

The Amazing Son In Law Chapter 3691

Orrin Sun is really not a delicate person because he does things vigorously and vigorously.

Take the situation at the banquet at this time. He was just happy and excited, but he hadn't paid attention to the other young girls, to see what was the difference in Charlie's eyes.

But Angie is different.

Women are delicate in mind, good at observing details, and instinct is much more accurate than men, so she has been paying attention to these young girls early in the morning.

After all, under the weight of the Ten Thousand Dragon Palace, those who are still willing to go to Yeling Mountain to help Charlie are all out of their lives.

And these few girls, just take one out, are also the top beauties in the allure of the country, they can climb Yeling Mountain without hesitation, which is enough to prove that Charlie is even better than themselves in their hearts His life is even more important.

Angie, who is also a woman, knows very well that if a woman is willing to die for a man of the same age, it is definitely not just the so-called repaying of gratitude. There must be strong personal feelings mixed with it.

In other words, these women must have a love for Charlie.

Orrin Sun doesn't understand this.

He looked puzzled and asked: "I don't understand, is there something wrong?"

"Of course there is." Angie deliberately pulled Orrin Sun aside, avoided Stefanie Sun, and said firmly: "The eyes of these little girls at Charlie are obviously full of love."

Orrin Sun squinted his eyes and looked at him. He just smiled and said, "I think it's all because of gratitude! Don't forget, Charlie has great kindness to these girls, and it is normal for these girls to be grateful to him."

Angie said very seriously: "For women, it is difficult to deal with inner gratitude objectively. Didn't you find that women at home and abroad easily fall in love with men who are kind to them?"

Orrin Sun was startled in surprise, and said with a smile: "Hey, these things are beyond our control."

Angie said in a low voice, "Husband, you can't do nothing without thinking about it. All these girls are the phoenix among people, and none of them may be inferior to our nanny. These will all be rivals in the future!"

She said, "Look at the Zara banks from the Banks Family. He was already the head of the Banks Family at a young age, and Charlie helped him up. Not only that, Charlie also saved her and saved her. Her mother and her brother, with such a heavy kindness, which girl can resist? If she really competes with her daughter, she may not be able to beat her."

"There is also that Ito Nanako, who is also the heir of the Ito family at a young age, and she is not only beautiful, but also has a gentle personality! Although most Chinese have a bit of hatred towards their country, many people have always had women in their country. Extra goodwill, this is also a bonus..."

"Although Xion and Jasmine are somewhat weaker in their own strengths, they are also loyal to Charlie. And unlike the sisters, Jasmine is in Aurous Hill, and Xion has always been by Charlie's side. These two people are close to the water tower. The first month is also a great advantage..."

Orrin Sun hesitated for a moment, and then said: "I don't think I need to worry about it. A man like Charlie will naturally have many girls who will love him. Charlie is still low-key. If he inherits wade today Patriarch, at the same time, the news of subduing the Wanlong Palace was released. There is one big family in China, and they must all squeeze their heads to marry their daughters. What kind of virtues these rich and nobles usually do, you must be very good. clearly."

"Yes." Angie sighed, then looked at Helena who was sitting in the corner and quietly looking at Charlie, and sighed: "Charlie is going to Northern Europe again this time, if he really helps Helena become Northern Europe. The words of the queen...this Nordic girl is afraid that she will fall too..."
