

Chapter 1091 – 1096 of Punished by His Love Nove

Chapter 1091

“As for the child, I will give her living expenses every month! And you, a mother, have to take up the obligation to raise her. As for the child, whether it will be good or bad in the future, it has nothing to do with me!”

Yubi, Mr. Shu left a portion of his money and left.

Zhou Qin was left alone, crying silently.

How much does she want her child to see her father?

Think more?

However, the child cannot see his father.

Dad is just around the corner. Alyce has grown to one year old, but he doesn't know who his father is.

Sometimes when Zhou Qin took her one-year-old Xiao Alyce to play in the park, when the one-year-old little bun was just learning to talk, she saw other children shouting 'Dad, Dad'

The one-year-old Xiao Alyce was also drooling, shouting unclearly, “Ah...Dad, ah...Dad...”

Every time at this time, Zhou Qin’s heart is extremely sad.

Under such circumstances, Zhou Qin stayed in the vicinity of Shu’s house until the child went to kindergarten, and the child never met his biological father.

The three-and-a-half-year-old Xiao Alyce was already able to speak. She looked up and looked at Zhou Qin very seriously: “Mom, the kindergarten children all have fathers. Is my father dead?”

Zhou Qin immediately covered Xiao Alyce’s mouth.

“Don’t curse your dad like this!” she scolded.

Xiao Alyce’s eyes blushed immediately and choked up: “Is my father not dead? My father is not dead, why doesn’t he come to see Alyce?”

Zhou Qin held Xiao Alyce in his arms: “Listen, baby, it’s not Dad’s fault that Dad doesn’t come to see you, it’s Mom’s fault.”

Xiao Alyce didn’t understand: “Mom, you love Alyce so much, what’s wrong with you?”

Zhou Qin cried and said: “Mom’s love for you is selfish. Your father has never loved your mother. Your father had a relationship with your mother because of an accident. He is a good person and he treats him. The wife’s responsibility is correct.”

“If I were her wife, I would also be relieved and proud of having such a husband.”

“But mom is different, mom is too lonely, mom... mother insisted on giving birth to you, so...”

Later, Zhou Qin was crying and speechless.

There is a child by her side to accompany her, and her area is no longer lonely.

But what about the child?

The child was over three years old, and his father didn't even look at it.

And her body is getting worse and worse.

It was previously concluded that she could live for a maximum of twelve years, and now four years have passed.

There are still eight years.

She didn't even know what to do with the child alone after she died?

"Mom, don't cry, mom, it's not mom's fault, it's Xiao Alyce's fault, Xiao Alyce washes his hands clean, Xiao Alyce is not making people, Xiao Alyce will play the piano for his father, Mom, Xiao Alyce went to apologize to Dad."

The child really wants to see his father once.

Think very much.

In order to be able to see her father, she washes her hands very clean.

She wanted to eat very much, but when she thought that her face would become clean after eating, she didn't dare to eat.

She also found a little red hairpin to put it on herself, trying to make herself look better.

I just hope my father can like her.

Seeing that Alyce, who was three and a half years old, was so eager to see his father, Zhou Qin couldn't help it, and said to Xiao Alyce: "Mom takes you to see Dad, but you take a secret look, OK?"

Alyce nodded happily immediately: "Okay."

In the afternoon of the next day, Zhou Qin took the three-and-a-half-year-old Xiao Alyce and hid away outside the gate of Shu's house, waiting for Elder Shu to return home.

Chapter 1092

That afternoon, it was the first time that a three-and-a-half-year-old girl met her father.

The man and his wife go out together.

They are dressed in suits and leather shoes, women's cheongsam, and gentlemen dressed up by both husband and wife are graceful and luxurious.

They were also followed by a seven or eight-year-old boy.

The image of a family of three is really envious of others.

"Look, Alyce, that's your father." Zhou Qin said to his daughter.

"Dad is so handsome." Xiao Alyce said.

"Well, your father is handsome and has the right. Your father is a good man and a very upright man. Xiao Alyce, my mother tells you, whether your father recognizes you or not, when you grow up, you must Be filial to your father,

because he gave you life. Understand?” Zhou Qin educated her daughter like this.

Although her child is a single parent, she does not inculcate any hatred in the child first.

Even if the child’s father never visits the child or recognizes the child in his life, Zhou Qin must establish an image of a good father in the child’s heart.

The little girl is very obedient and sensible.

Three-and-a-half-year-old Alyce nodded desperately in front of her mother: “I know my mother, I will love my father when I grow up.”

“Let’s go baby.” Zhou Qin said.

“No mother, I still want to see Dad again, you see, Dad’s car hasn’t drove away yet, shall we leave again when he drove away?” The little girl begged her mother greedily.

Mother felt sour.

But she agreed.

The mother and daughter stood far away from the door of Shu’s house, watching the Shu’s car slowly drive out, until the car accelerated, three and a half-year-old Xiao Alyce did not know the strength of those two, she broke away from her mother’s embrace. , Ran towards the parking space.

As she ran, she raised her little hand and waved.

There was a sweet childish voice in his mouth: “Dad, Dad, Dad... Alyce loves Dad...”

Zhou Qin immediately turned pale in shock.

She wanted to shout, but she didn't dare to shout loudly, because she was afraid that it would startle Shu's servant.

The little thing screamed as she ran. She saw a stone in front of her, and she tripped over the stone.

A large piece of skin on my hand was wiped off.

Zhou Qin felt distressed to help the child, but Xiao Alyce said to Zhou Qin happily and sweetly: "Mom, I don't hurt, I don't hurt at all. Mom, can I call my father good? Mom, Alyce Loving father, mother... Alyce is very happy."

Zhou Qin: "..."

She usually hugged the child, buried her head in the neck of the child's smile, and cried bitterly.

She shouldn't!

You shouldn't insist on giving birth to this child in order to let yourself live for another ten years.

She shouldn't be so selfish and graft all the suffering on her child.

She shouldn't!

"Mom I'm sorry, my baby. Mom must find a way to prolong her life and stay with my baby. Mom I'm sorry, baby."

The little girl was still very happy. She raised her uninjured little hand and wiped her mother's tears.

“Mom, I am very happy today, let’s go home.” The little girl said.

Zhou Qin took Xiao Alyce, who was three and a half years old, back to their mother and daughter’s residence.

That is a small single-family courtyard.

The small courtyard was bought by Elder Shu with money. Although he bought it with money, Elder Shu has never stepped into this small courtyard.

That night, after Zhou Qin bandaged the child’s hands, the child still did not sleep.

Zhou Qin asked Xiao Alyce: “Why don’t you sleep, baby?”

Chapter 1093

“Mom, I want to practice piano for a while.”

The three-and-a-half-year-old girl still doesn’t know how to play music, let alone how to practice the piano. It’s just that Zhou Qin often hugs her in front of the piano and teaches her how to finger it in order to make the child happy.

Every time she teaches her children, she says to her children: “Music can purify a person’s soul, and music can also make a person very happy.”

About the child, I heard these words in my heart, and the three and a half-year-old Xiao Alyce would subconsciously feel that if she had practiced the piano well and could play the piano, her father would be happy. When my father is happy, maybe he likes Xiao Alyce?

That night, the three-and-a-half-year-old Xiao Alyce actually practiced for two hours.

She is really good at practicing.

Even though he was only three and a half years old, his savvy was very high.

Since then, the little girl has practiced the piano almost every day, and her mother wanted to take her out to play for a while, but she couldn't bear it.

In less than half a year, the four-year-old Xiao Alyce could play tunes forever.

The name of the tune is Jingle Bells.

The play is not good, but there is a childish beauty of three and a half years old.

The four-year-old Peng has always had a small wish in her heart, that is, she can see her father again, she wants to play the piano for him, so that his father may like him.

This wish of Xiao Alyce soon had hope.

One afternoon, when Xiao Alyce was in the kindergarten before school, the kindergarten aunt asked all the children to sit down, put on the uniforms, wash the hands clean, and smile.

Because, there is a respectable uncle in the kindergarten to see them.

No one knows who this uncle is.

However, the children in the kindergarten are very obedient to the teacher.

Xiao Alyce is the most obedient one.

When the child was about to end school, Mr. Shu came.

He didn't come to the nursery school today to show his condolences. He came to pick up his wife's sister's children at his wife's order.

She is also a four-year-old girl.

Be regarded as the little niece of his wife.

When he came to the nursery, Mr. Shu went straight to the class of his wife and niece.

At a glance, he saw the girl who was dressed in an extremely western style and looked like a doll.

"Jianing, my uncle is here to pick you up." Elder Shu said.

The little girl named Jianing rushed towards her uncle: "Uncle, I like you the most when you come to pick me up. You see, all the kids in our class like you."

Elder Shu looked at all the children.

In a class, there are more than twenty four or five-year-old boys and girls.

Elder Shu did not recognize his daughter.

However, Xiao Alyce did not blame his father at all.

She looked at her father with a sweet smile on her face, until the newly transferred little doll Gu Jianing put down and was about to lead Gu Jianing to leave the garden, Xiao Alyce suddenly ran over bravely and blocked the way of Father Shu.

"Alyce, what are you doing?" The teacher called Xiao Alyce angrily.

Although your surname is Shu, you have nothing to do with you.

The teacher grabbed Xiao Alyce's hand and pulled Xiao Alyce back vigorously. While pulling, the teacher apologized to Mr. Shu: "I'm sorry, I'm sorry Lieutenant General Shu, this kid in our class is too naughty, she is always like this. , Sorry to make you laugh."

The teacher wanted to drag Alyce away.

However, Xiao Alyce hugged Old Man Shu's leg.

Elder Shu looked down at Xiao Alyce, who was still smiling sweetly, and asked the teacher with a dim expression, "What do you say her name is?"

The teacher shuddered in shock: "Shu...Alyce."

Chapter 1094

There was an indescribable murderous look on Old Man Shu's face.

He could see that this little thing was very similar to his eyebrows.

Especially like when he was a child, but the people here have never seen him when he was a child, otherwise, you can tell at a glance that this little thing is his daughter.

The displeasure on his face was obvious.

The teacher can see it too.

She pulled Xiao Alyce vigorously.

Had it not been for the presence of Mr. Shu, the teacher would have wanted to play Alyce.

Why is this kid like this!

Elder Shu said coldly, "Let her go, I see what she wants to do."

At that moment, Elder Shu had made up his mind. If this little thing dared to call his father, he would immediately send Zhou Qin and his mother and daughter to a remote area.

Let them never come back.

However, the teacher let go of Alyce, but Xiao Alyce did not call his father.

She only smiled sweetly at Old Man Shu, and said in a childish voice: "I can play the piano. The piano I play can make people listen very happy. I want to play you a kiss, okay?"

Elder Shu: "..."

For a moment, did he move a heart of compassion?

Elder Shu didn't know.

He did not agree, nor refused.

However, the little girl had already rushed to the piano, climbed onto the stool, hung her two short legs, and played the piano.

She plays in a decent way.

Playing himself is very intoxicated, serious and intoxicated.

Because my mother told her that you can only attract your audience when you are serious and devoted.

Therefore, the little girl is very involved in the whole song.

The song is over.

The little girl got off the stool happily.

She wanted to tell her father proudly: "Is this song good?"

She was very proud to ask her father: "Am I playing very well?"

Then she said to her father with great pride: "There is one thing you may not know, I am your daughter! Hehe, how about it, please be happy!"

This is what the four-year-old Alyce wants to say.

However, when she got off the stool, she saw that there was no father in the classroom.

Dad has left.

Dad is gone!

Alyce immediately burst into tears of grievance.

She walked out with two short legs and chased her for a long time.

She watched as her father held the doll-like child outside the kindergarten and bought her a cotton candy.

Then he took the child into the car, and the car drove away instantly.

“Dad...” Xiao Alyce stood alone, crying with tears.

Then my mother came to pick her up.

Ask her why she is unhappy?

Xiao Alyce shook her head. She didn't want her mother to see her unhappy.

Because my mother will be sad.

Xiao Alyce didn't want to make her mother sad because she knew her mother was sick.

Once my mother went to the hospital to see a doctor and brought her along. She heard the doctor say to her mother that she should not be angry or sad because of her illness. She must be calm and live well.

Therefore, Xiao Alyce cannot make her mother sad.

She smiled and looked at her mother: “Mom, it must be because my piano hasn't been practiced well yet, so children don't like to listen very much. I will go home and continue to practice piano, okay?”

Zhou Qin nodded: “Okay!”

Back home, Xiao Alyce really took the piano seriously, knowing that she was tired, and then her mother put her to sleep.

What she didn't know was that after she fell asleep, her father came to her mother.

My mother ordered her not to let Xiao Alyce go to that kindergarten.

Chapter 1095

Otherwise, send their mother and daughter to the most remote place.

How can that be?

Zhou Qin was anxious on the spot.

In remote places, the education of the child cannot keep up. Her condition is not easy to treat in a small city.

She immediately agreed to Father Shu that she would not go to the kindergarten tomorrow and change the kindergarten for the child again.

In this way, when Xiao Alyce hoped to see her father again in the near future, she transferred to another school.

For a long time after that, she couldn't see her father.

She saw a lot of children sometimes the father came to pick him up from school, and saw a lot of little girls and boys riding around on his father's neck, wandering around.

But Xiao Alyce didn't.

She is envious of others.

Envy belongs to envy, but Xiao Alyce did not complain.

Because her mother is full of love instilled.

Dad is a good person.

Dad is a very responsible person.

Dad is very trustworthy.

Dad is a general.

Dad made Xiao Alyce proud.

When it was time for Alyce to go to elementary school, the living expenses of Mr. Shu sent to him were still the same as before.

However, Zhou Qin wanted the best education for his children.

She felt that she had already lost a lot of money, and if she didn't find a better one for her at school, she would be even more sorry for the child.

In order to subsidize the family, Zhou Qin not only recruited students to teach piano at home, but in her free time, she also took classes in the gallery by herself, drawing and selling for money.

Her painting skills are not the pinnacle, but she also has small achievements, especially when she paints winter plums, she has a unique style of character.

For six years of primary school, Alyce attended the best primary school in Nancheng.

Not only that, but she has also practiced very well in piano, almost reaching the playing level.

In the six years of elementary school, Alyce has excellent academic performance, she is sensible and meek.

Very considerate of mother.

The twelve-year-old girl is no longer crying for her father like she did in kindergarten.

Although she knew that her father was still in this world, Alyce was no longer crying for his father.

However, her mother still said to her: “Alyce, your father is a good person, don’t blame him, if your father cares for our mothers, it is a betrayal to his real family.”

Alyce smiled helplessly at his mother: “Mom! I know you are going to tell me soon, you are sorry for me too.”

Zhou Qin said apologetically: “Mom is going to tell you this way.”

“But mother, it is human instinct to reproduce offspring.”

Zhou Qin: “...”

She did not expect that a twelve-year-old child would be so calm and rational.

“Mom, there is nothing wrong with you. You didn’t seduce him. He broke into your bathroom in a crisis. He couldn’t hold himself. Then you had me.” When talking about this, Alyce had already Very calm.

She is not a child.

She is already twelve years old.

In six years, she had fully understood that it was not because she didn’t work hard, because she didn’t play the piano well, so her father didn’t come to see her.

Dad didn't stay with her, didn't recognize her, didn't work hard with her, and didn't have anything to do with her.

Dad didn't come to see her because she came to this world without her father's consent.

No one blames Alyce.

She just wants to have a good school, and when she grows up, she will find Gu's hard-working mother.

Try to let your mother live for a while.

She thought so, and she did pass the Nancheng No. 1 Middle School, the best middle school in Nancheng.

In Nancheng No. 1 Middle School, she has a new classmate who is also at the same table. Her tablemate is named Gu Jianing.

As soon as school started, Gu Jianing invited Alyce: "Alyce, I invite you to my birthday party. Will you come? My aunt, my uncle, my cousin, and my parents will celebrate my birthday."

Alyce said: "Okay, I am very happy to attend your birthday party."

Chapter 1096

The reason why Alyce is willing to attend the birthday party of her new classmate Gu Jianing is that she always feels the name Gu Jianing is familiar.

Seems like I've seen it somewhere before.

However, the twelve-year-old girl couldn't remember where she had seen it.

I just feel that it seems very kind.

When the little girl came home, she specifically said to her mother: “Mom, a classmate invited me to her birthday party. Mom, I want to carefully prepare a gift for the classmate.”

Zhou Qin was also very happy to hear it.

There is not much time for himself.

The reason why I was able to live until the child was twelve years old, and I was not dead, was because I took tens of thousands of dollars of medicine every month to hang myself.

I can support it day by day.

It is best to wait until your child graduates from high school.

There are still six years!

In any case, I have to last for six years!

The child now knows to make friends, have fun with the little friends, and have a good time, which is what Zhou Qin can't ask for.

At least when he is no longer alive, the child will not be alone.

After her daughter said it, Zhou Qin began to prepare gifts for her daughter.

Moreover, she also bought very beautiful dresses for her daughter. She didn't want her daughter to lose face in front of any classmates.

Zhou Qin is a woman who has traveled abroad. The dresses she chooses for her daughter are elegant, but lively and playful. The birthday gifts she prepares for her children are very special.

It is a plum blossom picture that she drew herself.

The picture is also dotted with a few and a half large sika deer.

The small appearance of the ultimate sika deer running in the snow is extremely cute.

On the upper right side of a painting, there is Zhou Qin's inscription: I wish Xiaoshouxing beautiful and healthy

Twelve-year-old Alyce likes the gifts she gave to her classmates. She is very happy that her mother chooses the dress for herself.

Mother called her a car, she took a taxi and went to the vicinity of her classmate's house, who was waiting for her at the intersection.

"Alyce, what gift did you give me? The packaging is so exquisite." Gu Jianing, also twelve years old, asked curiously.

Alyce has a very mild temper. She smiled and said, "Do you want to see it now?"

"Hmm! I really want to see it!"

"Then I will open it to you now! Do you agree with the gift for you?" Alyce Gu Jianing.

Gu Jianing nodded happily: "Of course I agree!"

The two twelve-year-old girls are really destined to meet each other and like each other. I wish I could tell everyone at once that this is my new best friend.

Before the two little girls arrived at the door of the house, they hurriedly removed the plum blossom picture on the road.

Taking it apart, Gu Jianing was stunned.

She was happy and jumped up: "Alyce! I promise, the gift you gave me is the best gift I received today, Alyce, I like you so much."

Alyce: "It's fine if you are happy. My mother said when I came. You will definitely like the gift I gave you."

"Thank you Alyce, I declare that you are my best friend, the best friend!"

Alyce also raised his small fist: "I also declare that you are my best friend! The best best friend!"

The two bare hands clung to the house together.

As he walked, Gu Jianing asked, "Alyce, what do your parents do? I see this painting you gave me. I can guess that your parents must be extraordinary."

Alyce said frankly: "Well, my mother is a piano teacher, and my colleague is also a painter. As for my father..."

"What's wrong with your father?"

"My dad... he just provided a sperm to my mother, nothing more. I... can say, I don't have a dad." Since childhood, Alyce hasn't been too much. Of hatred.

This stems from the fact that my mother taught well.
