

## Chapter 3568

Olivia brow flashed a trace of sinister thought, she coldly said: "Helena now, is terminally ill, a dying pet dog,"

"If we do not want to bite her in our hands, or have to find a current stage to pay the fastest sellers, grab off!"

"Give her to Aman Ramovich, 500 million euros will arrive immediately, and by the time she dies in St. Petersburg, what does it matter to us?"

"Aman Ramovich can't drag the corpse and come to us to return it to us, can he?"

Richard said with an awe-inspiring demeanor, "Olivia, you are the one who thinks more comprehensively. In that case, let's find a way to send Helena to Aman Ramovich!"

Olivia nodded and sneered, "Since she is here, then her fate will be at my disposal!"

"I heard that Amanramovich is a bit perverted at heart and likes to torture women in bed by all kinds of inhuman means. ..."

Olivia sneered and said, "In that case, we can still condemn Amanramovich and force him to pay another pension, or we will make public the news that he abused the royal princess to death!"

"I think, by then, how can he not give another 500 million euros, right? After all, it's not easy for the royal family to raise Helena, and it's reasonable for me to ask him for 500 million euros in compensation!"

Richard looked at his daughter, gave a thumbs up, and praised,

"Olivia, you are really a genius of the world! When you inherit the throne, the royal family will definitely usher in a spurt of development!"

Olivia nodded and said in a cold voice: "With the news of my marriage with William, the whole of Europe is concerned, many other European royal families and nobles, rich and powerful, are coming to attend the wedding of the two of us,"

"Originally I did not intend to invite Aman Ramovich, that thug who can not get on the stage, but since Helena is here, then I might as well invite him too, by the time the wedding is over I'll let him take her away!"

Richard laughed, "Aman Ramovich loves to attend European aristocratic parties, you call him now and he will fly over from St. Petersburg tonight!"

Olivia nodded and said with a cold smile, "I'll give him a call in a moment."

After saying that, she added, "By the way dad, I think after my wedding, there is no need to let the old lady continue to linger on, then let's inform the doctor and quietly pull out all the tubes."

.....

The speed of the Concorde was faster than the speed of the earth's rotation.

When Charlie and Helena boarded the plane, it was already evening there, but after four hours of flight, when they arrived in Oslo City, it was just dusk in Northern Europe.

Immediately after landing at the end of the runway, the plane was guided by ground guidance vehicles all the way to the hangar at the far end of the airport.

While the plane was still in the taxiing phase, Helena heard the voice message Olivia had left for her.

Although Olivia did not finish her words, Helena still heard the strong anger and threat in her words.

She looked at Charlie somewhat nervously and spoke, "Mr. Wade, Olivia should be very angry right now, I presume she will definitely put me under tight control the moment I get off the plane ....."

Charlie smiled: "The probability is that she will take you to the palace and put you under house arrest, and I will probably be treated the same way."

Helena was busy asking, "What then?"

"Never mind." Charlie said lightly: "Since we have come all the way here, naturally we should be treated as a guest, this is the due courtesy, everything will be discussed when we get to the palace."

When Helena saw that Charlie was prepared, she was immediately relieved, and then asked him, "Mr. Wade, then how should I introduce you to Helena?"

Charlie smiled, "Just say that I am Morgan's younger brother because Morgan has not yet consummated his marriage with you,"

"According to our Chinese rules, this kind of thing of returning to your mother's family to attend the wedding,"

"It is not convenient for Morgan to directly participate, so this time the Wade family arranged for me to escort all the way."

"Okay." Helena nodded gently and asked again, "Then does your name need to be circumvented?"

Charlie shook his head and casually laughed: "No need, for the first time in my life I came to Northern Europe, naturally I want to come openly and honestly!"
