

Chapter 31

As we got closer to the group of drunken teenagers I gagged when I took the smell of alcohol and weed. This really wasn't a good combination. Taking Asher's hand I pulled him down a little so I could whisper in his ear discreetly.

"Why the hell are you here?" I gritted out squeezing his hands tightly

"I came to see you, I didn't want any guy here to look at what was mine in anyway" he whispered looking at me with an intense emotion

I rolled my eyes "You're so possessive, it's annoying really."

He snorted cockily "Yeah right, you know you like it"

I was about to retort when we heard a clearing of a throat that caused Asher and I to break apart quickly. Looking at the culprit we found Rose staring at us with an unreadable expression. Forcing out a smile I tried to distract her by gesturing to Noel who was grinding on a guy who looked uncomfortable. Rose and I laughed at them.

"So anyone up for a game of truth or dare?" A girl with a pixie hair cut suddenly announced. I recognized her as the girl who couldn't stop staring at Asher when he came. She bit her lip as she waited for everyone's answer, some nodded while others looked reluctant. Her eyes shifted to Asher and gave him a sultry smirk as she twirled her hair.

"What the f*ck are you, five?" I snorted, but didn't know that I gained her attention. Her eyes shifted to mine as she glared at me with distaste. Whoops didn't know I said that out loud.

"Sure we are up for it!" Noel yelled as he stumbled to straighten his self.

The girl grinned as she turned her attention back to Asher "Are you joining handsome?" she asked him trying to sound seductive but ended up sounding

like a dying whale. This b!tch is annoying, how dare she look at what was mine. Damn I sound like Asher

Asher had the nerve to give me a mischievous smile before answering her too sweetly "Why not?"

Glaring at him I decided to join aswell just to spite him "I'm joining aswell!"

A shocked gasp was heard from Rose who looked at me disbelievingly. I shrugged at her before giving her a reassuring smile. What's the worst that could happen?

"Wow prudy way to go!" Noel shouted giving me a thumbs up. I raised my middle finger for him and earned a chuckle from Asher who was staring at us in amusement.

"Prudy huh? If only he knew how naughty you can be" Asher whispered for me alone to hear

"Just shut up or you won't be getting any tonight" I taunted him, making him look at me in fear and raised his hands in surrender.

We joined the group who were already in a circle sitting. I sat between Asher and Noel. On the other side of Asher was the pixie haired girl and her friend. They were giggling and whispering to each other as the pointed at Asher.

There were more guys playing than girls and I gulped in fear when one of them sent me a wink. God knows what the guy have in mind .Asher glared at him which made the guy look down in fear. The pixie haired girl was about to start the game when there was a knock on . Noel got up and stumbled towards the door. He opened it to reveal five guys who were dressed as cops.

" guys the stripers are here!" He screeched making the females scream in excitement. Un f*cking believable. The idiot actually invited stripers? Even for Noel that was to much.

The strippers came in and started dancing seductively, some even taking out their clothes and left their thongs. Noel came back to sit down with a drink in his hands. The strippers were left to entertain the guest who weren't playing the game. Poor rose. I could see her cringing from all the way here.

"Now let's start the f*cking game!" Noel announced making everyone nod in agreement. He spinned the bottle making it land on pixie haired girl friend who looked to eager to play.

"Truth or dare Sam?"

"Dare!"

"I dare you to give Derek a lap dance."

"Oh that's easy!"

Five spins later and the bottle landed on Asher who picked truth. Pussy

"How many girls have you banged for this month?" The guy who spin the bottle asked. I held my breath as I waited for his answer.

"One, sorry ladies I'm taken" he answered truthfully and directed the last sentence to the girls who were drooling at him. I let go of the breath I was holding and blushed when he gave me a discreet wink. The girls groaned in disappointment. Two spins later and the bottle landed on me.

"Truth or dare?" The guy named Derek asked

"Dare" I said bravely I really didn't want to seem like a Pussy to pick out truth

"I dare you to let one of those strippers grind on you." Derek said slyly as he pointed at the strippers who were grinding on everything I swear.

"That's a little too far, she will never do it" Asher said suddenly making everyone look at him questionly, I can speak for myself a\$\$h0le.

"You're not my dad Asher, I can do anything I want." I angrily tell him. I was irritated at him for answering for me, I'll f*cking show him that he doesn't tell me what to do.

"You're not f*cking letting those guys touch you." He said back just as angrily, his eyes blazing with anger.

"Watch me." I said sassily

I got up and walked towards the strippers who were still putting on a show.why the f*ck am I doing this, oh right to teach Asher a lesson. I reached the male strippers who directed their attention on me. Gulping I closed my eyes as I felt one grinding his self on my leg.

I opened my eyes when I heard a commotion as I felt the guy being ripped away from me. Looking around I saw Asher holding the strippers by the neck as he angrily whispered something to him. Gasping I went to remove Asher from the poor guy who was shivering with fear.

Pulling Asher away was harder than I thought, he literally looked like he would murder the guy, so I stepped in front of him and tried to get his attention by shouting his name in his face. That got his attention as he averted his eyes to mine furiously.

His eyes held furry as his face looked red from anger. He let the guy go, making him drop with a thud and stepped over him to get in my face.

"Let us f*cking go Lily!" He angrily shouted grabbing my arm. I nodded quickly as I didn't want to anger him more, it was my fault after all.

"Yes meet me outside I need to talk to rose." I whispered looking for Rose who I found looking at the commotion. Asher nodded and left but not before saying sorry to Noel for ruining his party who just waved him off.

I pulled Rose along with me to her room and locked the door. I let go of the breath I was holding and turned to face her.

"I know you have questions so go right ahead and ask me."

"Oh I don't need to ask you anything, I knew what was going on already." She shrugged before going to sit on her bed

"What? You know about Asher and I?" I asked my eyes opening in disbelief

"Yes it was pretty obvious, the guy couldn't stop staring at you with those love sick eyes, and grew jealous when others looked at you and plus since when does Asher want to hang out with us? The excuse he gave to come here was dumb." She said while laughing

"Sorry I didn't tell you." I told her looking down in embarrassment

She shrugged "No need to apologize, but I wanna know all the details later." She teased and winked at me at the end which made me blush

"I sure will tell you"

"Now go and meet your man before he come back to attack another poor guy." She said while laughing

"Okay see you later!" Laughing I waved her goodbye before telling Noel bye on my way out.

I found Asher outside pacing but stopped when he saw me. He gave out a relieved sigh and told me to get in. He pointed at a Lamborghini that I just noticed and I walked towards it and entered when he unlocked it.

The drive back to his penthouse was quiet and pretty awkward. The only sound was the soft music he was playing. When we reached, he got out without saying a word. I got out aswell and followed him in. As soon as we got in his penthouse Asher pushed me to the wall and lifted me up.

I wrapped my legs around his waist to hold myself steady as I looked at him shocked. Am I forgiven now?

"I don't like other guys touching you" he whispered to me as he hugged me closer and pressed my body on the door.

"I'm sorry, I went a little too far." I whispered back guiltily and passed my hands through his hair to calm him down.

"Damn right you did" he agreed and started unbuttoning my pants. When he settled me back down so he could fully remove it, he unbuttoned his and let it fall at his ankles. Looking at him confusingly I was answered with a smirk from Asher before I was picked up again by him and pressed against the door.

"I need a distraction from not going back there to kill the guy." He said before kissing me.

I gasped and moaned when I felt his fingers rub me through my panties before pushing it to aside. I felt when he pushed down his boxers as I felt his hardness at my center rubbing me teasingly. He gripped my hips and with a *thrst he entered me fully making my head roll back on the door in pleasure. He started fcking me relentlessly.*

"You're f*cking mine Lily!" He groaned out as he pumped inside me.

Chapter 32

♡ L I L Y ' S P O V ♡

Today is Friday the day I have been dreading. It is the day for Asher's football game. As much as I want to support him and show him that I love what he is into, I just can't see the point in me going there. It would just seem weird that a girl who barely goes to a football game would actually come to one today. The game should be starting in awhile.

And to top it all off I would have to sit through Shelly and Rebecca's horrible cheerleading moves. It's a miracle to me that they are both captains when they can barely dance without toppling over. I mean from the last time I saw them practicing, it looked like they didn't improve and that was a few days ago.

Ring! Getting out of my thoughts from the sudden ring of the bell I got up to leave the classroom, and bumped into a hard body when walking through the hall. Rubbing my sore nose from the impact, I glared at the culprit and wasn't surprised when Asher's blue eyes looked at me in amusement.

His eyes suddenly turned into fake anger as he snarled at me " watch where you are going freak."

I lifted my eyebrows in confusion but soon came to realization when he gestured to Shelly and Rebecca who were approaching us.

"Everything will be okay baby" he whispered for my ears only as he looked at me with adoration. They came to a stop before us and smirked cockily. They were already dressed in their cheerleading outfits which I might add were too revealing. I mean it barely covered their a\$\$.

"Aww look at this Rebecca our little miss nobody is trying to gain Asher's attention" Shelly said too sweetly as she gave me a once over

"Yes looks like little miss tramp is trying to get her claws on your man Shelly" Rebecca snarled as she took a few steps closer to me. Asher stopped her by pushing her back forcefully making her knock into Shelly who let out a pained squeal as Rebecca accidentally stepped on her feet.

"Shelly I'll *fcking handle this, get the fck out!*" He yelled looking at them in anger

"But why...." Shelly whined

"GET THE f*ck OUT!" Asher said more forcefully. They let out a huff as they left, their heels clacking loudly as they stomped aggressively. He turned towards me, his eyes holding amusement. Wow way to change moods

"Didn't see you there baby" he teased referring to us bumping into each other. It was only us in the halls now, as everyone got ready to go on the bleachers to wait for the game. He stepped closer and rubbed my nose. I swatted his hands away and glared at him in mock anger.

"oh sure you didn't " I stressed out. He chuckled giving my nose a k!ss before backing away a little as a student passed us by. When they were out of sight he brought his attention back to me.

"You're still coming to the game right?" He asked hopefully and bit his lips. Something I have noticed he does when he is nervous.

"Yes" I answered

His expression turned to mirth as he hugged me then broke it to give me a soft k!ss "Okay well I have to go meet the guys to get ready see you there!"

"By Ashy" I teased him fully knowing that he doesn't like my nickname for him that I came up with after a hot night of us having s*x.

"Ughh didn't I tell you not to call me that?" He groaned

"Yeah but I'm not listening" I said sticking out my tongue

"Uhhh If only I didn't love you " he groaned then froze when he noticed the words that came out of his mouth. He looked at me panicking before

scratching his hair and told me a quick bye and walked away before I could get a word in. Wtf just happened? Did Asher just said that he loves me. I know I love him but was too afraid to say it and I thought that it was too soon but knowing that he might love me back just gave me enough motivation to say those words three words to him.

I made my way to the bleachers and sat at the far back where you could barely notice me . I could see the other team Asher and the guys would be facing and I cringed at how buff they looked. Some guys will surely get injured. I was about to pull out my phone to pass time but stopped when the cheerleaders came out to start. They danced well shake their a\$\$ to entertain people. Finally Asher and the guys came out making everyone cheer loudly

They stopped in the middle of the field and got into a circle. They broke apart and I could spot Asher looking for someone. He stopped when his eyes landed on me and gave me a discreet wink. Looks like he is back to his happy mood. Smiling back at him I blew him a kiss making him smile. He finally got into his position to start the game.

Thirty minutes into the game and Asher and the guys were winning. I won't lie when I can tell you that it was so fascinating to see Asher play. I'm actually starting to like football.

They were currently having a break as the cheerleaders took over. I could tell Asher was exhausted as he removed the helmet to pass his hands through his hair. Ten minutes later of watching the horrible dance moves of the cheerleaders the game started back. Another thirty minutes later and Asher's team roared with victory as they held him up in the air. Everyone in the bleachers stood up including me to clap for them.

They put him down and slapped his back as they celebrated their victory. His eyes fell into my own before I saw Shelly make her way towards him. She jumped in his arms and kissed him. He didn't pull away, making my eyes fill with tears as they struggled to not fall.

My heart clenched when I saw her mouth still attached to his. Not wanting to see anymore I got up ready to leave. The tears I was holding finally fell as I struggled to breathe. Pushing through people I looked at them for the last time to see that they broke apart as Asher looked at me in panic. He started making his way to me but I turned around to run through the people to get out of there.

I literally run to Rose's apartment and banged on the door. She opened a minute after looking shocked to see me in this state. I'm sure I looked like a complete shit with tears rolling down my face and cheeks puffy from crying.

"What the hell happened to you?" She asked giving me a once over for any injuries

"Ash.." I stumbled, I couldn't fully say his name as my throat closed up whenever I tried to. Rose eyes lit up in understanding before gesturing me to enter.

"Come in"
