

# Chapter 243

Young Master Ling, why do you have to be friends with me? "

"No! Suzi, don't say that to yourself!

You are cleaner than any girl I have ever seen!

Don't say that to yourself, Suzi. "Joan said heartbrokenly.

"But, this is the case." Suzi said dimly, and his voice became darker: "I don't want to get involved in your rich people's circle, but I was used by you as a gadget for two months, I just I'm just a homeless prisoner out of jail, I have a child in my belly, and I don't have the ability to fight with you.

I am like a clown, walking around in the circle you set for me.

After I get dizzy, you can put all kinds of shameless hats on me.

It doesn't matter.

It doesn't matter!

But my daughter!

She is only five years old!

Joan, I beg you to drive faster, I'm going to find my daughter!

I am looking for my daughter! "

Suzi's spirit almost collapsed.

"Okay, so calm down Suzi, calm down, I will send you there now. And you don't have to worry about your brother, I will definitely do everything possible

to help you find out his whereabouts, and I will send him the best I will go for the medicine for leg injuries. After all, Sanford was once my friend." Joan said as he drove.

"Thank you." Suzi leaned tiredly on the backrest and stopped talking.

Joan drove very steadily all the way. After more than half an hour, they came to the downstairs of the Fu's Group Building. Suzi looked up and couldn't see the one at the top.

"Suzi, when I get to the place, I won't accompany you. My cousin doesn't like family members to interfere in company affairs. Can you go up by yourself?" Joan asked.

Suzi nodded, then got out of the car and left. "Suzi!" Joan shouted again.

Suzi looked back at Joan: "Is there anything wrong with Young Master Ling?"

"Will you remember my number? If you have anything to do, remember to call me and I will be there on call." Joan said.

Suzi lowered his head and said softly, "No, if you help me find out about my brother, you can call Arron's home to have a landline. Then how do you need me to compensate you? I will be obedient. ."

After speaking, Suzi entered the Fu Shi Group Building.

The remaining Joan stood alone in the wind, wondering if it was painful or more painful?

At that end, Suzi went straight upstairs to the front desk. She had seen such a large company for the first time, and she inevitably flinched after coming in. The lady at the front desk asked unceremoniously: "Miss, may I ask who you are looking for!"

Suzi: "I'm looking for my daughter."

"Sorry, this is the office of the company, there is no one you are looking for! Please leave immediately!" the front desk said unceremoniously.

Suzi: "Then...I'm looking for...Arron."

"Did you call Arron too!" A lady in her fifties suddenly walked over, looking at Suzi with a majestic expression.

Suzi didn't know who the woman in front of her was, and she didn't bother to answer, so she just took out her mobile phone and called Arron: "Hey, I'm at the front desk of your company. I want to see my daughter."

At that end, Arron said in a very unhappy tone: "Didn't you let you stay in bed!"

"Where is my daughter?" Suzi asked.

Arron hung up the phone 'bang', then picked up the landline and dialed a series of numbers.

Then, the small front desk connected: "Hello, hello."

"Let Suzi come to my office immediately!" Arron said.

The lady at the front desk looked at Suzi incredulously: "Excuse me, you...are you Miss Suzi?"

Suzi nodded.

The front desk said in a very flattering tone: "Miss Shen, the president would like to please."

## Chapter 244

Suzi said stiffly: "You lead the way!"

Front desk lady: "..."

And the lady in her fifties who scolded Suzi just now, when she heard that Arron was about to let Suzi in, she was immediately dumbfounded.

"Are you Suzi?" The lady stopped Suzi and asked in a questioning tone.

Suzi sneered: "I don't seem to know you? Am I obligated to answer you?" It's so funny! Do all the people in this world want to drink Suzi to her?

Who does she owe Suzi!

Even Arron doesn't owe her!

She saved Arron's life! She was pregnant with Arron's child.

If it weren't for Arron to take her Lilly as a hostage, why would she be so controlled by others.

Middle-aged and elderly lady: "You..."

Suzi looked at the front desk, and the small front desk immediately nodded and bowed and said, "Miss Shen, please here."

The lady behind her was angry and furious, she immediately took out her mobile phone and called out: "Qin'er, I'm at the front desk, you come to the meeting room right away, I want to have a meeting for you!"

At that end, Arron's tone was particularly cold: "Mother, I said I don't like family members to participate in company affairs. You don't listen. Since there is a meeting, you don't need to go to the meeting room. I will wait for you in the office!"

The lady who called Arron was Arron's aunt and Fu Zhengxiong's wife, Qin Wenyu. All three of Qin Wenyu's biological sons were eradicated by Arron, and they were inconsistent with each other. For this reason, Qin Wenyu almost

died of heartbreak. Fortunately, Fu Zhengxiong accompanied her to recuperate abroad for a period of time, and she barely survived.

But Qin Wenyu also wanted to open up.

Since all three of her own sons were gone, she simply regarded Arron as her son. Qin Wenyu is still the majestic and prestigious Qin Wenyu who once stunned the business world!

Qin Wenyu took care of the noble silk scarves on the neck, with a pure gold eyeglass chain, stepped on the half-high heels unique to the elderly lady, and walked towards Arron's office.

In the office at this time, Arron was talking to a man: "Kraig, if the northern part of the land is circled, what advice do you have?"

Kraig touched the jade pull finger on his hand, and said slowly: "Old Fu, it's not up to you. I am not interested in business. The reason why I circled it quickly is to make it easier for you."

"Thanks." Arron said.

After finishing speaking, he unceremoniously drove Kraig away: "You are not leaving yet!"

Kraig said unhurriedly: "I haven't seen the woman hidden in your house yet. How can I leave? Fu, you've been single for so many years, just waiting for that woman? I guess you brought it back today. That bear child was also born to that woman? Old Fu, you can't hide from people, right?"

The ugly wife always wants to see her in-laws.

I want to see how ugly your daughter-in-law is, so you dare not let her see us brothers. "

As soon as Kraig's words fell, Suzi pushed the door in here: "Arron, the only one! Where did you put the one!"

"Yo!" Kraig chuckled and smiled, "Speaking of the daughter-in-law, the daughter-in-law is here!"

The front desk behind him trembled in fright, "I'm sorry, Mr. Fu, that... that, I told Ms. Shen that I was about to knock on the door, but Ms. Shen pushed the door directly, I'm sorry, Mr. Fu... .."

Kraig smiled leisurely: "It's okay for you, you can go back to your post first."
