

## Chapter 19

I woke up to something cold being poured on my face. Rose who was sleeping next to me with her legs on my stomach jolted up as well.

"Noel! What's wrong with you?" We both shouted at the same time

There stands Noel with an empty bucket laughing his a\$\$ off. The a\$\$hole poured cold water on us and he's now making a mockery out of us.

"rise and shine" he sang mocking Kylie Jenner

Rose and I looked at each other smirking evilly. He must have noticed our face because the next thing we knew the empty bucket flew towards us nearly hitting me in the head. Noel quickly rushed out laughing his head off. That little shit is gonna get it

"Let's get him!" Both Rose and I got up and ran after him with the cover still tangled in my legs.

Reaching down to remove it I almost tripped but straightened myself out. We tackled Noel to the floor, with Rose gripping his hair and I on his back spanking his a\$\$ with a spatula that was one the floor. Don't know how it got here must be Noel dirty a\$\$.

He would leave things anywhere.

"Stop! You murderers!"

"That's what you get " I said spanking him with every word

" You mother f\*cker woke me up from my awesome dream I was having. Naruto and I were getting married." Rose said out of nowhere stopping us from our little torture.

" what!"

"What he is my future husband" she shrugged

"Uhhh Rose Naruto isn't real" Noel said

"Don't let her hopes down idiot!" I told him while spanking him to shut up

"Am I the only realist here?" He asked

"Shut up Noel!" Rose and I both shout at him

"Rose honey are you coming down with a fever." I asked her a little worried

"And she told me to not let her hopes down." Noel muttered, but I ignored him

"Now can you'll get the f\*ck off me? You guys are heavy." He yelled

I got off him not before spanking him one more time. I got up and went to the room to get a towel to wipe my face. Rose came after me and did the same thing. We suddenly took the smell of burnt eggs and toast and we both rushed towards the kitchen.

Noel was cooking breakfast while dancing to Nicki Minaj anaconda song. It was hilarious really, he was trying to twerk but ended up looking like a duck trying to waddle.

Rose and I laughed at him which startled him and made him drop the frying pan he was holding. The eggs flew out and he cried out of mortification.

" You f\*ckers! There goes our breakfast." He said gesturing to the eggs that looked like something that comes out of someone's a\$\$

"It's not like it looked appetizing anyway" I said shrugging

"I know right!" Rose agreed

"How dare you! I worked really hard on making this for you guys." He complained

"Noel darling we all know you can't cook for shit ." I said sympathetic

"True" he whispered

" now what are we gonna eat?" Rose asked

" Oh this is on you guys" I told them and walked to the fridge to take a yogurt

"Traitor" Rose said her eyes turning to slits

"What I'm to lazy to cook" I shrugged

" Not it!" They shouted at each other

They bickered for awhile before settling to eat yogurt for breakfast.

" see that wasn't that bad"

"Shut up lily, you know you're the best cook here and you didn't even make breakfast for us you traitor!" They both grumbled

"Whatever"

"Guys I have to get to class so I'll see you'll later" I said begrudgingly

" bye traitor" they both said chuckling

I laughed at them and put my middle finger up before I left the apartment.

I had to go to my dorm room first to get out of those clothes, that were still a little soaked because of Noel.

When I reached I was satisfied to see that Sonia wasn't here and my bed looked untouched. But the bitch took my jacket because I couldn't find it and I'm pretty sure I saw it there yesterday.

I shift through my clothes and took a long flowered dress which I didn't really like but decided to put it because I was already a little late for class.

I headed to the bathroom with my clothes in my hands this time and took a long waited shower. I got out of the shower and dried myself before putting my dress on. I went back to the room to grab my sneakers and headed to class but not before taking my bag.

I was rushing through the students to head to class and reached just in time before the bell rang. I sat down with a huff and got out my books. I was doodling when I heard chuckling coming my way. I looked up and saw Asher. He looked at me before giving me a discreet wink. I blushed and looked down.

Suddenly there was loud chatter and everyone looked at where the disturbance was, it was Shelly and Sonia, did i forget to mention that Sonia was Shelly's friend? They were, but not the best of friends if you asked me, they competed against each other and would fight over guys. They were heading my way with a cruel smirk on their faces.

" Oh look Sonia our little fatty decided to wear a dress today." Shelly said in a cherry voice

"Nice dress lily, you're a so fashionable " Sonia said sarcastically

## **Chapter 20**

I ignored them and went back to my doodling. I almost zoned out when I felt Shelly's hand roughly grab my face and forced me to look at her.

"didn't you hear I was talking to you b!tch?" She yelled her veins in her neck looked ready to burst

"Oh I heard, I just don't give s|uts attention" I shrugged

She looked at me shocked before scowling.

"where's all that sudden bravery coming?" She asked

"like I said I don't like talking to people who aren't worth it"

She must have not like my response because the next thing I know her face was inches from mine while her finger gripped face roughly

"Listen here you little brat! I can easily break you so I don't think getting on my last nerves is good for you." She screamed saliva getting on my face.

"Shelly don't you think you have made your point already no need to get all up in her face." I heard Asher say. His face looking forward not sparing us a glance.

I don't know if to be happy or disappointed? Did he just saved me from Shelly's wrath? She looked at him straightening herself and pushed Sonia to a side.

"Oh Asher baby I didn't see you there" she muttered embarrassingly

Asher was about to respond but the teacher interrupted when she entered the classroom,making everyone keep quit.

"Take a seat you two" Mrs Loathe said

Sonia and Shelly looked at her annoyed before huffing and turned around to have a seat. But before Sonia went I stopped her in her tracks.

" nice jacket Sonia I'm so happy to know that with my bad taste in fashion , you still have the nerve to take my jacket without my permission." I said giving her the best sweetest smile I could muster

"I I she stuttered

Shelly looked at her disgusted and muttered an eww making everyone laugh except Asher and I

When they finally took a seat the teacher went ahead to start the lesson.

I was distracted all through class because Asher would wink at me discreetly and would send k!ssy faces

at me without anyone seeing.

When class was over I took my time to gather my stuff because I didn't want Shelly or Sonia to gang up on me right now. I was even considering skipping lunch today so I could not be in their sights for the rest of the day. Who knows what they will do to me as my stupid mouth decided to retort back at them.

" Wow you're taking your sweet time there." Asher teased making me jump

"Oh shit!" I screamed not expecting him to be there.

I looked around and was shocked to see we were the only ones in the classroom. What time did everyone go? Shit I must have zoned out again.

" you've been really jumpy lately" he mumbled staring at me from head to toe

"Umm thanks for stopping Shelly earlier " I said trying to distract him from the topic

"Oh that's nothing, we are friends now aren't we?" He asked hesitantly

"I guess" I said uncertain. I was really uncomfortable with the question. I don't really know what to call us, it was still weird talking to him friendly and not having him look at me like I disgust him.

He must have felt the awkward atmosphere because he scratched the back of his head and looked at me flustered

" Well I'll see you later? He asked hopefully looking like a lost puppy

"Later?" Where the f\*ck is he expecting to see me.

" Yes for the project "

Oh.. I totally forgot about that project. Shit does that mean it will only be Asher and I in that house again. The last time that happened things heated up.

"Oh yes the project" I responded hitting my forehead with my palm

He chuckled giving me an awkward smile before leaving the classroom.

Damn that was really embarrassing and awkward. I left the classroom and went outdoors far from the students. There was a huge tree that was by the field where the football players would practice. It was deserted and looked peaceful out there.

I decided to go there and maybe study for that exam that was coming up next week. I sat cross legged underneath the tree and got out my books. I was a few minutes into my studying when I heard loud shouting coming nearer.

It was a bunch of guys coming my way, well on the field and I'm guessing to practice because some had the balls in their hands. I could spot Asher among them and I let out a groan.Great just what I needed.

He must have seen me too because he gave me a small smile before one of his friends tackled him to the ground. I rolled my eyes at their playfulness and got back to my studying. What a bunch of idiots

I was disturbed when one of the balls landed on my bag that was settled at my feet. I looked up at the culprit and saw one of the football players who always teased me.

" Hey fat b!tch send that ball back would you?" He yelled some of the guys laughed except Asher who was glaring at the dude like he would murder him

" sure" I said back a little to sweetly

I got up and held the ball in my hands. Mustering all my strength I flew it with force to him and it hit him straight on the d!ck. The guys let out a ohh with some blocking their mouths with their hands

His face scrunched up with pain before kneeling down holding his crotch and started cursing me.

"whoops my bad!" I yelled sarcastically that's what you get a\$\$h0le

Asher looked at me with a proud expression smiling. I returned the smile and laughed at the guy. He was rolling on the grass crying his a\$\$ out while everyone on the field laughed at him.
