

Chapter 386

Qin Ming felt his back soft. This kind of touch was obviously caused by the girl who was sticking to his tiger's back from behind, and bursts of peachy ripples suddenly appeared in his heart.

The feeling of this girl sticking to his back from behind is so cool, is the person behind Song Ying?

Is she so bold?

However, Qin Ming was surprised as soon as the people behind spoke.

"Sister, elder sister, what should we do later?" Chen Muling leaned against Qin Ming's back very worried. She was in good shape. Qin Ming clearly felt the squeezing sensation in her chest, soft.

Qin Ming hesitated and didn't know how to answer. Why did Chen Muling suddenly follow him?

It seemed that Qin Ming himself had forgotten that he asked Chen Muling to follow her closely before agreeing to save her, so Chen Muling followed.

Qin Ming pressed his throat and said, "Don't worry, it's okay. The police will take action tonight. I cooperated with the police to capture these people in one go."

Chen Muling heard the police action and exclaimed: "Really? Sister, are you also a policeman?"

Chen Muling happily stretched out his hand and hugged Qin Ming's shoulders, this was completely embracing Qin Ming from behind! This is still no clothes!

Qin Ming couldn't do it anymore, he couldn't hold on anymore, and he had a shameful reaction, shameful.

Fortunately, he is facing all the women. After all, as an ideal college student, Qin Ming also understands the principle of not being rude, but Chen Muling is so proactive, no, so clearly taking advantage of him, as a man, he should be more generous. , Don't care about her.

"Yeah, I'm not a policeman, I'm an informant." Qin Ming replied entangledly, ignoring his identity.

In the hot spring water, Chen Muling hugged Qin Ming's back and whispered in his ear: "That's great, sister I have been scared just now. Thanks to my sister, if the police come to rescue us, I will be relieved. I'm not afraid of your jokes, sister. I'm too stupid. Someone once reminded me not to come, but I didn't believe him."

Qin Ming moved in his heart and asked, "Is he your friend?"

Chen Muling entangled his little mouth and said, "Well...how do you say it? It's half of it. He had a good impression of him before, but his person was a bit strange, often ignored people, messed with flowers everywhere, and treated me like me. The spare tire is too scumbag, I want to break up with him."

Qin Ming squinted his eyes and made sense. He never liked Chen Muling. How could Chen Muling come to the conclusion that he used it as a spare tire?

Chen Muling blew into Qin Ming's ear again and asked, "Sister, who is the policeman? Have you been with the sister next to you?"

Qin Ming was so "uncomfortable", he almost felt Chen Muling's heartbeat, right on his back, the hormonal stimulation, especially the inadvertent friction of the chest when Chen Muling moved his body, made his body hard.

Qin Ming hesitated and didn't know how to respond. Suddenly Qin Ming felt Chen Muling's hand grab it and grabbed it towards his chest.

But Qin Ming had two balls of plastic on his chest.

But this is not an ordinary latex. After all, it is the latest product of a certain branch in the country. It is the world's top bionic technology on a global scale. The simulation degree is 90. Except for the wrong temperature, the skin is very similar.

Chapter 387

Sun Changxi deserves to be a policeman, with keen insight, and discovered that Qin Ming and Chen Muling were pretending to be hypnotized.

But Chen Muling accidentally "sold" Qin Ming and revealed the identity of Sun Changxi as a police officer. Sun Changxi was like a big enemy and regarded Qin Ming as an insider of the criminal gang who was stalking her.

"Who are you? Turn around, otherwise I'm not welcome." Sun Changxi put her hand under the hot spring water, but Qin Ming clearly felt a sharp object on her back.

This threat really makes him very passive. Is this to reveal his identity?

Where is Song Ying?

Qin Ming looked back, but he didn't see Song Ying present, where might he go to deal with more important matters.

Although Song Ying didn't block the trouble for him, Qin Ming would not be too nervous.

He turned around, suppressed his voice, and said, "Officer Sun, I am not your enemy, I also want to save people."

Sun Changxi did not relax her vigilance and asked, "Who sent you here? What is your purpose?"

Qin Ming thought for a while, decided to lie, and said, "Qin Ming asked me to come, and he also said, I can ask you for assistance, or assist you."

Sun Changxi frowned and asked, "Qin Ming sent you? That guy is so troublesome. I told him earlier to let him not worry."

Chen Muling's heart moved and asked, "Sister, is this Qin Ming? Did he really ask you to save me?"

Qin Ming squinted his eyes, not to save you, but for his broken brother Liang Shaoyong.

But he didn't want to be troublesome, and said, "Well, yes."

Chen Muling became agitated and somewhat complacent. He said to himself: "Although he is a bit scumbag, he has a beginning and an end. Even though I humiliated him, he is still willing to come to rescue me and really lick the dog. Well. However, it's okay to have big right and wrong questions. He is a man, much better than other scumbags."

Qin Ming rolled his eyes inwardly, you can pull it down, too lazy to talk nonsense with you.

Sun Changxi retracted her knife and asked, "It's a nonsense. You...Forget it, it's useless to talk about it. Later, our police will arrest this cult. Please stay indoors as much as possible, put on your clothes, and don't move around. do you know?"

Chen Muling's head clicked like a chicken pecking at rice: "Hmm, sister policeman, come on."

Qin Ming asked, "How long will it take to wait?"

Sun Changxi hesitated for a while, and said: "We also have an undercover here, who has become a high-level cadre, and only waits for her to give orders. In addition to catching the big fish Professor Fu tonight, there is also a real boss behind the scenes. The drug lords who provide drugs should not be lost. This process is very dangerous. You must not go around, you know?"

Qin Ming was nothing. Seeing Song Ying's absence, although he was not worried that Song Ying would suffer, he was also afraid that Song Ying would ruin the police action.

He was about to look for Song Ying.

It turned out to be unbelievable, nosebleeds, Nima, many young women in the whole hot spring female bath are shaking in front of him, who can stand it?

Qin Ming was young and energetic and very angry. There used to be a girlfriend Li Meng who vented his anger every three to five times. Now that his girlfriend is lost, he has been patient every day and is almost becoming a Teenage Mutant Ninja Turtle. No, I suddenly saw a dozen beauties in there. A line of nosebleeds flowed out from playing in the hot spring.

Chen Muling was shocked: "Ah, sister, why do you have a nosebleed?"

Qin Ming hurriedly covered his nose, how could this be neat? It was too embarrassing. He looked around at the breasts and fat buttocks, but he didn't see Song Ying. The number of heads was indeed missing. Song Ying didn't seem to be in the water.

Qin Ming hurriedly avoided his eyes, looked at his neck, and said: "No, it's okay, I have been getting angry recently, and I always have nosebleeds."

Sun Changxi leaned over and helped him rub some acupuncture points on his face and said: "Don't move, I'll rub it for you."

Sun Changxi posted it. Is there any difference between Chen Muling and him just now? Isn't it all unclothed and tightly attached?

On the contrary, Qin Ming's nosebleeds flowed more and more.

Sun Changxi was puzzled, and muttered: "Huh? What's the matter? Hold down these acupuncture points on the face, it should not be bleeding soon. Hey, you turned around, what are you doing with your back facing us? "

Qin Ming felt bitter, but he dared not say.

Qin Ming thought to himself, is this a mixed bath? This is comparable to those things between husband and wife.

At this time, Zhao Menghua chatted with some other hypnotized women and waited for the purification. Chen Muling worried that Zhao Menghua followed.

This left Qin Ming and Sun Changxi, and Qin Ming felt even more nervous.

Sun Changxi looked at it for a while, and asked: "What's wrong with you? Your face is so red? Why is your face a little familiar? Are you Qin Ming's sister? What's your name?"

“Uh... it doesn't matter, right?” Qin Ming didn't want to answer. Sun Changxi is different from Chen Muling. She is a policeman, and it is easy to find problems from people's promises, such as seeing through you and lying.

So it's best not to answer, it's best to feel it physically.

Sun Changxi laughed and said: “Eh, why are you so shy? You still have the courage to listen to Qin Ming's words, come here to save people? Didn't you send your beautiful girl to the tiger's mouth? Go back to me. You have to educate him, he takes himself too seriously.”

As the words were being said, a few women suddenly played around behind Sun Changxi. She was hit on her back and her body rushed towards Qin Ming uncontrollably.

At this time, Qin Ming was facing Sun Changxi, but with this touch, the two bodies were touching each other, and there was a ripple in their chests, and Qin Ming was greatly irritated.

Sun Changxi is complaining: “Hey, these people are really enough...!! What is the hard thing under you? Is it a stick weapon?”

Qin Ming's desire to die was gone, and he topped Sun Changxi.

Sun Changxi still has a strong thirst for knowledge, and she stretched out her hand to touch it, which is even more remarkable. Sun Changxi's shocked expression has turned into murderous anger.

In the next instant, she took out the knife and held it under Qin Ming, but whenever Qin Ming dared to move, the knife fell in her hand and the hot spring was stained with blood.

Qin Ming knew that he only had one second. He had to do something, because this second decided whether he would be a normal man or an eunuch for the rest of his life?

Qin Ming said quickly: "Sister Changxi, it's me, Qin Ming. I have troubles, listen to my explanation, I must have a reasonable explanation. Finally, there should be no accidents here, which will cause commotion, sister Changxi. , The resident bird under the knife."

For a second, Qin Ming jumped out such a sentence.

Sun Changxi was even more annoyed when Qin Ming used her own voice: "You!"

Qin Ming continued quickly: "Sister Changxi, I also want to help you, the police and the people cooperate. Please calm down, be calm, I have a lot of evidence of these people's crimes, and I can still testify."

Sun Changxi was so angry that one Buddha was born and two Buddhas were born in Nirvana. She was convinced that the "woman" in front of her was a fake, and he was Qin Ming!

Sun Changxi stared at Qin Ming in disguise, "You, you, you!!!"

She even said a few of you, and tears came out.

Although Qin Ming felt a little sorry for her, he didn't dare to say "It's you who wanted me to turn around".

Qin Ming said: "Sister Changxi, you should let go first, let's say it well, don't let these people of the cult discover anomalies."

Sun Changxi was taken aback, and then remembered that she had been holding it. She flushed her cheeks and hurriedly let go, hid her body in the water, staring at Qin Ming viciously, and said, "You beast, turn around."

Qin Ming quickly turned around and leaned against the platform stone slab at the edge of the hot spring.

Sun Changxi looked at Qin Ming, both ashamed and annoyed. She was so angry that she suffered a lot.

“Boom” There was a sudden explosion upstairs in the hotel, breaking the tranquility of the hot spring room.

Qin Ming and Sun Changxi were both surprised, what happened? How could there be an explosion? Could it be that Song Ying ordered someone to explode?

Chapter 388

A huge explosion came from the top of the building, and everyone was stunned.

Sun Changxi immediately pressed her hand to her ear and only listened to the voice of a colleague from the small built-in microphone inside: “There was an accidental fire inside the hotel, and the plan was disrupted. Everyone immediately acted as planned to wipe out the cult and drug dealers.”

Sun Changxi worried: “But Sister Li is still dealing with the drug dealers.”

The microphone’s voice became more anxious: “I can’t care about so much. Because of an accident, someone has already started to transfer. If I miss this opportunity, I will give up all the work. Sun Changxi do what you should do to protect the hostages.”

What Sun Changxi has to do is to protect the dozen or so little girls who have just been tricked in, and ensure that each of them can leave safely.

Seeing Sun Changxi finished speaking, Qin Ming quickly asked, "Sister Changxi, what's wrong?"

Sun Changxi dived into the water, covered her chest with her hand, glanced at Qin Ming in shame, and said: "An accident happened to the hotel and our plan was disrupted. Qin Ming, don't mess with me."

Qin Ming said: "Sister Changxi, we can also meet each other. When did I add trouble to you?"

Sun Changxi was speechless, but Qin Ming didn't lick any trouble for Sun Changxi. She said: "Okay, you are all here, don't walk around, my task tonight is to protect the safety of each of you."

Can Qin Ming not leave?

Song Ying came in at this time. She didn't change her clothes. It turned out that she had been guarding the door to prevent some gangsters from suddenly rushing in and plotting wrong.

Song Ying walked over and whispered: "Master, there was an explosion upstairs in the hotel, and the fire alarm sounded. Shall we leave?"

Qin Ming asked, "Where are those who look at us?"

Song Ying raised her lips proudly, and said, "A bunch of trash has been dumped upside down by me in the sundries room."

Qin Ming thought for a while and ordered: "You first let Bi Yuan's people pay attention to the fish that slipped through the net, and don't have to do other things. Let's find a suitable time to leave."

At this time, Chen Muling was also pulling Zhao Menghua in a daze. The two women wrapped in white bath towels and ran over and asked: "Sister, sister police, what happened? There seems to be an explosion on it. The fire alarm bell keeps ringing, isn't it? Is there a fire?"

Sun Changxi calmed down and said: "Don't walk around, we will have someone to rescue right away from this position."

Qin Ming objected, saying, "If you stay behind and get trapped in the sea of flames, it will be even more troublesome. If you don't die, you will be choked by the smoke."

Sun Changxi still shook her head and said: "The police will soon come and take us out. With so many people, it will be difficult to find once they are separated."

Speaking of these hypnotized young women, they actually gathered together, formed a circle, and began to bow down, saying that the god of love would take them to the Paradise of Bliss and purify the devil in their hearts. This is God's will and so on. Talking crazy.

Everyone's expressions became dull, just like the meeting when I first saw Zhao Menghua. They were all after-effects after the onset of gambling addiction. They were confused and hypnotized to become believers of the Eros Church. They didn't know who their first name or last name was.

Qin Ming said, "Let everyone put on clothes first."

Chen Muling said anxiously: "But our clothes and mobile phones were taken away by the bastard Cao Wei. The clothes they prepared for us, they didn't have underwear, and they were all very transparent. I won't kill them. Wear."

Suddenly, Song Ying took a basket full of women's clothes, and said, "I helped find it. There were a few people who wanted to take a sneak shot just now. I also stopped it. The camera checked it, but I didn't succeed. It was also destroyed at hand."

Seeing that Song Ying is so capable, Sun Changxi couldn't help but look up a little. He came with Qin Ming, wouldn't he be a big lady in women's clothing, right?

But she didn't care so much anymore, and immediately put on her clothes so as to facilitate the next action.

A few women had just put on their clothes, and the accident happened again. A few sturdy men ran into the female soup pool and forcibly broke in. Isn't it Cao Wei who is the leader?

He came in and pointed at Qin Ming and others, and said, "Quickly, save them some of the best ones, pack them and get on the car, don't worry about other girls."

Obviously, Cao Wei knew that the matter was revealed, but he was reluctant to take the three beauties, Song Ying, Chen Muling and Sun Changxi, to flee with them.

Cao Wei said to the three women again: "Eros warned us that there is a fire in the hotel. Come with me and I will take you to a safe place."

But the girls did not move. Chen Muling was even more afraid to hide behind Qin Ming. She said worriedly, "Sister, what should we do?"

Cao Wei was taken aback, and saw that the eyes of the women were all normal, and they were all neatly dressed?

He looked at the dozen or so women who had gathered around and shouted to eliminate the demons in their bodies and dedicated themselves. He suddenly realized something and asked loudly, "Why are you not hypnotized?"

“Bah.” Chen Muling spit out disgustingly, and cursed: “Do you think we don’t know your tricks? Qin Ming reminded me a long time ago, why would I get caught? I saw you through, hum Humph. Besides, we still have the police. You can wait to go to jail.”

Cao Wei was taken aback, and then became irritated and said, “Oh, you bitch. Listen, everyone, these people have been polluted by the world and turned into demons. For our most beloved God of love, we are dedicated to our contribution. , Catch them all, purify them.”

The women who were hypnotized and brainwashed, shaped like walking dead, got up and shouted: “For the love of God.”

They obeyed Cao Wei’s orders, and rushed towards Qin Ming desperately, trying to catch them all, in order to love God and catch these polluted demons.

Zhao Menghua has always been brought by Chen Muling. She was introduced by Ma Rui and had been contacted by Cao Wei a long time ago. She had drunk “Happy Water” several times and heard the publicity of the church several times. There is no time to search for a beauty, and she does not move her.

But among these women who were hypnotized and brainwashed, Zhao Menghua had the most violent reaction.

She pushed Chen Muling away and hugged Qin Ming tightly, sticking to Qin Ming like a parasite, pulling Qin Ming back, and after struggling, her bathrobe fell to the ground.

Qin Ming feels a bit sorry for his suffering, brother.

This group of crazy women also rushed forward: “For the love of God, catch them.”

Sun Changxi could hardly take so many hostages by himself, for fear of injuring the hostages, so she seemed very passive.

On the contrary, Song Ying didn't care about the safety of these people, and came and fell one by one. The gods blocked and killed the gods, and the Buddha blocked and killed the Buddha. No one could get close to her within the five-step range.

Cao Wei was shocked to see Song Ying being so powerful, but seeing that Qin Ming was held back by Zhao Menghua, he shouted: "Zhao Menghua, bring someone over to me. You guys, arrested this woman for me. ."

Several of Cao Wei's bodyguards, their faces sinking, looked at Song Ying, who was cold, and saw that she just knocked down those believers. They knew that Song Ying had practiced, and they were probably the policemen who came in undercover. They hesitated. Individuals go together.

However, Song Ying made her move very quickly. She was proficient in fighting, and she knocked the four vain bodyguards to the ground with a few tricks.

But this time, Qin Ming was caught in front of Cao Wei by Zhao Menghua and a few women.

It's not that Qin Ming couldn't resist, but that Qin Ming deliberately, because Qin Ming saw that this side was safe, but there was one more thing to do.

Cao Wei caught Qin Ming when he saw the four beauties. Cao Wei didn't care about the loss, and immediately took Qin Ming and Zhao Menghua, who was hypnotized, to turn around and leave.

In the blink of an eye, Qin Ming was gone.

The girls who stayed in the hot spring had big eyes and small eyes, Song Ying secretly said that it was not good, and immediately followed out.

Chapter 389

Qin Ming deliberately asked Cao Wei to “capture” him. For nothing else, he wanted to get his mobile phone back.

The photo Nie Haitang gave him is in the phone. The phone is of special significance to Qin Ming and cannot be lost.

If Cao Wei dared to lose it, he would not leave Cao Wei to the police.

Cao Wei grabbed Qin Ming, who was in women’s clothing, and went to the underground garage. He only treated Qin Ming as an ordinary weak woman, and opened the car door and stuffed him inside.

With a roar and roar of the accelerator, Cao Wei drove out of the underground garage swiftly.

He laughed triumphantly: “The exit of this underground garage is so far away that the police won’t even notice it.”

After that, he looked at Qin Ming in the passenger seat, and couldn’t help but touch Qin Ming’s chest for a while. With the clothes behind, the latex cover was even more difficult to tell.

Cao Wei grinned excitedly: “Beauty, don’t worry, follow me to eat and drink spicy food.”

Qin Ming also smiled.

The car drove out of the underground garage because the hotel was located in a slightly remote suburb and the exit was far away, which was not ignored by the police.

“Hahaha.” Cao Wei laughed: “Want to catch me? There is no door.”

But Cao Wei’s smile stopped abruptly, replaced by consternation, and stopped.

Because there were already a dozen cars blocking the road outside, blocking Cao Wei’s way, but those were not police cars, they were all rushing, they were all Qin Ming’s assassination team.

Seeing such a large group of people blocking the road, Cao Wei was so frightened that he shook his teeth and drove around quickly, but a car was behind him, blocking his way back.

Qin Ming squinted his eyes and found that Song Ying, who was after him, was very good as his personal secretary.

Qin Ming leisurely leaned against the window, waiting for his subordinates to rescue him, but Cao Wei was so frightened that his hands trembled, and they were unable to get out of gear. Their expressions formed an extremely sharp contrast.

Along ran up quickly, broke the glass violently, opened the door and threw Cao Wei out.

The younger brothers quickly put Cao Wei up.

Cao Wei saw that these people were not police officers, and yelled in panic: “Friends, they are all on the road, let me have a way out. I have money, how much do you want? Let me go.”

Aomei walked over with a set of credit card tools: “Okay, you have 100 million for each of your hands and feet, 200 million for your head, 50 million for your heart, liver, spleen, lung and kidney, and 10 million for your eyes, ears, nose, and nose. Do you use your card or cash? ”

When Cao Wei heard Ao Mei selling him like pork, his legs became weak and he couldn't stand firmly, so he fainted.

Cao Wei hurriedly took out his pockets, took out a card, and begged: "I only have more than two billion, please forgive me."

Everyone looked at Qin Ming, whether they could spare Cao Wei, it was not their decision.

Cao Wei was taken aback, why do these people listen to the beauty he tricked to sleep?

But at this moment, Qin Ming had changed his clothes with Song Ying's help and put on his original men's clothing. Qin Ming took off his wig and threw it away, looking at Cao Wei with a funny expression on his face.

Qin Ming said happily, "Tsk tusk, President Cao, what a coincidence."

Cao Wei's expression was stiff. He looked at the latex sleeve that Qin Ming had taken off his body and was dumbfounded. This, this is actually a man? Is he fake breasts?

"Oh!" Cao Wei felt a little vomiting. Fortunately, he had touched Qin Ming's butt and thought about playing with this "girl" with the whip candle tonight. It turned out to be a man.

Qin Ming said: "Mr. Cao, didn't you say that a gangster like me can't control your business? Didn't you say that you would clean up people for me with just one call?"

Cao Wei cried and said, "Student Qin Ming, this, this is a misunderstanding. I don't know Taishan, I don't know Taishan, I have no eyes, and I hit you on the muzzle. I apologize for you, I kneel down for you, I kowtow for you. , You are my father, you are my father."

咚咚咚, Cao Wei knocked his head vigorously, without spine, just to survive.

Qin Ming didn't respond positively, and sneered: "Are you taking my mobile phone?"

Cao Wei hurriedly said: "It's all in the trunk of the car. It's useless if I want to come. Qin Ming, please, adults have a lot, don't be as knowledgeable as me, please, I have eighty mothers and babysitters. Baby, I don't want to die, woooo..."

Cao Wei cried while begging for mercy, that miserable, that humble.

After Song Ying heard it, she searched for it and found it immediately. Qin Ming took her Huawei Thousand Yuan machine, turned on the screen, and saw the photo of Nie Haitang sitting on the table in the dormitory, smiling at the setting sun, holding her cheeks. so gorgeous.

Qin Ming took the phone back, in a good mood, and said, "Okay, turn the money over and spare you a little life."

"I'll turn, I'll turn, I'll turn immediately." Cao Wei heard that there was a way to survive, and quickly transferred money. Qin understood that it was more than 200 million.

Qin Ming sighed: "This deceptive business really makes money. This is not a big fish."

Aomei was full of jealousy: "In the end, didn't all your money become the young master? But young master, when will I increase my salary? I am 1,000 yuan a month, how can I live?"

Qin Ming said haha, "Are you going to raise your salary? Talk to my secretary about this."

Song Ying glanced at Ao Mei indifferently, and said: "You are not a group contract employee, but a private contract employee of the young master. There is no way to raise wages, and there is no bonus and performance."

When Aomei heard this, her teeth were tickled with anger: "Damn it, Song Ying, you are targeting me."

Qin Ming rarely saw the two women quarreling, he laughed, he thought it would be enough to get the big fish Cao Wei, and he was about to leave, who knew that another car would come along this road.

Bi Yuan and the others quickly surrounded the car and got on and off two middle-aged men. Isn't one of them Professor Fu?

The other Qin Ming has never met or met.

Qin Ming turned around and asked Cao Wei, "Who is that other person?"

Cao Wei replied: "Mr. Ma, the drug dealer leader, the unknown liquid you drink is provided by him."

"Oh ho? The two leaders escaped to me? Did they hit me here?" Qin Ming happily looked at the two of them. Professor Fu and Mr. Ma suddenly had a cold back and there was something wrong with them.
Hunch.

Upon seeing this, Aomei took a variety of money-swiping machines, and said: "You have 200 million for your head, 100 million for each limb of your hands and feet, 50 million for your heart, liver, spleen, lungs and kidneys, and 10 million for your eyes, ears, nose and nose. cash?"

Mr. Ma and Professor Fu were furious and threatened them? They were all on mixed roads, and the two immediately took out their weapons.

Wipe, wipe.

But Qin Ming's people moved faster. A dozen black hole guns were pointed at them, and Mr. Ma and Professor Fu froze in fright. Why are these people's weapons so professional? They put back the pistols they had half drawn.

Along went up for a mess, and dragged the two to Qin Ming.

Professor Fu said strangely: "Brother, we don't seem to know each other. If my brother asks for money, give us a way out? I'm willing to pay for my life."

Qin Ming didn't have any hatred against them either, it was all because of Zhao Menghua's affairs being involved, and said: "Okay, settle the accounts, if you don't have enough accounts, use your hands and feet to make up."

"Don't don't don't, we have money." Professor Fu and Mr. Ma begged for mercy, saying they have money.

In one operation, Qin Ming received another 400 million.

Qin Ming sighed again that the scammer industry is really good for making money, but there is no chance to enjoy it, it's all for him.

Cao Wei looked at Qin Ming with regret. He was really not showing his face. He looked at such a poor and low-key college student with such a big background.

They prepared an escape route early in this hotel, but the police did not catch them. Qin Ming's people were in an ambush first, they were too powerful.

Qin Ming waved his hand to tie them all to the car, and everyone retreated.

Professor Fu and the three were tied to the car. They agreed to spare their lives, but they only spared their lives. Let the police give the rest.

Qin Ming stretched his waist and said, "Xiaoying, what time is it?"

Song Ying said softly: "Master, it's past eleven."

Qin Ming exhaled, and said, "Today is also lively enough, enough fun, go back, you go to the police to breathe, and leave the credit to Sun Changxi."

Song Ying nodded and said, "Yes, please rest assured, Master, no one will harass you."

"Retreat." Bi Yuan promised, leading the assassination team and disappeared to the scene in the blink of an eye.

When the police searched this side, there were only three Professor Fu left. This dramatic scene surprised a group of police officers. Who helped them catch the three heads of criminal gangs that went away?

Chapter 390

The next morning, the major media reported that the Guangzhou police had cracked a fraudulent company with a prestigious wealth lecture and arrested hundreds of criminals. The undercover policewoman Hua Sun Changxi made first-class merit thanks to the help of the informant.

Qin Ming, one of the parties involved, slept leisurely early, and woke up to find that it was almost noon.

Qin Ming couldn't help sighing: "When I had no money, I thought it was a crime to wake up at six o'clock. Now I can sleep until I wake up naturally. It's really cool."

Last night, Qin Ming woke up the drunk Liang Shaoyong and told him that Zhao Menghua's tragic experience was not really cruel to break up with Liang Shaoyong, so Liang Shaoyong ran to the hospital to guard his girlfriend overnight.

When Qin Ming got up, he found that there were more than a dozen missed calls on the mobile phone on the counter. Some of them belonged to his sister Qin Susu, and the other was an unrecorded number. It seemed to be the mystery who called him to deliver the food. girl.

Qin Ming called Qin Susu over and asked, "What happened to Susu?"

Qin Susu snorted unhappily, and said, "Brother, even if you are busy with work during the summer vacation, just ignore me. On the first day of school today, you have to come and see me? Big brother and sister Li are here. "

Qin Ming said hurriedly: "I'm busy here, I'll be there soon."

Qin Susu hummed: "Forget it, I'm already living in the dormitory, and I will have military training tomorrow. I will look for you after my military training."

Qin Ming said badly, and asked his sister to forgive him, but after hanging up the phone, Qin Ming's cell phone rang again, it was the phone from Beijing.

"Hey... you, are you... okay?" Still the familiar girl's voice.

This voice was inexplicably trembling and worried. Although Qin Ming was on the phone, he could feel that the girl's mood seemed very bad.

But he only felt inexplicable.

Qin Ming didn't wait for the other party to finish speaking, and shouted, "Who are you? You should know that I am not delivering food, right? Why are you harassing me so often?"

"You..." The girl's voice became surprised and wronged, but with a sense of peace of mind.

Qin Ming said angrily: "What am I? If you make such frequent harassment calls, be careful that I use "death to you" to punish you."

The girl seemed to hold her mouth and said, "Why are you so fierce? People are girls, shouldn't you be gentle?"

Qin Ming was very straight and hypocritical and said: "I care who you are, I have a girlfriend, and other women will let me die."

The girl chuckled, then immediately retorted: "Then let your girlfriend come and tell me."

"Uh..." Qin Ming scratched his head, where could he find Nie Haitang? He could only say annoyed: "You get out of here."

"Hey, wait a minute, I have something to say." The girl was anxious, and said: "I, I am wrong, can't you? Oh... I just want to talk to you."

Qin Ming heard that the other party was acting like a baby, and his voice was pretty good, so he asked, "What are you doing? We don't know each other."

The girl said, "Well...it's not too late to meet. Youdao is a friend who came from afar, and I called you by the wrong phone. It is also a kind of fate, right? I found that I can talk to you well, so I just have a chat."

"Don't buy tea." Qin Ming said.

The girl giggled: "I'm not selling it either."

Qin Ming was stunned for a moment, and then said, "I don't want to go whoring."

The girl gritted her teeth in annoyance, and said angrily: "I am a serious person! My grandparents are all serious people. I have already said that this is fate."

Qin Ming looked at the record of a dozen missed calls this morning, all of them were of this number. He didn't think it was a ghost's fate, it was obviously that you were harassing me on purpose.

He said, "It's okay to make friends. Then you have to send a photo first."

"Okay." After the girl agreed, she immediately added Qin Ming's mobile phone WeChat.

After Qin Ming agreed, he found that it was a new account, and it hadn't been posted in any Moments.

After a while, the girl immediately sent a photo, but it was only a half-length photo. She was a very young girl. The panel was quite white, her legs were quite long, and her breasts were well developed. The photo only showed a pair of delicate collarbones. Slap the face.

But Qin Ming felt that this enchanting figure, this devil-like curve, barely got a perfect score, and he felt very familiar, like Nie Haitang.

Qin Ming couldn't help asking: "What's your name?"

The girl replied, "My name is Kou Xinling."

Although he knew that it could not be Nie Haitang, Qin Ming was still very disappointed. For a moment, he had imagined that Nie Haitang would call the wrong number before contacting him.

Qin Ming was aroused to miss Nie Haitang, feeling melancholy, sighed, and said, "I have something else to do. I'm leaving."

At this time, Beijing.

In a student dormitory of Huaqing University, the most famous university in Beijing, Nie Haitang jumped up from the bed happily.

"Bang" she slammed her head on the bed, hurriedly covered her head cutely, took off the voice changer at the corner of her mouth, and said with her mouth: "Oh, it hurts me to death. Qin Ming, you lazy pig, one Sleep until noon in the morning. Humph, I'm so worried."

She was wearing pink bear pajamas and sitting on the bed with her big white legs crossed. The WeChat account displayed on the screen of her mobile phone was a pseudonym "Kou Xinling", and she switched the software with her finger, and the mobile phone displayed an article of the latest headline news that the report was incorrect. It was a large-scale crime case that occurred in Guangzhou last night. It mentioned that several people from her alma mater participated in it.

It turned out that after Nie Haitang saw the news this morning, she was very panicked. She immediately called Qin Ming. Although Qin Ming could not call her old number, Nie Haitang still knew Qin Ming's number.

Because she always has a bad premonition, Qin Ming seems to be particularly prone to get into trouble, especially a policewoman she interviewed said that she was helped by a student from the China Province Institute of Technology. Her sixth sense told her that she must It's Qin Ming.

As a result, Qin Ming didn't receive it because he mute it all morning. Nie Haitang was worried about whether Qin Ming would be injured all morning.

No, I just got through and chatted with Qin Ming to confirm that Qin Ming is fine. She was overjoyed and hit the upper bunk with her head.

Nie Haitang happily held her phone, rolled around on the bed, bit her lip and flipped through Qin Ming's recent WeChat Moments, and found that a photo of Nie Haitang had been posted recently.

It was the "Nie Haitang in the Sunset" that Qin Ming used as the mobile phone wallpaper back then. Although there is no text, it is obviously missed by Nie Haitang.

This made Nie Haitang feel very good, and said happily: "He must not have thought of it? I have been talking to him recently."

But the smile faded away, and Nie Haitang sighed again: "I'm sorry Qin Ming... Mr. Chang's remarks... I did this for your safety. But I miss you again, I miss you, I miss you, I miss you very much. you."

Nie Haitang muttered in a small mouth, curled up on the bed, and slowly cried out, the pillows were wet with tears, but he didn't mean to stop.

In Guangshi, Qin Ming, in a irritable mood, wondered where to go for lunch?

But at this moment, the three brothers in the dormitory sent another message: "Xiao Ming, come to the hospital, something serious happened."
