

Chapter 797

If the people in Jeonnam City knew that if Walton used the borrowed money to decorate herself, would she still live in the future?

"It's her?" Suzi sneered: "Walton, the clothes on Rayna are less than 10,000 yuan from top to bottom, but you, and your clothes and your bag will cost you millions. Where did the millions come from?"

Walton: "..."

"Say!" Suzi asked without giving way.

"I... my uncle and aunt gave it to me." Walton whispered.

"Haha!"

Behind her, Rayna cried suddenly. As she cried, she questioned: "My parents save money for you? Walton, my parents have no good jobs in their lives. I've never bought new ones for my poor family. The clothes are the clothes you wear. When I was young, my parents knew how to play mahjong. If they win money, they treat me better. If they lose money, they will beat me when they go home. They have no money at all!

Later, when I grew up, you helped me find a job in a construction company, and paid me a lot of salary, but most of my salary was used to support my parents.

However, even in that case, the money I give them a year is no more than 40,000 to 50,000.

I have only worked for three years, and I have killed 150,000 in three years. May I ask where did your over 1 million come from?

Are you trying to tell me that my parents save a million by playing mahjong? "

Walton: "..."

"Walton! You who drink human blood! You are my cousin! You urged my parents to sell me! In exchange for a million, let you decorate yourself and date my fiance ! You are still a human! Walton, even if you are so noble, but my fiance is still my fiance you can't take away! And I won't pay for you! Since you are willing to spend 700,000 or 800,000 yuan on a dress , Buy a bag with hundreds of thousands, then you will pay back the money you owe yourself!" Rayna said with tears, every word.

After she finished speaking, the few ladies next to her couldn't help but sighed about being born.

"This is nothing short of a vampire. I don't have any money, so I came up with such a shameful trick."

"Also delusional to grab the cousin's boyfriend."

"Is this a girl educated by a rigorous family like Elder Shu?" "It's a shame!"

"Vampire!"

"Black-hearted woman!"

"Walton!" At this time, Elder Shu suddenly decided: "Is this true!"

Walton: "Shu...Grandpa Shu, I...this is all voluntary by my aunt..."

"But I'm not willing!" Rayna roared angrily.

Yubi, she looked at Mr. Shu, every word, and said without fear: "Mother Shu, please give me an explanation!"

"Steward!" Elder Shu shouted angrily.

"Master..." The butler was so frightened that he did not dare to speak loudly.

"Shoot Walton out for me!" Elder Shu said coldly.

Walton: "Grandpa Shu..."

"I don't have a granddaughter like you! Your surname is Min, my surname is Shu, and I am not your grandfather either!"

"Dad..." Darius's mother.

Elder Shu's face turned black with anger: "Whoever dares to intercede for Walton, get out with her!"

No one dared to speak.

"Boom out!" Elder Shu exclaimed again.

"Wait!" Walton suddenly said in a hurry: "Wait a minute, I have something very important to tell Suzi!"

Chapter 798

Suzi: "..."

She looked at Walton calmly: "What's the matter?"

"For a long time, I have hidden a secret in my heart. There is no secret that anyone knows. Lanita only told me about this. I want to tell you this secret now, but I have a condition. You let me go. Once, how about?" Walton pleaded with Suzi with extremely eager eyes.

Suzi shook his head: "Walton, you owe money to someone's family after all. I can't help you with this."

"You can, you can definitely! As long as you want, you can definitely help me. You are the wife of Fourth Master Fu, the wife of the omnipotent Fourth

Master, you can definitely help me, help me once , How about I exchange this secret for you?"

Suzi: "..."

After a pause, she asked, "What is it about?"

"Your mother." Walton said.

Suzi was startled.

If it were her, Suzi would definitely think that Walton lied again, but Walton mentioned Suzi's mother.

Suzi can make a calm judgment about everything, except for her own mother, she can't calm down.

"Say! As long as you have my mother's whereabouts, I can spare you a life!" Suzi blurted out.

A sly smile appeared on Walton's face: "Come here, I can only tell you."

Suzi: "Good."

She walked towards Walton without hesitation.

Anxious to know the whereabouts of her mother, Suzi didn't even pay attention to Walton's sneer's vicious eyes. However, Suzi was allergic to snorting the day after tomorrow. When she was about to lower her body and put her ears close to Walton, Suzi was because Unable to smell the pungent perfume smell on Walton's body, she subconsciously ducked back.

"Go to hell..." At this time, Suzi saw that Walton had an extra small bottle in her hand, and the bottle cap had been unscrewed, she was desperately facing Suzi. Sprinkle in the past.

"Be careful!" behind Arron's hands were quick and quick, he jumped to Suzi at an unimaginable speed in one vigorous step, hugged Suzi, raised his foot and kicked the small bottle in Walton's hand. Then he kicked Walton far away. It happened that Walton sat on the small bottle impartially where she landed.

The concentrated sulfuric acid flowing out of the bottle instantly burned Walton's buttocks.

"Oh..." Walton felt painful.

And here, Arron hugged Suzi and asked eagerly: "Suzi, are you okay? Did you hurt anything?"

Suzi lay his head in Arron's arms: "Arron, I was scared to death. It was really dangerous just now. Fortunately, I...I have an allergic nose, otherwise I would really be disfigured by Walton this time. , I... scared me to death."

Arron patted Suzi on the back: "It's okay, nothing will happen with me, it's okay."

In fact, what he wanted to say was, what if she was splashed with sulfuric acid on her face?

He will still love her forever.

However, Arron knows how important looks are to a woman. Although his wife doesn't usually make up much, she also pays attention to maintaining her skin.

Seeing Arron holding Suzi while comfortingly kissing Suzi's hair in such a caring manner, Walton was jealous and had forgotten her pain.

She was crazy and cursed: "Arron! Are you blind? Why do you like this woman, do you know that she is a rag!"

Suzi had a relationship with Joan six years ago.

She and the 70-year-old man named Huo, they are not clear!

Also, she was on that cruise ship, she was willing to serve many, many men, she was an extremely dirty and mean woman!

Arron, are you a tattered pick? "

"Wow...you ugly ghost, I will let you say my mother, see if I don't kill you!" At this time, the little princess Lilly, who has been held by Galia, is like a little warrior. He rushed in front of Walton and rode on her to punch and kick her.

Since the butler was still holding Walton's hand, Walton couldn't fight back either.
