

Chapter 159

Christopher looked at Arron puzzledly.

Arron only repeated coldly: "Go back!"

Christopher: "..."

He felt that his brain was really clever, and being so scolded by the Fourth Master, he immediately figured out where he was going back. While starting the engine, he assured Arron: "Master, don't worry, although the place where Miss Shen lives is a slum, it's not safe, but I promise that as long as I stay there, no one will harass her. I'm now, Immediately! Go back to Miss Shen's bungalow and stand guard!"

Arron finally didn't speak again this time.

Instead, he stepped into the elevator alone.

Christopher drove all the way and quickly went to Suzi's residence.

He didn't dare to approach, he just sat in the car, turned off the fire, and looked at Suzi's small room from a distance with the lights still on.

Christopher held his nose alone and said with emotion: "Can people live here? There is rubbish everywhere. The road is narrow and there are no two cars side by side. I have been guarding here for ten minutes and I have seen three men come out and go everywhere. The size of the poop.

What's more, the man put his arm around the woman, Yingshengyan passed through, and some simply found a corner, and started to work.

This, what place! "

It's not that Christopher has never played with women. The fourth master is a no-bath system because the fourth master's mother had not obtained the consent of the Fu family, so the fourth master has always been very self-disciplined in this respect, and the master has always had a rule that he will either never get married in this life. If you want to get married, you will only get married once.

Only have children with his own wife.

However, the Lord never interfered with whether his subordinates were forbidden to bathe or confused in this regard.

Christopher is not a chaotic person, but sometimes he will go to some clubs when he comes to the scene. Selling gold caves and the like.

He has never seen such a dirty messy place so innocent, just find a corner, stand, and do it. Then he took out a few dollars at random and gave the money to leave.

This made him look terrifying.

And Miss Shen, who lives in such a mixed place?

Just thinking about it, Christopher suddenly saw a figure standing not far from Suzi's small bungalow.

The man looked at the hut in silence, and did not knock on the door to disturb Suzi.

Christopher took a closer look, and that person turned out to be Sanford.

Sanford kept guarding outside Suzi rental, waiting for two hours before leaving sadly.

Christopher looked at the figure who left, but was silent.

This guy doesn't seem to be a joke to Suzi.

This night, Christopher kept guarding outside Suzi. He didn't find a hotel nearby to fall asleep until five o'clock in the morning.

At ten o'clock in the morning, Christopher came here on time to pick up Suzi: "Ms. Shen, Mr. Fu, please, send me to pick you up."

Suzi asked Christopher slightly worried: "Assistant Yan, Father Fu, will you let me go? I...what did I do wrong? Why do you rich people always treat me as a plaything? I play as a ball, and in the end I have to put everything on my head. Is it because I squeezed me to death like an ant?"

Having said this, Suzi's expression was also fierce: "If you rush me, I can do anything!"

Christopher was extremely sad. He said in a sad tone: "Miss Shen, the reason why I came to meet Mr. Fu today is to ensure your safety. Don't worry, Miss Shen. Standing by your side, no one can move you anymore."

"Thank you." Suzi was slightly moved.

In the car, she was speechless all the way, and she didn't feel nervous. Anyway, she stretched and contracted with one stroke.

After arriving at Fu's house, Suzi was still stunned after seeing the scene.

Chapter 160

There were a lot of people sitting in the grand hall of the Fu's old house, some of whom Suzi didn't know, and some Suzi knew.

Suzi scanned for a week and found that Lanita was there, the old man of the Shu family was there, Walton was there, and Joan's parents were there.

Suzi didn't know some of the remaining people.

However, they looked at Suzi's eyes, they all looked at a pile of trash and wanted to get rid of them quickly.

"You're here!" The man sitting in the middle, the aloof Father Fu condescendingly said to Suzi.

"What's the matter, please tell me soon!" Suzi said coldly.

"First of all, you have to apologize to all these people here! Second, you have to write to them..."

"Apologize?" Suzi interrupted Fu Hengsheng and asked forcefully: "I didn't do anything wrong, why should I apologize! Besides, I don't even know some of these people here, so why should I apologize!"

Father Fu didn't expect Suzi to interrupt him.

Smoke came out of his head angrily: "You uneducated thing! Do you think that you entered the Fu family's door today and want to get out so easy! You'd better be honest with me!"

Suzi shuddered suddenly.

She has been out of prison for more than two months, and she knows something about the Fu family. The Fu family is not only powerful in the entire Nancheng, but even one of the best in the country.

Moreover, the Fu family has been entrenched in Yuncheng for more than two hundred years, and the tree in Yuncheng has deep roots. The Fu family's desire to destroy a person is like pinching an ant to death.

Although the population of the Fu family being cleared by the illegitimate son of Arron is declining, Arron is the more ruthless new head of the Fu family. From Arron's handling of his opponent, Suzi could deeply feel Arron's cruelty.

And Arron's blood was flowing with the Fu family. That is enough to prove that the past patriarchs of the Fu family are all ruthless roles.

Although Fu Hengsheng is more than 80 years old, his share of cruelty remains undiminished back then, and Suzi did not dare to stand firm.

She looked at Fu Hengsheng sadly: "Say! What do you want me to do!"

"Apologize to everyone here!"

Suzi's tone was softer than before: "Old sir, are you deceiving too much like this? There are at least four of you here who I have never met before, and I don't even know them. Why do I apologize?"

And Elder Shu, why should I apologize to him?

And Miss Min, did I offend her?

And Lanita!

Why should I apologize to them? "

Even if he died, Suzi had to die to understand. No matter how cruel Fu Hengsheng is, if it is not Suzi's fault, Suzi will never apologize if he is willing to die.

"Do you want to die to understand?" Fu Hengsheng said.

"Of course!"

"First of all, Yue'er." Fu Hengsheng pointed to Lanita and said to Suzi: "She is my grandson-in-law with my great-grandson in her belly, and you, but you do not want to seduce Yue'er's husband and my grandson all the time. Where is Yue'er like this? Yue'er is kind and doesn't care about you, but I, the old patriarch of the Fu family, will never allow anyone to bully our Fu family's

granddaughter-in-law! Especially the wild women outside, let alone pull Shit came to my Fu family!"

Suzi: "... " She raised her eyes to look at Lanita.

Lanita was looking at Suzi provocatively, her expression was extremely triumphant, and Lanita was already happy in her heart.
