

Chapter 1017

But Sister Li knew Suzi very well.

The wife is a good person.

When his wife was heartbroken, Sister Li didn't want these people to disturb her.

It can be regarded as a kind of protection for his wife.

Fu Zhengxiong sighed: "Tell Suzi! If she wants to enter the Fu's house again in the future, let her persuade my son as soon as possible and let the family of three come back to the old house!"

Sister Li: "..."

"I went to Gasing Island, shouldn't I go home and talk about the situation there?"

Sister Li: "Hey, good sir, I see."

Fu Zhengxiong didn't talk to Sister Li again, but looked at Qin Shuang: "Shuang'er, let's go!"

Qin Shuang followed Fu Zhengxiong into the car and left.

Here Li Sao breathed a sigh of relief.

She had to go back to see how her wife was. Her mental breakdown was so bad today.

What difficulties did the wife encounter?

Sister Li was about to go upstairs, and the security in the community stopped her again: "Sister Li, Sister Li."

As soon as Sister Li turned her head, she saw Anbao followed by two little girls.

"Sister Li, these two little girls said they were guests in your house?" Security asked.

Aunt Li met Galia and Rayna.

Galia asked anxiously: "Aunt Li, what happened to Suzi, what happened?"

Sister Li sighed: "Hey, the Fu family just left, he came to Xingshi and asked him a crime, but he left without letting him in, my wife..."

Thinking of Suzi's appearance, Sister Li wiped her tears.

She didn't say anything, so she took Galia and Rayna upstairs.

When I saw Suzi, Suzi was already asleep.

She almost collapsed from crying outside just now.

When she was tired, she was sleeping very heavily now.

However, Suzi's face was extremely pale.

Galia and Rayna felt extremely uncomfortable.

"What to do?" Rayna cried and said, "We can't watch Suzi being bullied like this!"

Galia: "We must kill the Lin family! Didn't Elder Shu intercede in front of Fourth Master Fu? Arron can't kill them, we can kill them!"

Rayna said: "Let her sleep for a while, let's go out to discuss a countermeasure!"

Galia nodded.

In order not to affect Suzi's rest, the two came out of Suzi's house again.

Before leaving the community, Galia suddenly thought of someone: "Rayna, we have to deal with the Lin family of three. This is really necessary to discuss a countermeasure. I know who can discuss it."

Rayna also thought: "Dalia?"

"Well! She is a little older than us, and has been following Kraig. Let's discuss with her first to see if there is the best countermeasure."

"Good!"

Galia took out his mobile phone and called Dalia.

Hearing what happened to Suzi, Dalia was stunned.

She immediately said: "I happen to have not yet returned to Kyoto, you come to me now, we have a good discussion, three women can also be a head cobbler, this time, we must severely punish the Lin family! We have to tell Jarod, Suzi There are friends too!"

Galia nodded: "We will go to you right away."

After closing the line, Dalia waited for Galia and Rayna at home.

About an hour later, when someone rang the doorbell at the door, she immediately got up to open the door.

Du Huanshan was stunned when he saw the people at the door.

At the door stood a woman in olive-green overalls.

The woman's eyes smelled like a fox.

Her tone was strange at times, as if she was asking: "Are you Dalia?"

Chapter 1018

Dalia looked at the woman up and down.

The woman looked like a female soldier.

But, it's not very similar.

Because it's just the color of the clothes.

Her clothes are more like work clothes.

"You are..." Dalia was sure he didn't know the woman in front of him.

Moreover, the villa she and Kraig live in is considered a holiday place for Kraig. Most of them live in Kyoto. The reason why they live here this time is because they are waiting for Arron and Suzi to return.

"Courier." The woman said.

Dalia: "Women also deliver express delivery? But...I haven't ordered express delivery either!"

She went to the mall and came back when she bought some clothes and jewelry. She had never ordered express delivery.

The woman raised her eyebrows and smiled, with a frivolous tone in her tone: "I'm sorry, there are many occupations in this world, maybe all housewives like you who don't leave home have heard of it."

Dalia: "..."

This woman, why did she speak with a gun and a stick?

Dalia is a steady and gentle woman. At this moment, her own man, Kraig, is discussing matters with Arron at the Fu Group Company. She is the only one at home, so she can only patiently ask: "Miss, what do you have? Something?"

"I said! I'm here to deliver the courier!" The woman glanced at Dalia.

Dalia rose up: "Sorry! I didn't order express delivery, please leave here immediately!"

The woman laughed and her tone eased: "You did not order the express delivery, but Mr. Jun ordered it, and this is an international express delivery. I am also a professional international courier. The express delivery I sent is an extremely important confidential document. I advise you to accept it."

Dalia: "..."

I was a little nervous.

She is just a little woman.

She has never been involved in Kraig's business affairs. At this moment, Dalia can't think about why such confidential documents are sent to this leisure villa?

Instead of sending it directly to your home in Kyoto?

Dalia didn't think about it.

She only turned out the documents in the woman's hands and said politely: "I'm sorry, I...thank you for sending the documents. Don't worry, I won't look at such confidential matters. When my husband comes back, I will Give him the documents."

"Your husband?" the woman asked in a lightly mocking tone.

Dalia's little face blushed: "..."

She was a little guilty.

However, to a stranger she doesn't know, she can't explain to others that Kraig is not my husband, and we have no status?

After a few seconds, she nodded: "My husband."

"Heh!" The woman smiled: "I have given Mr. Jun several confidential documents. I have known him for more than ten years. I haven't heard of him yet. Kraig has married?"

Dalia: "..."

Before Dalia could react, the woman turned and left.

He didn't even say hello.

Dalia looked at the back of the woman walking. Although the woman was wearing an olive-green overalls, she had a small waist, as if a man could pinch it with a big hand.

Especially the posture of women walking.

The waist is twisted like a water snake.

Dalia couldn't help but said: "True Sao."

How can such a woman...deliver courier?

She doesn't understand.

Did not think about it.
