

Chapter 1259

Then he asked: "Baby, why do you ask mom like that?"

"Because Gu Xiangyi feels that my mother is very good, my mother tenderly cares for me, but her mother is a little cold, her mother never kisses her on the forehead..."

Suzi: "..."

"All right, mother?" Shen Only asked afterwards.

Suzi: "Yes, my mother promised you to give Gu Xiangyi a kiss, but I don't know if my mother agreed or not. If my mother doesn't agree, we can't force them, understand?"

Lilly nodded: "Hmm!"

After dinner, the mother and daughter went downstairs together, and the driver Christopher was waiting for them downstairs.

"Good morning, Uncle Yan." The little thing is very polite, she is very familiar with Christopher now.

Christopher also smiled and said, "Hello little princess. Good morning, madam."

Suzi nodded slightly, got in the car, and it was a long time after the car drove out. Suzi asked: "Assistant Yan, the day before yesterday...at the entrance of the Fu family's old house, you saw the man beating and spoiling. Up?"

Christopher dared not hide anything: "Yes Madam."

He is a smart person. Before Suzi could ask anything, Christopher had already said: "The Fourth Master has been looking for his twin brothers recently... but

you also know Madam that the person you are looking for this time is after all Not someone else, but a brother."

"If it's too tight, I'm afraid he will run."

"But it's not too tight. Look at him now, he is so arrogant that he ran directly to the boundary of the South City to make waves. To put it bluntly, unless the fourth master knew the person under his hand, he must not be able to do it. Do you think he can do it again and again? Can you do it?"

Suzi: "..."

Christopher was right.

But when Arron really wanted to catch Pan Haoyang alive, Pan Haoyang wouldn't be so unscrupulous.

"But..." Christopher said again: "If the Fourth Master keeps on doing this kind of mischief, the Fourth Master will definitely not stand idly by. Besides, the Fourth Master would have looked for him again, and now he sends it to the door. Come better."

"Will he die?" the kid Lilly asked suddenly.

Christopher could see from the rearview mirror, the little princess's eyes were red.

After all, there is a certain blood relationship.

During the few days when the little princess was on Gasing Island, her uncle treated her like her own father.

Children are emotional.

Christopher immediately comforted him mildly: "Little princess, don't worry, your Uncle Pan will definitely not die, because he and your father belong to the same father and the same mother."

Lilly stopped crying: "Just like me and my future younger siblings?"

Christopher nodded: "Yes, little princess."

Hearing this, Suzi blushed immediately.

Christopher is a very transparent person. He immediately opened the topic: "Madam, little princess, you don't have to worry too much. The dearest twins in the world, Master will not treat Master Pan like anything."

Suzi smiled slightly: "I see."

Shen Only said politely: "Thank you, Uncle Yan."

"It's okay, sit down, Uncle Yan is going to speed up." After Christopher wants to send the only and Suzi, there are more important things to do.

The car accelerated and soon came to the kindergarten.

The only kid Shen was the first to get out of the car, and Suzi followed behind.

The children's eyes are sharp and sharp. The only one Shen sees Gu Xiangyi from afar. She ran and shouted: "Gu Xiangyi, Gu Xiangyi, I have a gift for you today. Guess it is. What a surprise."

Gu Xiangyi was led by her mother, and when he was about to enter the school gate, he heard Lilly's shout.

She turned back suddenly.

Gu Xiangyi's mother also turned her head, she looked at Suzi and Shen Only with cold expression.

Suzi came up to say hello generously: "Mother Gu Xiangyi, how are you!"

Gu Xiangyi's mother: "I'm sorry, I'm not good!"

Chapter 1260

Suzi: "..."

She was a little baffled by women.

Even Lilly looked at his mother in embarrassment. When Shen Wei looked at the woman, his expression was a little timid.

The woman apologized instantly: "Sorry madam, I... I didn't control my emotions a little bit..."

Suzi smiled: "What's wrong? What happened?"

The woman sighed: "Mrs. Fu, I am actually a salaryman. I really can't compare with you rich people. Look, my daughter stepped on your husband's shoes the day before yesterday. I squatted down to polish your husband's shoes. Your husband Dislike me..."

Suzi calmly said, "Are you upset because of this?"

The woman said coldly: "How is it possible!"

After a pause, she said again: "I'm just talking about the fact that the luxurious rich and our salaried people are two levels of people. I never wanted to integrate with you in the past. It is not rare in my life! Even if I am a poor beggar, I will not go around the door of your rich man's house to beg for food."

Suzi: "Mother Gu Xiangyi, what do you want to say?"

Gu Xiangyi's mother continued: "So I beg Mrs. Fu, can you please tell your circle of friends about Mrs. Kuo, I really won't join their group! Okay?"

"I really don't have time. I am very busy at work every day. I take my children by myself."

"I don't have any extra money to compare packages, all kinds, or even men."

"I didn't."

Suzi smiled with a look of encouragement: "Okay, I'll help you."

The woman breathed a sigh of relief. She looked like Suzi in a deserted manner, thanking her: "Thank you!"

Words are bound, Gu Xiangyi wants to enter the kindergarten.

Suzi: "..."

Thinking that she was cold and cold back then, it was just to resist bullying from the outside world. Whenever someone gave her a little bit of faint light, she would laugh.

But this woman is really cold.

Have to admire.

Suzi smiled to himself.

"Mom!" Lilly called Suzi dissatisfied.

"What's the matter, baby?"

"You didn't take care of it personally!"

Suzi: "..."

She patiently coaxed Lilly: "Baby, you see, Gu Xiangyi's mother is not very easy to get along with. If I forcibly kiss Gu Xiangyi, the police will condemn his mother for insignificance, understand?"

Lilly nodded: "Okay Mom, I forgive you!"

Suzi: "Go in. Mom won't send you to the class today. Mom will be late today."

"Goodbye mom!" Lilly ran into the kindergarten.

Before Suzi turned the corner, he saw that Gu Xiangyi's mother had walked out of the class. Originally, Suzi wanted to say hello to her.

Sure enough, when the woman passed by Suzi, she just nodded slightly and left.

Suzi laughed again behind him: What a special woman.

Later, she also went to the intersection where Christopher was waiting for her.

Just about fifty steps out, Suzi heard someone calling her.

"The only mother, the only mother."

Suzi turned his head and saw Susan's mother.
