

Chapter 775

A blush naturally appeared on his face.

After coming out of the bedroom to change his clothes, Suzi came to the dining room and did not see Arron.

After seeing Suzi coming out, Li Sao said: "Mrs., my husband has been to the company more than an hour ago. It seems that these two days have been quite busy."

"Well, it's okay." Suzi turned and went to the balcony.

The balcony was full of various indoor flowers and plants, each full of vitality. Before breakfast, Suzi took care of those flowers and plants.

She thought of her mother again.

Regardless of their poor Shen family, but their mother is a person who loves flowers and plants very much.

In the past, Suzi never knew that his mother, as a poor peasant woman in the countryside, could no longer be poor, why was she different from those women?

Mother can play the piano.

Mother likes to grow flowers and grass.

Mother is also good at using the water soaked in jasmine flowers and rubbing it on her head.

In fact, my mother knows a lot.

Suzi didn't know before, but now Suzi seems to understand, because he understands, Suzi is even more disgusting Shu old man.

One hundred thousand points of disgust.

When he went to work again, Suzi put down his bag and went to Darius's office of the president.

Darius looked up and saw Suzi. The surprise and surprise on his face were obvious: "Suzi, are you looking for me?"

Suzi calmly said: "Mr. Shu, can I trouble you to tell Mr. Shu not to come to me again in the future, no matter if it is trouble for me. Or whatever, don't come to me, okay? Huh? I don't want to see Elder Shu again in this life."

Darius: "Suzi, do you... so hate my grandpa?"

Suzi shook his head: "Frankly, it doesn't matter to hate, I just disgust him in my heart, and I don't want to have anything to do with him in this life."

"Why! If your identity is true, he is your relative..."

"It's never possible!" Suzi interrupted Darius's words: "President Shu, if I remember correctly, you told me more than once that the reason why your grandfather cares about your granddaughter is because your little aunt has always followed My little mother lives together and has never been treated by your grandfather. Later, I learned that your little aunt was not the child born to your little mother, but your grandma's own birth. That's why your grandpa felt ashamed of your little aunt, didn't she? ?"

Darius was deeply ashamed: "Yes...it is true."

"So!" Suzi sneered: "How can you know whether your sister-in-law wants to meet your family? How can you know, your sister-in-law's offspring, would you like to admit your relatives? When he went back to his daughter and

found his granddaughter, what about when he was not guilty? And, did he feel guilty for that little mother and his concubine?"

Darius: "..."

He never thought about this problem.

He just wanted to satisfy his grandfather's wish and get his sister-in-law back.

Suzi sneered, turned around and left.

At this time, her mobile phone rang. When she picked it up, it was Rayna who called, and she immediately connected: "Rayna, why haven't you come to work in the past two days?"

I didn't know what was said on the other end, but Suzi's expression suddenly changed: "You...what did you say?"

Chapter 776

On that end, Rayna cried: "Suzi, come and save me..."

"Don't cry, Rayna, you tell me the address, and I will pick you up right away." Suzi asked immediately.

"This is the underground hotel of the slum generation that you lived in six years ago. It is said that it is an underground hotel. In fact, it is all people who do that kind of thing. They sold me to an old man, and that old man will come in another hour. It's..."

Suzi felt very distressed: "I'll go right away. If the old man comes before I come, you must fight him to the end. Do you know if you can buy more time?"

Rayna said: "Yeah."

Suzi immediately hung up the phone. Without saying hello to the design director, she took her bag downstairs again and drove out.

On the way, I said to the director: "I'm sorry, director, I have something to go out temporarily, and I will be back soon."

Suzi didn't want anyone to know about Rayna. This would be bad for Rayna's reputation.

She never expected that Rayna was knocked out by her biological parents and sent to that place.

The slum, that is where she lived six years ago.

Even if Rayna couldn't describe the harsh environment there, Rayna knew better than anyone what the hell it looked like in that place.

Driving all the way, Suzi couldn't figure it out all the way.

Why are Rayna's parents so cruel?

What kind of person can do justice to his own daughter and love his niece so much?

Isn't it your own?

At this time, Suzi's cell phone rang again.

She thought it was Rayna who called, but she picked it up and connected it to see that it was Darius. Suzi was a little impatient: "President Shu, I know that you are a good person, and you have helped me, but this cannot offset your grandfather's attitude towards me. He has hurt me countless times for Lanita's sake. In fact, the injury can't be regarded as injury, but your grandpa has always wanted my life.

Not to mention that I am not the cousin you are looking for. Even if I am your cousin, how can I recognize my grandfather?

Never can you understand?

I, Suzi, can die poor and be humiliated by anyone, even if I don't have the ability to resist, I can bear it, but I will definitely not be a pug!

I starved to death and was tortured to death, and I don't even eat food! "

At that end, Darius Zhen listened with incomparable emotion.

The more Suzi said so, the more Darius felt that Suzi was his little cousin.

Because Darius kept the grandfather's concubine in his hands, which could be regarded as his little grandmother, and Darius kept a calligraphy and painting of the little grandma's in his hands.

Although the calligraphy and painting are not made by everyone, and they have no collection value, Darius really likes the style of the painting, the inscription and the handwriting in the painting.

That picture is a painting of plum blossoms in the snow.

The beauty of the artistic conception makes people like Darius who do not understand painting feel that it is a very proud, very lonely and very tolerable beauty.

The inscription next to that painting is even more beautiful: How can the plum blossoms smell sweet without a bit of cold?

Originally, Darius had no affection for the little grandma who had never seen her before.

What can be good for someone who is an outside room?

However, because of this painting, the inscription on this painting, and the handwriting, Darius suddenly felt that little grandma should be a person with a story, but it is a pity that little grandma has passed away for many years before he was born. Therefore, when a friend sold the calligraphy and painting to Darius and told Darius that it was his little grandma's work, Darius collected it without hesitation.

Since then, Darius has respect for the little grandma in his heart.

He even felt that although the little aunt had followed the little grandma's life since she was a child, the little aunt educated by such a little grandma would definitely not be bad. He should also be a very dignified and arrogant person, so it is inferred from this that the little aunt's child should also be upright and arrogant, would he rather die than bend than bend?

Just like Suzi now.
