

Chapter 29

It's been a two months since Asher and I have started seeing each other secretly. We've grown closer and I think I have fallen more in love with him, if that was even possible.

Today is Noel and Rose's birthday and I'm currently in class contemplating what will be the perfect gift for him. He's a bit of a free spirited person and hopefully he will like the gift I come up with. Rose on the other hand doesn't even like being wished happy birthday, far less receiving a gift and celebrating it.

She actually doesn't like to be reminded that it is her birthday, something about aging to fast and it gives her anxiety. Noel on the other hand loves attention on his birthday and is definitely a party guy.

" Lily aren't you paying attention?" Miss Lilac asked, her face fuming as she looked at me in annoyance. I looked at her guiltily before Rebecca decided to answer for me.

" No she's too busy daydreaming about her none existent love life" She said with a wicked smirk, making everyone laugh at my expense.

I turned towards her, glaring holes in her head before asking " Rebecca what does my love life have to do with you?"

Her mouth gaped as she stuttered for a comeback, as everyone looked and giggled at her like she was the most idiotic person here. She was about to retort when Miss Lilac decided to stop her by hitting the desk making everyone jump.

" Everyone quiet down!" She fumed

Everyone did just that except Rebecca who decided to take her bag and leave, banging the door dramatically. Rolling my eyes at her I went back to listening to Miss Lilac who was on the topic of Teens on social media.

Five minutes later and class was over. I stayed behind packing my bag and then decided to give Rose a call to see if she thinks that my gift would be good enough for her brother. On the second ring she picked up sounding exhausted.

" Yes?" She asked while yawning

"What's wrong? " I asked

" Noel is wrong, that little b!tch has been talking in my ears the whole night about his party." She yelled through the phone and I could picture her pulling at her hair in frustration

" Oh my god, is he having a party again? I thought it would just be us three tonight doing a marathon of pretty little liars." I whined

Fully knowing that the party would be to much. Last time he had someone bring tigers and lions while he tried to fit an elephant in the building. The owner called the cops and we had to bail him out while he complained about us not helping him not fit the elephant.

"Yes and he has been nagging about bringing stripers to the apartment." She said sounding annoyed

" stripers? " I gasped

"Yes, so I made a deal with him, if he wants stripers then he can only invite ten people to the apartment." She said and I could hear her chopping something in the background

" I'm definitely not coming over" I told her defiantly

"Oh yes you are you little shit! I'm not suffering this alone." She yelled at me, and I could tell she is thinking of ways to kill me if I don't show up.

"Geez fine I'll come but I'll stay in your room." I sighed

"Deal" she chirped

"so speaking of Noel, do you think a thong would be the best gift?" I asked her. Noel clearly doesn't like to stay with clothes on for long so....

"Thong? I hope you'll be wearing it for me tonight." Asher said behind me as he snaked his arms around me pulling me flush on his front. I jumped as I wasn't expecting him to be here and I totally forgot about Rose as I turned towards him as I buried my head on his chest, smelling his manly scent that I love.

"Who the f*ck is that?" Rose asked making me open my eyes as I realized she must've heard Asher. Not knowing what to do I didn't answer her and hanged up.

I put the phone in my back pocket as I looked at Asher cheekily. He kissed me before I broke it.

"was thong the only thing you heard perv?" I asked him laughing at his horny self. He pulled me closer gripping my a\$\$ in a possessive way.

"yes apparently, so will you be wearing it tonight? Because I would enjoy banging you on the counter, table.... he listed on, but I cut him off by giving him a peck and chuckled at him when he squeezed my a\$\$.

I rolled my eyes" about the thong, it's actually a gift for a friend and about tonight, I won't be coming over since I'll be at Noels birthday party" I said

"I don't like when you talk about this Noel guy" he groaned in annoyance while he squeezed me lightly

Getting out of his arms I rolled my eyes at him" Oh my god Asher he's gay!"

" Well how would I have known? You never told me" he replied sheepishly scratching his hair in embarrassment.

I chuckled as I passed my hand through his hair teasingly and let him pull me back into a hug

" can't you come over after the party then?" He asked desperation in his tone

"I can't I promised Rose and Noel a sleepover" I softly spoke

" Ughhh my night would seriously suck without you" he groaned and buried his head in my neck, giving it a light k!ss.

"One night without having me won't kill you Asher" I giggle making him groan

" I've heard blue balls actually kill" he told me pulling away

" You're such a horny shit" I joked as I took my bag ready to leave. I really didn't want anyone to catch us in an intimate position, knowing Asher he would surely try to seduce me right there.

He scratched his head nervously before saying" so there is a game this Friday and I would like for you to be there"

I looked at him shocked before answering him truthfully " I don't like crowds Ash"

" please, you'll be my lucky charm, I'll definitely win." He begged and got on his knees

"Okay fine but I'm not staying for long and I'm definitely not going to the after party" I sighed and gestured him to get up. He got up and k!ssed me happily

" Fine by me, plus you'll be riding me all night, so bonus." He shrugged

Chapter 30

It was currently five in the afternoon and I was dreading to go to Noel's party, god knows what he has planned, for all I know we could all end up in jail tonight. Just thinking about it makes me uncomfortable.

I decided to get ready early as I put my long hair in a ponytail and curled the ends. I was wearing a short pants with a plain white t shirt that emphasized my already too flat boobs. At-least Asher likes it. Getting out of my dirty thoughts I went to look for my sneakers that were hidden under my bed.

Putting it on I sighed as I looked at my reflection in the mirror. I didn't look bad in fact I looked happy and glowing. Which surprises me as I always looked a little gloomy. Giving myself a last once over I headed for Rose's apartment.

As soon I reached I could hear loud music blasting through the door and I cringed at the words of the song. Leave it to Noel to play the most dirtiest song he could find. Knocking on the door as loud as I could, I was pulled in by a exhausted Rose who looked relieved to see me.

" thank god you're here, I thought I was dying alone" Rose said as she pulled me closer and walked towards the living room.

"I thought you said was only ten people?" I gasped as I looked at everyone

"That little shit didn't listen, ughh at-least there isn't fifty!" She muttered angrily as she glared at Noel who was too busy laughing with his guest

"But there is at-least thirty people here and they are mostly guys!" I whined as I saw one looking at my shorts. Perv

" I know and they keep looking!" Rose said angrily as she flipped one off who was staring at her in amusement

I looked at the living room which was packed with more than ten people. They were drinking and laughing at something Noel said as he drank something in a red cup like he was thirsty. He finally noticed me and excused himself from the group to greet me.

" Well well well, if it isn't miss prudish . " He grinned sloppily as his eyes were ready to close. The idiot is drunk and damn does he reek of alcohol

" Oh shut up! Happy birthday Noel and Rose " I dragged out the and to tease Rose, knowing fully well that it irritated her to be wished that.

"Thank you!" Noel said happily as he gave me a sloppy hug nearly throwing his drink on me. At-least someone was happy unlike the red faced demon that was ready to chew off my head right now

"Lily what did I say about wishing me happy birthday." Rose gritted out, if we were in a cartoon, by now steam would be coming out of her ears.

"But it is only right to wish my best friend happy birthday." I tried to reason

" Wow I feel offended, am I not your bestfriend aswell " Noel decided to give his input as he pouted, he looked like a duck.

"Nah you are more of the shitty brother I never wanted" I teased him and gave him a little shove that nearly toppled him over.

He righted himself " It's not nice to say those mean stuff on my birthday Lil "

"Anyway come join the party!" Noel said and gestured us to the people who were now grinding each other. Rose and I cringed before shaking our heads.

" No thanks I'm good, I'm just going to go in Rose's room, I have a massive headache." I said lying about having a headache. There is no way I would be joining strangers who were groping each other

He snorted in disbelief "Excuses excuses"

I was about to answer but got stopped by the knocking of the door. Noel got excited all of a sudden and started jumping up and down like a little child on candy.

"Ohh this must be the strippers" he said happily as he clapped his hands on the way to the door. When he opened it, I nearly collapsed when I saw who was behind it.

It was Asher who was searching for someone and finally let his eyes settle on me. He smiled relieved as he was about to speak but got cut off by Noel who grabbed him and pulled him in. Why was he here?

" guys the striper is here!" Noel shouted to get everyone attention. Asher eyes bulged out as he stood mouth gaped at Noel.

"Striper!" Asher and I both yelled shocked. When the f*ck did he start striping?

" Yes the striper , but where are your other striper friends?" Noel asked and looked around Asher like the other stripers would come out of hiding

Asher came out of his shocked state and got furious as every one looked at him "Dude you must be mistaken, I'm not a f*cking striper." He said angrily and I swear I saw a vein popping out.

" Oh then what are you doing here?" Noel asked confusingly, Rose gave me a questioning look as she waited for his answer

" I came here to see Lily" Asher told him as he stared at me

How the f*ck did he know where Rose lives?

"Uh" I stuttered not knowing what to say. Rose and Noel had no idea of our relationship and I didn't want them to find out, well not now at-least. What if they judge me for giving him my virginity?

"He looks yummy, but I wouldn't do him because he bullied you, I got your back babe" Noel tried to whisper to me but failed since probably the whole room heard. I rolled my eyes at him and opened mouth to ask Asher

"how did you know the way to here?"

He shrugged "I asked around, it wasn't hard"

"Uh so why are you here" Rose asked him before I could answer him

"Like I said I came to see lily, she was supposed to be hanging out with me today but bailed out to be here." He said nonchalantly, his words holding secret meanings that I only knew.

"You guys hang out?" Rose asked shocked as she stared at us back and forth. I wouldn't blame her for her surprise, I didn't exactly tell her that Asher and I are close well more than close.

"Uh yes we are friends, why don't you join us Asher" I rushed out before he could speak. I really didn't want him to tell them that we were together right now

"Yes sure, I came here for the party anyway, I was bored home" he said as he looked at me mischievously. A smug grin on his lips.

When Noel and Rose turned to walk to the crowd I stayed back with Asher to give him a secret punch, which earned me a secret playful smack on my a\$\$. I squeaked in surprise and that made Rose look back at me questioningly, I gave her a reassuring smile as I walked towards her with Asher at my heels.
