

Chapter 593

Seeing that there were many people on the other side, Qin Ming would not let him go easily either.

He did have sex with Lin Yurou, and now that he was still caught, it was no good for him to escape, so he could only see what he could do.

Qin Ming said, "You asked me to marry Lin Yurou and give her back her reputation. But how do I know, during this period of time, which man has she been with again or not?"

"No!"

Without waiting for Sister-in-law Bai Ying to speak, Lin Yurou suddenly came out from the back and spoke forcefully.

Her cheeks were delicately red, and her small hands tugged at her clothes as she said, "I originally went on a blind date to tide our Lin family over the difficult times. My ice-clean body was originally intended to be used to make a deal with the old Qin family."

"However, I happened to meet you. As a result, I got nothing and was ridiculed one by one by those gentry families in the city of Hai."

"By the time I returned to Xiangxi, wasn't that when you came?"

"I stayed at home for several months before I came to the capital city on business with my grandfather."

"Mr. Qin, you can despise my Lin family and look down on me, Lin Yurou, but I hope you won't slander my character like others have done. If it weren't for our entire Xiangxi Lin family, the livelihood of so many people in the Great Walled City weighing on our Lin family's

head, I wouldn't have gone to this length to go on a blind date with someone from the old Qin family."

On the side, Bai Ying's sister-in-law also said, "Mr. Qin, I guarantee this with my life as a wife. Our Yurou was brought up with an elite education and knows about propriety, righteousness and honesty. As a child, our Lin clan chief admired her and even thought of letting her find a son-in-law to join the family. If it wasn't for Qin Weiyuan's travesty of our Lin family, the patriarch wouldn't have even bothered to marry her off."

Qin Ming immediately said, "If that's the case, and you don't like me, why do I have to marry me?"

Lin Yurou said shyly, "I don't dislike Mr. Qin. In fact, I felt from the beginning that Mr. Qin was my type. It's just that you were the Mu family's son-in-law at the time. Moreover, my first man was you, and now that it has come to this, the female parasite king in my body would also like the taste of you, which would be good for both your body and mine. When Mr. Qin fought the rich youngsters of the major gentry in western Hunan that day and saved my Lin family, I was more or less fond of Mr. Qin in my heart."

"....." Qin Ming narrowed his eyes, this was said, it was all his fault for being too charming?

Qin Ming said, "Since you guys know that I am the son-in-law of the Mu family. Then what's the point of saying that."

"False." Sister-in-law Bai Ying said, "The matter between you and the Mu family, which I investigated over, was originally meant to be a happy occasion and a forced match, but it turned out that soon after the wedding, Mu Xiaoqiao went to the capital to start her own business. It's obvious that you couple has no real name, right? You, the Mu family son-in-law, if you want to be happy, why go to that little girl from the Nie family? And according to my investigation, although you and Mu Xiaoqiao had registered your marriage, you were already divorced, and this matter must have been hidden from the Mu family, right? You're a bachelor now."

Qin Ming grunted with a stern face, "I don't like people investigating me."

Sister-in-law Bai Ying slightly owed, "This is the fault of the old woman, me. But Mr. Qin, knowing your enemy and knowing yourself will win you a hundred battles, don't you think so? If Mr. Qin is willing to nod, I, the old woman, may as well kowtow to you and apologise."

Qin Ming said stiffly, "What if I don't agree?"

"Humph!" The six thugs around him stepped forward, looking as if they were about to strike someone.

Shit yeah, Qin Ming hurriedly took a step back, there were many people on the other side.

Sister Bai Ying laughed, "If you don't agree, we can only kidnap you back to Xiangxi, in that big mountain, once we tear down the base station, you can't even call out."

"Motherfucker, how dare you threaten me like that." Qin Ming found that men being too competent was also a very distressing thing.

Qin Ming narrowed his eyes and suddenly said, "It's not possible for me to marry her, but I have a condition. If you complete it, I will marry."

Lin Yurou asked, "What condition?"

Qin Ming said, "You find someone to be the representative and fight me, if you beat me, I will be convinced, if you lose, don't look for me in the future."

Qin Ming was out of tricks, it was too late to call on Song Ying, who was far away in Guangcheng.

Then he could only rely on his own real skills!

When Qin Ming was first in Hai City, before Zhang Quanzhen left, he gave him a copy of the I Ching Eight Trigrams, and a copy of Tai Chi Kung Fu in Practice, the contents of both books, Qin Ming read them hard every day, as well as practicing them, despite his lack of interest.

This morning Qin Ming even practiced before leaving his room.

Qin Ming had seen Zhang Quanzhen's skills, as well as trusted him a lot. He knew that martial arts was not against planes and cannons, but in everyday life in China, mastering martial arts would at least enable him to defend himself in case of sudden danger.

"Beat you?" Sister-in-law Bai Ying was stunned.

"Hahaha." Then the people from the surrounding Lin family laughed out loud, they had done quite a bit of research on Qin Ming and all knew that he had only been under the tutelage of Zhang Quanzhen for a short while, so even if he learned kung fu quickly, he couldn't possibly compare to those of them who had grown up practising kung fu and working as bodyguards, right?

Qin Ming said calmly, "Pick one of you and compete only once. Then I will promise to marry her, how about that, can you do it? Time is unlimited."

"I'll do it!" Sister-in-law Bai Ying took a step forward, smiling, and said, "Isn't Mr. Qin promising us by mentioning such a condition? It seems that Mr. Qin has figured it out, that's bold."

Qin Ming thought to himself, "Figured out your sister, fall for it."

Qin Ming said, "Sister Bai Ying, you're old, I'm afraid I'll hurt you, that won't be good. Let's change to a young man."

Bai Ying's wife shook her head and said, "It's about Yurou's lifelong happiness, how can I take it lightly? Mr. Qin, you won't back out?"

Qin Ming said, "I won't regret it, but I'm afraid you will."

Sister-in-law Bai Ying waved her hand, signalling those backwoods fighters who surrounded Qin Ming to move aside, and said, "Our Lin family has always valued promises, we will not back out."

The two men took up a position.

Bai Ying's sister-in-law looked old, but with three steps, she quickly rushed up and presented a clawed grasp with one hand, grabbing at Qin Ming's shoulder clothes.

But Qin Ming slashed his right foot and braced his hands.

A bang topped it.

But Qin Ming immediately felt a huge pressure on his wrist, this old woman really looked old, but in reality she was very strong.

But after all, Qin Ming was young and had still started practising, and although his knees were bent by the pressure, he did not fall to his knees.

He followed the downward pressure, then circled backwards and around, removing the force, then grabbed his hands and tried to bring Sister Bai Ying over.

Sister Bai Yingqi raised her eyebrows and said, "Taiji scattered hands? This is the kind of kung fu that Zhang Zhen Zhen is good at. However, Mr. Qin, your technique is too tender. Ha!"

With an angry shout, Bai Ying Sister-in-law took a step forward with both feet, and her grasped arm suddenly stiffened like iron as she struck Qin Ming's chest in a circle.

Qin Ming had originally grabbed Sister Bai Ying with both hands, but as a result, she was roughly wrenched free and had to quickly back up and turn sideways, dislodging the force and just barely grazing his body to avoid the punch.

"Oh?" Sister-in-law Bai Ying was surprised again and muttered in her mind, "This reaction and speed, as well as the use of Taiji Sanshou, is too fast."

Just as Sister-in-law Bai Ying was surprised, Qin Ming took advantage of the gap, suddenly dodged, and ran!

Sister-in-law Bai Ying and Lin Yurou were all startled and furious: "You've gone back on your word."

Qin Ming said without looking back, "I said no time limit, but I didn't say limit the scope of the competition. Sister Bai Ying, I didn't go back on my word, you have to beat me ah, I didn't ask to beat me here ah. So hahahaha."

Sister-in-law Bai Ying looked at Qin Ming who had fled far away and said in annoyance, "What are you guys still standing around for, bring that kid back to me."

On the other hand, Lin Yurou was not in a hurry and said with a smile, "Sister Bai Ying, in fact, I am not in a hurry, I can run away from the monk but not the temple. Moreover, I know that the person who took my body in the first place is him, and I have new plans."

Sister-in-law Bai Ying sighed and said, "Yu Rou, this boy is full of peach, you really don't regret it? Although the first time is gone, it's not something that's going to kill you, you still have a long way to go in life, it's not like every man cares about that membrane these days."

Lin Yurou shook her head and said, "No, this Qin Ming I like very much. Since the heavens have destined to give me to him, that means we are destined to be together."
