

Chapter 13

"Wow that's beautiful " I said amazed

It really was! How did Asher get to know this place, it was so beautiful. Why haven't I heard about here before ? Oh right I'm always studying in my dorm room, no time to explore I thought sullenly.

"It is, isn't it " he whispered back looking at me with an emotion I couldn't decipher

I blushed when he looked at me that way and got hot all of a sudden, wishing I could get in that water to cool off. Clearing my throat I looked away from him. Don't you dare have feelings for that a\$\$hole lily, he bullied you remember? My conscious reminded me.

"Let's have a swim." He said excitedly while taking off his shoes

He moved forward and forgot I was resting on him, which resulted in me losing my balance and falling face first in the dirt. Letting out a groan I pushed myself off the ground.

"You little shit a warning next time" I all but growled at him

He chuckled "Relax at-least you'll come in the water now."

"Are you trying to say I stink?" I asked while raising my eyebrow

" I didn't say that" he rushed out

"Because you're the one who needs the shower, I could smell your dirty a\$\$ a mile away" I snorted and raised my nose in a snobby manner

"You didn't seem to complain a while ago and if I recall you even snuggled closer to my dirty a\$\$." He retorted sarcasm dripping in his tone

"I was tired I didn't have a choice" I answered back lamely

"Why were you tired when I was the one doing all the walking and held your heavy a\$\$?" He joked

"You weren't complaining when you squeezed that heavy a\$\$ now did you?" I snarled

"What can I say, it was begging to be squeezed" he shrugged

I raised my eyebrow in question "What? did my a\$\$ magically tell you to squeeze it"

He groaned "Oh my god can we just stop I'm tired of bickering with you. "

"Fine but this isn't over " I muttered back while pointing a finger at him

Rolling his eyes he took off his shirt before getting ready to remove his pants. I turned around blushing and blocked my eyes with my hands. I really wanted to turn around and see his brawniness but forced myself to not look and give him some privacy.

"You know you can look now " he chuckled

Turning around I still kept my eyes blocked and peeked through my fingers to see him. He was already in the water floating and swimming. When did he get in the water? I uncovered my eyes when I felt that I might have looked ridiculous.

" Come in, it feels great!" He yelled out

" No way, what if there are snakes, piranhas or worse!" I screeched and looked at the water to see if I could spot any creature.

"I can assure you that there don't have those things." He rolled his eyes

"How the f*ck would you know if there isn't infested with those creatures mister know it all?" I asked

"I have been coming here for a few months and haven't seen any one of them." He sound like he was confident with what he was saying but I was still uncertain

"You sure?" I asked skeptical my eyes shifting from him to the water

"Trust me" he muttered. That's the thing I don't

"Wait I don't have a bathing suit!" I spoke up and passed my hand over my clothes like it would magically place a bathing suit instead of panties and bra.

"Don't you have undergarments?" He asked

"You want me to f*cking swim in my panties and bra!"

"God Lily you're over thinking this, what's the difference between your undergarments and bikini?" He asked frustration clearly in his voice. My eyes turned into slits at his tone.

"Touche" I mumbled softly. He snorted like he had just won the argument

"Well aren't you coming in?" He asked when I wasn't making an effort to come in.

I sighed "Turn around then!"

"It's not like I haven't seen panties and bra Lily? I have seen many girls with less than that." He snorted and rolled his eyes

"Don't remind me that I'm with a stud"

"Hey they do come willingly to my bed I don't force them" he shrugged

" I don't care! Now turn around."

"Nope"

"Fine"

Picking up a small stick I saw that was a few inches near me I got closer to him . Asher looked at me quizzically before I flew it towards him,with it hitting him straight in the middle of his forehead. He opened his mouth shocked and let out a pained groan and rubbed the sore spot.

" That's what you get you perv "

"You're so violent"

"Thanks for the compliment "

"It wasn't"

"I knew that a\$\$h0le I was being sarcastic"

"I knew that!"

"Yeah right"

He turned around cursing before telling me to hurry up. Have patience you little shit. Lifting up my shirt a cold breeze hit my bare skin making my nipple harden. I took off my pants and covered my private parts with my hands. Oh right he can't see me I thought while taking off my hands.

Even though I maybe a nerd and my choice of clothes suck I had always had a liking to Victoria secret undergarments. So I was wearing one of my favorite pink lacy bra and panty. The material was very thin which caused me to shiver everytime a cold breeze would past by.

I walked towards the water and slowly put my toe in before feeling satisfied with how the water was so warm and fully got in. I let out a sigh at the feeling and dunked my head in. Coming back up I saw Asher was already staring at me with a cocky smirk.

"nicelacy undergarments babe"

Chapter 14

"Stop staring perv!" I yelled feeling flustered

"Don't act like you don't like it" he rolled his eye at me

Flying some water in his mouth he started coughing while I laughed at him barely keeping myself from sinking in.

"Oh my god your face! Are you okay?"

" Not that I care anyway" I added shrugging

"You'll pay for that! I could of died!" He growled

"Oh don't be so dramatic "

I rolled my eyes before I started to float not caring about anyone right now. I was in my own little world staring at the rays of sunlight that peeked through the trees and the birds that flew chirping. It was so fascinating that my heart skipped a beat when I felt someone under me.

Asher pulled me in the water and kept swimming down,with me struggling to break free from his hold. I should pretend I drowned a sudden thought came to mind. I closed my eyes and stopped struggling.

Asher might have realized what was happening because as soon as I stopped struggling he rushed back up holding me tightly to him. Keeping my eyes closed I tried to hold my breath for as long as I can.

When we reached the surface I heard when he took in a deep breath before I heard his panicked voice.

"Lily!" He repeated around five times shaking me to wake me up.

"Oh god what have I done?" I could hear the strain in his voice

"Please lil don't die on me" he whispered before kissing my forehead

I felt when he lifted me up and held me closer to his chest while he tried to bring us out of the water. Feeling like I couldn't hold in my laughter I opened my eyes and winked at him smiling. He looked at me shocked before dropping me. I fell back in with the water entering my mouth.

I came back up to the surface coughing up like a hag and let out a laugh. I looked at his face and my laughter died down for I saw that his eyes were red from crying and his face sad. He was breathing harshly and let out a curse while passing his hands through his hair in frustration.

" Why the f*ck would you do that sick joke lily" he shouted

"I'm sorry I wasn't thinking" my voice barely a whisper

"You damn right you weren't I almost had a heart attack " he yelled frustratingly

"Sorry"

"Sorry isn't gonna cut it!"

"It was your fault anyway you were the one who pulled me in" I yelled back

"It was supposed to be a joke!"

"I didn't find it was funny, I thought you were going to kill me!"

"I would never f*cking do that to you!"

"I thought you died" he whispered his eyes filled with water

"I know, I'm really sorry it sounded like a good idea at the time." Not knowing get what to say

"Just don't pull that shit on me again."

"I won't I promise"

He got out the water his back towards me and picked up his shirt. Not knowing what to do I followed him and got out. I almost reached him when he turned around quickly and locked his eyes on my body. He took in in a shocked breath before letting out a low groan. f*ck he let out.

I totally forgot about having only my lace panties and bra,he could probably see everything. Feeling flustered I stared wide eyes at him when he took steps towards me, his eyes locking with mine which was filled with lust.

He passed me and I wondered what he would do. But sucked in a breath when I felt him at the back of me breathing harshly on my neck.

He pulled my back to his chest, his hands securely holding my stomach and my a\$\$ on his front. I could feel his erection on my a\$\$ and let out a moan. He sucked in a sharp breath at the sound and pulled me closer.

He dipped his head on my neck leaving open mouth k!sses and slowly slid his fingers down to my panties. I shivered and gripped his other hand that was still resting on my stomach. He let out a loud groan when he stopped at the

entrance and took his other hand to grip my left boob. I let out a breathy moan at the feeling and my nipples harden at the contact.

He rubbed his erection on my a\$\$ before squeezing my nipples through the bra. Letting out a curse he turned me around and lifted me up. I wrapped my legs around him. He gripped my a\$\$ and walked towards a tree.
