

Chapter 1263

His meaning is very clear. If you don't work hard to find him, he won't let you find him.

But once you put all your energy on finding him, and when you smash with him, he will activate his own self-destruct system.

That is, as long as you force him, he will immediately destroy himself.

"The self-destructing device on his body was purchased by him for several hundred million dollars in a place where the electronics industry and black technology of the generation in the Middle East were extremely developed."

Suzi couldn't help but breathed a sigh of relief: "What the hell does he want to do!"

Pan Haoyang in her impression was not like this.

The Pan Haoyang she knows is rational, has a bottom line, and is caring.

But now?

How much pain did he have to endure in his heart to make him do such a hysterical thing that hurts others and himself?

Suzi couldn't help feeling sorrow and sorrow in his heart.

"You..."

What are you going to do? She asked the man.

Man: "Don't pursue him any more..."

"Then he will continue to harass the old house..."

"That's the retribution that the old house deserves!" Arron said coldly.

Suzi: "If..."

"If he dares to get close to you and the only one, that's when he is wiped out. Everything else is easy to discuss." Arron's tone was flat.

The mother's other son, he naturally knows how to feel distressed.

However, that stinky boy has obviously gone crazy!

If Pan Haoyang is willing to do his duty honestly, Arron will give him part of the shares of the Fu family and make this company the two brothers of them.

If Pan Haoyang really wants to break the boat, the fish is dead and the net is broken, then Arron can only start ruthlessly!

Suzi put his arm around his man's head.

She knows that a man has his own ideas for everything, and she will have the right to support her man.

"Go to sleep," she said gently.

"Yeah."

This night, most of them were Suzi comforting men.

She knew that when the man made this decision, his heart was struggling very hard, the pain of giving up.

The feeling that blood is thicker than water.

He had few relatives.

"Go to sleep, husband, go to my mother's house with me tomorrow to see how her dance practice is, and whether she joins the team, I really want my mother to integrate into a team, and then find myself a partner. Son, it's the best." Suzi turned off the topic and said to Arron.

Arron nodded: "Well, I will have dinner at Mom's tomorrow and let Mom make dumplings."

"Okay!" Suzi said briskly with his head resting on the man's arm.

Next day

A family of three went to the mother's place together.

Mother's small yard was originally very quiet, but they parked the car outside before entering the door, they heard laughter in the small yard.

Who will it be?

Suzi deliberately stopped and listened, but it turned out to be Darius.

"Auntie, I ate here at noon today, and eat the dumplings you made. The sauerkraut dumplings you made are better than those made by people from the Northeast. I can eat three bowls at a time."

Alyce smiled very kindly: "I want to eat. Auntie Knife comes here every week, and Auntie will give you something to eat."

"Good!" Darius said briskly: "Auntie, I will move these two pots of flowers to the gate, where they are most suitable."

He spoke and came to the door.

"Brother Darius." Suzi shouted: "You are not in Beijing to accompany..."

"I'm back, I came back yesterday." Darius said: "Suzi, Brother Fu, the only one, you guys go in quickly, there are special products I brought back from Kyoto."

The moment Suzi went in, he suddenly turned around and asked Darius: "Cousin, do you have any other relatives in your family?"

Chapter 1264

Darius held a pot of flowers and was startled.

Then he asked: "Suzi, why did you suddenly ask me about this, did you... have discovered something?"

Suzi's heart also slammed.

However, she still shook her head: "No, I just saw you running to my mother's side at the weekend, and I felt that you only have my mother's relatives, haha."

She smiled pretentiously.

Darius breathed a sigh of relief immediately, but he sighed helplessly: "When I mentioned this relative, my scalp numb."

Suzi: "..."

After a pause, she asked calmly: "What's wrong with Darius? You...do you really have other relatives?"

Darius sighed and smiled and said: "No! My relative, your mother still knows. This relative and my aunt were classmates in kindergarten when they were young. When she was an aunt, she kicked my little aunt out of Shu's house."

Suzi: "..."

Regarding the past, Suzi heard his mother cry.

When my mother was a child, she had a little friend who was playing very well, but when that little friend heard that her mother was a child of a third child, she severed all contact with her mother.

The mother was not allowed to enter the gate of Shu's house.

If Suzi remembers correctly, the little girl who broke up with his mother should have the last name Gu, Gu Jianing.

Last name Gu!

Gu Xiangyi is also s3xual, and Gu Xiangyi also has a grandfather named Shu who is a relative.

This... should not be a coincidence.

She looked at Darius, and Darius simply put down the flowers. He sat on the steps of the gate and said to Suzi: "Actually, Grandpa is not sick. He went to Beijing this time mainly to hide from this relative."

"Huh?" Suzi was shocked.

Darius still said helplessly: "This matter is mainly to blame grandpa, my cousin, the daughter of my grandma's maiden sister, grew up next to my grandma, because my grandma's daughter died, so grandma took me The aunt is the biological daughter."

"Naturally, my grandfather also loves this cousin very much."

"My cousin's name is Gu Jianing."

Suzi knows.

Therefore, she calmly Darius said Gu Jianing.

Gu Jianing's parents were both middle-level cadres at the time. Although the Gu family was much better than those from the average well-off family, compared with the Shu family, the Shu family was at the time the most prominent.

Therefore, Gu Jianing's parents and Shu's family are walking very tightly.

In addition, Gu Jianing's mother and Darius's grandmother have a very good relationship.

Therefore, this relative has been walking very close.

For a long time, Darius's father thought that Gu Jianing was his sister.

Therefore, Darius's father and Gu Jianing's cousins are also very close.

In this way, the Shu family helped Gu family everywhere.

Until 28 years ago, when Gu Jianing, who was already 24 years old, was going to study abroad, Mr. Shu tried every means to get this niece like her own daughter to study in the best foreign school.

However, Gu Jianing did not grasp the opportunity over there.

The first thing she did when she went abroad was to fall in love.

She was looking for a Chinese foreigner who originally thought that he could marry into a top-level Chinese wealthy family abroad, but never thought that the foreign Chinese was just playing with her.

Just play with her, her boyfriend even brought her to a guest to play with.

The worst thing is that Gu Jianing is pregnant.

She doesn't know whose child she is pregnant.
