

The Amazing Son In Law Chapter 3692

Orrin Sun nodded and said with a smile: "Don't worry, Charlie is a filial child. No matter how many women like him, there is only one person in this world. It is the daughter-in-law appointed by Brother Wade . . ."

After speaking, Orrin Sun said again: "Although Charlie now has a wife on the legal level, it is also because he has not been in the Wade family for 20 years. Now Charlie's life trajectory has begun to move closer to the Wade family. In terms of personal feelings, He will definitely return to the track arranged for him by Brother Wade and Sister, and marry , it's just a matter of time."

Angie was a little relieved, nodded and said, "I hope things will be like you said, otherwise I really can't bear to wait for more than 20 years, but in the end there is no result."

...

At the same time, Zara Banks sat at a table with his mother Deana, sister Xion, Kairi Elms – Xion's Mom and other Elms family members, and the atmosphere was somewhat embarrassing.

After all, Kairi Elms – Xion's Mom is the intervener in Deana's marriage and secretly gave birth to a daughter to Zayne, so now facing Deana again, Kairi Elms – Xion's Mom feels guilty.

She always wanted to find an opportunity to apologize to Deana, but she always swallowed it to her lips.

The moral guilt made her really wonder how to speak.

On the contrary, Zara Banks and Xion talked and laughed.

Not only did the two sisters share half of the same blood relationship, but the recent experience was also very similar. Both were betrayed by the Banks Family, and both were rescued by Charlie more than once, so they shared a common topic.

Zara banks looked at Charlie, who was chatting with the Moore Family and the Ito family, and couldn't help sighing: "If xion, the strength of your benefactor is so strong, I believe it will not be long before you no longer have to hide your identity."

Xion stuck out her tongue and smiled: "I don't care. charlie lets me hide and I hide. If I don't let me hide, I won't hide. Anyway, I have no other plans, just follow him before and after."

As he said, Xion dragged his chin, and said with emotion: "But my strength is really bad. The nearly 100 people in the Wanlong Palace are mostly better than me. I am afraid that Master wade has no real needs in the future. My place."

Zara banks shook his head and said seriously: "Don't worry, I don't think the benefactor will treat the Wanlong Temple as his true self. He will treat them as black gloves and deal with less honest things. But you In the eyes of Grace, it is different from the Wanlong Temple. Grace will definitely have better arrangements for you."

Xion asked in surprise: "Sister, is what you said is true?"

Zara banks nodded earnestly and said, "I guess that's the case. It should be eight or nine!"

Xion smiled happily immediately: "That's great! I don't ask for anything else, it would be nice to be a maid by charlie all the time."

Deana, who had not spoken much because of the awkward atmosphere, also said at this time: "If you are away, have more confidence in yourself. Master Wade should have high expectations of you. It is certainly not just when you are a close-knit maid, follow along. Master Wade, maybe you will be able to reach the height of the Ten Thousand Po Army one day."

Xion pursed her lips. Although she couldn't believe it in her heart, she still couldn't help but look forward to the future.
