

Chapter 27

He took a few steps back and groaned aloud before looking at me in desperation. His stare made me feel things I didn't want to feel, I didn't want to have such intense feelings for my once bully. I didn't even know how we ended up here in this position.

He passed his hands swiftly through his black hair tugging at the ends and sighed in frustration.

"I don't know what to do Lily, you're making this hard." He mumbled resting his body on the desk.

My eyebrows raised at his words, and felt angry for him blaming all of this on me "What! I'm not the one making things hard around here Asher" and gestured between us

He was about to retort back when the bell rang silencing him. I was actually thankful for that disturbance, there was no way in hell I want to have this conversation in school. There were too many prying eyes around here.

He sighed again frustratingly "can we talk today when you come to finish the project?" He asked his eyes widening hopefully. His expression made my heart flutter as he bit his bottom lip waiting for my answer.

"Please?" He asked again as I was taking too long to answer

"Fine" I mumbled and put a few loose strands of hair behind my ears. His eyes lit up as he smiled at me.

"Umm yeah I got to go to my dorm." I told him awkwardly. I didn't have anymore classes today so that means I'll have the dorm room for myself for the rest of the day, well until Sonia come.

"Yes sure uuh so I'll see you later? He asked hopefully squinting his eyes at me.

"Uh huh" I rushed out before leaving him there to head to my dorm. When I got there, empty boxes of pizza was on the floor. Sighing I cleaned it up before going on my bed. I reached for my laptop that was at my feet and put it on to watch a movie. This should keep me occupied until I have to head for Asher's.

5 hours later.....

I jolted awake to the banging of the door, it was Sonia coming in from her last class. I must have dozed off while watching the movie. She looked at me with a sneer before flying her bag on the bed, then started to take off her clothes right there. I rolled my eyes at her, it's not like it's the first time she would do this.

Reaching out for my phone I checked the time and was surprised to see it was 4:00 already. Asher must be at his penthouse right now waiting for me. Getting up I took my towel so I could shower.

When I got out I went to look for my clothes. I took out my matching black lace undergarments and decided to wear a red flowered dress which reached me about mid thigh. I was putting on my clothes when I heard a loud snore from Sonia who was sleeping naked on her bed peacefully. Snorting at her I continued to get dressed. When I was done I slipped on my flats and headed for the door.

Today would be the last day Asher and I would be doing the project. It just was missing a few peeks. I was almost at Asher's door when I felt my anxiety coming in. I stopped to take a deep breath and continued my way to the door. I knocked on it softly before folding my arms. I bit my lip as I anxiously waited for him to answer.

One minute later Asher opened the door looking at me with surprise. "I didn't know you would actually show up."

"Well it's not too late for me to go back" I said in a jokingly manner and pretended to turn back to go

"Oh my god Lily just come in!" He said and pulled me in

I chuckled "So where are we going to have this little talk of ours?" I asked raising my eyebrow. Better to get this over with

He looked at me smiling " in my room"

"Okay" I said skeptically and followed him upstairs. When we reached he took a seat on his bed looking at me expectingly. I rolled my eyes before sitting next to him biting my lip, a habit I do when I'm nervous.

He took a deep breath before starting.

" so about the k!ss.."

"Lily could you wait for me to at-least finish?" He yelled frustratingly. I gave him a sheepish smile before telling him to continue.

He took a deep breath before scratching his head and stared at the floor "That k!ss wasn't a mistake, I have been wanting to k!ss you for so long" he mumbled looking at me for my reaction

My eyes widen "What?" I ask astonished

He rolled his eyes in frustration "Lily don't you get it, I have f*cking feelings for you!" He groaned annoyed

I must have looked like a fish with my mouth open and eyes wide from being shocked by his words "But..but how?" I asked unbelievably staring at him like he has two heads.

He sighed before turning fully towards me, staring straight in my eyes with a tender emotion. My breathing became harsh when his pupils dilated when he stared at my lips in hunger.

"I have always had a crush on you Lily , from since when we were kids" he said softly licking his bottom lip

My heart started beating faster at his confession. Clearing my throat I clenched my teeth to prevent myself from smiling "Then why did you bully me?" I asked sadly

He looked at me felling guilty before mumbling "Like I said I was angry my parents wouldn't let me speak to you in a positive manner so I had to at least talk to you, and bullying you seem to be the answer"

"You're an idiot!" I yelled angrily, not understanding his logic

"Yes I know" He sighed like this conversation tires him

"Do you know how much shit you put me through? I thought I was f*cking ugly and to top it off it was my crush telling me all those nasty things..." I mumbled

I looked at him shocked when I realized I just confessed to him being my crush. He looked at me with surprise before smiling from ear to ear, looking like he won the lottery.

" uhhh I did..."

I didn't have time to finish, before Asher shut me up by kissing me relentlessly. Almost knocking me over from how desperate he was. kissing him back with the same intense emotion, I gripped his shirt pulling him closer.

*Warning mature scenes ahead *

He broke the kiss, and stared at me with lust and dare I say it, the other emotion was love. My heart jolted in my chest before I gave him a shy smile. He brought his self forward resting his hands at the sides of legs. He was breathing harshly as his lips were above mine.

" lay down" He whispered on my lips, causing shivers to rock my body.

I gulped and do as he says. It didn't take him long before he nestled his body between my legs. He pushed himself closer so I could feel his harden shaft through our clothes. Moaning at the feeling I pulled him closer if that was even possible.

He muttered f*ck before going back to kiss me, he bit my lip asking for entrance and I eagerly obliged. Biting his lip lightly to tease him , he groaned rubbing his harden member on me, earning a moan from me in return.

Breaking the kiss he lifted his self a little to take off his shirt. I stared at his muscular body,I couldn't help but bite my lip in satisfaction. That earned a *sxy smirk from Asher. Asher was by far the sxiest guy I have ever seen.*

"Damn Lily I can't think straight when you look at me like that." He groaned

Smiling at him I pulled his lips back to mine.

" Wow I like when my girl is in control"

He laughed in the kiss

"Shut up " I muttered

"Can I take off your dress?" He asked reluctantly.

I nodded not caring as this got further, I just wanted Asher to keep touching me and making me feel good. I didn't care about modesty, I didn't care that I maybe would regret this afterwards, all I cared about was Asher and how he was making me fall in love with him right now and he didn't have to try much. I think I have already fallen in love with him.

He took off my dress in one swift move before staying still to stare at me.

" *fck lil you're the most sxiest girl I have ever seen.*" He said staring at me intensely

I blushed staring at him shyly as he chuckled at my innocence. He got back to k!ssing me and started k!ssing down my body, making me squirm in pleasure. When he reached my panties he stopped to look at me. I gave him a nod to continue and before I know it he took off my panties with his teeth. *fck that was sxy*

Flying my panties down, he bent down to my womanhood, his warm breath making me squirm. I looked at him with confusion before he winked at me and started sucking my clit, making me moan out in pleasure. Gripping the sheets I watched as Asher ate me out.

" Oh my god Asher please don't stop!" I moaned out breathing heavily. He groaned in satisfaction before sucking harder. I was almost at the edge before he stopped and got up. Looking at him annoyed, he chuckled at my expression. He took off his pants then his boxers.

My eyes widen at the size of his manhood. I never knew it could be this big, I've only seen it in books and we'll Noel but it doesn't count, plus Noel's own isn't half as big, no offense Noel.

He laughed at my expression before coming down to k!ss me, his tip at my entrance teasing me.

"it won't hurt you baby" he whispered on my lips reassuringly and rubbed his tip at my entrance.

He looked at me, his body tense from holding his self back "this is the only time to back out Lil, I don't think I can hold myself any longer, I need to be inside of you." He groaned

I nodded" please" I whispered desperate to feel close to him

"please what" he asked

"I need you inside of me now" I demanded

He smirked before chuckling "As you wish baby"

He finally thr*st his shaft inside of me. I let out a pained gasp and cringed when I felt Asher's shaft stretching me out. Asher looked at me, shock filling his features.

"You're a virgin?" He asked unbelievably, and stared at me with adoration. I nodded as I couldn't form words right now.

"f*ck if I knew that,I would of taken things slow" he looked at me guiltily, hugging me to his body.

"It's okay I wanted this" I whispered

He smiled at my words, making me feel warm inside "so I'm your first?" He asked

I rolled my eyes annoyed" Asher can we talk about this after you f*ck me?"

"Okay baby, but just so you know I'm not f*cking you, I'm making love to your beautiful body." He said softly before giving me a peck on the lips

"No need to sweet talk me Asher, you already got into my pants!" I said annoyed. I really want him to stop talking and start moving since the pain started to subside and was replaced by pleasure.

He pulled back slowly before *thrusting back in. Staring at me directly, as he thrust* each time...

" does it feel better?" He groaned out, sweat glistening his forehead as he clenched his teeth. I nodded before moaning his name as I felt him hit my g spot. Holding his back I could feel my nails scratching him, but it didn't seem to upset him, I think it made him thr*st harder

" *fck lil you're so tight*" he *grunted thrusting* faster. He took my lips in his licking it before *thrusting his tongue in, making it go with the same pace with the thrusting* of his shaft.

" You feel so good lil, I can't get enough." He moaned out, his *thrust getting sloppy. I felt my self clenching around him making him grunt in pleasure as his eyes rolled back*,fck we both muttered

" please Asher don't stop" I whispered before we both *came* calling out each others name. He slumped on me still inside of me as he cuddled our bodies closer.

" you're f*cking mine lily " he whispered on my lips as he rested his forehead on mine. I nodded in agreement , because I knew I was his. So much for finishing the project.

Chapter 28

He pulled out with a satisfied sigh and cuddled me closer. He looked at me smiling cheekily before *kissing* me everywhere on my face leading me to give out a playful annoyed sigh. He chuckled and gave me a sweet slow *kiss* before nestling his head in the crook of my neck.

"Damn Lily I knew you would feel good but I didn't know you would of felt this good, you gave me the best s*x I've ever had!"

He whispered against my neck, his breath tickling me as I squirmed.

Blushing at his words I stuttered making him chuckle at my lack of response

"So I'm your first huh?" He asked sounding like he just heard the best thing

"yes" I whispered shyly. He lifted his head and stared at me in confusion

"I don't get it, I thought you were having s*x already " he asked as his eyebrows knitted in confusion. I looked at him with the same feeling before pushing myself up into a sitting position and faced him.

" Why would you think that?" I asked

I forgot I was naked, because as soon as I sat up Asher's eyes fell straight on my boobs, as his breathing quickened and eyes dilate into lust. I blocked them with my hands and gave Asher the stink eye,which caused the pervert to laugh in amusement. He cleared his throat before speaking

" Well the guys that came out of your dorm room, I just thought they were your guys"

My eyes widen in understanding before it quickly changed into one of annoyance " You really are an idiot Asher , those were Sonia's one night stands."

His eyes widen in realisation before changing into one of shame" Oh f*ck, sorry I just thought...."

" That I'm a wh0re" I said through clenched teeth. He quickly got up and scooted closer to me as he held my hands. My eyes softened when he rubbed them softly

"f*ck lil no, I just got really jealous of thinking that those guys touched what was mine that's all, I have never thought of you as a slut and never will I. " he told me and stared directly in my eyes with such a loving expression that my heart melted into gush

" But why did you save yourself? Not that I'm complaining, I f*cking love as I'm the only one who ever got inside of you and will be the only one!"

" I was saving it for the right guy" I said you

He was about to say something when I cut him off

"I guess you're happy now, you got what you wanted" I told him angrily, my mood changing ,I knew Asher was a stud and there is no way he would settle down for me, the girl he bullied. It really hurt to think that mostly every girl got a taste of him while I saved myself for him. But then again he didn't have a clue I was saving myself for him or even had feeling for him.

He looked shocked "What the f*ck do you mean?"

" Well you got into my pants, there doesn't have to be a reason anymore for you to talk to me." I told him angrily even though I knew it hurt to even think that he just wanted s*x from me.

He gave out an annoyed sigh before pinching the bridge of his nose "f*ck lily you're making everything so difficult, didn't you hear what I said earlier that you're mine and no one else's? " He told me matter of factly

I stared at the sheets as I avoided his stare" Yeah but I don't know how this will work Asher , no one wants us to be together, so let's just pretend like nothing happened " I told him sadly

" there is no way in hell I'll let you go, I have already tasted how good you are, I'll never let another guy take what's mine, to hell with everyone! " He shouted

breathing harshly out of anger. He pulled me to him hugging my naked body close to his in a tight grip.

I relaxed in his hold and gave him a reassuring squeeze to help calm him down.

"But Asher what do you suggest we do, we can't exactly be seen together in public" I told him , clearly knowing about his parents hatred for me and my mom

" we'll keep it a secret, we'll see each other in secret no one has to know" He said desperately and pulled me tighter if that was possible

"It was already difficult to be secret friends, now lovers? It's gonna be hard Ash." I said sadly and hugged his sweaty body which was a result of our love making.

He pulled back to look at me with a tender emotion before asking me

" isn't it worth it lily, am I not worth it?"

I didn't have to think about it before giving him my honest answer" yes you are" I told him truthfully.

Asher was worth it, he always have been and always will be. Why should I prevent myself from being happy with him because of the past? I should move on and give us a shot. I have wanted this for forever and here is the chance for me to be with the only guy I have feelings for.

His expression turned to pure joy at my answer as he pulled me in for a k!ss. It quickly got back heated and before I know it Asher and I was making love for the second time for today.

1 hour later...

We lay on the bed exhausted. Turning to face each other we smiled cheekily. I got up to put on my clothes as I took

My phone to check the time, it was currently 10 p.m and hopefully Sonia is up to open the door since my idiotic self forgot the keys.

" where are you going baby?" Asher asked breathlessly as he stared at me while I put on my dress. He licked his lip before groaning. I could already see his d!ck hardening and I couldn't help but chuckle. This guy really has stamina

"Ash down boy, I'm tired and I'm still sore! And I have to go to my dorm don't want anyone to see me here" I told him

"Well looks like it's just me and my hands tonight then" he joked

"Yep" I teased him

" how the hell can you even get that thing up after having s*x two times?" I asked and pointed at his erection, which was standing proudly. If I wasn't so sore I would definitely ride it.

He shrugged " I don't know I've never slept with anyone twice for a day, I guess my d!ck likes being inside of you where it belongs." He said seriously and winked before laughed joyfully when I hit him with one of his pillows

" can I at-least get a goodnight k!ss" he asked giving me puppy dog eyes

"If I k!ss you things will go further" I told sarcastically and looked at him pointedly. We might end up having s*x for the third time

"True, but just a little one" he said in a baby voice while pouting. He is so adorable I can't believe I just lost my virginity to this master piece.

I chuckled before bending down to peck him and quickly run out the house. Making Asher yell at me in annoyance.
