couldn't defeat Big Bear.

"As*hole! You're dead!"

Utterly enraged, Big Bear roared as he strode toward Lin Wenjing and gave him a hard

punch on the head. Even a heavyweight professional would faint after receiving this punch, not to mention a skinny monkey like Lin Wenjing.

Everybody saw that Lin Wenjing didn't budge nor try to evade his punch. He looked like he was petrified.

As Big Bear's punch was about to hit him on the face, Lin Wenjing suddenly moved. He leaned backward and easily evaded Big Bear's punch. Then, with a loud bang, he gave Big Bear a punch right in his chest. The punch was so strong it seemed as if a car had crashed into Big Bear. It slammed him right off his feet and he flew across the room, landing right in front of Yan Chuang.

There was a clear and visible hole in his chest, and his ribs were broken.

Big Bear screamed in agony and couldn't get up no matter how hard he tried.

Everyone suddenly fell silent and stared at Lin Wenjing with their eyes wide open in stupefaction. They looked like they had just seen a monster.

Before this, no one had expected that Lin

Chapter 308 Come at me

Wenjing would win this fight, especially in such an overpowering way!

It was not that they had bad receptive abilities. It was just that what just happened was bizarre and incredible! In a sense, what he had done was beyond what science could explain.

Xu Hua's jaws dropped and he too looked like he had just seen a ghost. He thought that Big Bear would surely teach Lin Wenjing a lesson, but the opposite had just happened. He was sure that there was something wrong with his eyes. He must be hallucinating!

Many members of Bei Tian Society got to their feet at once. When they finally came back to their senses, they all looked at Lin Wenjing differently.

The whole hall was in complete silence for more than five seconds before Yan Chuang said, "Good! Awesome! It seems like you're not here to seek approval from Bei Tian Society after all, but to cause trouble!"

Then, his gaze was filled with murderous intent as he glared at Wang Yunqian and said angrily, "Wang Yunqian, I can't believe

you had the guts to bring a martial arts master to Bei Tian Society to create trouble!”

Wang Yunqian was about to cry as he hurriedly explained, “Master Yan, this is a misunderstanding. It’s all a misunderstanding...”

However, at this point, Yan Chuang didn’t believe him at all. Right now, all he wanted to do was defeat Lin Wenjing and help restore Bei Tian Society’s reputation.

“You have already managed to reach the Innate Realm state at such a young age. You are definitely not the Chairman of Purple Jade Studios! Tell me who you really are!” Yan Chuang cursed angrily.

Lin Wenjing brushed the dirt off his shoulders and said, “I am who I said I was. I’m not lying when I said that I was the Chairman of Purple Jade Studios, but you were right. The reason I came here today was not to seek approval. I’m here to make a scene. No matter what, I will start a security company regardless whether Bei Tian Society approves or not!”

“You arrogant b*stard!” Yan Chuang roared. “Do you think you are invincible just because

Chapter 308 Come at me

you have some skills? Don't be naive! You're just a frog in the well!"

Then, Yan Chuang ordered a few highly-skilled martial arts masters to deal with Lin Wenjing.

Annoyed, Lin Wenjing said, "To save you trouble, I think it's better if all of you attack me at the same time. I'll get rid of you all at one go."
