

Chapter 491

She looked at a group of idiots present with a more stern look: "Who is still playing tricks like you now, you women, with a family of tens of millions, hundreds of millions, and owning a few properties, you feel that you are a high society? You too? If you don't take a piss and take a picture of yourself, will the upper class take in you?"

A group of ladies: "..."

Siu continued to sarcastically: "Just you folks, this trick played here, also occupied the largest box of our Jun's hotel, and it cost you 600,000 yuan. You are me. Is Jun's hotel a cheap hotel!"

Lady: "..."

At this time, the most eye-catching is Luo Cuicui's mother. The Luo family also has hundreds of millions of assets in Nancheng. Luo Cuicui's mother immediately accompanied a smile and said, "That...Miss Jun, thanks to your teachings, we. ... We already know."

"Know? What do you know?" Siu sneered and asked Luo Cuicui's mother: "Do you know that the first woman who left just now was a girl who specializes in seduce rich men? Know how powerful her methods are and how much she has failed. Line? You are still entangled with her, you are not afraid that your man will be taken away by her and you are a widow?"

Luo Cuicui's mother immediately asked: "That woman is... really such a woman?"

Siu raised her eyebrows and shrugged: "Not only that, the more she hates someone, the more she seduce her husband! And every hook is accurate."

Mother Luo Cuicui: "..."

At this moment, her appearance of six gods and no masters all looked at Siu's seriousness.

Siu immediately said haha, "It's all right, you idiots leave our hotel quickly, and you will be annoyed to see you! Go quickly!"

A group of high-pitched ladies, at this moment, all of them did not dare to say anything, and left the box in a dingy manner.

Luo Cuicui's mother is the slowest.

Because she saw that the clutch that Suzi was holding when she came here was forgotten here. She had this rough clutch in her mind when she first came in. The feeling of colliding with her simple clothes is very beautiful.

Anyway, that woman won't come back in the future.

It's not a valuable wallet anyway.

It is estimated that there are a lot of such bags on the market.

Luo Cuicui's mother took the bag in her hand, and then took Luo Cuicui away.

"This young and beautiful lady, wait a minute." Siu called to Luo Cuicui's mother.

Luo Cuicui's mother immediately smiled flatteringly: "Miss Jun, are you...what's the matter?"

Siu asked casually: "Your last name?"

"My last name is Tan, my name is Tan Yanqun, and my husband's surname is Luo. My husband's family is in the travel business..." Tan Yanqun immediately declared her name.

"Well, maybe we can still cooperate with our Jun family in the future." Siu seemed to inadvertently throw out an olive branch like Luo Cuicui's mother.

Tan Yanqun was immediately surprised: "Really...really?"

If they can reach the Jun family, then she and her husband will definitely be able to squeeze into the upper class in the future.

Siu laughed: "You don't worry that the bigger your husband's business is, the more the unrestricted fisherwoman will take your husband away?"

Tan Yanqun immediately said viciously: "This woman, I have long seen that she is not a good one! When I arrived in kindergarten on Monday, I must get rid of her!"

"I can help you." Siu said gently.

"Really...really Miss Jun?" Tan Yanqun looked at Siu incredulously: "You...Why are you willing to help me?"

Siu sighed: "Deeply suffering, I have suffered her losses before, so I don't want to see other women suffer from it too."

Tan Yanqun asked: "Do you...how can you help me?"

"I have some unsightly photos of Suzi, do you want it?" Siu smiled.

Chapter 492

Tan Yanqun looked at Siu warily: "Miss Jun, how come you have an indecent picture of Shen's only mother?"

Siu replied like a flow: "She once had an affair with my boyfriend and was discovered by me. I also found out that she had an affair with other men. It was because I caught her that I was able to subdue her. I won't dare to hook

up with my boyfriend anymore. Otherwise, she won't go back and look for something like yours next time, looking for new targets."

After some words, Luo Cuicui's mother is extremely annoyed: "Suzi! Although my husband is not a real powerful and upper-class person, I will never let Suzi stare at my husband. Please trouble Miss Jun to take her picture. Give it to me, I will fix her miserably, by the way, I will give you another sigh! Don't worry, Miss Jun Er, I know that your high-class ladies and eldest ladies take care of a little bit of face, but I am different, I It is to make Suzi famous and ruined!"

Siu smiled and applauded: "Support you! I called my assistant to send the photos, the photos are not in my phone."

After speaking, Siu broadcasted a phone call: "Hey, where are those photos?"

The other end responded quickly: "The photos will be synthesized right away, Miss, the photos are synthesized very well, you can't see them at all! It will be sent to you in half an hour!"

"Okay, waiting for you."

After closing the thread, Siu said to Luo Cuicui's mother: "In half an hour, my assistant will be there."

Tan Yanqun repeated his thanks: "Thank you, Miss Jun."

In order to build a relationship with the Jun family in the future, Tan Yanqun took the initiative to affirm to Siu: "Miss Jun, don't worry, I won't say that you gave me the photo. I also know that you hate Suzi, so this matter. Wrap it on me. I will definitely do it to your satisfaction."

Siu: "Well, I'm optimistic about you!" After speaking, he called the waiter again: "Help Mrs. Luo make a good coffee."

"Yes, Miss Jun!"

Tan Yanqun felt that she was going to have good luck.

Happily, I looked down at the handbag that Suzi had forgotten here and now she had taken as her own. There was nothing special about this bag alone. The leather was rough like the skin of an old scalper, but it was held by Suzi. It looks really nice with the outfit in the hand. Tan Yanqun looked at the clutch with disgust and greed, and cursed in her heart: "Suzi, see if I will kill you. After I kill you, I will also hold your package pure and arrogant!"

Half an hour later, the photos Siu wanted came.

She handed a stack of photos to Tan Yanqun. Tan Yanqun was stunned, and then she was pleasantly surprised, and then she cursed fiercely: "I didn't expect you to be so nasty!"

After installing the photo, Tan Yanqun and Siu Liu Ye bid farewell.

Watching Tan Yanqun walk out of the hotel, Siu smiled contemptuously: "What a good gunman."

"Siu, do you have to use this woman's hand to stink Suzi?" Jun Liuye asked.

Siu said fiercely, "Of course!"

Jun Liuye: "I feel a little flustered."

Siu glanced contemptuously at her sister: "Why are you so scared!"
