

Chapter 1231 – 1236 of Punished by His Love Novel

Chapter 1231

Clock Screen Exhibition: “...”

After a long while, Zhong Muzhan asked, “You...Kraig, what’s the matter with you?”

“My wife is lost! My wife is lost! My wife is still carrying my son in her belly, she is lost!” Kraig was about to cry.

He has been decadent for several days.

Only today did he reluctantly regain his energy, but also because he figured out that he will fight a protracted battle in the future and spend his entire life to find his wife and children back, so he can’t let himself be decadent.

Moreover, there is another reason why he cheered up.

Because the other two good brothers were not far away thousands of miles away, they ran to Nancheng to comfort him Kraig.

However, Kraig did not expect that both Mu Zhan and Shen He came for Arron’s business.

At this moment, Kraig, who is extremely fragile, especially hopes that two friends of the opposite sex can comfort him.

Unexpectedly, Zhong Muzhan suddenly said: "Deserve it!"

Kraig: "..."

"I'm telling you, old gentleman, I hope Ah Shan will not be found by you for the rest of my life. How good is the other person? I have followed you for so many years, working hard and taking care of you so well, your head is squeezed by the door?" Zhong The curtain exhibition is a serious scolding Kraig.

Jiang Chenhe also took advantage of it: "You can do it, old gentleman!"

Kraig: "..."

When life was the most painful and most in need of comfort, a few dead brothers didn't comfort him, but attacked him instead.

When they saw the driver who sent Fu Zhengxiong back, Zhong Muzhan and Jiang Chenhe asked together; "What's the matter, how is the old man's mood along the way? There is no violent scolding, right?"

The driver truthfully replied: "Cold...swear."

Zhong Muzhan: "What did you scold?"

The driver scratched his head all the way.

"You speak!" Zhong Muzhan patted the driver rudely on the shoulder.

The driver looked at Arron, but still did not dare to speak.

Arron asked in a flat tone: "Scuse Suzi for not observing women's way?"

The driver nodded: "That's roughly what it means."

"This old man, I just owe it to you! If I hear him say Suzi like this, I will immediately drive him out of the car! I will let her go home by herself!" Kraig, who was so wronged just now, suddenly helped Suzi at this moment. Embrace the injustice.

Everyone looked at Kraig.

Kraig said it very seriously.

He really wanted to hold on to the injustice for Suzi.

Kraig is not opposed to saying that women in Suzi attract men, let alone other people, even Kraig admires Suzi incomparably.

Usually neither overbearing nor overbearing.

Never be weak when you should have a temper.

Which man doesn't like such a woman?

Most importantly, Suzi is really good to Dalia, which shows that Suzi has multiple feelings.

What's even more rare is that Suzi is so good to Dalia, but she is not like those unreasonable women, who just want to vent her anger for her best friend, Kraig, on the contrary, Suzi treats Kraig. Comfort and comfort from time to time.

Compared with these deadly brothers, Suzi is much more kind.

Therefore, at this moment, Kraig supported Suzi.

As soon as his voice fell, someone opened the door and came in: “The people from far away heard you talking about me. What are you talking about me?”

Chapter 1232

The four men looked at the door together, and a curvy woman walked in with a child.

“Arron...” Suzi smiled: “I originally picked up the only one who could be here a while earlier, but I encountered something temporarily in the kindergarten, so I came late.”

I agreed with Arron. Arron came to the club first, and when Suzi got off work, he picked up the only one by himself, and then came to the club.

After work, Suzi went straight to the kindergarten.

However, it was a little bit later than usual, just in time for the peak period of picking up children.

Suzi was surrounded by several parents.

“Mrs. Fu, I haven’t seen you for a long time. What have you been up to?” Susan’s mother is the most enthusiastic about Suzi. She always feels that she and Suzi are very close.

In fact, since Suzi’s identity as Mrs. Fu was disclosed, in order to avoid unnecessary trouble, Suzi has tried his best to avoid these places that can cause right and wrong.

However, I still met Susan’s mother today.

Susan and Lilly have a very good relationship. For Susan's face, Suzi also politely greeted Susan's mother: "Susan's mother, long time no see."

"Yes, Mrs. Fu, they all asked me why I didn't play with you recently. I said you were busy. I said you will always come to the kindergarten to pick up your children after you are done. Mrs. Fu, you Look, since the incident in the banquet hall last time, you have withdrawn from the group..."

To be sure, Susan's mother looked at the other women who were looking forward to having a relationship with Suzi: "They all want you to be in the group, because your clothes are the best in the group, and your body is the best. It's great, everyone uses you as a fashion vane."

Suzi: "..."

She can see their compliments from the tone of those people, she never likes others to compliment herself.

She declined in a low-key voice: "Sorry, I think it's fine if we have an official group in the kindergarten. I am also busy at work, so I don't have time to join so many groups."

When these women were about to say something, another woman came out of the kindergarten holding a little girl.

The woman is very capable, wearing a pure white loose shirt on the upper body and a long one-step skirt on the lower body.

It's like a working woman.

When she saw Suzi talking with a few Mrs. Kuo, the woman was startled first, and then she led the little girl away.

“Mom, Susan’s mother said not to let Susan and Lilly play with me. Susan’s mother said I was an illegitimate daughter.” The little girl saw Susan and Lilly squatting next to the car to play, she was very yearning. Looked at mother.

The working woman patiently said: “Baby, many children in the kindergarten don’t have to play with the two of them, baby, walk home with their mother.”

The little girl cried: “No, mother...”

Here, after seeing this scene, Susan’s mother immediately whispered to Suzi: “This woman is new here. She usually has a sullen face. We talk to her and ignore us. We thought she was What kind of status is she? Who knows that she is a white-collar worker if she is pregnant if she is unmarried.”

Speaking of this, Susan’s mother was embarrassed and said to Suzi: “Mrs. Fu, her situation is different from yours. We are actually very friendly to her. We take the initiative to help her or something, but people don’t appreciate it. Ah, just not gregarious. So there is no way, we can only...”

Suzi pursed his lips and smiled.

Single mother.

Unmarried first pregnancy.

Hasn’t she had such an experience?

Today’s society is diversified, and there is more than one single mother in this world, Suzi.

It’s not just the case of this woman in front of me.

Rather, a lot.

But even so, what other people think of single mothers,

Still with colored eyes.

The former Suzi felt the same way. She could understand the coldness and incompatibility of the single mother.

Chapter 1233

Perhaps, it was once deeply hurt.

However, it was all other people's business. She seldom saw this mother. As for the behavior of others, it was not convenient for Suzi to participate.

She was about to pull Lilly away. The single mother just now suddenly pulled her crying daughter and came to Suzi, Susan's mother, and another mother.

"Excuse me, Susan, I think you always whispered to me like this. It's really bad behavior. I have tolerated you several times. Please change your habit. And, I don't Will add your group."

Susan's mother: "..."

Suzi: "..."

The woman smiled sadly again: "I know! You are all Mrs. Kuo! They are all rich people, and I get 30,000 yuan a month dead salary, the income of one year may not be enough for a brand-name package of yours, but I don't I owe you."

"I have my own salary! Our mother and daughter live very well! Why should I accept your charity!"

After some words, Susan's mother was angry: "You...how are you so good? We know that it is not easy for you to be a woman. We want to help you. You treat our kindness as a donkey's liver and lungs. Up!"

The woman sneered: "I'm sorry! I don't need it! I hope you will never try to pull me away again!"

Woman, the woman took the girl and turned away.

The little girl was still crying.

"Wait a minute." Suzi yelled softly behind him.

The woman looked back at Suzi: "Mrs. Fu! I know that you are the richest of Mrs. Kuo. I often hear them talk about you. When they talk about you, they all show off in their tone. They are all proud of you. Sorry, I have no habit of clinging."

After a pause, she said: "I just moved here. The reason why I came to this nursery is because the place where I work is close to here. Don't worry, I will transfer my child to the kindergarten as soon as possible."

The daughter's tone was not soft at all.

However, Suzi was not angry at all. She came to the woman, squatted down, and seriously laced the child's shoes.

Woman: "..."

After tying up the shoelaces, Suzi said: "If your child's shoelaces are opened, you will trip over while walking. Let me tell you an experience. When you buy shoes for a child like this, try not to buy shoelaces. Yes, it's easy to trip over."

Woman: "..."

After a pause for a few seconds, she suddenly choked up: “Yes... I’m sorry.”

Suzi shrugged: “It doesn’t matter, you are also great, with a monthly salary of more than 30,000, which is three times that of mine.”

She has only a salary of more than 10,000 yuan.

The woman was taken aback again: “...”

Suzi smiled and said, “Let’s go.”

Then he turned his head and said hello to those rich women and mothers: “I’m going a step ahead. I still have business at home today, so I won’t chat with you.”

Speaking of words, Suzi took Lilly’s hand and drove all the way to the clubhouse.

Recently, Kraig, who is very grateful to Suzi, asked Suzi: “Are the kindergarten women who are doing nothing wrong and want to trouble you?”

“No.” Suzi trailed.

The Zhong Muzhan next to him asked half-jokingly: “Sister-in-law, I guess, there are young boys who treat you as an unmarried woman and chase you, so you are late?”

Suzi chuckled, “How is this possible?”

As soon as her voice fell, the phone rang.

She picked up the connection: “Hello? Who are you?”

On the other end, a very clear voice came: “Suzi, I...I love you.”

Chapter 1234

Suzi: "..."

At this moment, the club was very quiet, even if Suzi did not turn on the handsfree, several men could vaguely hear clearly.

Especially Arron, he could hear things like this directly threatening his vital rights.

Arron's face was like thousand-year-old ice in the ice cellar.

This look of Arron made the other two good brothers amused.

The four brothers have been working hard together for more than ten, ten or twenty years, which one is not from the bloody storm?

Who has spent ten more hours on a woman?

But now it's different.

The man who was once the cruelest man has now fallen.

Ha!

Several people calmly listened to Suzi's reply: "Who are you! I don't know!"

At that end, the other party's tone is still the same as last time, with thousands of times: "But I really can't let go of you! The one I can't let go of is you, and you and his daughter are the only ones, Suzi, you say God. Is it too much for me! Too much!"

Suzi suddenly shook his head.

Then he asked hesitantly: “You are...”

She almost blurted out. At the other end, the man said very viciously: “You know what Suzi, sometimes, I hate it so much that I want to tear down this day!”

Yubi, before Suzi said anything, the man hung up the phone.

Suzi: “...”

She looked up at Arron with a cold expression on her face, not caring about comforting him, Suzi only eagerly said: “Arron, I think I should be able to guess that this person is...”

“I know!” Arron interrupted Suzi coldly.

Suzi bit his lip immediately: “You...”

“I guessed it a long time ago!”

Immediately afterwards, Kraig chuckled and added: “Just an hour before you came, the kid beat the waiters downstairs to death and ran away.”

Suzi said in a whistling tone: “He...he actually came to Nancheng? When did he come to Nancheng? He knew that Nancheng has you, so he came to Nancheng?”

Arron said angrily: “Because Nancheng has you...”

Suzi: “...”

She knows that her husband is very jealous recently.

But she had never seen her husband so jealous, and she was still jealous of his twin brother.

She was dumbfounded not knowing what she should say.

It's as if one's own handle has been caught.

Seeing his man become jealous at the moment, Suzi thought to himself, he better behave and don't cause trouble.

Thinking about this, she turned her mobile phone to silent, and she sat next to Arron very obediently.

Suzi took care of Arron's emotions, but the brothers wanted to add another fire.

"Suzi, it is said that when you are married and have children, women will not be as popular as they were when you were little girls, but you are on the contrary. You are married and have children, but there are more and more suitors. Congratulations." Jiang Chenhe raised his eyebrows and said.

Suzi: "...That, Mr. Jiang...Don't be kidding, this...is not a good thing."

Hearing Suzi being so cautious, Zhong Muzhan laughed: "Suzi, guess what we were talking about you just now?"

Suzi asked incomprehensibly: "What do you say about me..."

"Say you are a very feminine person. But no matter how feminine you are, we don't have the right to prevent other men from pursuing us? Everyone has the right to pursue others!"

Suzi: "..."

She can see it.

Where is Arron's brother?

This is clearly a group of bad friends!

For fear of harming friends in the world.

Moreover, when he made these damaging friends, she still didn't know him Arron.

Therefore, the loss of Arron by your friends cannot be counted on her Suzi.

Suzi curled his lips and said nothing.

Chapter 1235

Several damaging friends continued to suffer badly.

"Eh, Arron, your ascetic system, Leng Rin's great reputation is ruined."

"Arron, why am I so sorry for you now?"

Suzi: "..."

She wanted to say something in particular: "The three of you, can you say one less thing, and you, Kraig, ask you to find Sister Shan if you don't, why are you so free?"

However, Suzi said nothing.

She just sat obediently next to Arron.

However, Arron became more and more calm.

A man is a man with a deep city government and a very stable man.

It is possible that he is already overwhelmed in his heart by now, but he will remain calm on the surface.

Not only that, but Arron could ask lightly: "Do you think I'm pitiful now?"

Jiang Shenhe and Zhong Muzhan nodded one after another.

"It's so pitiful." Zhong Muzhan said bitterly.

"Then give me 15% of your shares, so that I don't feel sorry for me." Arron said slowly.

Clock Screen Exhibition: "..."

"And you, Ahe, give me the tens of thousands of hectares of land in the northwest of you. I want to build a man-made lake."

Jiang Shenhe: "..."

Bah!

This man!

He deserves his twin brothers to find fault with him.

With such a powerful group company, he has taken over Gasing Island, and now he has his wife and daughter, what else does he want to do!

The two brothers of life and death turned to comfort Kraig.

“Kraig, well, do you still need manpower to find Ah Shan? I support you with a little manpower.” Zhong Muzhan said.

Jiang Chenhe: “Kraig, I am familiar with the north, and I am looking for Ah Shan. I came to Nancheng with the curtain exhibition to tell you about it. Don’t worry, my wife ran away with the ball, and we are coaxing it back. , Isn’t it?”

Kraig looked at the two fallen grass on both sides and suddenly sneered: “Humph! I already have a thorough plan! I don’t need your two harm friends to support me. I could find my wife. , I was fooled by the two of you again!”

If you want to speak, Kraig got up and adjusted his suit: “Go! I have to go home and rest well and recharge my energy!”

Seeing that when Kraig left, the spirit was much better than when he was here, Jiang Chenhe and Zhong Muzhan also breathed a sigh of relief.

The two were about to say goodbye to Arron, but when they saw that Arron had been holding his daughter-in-law with one hand, and the child with the other hand, they all walked to the door of the box.

“Eh... Arron, won’t you sit there anymore?”

“Suzi...Does your sister-in-law want to be friends with you?”

A family of three had already walked out of the box and got off the elevator.

Even Lilly could see how poor father was.

Lilly said to Arron sympathetically: “Dad, you are more generous. You are not as young as my mother, not as beautiful as my mother, and not as gentle as my mother. Of course you are not as attractive as my mother.”

Suzi: “...”

What mess do you add to the little things!

Lilly continued to talk endlessly: “Besides, my mother has so many men pursuing her, which also shows that you have a good vision.”

“Forget it, dad, be more generous. When I get home, I will give you my best look, the biggest dumb bear.”

Suzi: “...”

The girl talked all the way.

Dad didn't talk all the way.

It's because Christopher didn't drive today. If Christopher sat in front, he would have laughed again.

Seeing the man not speaking, Suzi didn't speak either.

Straight back home, after eating, the man didn't say much.

Until nightfall, Suzi had planned to coax Arron, but as soon as he arrived in the bedroom, he was flipped and pressed under him by the man.

“Woman, you can only love me in this life!” The man's overbearing tone was like a child.

Chapter 1236

Suzi smiled charmingly: “It depends on how you conquer me!”

Man: “...”

The little woman is more and more able to control him now, no longer the cold resistance like when she first came last year, every time he softened for a long time.

More than two hours later, the woman's fingers interspersed in the man's short black hair, and her voice was lazy: "Arron, you say you are also the most powerful character in Nancheng anyway. There is no second. How come you have learned to shame now? Playing tricks with your own wife?"

Man: "..."

He doesn't want to shame!

But he couldn't hold back.

Even if Nancheng wants to marry him Arron, even if there are women, she doesn't dare to be so blatant, because Arron's person has already set up to leave.

Arron only loves his wife in this life.

He is a terrified person.

This incident has been reported on either the official blog of the Fu Group or the news media.

It was Arron who admitted it himself.

However, women are different.

Even if her child is six years old, she is also a true married woman, but Arron found that the suitors around the woman, from sixteen to thirty-six years old, are high-quality men like crucian carp who cross the river. Countless.

Isn't he the woman who is getting more and more nervous now!

The man turned over and held the woman in his arms: "From now on, you are not allowed to talk to a man if it is unnecessary!"

Woman: "You...you are too domineering!"

"It's you, I'm not afraid of me more and more!" The man said unreasonably.

Woman: "..."

Without waiting for her to say anything, he restrained her again.

No way, men and women are born with a big difference in physical strength.

Next day

Suzi was tired and reluctant to get up.

Fortunately, it's the weekend, otherwise I'm tired at work.

She poked the man's forehead: "I blame you!"

"Yeah!" the man said lazily: "As long as you have a long memory, I will be gentle with you."

Suzi: "..."

She got up, brushed her teeth, washed her face, and dressed the girl.

A family of three came to the restaurant for dinner.

"Mom, my dad didn't do anything to you yesterday, right?" The six-year-old girl is very good at her words.

She actually saw that her father was upset yesterday, and that he was wronged.

It's just that the smart little thing didn't dare to say.

She dared to ask when she watched her father and mother calm down this morning.

Suzi smiled angrily: "You little thing, you are getting more and more intimate with your father."

Lilly: "Hehe."

"Next time your father gives me annoyance, I don't expect you to support me." Suzi said with a sigh.

Lilly raised his eyebrows: "Mom, if you don't do things that make my father angry, my father hurts you more than I love me. Can you not do things that make him angry in the future?"

Suzi angrily asked: "Then, Fu You only tell me! What is it that makes your father angry?"

Angrily, Suzi even shouted out Fu Soong.

Arron pulled his lips and smiled unconsciously.

It is true that the daughter is the little lover of the father in the previous life.

Sure enough, Shen Only thought very much for his father: "As long as there are not so many men looking for mom, my mom is full of dads, and my dad will definitely not be angry."
