

The Amazing Son In Law Chapter 3652

Charlie said it was too late, and dispelled the scared soul of the black-faced leopard king!

He retreated several steps back almost subconsciously, then suddenly turned around, desperately trying to run down the mountain.

He just saw Charlie's method when he killed the Golden Retriever Lion King.

A stone can kill a six-star warrior.

If I don't run again, I'm afraid I will repeat the mistakes of the Golden Retriever Lion King.

However, he had just turned around and hadn't ran two steps yet. He only felt a momentary pain in the back of his head, and then he lost all consciousness.

The black-faced leopard king died very simply, almost killed in the light and flint, so he didn't suffer any pain.

However, in the eyes of other Wanlong Temple soldiers, the death of the Black-faced Leopard King was really miserable!

Charlie used a pebble to directly penetrate his brain.

Even worse, the pebbles shot in from the back of his head and blasted out of his face, blasting a fist-sized blood hole in the middle of his entire face!

His nose was gone, and his eyeballs were squeezed out of his eye sockets by the huge force of the pebbles!

At this moment, everyone in the Wanlong Palace was completely shocked by Charlie!

One of the four kings of the Wanlong Palace was originally broken in the Middle East, but now one has been abolished and two have died!

At this point, the four kings of the Wanlong Palace have all fallen.

Among the remaining people, apart from Abbas, the strongest is only a five-star general. Where is Charlie's opponent?

Charlie looked at a group of panic-stricken Wanlongdian soldiers at this time, and said coldly: "You have worked hard for many years before you have your current cultivation base. If you don't want so many years of hard work to be ruined, give it all to me. Take a step back!"

As soon as Charlie's voice fell, nearly a hundred people stepped back almost without hesitation.

The only thing that didn't move was Abbas.

Abbas didn't expect at this time that the Wanlong Palace built by himself and the core layer built by himself would fall apart like this.

At this moment, Charlie looked at the eight Wanlong Palace soldiers who were carrying the coffin, and said coldly: "You guys, put the coffin down and take a step back!"

Upon hearing this, the eight people immediately placed the coffin of Abbas's parents on the ground, and honestly stepped back.

In front of the Wanlong Palace, only Abbas was left at this time.

Charlie raised his eyes, looked at Abbas, and asked him: "When you came to Yeling Mountain today with gongs and drums, did you ever think that things would turn out to be like this?"

Abbas was incomparably dejected and gave a sorrowful smile: "The skill is not as good as humans, there is nothing to say."

Charlie sneered: "You may not know, but I have been waiting for you for a long time."

Abbas raised his head, looked at Charlie, and asked suspiciously, "What do you mean by this?"

Charlie smiled and said, "I brought two people to Eastcliff the night before. You know these two people. Then, I will let you see them one by one."

Just when Abbas didn't know what Charlie's remarks meant, Charlie turned to look at Lord Elms (Wilfred) and said, the younger guy kneeling in front of my parents' grave, you can bring it here. NS."

"Okay!" Lord Elms (Wilfred) knew that the younger Charlie said was Chen who Charlie brought back from the Middle East.

So, he personally walked to Charlie's parents' spirits, pulled Chen, who was wearing a black cloth bag, to Charlie's side, and respectfully said: "Mr. wade, people are here."

Charlie nodded, looked at Abbas, and asked him with a smile: "Master abbas, do you know who this is?"

Abbas looked blank.

How would he know who this man wearing a black balaclava is?

He has no clairvoyance either.
