

The Amazing Son In Law Chapter 3708

Helena came down with Olivia.

Because of being threatened by Olivia, Helena's mood has been a little uneasy.

When she first arrived at the banquet hall, she immediately began to look for Charlie's shadow everywhere, because she could only relax when she saw Charlie right now.

But Charlie did not appear in the banquet hall.

Olivia's father Richard saw Helena and immediately said with a smile: "Helena, you are back!"

Helena looked at Richard. She didn't know what had caused her grandma to sink into a coma, whether her uncle was involved, but she was still very wary of this person in her heart, so she said: "Uncle Richard, it's okay recently.?"

Richard sighed lightly and said, "Except for your grandma's physical condition that makes me more concerned, the other things are pretty good."

Just as he said, Aman Ramovic also came over, first glanced at Helena a little fascinatingly, then stepped to Richard, and said respectfully: "Hi, Prince Richard! I am Aman. Ramovic, it's an honor to see you!"

Richard nodded slightly and said with a smile: "I have heard of Mr. Aman Ramovich's name a long time ago, and I only have the opportunity to see it today."

After speaking, Richard said again: "By the way, I have always liked the Premier League team you bought. If I have the opportunity, I must go to the UK to watch a live game!"

Aman Ramovic said with surprise on his face: "His Royal Highness also likes football? In that case, you can come to London next week if you have time. The team will have a home game next week!"

Richard nodded and said: "If there is nothing else on the royal family's side, I would really like to go to London for a short break."

As he said that, he sighed and laughed at himself: "But the royal family has so many things every day that it can't get out of it. I guess I will have to wait for a while to rest!"

Aman Ramovic said with a smile: "It doesn't matter, it's going to be the summer season. There are so many games in the summer. When the new season of the UEFA Champions League starts, maybe they will come to Northern Europe to play away."

"Yes." Richard nodded and smiled: "I didn't expect that you and I have a lot of topics in common. You and Helena will sit next to me!"

After speaking, he pointed to the two empty seats on his right hand side and said to Helena: "Helena, you can sit with Mr. Aman Ramovic."

Helena said embarrassingly: "Uncle, I still have a friend from afar. He is not familiar with his life here, so I'll stay with him."

Richard said indifferently: "You are talking about the person from the Wade Family, right?"

"Yes." Helena said hurriedly: "This time the Wade Family's cousin is Jon Wade's cousin, who is also Wade Family's grandson."

Richard snorted and said: "I really don't understand the Wade Family. There is such a big incident at home, why don't you stay at home and clean up the mess? I have to go to Northern Europe to be embarrassed."

Helena had no choice but to explain: "Uncle, don't say that. The Wade Family is also kind. After all, I am the future daughter-in-law of the Wade Family. They think it would be somewhat rude if I were to come back alone."

Richard said casually: "I didn't approve of your marrying to Huaxia at first. Our royal family has never married people outside of Europe for so many years. I was also considering this issue in the past few days when you went to Huaxia. For the respect and maintenance of the royal blood, I think you should not marry Huaxia far, just find a suitable young talent in Europe to marry!"

As he said, he glanced at Aman Ramovich and said casually: "In my opinion, young talents like Mr. Aman Ramovic in Europe are no worse than the Wade Family!"

Helena said with embarrassed expression: "Uncle...The marriage contract has been booked, how can we change it...If it is passed out, others will say that our royal family has no credibility..."

Richard said indifferently: "There is such a big incident in the Wade Family, it is reasonable for us to change the marriage contract."

Helena hurriedly said, "But I can't explain to the Wade Family..."

Richard waved his hand and said disdainfully, "What's wrong? Where is the guy from the Wade Family? Let him come over, and I will talk to him personally!"

As soon as Richard's voice fell, Charlie stepped into the banquet hall and asked with a smile as he walked: "I'm here, who wants to talk to me?"
