

The Amazing Son In Law Chapter 3701

When he heard Charlie's words, William suddenly became angry and blurted out: "The surname is Wade, your words are a bit too arrogant!"

Charlie asked with a smile: "Aren't you arrogant? Why don't I think."

After speaking, Charlie said again: "Even if our Wade Family has suffered heavy losses, they still have trillions of assets. Some families have not experienced such a large loss, and they have not as much money as my Wade Family. This is not rubbish and what can it be?"

Charlie looked at the two of them, paused slightly, and joked: "Look, if the water in the sea is half gone, it will still be the sea, but even if the water in the mud pit is full, it will still be a mud pit."

The faces of Olivia and William turned very ugly.

Olivia is very clear about the strength of the Nordic royal family. Cash, antiques, real estate, foreign investment, etc. are all counted, but only a few billion euros.

Moreover, the royal family is not Olivia's family of three, there are a large number of royal relatives and relatives below, all waiting for the royal family to feed.

But even if the Wade Family gave half of their assets to Wanlong Palace, the remaining assets would still have hundreds of billions of euros, which is really much stronger than the royal family.

William was as annoyed as Olivia.

Although his surname is Rothschild, the overall economic strength of their family can barely reach 10 billion when converted into euros. In his opinion, it may not be as good as one-tenth of the current Wade Family.

However, William gritted his teeth and retorted: "Our Rothschild family has been deeply cultivated in the world for hundreds of years, and our comprehensive assets are more than

one trillion US dollars, and ten trillion may not be able to stop it! In front of the Rothschild family, nothing Home, not even rubbish!"

Charlie asked curiously: "Are you from the Rothschild family?"

Olivia said proudly and proudly: "Forgot to introduce to both of you, this is my fiance, the young talent of the Rothschild family, William Rothschild!"

Charlie smiled slightly, and said: "It's really a member of the Rothschild family, no wonder he speaks so loudly."

William sneered: "What? Do you now realize how rubbish the Wade Family is in front of our Rothschild family?"

Charlie shook his head and said faintly: "Trash is not trash. It depends on who is compared. If compared with the core family of Rothschild, the Wade Family is naturally inferior, but I heard that there are many in the Rothschild family. The collateral lines are branched, and these collateral lines are divided into three steps. I don't know which step is Mr. William's family on?"

Hearing this, William's face immediately turned pale.

When it comes to the Rothschild family, he is full of pride.

But as soon as he talked about the topic of the first step he was in, he didn't know what to do.

Because his family, in the Rothschild family, is just the third step at the end of the crane.

Seeing his strange expression but not speaking, Charlie couldn't help but smile and asked, "What's the matter, Mr. William, wasn't he quite able to speak just now? Why don't you speak now?"

William's expression was cloudy and uncertain, and he didn't know how to respond for a while.

Seeing her fiancé deflated, Olivia said in a cold voice, "MR. Wade, this is Northern Europe, not China! It's better not to speak so sharply."

Charlie snorted and asked, "Is that sharp? It seems that you still lack understanding of true sharpness."

At this time, Helena came out and said roundly: "I think everyone should stop chatting here. Let's go back to the palace. I also want to see how grandma and her old family are now."

Olivia smiled playfully and said: "Helena, don't worry, William and I are here at the airport this time. Not only will I pick you up, but also a friend will be here soon. It's better to wait for him to arrive. After that, we will return to the palace together."

Helena asked subconsciously: "Who is the other friend you are talking about?"

Olivia laughed: "This friend is an oligarch in Russia, Aman Ramovic."

Helena had already learned from the two entourages that Olivia wanted to sell herself to Aman Ramovich, so when she heard this, her heart suddenly shook.
