

# Chapter 1265

However, she could not abort this child for various reasons.

When the child was born, her rich boyfriend told her clearly: "If the child is mine, I will give you 100 million! Then take the child away. Of course, my child cannot follow a dirty woman like you. !"

"If the child is not mine, I'm sorry, the farther you roll me, the better!"

At that time, Gu Jianing was furious, and she cried and scolded her boyfriend: "Didn't you take me to play with your friends! Are you too dirty?"

The boyfriend laughed very cynically: "Of course! If it's just for fun, I like the dirty, because I have a heavy taste, but of course my child's mother must be another matter!"

Gu Jianing: "..."

Under extremely humiliating circumstances, Gu Jianing did a paternity test.

However, she was disappointed that she couldn't even get 100 million.

Because the child is not a boyfriend.

Gu Jianing couldn't find where the other man was, as if he had disappeared from this world. After asking her boyfriend, she knew that the man was really dead, and he was gambled to death because of a huge bet.

Gu Jianing, who was taking the child at the time, really wanted to cry without tears.

Originally wanted to marry a foreign giant and return home.

However, she failed to study abroad. Instead, she gave birth to a child. At that time, Gu Jianing could only ask for help from her family.

Her so-called family was Shu's family at the time.

In those few years, the Shu family was sending money to Gu Jianing.

Fortunately, the Shu family has a big family. Every year, Gu Jianing is given 10 million yuan, which is enough for Gu Jianing to take his daughter and take advantage of it abroad.

More than 20 years have passed. Gu Jianing has a stable job abroad. His daughter also studied economics at a Buddhist university in a foreign country. She is considered a top student.

Although Gu Jianing's life was not a happy life and was deceived extremely miserably, but fortunately, she had no worries about food and clothing, and was pampered.

More than two decades later, Gu Jianing, who had never returned to China, suddenly wanted to return. Before returning to China, she called the only uncle who was still alive.

Gu Jianing's uncle is of course Mr. Shu.

"Uncle, I just miss you, I want to come back to see you, and give you a birthday or something. Uncle, how are you?" Gu Jianing, the very kind old man Wenshu.

However, more than two decades have passed, and Mr. Shu has long no longer loved this niece as much as he did when he was a child.

What's more, Mr. Shu now has a pro-daughter, a granddaughter, and a granddaughter.

Therefore, he did not want Gu Jianing to come back to climb relatives.

In particular, Gu Jianing was once Alyce's little girlfriend, and she bullied Alyce.

Therefore, when Gu Jianing came back to visit Elder Shu, Elder Shu had nowhere to hide. At such an old age, he didn't want to offend the child who had loved him all his life as a daughter.

Therefore, Mr. Shu's very old voice said to Darius: "A Zhen, take grandpa to Kyoto. Grandpa doesn't want to see your cousin Gu."

Darius felt nothing: "Cousin still cares about you very much, you..."

"That was not my biological daughter after all. I loved her a hundred times better than my biological daughter. Now when I see her, I think of the things I did back then, so I don't want to see her."

Darius understood his grandfather's thoughts, and together with his parents, he took his grandfather to Kyoto.

This walk is one week.

Originally thinking that Gu Jianing came to visit Shu's family after returning to China, but found that no one in Shu's family was receiving her, she could retreat and never come again.

However, as soon as they came back this morning, Shu's landline received a call from Gu Jianing.

She still insisted on coming to see Mr. Shu.

Speaking of this, Darius looked at Suzi and sighed: "Hey! This is really a relative that can't get rid of."

Hearing that Darius finished speaking, Suzi asked without hesitation: "How old is your aunt's daughter? What's her name? Does your aunt already have a granddaughter?"

Darius asked in surprise: "You...how do you know?"

## Chapter 1266

Seeing Darius's expression, Suzi's heart was instantly stunned.

However, after a tight second, she smiled and said, "Brother Ah Zhen, you think, in fact, this probability is 50%. Your aunt's daughter will either have a man or no man. If a man then gives birth to a child, the child is neither a boy nor a girl. So. I guessed it all right?"

Darius suddenly smiled: "Suzi, I didn't expect you to be so playful."

Suzi said: "Yes! Actually, my nature is still very playful."

Darius said again: "Don't talk about her, it's annoying to think of it. Actually, I haven't seen this cousin very much. I have never seen this second-generation cousin in my life."

After a pause, Darius said again: "In fact, Suzi, we are the real blood relationship. Your mother is my little aunt, and you are my cousin. I only have two cousins, you and Rayna, and no others. "

Suzi nodded: "Well, go in, let's help my mother make dumplings together."

"Okay!" Darius's mood improved immediately, he suddenly remembered and asked: "I heard that my aunt is going to participate in an elderly dance sorority?"

Suzi suddenly laughed: "My mother has never been very good at dancing. She plays the piano well, but her physical coordination is really bad. I don't know if she has been practicing dancing this week?"

"Go in and take a look."

Entering the room, Alyce is making dough.

She has mixed all the dumpling fillings. After the noodles are alive and the skins are rolled out, you can make dumplings.

"Mom, did you talk about dancing this week?" Suzi asked.

"Why didn't you learn?" Alyce said excitedly, and Yubi put down the face of peace, raised both hands, and acted for Suzi Teacher.

It looks decent.

Suzi discovered that, in fact, his mother was a cheerful and thoughtful person.

This stems from the good thinking that grandma instilled in her mother.

Don't look at my mother being discriminated against by my grandfather all her life, and don't admit it. But my mother never felt inferior.

Moreover, my mother is a very easy-going person.

This is the case with Jarod.

Later, Jarod didn't want her mother anymore, drove her out, and her mother married a rural lame. She was still able to have fun with the hardships of Shen Lame's life.

"Mom, you can do it."

Alyce smiled: "Who knows, mom just wants to be able to get in touch with more people."

"Support you, mom!"

"Support you, sister-in-law!" Darius also said.

"I support you too, grandma." Lilly was afraid of falling behind.

In the small living room, laughter continued.

Just when the atmosphere was happy, Darius's cell phone rang, he picked it up and glanced at it, frowning slightly.

"What's wrong, A Zhen?" Alyce was concerned.

"It's okay, sister-in-law."

Say yes, Darius got up and went out to answer the phone: "Hey!"

At the other end, a gentle voice came: "Brother Darius, why aren't you at home this weekend?"

Darius's tone was very cold: "Sally, are you okay?"

"My mother wanted to see Grandpa Shu today. As you know, my mother has always been Grandpa Shu's biological father. She was like visiting Grandpa Shu last week. As a result, you haven't visited his old man. You I left for Kyoto."

Darius: "Grandpa is in very bad health. It is not suitable to see outsiders anymore."

The woman at that end didn't notice Darius's displeasure at all.

She just continued to say with great enthusiasm: "We are not outsiders. My mother regards Grandpa Shu as a father. I actually regard Grandpa Shu as a grandfather, my pro-grandfather."

"Sally..."
