

The Amazing Son In Law Chapter 3703

When Olivia learned that Helena was going back to China, she had already discussed the countermeasures with her parents.

Since Helena is here this time, she won't let her go easily.

According to Olivia's plan, from the moment Helena returned to the palace, she was monitored and she was not allowed to leave the palace.

And she also called Aman Ramovic in St. Petersburg the first time, and reached a consensus with him on the phone. After her wedding tomorrow, she forced Helena to agree to marry him.

Olivia has Helena's mother as a hostage in her hands, so she believes Helena will definitely not dare to disobey her arrangement.

As for Aman Ramovich, he was ridiculed by the Western media all day long, and the ridicule was a little crazy.

What I think every day in my mind is to quickly marry a European royal princess, in order to severely humiliate those people who look down on him.

Therefore, when he received a call from Olivia, he hurried over immediately ecstatically.

Fortunately, St. Petersburg is only more than a thousand kilometers away from Northern Europe, and it can be reached in two hours by ordinary plane.

However, Aman Ramovic, who flew from St. Petersburg excitedly, did not expect Helena to be so indifferent to herself.

So he looked at Olivia and asked: "Princess Olivia, does the thing we said on the phone still count?"

Olivia smiled and said: "Of course it counts! I will soon become the Queen of Northern Europe. How can the Queen break her promise? Mr. Aman Ramovic, don't worry!"

"That's good!" Aman Ramovich breathed a sigh of relief.

He knew that Olivia must have a way to get Helena to agree.

As for what to do, he didn't bother to worry about it.

In short, as long as he can bring Helena back to St. Petersburg, he will immediately put 500 million euros on the accounts of the Nordic royal family, and everyone is happy.

Olivia smiled slightly at this time and said: "You must have been very hard to fly over so far. Why don't you go back to the palace first, and there will be a grand banquet in the palace to entertain you in the evening."

Aman Ramovich naturally agreed, Charlie didn't say a word, and looked as if he was a guest.

As a result, everyone divided into several royal convoys from the airport to the palace.

There are a total of six cars in the Royal Motorcade. Olivia and her fiancé William sit in the second car, Charlie and Helena sit in the third car, and Aman Ramovic sits in the fourth car alone.

In the car, Charlie had been closing her eyes and rested. Helena felt a little nervous in her heart. She wanted to talk to Charlie several times, but she could only hold back the thought of the driver and a royal servant in the front row.

At this time, Olivia and William were sitting in the car, guarding a special player, listening to the panting sounds coming from inside.

William couldn't help frowning at this moment: "Why don't these two people say anything? Are you aware that there is a bug in the car?"

Olivia shook her head: "I'm not sure either."

William asked her: "Olivia, have you figured out how to deal with that Charlie?"

Olivia casually said: "What can he do? When Aman Ramovic takes Helena away, let him go back to China."

"No." William said with a cold face, "I can't let him go like this!"

Olivia asked in surprise: "You want to kill him? Although the Wade Family is far away in China, if we really kill their people, we will get into trouble!"

"No." William waved his hand and said: "I won't be stupid enough to kill him in Northern Europe, I just want to teach him a lesson, and let him keep the Concorde by the way!"

"Concorde?" Olivia couldn't help but his eyes lit up.

In the real upper class, there are only two real top luxury goods, one is a private jet and the other is a private yacht.

As far as the private jet is concerned, it seems to be the largest and most luxurious A380 transformed by the Saudi royal family, but it must be a Concorde that is the top and rare private jet that can represent the highest status.
