

The Amazing Son In Law Chapter 3710

Charlie frowned and asked, "I ask you, what are you? Is there any place for you to speak here?"

Aman Ramovic did not expect that Charlie, who was like a hairy boy, would dare to humiliate him publicly on this occasion!

Charlie seemed to be in his twenties, but Aman Ramovich was over fifty, nearly twenty years older than Charlie, and being so humiliated by Charlie was naturally unbearable.

So, he immediately stood up, patted the table, and yelled: "The surname is Wade! Do you know this is Europe? Do you think it is in China? Just because of your rudeness to me, I can't do you believe in letting you die in Europe?"

Seeing Aman Ramovich gritted his teeth, Charlie did not speak, but suddenly took a step forward, grabbed his collar, slapped him hard on the face, and pushed him back after he was done. Let him suddenly fall on his back.

Everyone at the scene was shocked and speechless.

No one thought that Charlie would say that he would do it!

As the host, Richard was also dumbfounded, and suddenly he didn't know what to do.

Aman Ramovich did not expect that Charlie dared to do it directly on himself. This slapped eyes shot the gold star, and when he fell back, all his bones were scattered, and he wanted to say something cruel because of his whole body. It's so painful that I can't speak.

These people at the scene are all the so-called noble gentlemen in Europe. They believe in the dogma: can kill his whole family secretly, but on the surface he must be polite and must not lose his noble demeanor.

But who would have expected Charlie to act so crudely, he would do it without saying anything, and knock Aman Ramovich to the ground all at once.

Just as everyone was stunned, Charlie moved a chair again, sat in the place where Aman Ramovich was before, and said coldly: "There is only a Nordic royal family, and there is also an asset of more than 20 billion U.S. dollars. The Russian oligarch thinks my Wade Family is a soft persimmon? The combined assets of the two of you are not as good as one-tenth of my Wade Family!"

Having said that, Charlie turned his head and glanced at Aman Ramovich, and said lightly: "I know you have a little background in Russia, and you can also ask for some special resources, but I can tell you clearly, only your strength. It's not even a fart in front of me. If you are acquainted, move your chair away and sit down. Otherwise, I have a way to make you die."

Aman Ramovic was frightened by Charlie's coldness, but for a while he was unwilling to admit defeat in front of so many people.

At this time, Prince Richard on the side repeatedly pondered in his heart: "Why is this guy with the surname Wade so arrogant? Didn't their Wade Family just be cleaned up by the Wanlong Palace? Don't you know how to keep a low profile?"

When he was in doubt, he suddenly thought of something and exclaimed in his heart: "It's over! I almost forgot! The Wade Family took half of Wade Family's assets. It must not be all cash. A large part of it must be Wade Family. The shares of Wanlongdian are not good at managing enterprises, will they still rely on the Wade Family to operate them in the future?"

"According to this, although the Wade Family has lost half of their property, the current Wade Family and Wanlong Temple should be integrated and become a community of interests to some extent!"

Thinking of this, Richard was suddenly terrified: "No wonder this Charlie has no fear! Wade Family is now substantively bound to Wanlong Palace!"
