

The Return of the God of War [The Protector] Chapter 1701-1710

Richard smiled.

Everything is under control.

“Everyone knows that my brother Jefferson was imprisoned by Erudia!”

Richard said.

“know!”

“Then next, I will send someone to rescue my brother, and rescue people under the nose of Erudia Messiah!”

“what does that mean?”

Someone immediately said: “This means that Erudia’s fortifications are useless to us, and we can go wherever we want! Erudia’s interior is empty,

and it was disintegrated by us!”

“Yes! That means Erudia is basically ours!”

Richard smiled: “Yes, nothing wrong! What would the world say at that time? What would the people of Erudia think?”

Everyone smiled.

At that time, the psychological defense of the people in Erudia was basically defeated.

“That’s not enough! Keep adding fire!”

There were flashes of cold light in Richard’s eyes.

“Huh? Still more?”

Everyone was surprised.

“Which is the most important place in Erudia?”

“Of course it is the capital city! If the capital city is taken, it is equivalent to half of Erudia under control. In terms of momentum, it can be said that

Erudia is completely controlled!”

Other humane.

Richard smiled and said: “Okay, we will send a master directly into the capital to destroy the major institutions of Erudia directly! For example,

Messiah and the like!”

“We should destroy what we should destroy, what we should catch!”

“At some point, it can be said that Erudia will be defeated by enemies inside and outside, and it will be completely disintegrated by us!”

Richard smiled.

“Okay! This method is great!”

“Moreover, Erudia has now dispatched all the forces that can be sent out to the war zone. The fortification of the capital must be empty. We will

send masters to completely take the capital!”

“At that time, it can be said that Erudia has been occupied by us. I am afraid that the Erudia fighters on the front line will defeat themselves without

fighting!”

...

Everyone admired Richard’s wit more and more.

Richard laughed and said: “Now our strength is limited, and all that should be sent out have been sent out!”

“If you want to follow my two plans, you need to borrow someone!”

“Understand, leave this to us! Let’s borrow a master!”

...

Less than three hours.

The masters borrowed from the Domination Alliance are here.

This is borrowed from another country.

At this knot, everyone wants to step on Erudia.

Naturally, many countries have agreed to lend a master.

“Okay! The first batch of departure, be sure to save my brother unscathed!”

“Wait for the second batch of masters, it’s not time yet!”

Richard gave the order.

Qilong prison is located on the northwest plateau of Erudia.

Jefferson is being held here.

In order to prevent other things from happening.

Levi Garrison asked him to be locked up in this prison with the highest defensive factor.

He also deliberately reinforced guards.

In the ice and snow.

Soldiers are constantly patrolling.

After all, the prisoners are all murderous criminals.

On the high mountains in the distance.

Hundreds of warriors appeared wearing black clothes and carrying samurai swords.

They are masters sent by Richard.

From the equipment point of view, they must have been loaned by Dong Dao to the Domination Alliance.

“action!”

Riding the night.

They set off.

As expected, each of them is a supreme powerhouse.

Hundreds of people came to the prison from the top of a mountain a kilometer away in an instant.

“kill!!!”

Hundreds of people rushed directly.

“Boom boom boom...”

At this moment, the prison suddenly turned on bright lights.

Shine here as bright as day.

“We have been waiting for you for a long time, welcome to die!”

The moment the bright light shines, these Higashishima samurai are shocked one after another.

All were stunned on the spot.

Everyone was dumbfounded.

It's like someone who shines in a demon mirror with the light, and instantly shines them out of the prototype.

Especially the sound from behind.

They were even more stunned.

Erudia had expected them to come here?

The moment the voice sounded, a group of figures appeared from behind them.

It was Long Hanzhou and the others.

On the high wall of the prison in front, Levi Garrison stood there with a smile on his face.

There was a man kneeling beside him. ..

It was Jefferson.

It turned out that Levi Garrison said that he would appear in an unexpected place, but it turned out to be here.

He had expected that the Domination of the League would save Jefferson.

Especially the current situation and the public opinion and psychological warfare used by the enemy.

All fit this point.

Sure enough, he squatted to the big fish.

Jefferson was about to cry.

I thought it would be completely free this time.

However, this plague god came early and had seen everything through.

“Kill them! Leave none!”

Levi Garrison gave an order.

Long Hanzhou they all rushed up.

Although there are hundreds of Samurai in Toshima, and each of them is a supreme powerhouse.

But the overall strength, or the person led by Long Hanzhou, is stronger.

It's just crushing and killing.

More than a dozen Samurai warriors of Toshima were forced to rush into the prison instead.

A dozen people jumped onto the prison wall.

Toward Levi Garrison to kill.

When Jefferson ignited hope, he saw more than a dozen Supreme Warriors being beaten to death by Levi Garrisonsheng with his fists.

terrible!

Terrible!

It turns out that this damn is not an ordinary person at all!

No wonder hitting yourself hurts so much?

Immediately, Levi Garrison looked at him slowly, and said with a smile: "How courageous, dare to come to save you? Then the punishment will be on

you!"

"Cracking..."

Levi Garrison had another painful beating at Jefferson.

Jefferson had just recovered and was beaten back by Levi Garrison.

"Go! Let's support the Northern Territory Theater! Take him with you!"

Levi Garrison did not stay much.

Immediately led everyone to the fourth line of defense in the northern theater to support.

Jefferson wanted to cry without tears.

Richard, who is far abroad, is still waiting for information.

“It stands to reason that someone should be saved!”

Although Richard is confident.

But this is his own brother, and he is still worried.

“Mr. Richard, please rest assured, people will definitely be saved. It’s just that the terrain in the north of Erudia is steep. It will take time to return!”

Richard nodded.

now.

The situation in the northern theater is extremely severe.

Leading the team is the Dragon and Tiger monk of the Dragon Tiger Temple, one of the four great protectors of the country.

He practiced horizontal kung fu from the Buddhist school, and it is said that he can possess the same body and strength as a dragon and a tiger.

Strength is the sixth heaven.

He has brought many masters, but he is not weak.

But the other party is stronger.

Now the dragon, tiger and god monk led the crowd to huddle between the fourth and fifth lines of defense.

There is oppression by the army that dominates the alliance ahead.

There was harassment by crooked doors in the rear.

They suffered too much.

Moreover, the support sent by Messiah was intercepted by a crooked door outside the fifth line of defense, and there was no way to get in.

After another wave of defense.

The dragon tiger god monk held a high-level meeting.

“If this continues, we won’t be able to hold it for a day! There are too many strong enemies at the sixth heaven level, and we can’t hold it!”

“And those evil demons outsiders are even more hateful!”

...

They are discussing countermeasures.

The evil way is discussing how to attack them.

Nearly thirty evil sect forces are ready to attack.

As everyone knows, Levi Garrison sees everything in his eyes.

This trick is called a mantis catching a cicada, and the oriole is behind.

Levi Garrison has been here for a long time.

Under Levi Garrison's forbidden technique, everyone's breath was hidden.

Even the powerhouse of the sixth heaven could not notice it at all.

Therefore, every move of these evil sects is under the control of Levi Garrison.

In addition, the support sent by Messiah was almost wiped out by them.

They would never think that there was someone behind them.

“The dragons, tigers, gods and monks just beat us back, and they never thought that we would attack again!”

“attack!”

...

Thousands of evil masters again quietly approached the middle area of the fourth and fifth defense lines in the darkness. m.bg.

But what they didn't notice was that the companions behind were disappearing one by one.

After walking out dozens of miles.

There are hundreds of thousands of people left.

But hundreds of people can be followed by a large number of masters.

That was Levi Garrison coming to them.

So the hundreds of people in front were not aware of it at all.

Keep going.

After all, you can feel someone behind.

“kill!”

After arriving at the designated location, all the evil masters rushed out.

The dragons, tigers and monks who had received Levi Garrison’s signal on the opposite side directly attacked.

“This.....”

Soon the evil masters were dumbfounded.

What’s going on here?

Aren’t they five thousand people?

Why are there hundreds of people left?

Wasn’t there a lot of people behind just now?

Looking at the back, all the people in the dark are crowded.

But there is no familiar face.

Levi Garrison smiled and said, “Kill!”

Hundreds of people were flanked back and forth.

Soon it showed a trend of decline.

However, there are more than a dozen evil masters of the Six Heavens, which are still obstacles.

Under the watchful eye of tens of thousands.

Levi Garrison beat these people abruptly.

The Sixth Heavenly Master was in front of Levi Garrison, no different from ordinary people.

Everyone looked silly.

Including dragons, tigers, gods and monks.

Erudia still has such a top master?

This is terrible!

Erudia has hope.

The morale of the soldiers in the north has risen sharply.

“From now on, you all listen to me!”

“Attack the enemy! A quick fight! Don’t give the enemy time to breathe!”

...

Under Levi Garrison’s leadership, the soldiers were as if they were beaten up with blood.

Charge forward.

It is estimated that the army that dominates the Alliance’s attack on the northern border also did not expect it.

They will use offense instead of defense.

Will attack them all-round.

Straightforward.

In a hurry, I can only challenge.

Everyone was almost scared to pee when they played against each other.

The opponent’s combat effectiveness is too strong.

Especially the headed person.

Specialize in killing the powerhouses of the sixth heaven and the fifth heaven.

The other warriors and warriors of Erudia were led by Levi Garrison.

It is also more courageous.

Hit the opponent completely.

...

The battle lasted for five hours.

The army that dominates the Northern Territory of the Alliance is completely overthrown.

No one stayed.

They were all killed by Levi Garrison.

This is Levi Garrison's plan.

Take it quickly.

Let the enemy overreact.

In this way, the enemy would not know that both the southern and northern war zones were lost.

Levi Garrison was able to surprise the most important eastern and western regions.

“Quickly clear the battlefield! Don’t let the message go out!”

“After all the staff rest, follow me to other places!”

Levi Garrison ordered.

Everyone was excited.

I thought Erudia was about to end.

Didn’t think that Levi Garrison would descend to the earth.

At present, the problems in the two major war zones have been resolved.

“Report King, the message has been blocked! The northern border message cannot be sent out temporarily!”

Upon hearing this, Levi Garrison smiled.

But at this moment, a major message was released, and the whole world was terrified.

Because one of the four masters who escaped from the southern border released a message.

Revealed the truth of the Southern Territory Theater!

“In the southern sea area of Erudia, the entire army that dominates the Alliance is overwhelmed! There is no one dead or injured in Erudia!”

“Be wary, be vigilant, Erudia has a strong hole card! It’s like a god!”

“Erudia Southern Border is defended! Dominating the Alliance is defeated! They have a super presence that can change the situation of the

battle!”

...

As soon as the message came out, the whole world burst into flames.

Ninety-nine percent of people in the world thought that Erudia was going to fall! To fail miserably!

Especially in the sea area, it will definitely be the first to fall!

Because the southern border theater lost contact for a long time.

No information can be sent. ..

The people who went to search for the information also disappeared.

No one knows what happened in the Southern Territory Theater.

Everyone even thinks that the southern border theater has been lost.

Even Messiah thought so.

They almost gave up the Southern Territory Theater.

Thinking about other strategies.

But who would have thought that Erudia won in the Southern Territory Theater.

The entire enemy army is overthrown! ! !

An impossible thing happened!

Soon this matter was confirmed!

it is true!

Erudia in the Southern Territory Theater won a complete victory!

The whole world is bursting and boiling!

Billions of people overseas do not believe this is true!

What did Erudia win?

Especially those who have just left Erudia nationality are all dumbfounded.

Can Erudia hold it?

Avatar?

Heaven is protecting Erudia?

The moment Messiah received the message, he was completely stunned.

They didn't know anything about the situation in the southern theater.

The message was heard from the outside world?

"What's going on? The Southern Territory War Zone won?"

Messiah everyone was dumbfounded.

"Is there still no message in the Southern Territory Theater?"

"Can't Tian Dadao and Long Hanzhou get in touch either?"

...

“Still no message!”

The intelligence department shook his head.

“It’s ridiculous! We won a big battle! As a result, our headquarters didn’t know anything about it!”

“What happened in the Southern Territory Theater? How did you win the battle? Who on earth did it?”

Everyone looked helpless.

A certain high-level Messiah said: “This is definitely a super master or super power! Is it...”

After he thought of something, his face changed drastically.

Others looked at him one after another: “Could it be that?”

“I can’t say it yet! It needs to be verified!”

That humane.

“What should I do now?”

“First, investigate what happened in the Southern Border Theater!”

“Second, spread the message of victory in the Southern Territory Theater on a large scale to improve the morale of Erudia!”

...

The overall victory in the Southern Territory Theater was too much for Erudia to boost morale.

The people who were originally gloomy and gloomy were instantly active, as if they had been beaten up with blood.

Erudia’s soldiers are also very encouraged!

Erudia is invincible!

Levi Garrison also received this message here.

He smiled bitterly and shook his head: “Stop pretending, I’m going to a showdown! Lao Tzu did it!”

But this ruined his plan.

Then the enemy knew of his existence.

Will be crazy against him.

The effect of the surprise attack is no longer there!

“Long Hanzhou?”

“in!”

“First, spread the news of the overall victory of the Northern Territory Theater!”

“Second, hang all the heads of all Sixth Heaven’s enemies on the northern and southern borders of Erudia! To warn foreign enemies! Erudia

is inviolable!”

Soon, the northern border line.

The heads of thirty-nine six heavenly powerhouses hung on the high wall.

The same goes for the southern border.

The super powers of the sixth heaven were all killed in the end.

The head was hung high!

What a majesty this is!

How invincible is this?

The warning is obvious!

Invade Erudia, cross the border, and kill one by one...

“Extra nickname!”

“Major news!”

“Erudia Qibing God descends to the northern battle zone to win again! The enemy’s entire army is overthrown! The 34 forces of Erudia’s crooked

door and evil ways have all been slain!”

“No enemy can escape the border!”

“The heads of thirty-eight six-layer supreme-level powerhouses are hung on the high wall!” m.bg.

“There are also eleven Sixth Heavens in the Southern Territory Theater...”

Soon, a new round of battle reports was issued.

News and media reports are flying all over the sky, sweeping Erudia.

Victory is communicated to everyone in the first place.

“Erudia is immortal! Erudia will win!”

“My Erudia army and people are united, who can defeat it?”

“The soldiers on the front are all good!”

...

Good news continued.

The overall victory of the two war zones gave Erudia enough confidence!

The people are no longer afraid, and they will find ways to support Erudia.

Messiah was stunned again.

Victory in the North?

It's just that their headquarters doesn't know anything...

No one can still be contacted now!

“No, Erudia has won consecutive victories. Both war zones have overthrown the entire army that dominates the Alliance? How is this possible?”

“You said Erudia will not come back, right?”

“It took me a lot of effort to escape from Erudia and join Dongdao! Erudia is about to come back. Am I embarrassed?”

...

See Erudia’s continuous good news.

Those people who escaped from Erudia and quit Erudia nationality were dumbfounded.

Including Zhang Wentao, Li Songkui and a large group of people.

“No? No? We just left, we are going to win?”

Zhao Junfei’s face was as uncomfortable as if she had eaten a fly.

If so.

They are embarrassed.

Li Wenhai smiled and said, “Don’t worry, it won’t!”

“The exact message I got is the distribution of forces that dominate the Alliance’s attack on Erudia. The forces in the South and North are the

weakest!”

“The one remaining to attack the West is the strongest! Next is the Eastern Theater! These two major theaters may be more than ten times stronger

than the North and the South! They are the real core!”

Li Wenfei echoed: “Wrong! The Eastern Frontier Theater is the most important thing. It is too close to the capital! Once several lines of defense in

the Eastern Frontier Theater are broken, it will immediately threaten the capital!”

“If the Western Territory Theater is opened, it is equivalent to releasing three-quarters of Erudia to the enemy! So Erudia will not be able to prevent

these two major war areas anyway!”

...

After listening, everyone breathed a sigh of relief.

“Don’t worry, so don’t worry!”

Zhao Jun and the others smiled.

As long as Erudia can’t stop it.

They are happy.

Their departure is meaningful.

This is the psychological thoughts of those who defected from Erudia.

...

The situation is really similar to what Li Wenhai and Li Wenfei analyzed.

The West and East are the key points!

Originally, Levi Garrison could surprise soldiers and hit them by surprise.

But now, the forces that dominate the alliance in the east and west also know that Erudia has a super power.

They are already prepared.

Richard and the others have strengthened their power to dominate the alliance.

All the cards that should be played have been dealt out.

In order to target the surprise soldiers led by Levi Garrison.

Now dominating the Alliance, Messiah, and even the whole world are speculating.

Where will the surprise soldiers led by Levi Garrison attack next?

East or West?

The Return of the God of War [The Protector] Chapter 1711-1720

Everyone is guessing and analyzing!

Ninety-nine percent of people guessed that they would meet Fu Dong Jing!

First, the Eastern Frontier Theater is too close to the capital, and the threat is too great.

Secondly, the Eastern Frontier Theater dominates the Alliance slightly weaker. According to Levi Garrison's previous attacks on the Southern and North

Frontier Theaters, they all went from weak to strong.

Third, the dominating alliance in the Western Theater is too strong and too strong! It can't be captured in a moment! Even said it is invincible!

...

As a surprise team, how can we pick soft persimmons!

The Eastern Territory Theater is the first choice!

With four or five lines of defense in the Eastern Frontier Theater, Xiao Feng and the others were completely trapped by the enemy.

Not only that, the enemy has also increased its strength.

They are even more uncomfortable.

Up to three more days.

However, Xiao Feng raised his mouth and said with a smile: "Don't worry, brothers! Reinforcements will be here soon!"

Hearing the news of the victory in the Northern and Southern Territory theaters, Xiao Feng knew that it was Master Levi Garrison.

Through his analysis, Levi Garrison will definitely come to the Eastern Frontier Theater next, and after he has cleaned up the enemy, he will fully attack

the Western Frontier Theater.

So he firmly believes that Levi Garrison will come soon.

Even in this situation, he was full of confidence with a smile on his face.

Everyone was encouraged and turned from defense to offense...

The situation is much better.

But what no one thought was that after Levi Garrison finished fighting in the Northern War Zone, he took Long Hanzhou and Dragon Tiger Divine Monk

directly to fight in the Western War Zone.

According to Levi Garrison: meet on a narrow road, the brave wins!

Now it's a showdown!

The other party has known about you guys a long time ago, and they have deliberately defended and targeted.

Going to the surprise attack again, it doesn't make any sense.

dry!

You have to fight them head-on!

Anyway, if you want to win, you have to defeat both the Eastern Theater and the Western Theater!

Which one to choose has no meaning!

Pick the one that is close, and pick the strong one!

This time.

Levi Garrison led the people to no longer hide and attack directly.

It's all f*cking f*cking!

Breaking the conventional thinking will be a bit miraculous.

Li Zhengguo and Xu Zhengjie in the Eastern Frontier Theater were ready and waiting for Levi Garrison to come.

Xu Zhengjie was even more excited: "The thousand energy boxes I have stored will also come quickly!"

In order to improve his position in dominating the league, Xu Zhengjie directly took out his hole cards.

A thousand energy boxes are almost all belongings.

"Okay, now everyone thinks that your killing weapon is invalid! Your killing weapon is reserved for Erudia, a wonderful army!"

"Hahaha..."

Everyone laughed.

The Sanxing Group and other major forces have long been arranged.

Just waiting for Levi Garrison to come...

Western theater.

The strongest forces on both sides are located here.

It was also the hardest hit.

Both sides suffered heavy casualties, especially Erudia's side was crushed and beaten, and the damage was even greater.

Weeping all over the place ceaselessly.

At this time, the field medics came in handy.

Timely treatment and rescue can reduce a lot of losses.

On the battlefield, many doctors in the field are active.

It is mainly based on the family of medical kings and other major ancient medical schools.

It's a battle of warriors now.

It is difficult for modern doctors to play a role...

Ancient medical techniques can quickly stop the injury and restore your combat effectiveness in the shortest time...

This is the advantage of the family of medical kings.

This allowed them to fight with the strongest core that dominates the alliance. So far, the fourth line of defense is still completely defeated.

On the battlefield, there was a familiar figure.

It turned out to be Abigail.

After the wedding stopped, she followed to the battlefield.

Seeing more and more casualties, Abigail was also desperate.

The Western Territory Theater is really a purgatory on earth.

The war zone with the most casualties.

If it weren't for medical skills, the magical medicine would hold on.

The fifth line of defense in the west has long been broken.

The opponent is too strong and too strong.

One offense is stronger than one!

There are harassment and oppression by evil people in the rear.

The medical king family has already lost half.

They can hold on for two more days at most, not as good as the Eastern Territory Theater.

“Isn’t Messiah’s reinforcements coming?”

The doctor king looked depressed. ..

He was also covered in blood.

The old man is extremely powerful.

Just one person killed two Sixth Heavenly Powerhouses and eight Five Heavenly Powerhouses.

“Now Messiah’s reinforcements are all stopped by the Huangquan Temple and the evil sects of the Blood Demon Temple, and they can’t come

to us at all!”

Wang Qingyu was even more depressed and said, “Grandpa, I said that I shouldn’t have come! We worked hard for them in front! It’s not worth it!”

“That’s right, if the Doctor King continues to fight like this, we will all be fooled! I still don’t even figure it out now, why are we here desperately?”

“We are all supreme beings of both medical and martial arts, so why do we work hard for ordinary people?”

...

Hearing everyone saying this, the doctor king's face was extremely gloomy.

How powerful the other party is, they know better than anyone else.

If this continues, they will all have to die!

“Wrong, there are reinforcements! A surprise attack on the North and South theaters! But after all, it was a surprise attack. You don't need to think

about it. What is the use of a small force against the army of the Upper West? Not to mention that people are now fortified and are preventing your

attack! “

Someone immediately said.

Wang Qingyu echoed: “Yes, it's wrong! What's more, this atrocious soldier must go to the Eastern Theater first! Let alone how powerful the enemy

is in the Eastern Theater, even if this atrocious soldier succeeds, it will take a long time. , We were all destroyed by then!”

“So no matter what, we are a dead end!”

“The meaning of our existence now is to extend the time for Erudia and block the most powerful enemy!”

...

After Wang Qingyu analyzed the results.

The audience was silent.

“In other words, if we stick to it, it will be a dead end!”

“Wrong!”

“The f*ck, I won’t do it! I didn’t want to come! It’s not worth working for Messiah, for the ordinary people!”

“Yes, I quit!”

“I don’t want to die!”

...

“Then what do you say?”

The majestic voice of the Doctor King sounded.

Wang Qingyu thought for a while and said: “Just surrender! Just store our strength! Even though our interests are greatly damaged, most of our

strength can be preserved in this way!”

“Yes, I think Grandpa is right! Many forces in Erudia choose to protect themselves, just to store their strength!”

“If you think about this battle, it actually doesn’t have much to do with us. The big deal, we suffer a loss. No matter how hard it is to be bound by

the covenant of the gods?”

“Also, in case we surrender and receive more favorable treatment, it is not impossible!”

The Doctor King sighed and said: “I’ve heard about this. The Domination Alliance is composed of warriors from the major forces. What they want is

to divide Erudia. If we join in, it will be the same!”

“If you want to surrender, dominating the league is definitely welcome. After all, we are also very strong!”

“What do you think of the King Doctor?”

Everyone on the scene looked at the Doctor King.

After hesitating for a moment, the Doctor King gritted his teeth and said: “Okay, then surrender and join the Domination Alliance!”

“Okay! Surrender is the most wise choice!!!”

Almost all the supreme-level powerhouses present cheered and exclaimed.

The Doctor King glanced at everyone and said: “Surrender, no, whether to join the Domination Alliance or not, it is up to everyone to vote!”

“I agree to join the Domination League!”

“I also agree to join the Domination League!”

...

Soon, dozens of senior officials expressed their opinions.

Almost everyone agreed to surrender.

“I don’t surrender! There is no word for surrender in my dictionary!”

“Yes, it’s too shameful to join the enemy army, I can’t do this, Lei Baiqing!”

“It’s wrong, no matter what, I, Li Taishan, can’t betray Erudia and my ancestors!” m.bg.

...

But there was still a different voice.

There are still warriors who understand the righteousness and love Erudia.

Although there are only a few digits, there are always some.

“Lei Baiqing, Li Taishan, you are crazy! If you don’t join the Domination Alliance, you will die! Everyone will die!”

“Is it worth working hard for ordinary people?”

...

Several people from Wang Qingyu scolded immediately.

Everyone looked at a few people as if they were looking at a fool.

Li Taishan smiled and said, “I don’t know if it’s worth it! But there is blood flowing in my body! I am all loyal in my bones! I will not betray my

ancestors!”

“Wrong! As long as we live, we won’t give up the land under our feet!”

...

The tough statements of several people drew the support of their men.

But in Wang Qingyu's eyes, such behavior is very stupid and brain-dead.

"What age are you still talking about betraying your ancestors!"

"Anyone who knows the current affairs is a brilliant! If you don't know your mind, you have to die, and we have no way!"

"Let's join the Domination Alliance, you just wait to die!"

...

The medical king family and other forces decided to abandon Lei Baiqing and them to join the Domination Alliance.

The Doctor King even ordered: "Qingyu, take a few people to discuss with the Domination Alliance to show our sincerity!"

"Okay, Grandpa, I promise to complete the task!"

Wang Qingyu was already overjoyed.

They are finally out of danger.

"Things that betray the ancestors, you must die!"

"Traitor, a group of traitors! You are not worthy of being Erudia people!"

Lei Baiqing shouted angrily.

Wang Qingyu smiled and said, "You are just stubborn. When death comes, will you still be stiff?"

"Shameless, traitor!"

"The ancestors are going to be ashamed!"

Several people roared.

"Good scolding!"

"How can you be traitors? How can you betray your ancestors?"

A cold female voice sounded.

Abigail came to the court.

He just heard that Wang Qingyu and the others were about to surrender, but she still didn't believe it.

The family of medical kings was crowned king.

Even Wang Qingyu is a protector of the country.

How can you surrender.

After coming here, she was disappointed.

Is this the person she is going to marry?

“Abigail, what is betrayal? This is what is known as a wise man! What is surrender? We are only negotiating to join in cooperation. We are just

storing our strength!”

“Originally, this matter has nothing to do with us! Look at how many ancient forces there are in Erudia to protect themselves? To put it bluntly, it

doesn't matter much! We can fight, and we are all benevolent! Those ordinary people who love to protect whom Go!”

“Not only do we join the Domination Alliance, you also have to join!”

Wang Qingyu said.

Abigail immediately shook his head: “No, I won't surrender with you!”

“I am a big summer, how can I join the enemy camp! Impossible!”

Abigail was resolute.

Wang Qingyu sneered coldly: "That's not up to you!"

"You are my woman, the husband sings and the wife accompanies you, wherever I go, you have to follow it! Come here, look after Abigail! I'm

going to dominate the league!"

"Do not....."

"I do not....."

Although Abigail tried his best to refuse.

But still controlled by the other party.

Dominate the base camp of the Alliance West Theater.

Richard and all the top executives are here.

Everyone is discussing the next step.

Hearing Wang Qingyu surrendering with sincerity, Richard and others all smiled.

Unexpected, also expected.

When he saw Wang Qingyu, Richard smiled: "There are still smart people! Everyone can cooperate. Why do you want to be opponents and

sacrifice in vain?"

"Haha, we all figured it out. Want to join the Domination League!"

"But we have the conditions..."

Wang Qingyu explained the conditions for surrender.

"These conditions are too easy for us, so let me promise, when Erudia is captured, you have the qualifications to carve up Erudia! If you want land,

you want land, and you want resources, resources!"

"After all, Erudia has a lot of resources, and it is difficult for us to eat! It's not bad for you!"

"I can also give you a contract, a promise guarantee!"

...

In the end, Wang Qingyu hit it off with Domination Alliance.

Tens of thousands of thousands of forces, including the medical king family, have chosen to join the Domination Alliance.

Wang Qingyu brought the message back for the first time.

“Haha, it’s great, it is full of sincerity to dominate the alliance. Join them, we will get more benefits!”

“Are you sure you won’t be with us? We want to drink spicy food, you can only wait to die!”

The King Doctor also asked Li Taishan several people.

“Traitor, traitor!”

“We are not ashamed to be with you!”

“Guys who betrayed the ancestors, hurry up! You will not end well!”

Lei Baiqing said angrily.

The traitors laughed.

They looked at Lei Baiqing and the others mockingly: “Who is it that ended up worse? Hahaha! Wait for your death!”

Wang Qingyu came to Abigail deliberately and smiled: “Let’s go, follow me to join the Domination League!”

“Bah, what qualifications do you have? Get out, I don’t want to see you!”

Abigail scolded.

“You are my wife, of course you have to listen to me!”

Wang Qingyu smiled.

“When am I your wife? None of the weddings were successful!”

Abigail was unwilling in every possible way.

Wang Qingyu smiled greedily: “From the moment we held the wedding, I believe that you are my wife. No matter how far the wedding goes, you are

my wife!”

“In this life you don’t want to get rid of me, wherever I go, you have to follow wherever I go! From now on, you will also be the one who dominates

the alliance. Don’t talk about surrender and traitor!”

“Go, let’s go!”

Abigail struggled wildly.

But it’s not of any use at all.

Wang Qingyu was dragged away abruptly.

Soon, tens of thousands of people surrendered and joined the Domination League.

The Domination Alliance held a grand welcome ceremony.

Between four and five lines of defense.

There are only dozens of forces led by Lei Baiqing and others.

They add up to only a few thousand people.

Next, thousands of them guard here.

The situation is unprecedentedly difficult.

“Even if my brothers die, we must guard!”

Lei Baiqing and others are ready to sacrifice.

Even if they die, they are at least worthy of their ancestors!

In this era, interests are paramount and money is paramount.

But there are still some things.

For some “ridiculous” beliefs, some people are willing to sacrifice...

The medical king family and other forces joined the camp to dominate the alliance.

At first they were quite scary, and they were always vigilant.

They are afraid that as soon as they join the Domination Alliance, the opponent will immediately kill.

Get rid of them completely.

But soon everyone discovered that worry was unnecessary.

The Domination League welcomes them to join. ..

Of course, dominating the alliance consumes a lot of money, and if there is one less enemy, one less.

The King Doctor led everyone to meet Richard and them.

“Huh? Ordinary people?”

Seeing Richard, everyone was shocked.

No matter how hard it is to think that the person in power who dominates the alliance is an ordinary person.

unimaginable.

It turned out that it was ordinary people who controlled hundreds of thousands of warriors and millions of troops to fight.

Not long ago, I heard that ordinary people have invented weapons that can kill the supreme-level powerhouses.

Are ordinary people so scary?

Co-authored, the warriors who destroy the world are all chess pieces.

It is ordinary people who control everything.

Hearing this, Richard smiled and said: "I am indeed an ordinary person! But I can become a martial artist in minutes!"

Richard relies on technology.

As long as he presses the watch, he immediately becomes an existence similar to Iron Man.

The whole body is the most powerful mecha.

There are even reactors.

Possess a powerful attack and defense.

Moreover, Richard is not at the helm.

He is also a chess piece.

He comes from one of the most mysterious laboratories in the Warhawk Kingdom.

His younger brother Jefferson had his body mutilated by the bombing, but he relied on the technology of this laboratory to come back to life...

The establishment of the Domination Alliance is the common will of this laboratory and other figures.

Richard and the others are just concrete pawns.

Hearing what Richard said, the warriors were shocked.

Can an ordinary person compete with them in an instant?

Not even the most powerful magic medicine of the family of medical kings.

“I’m glad you can join the Domination League!”

“Does everyone see our sincerity?”

Richard asked.

“I see, the sincerity is too much!”

The Doctor King was even arranged to be one of the helms of the Domination Alliance.

“It’s time to show your sincerity!”

Richard smiled.

“Huh? How to show it?”

The doctor asked.

“I have no choice but to surrender, pretend to join us and attack us from the inside, should you work together inside and outside?”

“No, how could we be fake!”

...

Everyone immediately retorted.

Richard smiled: “Then you have to take some practical actions to see!”

“There are still people guarding the fourth line of defense, right?”

The Doctor King nodded their heads: "Well, someone is guarding!"

"Do you know how many people are left and the distribution of strength?"

"It couldn't be clearer!"

Wang Qingyu nodded fiercely.

"To show your sincerity, let you get rid of them! This is simple, right? With your strength, the battle will be resolved within an hour!"

"what?"

The Doctor King and the others were taken aback.

They surrendered without hesitation.

But going to kill those compatriots who are fighting side by side is a bit unbearable.

"This is your task, and it is also your first battle to join the Domination Alliance! Think it over!"

Richard couldn't help but excite when he saw everyone hesitate.

"Okay, leave it to us!"

Wang Qingyu agreed

The Return of the God of War [The Protector] Chapter 1721-1730

A brutal touch flashed across Wang Qingyu's face.

Those who do big things have to be cruel.

This is his consistent principle.

Although he came from a medical family.

But medical skills can save and kill people.

Over the years, Wang Qingyu has mostly cultivated murderous medicine.

Wang Qingyu agreed.

The Doctor King also had to agree.

“Well, that's right! Let us feel sincerity, so that we are a family! Prepare as soon as possible! I only give you half a day!”

Richard left with a smile.

They began to consider their next plan.

After all, the Western Territory has already been taken.

The Doctor King and the crowd fell into depression.

Lei Baiqing's death is certain.

They didn't think they were going to kill.

No matter how shameless they are.

But when they really went to kill these acquaintances, they were also very entangled in their hearts.

For example, when Lei Baiqing insulted their traitors and betrayed their ancestors, it was still irritating to them.

...

"I can't bear it, I can't help it!"

The medical king was embarrassed.

"Grandpa, kill it! If you don't kill them, we may die! This is the Domination Alliance to test us!"

Wang Qingyu's eyes were full of killing intent, showing no mercy.

"Grandpa, you can't bear it, let me lead the team!"

Wang Qingyu is eager to perform meritorious service and can't wait.

“it is good!”

In the end, it was decided to let Wang Qingyu lead the team to remove it.

“Wang Qingyu, you are a beast! You not only surrendered and betrayed, but you also want to kill your own compatriots. Do you have a good

conscience?”

Seeing makeup, Abigail also cursed.

Wang Qingyu smiled and said, “Abigail, you are also a traitor yourself! You also have your share of the credit for killing them! You can’t escape!”

“You...you really can’t die!”

Abigail wanted to cry without tears.

But she has no way.

Once the message goes out.

She is also a traitor to Erudia!

She couldn’t prove it to herself at that time.

“Abigail, you are getting worse and worse. If you do this, I will kill your brother-in-law and them all!
You also understand that Erudia will be

breached!”

Wang Qingyu smiled arrogantly.

Abigail was silent.

After she came to dominate the alliance base camp.

Really feel their power.

They have too many cards.

What I saw before was just the tip of the iceberg.

Erudia may really not be able to hold it...

now.

The army led by Levi Garrison was on the way.

“Bao, Wang, and most of the family of medical kings have already turned to dominate the alliance!
Now only a few thousand people remain on the

fourth line of defense!”

The spies ahead sent the message.

Upon hearing this, Levi Garrison roared: “Damn, these traitors!”

“Yes, the scum of the medical king family, I really look up to them!”

“We hurried to clear the door and kill this group of traitors!”

...

The act of surrendering is not ashamed of everyone.

All eyes were red, trembling with anger.

Skills are not as good as people can.

It’s okay to be weaker than the opponent.

How can you surrender?

It is still being named the King of Medicine and the Existence of God!

“Okay, speed it up! I personally educate these bastards!”

Levi Garrison was also very angry.

The fourth line of defense.

Thousands of people including Lei Baiqing and Li Taishan guarded.

There was no one talking in the huge scene.

They are waiting to die.

Everyone has a look of death at home.

“Rumble...”

Soon after, they heard the shaking of the earth and the mountains.

Obviously, the enemy is coming.

“All are ready to fight!”

“We will not leave the battlefield alive!”

Li Taishan and Lei Baiqing shouted.

“Aside from the nickname, something big has happened in the Western Territory Theater!”

“The medical king of the family of medical kings and dozens of great forces brought tens of thousands of warriors to surrender and join the

dominance alliance!”

“At present, there are only a few thousand people in the West Frontier Theater, and within a long time, the West Frontier Theater will definitely fall!”

“The five lines of defense in the western theater are broken. Due to the special terrain, it is equivalent to opening the gates of Erudia to allow foreign

enemies to invade!”

“Erudia is going to fall! The fifth line of defense in the west is broken, which is equivalent to half of Erudia being taken down!”

“If the fifth line of defense in the Eastern Frontier Theater is breached again, or something goes wrong with the capital. The entire Great Xia is at

stake!”

...

Soon the medical king family took tens of thousands of warriors to surrender and betrayed throughout Erudia and the world.

Erudia, who had been so arrogant, was heavily poured with cold water.

Silence!

Everyone in Erudia, whether it was Messiah or the people, was dumbfounded. m.bg.

Such as falling into the ice cave.

The morale went down in an instant, and it sank to the bottom.

Sure enough, the North-South theater is not important at all.

The important thing is the Eastern Theater and the Western Theater.

These two major war zones can truly threaten the safety of Great Xia.

Sure enough, what is the most afraid of...

Now the western border is equivalent to being lost.

Next, I am afraid that the Eastern Territory Theater will not be able to hold it.

The darkest and most difficult moment of Erudia has arrived.

Erudia was immersed in the suffocating atmosphere one after another.

No one even scolds those traitors...

To no avail.

Now I can only wait silently for the coming of destruction.

For a moment, no one was seen on the street.

All walks of life have stopped.

Everyone is quietly waiting for that moment to come.

Even a child knows what it means to be defeated in the Western Frontier Theater.

“Think of a way! This is really over!”

“Now we can’t get in touch with that amazing soldier!”

“It doesn’t work if you get in touch, they must have gone to the Eastern Frontier Theater!”

...

Messiah was also at a loss.

The current situation in Erudia has completely boiled overseas.

Countless people are laughing.

Among them are traitors like Li Wenhai who ran out.

The worse the situation in Erudia, the more it shows the significance of their escape.

Dominate the alliance base camp.

Wang Qingyu brought the army and pressed over.

Know the defensive deployment of the opponent, and even the details to each person's combat strength.

Therefore, Wang Qingyu's expression was relaxed, and he didn't panic at all.

He also deliberately brought Abigail.

He wanted Abigail to participate in this matter all the way.

At that time, she couldn't argue, she couldn't get rid of it at all.

"Wang Qingyu has a seed, so let me go!"

Abigail scolded.

“Abigail, curse, and soon you will stop cursing! After this battle is over, our message will quickly spread throughout Erudia and the world. At that

time, everyone knew that you Abigail was Erudia’s traitor! “

Wang Qingyu told Abigail a fact.

Abigail was silent immediately.

At that time she will bear the name of a traitor.

I am afraid that immortality will not be able to step into the great summer.

Wang Qingyu is too insidious!

Abigail was completely chained to death.

I’m afraid it’s hard to get rid of...

Soon, Wang Qingyu led the army to the fourth line of defense.

“I really didn’t expect it to be a group of you traitors! You are the traitors, you are the puppet army!”

Seeing Wang Qingyu and others, Li Taishan, who had a fierce temper, had already scolded them.

“It’s a pity, I’m not willing to die in the hands of these thieves!”

Everyone is unwilling.

“Suicide! Don’t force me to do it myself!”

Wang Qingyu smiled.

“Little boy who gives you the courage!!!”

Suddenly there was a loud shout, like a billowing thunder.

“Buzzing...”

Everyone’s ears roared.

Everyone was shocked!

Even the ghost appears in front of me.

One can imagine how terrible this sound is.

I don’t know if Abigail is confused or what, hearing this voice feels a bit familiar.

“Look! Look!”

The next moment, Wang Qingyu’s subordinates exclaimed.

Because on the top of the mountains on both sides, there were a number of figures.

Bring them inexplicable threats and pressure. ..

Everyone just felt short of breath and extremely depressed.

“This.....”

Wang Qingyu’s face changed drastically.

He has a bad feeling.

The right eyelid began to jump wildly.

“Who are they?”

This is the question of everyone Wang Qingyu.

After holding their positions, Li Taishan and Lei Baiqing looked at each other, and suddenly burst into laughter.

“Brothers, reinforcements are here! Our efforts were in vain!”

“Brothers follow me to prepare and fight back with the reinforcement brothers!”

...

Thousands of people’s blood was completely ignited, wailing one by one.

Standing on the top of the mountain.

Levi Garrison’s eyes were cold.

The tens of thousands of troops led by Long Hanzhou and Longhu Divine Monk are looking forward to it, waiting for Levi Garrison’s order.

“He who betrayed my Erudia, kill!”

“Those who kill my compatriots must kill even more!”

“Send my order, kill, kill, kill! Don’t keep one!”

...

“kill!”

“kill!”

“kill!”

Give an order.

Tens of thousands of warriors from all directions madly killed Wang Qingyu and the others.

“This.....”

Wang Qingyu was instantly dumbfounded.

In fact, he didn't bring many people.

Only one-third of all forces, 20,000 people.

It was more than enough to deal with Li Taishan and the thousands of people.

But who would have thought of this unexpected situation.

“No! It's Great Xia Qibing! They didn't go to the Eastern Territory Theater, but came to the Western Territory!”

“Withdraw, let's withdraw quickly!”

Know that the opponent is powerful.

Wang Qingyu quickly evacuated with people.

But will Levi Garrison give him a way to survive?

will not!

He had sealed his back road long ago.

“kill!”

“boom!”

“boom!”

“??!”

...

Soon, the two sides fought together.

When everyone treats the traitor, they kill it!

Coupled with all the advantages, Wang Qingyu kept falling in a pool of blood.

Everyone was blushing.

Especially in the face of these traitors.

Even more merciless.

One knife.

One sword.

Punch.

...

There were screams everywhere.

In particular, Li Taishan and others were the most angry, venting their grievances on the traitors.

“Surrender, surrender, we surrender!”

“We regret it!”

To the back, the traitors knelt to the ground one after another, no longer struggling.

Li Taishan and the others hesitated.

“kill!”

“Treat the traitor, kill without mercy!”

From behind, Levi Garrison’s cold voice came.

“Puff!”

“Puff!”

The people continued to slaughter.

In the blink of an eye, there were less than a hundred of 20,000 people left.

“Hold on!”

“If you dare to kill me, my grandfather and the family of medical kings will take revenge on you frantically!”

“You also understand the gap with Dominating the Alliance! You will not end well!”

“If you don’t kill me, you can take me hostage...”

Wang Qingyu began to negotiate.

In order to survive, he gave it up.

“This.....”

Li Taishan and the others stopped.

Reality broke a basin of cold water for them.

Although this squad is here.

But facing the dominance of the alliance, it is still too weak.

They have to consider for the next.

If Wang Qingyu were to be held hostage, the situation would definitely be better.

“Wang Qingyu is stinky and shameless!”

At this time, Levi Garrison came over.

Hear this voice.

Both Wang Qingyu and Abigail trembled fiercely.

So familiar.

this is not?

When they saw Levi Garrison, both of them were frightened.

Li Taishan and Lei Baiqing were also taken aback.

Before, they also went to the wedding of Abigail.

Also know Levi Garrison.

They didn't even think that it was Levi Garrison who led the auspicious soldiers.

"It's him?"

Li Taishan also inquired of the Dragon, Tiger, and God monks. m.bg.

"Wrong, it's him!"

"He led us to win the North and South war zones!"

"I saw with my own eyes that he slaughtered more than 30 powerful men of the sixth heaven!"

...

Dragon, tiger, gods and monks still have lingering fears when they talk about it.

He gasped again and again.

“So scary?”

Li Taishan’s expressions changed drastically.

...

“It’s you?”

“Brother-in-law?”

When everyone saw Levi Garrison, their reactions were quite different.

Abigail was surprised and delighted.

hope.

She saw hope.

Wang Qingyu was all shocked.

I saw that Levi Garrison walked towards Wang Qingyu step by step.

“It’s really shameless, being a traitor! You even came to kill your own compatriots! How did you do it?”

Levi Garrison sneered.

Seeing Levi Garrison approaching, Wang Qingyu suddenly raised the corner of his mouth, and a vicious look flashed across his eyes.

“kill!”

He suddenly attacked Levi Garrison, trying to kill him.

“boom!”

But what he didn't think was that Levi Garrison had disappeared before his eyes.

“boom!”

“??!”

...

There was a sound of cracking bones.

Wang Qingyu fell to his knees.

A heart-piercing sound came.

His right leg was broken.

“You, you...you are not ordinary people!”

Only then did Wang Qingyu realize the problem.

“boom!”

Levi Garrison slapped his face again.

In an instant, Wang Qingyu’s cheeks were bloody, and all his teeth flew out.

Abigail was pleasantly surprised.

Sure enough, brother-in-law is not an ordinary person!

She is so stupid!

Still thinking about saving him and marrying Wang Qingyu.

Too stupid.

“kill!”

Levi Garrison gave an order.

Soon, all the remaining traitors were killed.

Only Wang Qingyu and Abigail were left.

“Abigail, I want to kill him, you won’t stop me, will you?”

Levi Garrison asked.

After all, he is Abigail’s fiance.

“Abigail save me, I’m your husband! Please don’t let him kill me, brother-in-law!”

Wang Qingyu became anxious.

Abigail looked ruthless: “Brother-in-law, kill this culprit! I have nothing to do with him!”

Levi Garrison nodded: “Okay, I will kill him. But not now!”

Li Taishan everyone immediately came up: “It turns out to be the king of the word side by side!”

“Now with your support! The Western Territory Theater can continue to defend again! It’s great!”

...

Everyone smiled.

But Levi Garrison asked, "Who said he was going to defend it? Pass my order to launch a frontal attack on the Domination Alliance Base Camp!"

"what? What?"

"This....."

"Am I dreaming?"

...

The language is not surprising and endless.

Levi Garrison said this.

Everyone was dumbfounded.

Not defending and counterattack?

Just rely on this person!

Or is it a frontal attack?

crazy!

Completely crazy!

Those who are familiar with Levi Garrison's style have a calm face.

They understand that there is no defense in Levi Garrison's dictionary, it is completely offensive.

"Listen to the king's command and launch a frontal attack!"

I saw Dragon Tiger God Monk and Long Hanzhou actively carrying out Levi Garrison's orders.

"is this real?"

"I, I, I..."

Li Taishan and their mouths trembled.

Never thought of an offensive day...

Even if the team is integrated and moved forward.

They are still dreaming.

His mother seemed to be dreaming.

Is this an offense?

The enemy is dozens of times stronger than them, or even hundreds of times stronger.

Still attacking?

There are a lot of evil ways behind.

This dare to attack.

We are getting closer and closer to the base camp of the Dominating Alliance, and everyone is now fully awakened.

They are doing something crazy-offense.

Dominate the alliance base camp. m.bg.

Everyone didn't even take this matter to heart.

Thousands of people have not been wiped out in minutes.

At this time, everyone was taken aback when they heard the movement outside.

"Huh? So fast? You can't use it for half an hour, right?"

Everyone wondered.

Although Li Taishan has only a few thousand people, they can at least last a long time by virtue of their tenacity.

It's too fast to solve in half an hour.

“boom!”

“boom!”

“boom!”

...

At this moment, waves of shaking and shaking occurred in the base camp.

Hundreds of balls were thrown into the base camp that dominates the league.

After landing, everyone was almost frightened to death.

Hundreds of spheres were bloody heads.

“This, this...”

“This is my master! This is my senior brother! This is our people! What's wrong?”

Soon, people from all major forces in the medical king family recognized these heads.

“The big thing is bad, the big thing is bad!”

“Hurry up, the big thing is not good!”

...

All of a sudden, the base camp dominating the alliance was in chaos.

The medical king, Richard and other senior officials heard the movement.

All rushed out.

I was also taken aback by the head on the ground.

“Something happened, it looks like something happened to my grandsons!”

The medical king quickly reacted.

Richard looked surprised: “No, don’t you say that the other party has only a few thousand people? How could it be possible?”

“I don’t know, I don’t know what happened, but something definitely happened.”

The King Doctor started to be anxious.

Just as the decision was being made, a very penetrating voice came from above the mountain top in the distance.

“Dominate the alliance quickly surrender, and spare you not to die!”

“I will dominate the alliance, I will do your ancestors, dare to invade Erudia, and look for death!”

“Open the base camp quickly, everyone kneels on the ground and surrenders, otherwise we will attack frontally!”

...

Hear all kinds of threats.

Everyone in the Domination Alliance was dumbfounded.

Isn't his mother crazy?

Let them surrender?

Your brain was kicked by a donkey, right?

Can't see the situation clearly?

Can't figure out your situation?

Still attacking frontally?

Richard laughed.

“Go, prepare the army, let’s go out and see who is clamoring!”

Soon, hundreds of thousands of troops to dominate the alliance are ready.

The remaining 50,000 people from the medical king family and other forces also joined the group.

Open the base camp together and set off.

A piece of black and heavy, spread out overwhelmingly.

Hundreds of thousands of people have almost filled this huge terrain, and there is no gap at all.

Li Taishan on the other side took a sigh of relief when they saw it.

The opposite is too scary.

Hundreds of thousands are still martial artists.

Even the powerhouses of the five heavens and the six heavens are everywhere.

How to play this?

Before they relied on the terrain, so many enemies could not spread out, and they could only attack by tens of thousands at a time, and they could

temporarily delay their attack.

But now all the enemy's army can be spread out.

this is too scary.

When the dominating coalition army saw that there were only tens of thousands of people shouting in the distance.

They are all happy.

"The egg hits the rock?"

The Return of the God of War [The Protector] Chapter 1731

Richard smiled and said, "Erudia has an idiom, called Mantis arm as a car."

"Today I finally understand this idiom."

"Unsurprisingly, it should be Erudia's recent active army. They didn't go to the East Territory Theater, and they came to the West Territory."

"Haha, anti-routine. It's a pity that our strength in the Western Territory is too strong. He can't use surprise attacks. It's useless at all."

"Now it's changed from the frontal attack, relying on these people? It's ridiculous!"

...

After clarifying the situation.

The Domination Alliance laughed.

In their opinion, Levi Garrison's offense was a very stupid act.

Not only did they think that, but Li Taishan, they couldn't believe it.

"Grandpa save me!!!"..

At this moment, a voice came.

“What? My grandson?”

“Qingyu!!!”

The Doctor King and his family couldn't help it.

It's all crazy.

The mountain top in the distance.

Wang Qingyu knelt on the ground.

A black saber was standing right around his neck.

Wang Qingyu screamed frantically.

“Grandpa save me, they want to kill me!”

...

The King Doctor was anxious.

“Hurry up and let go of my grandson, or I will make you worse off than death!”

“Hurry up, or we will strip you alive!”

...

The Doctor King shouted.

In the distance, Levi Garrison stepped on Wang Qingyu's sorrow, holding a knife in one hand.

He shouted into the distance: "Nothing else, I just want everyone to see the fate of the traitor!"

"Your family of medical kings is wasting the benefits that Messiah has given you. You are not worthy of being Erudia people, a group of traitors,

killing without mercy!"

"Don't don't..."

Doctor King what they realized.

Not only shouted.

Wang Qingyu felt the fear of death even more, and shouted, "No, no, no..."

"Traitor, damn it!"

Levi Garrison picked up the knife and fell.

Blood splattered.

Wang Qingyu thumped and fell to the ground.

dead!

Levi Garrison sneered: "Did you see it? This is the fate of the traitor!"

The traitors who watched this scene were shocked.

At that moment, they all replaced themselves as Wang Qingyu.

It seems that the fate of these traitors is like this.

"No, you are looking for death! My grandson!"

"Ah!!! I must kill you!"

"I'm not finished with you!"

Everyone in the medical king family is crazy.

They don't even ask Richard for instructions, they will attack directly.

Levi Garrison smiled: "Don't worry, you traitors will die later! Come one by one!"

A word of excitement made the family of medical kings go to the head.

“Brother save me!”

But just at the very moment, a cry for help came out.

Richard was shocked.

That was the voice of his younger brother Jefferson.

“Slow, wait, stop for me!”

Richard abruptly prevented the medical king family’s actions.

Because he saw Jefferson on the top of the hill.

Kneeling like Wang Qingyu.

Is he going to be killed too?

Thinking of this, Richard broke into a cold sweat.

“Calm down, calm down, don’t do it!”

“What’s the matter to discuss! Calm down, don’t kill anyone!”

...

Richard said in horror, pressing his hands down.

Instructed Levi Garrison to calm down.

Levi Garrison smiled and said, “Guess I will kill him?”

Hearing this, Richard panicked.

“Don’t, be calm!”

“Let’s talk about the conditions!”

Richard hurriedly said.

“Okay, promise me a condition not to kill your brother!”

The Return of the God of War [The Protector] Chapter 1732

Levi Garrison said so.

Everyone in the medical king family felt a little throb.

Levi Garrison's condition shouldn't be...

Richard repeatedly nodded: "Okay, you say! As long as I can do it, I promise!"

"You want your brother to survive, one way! Kill all of them in the medical king family!"

...

"hiss!"

As soon as Levi Garrison said this, the audience gasped.

This condition is terrible, right?

The complexion of the doctor king and others changed drastically.

Want to kill them all? m.bg.

Let them fight infighting?

This is too insidious.

“This.....”

When Richard heard it, he was dumbfounded.

He hesitated.

Levi Garrison’s intention couldn’t be more obvious, just to let them fight in their nests.

A great loss of their strength.

Get rid of these fifty thousand traitors by their hands.

But how could he?

Suddenly, the Doctor King and all the top executives who dominated the alliance looked at Richard.

“No, you have to calm down and don’t act irrationally!”

“Yes, they dominate the alliance just like us now!”

...

Everyone persuaded.

At this time, Levi Garrison's voice sounded: "It looks like your brother doesn't take him seriously, you should die!"

"Brother save me!!!"

Jefferson screamed hysterically.

"I....."

Richard was moved.

"No, Mr. Richard must calm down!"

"Calm down!"

Everyone persuaded.

The Doctor King was also scared and shouted: "Mr. Richard, he deliberately, deliberately instigated discord! Don't be fooled!"

"Yes, let's try to save people!"

Richard yelled: "Save me a fart, at this distance, the Sixth Heavenly powerhouse is still not enough, my brother is dead!"

"You calm down, there must be other ways!"

Levi Garrison's voice sounded: "I only give you three seconds!"

"three!"

"No, brother, save me!"

At the beginning of the countdown, Jefferson was terrified.

During this period of time in Levi Garrison's hands, it can be said that no one knew Levi Garrison better than him.

He will do what he says.

"Don't, calm down, don't be fooled!"

...

At the beginning of the countdown, the atmosphere in the field went to extremes.

Richard was still in a cold sweat, his veins violent and his body trembling.

"two!"

"Brother, save me! I don't want to die, brother, brother, save me, save me!!! Save..."

Jefferson was crazy, and quickly shouted.

“Don’t promise, don’t promise...”

“Calm down, calm down, calm down again. Don’t ruin globality just because of one person!”

...

The Doctor King and the others were so nervous that they were about to vomit blood.

The same is true for others.

Everyone’s heart is hanging, breathing is fast, and the eyes are about to fly out.

The most nervous is Richard.

On the other side is my brother’s life.

On the other side are the lives of tens of thousands of people.

It’s all between his thoughts.

Richard’s complexion was flushed, even purple, and his whole body was wetted with cold sweat like a torrential rain.

His body was trembling crazily.

He clenched his fist tightly.

This decision is too difficult and too difficult.

Levi Garrison was expressionless, as if everything in the court had nothing to do with him.

His lips squirmed, and he slowly uttered a word: "One!"

The moment this number is called out, it means that the dust has settled.

"I agree to your terms!"

"I agree, whistle whistle whistle whistle..."

In the end, Richard agreed.

He was panting heavily.

I have never been so nervous in my life.

But the 50,000 people of the medical king family and other forces were all dumbfounded.

All of them looked pale.

The Return of the God of War [The Protector] Chapter 1733

Richard agreed.

It means that the Domination Alliance will kill them all.

After Richard took a deep breath: "Kill, kill them all for me!"

"Think about it again!"

The high-levels who dominate the alliance began to persuade.

"No, if my brother wants to live, they must die!"

"In addition, if they die, it doesn't actually affect our strength!"

"Finally, I am the commander, you have to listen to me!"

After Richard explained.

The top executives were relieved.

These 50,000 people had little influence on them, and they still entered Erudia. m.bg.

"Kill, kill them all for me!"

The high-level leaders who dominated the alliance gave orders one after another.

Hundreds of thousands of troops of the Dominating Alliance instantly killed 50,000 people including the medical king family.

The Doctor King was dumbfounded for an instant.

But they had to fight again.

In order to survive, you can only kill all the enemies in front of you.

But Levi Garrison and the others stood in front of him, and there were hundreds of thousands of troops dominating the alliance behind.

They seem to be a dead end.

“Uh!”

“Uh!”

...

There were screams, and these traitors fell to the ground one by one.

It happened suddenly.

In addition, most of them are in the team that dominates the Alliance Army.

The other party suddenly kills, and they have no chance to evade.

Countless people fell in an instant.

Hundreds of thousands played against 50,000.

It was almost a crushing slaughter.

People keep falling down.

The bones become a mountain.

Blood flows into a river.

The warrior's battle is really terrible.

Hit the world eclipsed.

However, the many forces of the medical king family have terrifying combat power, and they can resist and struggle in a short period of time.

"The only way we can survive, the King Doctor, is to run back!"

“The Great Xia Qibing may not be able to stop us!”

The masters have formulated a plan to stop fighting with the Domination Alliance.

“Everyone is running back! Where can we get a chance!”

“Run!”

...

Everyone ran madly towards Levi Garrison.

Everyone is crazy.

Who blocked the posture of killing whom!

Li Taishan and the others began to panic.

Although they have less than 10,000 left, the masters are among them.

They may not be able to stop it.

Even suffered heavy losses.

At this moment, Levi Garrison’s voice sounded again: “What? Do you want your brother to die?”

When Richard saw this, he immediately panicked.

He had thought that the people who rushed there would be ignored.

Levi Garrison used his younger brother as a threat.

He panicked immediately.

“Kill, kill them all for me, all of the sixth and fifth heavens!”

This time, Richard used his hole cards.

The masters all came out, all chasing the Doctor King and them.

The powerhouses of the fifth and sixth heavens quickly stopped in front of the Doctor King.

“kill!!!”

The powerhouses of the fifth and sixth heavens all shot together.

It was a devastating blow to the rest.

“Puff!”

“Puff!”

“Puff!”

...

Under the impact of the opponent’s super power, the Doctor King was quickly unable to stop it.

One after another fell to the ground.

“Puff!”

In the end, the King Doctor was slain by the joint efforts of eighteen six heavenly powerhouses.

He was also the last to fall among more than 50,000 traitors.

It took a whole small half day.

All the traitors were killed.

This is how they would never have thought of it.

Obviously surrendered and joined.

Still died in the hands of others.

Because of Levi Garrison's strategy.

Upon seeing this, Richard hurriedly asked: "I did everything according to your request. Everyone was killed. Can my brother let it go?"

Unexpectedly, Levi Garrison sneered: "Who said you want to let your brother go?"

The Return of the God of War [The Protector] Chapter 1734

“what???”

Levi Garrison said this.

Everyone present was stunned.

Including one’s own people.

Everyone looked at Levi Garrison in confusion.

you lied?

Is this not so good?

“You cheat! You...”

Richard knew he had been fooled, and immediately roared.

“Why are you like this? Where did I promise to let your brother go? I just said not to kill him!”

Levi Garrison asked rhetorically. mi. c

“I.....”

Richard changed his mind, and it was true.

Levi Garrison did not mention it.

“You are really mean, you are really shameless!”

Richard scolded.

Levi Garrison smiled and said, “I’ll tell you one more despicable thing!”

“what?”

“Actually, I’m very reasonable! The reason for killing these traitors is because they betray Erudia and kill their compatriots. Each is a capital crime!”

“But your brother is different. He just came to Erudia to steal things, and it would be fine if he was locked up for ten years, and there is no capital

crime! Even if you send someone to prison to save him, this is your business and has nothing to do with him! I didn’t intend to kill him!”

Levi Garrison told the truth.

“puff!”

Everyone was dumbfounded.

It turns out that he didn't even plan to kill Jefferson.

Just using him.

This use has wiped out 50,000 Medical Kings, and the Domination Alliance has also suffered a certain loss.

When they think of this, their hearts are hurting.

Too despicable and shameless!

"I have never seen a shameless person like yours in my life!"

Richard roared with anger.

These warriors are still a little too simple compared to the battlefield commanders who are skilled in calculations.

Those who are familiar with Levi Garrison know.

His style of fighting is reckless.

Most of the time, it is a charge or an attack.

Even one or two people will shine with you.

But this does not mean that he is a man.

He is a commander.

From the perspective of global considerations.

If you can reduce the loss, reduce the loss.

On the battlefield, we must do whatever it takes.

Treat your relatives and friends sincerely, but when you treat your enemy, you must find ways to kill him.

Survival is the only purpose.

This is the battlefield!

For example, just now.

Tens of thousands of enemies were killed or injured without a single pawn.

Even let the Domination League expose most of the hole cards.

This is Levi Garrison.

Although all the traitors were killed, everyone was not happy.

Because next they will face the anger that dominates the alliance.

Now their army is out.

Working with them is a dead end.

“Well, you successfully angered me, and then, it will be your end!”

Richard was angry.

“Dominate everyone in the Alliance!”

“Within an hour, take the fourth line of defense!”

“Break through the fifth line of defense in the West in three hours!”

Richard ordered it.

“Kill kill kill!”

Hundreds of thousands of warriors set aside and did.

The power is earth-shattering.

Their aura alone moved the world.

Levi Garrison put away his laughter.

He looked at the crowd and shouted: "Brothers, the decisive battle is here! If we lose, Erudia will most likely be lost! Our homes will fall into dire

straits, and our parents, wives and children will be displaced! The land under our feet will become other's!"

"Can we lose?"

"Can't be defeated!!!"

Simple words, but they have inspired everyone's fighting spirit.

Everyone is no longer afraid.

It is full of fighting spirit!

"In a word, the brave wins if we meet on a narrow road!"

...

This is a battle of great disparity in strength.

But it is also a battle to determine fate!

“attack!!!”

The Return of the God of War [The Protector] Chapter 1735

Eastern theater.

Xiao Feng and the others have been holding on for a long, long time.

“That’s not right, why doesn’t the master come yet?”

Xiao Feng also panicked.

According to Master’s style and speed, it has already arrived.

Why is it so late.

The best fighter has long been missed.

Does Master have other follow-up moves?

“Why don’t the reinforcements come yet? We really can’t hold it anymore!”

...

Wailing voices broke out in the eastern theater. ..

They suffered too much damage.

Just then.

Big news exploded all over the world!

“Something has happened, something has happened! This time the sky has really fallen!”

“According to the latest information, Erudia Qibing has landed in the Western Territory Theater!”

“Before betrayed Erudia, the medical king family and other forces that joined the Domination Alliance were all killed!”

“The Great Xia Qibing did not sneak attack and dominate the alliance, but opened a frontal attack! It is unexpected!”

“Now the two sides have confronted each other and are about to go to war! The number and strength of the dominating alliance are nearly a hundred

times as big as Erudia!”

“This is a battle with too much disparity! The result is obvious. The Domination Alliance will fully break through the Western Territory, and then occupy

half of the Great Xia country!”

...

crisis.

A complete crisis.

At this moment, everyone in Erudia was hanging in their throats.

“Are you crazy? Raiders don’t attack and attack frontally?”

“The strongest power that dominates the Alliance is in the West, and the five or six heavenly powerhouses are hundreds of times! How do you fight

this? Isn’t this taking the initiative to die?”

“The West is lost, Erudia will be over! Hey!”

...

despair!

At this moment, it is desperate for everyone!

All the hole cards that Messiah could send out were sent out.

There is really no available power at hand.

They can only watch...

The Western Territory is facing offense, the gap is too big, and the Western Territory is doomed to fall.

The Eastern Territory Theater is also struggling to sustain it.

Sooner or later it will be defeated.

According to this situation, Erudia will definitely fall.

No one thinks Erudia will win!

This is simply impossible to win!

The strength gap is too big.

Especially the western theater.

But Erudia's soldiers still refused to admit defeat.

Almost all warriors are fighting ahead.

Ordinary people like them are useless.

But you have to step into the land of Erudia, unless you step on their bodies.

They are also holding a fighting attitude.

Formed a human wall to guard, waiting for the arrival of the enemy...

When overseas learned of this situation, they almost set off firecrackers to celebrate.

Erudia will eventually perish.

Their departure is correct.

Everyone thinks Erudia is going to be over.

Even Xiao Feng in the Eastern Territory Theater felt that it was over after they knew that Levi Garrison had gone to the Western Territory.

In short, this is a battle that no one would believe Erudia would win.

Don't talk about them, even Li Taishan believes they can't win.

Courage, Liangjian spirit is one aspect.

But the other party is really too strong.

There is no way to win!

But everyone is still holding a desperate attitude!

“kill!”

Both sides attacked together.

“Kill them all for me, and be sure to rescue my brother!”

Richard roared.

He pressed his watch, and soon, a set of mecha was put on him.

Incarnate as Iron Man.

He has also become a supreme-level powerhouse.

This is the terrible part of modern technology.

Under his leadership, the dominating alliance army is like a scourge...

“Abigail, you are responsible for raising the Great Xia Dragon Banner! You must not fall down!”

Levi Garrison arranged tasks for Abigail.

The Erudia Longqi was flying high on the highest point.

Levi Garrison’s eyes were full of killing intent: “Today, I let you know how powerful I am!”

The Return of the God of War [The Protector] Chapter 1736

Levi Garrison set out last, but arrived first.

“Total Annihilation!”

Levi Garrison suddenly swept his right leg.

“boom!!!”

A terrible air blast hit the enemy army.

“Puff!”

“Puff!”

“Puff!”

...

The enemies exploded one after another, breaking into blood mist.

In an instant, thousands of warriors were wiped out. m.bg.

“hiss!”

A simple blow, but let the two sides gasp.

Stopped abruptly.

Levi Garrison is too scary, right?

Does he really have the confidence to attack frontally?

Erudia was inspired by this side, a brain shock.

Levi Garrison rushed to the front to slaughter like a god of death.

“Puff!”

“Puff!”

“Puff!”

...

Under his devastating attack, wherever he passed, the corpses piled up.

The blood stained the earth even more.

The fishy smell is even more soaring.

Levi Garrison is like an ancient beast, unstoppable, crushing all the way.

In his hands.

There is no difference between these warriors and ordinary people.

They were all blown up with one punch.

What if you have many people?

In my eyes, nothing but ants!

One foot, crushed one piece to death.

Levi Garrison's fierceness drove everyone to a great extent.

They screamed and rushed.

Although there were enough opponents, their force, under the leadership of Levi Garrison, slaughtered among the enemy group.

Abruptly disrupted the enemy's formation.

They are more and more courageous.

On the contrary, it dominates the alliance, with strong strength and large numbers of people.

But as soon as he fought, he was completely stunned.

“So strong?”

“This, this...”

The senior leaders who dominated the alliance were dumbfounded.

“How should Richard fight? You are the commander!”

Everyone asked.

“Rumble...”

“Rumble...”

At this moment, there was a shaking movement from the rear of the Dominating Alliance, that is, the base camp.

Everywhere is shaking, like a big earthquake is coming.

The base camp was full of flames and smoke billowed.

“Rumble...”

...

The bombing continues, bombing the base camp over and over again.

After seeing this scene, Richard and the others were dumbfounded.

Now most of the forces are here, and the rear is in an unattended situation.

But despite this, the most important instruments and equipment that dominate the alliance are all in the base camp.

Including the same mech that Richard wears, and many secret weapons are all in the base camp.

These things may not be important to the warrior.

But it is very important for ordinary people like Richard, or those who need modern technology.

Now the base camp has become a sea of flames.

I am afraid that all the assets that dominate the Alliance have been destroyed.

“Oh shit!”

Richard scolded angrily.

The secret machines and weapons inside are vital to him.

It is especially important to his future.

Something was lost, and the First Mystery Laboratory of the Warhawk Nation behind him would blame him.

As for the bombing and dominating the alliance base is the 400,000 army led by Levi Garrison.

Levi Garrison ordered them to turn around and outflank from the rear of the Western Frontier Theater.

Close combat is cannon fodder.

But fighting far away is different.

Let them shine with modern weapons.

Sure enough, it received miraculous results.

It can also block the escape route that dominates the alliance army.

“Kill, kill me!”

“Gather all the powerhouses of the sixth heaven and kill the leader first!”

“I think how strong he can be?”

Richard was going to be mad.

Soon, the powerhouses who dominated all the six heavens of the alliance gathered.

It's densely packed, and the number is beyond imagination...

The Return of the God of War [The Protector] Chapter 1737

Dominate the distribution of the alliance's six heavenly powerhouses.

Eleventh place in the north.

Thirty-eight in the south.

But there are three hundred people in the West!

This is absolutely unimaginable for everyone.

Especially Wushuangcheng.

They are proud of being a Sixth Heavenly Powerhouse.

But there are three hundred people here.

This is not even Richard's use of mechas to enhance combat effectiveness and reach the strength of the sixth heaven.

All add up to at least three hundred and five.

"Your mission objective is only one-kill Levi Garrison!" mi. c

Richard roared with red eyes.

Since the covenant of the gods, Levi Garrison was definitely the first to receive treatment.

It was targeted by three hundred six-layer powerhouses.

Do not.

Even before the covenant of the gods, it was very difficult to encounter such a situation.

Was targeted by three hundred six-layer powerhouses at the same time.

What status must this be!

“kill!”

Three hundred six-layer powerhouses were dispatched in an instant, with the goal of Levi Garrison.

“This.....”

When I saw that the other party had a total of three hundred six heavenly powerhouses.

Li Taishan and the others were stunned.

This is too strong, right?

The total number of their six heavens is less than twenty.

How to fight this?

“Brothers follow the word side by side, and fight together!”

Levi Garrison smiled: “Don’t worry, I’ll leave these to you!”

“come!”

“A street in Erudia, inquire who is Dad!”

Facing the powerhouse of the 360th Heaven, Levi Garrison did not retreat and counterattacked.

“court death!”

...

Soon, Levi Garrison fought fiercely with the three hundred masters.

The Sixth Heaven Powerhouse is still different from other warriors.

Very strong.

Three hundred together, stronger!

If these three hundred people are placed at the forefront, they will definitely push the entire Western Frontier Theater.

It's just the previous battle, these big guys don't want to take the lead.

After all, there is status and status. Who wants to be a soldier at the forefront?

This is the first time that the three hundred and six heavenly powerhouses have joined forces.

The reason was that Levi Garrison angered them.

At the beginning of this battle, everyone thought that Levi Garrison would die.

"Brother-in-law hold on! Brother-in-law must win!"

Abigail held the dragon flag and prayed in his heart.

"Go, destroy me that flag!"

"Erudia people like this kind of symbolic things and think that it is their faith and will!"

"It's ridiculous!"

Richard ordered.

Immediately, many of the Five Heavenly Powers rushed to the top of the mountain.

Erudia is at stake.

Everyone is waiting quietly.

“According to the latest information, the two sides have already met!”

“Know? The opponent’s six-layer strongman has more than three hundred, and the fifth-layer strongman has more than five thousand! It’s too strong!”

“Unstoppable! Absolutely unstoppable! It is estimated that within an hour, the fifth line of defense in the Western Region will be breached, and the

entire Erudia will be under the enemy’s feet!”

...

The breath of failure permeated every corner of Erudia.

There is a scene of depression and decline everywhere.

Even Messiah didn’t dare to speak out.

“Hahaha, Erudia is finally over! I finally saw this day!”

“There is Erudia in the Eastern Continent, how many years has it been over us? Now he is finally going to be destroyed!”

“The demise of Great Xia, we must celebrate! Come on, hurry up and hold an event!”

...

Overseas countries are so excited to hold various celebrations.

The family of Lopez and Black from the War Eagle Nation.

Enjoy the life of being a master every day.

Seeing Erudia in dire straits, everyone was very happy.

“Once the Western Territory is over, Erudia will be over.”

“At that time, we will bring our grandparents back!”

“What if the summer isn’t over?”

Zhang Wentao smiled: “The summer is not over, I eat shit!”

The Return of the God of War [The Protector] Chapter 1738

All over the world is singing bad days of Erudia.

After all, this is the case.

The gap between the two sides is too great.

Ants can hardly shake an elephant.

What's more, there are more elephants than ants.

This is the most terrible.

There is no one who believes that the western border can be held.

The whole army was completely wiped out in an hour.

The battle has already begun.

Almost everyone in the world is paying attention to this battle.

Half an hour passed. mi. c

The battle is still there.

One hour passed.

The battle continues.

At this time, most people were taken aback.

Still not solving the battle?

“This shows that Erudia’s remnants are very tenacious and can resist for an hour!”

“It will be gone within two hours!”

...

time flies.

Two hours passed.

The battle is not over yet.

Shock!

Too shocked!

After holding for two hours, it has exceeded the limit.

Is there something wrong?

“Impossible! In any case, there will be no change!”

“It’s just that they are tenacious. Erudia is famous for his tenacity and desperation!”

“Let’s wait and see!”

...

Most people all over the world are paying attention to this battle with shortness of breath, waiting for the result.

Three hours.

Four hours.

...

Ten hours passed.

The battle in the West is not over yet, and the scene is getting bigger and bigger.

The range of thousands of miles has spread.

This battle was extremely brutal.

“This...what’s the situation?”

“How can Erudia’s little people be able to dominate the league?”

“A strong man of more than three hundred and six heavens, who is going to die? How can they be able to hold it?”

“Could it be that I went to foreign aid? Erudia’s strength is more than that?”

...

Not only overseas countries are confused.

Even Messiah was dumbfounded.

According to what they knew, there were only a few people on Erudia’s side.

They can’t do anything they want to support.

What kind of existence is this amazing soldier?

Can you fight an enemy a hundred times stronger than yourself for so long?

Is there really hope?

It's been almost twelve hours.

The western battlefield is really a purgatory among adults.

Both sides suffered heavy casualties.

At the beginning, all the six-layered heavenly powers killed Levi Garrison, and later, the remaining six-layered heavens and more than five thousand fifth-

layered heavenly powerhouses all went to kill Levi Garrison.

The fighting power of these strong men is terrible.

Gathering together, it is simply destroying the world.

But no one thought that Levi Garrison couldn't stop it.

Not only that, he also guarded the Great Xia Dragon Banner, so that no one could get close to Abigail within a hundred meters.

At first, the two sides attacked, but everyone found out later.

Levi Garrison actually pressed them all by himself.

He seems to be descended from an ancient god.

One hour.

Two hours.

...

Time is constantly passing, and the five or six heavenly powerhouses that dominate the alliance are falling one after another.

Kill kill kill!

Levi Garrison punched all by himself, killing his eyes.

Even if the opponent's Sixth Heaven and Five Heavenly Powers are everywhere.

But Levi Garrison broke it by himself.

The battle lasted for twelve hours.

From day to night.

Always.

Always.

Never stopped for a second.

Levi Garrison was covered in blood, and the blood was poured over and over again.

Even the land in this area has long been blood red.

There are uneven spots, and the blood will accumulate into a river.

“Puff!”

With the last person down.

Levi Garrison killed all the five or six heavenly powerhouses who ruled the alliance alone.

Of course, except for Richard Richards from the rear.

Exist like a god!

One person breaks the army!

he made it!

The Great Xia Longqi is still flying.

But the Domination Alliance was silent...

The Return of the God of War [The Protector] Chapter 1739

Lighted up!

The warriors who dominate the alliance are gradually declining!

First, the complete destruction of the five or six heavenly powerhouses!

Gradually other warriors fell one after another!

Under the leadership of which man, Erudia, this amazing soldier, swept everything with a destructive momentum.

Too strong, too strong!

Richard couldn't imagine that the army dominating the Alliance was destroyed by one person.

The battle continues.

Three hours later.

The Domination Alliance is completely exhausted.

Hundreds of thousands of people fell. m.bg.

However, Erudia also suffered heavy losses.

Three quarters of death.

Most of the remaining quarter are also bruised and bruised.

Li Taishan and Lei Baiqing are dying.

“Save people, save people!”

...

All over the mountains and plains, there are voices for help.

Levi Garrison said with a cold face and pressed it step by step.

Only Richard and other high-level leaders are left to dominate the league.

After seeing that the situation was not right, Richard and the others ran away.

Levi Garrison chased all the way to the rear and joined the 400,000 army.

Still not catching up with Richard.

The mechas on Richards have aircraft functions and stealth technology.

It escaped the detection of various radars.

“Well, it doesn’t matter how many people run!”

Levi Garrison didn’t care about it.

After all, the Western Territory Theater has declared victory.

He wants to thank the old man most now.

Without an old man, there is no such a strong him.

There is no future for Erudia.

Although it lasted a little longer.

And Levi Garrison was covered in blood.

But the frightening thing is that Levi Garrison was not injured at all.

Who can imagine such a big battle, he is not injured!

He is different from before.

It used to be able to win.

But in the end, Levi Garrison was seriously injured and even died.

But now he is not hurt at all.

After returning to the battlefield, Levi Garrison found Abigail.

Abigail held it for more than ten hours, and everyone was numb.

“we won!”

“Erudia won!”

...

Everyone cried with joy.

This victory was exchanged for their lives!

Hard-won.

“By the way, where is this kid Jefferson?”

Levi Garrison suddenly discovered that Jefferson was missing.

“No, maybe during the previous fight, no one can take care of him and let this kid run away!”

Only then did the others react.

Don't blame anyone.

The battle lasted more than ten hours, and no one would pay attention to Jefferson.

"Run? Well, good!"

"But you have to understand that I can catch you once, and I can catch you twice."

"When the war is over, I will personally go to War Eagle Nation and capture you back in front of everyone in the War Eagle Nation!"

"In this life you never want to escape from the palm of my Levi Garrison's hand!"

Levi Garrison sneered a few times.

"Wang, what should I do next?"

Everyone asked.

"I'm going to support the Eastern Frontier Theater, I'm afraid Xiao Feng and the others won't be able to last long!"

Levi Garrison did not stay much.

Immediately proceed to the Eastern Territory Theater.

The Eastern Territory Theater is also very important.

Maybe the threat is greater.

After all, where is very close to the capital.

The whole world is paying attention to this battle in the Western Theater.

It's been a full fifteen hours.

But everyone sees the Erudia Dragon Banner is still flying...

The battlefield was filled with smoke and flames everywhere.

It seems that even the sky is dyed red.

But this battle is finally over.

Erudia lasted fifteen hours?

unimaginable!

What a strong will is that made them hold it for so long.

What's the ending?

What is the ending?

Is the Great Xia Qibing all over?

Next, the army that dominates the alliance will fully enter the West and occupy the land of Erudia?

The Return of the God of War [The Protector] Chapter 1740

Everyone wants to know the outcome of the Western Territory Theater?

But the message never came out.

The western theater is even more accessible.

At this moment, Richard and his party are fleeing with Jefferson.

Everyone's expressions are ugly to the extreme.

They were defeated.

Planning for so long.

It fell short.

But everyone's face is unwilling!

It can't just end like this.

"No, we can't admit defeat like this! We are still in the Eastern Territory Theater, and Xu Zhengjie's killing weapons are still there! We still have a half

of the power!" mi. c

“And the supporters behind us are there, this opportunity must not be let go!”

Richard was the first to be unwilling.

“Brother, what should we do then? We must take revenge!”

Jefferson asked.

“I have to activate my second set of plans to directly attack Erudia Capital! Destroying Erudia Capital means we won!”

“Immediately send someone to destroy the capital! Implement my second plan!”

“Quick, quick, as fast as possible, while they don’t react!”

Richard was crazy.

Completely crazy.

“Also contact Xu Zhengjie and ask him to take out all his weapons!”

“Tell him, he promises everything he wants! Let him show all the bottom cards!”

“Take out our last hole cards again! Hurry up to the Antarctic laboratory!”

...

Richard was crazy.

Others are also crazy.

At this point of time.

They want to fight desperately.

All the cards that should be revealed have been revealed.

“It really doesn’t work, I used that weapon too!”

Richard was short of breath, panting heavily.

“Calm down, calm down! If that weapon is born, it would be terrible! Neither of us can bear the responsibility!”

“No, that weapon can’t be released anyway!”

...

Richard’s words were strongly opposed by everyone.

Soon, the Eastern Frontier Theater received a message from Richard.

Li Zhengguo and Xu Zhengjie were all dumbfounded.

Was the West Territory actually defeated?

All the main forces that dominated the league were defeated.

how can that be?

Richard told them that the Eastern Territory Theater was the last hope.

Xu Zhengjie is required to bring out all the weapons and hole cards.

Promise Xu Zhengjie all the conditions.

“Okay, then you sign an agreement with me! I’ll take it out!”

Finally, Xu Zhengjie put forward the conditions and signed the agreement, even after the other party fulfilled most of the conditions on the spot.

Xu Zhengjie agreed and took out all the weapons and hole cards.

“Hurry up, hurry up!”

Xu Zhengjie’s weapons will be shipped to the battlefield in a short time.

“Don’t worry, we will still win! What I want to take out this time is an upgraded version of my god-killing weapon! At that time, what kind of master the

opponent has can kill!”

Xu Zhengjie looked confident.

I didn’t intend to take it out.

The frightening thing is that Xu Zhengjie’s killing weapon has an upgraded version.

It is said that you can kill the Sixth Heavenly Powerhouse.

It’s just not officially used.

After all, there are no Six Heavenly Powerhouses who let him do experiments.

After they received the message, they would launch the most violent attack on Xiao Feng and the others.

They must rush to take down the Eastern Frontier Theater before Levi’s arrival.

In addition, the master arranged by Richard went to the capital immediately.

It is necessary to completely destroy the major institutions in the capital and paralyze Erudia’s brain.

Instead, this time is the most critical moment.

Levi Garrison also realized this, and he hurried to the Eastern Frontier Theater.

Levi Garrison ran wildly.

But when I came to a place, I was stopped.

“This road is nowhere!”

The Return of the God of War [The Protector] Chapter 1741

A cold voice came.

One after another masters appeared around.

Not to mention all the strange costumes, many faces are ugly.

Their breath is gloomy, as if they came from hell.

Wicked way!

Levi Garrison didn't need to think about it. These were the evil ways to dominate the alliance.

Look at it at a glance.

There are a lot of people.

And each strength is strong.

However, a sneer crossed the corner of Levi Garrison's mouth: "All of you surrender, I might spare you your life!"

"If the Gentiles have no chance to survive, no matter how evil you are, you are also part of Erudia. I will give you a chance!" mi. c

"Just you? Want us to surrender too?"

In the first battle, these evil sects did not participate, and they did not know Levi Garrison at all.

Richard was too busy to contact them.

“Does Levi Garrison know who we are? We have been waiting for you for a long time!”

Along with the sound, several figures appeared.

“The people of the Northern Devil?”

Levi Garrison felt the aura of the Northern Demon from him.

“Hmph, no mistake! We are here to avenge the Northern Devil!”

“We have been looking for you for a long time, and finally found you here!”

The people of the Northern Devil endured it for a long time.

Now I finally found Levi Garrison’s team.

Regardless of Levi Garrison’s team, the team is huge and equipped with advanced equipment.

In the eyes of the warrior, it is all paper.

They couldn’t protect Levi Garrison.

“Let’s go together! Don’t delay my time!”

Levi Garrison was eager to go to the Eastern Border Theater, but he didn’t have much time to talk nonsense with them.

He did it directly.

Levi Garrison shot.

This is what no one thought of.

“kill him!”

The evil sects rushed forward.

“Boom boom...”

As soon as they fought, the expressions of the evil sects changed drastically.

Is he so strong?

The same thought flashed in everyone’s mind.

Dominating the alliance with hundreds of thousands of warriors, Levi Garrison all fell on the ground.

Although the evil sects in front of him are strong, it is a piece of cake for him.

Soon after, all the evil people of the Shu Wanxie Clan were lying on the ground.

This includes nearly fifty six heavenly powerhouses.

This is the strongest team of evil sects.

Everyone's eyes are filled with inevitable shock.

"Find me revenge? Is your brain burnt out? I stand here and let you kill, you can't kill it!"

Levi Garrison scanned the audience.

All crooked ways are silent.

Because Levi Garrison was right.

"Now before you, there are two ways. First, death, and second, surrender is all up to me!"

Levi Garrison gave a choice.

"The second, the second!"

"We all listen to you!"

Several people, headed by the North Demon tribe, agreed.

Immediately afterwards, the others agreed one by one.

“To be honest, I don’t worry about you! So I will give you the poison! The antidote is only with me, whoever betrays will die!”

“You give them the potion!”

...

Levi Garrison gave an order.

At first, Suzaku and the others were stunned, and soon reacted.

They took out a lot of medicines and let all the crooked ways take it.

All these crooked ways have listened to Levi Garrison obediently.

“Now I’ll send you the first task, take out all your strength, and go to the capital immediately! Don’t let the foreign enemy step into the capital!

Otherwise, you will come to see you!”

Levi Garrison assigned the task directly.

“Understand, Master, we will go now!”

The two sides parted ways.

Levi Garrison smiled and said, “I still felt that the clone was inadequate! Now I have another worry!”

The Return of the God of War [The Protector] Chapter 1742

Everyone is laughing.

Who would have thought that evil ways would appear in the middle of the road.

Isn't this a free coolie?

Levi Garrison had long expected that the enemy would sneak attack on the capital.

From his perspective as a military chief.

If he, in this case, would send someone to destroy the major institutions in the capital first.

On the way here, he was still thinking about what to do in the capital.

He can't be cloned.

As a result, someone came to the door.

Suzaku asked by the side; "Boss, do they believe that those potions are poisons? They are just potions that enhance strength and immunity."

Levi Garrison has used this routine many times. ..

Using ordinary potions to trick the enemy is a unique poison.

It seems that this routine will never go out of style.

Levi Garrison smiled and said, "The higher the status or the more powerful people are, the more they will cherish their lives! They are better to be trusted,

plus I completely restrain them! They absolutely believe it!"

"Hahaha..."

Everyone laughed out loud.

Continue to the Eastern Territory Theater.

the other side.

The big evil sects gathered together.

"This medicine is real? Why doesn't I feel it at all after I take it? What's the difference with water."

"Could it be fake??? I don't think this is poison at all!"

...

The Ice Venerable and Fire Venerable of the Ice Fire Palace said: "No! It's true! Even though we look down on ordinary people, their modern things

can really kill us!”

“Furthermore, do you think Mr. Levi Garrison looks like a joke?”

The two sentences left everyone in a daze.

correct.

They look down on ordinary people and look down on modern things.

But the killing weapon produced by Xu Zhengjie had a good lesson.

Many modern things are beyond their imagination.

People are afraid of the unknown.

Even the supreme-level powerhouses are no exception.

So they are afraid.

What Levi Garrison ordered, they had to do things obediently.

“By the way, did you just find out that Mr. Ye uses the technique?”

At this time, the leader of the North Demon tribe asked aloud.

The Badao of the Badaomen said solemnly: "You also found out?"

"Yes, I found it too, I still thought I was wrong."

"Really? I found it too! It really is."

The Tiger King in the Tiger Temple gave a cold breath: "Which is the heir of the great demon? The exercises he used just now are exactly the same as

the legendary demon!"

"Whhhhhh..."

Everyone was gasping for breath.

"If this is the case, then it is normal for us to call him Master!"

"He gave an order, we all have to obey."

The crowd trembled.

This is what Levi Garrison thought of.

The North Demon once recognized his practice.

I didn't expect that the people behind the Northern Devil knew more and more comprehensively.

There is also the existence that is called a big devil by thousands of evil ways. How terrible is that?

Shocked and shocked.

Everyone didn't dare to neglect Levi Garrison's orders.

They arrived early to deploy defenses around the capital.

Even more wicked ways were drawn together.

In the name of which descendant of the great demon appeared.

Just this sentence.

The evil ways and the wrong way are simply echoed.

Even the evil ways that didn't cooperate with the Domination Alliance came one after another.

now.

The five hundred strong men arranged by the Dominating Alliance are already close to the capital.

These five hundred people are Richard's final cards.

He will use these people to sweep the capital.

Destroy Messiahi and other institutions...

This is the final madness that dominates the league...

The Return of the God of War [The Protector] Chapter 1743

Now everyone knows that Erudia's hole cards and the strong are on the first line of battle.

The interior is absolutely empty.

No matter how you can handle it.

Especially dispatched 500 strong people.

Richard, who has returned to the war eagle country, coordinates the globalization.

He also didn't send out the news of the defeat in the Western Territory.

For one thing, I am afraid of affecting morale.

Secondly, he wanted to give Levi Garrison a surprise, and Xu Zhengjie's upgraded version of the killer weapon was waiting.

So at present, apart from the war zone, the outside world does not know what is going on in the western war zone.

"We still have a great chance of winning!"

"First of all, the capital won!" m.bg.

“Secondly, in the Eastern Territory Theater, Xu Zhengjie killed Levi Garrison again. When the time comes, the army will kill the capital, which should be

inside and outside. Erudia is in control. Then we still win!”

“Don’t make a mistake, God bless!”

Richard began to pray.

This is their last hope.

“Mr. Richard, the top 500 we sent out are already close to the capital, do you want to act?”

“action!”

Richard gave an order.

The top 500 will act immediately.

Enter the capital in different directions.

They have a group of fifty people, for a total of ten groups.

Each group has its own task.

They went directly to the organization of their respective tasks.

“I’ve been waiting for you for a long time! Hahaha...”

But as soon as the ten strong groups acted, they were stopped.

The flowers of these crooked ways are going to fall.

He even wondered if Levi Garrison had guessed wrong.

As a result, people really came!

“Kill! Don’t keep one!”

Bing Zun Huo Zun and other six heavenly powerhouses rushed to the forefront to fight.

Although the five hundred people sent by the Domination Alliance are very strong, they are all strong in the five or six heavens.

But the evil ways are stronger and more powerful.

Soon five hundred people were flooded.

Blood splattered, hysterical shouts.

All the top five hundred were killed.

The danger of the capital was lifted invisibly.

In the capital, Messiah's base.

"There is a major message, it seems that there are masters approaching the capital!"

"Immediately activate the first level of protection! What should come is still to come!"

...

Messiah could also expect that the opponent would attack the capital.

But helpless.

Can only wait silently.

Only since the release of the danger message.

For a long time, no one came.

Everyone wondered.

What's going on?

Messiah was always kept in the dark.

At this moment, the Eastern Territory Theater.

The Sanxing Group and other forces opened their posture, frantically attacking Xiao Feng and the others.

With Xu Zhengjie's killing weapon, it is simply a sweeping sweep all the way.

Xiao Feng and the others suffered heavy losses.

The supreme-level powerhouses fell one after another.

They retreated steadily and have already retreated to the fifth line of defense.

There were attacks from crooked evil ways in the rear.

They were truly trapped to death.

It can last for two or three days.

Now it seems that at most half a day, they will be wiped out.

Even Xiao Feng and several high-level leaders were scarred.

"Slow, still too slow!"

“We have been defeated in the Western Territory, and all hope lies in us at the moment!”

“We don’t have to think carefully from now on, we must unite. The capture of Erudia can’t fall short!”

“Yes, here it is!”

...

The moment of decisive battle.

Li Zhengguo, Xu Zhengjie and other high-level discussions.

Before, they were actually at odds with each other.

There is no real leader.

But now it’s the last moment, they are about to unite.

“Offensive! This wave of offensive destroys the enemy without giving any chance!”

The Return of the God of War [The Protector] Chapter 1744

The Sanxing Group really united and wanted to give Xiao Feng their worst attack.

“kill!!!”

The strongest of the major forces have been sent out.

There are close to two hundred Sixth Heavenly Powerhouses in total.

Three thousand and five heavenly powerhouses.

All the major forces' hole cards were taken out.

It turns out that these forces are all false reports and concealed reports.

Not willing to really contribute.

For example, the strong in the fifth and sixth heavens are not willing to send out.

It's hard to see even the strong of the Four Heavens.

This is also an important distant shadow captured by the Eastern Theater. mi. c

Otherwise, with their true power, Xiao Feng and the others would definitely not be able to survive.

All of Xu Zhengjie's killing weapons were used except for the upgraded version.

What they want is not to give Xiao Feng and the others a chance to breathe.

It went out in a rush.

“Shou, you must keep!”

Xiao Feng and the others are holding the posture that the entire army is overthrown.

The brothers in Levi’s Squad have set an example for them.

What are they afraid of?

“Boom boom boom...”

“Puff puff.....”

...

The two sides are fighting together.

A real flesh-and-blood battle!

The scene of the war was out of control for a while.

The sky is falling apart.

The sun and the moon are reversed.

...

Erudia suffered heavy casualties here.

The other side only had a small attack.

Half of Xiao Feng fell down here.

Xiao Feng was hit by the God of Death weapon, although he passed by.

But he was seriously injured.

The others were all seriously injured.

But the enemy didn't stop for a while.

Continue to attack like crazy.

"Puff!"

"Puff!"

“Puff!”

...

The enemy’s offensive posture was too violent.

Someone around Xiao Feng kept falling down.

The loss was too heavy.

Even the rest of the morale is about to be beaten.

Everyone is going back.

Can’t hold it.

Can’t hold it at all.

Xiao Feng hurriedly shouted: “Hold it up, let me withstand it! We can’t retreat! We want to attack!”

“Even if we have one soldier and one soldier, we still have to attack!”

Xiao Feng suddenly laughed.

“Brothers don’t worry, even if we are all dead, then the master will avenge us!”

“Erudia will not be defeated, and the dragon flag will be flying all over the city by then!”

This is the firm will of the Erudia people.

Xiao Feng and the others became more tenacious.

The stronger the offensive to dominate the Alliance.

They didn’t even give Xiao Feng the chance to surrender.

In the end, all the rest of them were forced into the fifth line of defense.

“Offensive, kill them all!”

Above the plains.

The army dominating the alliance collapsed and came with an aura that obscured the sky and sun.

Xiao Feng and all of them were ready to die.

“Goodbye brothers in the next life!”

Xiao Feng smiled.

Seeing the enemy close at hand, everyone was relieved.

Isn't it just death?

I died for Erudia, it's worth it!

Not reconciled!

We can't hold the big summer!

Unwilling!

Too unwilling!

"Rumble..."

But at the very moment of the moment, there was a sudden movement of the earth and the mountains.

An invisible air current lay before dominating the hundreds of thousands of troops in the alliance.

Completely separate them from Xiao Feng and the others.

The ground shook and the mountains shook, and a big gap appeared in the battlefield.

It is completely divided into two areas.

The army dominating the Alliance was forced to stop.

“Too cruel to my disciples, right?”

A familiar voice resounded through the sky.

After Xiao Feng and the others heard this voice, everyone wept with joy.

“Master, the master is here!”

The crowd chanted.

The hundreds of thousands of troops dominating the alliance were all stunned.

I saw a dead figure in the sky leaping down from the sky.

The Return of the God of War [The Protector] Chapter 1745

He descended like a god.

“boom!!!”

The moment he fell, it was like a nuclear bomb hit here.

The world is shaking.

A terrible air current spread to the surroundings.

The formation of one hundred thousand people dominating the Alliance army was pushed back hundreds of meters.

Levi Garrison descended from the sky.

It really complied with the gods coming from heaven!

Where is Levi Garrison standing, alone against an army of hundreds of thousands.

He has no fear.

A faint smile appeared at the corner of his mouth: “With me here, don’t you guys want to go one step further!”..

“I order you to surrender immediately, or I will kill you all!”

One person told the other party to surrender hundreds of thousands.

How domineering is this?

“Master is mighty!”

Xiao Feng shouted.

Everyone chanted.

All the army dominating the alliance was stunned.

Do one dare to ask them to surrender?

Is this crazy or silly?

“what happens?”

“What’s going on in front?”

“Why did you stop?”

Li Zhengguo, Xu Zhengjie and others in the rear asked one after another.

“No, it’s Levi Garrison. Levi Garrison has come to the Eastern Frontier Theater!”

Soon someone recognized Levi ‘s arrival.

Li Zhengguo’s expression changed: “Levi Garrison’s speed is too fast, right?”

How powerful is Levi Garrison.

Richard had already told them.

The main part that dominates the alliance also didn’t stop him.

How strong is his combat power?

do not know.

He only knows that the strong man in the fifth and sixth heavens can’t kill him.

He is so outrageous!

But Xu Zhengjie smiled.

“Levi Garrison, you are finally here, I have been waiting for this moment for a long time.”

Xu Zhengjie’s eyes were full of heat and madness.

Now dominate the task assigned to him by the Alliance.

As long as he kills Levi Garrison.

He can get everything he wants.

One of the promises is to become the king of the West Island country!

Think of the lord of a country coming over the world.

Xu Zhengjie was indescribably excited.

“Come, come, take out all the upgraded versions of the killing god weapons!”

“From this moment on, all God-killing weapons will only deal with Levi Garrison!”

Xu Zhengjie began to deploy.

Put all the weapons of killing gods.

“In order to increase the probability of killing Levi Garrison, you need to consume Levi Garrison to a great extent!”

“At that time, I will use the killing weapon again, so that the success rate will be higher!”

“But don’t worry, all the next killing weapons are prepared for Levi Garrison alone! He will definitely die!”

Xu Zhengjie looked confident.

“kill!”

Give an order.

Dominate the all-out offensive of the Alliance army.

Kill one person to Levi Garrison.

“Good come! I can’t kill enough in the Western Territory!”

Levi Garrison rushed forward with bare hands.

Fight with the army.

At first, Xiao Feng and the others were a little worried.

You can see the momentum of Levi Garrison sweeping the army.

Everyone was stunned.

“Master is really strong! Strong and strong!!!”

Erudia said excitedly.

They just heard about one person fighting an army of 100,000.

Now one person fights more than 100,000 warriors, but they have seen it with their own eyes.

Too fierce, too fierce.

Not only are they scared.

The Domination Alliance was also frightened.

On how strong a person is?

He can beat hundreds of thousands of warriors.

The more wars, the more courageous.

He divides the line.

Hundreds of thousands of people just stepped past.

This is the power of Levi Garrison.

He also played back the formation dominating the league.

Shocked!

It's so shocking!

Is there such a strong one?

“No, if this goes on, these people can't stop Levi from coming!”

“Push! Push our position forward!”

Xu Zhengjie immediately pushed forward.

After reaching the designated distance, all the killing weapons aimed at Levi Garrison.

The Return of the God of War [The Protector] Chapter 1746

“Number One, lock the target!”

“Number two, lock the target!”

“No. Eighty-eight, lock the target!”

...

Soon, hundreds of killing god weapons locked Levi Garrison alone.

“I need everyone to escape from the battlefield within ten seconds to fully expose Levi Garrison!”

Xu Zhengjie began to command.

“withdraw!”

The army dominating the alliance suddenly withdrew.

Sure enough, within ten seconds, the withdrawal disappeared without a trace.

Levi Garrison was completely exposed on the empty plain. m.bg.

It's a living target.

Levi Garrison also noticed something at this moment.

He seemed to be locked in by hundreds of eyes.

That feeling is uncomfortable.

Want to escape, can't escape.

Want to get rid of, can't get rid of.

Xiao Feng and the others know best what it is.

“No, the weapons of killing the gods, they are afraid they will use all the weapons of killing the gods to deal with Master!”

“This is a big trouble, Master, quickly hide!”

...

Xiao Feng shouted anxiously.

It may be too late.

In this empty scene, it is locked by a killer weapon with a tracking system.

That is a dead end.

There is no possibility of evasion at all.

Xu Zhengjie's body was shaking with excitement.

Killing Levi Garrison meant too much to him.

He dreams of one day defeating Levi Garrison in the field he is best at.

Now he has to do it.

Not only defeated!

Also kill!

"Zoey, have you ever thought about such a day?"

Xu Zhengjie looked up to the sky and screamed.

After all weapons are locked.

Xu Zhengjie is going crazy.

"Levi Garrison is going to die!!!"

Xu Zhengjie gave an order.

All the killing weapons are activated.

Based on one point, terrible energy was launched one after another.

“boom!”

“boom!”

...

The power of the launch is too great, and the recoil is destructive.

Create the shaking of the earth and the mountains.

At least the whole area is full of earthquakes.

This is the aftermath of the killing weapon fired.

As for how powerful the killing weapon was, Xiao Feng and the others had witnessed it with their own eyes.

But they haven't seen all the scenes of killing weapons blasting at one person.

That is unimaginable.

“boom!”

The first energy weapon hit Levi Garrison’s body.

The earth is shaking and the mountains are shaking.

However, the blood mist that everyone was looking forward to did not appear.

This shows that an attack by the killing weapon did not work on Levi Garrison.

“boom!”

“boom!”

“boom!”

...

In a short period of time, the killing weapons blasted towards Levi Garrison one after another.

Levi Garrison remained motionless.

No wounds appeared on the body.

But the ground under his feet was completely shattered.

It's like a spider web, terribly spreading outward.

Dozens of miles.

Hundreds of miles.

Hundreds of miles.

...

"Boom boom boom!"

Killing weapons continue to bombard.

Almost continuously.

One wave after another.

Xu Zhengjie was spared.

Levi Garrison must be killed.

“Ding Ding Ding...”

Under this power.

Rao Levi Garrison couldn't stop it either.

He is backing away.

Keep going back.

It was obvious that he was not as handy as he was just now.

“boom!”

“boom!”

...

The killing weapon continues.

Don't give Levi Garrison any breathing time.

...

I don't know how many energy boxes were destroyed.

Anyway, Xu Zhengjie's belongings are about to bottom out.

"puff!"

Finally, Levi Garrison vomited blood.

His body was severely injured.

Killing weapons are too terrible.

Especially all the weapons of killing gods are used on one person.

It was devastating.

No, Levi Garrison was injured.

"Hurry up and use the upgraded version of the killer weapon!"

Seeing hope, Xu Zhengjie wanted to kill Levi Garrison in one fell swoop.

The Return of the God of War [The Protector] Chapter 1747

Levi Garrison was still holding on to the Great Plains alone.

The power of the killing weapon is simply against the sky.

Almost collapsed the plain.

But this is just the beginning.

The upgraded version of the killing weapon, the energy box is filled.

There are always only eight in the upgraded version.

Production costs more money and resources.

The risk is also high.

Especially the upgraded version of the energy box is not easy to control.

Mainly the same equipment, but it needs to play twice the power.

The difficulty is super big. m.bg.

Especially the technical requirements are higher.

They are also worried that if the control is not good, the energy box will explode, which will be destructive to their own people.

So Xu Zhengjie was also very worried.

Can the upgraded version of the killing weapon work?

It all depends on actual combat.

“Master, all eight stations are on target!”

Soon, the eight upgraded versions of the killing weapons were all locked on Levi Garrison.

“Boom him for me and light up all the energy boxes! I don’t believe he is immortal!”

Xu Zhengjie shouted.

There are only 80 energy boxes in the upgraded version of the God-killing weapon.

Because it’s too difficult to produce.

Only so much.

The upgraded version of the god-killing weapon is theoretically a powerhouse that can destroy the Sixth Heaven in an instant.

It would be unimaginable to hit all the 80 energy boxes on Levi Garrison.

“Master, you can withdraw quickly, you can’t hold it!”

“Yes, Master! Please, withdraw quickly!”

...

Xiao Feng at the rear couldn’t bear to watch Levi Garrison stand in front of him.

“Master meant I know that if he doesn’t block all the weapons of killing gods, he will not give up!”

“Yes, as long as this weapon still exists, it will be a threat to Erudia! He wants to use his body to make the opponent consume all the energy boxes!”

...

The others were surprised.

“For the opponent to consume the weapon, he would rather be a live target?”

“Wrong, this is my master!”

Xiao Feng shouted several people.

Their tone was full of pride.

Also reveals three points of sadness.

They can only watch where the master is consuming, but they can't help much.

"Everyone is not allowed to take a step forward because of my orders!"

Levi Garrison's voice was heard in their ears.

"Master!!!"

"Be sure to hold on!"

...

Everyone clenched their fists tightly.

They expected Levi Garrison to hold on.

Everyone knows that next is the bombardment of the upgraded version of the killing weapon.

"Kill! Kill Levi Garrison for me!"

Xu Zhengjie shouted.

“boom!”

“boom!”

“boom!”

...

The upgraded version of the killing weapon is launched together.

“Puff!”

“Puff!”

The personnel who fired the weapon, even though they were wearing special protective clothing, were abruptly shredded by the surplus and recoil of

the fire.

terrible!

Everyone gasped.

The power of the upgraded version of the killer weapon is amazing!

“boom!”

“puff!”

“boom!”

“puff!”

...

Every bombardment with the killing weapon.

Levi Garrison stepped back a bit, spraying blood in his mouth.

Obviously he can't hold the upgraded version of the killer weapon.

“Go on, continue to me!”

Xu Zhengjie urged.

“boom!”

“boom!”

“boom!”

...

Xu Zhengjie also struggled.

In the shortest time, all the energy boxes were lighted up.

The power of this weapon is too terrifying and terrifying.

Levi Garrison was hit again and again.

“boom!”

“puff!”

Suddenly, when the 67th energy box bombarded Levi Garrison’s body.

He was directly blasted and disappeared on the spot.

Was beaten and disappeared under the noses of hundreds of thousands of people...

The Return of the God of War [The Protector] Chapter 1748

Boom boom boom!”

Only a total of eighty energy boxes are launched almost at the same time.

Levi Garrison was blasted, and the remaining thirteen shots were all empty.

But it has been battered here.

It’s like a doomsday scene.

“It’s beaten up! Levi Garrison is beaten up!”

“Successful, we succeeded!”

...

All dominate the alliance cheered.

Just like a big victory...

Xu Zhengjie even shouted: “There is no more Levi in the world!” m.bg.

“I am the only king in Erudia! Remember my name Xu Zhengjie!!!”

Everyone present looked at Xu Zhengjie in admiration.

No one would have thought that an ordinary person would become an important factor in turning the tide of the war.

Who can think of it?

Levi Linqiang, right?

The hundreds of thousands of the main force in the Western Territory that dominated the Alliance were abruptly defeated by him.

He kills the strong in the fifth or sixth heaven, like killing chickens and oxen.

Wasn't it killed by Xu Zhengjie's god-killing weapon?

From then on, Xu Zhengjie's value will be maximized.

Really become the king that everyone robs.

His dream of becoming a king will be easily realized.

"Won, we won!"

Li Zhengguo and the others told Richard the news for the first time.

"Won, kill Levi Garrison, our biggest obstacle is now!"

“If Beijing wins again, we will be fully victorious, and Erudia will be in full control!”

...

They have seen the picture of victory.

Richard was very excited.

But at this time, someone came to him.

Everyone is wearing a black suit, and there is a medal with a black shield on his chest.

Richard’s face changed when he saw them.

The visitor is impressively the number one mysterious organization of the War Eagle Nation-Sky Shield.

The Sky Shield has a long history, and the agents inside each possess abilities.

They control one of the most mysterious powers and secrets in the Warhawk Nation and the whole world...

They are different from Messiahi.

They really control the terrible power.

Usually responsible for all kinds of terrible supernatural events.

It is said that the covenant of the gods was sent by the rulers to the Sky Shield...

In the face of the Sky Shield, Richard and the others are also afraid.

“Come on! Erudia is as unbearable as you imagine!”

“This sleeping oriental lion should never be underestimated. If you make him anxious, it will wake up!”

The Tianshield agent was straightforward and persuaded.

Richard smiled: “Yes, Erudia was indeed forced out by us! But it is still not our opponent!”

“Next, you will see that we captured Erudia!”

“You guys do it for yourself!”

The Tianshield agent turned and left.

They are just reminding.

On the eastern battlefield.

“Master!!!”

Xiao Feng and the others watched Levi Garrison’s bombardment.

Everyone made heart-piercing noises.

Levi Garrison just disappeared from under their noses...

All this is too trance.

It has been a long time for them to believe that all this is true.

The other side.

Xu Zhengjie yelled: “Come on, rush for me! Take down the Eastern Frontier Theater immediately!”

Xu Zhengjie gave an order.

The tide of dominating the Alliance army is generally oppressive.

Xiao Feng is weak here.

In addition, everyone was immersed in the pain of losing Levi Garrison.

Presumably, within half an hour, they will be completely wiped out.

“Everyone has it, you can go north to meet up in the capital!”

Xu Zhengjie and the army behind them also began to activate.

After all, Xiao Feng and the others couldn't stand a blow and couldn't stop it.

“How can Erudia provoke you outsiders?”

At this time, there was a sound of thunder rolling in the sky.

The Return of the God of War [The Protector] Chapter 1749

The voice seemed to come from nine heavens.

It's as if it was sent by the gods in the sky.

All the army dominating the alliance was stunned and stopped abruptly.

Xiao Feng and the others were all dumbfounded, staring into the air in a daze.

Is Levi Garrison still alive?

This is the unanimous idea of hundreds of thousands of people present.

"No? Is he dead?"

Xu Zhengjie was so frightened that he was sweating and his lips turned pale.

Everyone was immersed in the fear of Levi Garrison.

He is terrible.

"Rumble..." mi. c

Next second.

I saw earth-shaking sounds from both sides of the battlefield.

“Look!”

“Look!”

...

At this time everyone exclaimed.

On the left, a brown-red war horse appeared first. On the war horses were uniform swordsmen.

They were wearing white robes with hats on their heads and long swords on their backs.

Although the number is small, it is close to thousands.

But the momentum is like a dragon, swallowing thousands of miles of mountains and rivers.

On the right is also a war horse splayed out.

Above the war horses were swordsmen wearing black clothes and black scarves.

They also have crossbows on their backs...

Two groups of people appeared suddenly.

Everyone was dumbfounded.

“Erudia still has such reinforcements?”

This is the thought in everyone’s mind.

At this time, he has paid attention to the Messiah base in the real-time screen of the battlefield.

See the emergence of these two teams.

The faces of several senior executives changed wildly.

“It’s them! It’s them!”

“They finally showed up!”

“I thought Erudia would be over if I lost Levi Garrison!”

“No idea that the legend is true! They really exist, and they have appeared!”

...

The senior officials of Yanlong Weizhong cried with joy.

“What’s wrong? What’s the matter?”

“What are their identities?”

Messiah and the others were dumbfounded.

“Originally, this legend could not be said, but they have appeared, and everyone has seen it. Then tell everyone!”

“In the legend, there is a Baolong clan in the dark place of Erudia! That is, Erudia’s guardian family! How many specifics are unknown, and where they

are, let alone know.

The meaning of their existence is that their duty for generations is to protect the dragon, to guard Erudia, and to ensure that Erudia’s foundation lies.

Only when Erudia appears the most dangerous moment, they will appear, turn the tide and save Erudia from the water and fire! “

...

“Not only that, the major guardian families control an organ formation together, which is said to guard the foundation of Great Xia.”

“I have also heard a rumor that each guardian family is in control of a key, and all the keys together can unlock the biggest secret??!”

...

Hearing this, everyone gasped.

“But the Baolong clan only exists in legends, and we just heard about it, even our predecessors have never seen it before!

So at the beginning of this war, we just expected the legend to be true. But they don't rely on this legend! “

“Even the first thing that happened to Levi Garrison was resolved. We thought it was them. The result was Levi Garrison himself.”

...

“So the Baolong clan exists, and they have been paying attention to everything in Erudia! Now is the most critical moment of Erudia, they have only

appeared!”

Someone concluded.

“Yes, it's wrong! I'm afraid they solved the power of the capital!”

A look of hope ignited on everyone's face in Messiah.

They are going to win.

On the battlefield.

After the black and white teams appeared.

No words.

Kill directly to dominate the alliance army.

The war is about to start.

The Return of the God of War [The Protector] Chapter 1750

Regardless of the two teams that just appeared, they add up to tens of thousands.

Can play against each other.

Each incarnation is a murderous machine of terror.

Dominating the Alliance Army has no power to fight back.

Can only be slaughtered!

The black and white teams seem to be competing in anger.

Bet on who kills more!

Killed one by one...

This is a crushing battle without suspense.

Xu Zhengjie, who had lighted all the energy boxes, could only watch as the army dominating the alliance fell one by one.

They are helpless. ..

The battle lasted for a short time.

The Domination Alliance was almost completely destroyed.

The fighting power of the Baolong clan is simply too terrifying and terrifying.

After defeating the Domination Alliance.

They disappeared without a trace again.

It seems that it has never appeared before.

“Withdraw, withdraw quickly!”

Important people such as Xu Zhengjie and Li Zhengguo fled out of Erudia before the danger came.

Lost!

Dominate the Alliance army defeated across the board!

Almost all the four major war zones were overthrown...

Later they received a message that the plan to destroy the capital had also failed.

Lost.

The dominance of the league was completely defeated.

This is an alliance of warriors, nothing more than a mob.

This rout.

The Domination Alliance was dissolved on the spot.

This organization, which was formed no more than half a year ago, was wiped out in an instant.

It's really embarrassing!

"Lost, completely defeated?"

Richard did not believe what was happening before him.

"Yeah, at the last moment, Erudia suddenly appeared two groups of unknown teams. It was terrifying. They were all killing machines. So far, we still

don't know who they are?"

Richard was silent.

He thought of what the Sky Shield had warned him.

Urgent, this lion will wake up.

Sure enough, did you wake up?

In any case, he was defeated.

But the good point is that he finally took Xu Zhengjie and his weapons back.

Of course it is an upgraded version of the eight weapons.

There was no chance to take the rest, and they all stayed in Erudia...

Xu Zhengjie and his core technicians were taken to War Eagle Nation.

This is a blessing in misfortune.

Messiah also released a message to the world for the first time.

“Erudia announces that the war has completely defeated the invading warrior organization to dominate the alliance, and the war Erudia has won!”

“Erudia won!”

...

The message soon spread throughout Erudia and the world.

The gongs and drums on the streets of Erudia are noisy, and firecrackers blast.

Everyone began to celebrate.

Organizing activities everywhere is even more ambitious than the New Year.

The feeling of the rest of my life is really wonderful.

A moment ago, Erudia fell into ruin.

Everyone is ready.

Later, he was saved by the unknown heroes abruptly.

Erudia is still an invincible Erudia!

Unite as one, invincible!

All Erudia was immersed in joy.

But overseas countries are dumbfounded.

Erudia won?

Incredible.

The scene they least wanted to see happened.

Erudia actually held it up.

The major countries and forces are desperate to death.

Nothing is more frustrating than those who quit Erudia nationality and join other countries.

They tried their best to escape the chaos of war and to live a stable and peaceful life in the future.

Everyone is looking forward to the demise of Erudia.

But who could have imagined that Erudia won.

Now, they are not of Erudia nationality and can't go back.

regret.....

Almost everyone regretted...

However, Messiah and the Erudia soldiers were not happy at all.

They are searching for Levi Garrison's whereabouts on the battlefield...

Even if you die, you can leave a memorial.

The Return of the God of War [The Protector] Chapter 1751

This time the war was won.

Who gets the most credit?

That is definitely Levi Garrison!

Despite the emergence of the Baolong clan, victory was achieved.

But their appearance is just the end.

Four-fifths of Levi Garrison's things were done.

Especially the most threatening weapon to kill God.

Levi Garrison "tested poison with his own body" and consumed all the energy boxes of the killing weapon.

Including the upgraded version.

This made the real threat no longer.

Otherwise, the weapons of killing gods can also pose a great threat to the Baolong clan. m.bg.

In any case, Levi Garrison is the one who has contributed the most.

He led Erudia's passionate daughter to turn the tide.

So everyone wants him to live.

Even if it's dead.

A little trace must be found.

Carpet search by tens of thousands.

But there is no miracle.

Not only did they not see Levi Garrison, they didn't even have a trace of it.

"Master is out, I saw him beaten up with my own eyes!"

"The killing weapon is just that terrifying, and it makes people disappear in an instant!"

Xiao Feng and the others are unwilling to accept this result, but there is no way.

"I hope God will take care of Erudia, and let's have another miracle!"

Everyone prayed silently in their hearts.

"Boom boom..."

Tens of thousands of soldiers opened fire to the sky to pay tribute to Levi Garrison.

the other side.

After Xu Zhengjie was taken to the war eagle country, he received the highest courtesy and the most generous treatment.

Richard and the others agreed to all the conditions he put forward.

These islands and land are even more important.

Even the promise of making him king must be fulfilled.

There are many small affiliated countries in the war eagle country.

Under Richard's lobbying, the Eagle Nation decided to cede one of its largest subject states to Xu Zhengjie and let him be the king.

The ceremony of becoming king will be held in seven days.

Although this battle was not a victory.

But Xu Zhengjie's name spread all over the world, making him the hottest character.

Now many international female superstars come to visit him, willing to be his lover.

Some top rich international men came to him, willing to spend huge sums of money to buy the killer weapons in his hands.

There are also more and more people coming to take refuge in Xu Zhengjie internationally.

Xu Zhengjie, an ordinary person, stood on top of the world.

“I also have the credit, at least I killed Levi Garrison! I really want to tell Zoey this message personally!”

Xu Zhengjie gave a perverted smile.

Compared with Xu Zhengjie’s excitement, Richard and others are unhappy.

They planned for so long.

Gathered such a powerful force.

But I didn’t think that it was a failure in the end.

Even the younger brother was almost killed.

Seeing Jefferson’s miserable appearance now, he didn’t get angry.

“Brother, fortunately, Levi is dying, and my revenge is revenge!”

After seeing the power of Levi Garrison, Jefferson knew that he had little hope of revenge.

Fortunately, there is Xu Zhengjie's killing weapon.

"Yes, after all, we still took advantage. At least Levi is dying. Otherwise, he will threaten us too much in the future!"

"What makes me wonder is where did Erudia's last reinforcements come from? Who are they?"

Richard rubbed his chin and thought.

Jefferson was thinking too.

The pictures that flashed in his mind were all Levi Garrison.

His body is shaking all the time.

Recalling Levi Garrison's various things, he was really scared.

This is the person he has feared the most since he was a child.

He even had a strong feeling.

Levi Garrison was completely dead.

Levi Garrison's voice lingered in his ears-no matter you escape to the end of the world, I will catch you back.

You can't escape from my Wuzhishan!

The Return of the God of War [The Protector] Chapter 1752

Jefferson became more and more frightened.

It seemed that Levi Garrison was around.

A pair of eyes were staring at him in the dark.

He soon came to War Eagle Nation and wanted to take him back.

...

Jefferson told his brother all this.

Richard was scolded severely.

“Jefferson, you were frightened by Levi Garrison and fell ill. I tell you, Levi Garrison is dead, absolutely dead! Hundreds of thousands of people watched him

die!”

Join Telegram Group For Fast update

“You probably have a psychological shadow!”

Subsequently, Richard found several psychologists to enlighten and treat Jefferson.

Xu Zhengjie is also in the same situation. mi. c

He is the most concerned existence in the world.

There are positive and negative effects.

Many people called him a traitor, and killed his compatriots.

Sooner or later, he will be caught in Erudia for atonement.

...

I don't know why, Xu Zhengjie felt a little flustered when he heard this.

I always feel that this thing is going to happen the same.

After all, he has a guilty conscience.

He told Richard all this.

Richard called him peace of mind.

He is now a member of the Eagle Nation.

It is necessary to become a king soon.

What are you afraid of?

No one can take him away in the Eagle Nation.

There is no one in this world who would dare to be wild in the Eagle Nation.

To arrest his brother and Xu Zhengjie is nothing short of a dream.

Xu Zhengjie also gradually felt relieved.

If you say where is the safest in the world.

There is definitely a war eagle nation in the first three miles.

He is not afraid at all now.

While immersed in joy, Erudia was still dealing with all kinds of troubles after the war.

Including Xiao Feng, they have been looking for Levi Garrison's whereabouts.

"Even though we won the war in an all-round way, the enemy still ran a lot!"

"First, Xu Zhengjie, betrayed Erudia, and killed countless compatriots with special weapons. He is Erudia's sinner. Now he has fled to the war eagle

country.”

“Secondly, Richard and Jefferson are two brothers. Richard is one of the planners who dominate the alliance. His identity is still unknown. They are

also in the Eagle Nation.”

“Third, Star Country’s Sanxing Group, they are also important planners, and almost all the financial resources this time are from them!”

“Fourth, even a certain faction of the Sky Shield Bureau sent people to ginseng, and there is also the Apocalypse Association!”

...

Yanlong Weiluo lists Erudia’s enemies.

“Perhaps we may have no solution now, but whenever there is a chance, everyone has to pay for their actions!”

These enemies were all remembered by Erudia.

“There are also those warriors in Erudia who have not participated in the battle, and those evil sects are also Erudia’s enemies, and they will all die!”

They also listed all the evildoers who have contact with the Domination Alliance.

“Well, if there is a Baolong clan taking action! All these evil sects will apologize!”

“But Xu Zhengjie, Richard and these people we can only watch! They are in the War Eagle Nation, how do we do it?”

“Hey! They won’t be able to move for a while, let’s find a chance later. Maybe they won’t be able to move in this life!”

“I heard that Xu Zhengjie will serve as the King’s Ceremony in seven days. We can’t even touch him at that time!”

...

Everyone looked depressed.

“Move, why not move?”

“Jefferson has only begun ten years in jail, so he has to come back to jail honestly!”

“Xu Zhengjie was punished for treason and must be arrested back to Erudia and be sentenced to death!”

“I said you can’t escape from my Five Finger Mountain!”

Somewhere in the northern continent, a voice rang.

Levi Garrison appeared...

The Return of the God of War [The Protector] Chapter 1753

“The revenge of all the brothers in LEvi’s Squad ! The revenge of all the brothers who died!”

Levi Garrison was holding a black war knife in his hand.

This is the sword of the Northern Heavenly King.

It was made by him using meteorite iron from the outer world.

Named “Bei Ming”.

Now Levi Garrison is not only holding a knife, but also carrying the hope of his brothers.

Is Levi Garrison dead?

Of course it’s dead!

Let’s put it this way, Levi Garrison is not a fool.

If the killing weapon can really kill him.

Is he really going to be a target in a silly way, letting killer weapons hit it? ..

impossible!

The consumption is not so consumed!

Since becoming a commander, Levi Garrison told the soldiers that the important thing is to be alive.

No matter how the battlefield changes.

First think about surviving.

Only if you are qualified to live can you continue to fight...

Therefore, Levi Garrison would not consume the opponent's weapons with death.

The killing weapon is indeed amazing and can hurt him.

Can't kill him.

After getting the opportunity from the cheap master, Levi Garrison's physical strength reached an unimaginable state.

During the bombardment with the killing weapon, he was actually testing his physical strength.

He measured it.

Even the eighty shots of Xu Zhengjie's upgraded version of the killing weapon hit him.

You can beat him to death, but you can't kill him.

At the critical moment, Levi Garrison noticed that someone was staring secretly.

In order to force them out, I want to know who they are.

These people are indeed the Baolong clan.

They had been observing everything in secret early on.

But at that time, Levi Garrison couldn't judge whether it was an enemy or a friend, so he could only test it.

So when Levi Garrison was in his sixties, he created the illusion of being beaten to pieces.

This is difficult for others.

But it's very simple for Levi Garrison.

This is a combat technique taught to him by the cheap master-the ghost clone.

It is to deceive everything at the extreme speed and appear the illusion of a clone.

So what was smashed was actually a clone.

May deceive everyone in the field.

Including the mysterious Baolong clan.

In their opinion, Levi Garrison was also shattered.

The magic shadow avatar Levi Garrison is just a starting point, and can currently practice a avatar.

Of course it was Levi Garrison who worked hard on this combat technique.

In his opinion, the practicality is not high, and he focuses on other combat skills and exercises.

Now it seems that in the future, you will have to practice more demon shadow clones.

In particular, I heard from Master Qi that if the Demon Shadow clone has reached the top level, hundreds of clones will not be a problem.

That was something Levi Garrison couldn't imagine...

Levi Garrison asked the cheap master curiously, how many clones can he practice?

The cheap master didn't answer, but just raised a finger.

At that time, Levi Garrison didn't take it seriously.

But every time he thought about it later, he was startled in a cold sweat.

This finger represents...

The cheap master cannot be described as a strange person.

It's like a fairy.

At this time, Levi Garrison was holding the Beiming Sword in his hand and had already arrived in Beifang Continent.

It is very close to the Eagle Nation.

When he heard that Xu Zhengjie was going to be a king, he trembled with anger.

"Xu Zhengjie, I can't spare you!"

"There are also all the evil deeds made by the War Eagle Nation back then, and I have to punish them one by one!"

Levi Garrison went to the War Eagle Nation step by step.

No one would have thought that the Kingdom of War Eagle is about to usher in a bloody storm.

The most terrifying thing is that only Levi Garrison is alone!

One person kills the wind and rain, and there is no god in the world.

Who said that no one would dare to be wild in the Eagle Nation?

Have you ever asked me about Levi Garrison?

The Return of the God of War [The Protector] Chapter 1754

Before the big summer, the country was in trouble.

There are not a few people who quit Erudia nationality.

Overseas countries actively accept elite talents from Erudia.

According to the statistics.

The three countries that receive the most talents from Erudia are the War Eagle Country, the East Island and the Star Country.

War Eagle Nation: 570,000 people.

East Island: 420,000 people.

Star Country: 330,000 people.

...

Unimaginable numbers.

These are really a large list of talents recruited by various countries. ..

More are not found.

This wave of great summer difficulties has detected people's hearts.

How many people were defeated and escaped from Erudia.

But what they didn't think was that Erudia had won.

So ninety-nine percent of people are facing an awkward situation-can't go back to Erudia?

Before leaving Erudia, it was not because they could live a better life abroad.

But Erudia was in dire straits and was about to perish.

They just left.

In fact, joining other countries will not necessarily develop better than in Erudia.

After all, not everyone is Xu Zhengjie, who can be a king, so that the Eagle Nation can meet all his conditions.

Most people find that after joining another country, they are not as beautiful as they imagined.

Countries like the War Eagle Nation simply don't treat them as their own people.

Just fancy their money, resources, talents and so on.

Fortunately, those who are talented and capable can be reused.

But like most people will only be squeezed to a large extent.

When their value is squeezed out, these countries will absolutely kick them away without mercy.

Although everyone doesn't say this point, they feel like Ming Spiegel in their hearts.

Especially Zhang Wentao, who came to War Eagle Nation, and Lopez and Black's family.

They understand better.

Because of this period, the War Eagle Nation began to squeeze them in all aspects.

In a short period of time, their money has been squeezed by a third.

These people from the Lopez and Black family who fled were actually nothing in their respective families.

Everyone's abilities are very average, they need to be literary and literary, but they need to be martial.

It's all relying on the shadow of the family.

Without the foundations of the family, the Western Shu family, and even Wushuang City.

They are nothing.

After Erudia's victory, they became more aware of their situation.

Now they have huge sums of money and even resources.

But all this will be used up.

The family will not provide them with continuous supply.

Zhang Wentao, Li Songkui, Li Wenhai and others all gathered together to discuss solutions.

Concubine Zhao Jun and Li Mengyue themselves yearned for a leisurely life abroad.

The two unanimously expressed that they were unwilling to leave the war eagle country.

If they can, they will always be in the Eagle Nation.

Li Songkui and Zhang Wentao also liked their lives in War Eagle Nation.

“According to the current situation, we can definitely live in Warhawk Nation for four or five years, but what should we do after four or five years?”

Li Wenfei was more sensible and asked everyone.

“This.....”

Everyone hesitated.

They all understand that all the resources and money on hand will be exhausted one day.

“Then we go back to Erudia?”

Li Wenhai asked tentatively.

“No, it’s shameful! Now they all treat us as traitors! It’s very difficult for us to return to Erudia! Besides, the elderly in the family disagree, after all, we

are unscrupulous descendants!”

“Furthermore, what are we doing back to Erudia? The Eagle Nation is so good!”

...

Seeing that everyone is reluctant to go back.

Li Wenhai said: “I have a way!”

“What can I do? Say it!”

Everyone looked forward to it.

The Return of the God of War [The Protector] Chapter 1755

“We can stay in War Eagle Nation. We can ask for money and resources from the family. I don’t believe it. Can those old guys just watch us die?”

Li Wenhai asked.

“Yes, in fact, grandpa and grandma are like knives and tofu hearts!”

“This time we did make them angry! But once we have something, how can they leave it alone?”

“Isn’t it? Once we have an accident, those old guys are still dying in a hurry. Why don’t we send them?”

...

That said, everyone is relieved.

Excitement appeared on everyone’s faces.

They can continue to stay in the Eagle Nation and be their masters.

Then despise Erudia’s compatriots.

The most important thing is that they can continue to chew on the old. m.bg.

Everyone is like a mosquito, sucking the blood of the family fiercely.

But they were wrong.

Once they are in distress, Li Tianhao will never ignore them.

This is the confidence that Li Wenhai and the others continue to stay in the Eagle Nation.

But after Li Songkui answered a call, his face was gloomy.

“I heard that Levilia is a genius thing, and Erudia Messiah has already learned about it. The next step is to focus on training! Think about it, Levilia

is Erudia’s future hope, how high his status is!

The tide will rise, and the status of the Li family and the Zhao family will also skyrocket! It can even seal a family of protecting the country and the

like. It was really the peak moment of the family at that time. “

Li Songkui said.

This is the message he inquired just now.

It’s really wrong.

Messiah and the others did not find the whereabouts of Levi Garrison.

They decided to fully compensate Levi Garrison's family.

Just discovered that Levilia is a peerless genius.

Determined to focus on training.

The message has been released.

"what?"

The expressions of everyone present changed in unison.

If this is the case, then the Lopez and Black family will take off.

Even if they are living well in War Eagle Nation, they are not as supreme as they are in Erudia.

"If that's the case, what's the point of staying here? We have to go back to Erudia as soon as possible!"

"Yes, Erudia is our hometown, we should go back!"

"Even though we are in a foreign country, we are all Erudia people!"

...

The crowd came to make a big turn of one hundred and eighty degrees.

At this moment, I really want to return to Erudia.

“Want to go back to Erudia? Impossible!”

Suddenly a voice appeared.

The next moment, a large group of people entered the manor.

It is Xu Zhengjie headed.

He is now sweet and delicious.

Once out, countless masters followed.

A helicopter hovered in midair.

The Eagle Nation did not want him to die, let alone his being taken away by other countries or forces.

Therefore, the defense coefficient around Xu Zhengjie is the highest level.

Follow as many masters as you can.

“It’s you!”

After Li Songkui and the others saw Xu Zhengjie, everyone’s face changed drastically.

They know Xu Zhengjie.

I also know that Xu Zhengjie is Levi Garrison’s classmate.

“From now on, all of you will follow me, and your identity as the nationality of the Eagle Nation will never change!”

Xu Zhengjie smiled.

Li Wenfei looked at each other.

If you really followed Xu Zhengjie.

They are the real traitors.

Like a brand, it is impossible to return to Erudia in this life.

“If you don’t agree, there may be no place for you in this world!”

“Don’t worry, after following, glory and wealth will accompany you throughout your life, even in the Eagle Nation, you are all masters!”

...

In the end, everyone agreed to follow Xu Zhengjie.

The Return of the God of War [The Protector] Chapter 1756

After all, fate is the most important thing now.

If it weren't for Xu Zhengjie's promise.

Anyone can predict the end.

So they must follow Xu Zhengjie.

What is Xu Zhengjie's purpose?

It's very simple.

He wants to disintegrate Zoey's family, completely ruining it from the inside out.

Let these people be charged with traitors.

But Xu Zhengjie didn't break his promise.

After Li Wenfei and the others agreed, War Eagle Nation immediately gave them the best treatment.

Regardless of status and others, they are all up to the next level. ..

Xu Zhengjie also promised that after he became king, they would be able to be promoted.

You can even be knighted in the Warhawk Nation...

The future of Li Wenhai and others is bright.

Following Xu Zhengjie's words, it is more promising than returning to Erudia.

Back to Erudia, I just lived in the shadow of Zoey, Levilia.

But in War Eagle Nation, everything is completely different. They don't need to rely on others, just follow Xu Zhengjie.

Everyone was jubilant.

After that, Xu Zhengjie's desire to be a king became enthusiastic.

Not only that, there are many former Erudia people who eagerly supported Xu Zhengjie.

Everyone is willing to follow Xu Zhengjie.

Because Xu Zhengjie not only contacted Li Wenhai and the others, but also many top elites who escaped from Erudia.

Xu Zhengjie's plan is to bring all these people together.

It can be seen that Xu Zhengjie's ambition is huge.

I leave Erudia.

But I want to build another big summer outside!

After Xu Zhengjie had a huge impact.

Messiah was furious.

Messiahi immediately released a proposal internationally: requesting the war Eagle Nation to hand over Xu Zhengjie and Jefferson, who had been

convicted in Erudia.

This proposal was directly rejected!

Messiah can only give up!

I can only watch Xu Zhengjie and the others in the Nation of Eagles...

You can't send people directly to War Eagle Nation to bring people back.

If you don't have such strength, you can't even dare to go if you have strength.

Messiahi tried to contact the Baolong clan and asked them to bring people back.

Baolong's reply is simple: this matter is over.

Messiah understood that even the Baolong clan was very afraid of this matter.

Can not cause trouble without causing trouble.

Everyone can only watch Xu Zhengjie show off his majesty.

After learning that Li Wenhai and others had taken refuge in Xu Zhengjie, Li Tianhao and Wu Mulan immediately contacted them.

“Unscrupulous children and grandchildren! The faces of our Li family (Zhao family) have lost all of you!”

“Listen to our persuasion, quickly get out of it, and then return to Erudia!”

“We will pick you up in Erudia!”

...

Now that they have tasted the sweetness, how can they go back.

“Parents, just listen to me, you also come to War Eagle Nation, I promise to be even higher than the status of Erudia! This is heaven on earth!”

“Yeah, what is good about Erudia? You should really come out and see the world outside!”

“You know? Mr. Xu promised to give us two islands, and we will be the island owners in the future!”

...

Not only did Li Wenhai refuse to listen to persuasion, but they also tempted the family to move here.

“Bastard!”

“You will starve to death outside in the future, we won’t care about it!”

Several old people were angry.

“Ho ho, you don’t have to worry about our parents in the future, we’ll be dying!”

They don’t care about this at all.

“Go away, we’ll be cut off from now on!”

The Lopez and Black family are determined to break with these people.

“Stupid, decayed, and stubborn!”

“One day you regret it!”

The Return of the God of War [The Protector] Chapter 1757

Li Wenhai roared.

Others echoed: “Yes, they are too stubborn.”

“Actually, after we followed Mr. Xu, we didn’t have much contact with War Eagle Country.”

“Because Mr. Xu is committed to creating another Erudia, not to mention that most of the people who follow Mr. Xu are our Erudia compatriots! This is

different from Erudia!”

“That’s right, we are equivalent to overseas Erudia.

Who said he betrayed his ancestors? Instead, we win glory for our ancestors!

Sprinkle all of Erudia on the other side of the world. We are still the heroes of Erudia! “

...

Everyone said without any face.

Obviously betrayed.

But it was described as having done Guangzong Yaozu’s thing. m.bg.

Next, Xu Zhengjie contacted many compatriots who had renounced Erudia nationality.

Everyone agreed...

The greater Xu Zhengjie's momentum became, the more angry the Erudia people and Messiahi.

But helpless.

Can only condemn...

How many people hope that a hero will appear, and Xu Zhengjie will be severely punished.

Destroy their ambitions...

Although knowing that this is an extravagant wish.

In the Messiahi base.

"Is there still no whereabouts of the king?"

Everyone was silent.

I have been searching for several days.

There are no traces at all.

What's more, hundreds of thousands of people watched Levi Garrison being destroyed by the God of Death weapon.

It's not resurrected like Jiulong Mountain before.

Xiao Feng, who was well versed in Levi Garrison's ancient techniques, knew that Levi Garrison's body was destroyed.

Not even relying on this technique.

Do not break or stand.

But it broke too thoroughly.

There is simply no possibility of standing.

"Hey, let's tell his family the message!"

"Let's discuss and hold a funeral of the highest level for the king of the word side by side!"

"What a pity! Erudia will try his best to help his family in the future!"

...

Everyone had no hope of Levi Garrison being alive.

“By the way, the Baolong clan is going to take action against those evil ways, and we must completely clean up everyone!”

“Good thing! You have to let Erudia’s warriors know the end of the betrayal!”

But what Messiah didn’t know was that the danger of the capital was done by some of them who were surrendered by Levi Garrison.

But these people are also on the clearing list of the Baolong clan.

But now Levi is not here.

No one knows that they have done all this.

The decision of the Baolong clan couldn’t even interfere with Messiahi.

...

the other side.

Levi Garrison has come to the territory of War Eagle Nation.

In a short period of time, he has found the residences of Jefferson and Xu Zhengjie and their recent whereabouts.

Jefferson was timid and had been hiding in a laboratory to repair his mechanical body.

Xu Zhengjie swaggered back and forth in Northern Continent, gathering many contacts and influences.

“Okay, very good, don’t you want to be a king? Hell should be missing!”

Levi Garrison sneered coldly.

He will wait until Xu Zhengjie reaches the king’s ceremony before making a move.

He did not send a message to Erudia.

First, Erudia knows that he is alive, which may cause some unnecessary troubles. There are still many factors.

Second, if Erudia knew that he was going to take action against Xu Zhengjie, Erudia would never let him go and would order him to stop and return

to Erudia.

Third, Levi Garrison happened to secretly investigate the organization of the Domination Alliance.

Seven days have come in a blink of an eye.

The ceremony for Xu Zhengjie to be a king was held in the Eagle Nation.

Levi Garrison also chose to do it on this day.

Take Xu Zhengjie back to Erudia.

“are you ready?”

The Return of the God of War [The Protector] Chapter 1758

Black Iron Experimental Base.

It is one of the hundreds of experimental bases behind the first mysterious laboratory of the Warhawk Kingdom behind Richard.

Jefferson is here.

First, his mechanical body is seriously damaged and needs to be repaired.

Second, this experimental base is heavily guarded, and no bird can fly in. Jefferson is at ease here.

Not only that.

For Jefferson's peace of mind, Richard also sent a pseudo-seventh heaven powerhouse.

It was just one step away from the Seventh Heaven Realm.

It can be said that this master is absolutely above all six heaven masters.

Throughout this time, the strong people who dominate the alliance are like clouds, but they are all six-tier strong, and there is no pseudo-seventh-day

strong.

So under such tight protection, Jefferson would feel more at ease. ..

But he still has nightmares from time to time.

The top psychiatrist is actively guiding the treatment.

Jefferson is much better now.

“Mr. Jefferson, today is Mr. Xu Zhengjie’s attendance ceremony, the host wants you to attend!”

Hearing this, Jefferson shook his head: “Tell my brother, I will not participate!”

He is in a bad state today and is not interested in anything.

With the help of the servant, Jefferson began to have breakfast.

At this time, Jennings, the senior of the laboratory, came over: “Mr. Jefferson, I can tell you a good news that the protection system of our Black Iron

Experimental Base has been upgraded by one level again!”

“Oh?”

Jefferson’s eyes lit up fiercely.

“Let’s put it this way, now I am confident that even if a strong man from the pseudo-seventh heaven comes, it will never be possible to enter the

defensive area of our laboratory for half a step!”

Jennings looked confident.

“Rumble...”

But as soon as his voice fell, there was a shaking movement from outside.

The entire laboratory base shook.

“Dididi...”

Then the whole base sirens loudly.

“Invasion! Invasion! Enemies invade!”

“Quick, quick! An enemy invades!”

...

The entire experimental base is in a mess.

Jefferson’s face changed drastically, his eyes fixed on Jennings.

The meaning is obvious.

This is how you said the defense system has been upgraded?

Jennings flushed and said furiously: "I will handle this myself!"

"Don't panic, there's nothing wrong with me."

A person behind Jefferson said lightly.

Jefferson looked calm.

now.

The gate of the black iron laboratory base.

The special alloy gate that could hold the missile attack fell to the ground.

It was just banged in half by someone with his feet.

There was a person standing at the door.

Wearing black clothes and a mask on his face.

Carrying a black war knife.

Familiar people can tell at a glance that this is the dress of the members of the Levi's Squad .

The mask and the sword are matched.

Today, Levi Garrison is in such a costume.

He wants to bring these two people back to Erudia in the name of Levi's Squad and the dead brothers.

Soon, hundreds of guards gathered in the laboratory.

These guards include warriors and warriors wearing mechs. They have modern super weapons and extraordinary strength.

In addition, the laboratory has an advanced defense system.

Intruders, kill without mercy.

Jennings brought people here quickly.

"So courageous, there are people who dare to break into the Black Iron Lab!"

Jennings shouted coldly.

The weapons of hundreds of people and the weapon launch system of the base defense all locked Levi Garrison.

With an order, Levi Garrison was definitely called to be wiped out in ashes.

“Who are you? What are you here for?”

Jennings stared at Levi Garrison and asked.

“A big summer, come and catch Jefferson and go back!”

The Return of the God of War [The Protector] Chapter 1759

The words came out.

The entire base is silent.

Everyone was stunned.

Jefferson, who was having breakfast in the back, his face changed drastically when he heard this.

“Snapped!”

“??!”

...

The coffee in his hand fell to the ground.

One stone stirred up a thousand waves.

When I heard Erudia’s words, everyone in the base changed color one after another.

Many people are wondering if this is a dream? ..

Jefferson really got it right?

Someone really came to the Eagle Nation to catch him?

It turns out he was not talking nonsense.

What he said is justified!

Seeing the group of people in front of him was dumbfounded, Levi Garrison said coldly: "Hurry up and bring Jefferson out obediently, don't force me to

do it myself!"

Levi Garrison's words drew everyone back from their absence.

But recovered.

Everyone is quite calm.

What are they afraid of?

This is the war eagle country!

Not Erudia!

What can I do with you?

Not only did they not panic anymore.

Even Jefferson didn't panic anymore.

This is not Erudia after all.

If you want to take him away, you must agree with the Eagle Nation!

But is that possible?

The Eagle Nation is on his side.

"Don't worry, they will take care of everything!"

The super master standing behind Jefferson was very calm.

"What?? Are you crazy? This is the War Eagle Nation! Are you a big summer dare to come here to find someone? Are you impatient?"

Jennings who reacted yelled at Levi Garrison.

In their opinion, Levi Garrison's behavior was crazy.

Come in the land of the Eagle Nation, come and take away their people.

This is impossible!

Erudia dare not!

Messiah didn't dare!

A few days ago, Erudia also issued a proposal for them to hand over, but was rejected by the Eagle Nation.

Erudia can only give up.

Now a nameless man actually came to ask someone.

It's ridiculous!

"I know this dress, a member of the Temple of Heaven in Erudia Town!"

"LEVI's Squad is almost dead, he is probably here to take revenge!"

...

Some people recognize the dress of the LEVI's Squad .

"Huh, you dare to come to the war Eagle Nation to be important people? Erudia seniors dare not!"

Jennings said coldly.

Levi Garrison frowned: "I only give you three seconds. If you don't hand it to someone, I will go in and catch it myself!"

Hearing that, Jennings and the others laughed.

“Come on, I’ll count down for you!”

“Three two one, come, you come to catch!”

...

Jennings and others are extremely arrogant.

They are confident with the defense of the base, not to mention a big living person, even a bird does not want to fly in.

Levi Garrison did not speak.

“Shit!”

There was a sharp sound of metal rubbing.

He drew the North Ming sword!

Step by step to the base.

“kill him!”

Jennings gave an order.

Immediately dozens of warriors killed Levi Garrison like crazy.

“dead!”

There was a cold voice.

Levi Garrison turned his wrist.

The North Ming sword flew out, whirling out afterimages.

“Puff!”

“Puff!”

“Puff!”

...

Dozens of warriors fell one by one, blood shot in the throat.

Jennings and others were stunned on the spot.

I thought it was just a nameless man, coming from a lot of blood.

Unexpectedly, he is still a master!

“Take him!”

Jennings growled.

More and more powerful people all surrounded.

“kill!”

The Beiming sword swiveled into Levi Garrison’s hands, and he grabbed the sword and rushed towards the enemy.

It was like a bolt of lightning.

“Huh!”

“Huh!”

“Huh!”

...

I saw the black knife light flickering, piercing the eyes.

After a breath, the ground was full of corpses...

The Return of the God of War [The Protector] Chapter 1760

On the North Ming sword, blood drops dripped, not even a drop.

The knife is not bloody!

It shows that it is a peerless sword!

“This.....”

Looking at the corpses in one place, Jennings was completely stunned.

So strong?

But this is the beginning.

Waiting for their reaction, Levi approached his sword and continued to charge.

“Puff!”

“Puff!”

.....Mi. c

Under him, all the powerhouses of the fifth and sixth heavens can cut melons and vegetables.

Not to mention these.

Even if it is a mecha fighter who is hard-wearing and can withstand the bombardment of modern weapons.

“Shit!”

Levi Garrison Beiming’s sword directly cut open the mecha.

This knife cuts iron like mud!

No matter how hard it is, it can’t hold a single sword.

“Puff!”

With a single knife, Levi Garrison split the man and the modern mecha in half.

With another blow, several people fell.

With an unstoppable momentum, he rushed into the base abruptly.

He can even smash all the dominating Alliance forces.

Just these people?

Just like coaxing to play!

Seeing Levi Garrison came all the way in.

Jennings panicked.

“Hurry up and activate the defense system! Hurry up!!!”

Jennings gave an order and the base defense system was activated immediately.

A series of special alloy walls drilled out from the ground, trapping Levi Garrison.

The alloy walls are covered with power grids, and there are flashes of electricity.

At the same time, a door-to-door weapon launching system climbed out of the surrounding heights.

“Fr!”

Jennings roared.

“Boom boom boom boom...”

“Da da da da...”

...

For a time, all the weapon launch systems bombarded Levi Garrison.

Various advanced weapons blasted at Levi Garrison like a gust of wind.

At the same time, the power grid on the alloy wall began to emit laser beams.

In a small space, there are hundreds of lasers crisscrossing each other.

This kind of laser is the most terrifying.

Even if it is touched by a supreme-level powerhouse, it will be torn, especially under such high-density laser cutting.

No wonder Jennings said earlier that even a pseudo-seventh heaven could not get in.

Under such firepower coverage, it is comparable to the upgraded version of Xu Zhengjie's killing weapon.

Who can stop it?

"Rumble..."

This wave of attacks shook the earth and the mountains and the earth broke apart.

No one would think that Levi Garrison would survive.

“??!”

“??!”

...

But the next second, the alloy wall burst open.

A tall figure emerged.

“boom!”

“Boom boom!”

“Boom boom!”

...

At the same time, the North Ming sword flew out.

Destroy all weapon launch systems.

three minutes.

Less than three minutes.

The defense system of the Black Iron Experimental Base was completely destroyed.

No weapon is effective against Levi Garrison.

He killed himself and came in.

“The one who stopped me, die!”

Levi Garrison continued to charge with one sword.

Soon, everyone under Jennings fell to the ground.

Everyone is standing.

“It’s not good, the big thing is bad!”

Jennings retreated and found Jefferson and them.

“What? Panicked?”

The master behind Jefferson said angrily.

“It’s not good, he, he got in!”

Jennings lay on the ground and gasped.

“boom!”

“??!”

...

In the next second, the floor-to-ceiling windows all burst.

Levi Garrison appeared in everyone’s eyes.

Jefferson’s body trembled.

Why is this person so like Levi Garrison?

Look at the body shape is exactly the same.

Although he was wearing a mask, Jefferson could feel a familiar breath.

“Jefferson, you can’t escape from my Five Finger Mountain!”

A familiar voice came, and Jefferson staggered to the ground.

The Return of the God of War [The Protector] Chapter 1761

“This, this...this is Levi Garrison!”

He is alive!

He is still alive!

He, he, he...

Jefferson was already shocked to the point of being beyond suffocation.

It turns out that his instincts are accurate.

Levi Garrison is still alive!

God-killing weapons can't kill him!

“You, you...”

Jefferson lay on the ground, pointing at Levi Garrison, his teeth trembled, and he didn't say a word for a long time.

“Want to take him away? Pass my level!”

The strong breath behind Jefferson dissipated.

A terrifying aura enveloped the audience.

He was only one step short of stepping into the seventh heaven.

It is much stronger than the strong in the sixth heaven.

He is the strongest person Levi Garrison has ever met.

“Shit!”

He slowly drew a long sword similar to the Higashishima samurai sword from his back.

The electric light flickered on the blade, and this special metal contained terrifying power.

He held this long knife, as if death had descended.

Schroeder perfectly blends East Island swordsmanship with Western swordsmanship and modern technology.

His strength made Jefferson a little relieved.

“With me, don’t want to take people away!” A

cold light flashed in Schroeder’s eyes, and he killed with a long knife.

“Chih!”

“Chih!”

.....

His speed was so fast that the earth couldn’t bear his power, and even cracked two gaps.

His knife is too fast.

It’s almost the definition of detachment speed!

Levi Garrison was a prey in his eyes.

He definitely kills with one blow!

“Quicker? Haha!”

Levi Garrison sneered and charged with the Beiming sword.

“Boom!” The

two quickly passed by.

The two stood back to back.

Nothing seems to happen.

Can be the next second.

I saw a blood arrow shot soaring...

“Kacha!”

The special long knife in Schroeder’s hand snapped.

“Kacha!”

Immediately, he split in half and fell to the ground.

The pseudo-seventh heaven powerhouse, Levi Garrison killed him with a single shot.

The blood splashed the faces of everyone around.

They were all frightened.

Jennings was even more frightened and passed out.

“Ah ah ah! You you do not come, I I I I”

Jefferson psychological defense completely collapsed, piercing shouting.

Levi Garrison came to him and sneered: “Oh, come with me, you don’t want to run away in this life!”

“Bang bang bang!”

Levi Garrison fisted, and the mechanical body that Jefferson had just repaired was destroyed again.

Levi Garrison dragged him like a wild dog away.

“Okay, next one, Xu Zhengjie!” A

cold light flashed in Levi Garrison’s eyes.

He went straight to the place where the ceremony was held.

“The big thing is not good, the big thing is not good! Mr. Jefferson was taken away!”

... The

entire dark iron base was reduced to a sea of flames.

There were roars everywhere.

Messed up.

Completely messed up.

At this moment, it is located somewhere in the waters of the Eagle Nation.

Where is an aircraft carrier?

That’s right.

Today, Xu Zhengjie’s ascension ceremony is held on this aircraft carrier.

It shows that the war eagle country attaches great importance to it.

Together with Li Wenhai and others, also came to participate in the ceremony.

They feel more and more right.

The future is bright and boundless...

Richard is also one of the important guests, sitting in an important position.

At this time, a person hurriedly ran over to Richard's side and said.

"Mr. Richard is not

doing well!" Richard frowned: "What's the matter?"

"Mr. Jefferson was captured by a big summer... just now..."

A stone stirred up waves. .

"What?"

Richard's face changed wildly when he heard it.

The Return of the God of War [The Protector] Chapter 1762

“Hi!”

Richard and a few people around him gasped.

Jefferson was taken away?

Or a Erudia?

Is Jefferson right?

“What’s the matter with Jennings and Schroeder? Didn’t I let them watch? Couldn’t the Dark Iron Lab prevent a big summer?”

Richard roared angrily.

“Mr. Richard, it is said that the base protection system was directly destroyed, Schroeder was killed on the spot, not stopped at all!”

This sentence came out.

Richard’s face was gloomy.

Schroder was killed in seconds.

It is enough to show that the other party is very strong.

“Hurry and find! Use all your power to find, and find where Jefferson is as quickly as possible!”

Richard ordered.

At the same time, he touched his chin and thought: “Who? Who is it?”

“Erudia can’t be so courageous. The Eagle Nation has clearly expressed its attitude! Erudia can only watch!” The

other human said; should be a big summer Warrior? Men in big Shaki still a lot! ” ”

No matter who he is! dare to run wild on my site, is the dragon have to dish! ” ”

in particular, caught my brother, shall be no survivors! ”

... ..

Richard was anxious.

If it weren't for the ceremony, it would begin immediately.

He wants to find someone himself.

When Richard gave an order, almost half of the Eagle Nation was shocked.

Countless forces and people all mobilized to start a carpet search in several cities.

Even the warriors from the Eagle Nation also intervened in the search.

Many advanced technologies are all used.

Especially the most powerful Skynet system of the Warhawk Nation is turned on...

Let's put it this way, even a bug can't escape this search range.

He can even search for it even abroad. After all, the Skynet system of the Eagle Nation covers almost half of the world.

This level of search is simply terrifying!

Absolutely world-class...

time flies.

Half an hour passed.

The shocking thing is that the two of Jefferson just disappeared.

Can't search at all.

When Richard heard the news, his face was extremely gloomy.

"What? Can't find anyone?"

"Trash, all trash! Can't find even two people? What's the use of you?"

Richard was anxious.

"Don't worry, sir, we have already stepped up the search! It is determined that they have not left the war eagle country, and are still in the war eagle country!"

Richard is even more angry: "still in the war eagle country, you can't find it? A bunch of waste!

”

Richard became more anxious.

It just so happened that Xu Zhengjie's ascension ceremony was about to begin.

He can't leave.

Not to mention the news now.

You have to wait until the ceremony is over.

at the same time.

Erudia received a question from Warhawk Nation: Why did they send someone to catch Jefferson?

Messiahi and Erudia's structures were all dumbfounded.

They sent someone to catch Jefferson?

When did this happen?

Why don't they know?

Everyone looked dumbfounded.

They hurriedly inquired to confirm this matter.

No one in Erudia was going to catch Jefferson?

And if you can catch Jefferson, it's probably only the Baolong clan who has this ability...

But that's impossible!

The Baolong clan strictly forbids the arrest of people in the Eagle Nation.

Who could it be?

Everyone was dumbfounded.

The most important thing is that Jefferson was really caught!

The Eagle Nation, on the aircraft carrier of the Eagle.

Richard was sweating anxiously.

One hour passed.

Still no clue to Jefferson.

“What’s the matter? Has the world evaporated?”

Richard said.

At this time, Xu Zhengjie’s ceremony of ascending to the king officially began.

Amidst the cheers of the crowd, Xu Zhengjie appeared.

The Return of the God of War [The Protector] Chapter 1763

Starting today, he will become the king of a country.

Command all living beings.

An ordinary person can do this step, it can be said to be against the sky.

The light in Xu Zhengjie's eyes was clear, and his ambition was undoubtedly revealed.

He did what ordinary people can't imagine.

At this time, some people think he is a nerd?

Some people still think he's worthless?

He stepped on all his peers with one foot now...

The loyal followers of Xu Zhengjie, Li Wenhai, Zhang Wentao, and their eyes were full of eagerness.

From now on, they will be the first batch of heroes.

Everyone will have a very high status and luxurious future.

"We have too many choices! In the future, we will also be people with status!"

"Go back to Erudia? Go back to Erudia! What is good about Erudia?"

...

Li Songkui and others have seen a bright future, One by one shouted excitedly.

At the beginning of the ceremony, Richard also calmed his emotions: "Hold the ceremony first! Other things wait until the ceremony!"

...

In the eyes of the public, the ceremony began.

The number of representatives of the War Eagle Nation will sign an agreement with Xu Zhengjie to hand

over the vassal state of the War Eagle Nation to Xu Zhengjie.

Make him a unique king.

This ceremony has attracted worldwide attention.

Countless people are watching.

Especially in Erudia, countless people gritted their teeth, they can only be angry, but they can only watch.

But soon, the heat of this ceremony was overshadowed by another thing.

That's what happened when Jefferson was captured by Erudia's mysterious master.

I don't know who came from this news.

Once it came out, the whole world exploded.

Everyone paid attention to this matter.

Erudia is crazy?

Dare to arrest people in the Eagle Nation?

Erudia Messiahi and other major institutions were also wronged.

I don't know who it is at all!

They have no way to stop, they can only stand by

Watching.

Who is going to make trouble in the Heavenly Palace in the Eagle Nation?

In particular, I heard that countless people in Warhawk Nation went crazy looking for people.

Everyone is more concerned.

Soon, a message came.

"The man has been found!!!" The

world's eyes are focused on the Lake City of the Eagle Nation!

The ceremony is continuing.

A subordinate hurriedly ran to Richard.

"Mr. Richard is not good! Mr. Jefferson and the whereabouts of the man have been found!"

Richard almost jumped up in surprise.

"He found it? Where is it?"

Richard asked.

“He was actually nearby! Our people searched every area of Lake City, but ignored this area. He is here!”

“What?”

Richard’s expression changed sharply.

A terrible idea was born in his mind.

Isn’t he here for him?

Richard stood up immediately and interrupted the ceremony.

Thousands of people in the field focused their eyes on him.

“Mr. Richard, what are you going to do?”

Xu Zhengjie not only asked.

“There may be danger coming soon, let’s speed up the ceremony! I’m afraid something will happen!”

Richard reminded.

Xu Zhengjie looked displeased: “Mr. Richard, what do you mean? My ascension ceremony should be accelerated? Why? Danger? There is still danger in the war Eagle country? I don’t believe it!!! I just want

to...”

“Boom! ”

“Kacha!” In the

next second, a figure fell from the sky and landed on the aircraft carrier.

Like a cannonball falling.

Exploding the ground and shaking the mountain.

What is even more frightening is that dense spider-web-like cracks appeared on the aircraft carrier’s deck, which quickly spread to the surroundings.

The huge movement directly blocked the progress of the ceremony. Xu Zhengjie

’s words are held in his throat... The

entire aircraft carrier is in a mess...

The Return of the God of War [The Protector] Chapter 1764

The deck of the aircraft carrier shattered, and the 100,000-ton aircraft carrier shook vigorously.

Everyone was stunned.

There were screams.

As chaotic as possible...

Everyone was shocked.

Especially Richard and Xu Zhengjie.

After a while, the eyes of the people who had been slowing down focused on the figure.

No, there was a person lying under his feet, covered in blood.

That is Jefferson! ! !

Seeing Jefferson, Richard was crazy.

“Jefferson!!!”

he yelled.

Everyone who knew this was crazy.

Everyone’s teeth trembled.

“It’s him! It’s him! He actually came here!”

Everyone was dumbfounded.

Levi Garrison’s whereabouts have just been found, nearby.

Unexpectedly, it was for the ceremony.

...The

crowd was full of voices, and everyone quickly told each other about Jefferson’s capture.

“What? Someone came to catch Jefferson in Erudia? How could this be?”

Not only the others didn’t believe it.

Xu Zhengjie didn’t believe it either.

Is Erudia crazy?

Dare to do this?

Before, Xu Zhengjie knew that Erudia would never get mixed up, so he did so with great fanfare.

I didn't expect someone to come.

Come to the ceremony, obviously it is for him.

The eyes of thousands of people in the field all fell on Levi Garrison's body.

Jefferson at his feet had fainted long ago.

"I advise you to let my brother go quickly, I might spare your life! Otherwise, I promise you won't be able

to leave the Eagle alive!"

Richard threatened.

Levi Garrison glanced at him, but did not stop.

Levi Garrison's gaze was fixed on Xu Zhengjie.

"Xu Zhengjie is yours, can you escape?"

Levi Garrison spoke.

"Boom!"

Xu Zhengjie felt his body trembled and his scalp numb.

Unprecedented fear came to my heart.

"Xu Zhengjie, you betrayed the motherland and killed countless compatriots with weapons. Do you know

that you are guilty?"

"You still want to stand on your own mountain, is it possible? Obediently come back to Erudia Fuzhu!"

"Those who betray Erudia, kill without mercy!"

... ..

Levi Garrison's two words sounded like thunder in everyone's ears.

Xu Zhengjie was so scared that he almost staggered to the ground.

The other people who had been Erudia were trembling when they heard this.

As if this is their end.

Levi Garrison dragged Jefferson and walked towards Xu Zhengjie step by step under the gaze of thousands of eyes.

The people on both sides shivered with fright.

Especially Li Wenhai, Li Wenfei, and Li Songkui.

When Levi Garrison saw them, he couldn't help being stunned.

Are these people here?

Also become a traitor?

Originally,

it seemed that Zoey's face could be closed to these people, but now all of them have betrayed Erudia.

A bunch of waste!

"Huh?"

Li Wenhai and all of them just felt chills in their hearts.

Why did this person's eyes glance over them specially?

Are they special?

At this moment, they have a strong hunch that everything about them will be lost.

Soon they had nowhere to stay...

Levi Garrison passed over them, and at the same time came to Xu Zhengjie.

"Be obediently, you can get less pain!"

Levi Garrison said coldly.

At this time, Xu Zhengjie had calmed down his emotions.

He looked at Levi Garrison with a sneer and said, "Please make it clear that this is the War Eagle Nation, not

Erudia! It is not your turn to be a Erudia man to

behave !” “What’s wrong with the War Eagle Nation? “

The Return of the God of War [The Protector] Chapter 1765

now.

The eyes of the whole world are on the aircraft carrier Eagle.

In other words, Levi Garrison's every move was under surveillance.

What he does next will be broadcast live.

Hundreds of millions of people in Erudia are watching Levi Garrison's whereabouts.

"Domineering!!!"

Hearing Levi Garrison's words, Erudia all cheered.

Even Messiah clenched his fists tightly and shouted out loud.

They don't know who this person is.

Can't find it either.

But the only certainty is that he is from Erudia!

He is doing the right thing!

Since he couldn't stop it, he was upset.

It is best to bring Xu Zhengjie and Jefferson back to Erudia!

Yang Erudia Guowei!

Let them know that Erudia is not afraid of anyone.

I'm just afraid of trouble!

"Hold on, you must leave War Eagle Nation alive! You must bring people back!"

Everyone clenched their fists and looked forward to it.

Everyone in Erudia hopes that Levi Garrison can live and bring the two back!

Other people around the world have different ideas.

Most people are looking forward to Levi Garrison's miserable end!

The Eagle Nation is super powerful!

Levi Garrison's making such a big move in War Eagle Nation is equivalent to provocation.

According to the style of the War Eagle Nation, Levi Garrison will never end well.

On the Eagle, Levi Garrison and Xu Zhengjie were close at hand.

Xu Zhengjie panicked and shouted: "Kill him, kill him for me!"

The guard next to him slammed Levi Garrison frantically.

But there was an invisible wall of air in front of Levi , blasting them all out.

"Boom!"

"Puff!"

"Puff!"

...

Recently Xu Zhengjie was splashed with hot blood.

He was dumbfounded.

The Return of the God of War [The Protector] Chapter 1766

Let's go!"

Levi Garrison grabbed his collar and kicked him in the leg.

He only heard a click, his leg broke, and he immediately lay on the ground, like a dog.

Levi Garrison tied Xu Zhengjie and Jefferson together with a rope, dragging them with his left hand, and

holding the Beiming sword in his right hand.

Leaving the aircraft carrier step by step.

His cold eyes swept over the people who used to be Erudia, one by one, they fell to the ground in fright, or

pissed off in fright.

"Oh! !! Ah!"

"Crazy! It's none of my business!"

...

Li Songkui and the others were even more embarrassed. Seeing Levi Garrison's eyes, they were so scared to

crawl, not to mention the embarrassment.

Levi Garrison walked like this step by step.

Although there are masters around, no one dares to step forward, they can only go around Levi Garrison.

"Stop! Do you want to take people away like this? Quickly let them go, and I will keep your whole body!"

Richard's voice sounded.

Richard's face was colder than ever.

He is going to explode.

This is a provocation to everyone, but also a provocation to him.

When did he suffer such humiliation?

Being so humiliated on his own territory.

My brother is dragging like a dog.

How does this make him bear?

More than that.

The circles that know about this are about to explode.

This is hitting them in the face!

Provocation on their territory!

All were blown up!

When did anyone dare to provoke them?

They have always provoke others!

In a word, war eagle must not be insulted!

“Kill him! Kill him for me!”

“Who would dare to run wild on our turf,

it would be a bad idea!” “If this person is not eliminated, our face will be lost!”

...

all circles The death order was ordered to kill Levi Garrison.

Even when he heard the news, the Tianshield Bureau issued the order immediately.

“This person must be eliminated! It must also be eliminated by cruel means! Tell the world that the fate

of provoking Warhawks is like this!”

It turned out that Warhawks not only had to get rid of Levi Garrison, but also warned the world and declared

their status.

Therefore, the pressure and crises Levi Garrison faced in the War Eagle Nation were greater than imagined.

It is absolutely unprecedented!

Erudia also knows this.

They also know that no matter who it is, it is impossible to survive from the Eagle Nation single-handedly.

No matter how powerful you are, you can't stop the nationwide power of the war eagle!

It's not even just a nation of Warhawks. For a long time, Warhawks have had close ties with many other

countries, even alliances.

To exaggerate a bit.

Levi Garrison wants to fight the power of half the world alone!

Leaving alive is the Conferred God of the Century.

Even death is a legend!

But hope everyone leaves monarchs alive

.....

on aircraft carriers, quickly gathered tens of thousands of experts, their leaves around monarchs.

"I'll give you another chance and let them go immediately!"

Richard was still threatening.

Levi Garrison Beiming's sword pointed forward and said coldly: "Those who stand in my way, kill!!!"

"

Take it !!!" "Remember not to hurt my brother and Mr. Xu!"

Richard gave an order.

All major masters killed Levi Garrison.

"Dead!"

Levi Garrison was holding the Beiming sword, as if he was waving the death sickle.

He stepped out step by step, brandishing the North Ming sword in his hand.

In the blink of an eye, there were already thousands of knives flickering, murderous.

"Puff!"

“Puff!”

“Puff!”

...

shots of blood shot.

One body fell down.

Levi Garrison’s

The footsteps never stopped, dragging the two “dogs” straight forward.

A corpse fell behind him and on both sides.

He kills everybody, it’s against the sky.

No one has ever been close to his one-meter range.

With a swing of the North Ming sword, hundreds of people must fall.

Levi Garrison was still advancing, and he was about to get off the aircraft carrier.

However, there were fewer and fewer people on Richard’s side, and they kept falling down.

Levi Garrison’s momentum is too strong.

With a war knife, it is invincible.

Richard saw Levi Garrison’s forces and knew why Jefferson was still captured under the heavy siege.

“Come on, give me all!”

“You must take him down!”

“Request support! The Eagle aircraft carrier requests support! How many forces are all sent, hurry!
We

can’t stop him!”

Richard Seed The case immediately requested support.

At the same time he sent out all his guards.

They each wore modern mechas, each killing Levi Garrison like robots.

“Puff!”

Levi Garrison slashed an oncoming mecha warrior, and even the mecha head was chopped in half.

“Puff!” With

another knife, another mecha warrior was chopped in half.

Richard was dumbfounded.

Although his guards are wearing the first-generation armor, they are all invincible.

Can be split in half with a single knife?

What is his strength?

This couldn't help but make him think of a person-Levi Garrison.

On the battlefield of the Western Territory, he was so unstoppable.

Erudia is really scary.

The master is like a cloud.

Richard was stunned.

All the tens of thousands of masters on the aircraft carrier fell, and all his guards died.

Levi Garrison couldn't stop Levi Garrison's offensive at all.

“You can't stop me!”

Levi Garrison dragged the two off the aircraft carrier.

“Impossible! Now is the beginning!”

The Return of the God of War [The Protector] Chapter 1767

Richard's complexion was savage, and his veins were violent.

His body was shaking sharply, and he was going crazy.

Levi Garrison is touching his bottom line!

Must die!

Although Levi Garrison took people off the aircraft carrier, the crisis really came.

All weapon systems of the major frigates of the Eagle were activated, all aimed at Levi Garrison.

Had it not been for Xu Zhengjie and Jefferson, the bombing would have been frantic long ago.

Not only that, there were hundreds of warplanes hovering in the air, and a helicopter, heavy weapons,

and a sniper gun were all aimed at Levi Garrison at low altitude.

They are all waiting for the opportunity.

On the ground, tanks are densely stacked.

There are still many tanks, this is their first appearance.

Represents the most advanced technology.

No one knows what kind of weapons these tanks will fire.

It may be a quantum weapon, it may be a laser weapon, or it may be a chemical weapon...

These are the trump cards of the Warhawk Nation.

It has always been a secret.

But in order to stop Levi Garrison, they all took it out.

This is about the dignity of the war eagle!

Levi Garrison must die!

A large number of warriors emerged from the gaps in the tank array.

They have warriors from the East Island, ancient warriors from the West...

and a super warrior all appearing.

These superpowers are equivalent to the strange people and strangers that Erudia often said.

It is that they have special abilities.

For example, you can control water and fire, you can control the wind, and so on.

There are generally two types of superpowers.

The first is congenital awakening.

Born with their own talents, this kind of superpower is extremely powerful.

The second one is remodeled the day after tomorrow.

They use serum or genetic technology to change your physique and make you powerless

Poor, fast as lightning, and even directly bring some talents to control the elements.

The most common is to use serum or biotechnology to transform the body to obtain a strong physique.

It is also commonly used to implant animal genes in the human body.

For example, the gene of a cheetah allows you to gain the speed and pursuit of a cheetah.

Implant the genes of a grizzly bear to give you the power of a grizzly bear.

...

So the strength of many superpowers abroad is no less than that of the Eastern Warriors.

Especially those with strong awakening talents are even more outrageous.

In fact, there are legends of these super-powers in popular life, but they disappeared later.

That's because once such freaks appear, the relevant agencies will take them away immediately and block

the news.

Now these super-powers who are living in the legend are flooding at this moment.

Mecha fighters also gathered from all directions.

There are still many forces, all of them came after receiving the major forces of the Sky Shield and the Warhawk Nation.

There are also assassin organizations that specialize in hunting down the supreme-level powerhouses.

It's not just Lake City.

In all other regions of the Eagle Nation, there are madly influx of experts.

Their purpose is only one-to stop Levi Garrison at all costs.

Soon, there were no gaps in this area.

Either machines or people, all stations are full.

The sky also obscured the sky, and it was dark here for a while.

Levi Garrison was not given any space or route to leave.

"This road is nowhere! This road is nowhere!"

"Release, release, release!"

...The

shouts gathered together, and the sky thunder rolled.

The Eagle Nation is really crazy!

Take advantage of this matter to give the world a warning.

"No one can leave War Eagle Nation alive!"

Levi Garrison's mouth raised: "Oh, is it? Then I will be the first!"

The Return of the God of War [The Protector] Chapter 1768

Richard also put on his exclusive mech, which is one of the top armors in their laboratory.

It was much more advanced than the mecha that was split in half by Levi Garrison before.

After all, the cost of this mecha is too expensive.

The armor that Richard wears is more than 300 million yuan.

“You don’t take the Warhawk Nation too seriously. The Warhawk Nation almost possesses the most advanced technology and the most powerful force in the world!”

“You are provoking the entire Warhawk Nation! Don’t say you are an unknown person, even if you are a big one. The gods in the myth of Xia are here, don’t even think about going out!”

” Go !!!”

... the

earth-shattering battle has begun.

Warriors, mech warriors, super-powers, modern warriors, modern weapons, killers, mercenaries...

all kill Levi Garrison in one mind.

This is not the same as the war dominates the alliance.

The Domination Alliance is a mob. Although the strong are like clouds, they can’t exert their power at all.

However, the enemies Levi Garrison is currently facing are properly configured and complement each other.

In this formation, even an ordinary person can deal Levi Garrison the hardest blow.

The war begins.

The masters started to kill Levi Garrison from all directions.

The first thing they had to do was to distract Levi Garrison's attention.

Make him unable to care about each other.

In this way, they can rescue people.

"Boom..."

A helicopter hovered in mid-air, with infrared rays crisscrossing on the helicopter, aiming at Levi Garrison.

"Too annoying!"

Levi Garrison suddenly flashed his eyes.

"Boom!"

The North Ming sword in his hand was thrown out.

"Return to Dragon Slash!"

Levi Garrison shouted.

The North Ming Sabre shot out like a cannonball, with a long wave of air behind it, shooting into the air.

Swirling like a dragon!

So this combat technique is called Huilong Zhan.

"Shit!"

Beiming's sword surrounded his body, making a sizzling sound, as if it was about to burn.

Swipe it out!

A helicopter was abruptly split in half!

Falling to the ground in heavy smoke, making a rumbling sound.

"Shit!" With

another stab, another helicopter split and fell.

“Shit!” The

third plane split.

“Shit!” The

fourth frame!

..... The

North Ming sword turned like a dragon, and one helicopter after another was split in half.

...

Fiftieth.

...

The hundredth frame.

Helicopters kept falling to the ground, and this area became a sea of flames.

On the ground, although the major masters have levels, orderly and coordinated attacks against Levi Garrison.

But Levi Garrison could take it anyway.

They couldn't save people at all, instead they died and injured a lot.

...The

war has been going on.

Levi Garrison is simply too strong for one person.

No matter how terrifying the fighting power, Levi Garrison can take it, and he is stronger.

In a short period of time, he dragged the two of them out of a distance of thousands of meters.

shame!

Great shame!

Now the whole world is paying attention.

Levi Garrison is also swift and fierce, the more shameful it is to War Eagle!

In particular, the people of the Warhawks went crazy one by one.

They felt a great degree of shame!

The fighting lasted an hour later.

This area is filled with tens of thousands of corpses.

The damage to the helicopter is also extremely serious.

“Come on, that’s it?”

Levi Garrison opened the way with the Beiming sword in his hand.

The opponent was scared.

Quite a few people started to back down.

“Come on! Give it to me!”

Richard yelled.

“Warhawk must not be insulted!”

“I’ll kill him!”

a shout came.

The world rumbling.

“Senior Seventh Heavenly Powerhouse...”

The Return of the God of War [The Protector] Chapter 1769

At this moment, the major masters of the Eagle Nation stopped their actions.

Quietly looking into the distance.

There was joy on Richard's face.

The Seventh Heavenly Powerhouse.

Only exists in the legend.

Even before the covenant of the gods, the Seventh Heavenly Powerhouse is a legend.

To say that the strong of the six heavens is a hurdle, under the six heavens are all ants.

Then the Seventh Heavenly Power is a qualitative leap for the Sixth Heaven.

A Seventh Heavenly Powerhouse can block thousands of Sixth Heavenly Powerhouses.

The two are not the same.

This is the Seventh Heaven Powerhouse.

At this moment, the world is quiet.

Everyone was dumbfounded.

The Eagle Nation really does not hesitate at all costs.

In order to stop Levi Garrison, the powerhouses of the seventh heaven were dispatched.

The visitor wore an ancient medieval armor.

He was surrounded by electric lights, making a sizzling sound.

Terrible.

This is a super person.

Innate talent for awakening thunder and lightning, he can control thunder and lightning.

For ordinary people, it is a god.

So he has the title of "Warhawk Thor".

Is a big killer of the war eagle country.

He came to kill Levi Garrison himself.

“Leave me all away!”

Warhawk Thor gave an order, and everyone immediately gave way to a large blank area.

The tall warhawk Thor approached Levi Garrison step by step.

“Zila zila zila...”

The electric lights surrounding him seemed to be angry, making a dazzling light and terrible sound.

“Dead!”

Warhawk Thor roared.

The sky became extremely dim at this moment, black clouds hit and lightning flashed.

Then came the rumbling thunder.

Seeing that the warhawk Thor can really control thunder and lightning, the whole world is silent.

It turns out that there are such god-like figures.

It's just that you didn't have access to it before, or even imagined it.

The warhawk Thor controls thunder and lightning, which is unstoppable.

“Dead!”

He suddenly waved his hand.

“Shit!” A

In the split to Levi Garrison.

Levi Garrison's eyes were cold, and the Beiming sword in his hand was swung out.

“Clang!” A

knife blocked the lightning.

But everyone found that there were gaps in the blade of Beiming Zhan's sword.

“Hiss!”

Everyone gasped.

Warhawk Thor is too scary, right?

Levi Garrison's treasure knife that cuts iron like mud was cut through a gap.

terror!

"Kill!"

"Kill!"

"Kill!"

...

Warhawk Thor, like crazy, controlled a wave of lightning to kill Levi Garrison.

"Clang!"

"Clang!"

"Clang!"

...

Levi Garrison used the Beiming Sword to block it again and again.

"Kacha!" When it was

blocked for the twenty-eighth time, Beiming's sword was broken.

Upon seeing this, the War Eagle Nation and most of the world began to cheer.

Sure enough, the Seventh Heavenly Powerhouse is too strong.

This Erudia person can't go out anymore.

Erudia was dead silent.

No one spoke.

But even if Levi was about to die.

It is also glory!

After all, the force of the whole nation of the Eagle Nation was forced by one person to target it.

On the other hand, it also allows the whole world to see the strength of the Eagle Nation.

Superpowers are just extraordinary.

Whether it is the foundation of ancient martial arts and super power, or the advanced and powerful

modern technology.

Du Yaoyao domain world.

“Kill!”

Levi Garrison no longer defended, holding a short knife to kill the warhawk Thor.

Warhawk Thor looked at Levi Garrison, who was close at hand.

He smiled.

“Looking for death!”

“Rumble...”

“Rumble...”

.....

Thunder was loud in the sky, and thunder and lightning fell intensively and frequently.

Turning this area into a sea of thunder, Levi Garrison is the center.

The Return of the God of War [The Protector] Chapter 1770

“Kill!”

“Boom!” A

thunder and lightning.

“Kill!”

“Boom!”

Another thunder and lightning.

“Kill!”

.....

Warhawk Thor roared like crazy.

Soon, thousands of thunder and lightning smashed down one after another, as dense as the sea, smashing towards Levi Garrison.

“Boom...” In

an instant, the radius of a hundred miles turned into scorched earth, and no grass grew.

Everyone was stunned by the flash of lightning before them.

The warhawk Thor's trick alone is afraid that hundreds of thousands of troops will be wiped out in an instant.

The Seventh Heavenly Powerhouse is really like a god.

Today, everyone is an eye-opener.

How terrible is the control of the Seventh Heaven Powerhouse?

Being like a god.

Can Levi Garrison stop it?

In an instant, tens of thousands of lightning strikes.

Submerged Levi Garrison.

In the center, Levi Garrison shouted: "Block! Block! Block!"

"Block, block ..." What's

terrible is that Levi Garrison used his fist to knock down a thunder and lightning, and another thunder and

lightning with one fist...

One fist!

Two punches!

Three punches!

...

Soon, Levi Garrison has swung tens of thousands of fists, smashing thousands of lightning bolts down.

Resist thunder and lightning with a hard body?

Unheard of!

Jefferson and Xu Zhengjie were frightened and passed out.

"Bang!"

Levi Garrison's every punch was shocking.

The earth trembled, the air wave surged, and the shock wave dissipated even more.

"Uh ah!"

"Uh ah!"

.....

around fighters in the country's strong they suffer numerous casualties.

"Bang bang bang..."

Levi Garrison continued.

Smashed all the thunder and lightning with a fist abruptly.

He was not injured at all!

"It's me!!!"

Levi Garrison roared long

The Return of the God of War [The Protector] Chapter 1771

The right fist blasted out domineeringly, like a heavy artillery.

This punch blasted out, pulling out a long white wave of air, like the tail wave of an airplane taking off.

A punch that breaks the speed of sound and breaks the sound barrier!

“Boom!”

Warhawk Thunder God didn't have time to react, so Levi Garrison hit his chest with a heavy fist.

The mask was printed on his retina, and his eyes were full of weirdness.

How could this man escape from his thunder and lightning?

“Bang!” In the

next second, the body of the Warhawk Thor burst open and turned into blood mist.

The shocking scene shocked everyone present!

The war eagle Thor burst open under their noses... a

punch and a bloody mist!

Levi Garrison is invincible!

The Eagle Nation and the whole world were silent at this moment...

Strong!

too strong!

Seventh Heaven's strongest move did not hurt him at all!

Can he fight back?

How strong is he?

Everyone in Erudia breathed a sigh of relief.

They also thought of one person one after another...

Everyone held their breath, and was extremely nervous.

After Levi Garrison killed the Warhawk Thor, he dragged the two dogs and moved on.

“Those who stand against me kill without mercy, kill without mercy...”

Levi Garrison was like a rainbow.

Kill the enemy without leaving a piece of armor.

After some interception, no one dared to step forward.

They looked at the monster Levi Garrison in horror.

He is invincible.

They came forward to die...

Even Richard was going to be beaten.

Levi Garrison destroyed the Domination Alliance in one fell swoop.

Later, this mystery made trouble in the Heavenly Palace in the War Eagle Nation, but no one could help

him?

Soon, Levi Garrison passed through Lake City and walked to the southern border of War Eagle Nation.

“Stop him, you must stop him! Whatever it takes!”

...

The various circles of the Warhawk Nation were humiliated, and they were all crazy.

The hole cards are all out.

On a high mountain on the outskirts of Lake City, several figures gathered.

Everyone is a Seventh Heavenly Powerhouse!

A Seventh Heaven can't kill you, so what about a lot of Seventh Heaven experts?

This time, the War Eagle Nation really cost it.

Invite all these old guys out of the mountain.

Although these are the trump cards of the War Eagle Nation, they cannot be used as a last resort.

But now is the most dangerous moment for them.

If this continues, the Eagle Nation will become a shame, and its status as a superpower in the world will

not be maintained.

The four Seventh Heavenly Powerhouses are already waiting for Levi to come.

First, the whole person is in a black mist, and he can't see the main body at all.

He is the leader of the killer organization that specializes in hunting the supreme-level powerhouses, and

the codename is Shadowman.

Seventh heaven strength, and has the most powerful assassination technique.

He can blend with any environmental object.

Have hunted and killed three powerhouses of the Seventh Heaven.

The second place is a mountain the size of a mountain, with a body more than two meters tall, and the

whole body is red.

He was used by a secret organization to test various drugs and serum since he was a child, and his body

mutated later.

He is so powerful, his body is impenetrable, and he can't kill monsters at all.

Codenamed Dragon.

The third place is a man wearing a light mech. He has a speed that is several times the speed of sound, as

fast as lightning.

Codenamed God of Lightning.

The fourth place is a barely dressed blonde with a sweet look.

But she is a Western wizard who has awakened super power in the primitive tribe since she was a child.

Possessing supernatural power, claims to be able to control everything.

Codenamed Miko.

All four of them are national treasures.

It is also the real trump card.

At this moment, all four were dispatched.

Just to stop Levi Garrison.

It shows the determination of the war eagle country.

Levi Garrison walked all the way.

I find that fewer and fewer people are blocking myself.

In the end, no one was left.

Xu Zhengjie, who had just woke up, felt ashamed when seeing this.

Was it because I was released by the war eagle country?

Abandoned?

In fact, Xu Zhengjie knew it in his heart.

At this point, the War Eagle Nation is only for reputation, not a question of his value.

However, Levi Garrison stopped and shouted to the front: "Come out, I have seen you all!" The voice just fell, and three figures appeared in front of him.

The witch, the dragon, and the god of lightning are three people.

Only the shadow man disappeared.

He is the god of assassination and naturally cannot be exposed.

Seventh Heaven!

Three Seven Heavens!

The world is shocked again!

The Eagle Nation is really strong, and can dispatch several Seventh Heavenly Powers at will.

This is not available in other countries.

Even Erudia was envious.

But what everyone pays more attention to is whether Levi Garrison can block the attacks of the four Seventh

Heavenly Powers?

The three witches looked at each other and said, "Start!!!" The voice just fell.

The witch began to perform her witchcraft...

Suddenly, the environment in front of Levi Garrison changed.

Alpine forests no longer exist, replaced by endless, surging seas.

He was in the center of the storm, unable to stand firm at all.

This sudden change in the environment made him extremely uncomfortable.

This is the ability of the witch to control everything and change the environment...

At the same time, the god of lightning moved.

The impact began at a speed exceeding five times the speed of sound.

What he had to do was to rescue the two Jefferson in an instant, and bring the magic dragon to Ye Levi 's side.

The speed of the lightning god is too fast.

In an instant, he brought the magic dragon to Levi Garrison's side, and at the same time took Xu Zhengjie

and Jefferson away.

"Boom!!!" The

dragon is known for its infinite power, and he claimed to break a mountain with a punch.

His strongest force hit Levi Garrison with a punch.

At the same time, the shadow man appeared from the dark and suddenly assassinated.

The Return of the God of War [The Protector] Chapter 1772

The four powerhouses cooperated in a tacit understanding and perfectly connected.

And take care of each other to maximize their advantages.

Save and kill people in one go.

People who followed this battle were all frightened.

What a terrible picture is that the four great seven heavenly powerhouses act together?

I'm afraid that Levi Garrison is the only one who has this treatment.

"Warhawk Nation is determined to keep people. These four people are actually the trump cards of the

Sky Shield! They all used them!"

"This mysterious person is absolutely desperate!"

... After

receiving the news, Messiah Everyone's hearts were chilled.

They understand that the Sky Shield Bureau is equivalent to the existence of the Erudia Baolong clan.

Have the strongest combat power.

Those hidden secrets and masters are all under their control.

They intervene, who can stop?

In the battlefield.

The four big and seven heavenly powers joined forces to make a perfect match.

First, the witch changes the environment to disturb Levi Garrison.

Secondly, the god of lightning sent the magic dragon to Levi Garrison in an instant.

The Devil Dragon killed Levi Garrison with the strongest blow.

This trick is absolutely unstoppable!

First, the witch has disturbed Levi Garrison.

Second, the speed of the lightning god is too fast.

These two factors were already destined that Levi Garrison could not hide, and could only accept it.

Levi Garrison may not be able to bear the power of the magic dragon to destroy a mountain with one punch.

Even if he can bear it, the shadow man assassination in the dark has arrived again.

You must know that these are the four powerhouses of the Seventh Heaven, and their skills and strength

are far beyond others.

This is a mortal game!

The magic dragon hit Levi Garrison's chest with a fist, as if the missile exploded, and a mushroom cloud rose

around him.

The assassination master shadow man unexpectedly appeared on top of Levi Garrison's head. Two short

blades appeared in his hand, and lightning flashed around him.

The two short blades are cast by meteorites from outside the sky, and can penetrate through any hard

objects.

"Boom!" The

Devil Dragon was sure that the strongest punch hit Levi Garrison.

"Puff!"

"Puff!"

The Shadowman was also convinced that he had inserted two short blades into Levi Garrison's neck.

But in an instant the expressions of the two of them changed drastically...

because this was an illusion!

Levi Garrison disappeared from their eyes...

disappeared out of thin air!

Do not!

Shadowman knows that it is speed!

Unimaginable speed!

Faster than the speed of the god of lightning fled in an instant, creating the illusion that the two of them

succeeded.

That is the clone that is produced at the extreme speed, and what they hit is the clone.

“Magic Clone!”

Levi Garrison used the demon Clone again.

Unlike the past, I didn't lie to everyone this time.

The shadow man sees the essence.

After using the magic shadow clone, Levi Garrison quickly left the center of the battlefield.

“Boom!” When

he appeared again, he even caught up with the lightning god who had rescued the two Jeffersons.

His speed is faster than the Lightning God whose awakening talent is speed.

“Bang!”

“Puff!”

Levi Garrison smashed the God of Lightning with a punch.

“Return to Dragon Slash!”

At the same time, Bei Ming's sword was thrown out.

“Shit!”

Before the witch next to her could react, she was cut through her throat by the half-broken Bei Ming sword.

The moment the witch fell.

The environment here has changed.

The sea no longer exists and everything is back to normal.

But Levi Garrison didn't stop.

He appeared behind the Devil Dragon again, and at the same time, the circling Beiming sword came into

Levi Garrison's hand.

"Puff!"

Levi Garrison killed the Devil Dragon with a single knife.

The shadow man realized the danger and hurriedly left.

But Levi Garrison disappeared again.

When he appeared again, he was already behind him.

"Kill!" The

shadow man died!

The four great seven heavenly powerhouses are all destroyed.

"Who can stop me?"

The Return of the God of War [The Protector] Chapter 1773

Shocked!

boiling!

The Eagle Nation was silent.

The whole world is silent.

Counting the previous warhawk Thor, five consecutive seven-layer powerhouses have been beheaded by

Levi Garrison alone.

Especially the last four are teaming up...

horrible!

too frightening!

The ace of the Sky Shield could not stop Levi Garrison!

He is already outrageously strong!

Fight against the Eagle Nation alone!

May I ask who else?

I'm convinced!

Richard and others were completely convinced.

How can you beat five Seventh Heavenly Powerhouses in a row?

Thousands of troops in time can't stop it at all!

All circles of the Eagle Nation were beaten to silence.

They were at a loss.

do not know what to do with it?

It seems that he is invincible, no one can subdue him.

On the outskirts of Lake City, Levi Garrison continued to move forward after beheading the four great seven

heavenly powerhouses.

On the other side of the mountain, thousands of troops are waiting.

Even though they knew Levi Garrison couldn't kill Levi Garrison, they couldn't stop him.

But he couldn't just watch Levi Garrison leave.

Their only purpose of blocking was to delay time and figure out how to kill or keep Levi Garrison.

"Go to [Shuquge www.shuquge.co]!"

...

This time, more experts are involved .

The warriors and the super-powers are like crazy to stop Levi Garrison.

Levi Garrison dragged the two of them, carrying a broken knife and smashing a bloody path.

He is too strong.

It's totally unstoppable!

The whole world was shocked by Levi Garrison's strength!

Erudia is very excited, but I am all curious about who this person is?

Is it really the legendary Baolong clan?

Or is it from the mysterious forces of Erudia?

However, Messiah and the others have gradually got the answer, and everyone is tacitly aware.

Just don't say it.

Treat this as a secret!

This incident has spread to a wide range, and now even the Baolong clan are beginning to pay attention.

Even many ancient forces are ready to move.

After all, the five Seventh Heavenly Powerhouses were all beheaded.

Another half day passed.

Levi Garrison beat him all the way.

There were countless casualties.

Can't stop Levi Garrison's footsteps at all.

He was very close to the southern border of the Warhawk Kingdom.

Even if there were thousands of troops, they would go to die when they encountered
Levi Garrison.

Can't stop it!

I can't stop a person if I give it all!

shame!

The Eagle Nation suffered an unprecedented humiliation!

"What should I do? In less than six hours, he will definitely be able to leave Warhawk
Nation!"

"Will let him leave like this? That would be our greatest shame! We will be laughed
at by the whole world!"

"Think of a way, think quickly ! way! he must take to stay in the territory of their
fighters in the country, not let him leave! " "

quickly quickly, leaving us running out of time! "

.....

at this time, the major circle fighters in the country are crazy.

It doesn't matter whether Xu Zhengjie and Jefferson are alive or dead.

But face is important!

They were slapped frantically by Levi Garrison, but there was nothing to do.

Time passed by every minute.

Two hours passed.

"There is a way, we have a way!"

...

“Okay, this method kills two birds with one stone!”

...

Tianshield finally figured out a method.

“Truce! Stop the war quickly!” The

Tiandeng Bureau gave an order, and all the troops in front of Levi Garrison stopped.

Just when Levi Garrison was wondering, several off-road vehicles with armistice flags drove in front of Levi Garrison.

Levi Garrison wanted to see what tricks the other party was playing.

He didn't do it.

The eyes of the world are focused on this.

Everyone wants to know what Sky Shield's method is...

The Return of the God of War [The Protector] Chapter 1774

A group of men and women in suits and leather shoes got off a few off-road vehicles.

Most people are not superpowers or warriors.

They are like white-collar workers in shopping malls.

The corner of Levi Garrison's mouth

raised, and he smiled and asked: "What are you doing?" The headed man and woman approached Ye

Levi vigilantly, raising their hands and saying: "Dear Sir, please calm down, we... We are not malicious, we

just want to Talk to you!"

"Yes, we want to talk to you, it doesn't make any sense for us to call like this!"

Levi Garrison sneered, "What is there to talk about? Quickly let the road go and let me take these two people

away." ! " "

Dear sir, please listen to us! " "

we want you to talk about, want you to make a deal! "

They looked wary leaf monarchs.

"Let's talk about it, what deal?"

Levi Garrison was curious.

"Sir, we can completely turn fighting into jade, and turn the enemy into friends!"

"Yes, you have no grievances with us, why are you so desperate?"

Levi Garrison smiled: "How to say?"

"Actually, you don't need it. If you are working for the great summer, you just join the war eagle country?"

"We promise to fulfill any conditions you want! For example, if you want to be a king, be a king and do

whatever you want!”

“As long as you agree to join the war eagle country, You will achieve whatever you want! For example,

further increase in strength! For example, having the most wealth and the highest rights!”

...

This man and woman are negotiation experts.

Sing and make a peace, if one doesn't pay attention, they will really be tempted by the two.

At this time everyone knew what the strategy of the War Eagle Nation was.

Although I can't stop you, I can let you join.

Once agreed, this will kill two birds with one stone.

Levi Garrison smiled and said, “Okay, achieve whatever I want?”

“Yes, as long as you dare to think, we dare to promise! I'm here on behalf of Tianshield and can meet all

your requirements!”

These people are confident. full.

Levi Garrison looked at several people and said, “That's good

, My condition is very simple. Let me be the master of Warhawk Nation! As long as I promise, I will join without hesitation! ”

” Boom! “The

words are not astonishing and endless.

Everyone was shocked when Levi Garrison said this.

His condition turned out to be the entire Warhawk Nation?

He should be the master of the Warhawk Nation!

Nonsense!

Impossible!

“Sir, don't be kidding. We are sincere! “A

few people said coldly.

“Nonsense, Lao Tzu is sincere. Didn’t you say that all my conditions are met?” I brought it up, why am I not satisfied! ”

Levi Garrison asked back.

“Don’t deceive others too much, don’t fool us on purpose!” “The members of the Sky Shield Bureau were angry.

“If you don’t have any sincerity, then get out!” ”

Levi Garrison slapped.

A terrible invisible force slapped all the people and vehicles of the Sky Shield Bureau.

Levi Garrison continued to move forward. The talk collapsed!

This completely disrupted the Sky Shield Bureau’s plan.

I thought that no one would refuse the invitation of the War Eagle Nation. I didn’t expect Levi Garrison to offer such a condition!

Levi Garrison continued to advance, and the thousands of troops in front continued to stop him . “No, it’s the last moment. There are still three hours. , He must have left the war eagle country!” ”

Even if Xu Zhengjie and Jefferson are dead, we can’t let him leave War Eagle Nation!” ”

” How to do? Think of a solution, hurry up! ”

...

time flies.

It was an hour before Levi Garrison left the Kingdom of War Eagle.

“Hey, it really can’t work, you can only use it!”

“What? Use it???? Are you crazy?”

“No way, for the current plan, only it can work!!!”

The Return of the God of War [The Protector] Chapter 1775

“I don’t agree! This... this is terrible!”

“Yes, this is crazy! I don’t agree!”

“Once we use it, we will bear too much responsibility! Since it was launched, no one in the world has I have used it!”

“If we want to use it, it will be the first one to use it against the whole world. Do you know how much guilt we have to bear?”

... After

someone proposed to use “it”, most Human opposition.

As if this is a taboo.

“Then what do you say? In less than an hour, he will leave Warhawk Nation!”

“At that time we will become the world’s biggest joke, a superpower can not stop even one person!”

“We will carry Enter the empire’s book of shame! We will all be sinners of the empire!”

roared the person who suggested.

At this time, everyone was silent.

Now it is a great shame!

Levi Garrison rubbed the war eagle on the ground alone, and the war eagle had no dignity.

“Hurry up and make a decision! This time, it’s not even an hour!”

the person urged.

“Okay, I agree to use it!”

“I agree too!”

“I agree too!”

...

After weighing the pros and cons, all members agreed to use it.

“But there is a problem. We can use it, but not in the name of the Sky Shield, nor in the name of the Eagle

Nation!”

said the person.

“What about it?”

someone asked below.

“Let Richard and the others use it as a laboratory. After all, this person took Richard’s brother. We can

attribute this incident to Richard and his personal grievances!

All the responsibility for the accident lies with Li. Chad is responsible for it alone!”

...

“Okay, this method is good!”

&

“Yes, immediately notify Richard! Let him do it!”

... When

Richard received the news, he was taken aback.

“What? Do you really want to use it???”

Richard asked in surprise.

“Yes, it’s still used in the name of the laboratory behind you! At this point, it’s time for you to contribute

to the empire, and you can’t refuse! This is what everyone meant!” A

representative of the Sky Shield Bureau said.

Richard thought of something, and exclaimed: “Then what about my brother? Once you use it, my brother will die too!”

“It’s all about this time, let’s take the empire’s reputation as the main thing! Don’t worry, your brother

is also for the empire. Sacrifice! The Empire will remember him!”

Richard hesitated for a full minute.

In the end, he agreed.

“Okay, I will contact the laboratory immediately!”

Time is running out.

Richard had no time to think.

Hastily contacted the laboratory behind.

Soon, the laboratory agreed.

And it is provided by the laboratory, without the need for Tianshield.

In this way, the relationship can be completely separated and everything can be attributed to Richard.

“There are still forty minutes before he leaves the territory of the Warhawk Nation! Our weapons and equipment will be in place within fifteen minutes!”

Time passed by.

There were only twenty-five minutes left before Levi Garrison left the territory of War Eagle Nation.

To the south is an endless desert.

Levi Garrison dragged the two to walk.

There was no one blocking him.

From the perspective of the whole world, the Eagle Nation has given up...

But smart people know that the Eagle Nation definitely has a fallback!

But I don't know what it is.

“The weapon is installed, the target has been locked, and it can be launched at any time!”

Richard Labs issued a message.

What they say is the strongest weapon in this laboratory-the scepter of God.

The Return of the God of War [The Protector] Chapter 1776

This is the strongest weapon created by the mysterious laboratory behind Richard and the Sky Shield.

This weapon represents destruction!

No one knows exactly what this weapon is.

Is it an electromagnetic railgun, a laser, or a biological weapon...

no one knows at all.

But everyone who knows the scepter of God understands that it represents a disaster of destruction.

Once used, it is absolutely devastating!

No defense can stop the scepter of God.

Unlike Xu Zhengjie's God-killing weapon, the God-killing weapon is actually a small-range attack, specifically aimed at martial artists.

But the Scepter of God is a range attack.

Once used in a certain area, everything will be destroyed directly.

The name God's Scepter has a very simple meaning, indicating that this weapon is like a punishment from God.

The power is evident.

This is definitely the secret laboratory, and even the weapon at the bottom of the shield!

So I won't use it anyway.

The main weapon is equivalent to the real trump card of the Warhawk Nation. If we expose the trump

card prematurely, it must be known to the whole world.

There will be no secrets about the scepter of God.

It won't work anymore!

But now Levi Garrison forced the entire War Eagle Nation to this point.

Let the Sky Shield Bureau decide to use the Scepter of God to deal with Levi Garrison.

For the reputation of the war eagle!

They did it!

At this moment, countless people in War Eagle Nation are paying attention to Levi Garrison.

He is getting closer and closer to the border.

Time is passing fast.

Twenty minutes.

Levi Garrison dragged the two to walk in the desert.

Now that there is no one to stop him, Levi Garrison naturally knows that things are not easy.

The Eagle Nation will not let him go.

Will not let him leave easily.

A great danger awaits him ahead.

At this time, time passed very slowly every minute, and everyone was so nervous that they were sweating.

“The attack point has been set, and the target will reach the designated attack point in six minutes and 32 seconds!”

“The weapon is reconfirmed there is no problem!!!”

“Everything is ready!!!”

.....

Richard and the laboratory installed everything , Arrange the attack point and time properly.

Quietly waiting for the time to come!

Almost everyone was sweating and their bodies trembling.

This is the first use of the scepter of God.

Everyone was excited and nervous.

At this time, both Xu Zhengjie and Jefferson, who were dragged by Levi Garrison, had already woke up.

Xu Zhengjie also knew the identity of Levi Garrison.

“Levi Garrison, I admit that you are a ruthless person! You hit the war eagle country alone! But I promise you will never leave the war eagle country!”

Xu Zhengjie stared at Levi Garrison.

Jefferson also agreed: “Yes, that’s right. You can’t get out of here! My brother will absolutely not allow it!”

Levi Garrison thought of something, not only smiled: “Now they are afraid that they want to kill me, I die, you won’t be alive!”

Xu Zhengjie and Jefferson realized something, not only were they sweating, but their bodies were shaking.

correct.

At this kind of moment, Levi Garrison would be stopped at all costs.

They are not important anymore.

Especially Xu Zhengjie, even more worthless.

“But Levi Garrison, I was so excited to see you die! It doesn’t matter! Hahaha...”

Xu Zhengjie looked at Levi Garrison with a crazy laugh.

He is a complete lunatic!

Jefferson’s body was trembling with fear.

five minutes.

Four minutes.

Three minutes...

A base has been counting down time.

Everyone’s nerves were so tense that they were about to explode.

Thirty-two seconds.

...

“Three!”

“Two!”

“One!”

The Return of the God of War [The Protector] Chapter 1777

The time has come for the purpose of all people.

This [biqugew.me] is the first appearance of the scepter of God!

The world will witness the amazing power of God's scepter!

Holding the firing button of the God's scepter weapon, Richard was already nervous to the point that his

whole body was wet with cold sweat.

Especially in the base, hundreds of people were staring at him nervously.

"Goodbye brother!"

Richard yelled and pressed the button fiercely.

At the same time, he sat down on the ground with a plop.

At this moment, the entire base seemed to be relieved, and everyone breathed a sigh of relief.

It's finally this moment!

In the various circles of the Warhawk Nation, everyone clenched their fists tightly, waiting for the emergence of the scepter of God...

one second.

Two seconds.

... but

more than ten seconds have passed.

There was no movement at all.

The scepter of God is not in place at all!

Everyone thought they were in a trance.

But dozens of seconds passed, and there was still no movement.

"What's the situation? What's the situation?"

“Tell me quickly, what’s the matter?”

...

This kind of voice came from all the circles of the Warhawk Nation.

The base responsible for the launch of God’s scepter weapon was even more dumbfounded.

After Richard pressed the button, the Scepter of God didn’t fire at all...

“What’s the matter?”

Everyone was stunned at first.

But then they reacted one by one.

Everyone exclaimed again and again.

Richard on the ground got up and roared: “What? The weapon was not fired? What’s the matter? Check it

out! Check it out for me!” The

whole base was chaotic.

Various voices were heard everywhere.

All technicians checked immediately.

“No, the weapon launch system is malfunctioning! So the launch was not successful!” The reason was quickly found out.

The Return of the God of War [The Protector] Chapter 1778

coming.

“Repair, quickly repair!”

“How long will it take to repair?”

Richard quickly shouted.

“It will take more than 20 minutes at the earliest!”

“We will try our best!”

.....The

technicians began to repair frantically.

No one expected this. At the most critical moment, such a problem would happen.

In the crucial twenty minutes, Levi Garrison had already left War Eagle Nation.

Can't let the scepter of God bloom on the land of other countries, right?

There was dead silence in the entire base.

Richard was even more angry and hit the table.

But after he turned around, a successful smile appeared at the corner of his mouth.

It turned out that the launch system malfunctioned and he arranged it alone.

The purpose is simple-he doesn't want the scepter of God to be launched, and he doesn't want his brother Jefferson to die.

Richard is a man who cares for his shortcomings and loves his brother very much.

Otherwise, I wouldn't have made so many crazy moves before.

Now that he kills his own brother himself, he can't do it.

In his opinion, the reputation of the war eagle is not as important as the fate of his brother.

Today, the humiliation that Erudia master brought to the War Eagle, he can completely repay it if he finds

a chance in the future.

His brother died but he was gone forever.

The scepter of God failed to launch successfully.

It means that the Eagle Nation has completely failed to block Levi Garrison.

Levi Garrison dragged the two to the border.

He smiled and said, "Why do you want to kill me?"

"You..."

Xu Zhengjie and Jefferson didn't expect Levi Garrison to leave so easily.

"Let's go, come back to Erudia with me and get the punishment you deserve!"

Levi Garrison took the two of them out of the boundary of War Eagle Nation.

Subsequently, Levi Garrison inserted half of the North Ming War Sabre on the border of the War Eagle

Nation.

The meaning is very obvious!

Take the knife as proof!

I, Levi Garrison, once entered the war eagle country and took away two people... But

this is a great shame for the war eagle!

oon, many masters came to the border of the war eagle country.

See the North Ming sword inserted in the ground.

It stings their eyes like a blazing sun.

This knife is stuck in their dignity!

It's a shame for them!

"Ah!!!"

one person shouted wildly, and was about to pull out the North Ming sword.

"Hold on!" The

leader stopped him.

“This knife can’t be pulled! Always stick it here! This is the shame the enemy has brought us! It reminds us

of this all the time!”

Everyone on the scene looked at the Beiming Sabre with red faces!

Everyone clenched their fists...

silence.

The entire Warhawk Nation was silent.

They almost took out everything, but they still couldn’t stop Levi Garrison!

At the last moment, Richard’s small actions prevented God’s scepter from launching successfully.

Let Levi Garrison leave completely.

When Levi Garrison stepped out of the border, the whole world was full of doubts.

The Eagle Nation just let Levi Garrison leave?

impossible!

No reason!

But the facts are here!

he left.

The circles of the Warhawk Nation have exploded...

shame!

Today, the most shameful!

“Erudia, this Liangzi is completely knotted!”

Many people clenched their fists and looked crazy.

Richard also clenched his fist: “Brother, I will save you again! And Erudia, I won’t let it go!”

He believed that even if it was Erudia, he would not die.

His plan was achieved... After

learning the news, Erudia was completely boiling.

The first is to completely defeat the Domination Alliance.

Now the mysterious master single-handedly took away the two in the Eagle Nation.

All show the power of Erudia!

Erudia is not afraid of anyone!

The sleeping dragon has gradually awakened, who can be the enemy?

Now Erudia is showing a super power, not afraid of anything!

In this way, the rich celebrities who had escaped from Erudia before, etc. were completely dumbfounded.

After desperately leaving at the beginning, who knew that the crisis would be resolved soon, and it would

show such a strong side.

Who can think of this situation now?

Erudia is the best!

It's difficult to go back now, after all, everyone has left their nationality.

The most difficult thing is the Erudia people who fled to the war eagle country.

In the beginning, Xu Zhengjie wanted to be a king, and he would almost have a face to solicit everything.

But now Xu Zhengjie was taken away, and everything about them fell apart.

Especially Li Wenhai, Zhang Wentao and the others were completely dumbfounded.

They could have become masters.

Everything was gone in an instant.

They still watched as they were deprived of everything.

Li Wenhai, Li Wenfei and his party returned to the manor.

They turned on the TV and were watching the latest situation.

At this time, Zhao Junfei suddenly changed her face because she saw a terrible news.

After Levi Garrison took away the two Jeffersons, the Eagle Nation was furious.

In a fit of anger, the Warhawk Nation issued a message: these people in Warhawks who used to have Erudia nationality will be expelled from the Warhawk Nation after all property and deprivation of their

status.

The list of people to be expelled will be announced soon.

Concubine Zhao Jun quickly saw her name on it.

“The big thing is not good, look at the news!!!”

Concubine Zhao Jun reminded.

“What???”

Everyone started to check the list.

Everyone present saw their name on the list!

The Eagle Nation wants to confiscate all their property and expel them.

In an instant, they were equivalent to being driven out of the leftover pants...

dumbfounded!

Li Zhao’s family and these people are ashamed...

The Return of the God of War [The Protector] Chapter 1779

In any case, I did not expect to experience great ups and downs in one day.

They, who were originally masters, will actually fall to this point.

“Ding!”

“Ding!”

“Ding!”

.....

Everyone’s mobile phones sounded at the same time.

After opening, there are shocking text messages.

All the assets in their overseas accounts have been emptied...

and even invisible assets, such as villas, manor cars, etc. have all been deprived.

In an instant, all of them had nothing.

Except for the clothes you wear.

Even where they live is on the deprivation liquidation list.

At the same time, they were expelled from their nationality by the war eagle nation.

They will have no identity.

Including their names are also invalid.

No region or country in the world has basic information about them. They are like wandering savages.

Not even a beggar!

Most beggars still have identities at least!

They are not there!

“I, I, I...”

Li Wenfei’s eyes went dark and he fainted directly.

“Why? Why is all this?”

“We didn’t do anything wrong! Why did you do this to us?”

“I don’t accept it, I want to appeal!!!”

.....

All kinds of complaints are everywhere, and everyone is crazy.

There are still terrible scenes in the streets.

These traitors who were once Erudia are now driven out of the War Eagle Nation after being deprived of

everything.

Those who are reluctant will be beaten severely.

Was forcibly driven out of the war eagle country.

What is even more frightening is that once they stepped out of the War Eagle Nation, they would become unidentified people. At that time, every region did not accept them.

It is impossible for them to return to Erudia.

It is impossible to go to other places.

No one wants it at all.

The only value is to be coolie.

It is said that there are many human trafficker groups outside of Warhawk who are waiting to take in these people.

Once taken away by them, what is the end?

Everyone knows it well.

“Da da da...”

Soon, a rush of footsteps sounded.

Many people rushed in from outside.

“From now on you will no longer be members of the War Eagle Nation, and your identity has been deprived!”

“From now on you leave the War Eagle Nation! You are not welcome here! Immediately, immediately!”

... As soon as the

opponent enters the door, he will force it. Deport all owners of Lopez and Black’s family.

“No, sir, you are misunderstood! We are from the Erudia Li family and Zhao family, and we have a close

relationship with Mr. Xu Zhengjie!”

“Yes, and our stay is definitely useful for the War Eagle Nation!

” Are you afraid that it is a misunderstanding? We can’t be expelled!”

...

Everyone began to argue.

“It’s you! We didn’t misunderstand!”

“Get out! How can you, a group of maggots, be able to treat the holy land like the Eagle Nation?” The other party’s attitude became more and more tough.

“I ask you, why do you deprive and freeze all our assets? Give me a reason!”

Li Songkui stood up.

Zhang Wentao echoed: “Yes, that’s right! You invited you to join the nationality of the Eagle Nation, or

you personally sent a plane to pick it up! How can we remove our status casually? The reason?”

“Yes, you are too unreasonable! You can drive us away, but why deprive us of our assets? What rights do

you have?”

Zhao Junfei and Li Mengyue stood up one by one.

Just like before, reason with people in Erudia.

But they forgot.

This is not Erudia.

They have no reason.

“Reason? This is the reason! Call me!”

The Return of the God of War [The Protector] Chapter 1780

This group of people started the fight without saying a word.

Although the people of Lopez and Black's family are now martial artists, they have used a lot of natural

treasures.

But the Eagle Nation specifically sent a master against them.

As soon as the fight started, people like Lopez and Black's family could not take any advantage at all.

Finally was beaten up.

Everyone was beaten with bruised nose and swollen face.

Like dead dogs being dragged into the car.

There are big trucks parked here.

It was filled with people pretending to be expelled.

A few hours later, these people were transported to the border.

Then, as if taking out the garbage, all these people were dumped.

Li Wenhai and his party are among them.

"You dare to step in and throw all of you into the sea!"

someone warned on the border.

Li Wenhai and the others looked at the endless desert.

They are lost.

I don't know where to go.

Now they are penniless.

They have no identity.

They can't go anywhere.

It is the black household among the black households.

A group of people, like prey, began to flee in no man's land.

However, this is only a portrayal of some people.

Today, such a scene was staged on the borders of the War Eagle Nation...

Levi Garrison took the two away and brought too much shame to the War Eagle.

They can only use it to vent.

Of course, the Erudia people in Warhawks dare not move.

These are Erudia people.

All they dared to move were like Li Songkui who had escaped from Erudia nationality.

The equivalent of their own people.

They do whatever they want.

.....

The eastern border of Great Xia.

A private helicopter landed.

One person came down from the plane, it was Levi Garrison.

He dragged the two of them.

Xu Zhengjie and Jefferson.

Xiao Feng and a large group of people greeted Levi Garrison's arrival.

Although Levi Garrison was still wearing a mask, everyone knew his identity.

"Jefferson will be locked up wherever he should be! Keep going to jail!"

Levi Garrison ordered.

"Understood! Take away people!"

Xiao Feng waved, and Jefferson was taken away immediately.

His face was ashen ashes.

Erudia he can't do without...

Levi Garrison looked at Xu Zhengjie again, and he said coldly: "Xu Zhengjie has nothing to say, just kill!"

“Wait!”

“Can’t kill, he can’t kill!”

“He is now Our people, you can’t move!”

The Return of the God of War [The Protector] Chapter 1781

Exclamations rang out.

A few men and women in suits and leather shoes rushed up immediately and stopped in front of Ye Levi .

“From now on, Xu Zhengjie is ours! No one can move!” The leading woman stared at Levi Garrison fiercely.

Levi Garrison was stunned.

These ordinary people still stop him?

“Who are you?”

Xiao Feng’s expression changed, and he explained, “Master, they belong to the Shenlong Science and Technology Alliance! They are responsible for the laboratory of Erudia’s most advanced technological weapons! It is the strongest in Erudia! This They also surfaced this time!”

“This is the Dragon Technology Alliance, Miss Wen Lei, the youngest female scientist in Erudia!”

“She and the team have just developed a super weapon! It’s extremely terrifying!”

Xiao Feng gathered Levi Garrison’s ear whispered: “Don’t look like an ordinary person! She’s delicious! She’s amazing!”

Levi Garrison was taken aback after hearing the words.

Since the appearance of Xu Zhengjie’s killing weapon, no one in the world dares to despise these ordinary people.

Levi Garrison is too.

These ordinary people will explode with great energy in unexpected ways.

There may even be such a situation.

For example, dominating the alliance of hundreds of thousands of warriors, the latter may be an ordinary

person.

In a word, a single resourcefulness can kill hundreds of thousands of warriors...

In Wen Lei's view, most warriors are reckless.

So she doesn't have a lot of affection for Levi Garrison.

"Now let me know, Xu Zhengjie, we have taken it away. From today, he will belong to the Shenlong Science and Technology Alliance!"

Wen Lei said in a superior tone.

Xiao Feng said nothing.

Apparently someone said hello.

Xu Zhengjie lying on the ground looked at Levi Garrison, and he grinned.

The provocation is obvious.

As if provoking Levi Garrison, he said, "Even if you bring me to Erudia, you can't kill me!"

"If there is no objection, we will take them away and the procedures have been completed."

Wen Lei said.

The people behind her are about to take Xu Zhengjie away.

"Give me a reason!"

When Wen Lei and the others were about to take Xu Zhengjie away, Levi Garrison's voice sounded.

Everyone looked at Levi Garrison.

"I brought the man from War Eagle Nation! His life is mine! I should have killed him long ago, but I want

him to commit crimes in Erudia!"

Levi Garrison questioned.

Wen Lei was taken aback and looked straight at Levi Garrison: "You are indeed Erudia's hero. I admire you for

this!"

"But please also consider from the overall situation!"

“How to consider?”

Levi Garrison asked.

“Xu Zhengjie’s sins are horrendous, and death sins are not fake! But he is a genius in a million! It would be

a shame to kill directly! If his talent can be used for us to serve Erudia, I think it is. It’s better than just killing

him!”

“Moreover, I believe Xu Zhengjie also has a heart to repent. He recognizes his mistakes and will work for

Erudia!”

Just after Wen Lei finished speaking, Xu Zhengjie’s voice immediately sounded: “ Yes, that’s right! I am

deeply aware of my mistakes, I now ask for a chance to regret, I want to work for Erudia, and I am willing to

share everything I have with you...”

In the eyes of others, Xu Zhengjie admits his mistakes Positive and very sincere.

Just ask for an opportunity to make up.

But Levi Garrison knew how fake this kid was.

He just wants to survive!

“All you have other questions?”

Wen Lei asked.

Levi Garrison shook his head: “I’m fine, I just will kill him!”

The Return of the God of War [The Protector] Chapter 1782

Levi Garrison's tone was calm.

Everyone at the scene knew that he would kill Xu Zhengjie.

Xu Zhengjie understood even more.

"Save me! Save me!"

"I already knew that I was wrong, and I will do everything to make up for it!"

Xu Zhengjie quickly hid behind Wen Lei and the others.

Wen Lei opened her arms and stood in front of Levi Garrison.

"If you want to kill him, kill me first and step over my corpse!"

Wen Lei closed her eyes, her body trembling.

"Calm down, you, Xu Zhengjie's value is too great! It's a shame to kill!"

"Let's do it, wait for him to play his due value before letting you deal with it!"

"Don't do it..."

...The

people around are anxious, for fear that Levi Garrison will actually do it.

This is the value of Xu Zhengjie!

Even if he is sinful.

But in this case, many people still don't want him to die.

I want him to shine and play his value!

Seeing that Levi Garrison slapped Wen Lei with a slap.

All people have a cardiac arrest and are about to suffocate.

In the end, Levi Garrison slapped and did not fall.

Wen Lei opened her eyes in fear and looked at Levi Garrison blankly.

Levi Garrison said coldly: "Are you sure you want to take him away?"

“I’m sure!”

“Do you expect him to work for Erudia and count on his talent? This man is sinister and cunning. If you

don’t kill him, it will always be a danger. exist!”

“Once he plans, it will be endless disasters! Do you understand?”

Levi Garrison reminded.

The throats of Xiao Feng and others squirmed.

Xu Zhengjie is a genius.

How terrible is the person who can study the weapon of killing God!

It’s a walking explosive!

“As long as he joins the Shenlong Science and Technology Alliance, we will be responsible for everything

that happens! Besides, I have seen

The Return of the God of War [The Protector] Chapter 1783

To his remorse! He will definitely repent, like something dangerous, it will never exist! "The others immediately promised.

Wen Lei wanted to say something, but

she abruptly held back. She also seemed to agree with Levi Garrison's statement a little bit.

"Well, let's take it away!" Don't let me see again, I will kill you! "

You people don't find me if something goes wrong!" "

Levi approached.

He didn't care.

Xu Zhengjie killed him if he wanted to.

He could bring it back from the War Eagle Nation. If this group of people doesn't listen to persuasion, then leave it to them.

It doesn't matter to him.

Xu Zhengjie smiled and passed it. Give Levi Garrison an arrogant look. It

means to wait and see... In the

end, the Dragon Technology Alliance took Xu Zhengjie away.

But Wen Lei was not very relieved. She suggested that Xu Zhengjie should be strictly watched in the future and everything should be restricted to

prevent Xu Zhengjie from secretly engaging in it. Move, create danger.

"Miss Wen, you definitely have to worry too much! Mr. Xu will definitely repent! I can see it! "

Furthermore, we saved him and gave him good terms!" How could he harm us? "

...The

others immediately objected.

Wen Lei didn't say anything. It's

just that Xu Zhengjie in the car swept a crazy arc of his mouth.

“Master, where are you going next?” ”

Xiao Wind asked.

” Of course, is to look at sub-Levilia and dyed them! ”

Levi Garrison smiled.

“Mother and them are still in Wushuang City! Fu Qiufeng is only a five-layer heaven, so he still needs to

guide Levilia! He is really whimsical!”

Xiao Feng said casually.

Now Levi Garrison even kills the Seventh Heavenly Powerhouse if he wants to kill him, and Fu Qiufeng is a fart.

Levi Garrison immediately went to see Zoeyniang.

But at this time something happened that Levi Garrison didn't expect...

That is, the Baolong clan wants to eliminate the crooked ways that joined the Domination Alliance before.

They would have cleared it a long time ago.

It was just that Levi Garrison went to War Eagle to lead people, so it was postponed.

Now they are going to take these people one by one.

Including those who surrendered to Levi Garrison before and relieved the danger of the capital are among

them.

But Levi Garrison didn't know.

He is now on his way to Wushuang City.

Come this way.

The most obvious feeling is that the strong have increased.

Although they were hiding better, Levi Garrison could feel their powerful aura, which was different from

ordinary people.

In Levi Garrison's eyes, it seemed to shine like a scorching sun, which was easy to distinguish.

Soon, Levi Garrison came to Wushuang City.

Wushuang City is still naively cultivating Levilia and Zoey as the future.

Little did they know that Levi Garrison, the Sixth Heavenly Powerhouse with hands and eyes open to the sky,

was already tired of killing.

Even Levi Garrison, the Seventh Heavenly Powerhouse, was able to kill consecutively.

After Levi Garrison arrived, Wushuang City did not stop him and let him enter.

"The city lord said, you haven't seen Levilia for a long time. Let you stay two more days this time!"

Levi Garrison shook his head: "No, I'm here to take them away this time!"

"Huh? What do you mean? "The

Wushuang City guard's complexion changed, and he looked at Levi Garrison suspiciously.

"Tell Fu Qiufeng that I'm here to take people home today! Fu Qiufeng and the others are too young, I have to take Levilia back! You can only teach you the basics of Levilia after all!"

Levi Garrison said.

The faces of a few people on the opposite side changed wildly.

Several people hurried to report the news.

Soon after, the entire Wushuang City people surrounded Levi Garrison in three and three layers.

Fu Qiufeng even brought other people here.

Zoey, Levilia, a few people saw Levi

The Return of the God of War [The Protector] Chapter 1784

Pro is still very excited.

After all, they all knew that Levi Garrison had gone to fight, but there was no news.

However, Fu Qiufeng stopped a few people.

“Wait! I have something to tell him!”

Fu Qiufeng looked at Levi Garrison and asked, “What? Are you going to take them away?”

“Yes! Wushuang City is a small sect after all, your strength is too weak. He is not qualified to train Levilia

at all!”

Levi Garrison said.

The whole Wushuang City was angry.

There were angry voices everywhere, and everyone with blushing and thick necks wanted to teach Ye Levi a lesson.

Fu Qiufeng and several elders were also angry.

Wushuang City is a small school?

It’s ridiculous!

Are they weak?

Fu Qiufeng’s five heavenly powerhouse is definitely the overlord!

Levi Garrison ignored the anger of the people, and said lightly: “Of course I am not an ungrateful person! No

matter how you say you have paid for Levilia! Let’s do this, I, Levi Garrison, owe you a favor!

You will encounter any difficulties in the future. You can come to me for everything and problems!”

If you let others know about Levi Garrison’s promise, you will definitely be crazy.

One of his promises is simply too big.

Did he kill tens of thousands of powerhouses in the fifth heaven?

One of his promises is unimaginable.

But in the eyes of everyone in Wushuang City, his promise was worthless.

“Go away, what good is it for us to find you if we are in trouble?”

“You are purely sick!”

...

Levi Garrison’s simple words completely angered everyone in Wushuang City.

“I will take the people away now! Since then, I have no relationship with you Wushuang City! But my promise has always been in effect!”

After speaking, Fu Qiufeng was completely angry.

“I will see how you are going to take people away today?”

“Yes! Don’t even want to take someone away! Wushuang City is not your turn to speak!”

Everyone in Wushuang City was tough.

They are strong like clouds, how can they be afraid of a Levi coming.

Levi Garrison smiled.

Like these in Wushuang City, Levi Garrison didn’t know how many killed during this period.
too weak.

It’s no different from ordinary people who don’t have the power to bind chickens.

It’s the same as killing a chicken.

“Levilia, Dad will take you home!”

Levi Garrison stepped forward and picked Levilia, pulling Zoey and Zhou Nanyan to leave.

“You get out of the way, I think he dares to take a step out of Wushuang City?”

Fu Qiufeng said angrily.

When everyone heard the words, they automatically let go.

Levi Garrison didn’t care, leading the three of them to move on.

“If the three of you dare to step out of the Wushuang City gate, you will never come back again!”

Fu Qiu shouted with anger.

He believed that Zoey did not want to leave.

After all, this is a great opportunity.

He believed that no one would refuse.

However, Levi Garrison didn't give them a chance to stop, and left with a few people.

Seeing a few people leave Wushuang City, Fu Qiufeng was dumbfounded.

Really gone?

"What does the city lord do now?" the

others asked.

"Yes, if this monarch leaves Wushuang City, our future will be completely gone!"

"If other forces take it away, it is really unimaginable!"

...

Fu Qiufeng looked uncomfortable after eating the flies. He immediately ordered: "Chasing, chase me quickly! Be sure to catch people back!" Now

he was cruel, and even everyone would catch Levilia back.

When the masters of Wushuang City were about to go out to catch Levilia, they suddenly thundered.

There are several figures from

Falling from the sky, standing on the city wall, it was Xiao Feng and the others.

Feeling the powerful aura of Xiao Feng and others, everyone in Wushuang City was taken aback.

Fu Qiufeng exclaimed: "Are you Xiao Feng?"

The name of the person, the shadow of the tree, Xiao Feng is famous in the Battle Domination Alliance,

who doesn't know?

"You are really brave! Which daughter dare you to catch?"

Xiao Feng said coldly.

"Why? Still say?"

Fu Qiufeng realized that something was wrong .

“I ask you, who dominated the alliance some time ago defeated?”

“Although it was the Baolong clan that made the move in the end, the main record is still that amazing soldier!”

Fu Qiufeng answered honestly.

“Recently, a master of Great Xia went to War Eagle Nation to bring Xu Zhengjie back, and knew about even the Seventh Heavenly Powerhouse, right?” “I know! Even the Seventh Heavenly Powerhouse is unimaginable!”

Fu Qiufeng sucked in cold mouth. gas.

Xiao Feng said with a proud face: “Then I tell you that these two things were done by one person at all,

and the person who was just in front of you, that is, my master Levi Garrison!” The

words are not astonishing and endless.

As soon as Xiao Feng said this, the whole Wushuang City was deadly silent.

Everyone was dumbfounded.

The man who turned the tide and turned the tide is actually Levilia’s father.

That ordinary person?

It turns out that he has been so arrogant, has always looked down on Wushuang City, and has always mocked them for being weak!

In front of the strong who slaughtered the Seventh Heaven in a row, they were just as weak as ants.

He was right, Levilia sent them here to lay the foundation.

“Puff!”

Fu Qiufeng directly fell to his knees.

The others

broke out in a cold sweat... scared to death!

They even wanted to kill him...

how could they come up with such an idea?

Zoey, who had left Wushuang City, began to worry: "You said Wushuang City won't chase it, right?"

The Return of the God of War [The Protector] Chapter 1785

Levi Garrison was about to speak, but saw a lot of people running behind.

Headed by it was Fu Qiufeng.

He brought a large number of people and followed Levi to them.

Levi Garrison frowned.

I began to bury the injustice that Xiao Feng did not do well, even this little thing could not be handled well.

Zoey and the others were frightened when they saw a large group of people coming.

“Ah!!!” When

they were about to scream, they didn't want to move Fu Qiufeng, but they cried out.

Looking at Levi Garrison, everyone seemed to see a ghost.

Fu Qiufeng led everyone to change directions immediately and ran to the nearby mountains and forests.

It turned out that Fu Qiufeng and the others weren't here to chase Levi Garrison.

Instead, go to the cemetery of the old city lord to check.

In order to prove who saved Levilia in the hands of the Black God Sect at the beginning...

“They are so strange, didn't they come to chase us?”

Zoey and the others expressed deep doubts about Fu Qiufeng's behavior.

After Fu Qiufeng and the others came to the tomb of the old city lord, they immediately asked them to

open the tomb.

After seeing the mummy in the coffin, everyone understood.

There is no old town owner at all!

The Old City Lord is long dead.

It was Levi Garrison who rescued Levilia back, and he was also the one who destroyed the Black God Sect.

He said it at the beginning, but no one believed it.

Everyone attributed all this to the shot of the Old City Lord.

“By the way, did Master Ye say to help us once?”

Fu Qiufeng asked.

“exactly!”

“We must cherish this opportunity!”

“It turned out to be his daughter, otherwise, where would such a high talent come from?”

...

Levi Garrison took the three of them back to Jiangbei’s home.

The grandparents were naturally happy to see Levilia.

After hearing that Levilia left Wushuang City, this made Li Wen Yuan was dissatisfied with them.

“Forget it, forget it, it’s better to see Levilia every day than to go to any Wushuang City!” Zhao Yalan and Emma hugged Levilia tightly.

For these ordinary people, family reunion is the most important thing.

In particular, some time ago, the national disaster was at the forefront. Everyone was used to seeing parting, and they understood the importance of family affection.

Especially Lopez and Black’s family ran away many people.

The three old people miss Levilia very much.

So even if Levi Garrison brought Levilia back, they didn’t say anything.

“What? The uncle and the uncle have all gone to War Eagle Nation?”

Zoey was taken aback when he knew this.

Levi Garrison smiled helplessly.

He also saw them in the Eagle Nation with his own eyes.

“By the way, the news just came that the War Eagle Nation expelled many people from Erudia...”

“Let this group of people run outside, now it’s all right, deserve it!”

Li Wenyuan cursed.

Apparently news of these people’s deportation has spread all over the world.

“Ah? Is it so miserable?”

Zoey asked.

“Yeah, it comes down to Erudia’s mysterious master, who entered the war Eagle Nation alone and brought

Xu Zhengjie back! It completely angered the war Eagle Nation! Only then made such an act of revenge!”

Li Wenyuan explained.

“And I heard that the mysterious master was sent by the Baolong clan! The Baolong clan is really strong

enough, with them, Erudia must be stable!”

...

At this time.

There was a sound of footsteps outside.

It turned out that it was the old lady of the Li family and Li Tianhao who came.

As soon as they entered the door, they came directly at Levi Garrison.

“What happened to grandparents?”

Zoey asked.

“Not those unfilial sons! They were expelled from the war eagle country, deprived of their identity and

property, and now abandoned to the wilderness!”

“Aren’t we here to find King’s Landing to pick them up and restore their status?”

The Return of the God of War [The Protector] Chapter 1786

Several people stated their purpose.

Everyone was astonished.

It turned out that they wanted Levi Garrison to pick up those people back and restore them to Erudia nationality and identity by the way.

No matter how several old men scolded them.

No matter how they betrayed their ancestors.

But once something happens, how can they rest assured that their daughter is suffering outside.

But they want to save it now and it is difficult to save it.

First, in the current special period, you can't leave Erudia.

Secondly, Li Wenfei, Li Wenhai and the others have no identity at all, and they cannot enter Erudia.

Now even the warrior is no exception.

Because of the emergence of the Baolong clan and the victory of the war to dominate the alliance.

Now the warriors can't be unscrupulous.

You have to listen to Messiahi's orders...

Even if they want to take it back, based on these two points, there is nothing they can do.

I just heard Levi Garrison coming back.

They hurriedly came to Levi Garrison.

According to Levi Garrison's identity, picking up people and restoring his identity is his one-word matter.

It's too simple.

"They are indeed betraying Erudia, betraying their ancestors! But when we are parents and grandparents,

can we watch them die away from home?"

"We decided to take them all back. We will be scolded if we are scolded, this It's nothing."

“Levi , we came to you specially, just want you to pick up people!”

“Yes, you just need to take people back, and then restore Erudia nationality to them!”

...

Old For the first time in the past two years, his wife and them were so polite to Levi Garrison.

“Are they leaving Erudia nationality?”

Levi Garrison asked.

“Well, these unfilial sons thought that Erudia was going to perish at the beginning, and all ran away one

by one, and they were not obedient!”

Wu Mulan cried.

Levi Garrison smiled: “Then they are all adults, right?”

“Yes, what’s the matter?”

Li Tianhao replied subconsciously.

“Since you are an adult, you have to be responsible for your actions! I believe that betraying Erudia is definitely not their impulse!”

“After leaving Erudia, whether it is good or bad, they will bear it all by themselves!”

Levi Garrison earnestly Said.

“Huh?”

“You...what do you mean?”

Only then did a few people react.

“What I mean is very simple! I won’t go! Since they have left Erudia, they will never come back!”

“I will also give orders-no one who left Erudia at the time will come back! No accommodation is allowed!”

Levi Garrison The attitude was firm, so that everyone present was taken aback.

“Dare you?” the

old lady shouted.

“Why don’t I dare?”

Levi Garrison sneered.

“Since they have left, they are no longer Erudia people, and there is no need to come back!”

...

“What are you talking about? Anyway, we are also a family! You can’t Wen Tao and they usually have friction with you, you just have to Take revenge!”

Wu Mulan said immediately.

“Yes, a family, are you watching them die outside?”

“What kind of king are you now, don’t you just deny the six relatives and want to kill them ?”

... the

people said in a rush.

Even Emma and Zhao Yalan also persuaded: “In fact, King’s Landing doesn’t have much to do.

Have you arranged it? Just one sentence! See what the old man is doing!” The

old lady thought of something and asked Zoey to persuade her.

Zoey stood beside Levi Garrison: “I listen to Levi !”

“Well, I don’t care about this! They love it!”

The Return of the God of War [The Protector] Chapter 1787

Levi Garrison's attitude was firm and he didn't give any chance at all.

Let them fend for themselves.

Not only that.

Levi Garrison immediately issued an order-

everyone who had previously left Erudia nationality was not allowed to enter Erudia again, let alone restore

their status.

This order was issued by Levi Garrison himself, no matter what the identity of the other party, it won't work!

When this order came out, it caused dissatisfaction among countless people.

Now Erudia has demonstrated unprecedented strength.

In addition, most people are not so happy living abroad.

After all, the network resources are in Erudia, and money is also in Erudia.

In foreign countries, they just eat their laurels.

There will always be one day to finish eating.

And they found that foreign countries are using their value to squeeze them.

They are not really welcome.

When they are drained of value, they will be driven out.

Especially the recent big moves of War Eagle Nation made them deeply aware of this.

Erudia is the best.

They have to return to Erudia as soon as possible.

Therefore, due to various factors, those who fled before want to come back.

Even some celebrities have already bought tickets and want to take the flight back.

As a result, Levi Garrison suddenly gave such an order, which made many people directly dumbfounded.

Several old people could only scold Levi Garrison's six relatives for not admitting, but there was no way.

After Levi Garrison's order was issued, it was quickly implemented in various places.

However, there was a lot of opposition and resistance.

Some people, relying on their power and status, have to forcibly break in, and the two sides may even clashed.

The next day, Levi Garrison received a call from Xiao Feng to say something important.

It turns out that the largest port of Jianghai City is about to arrive at a 10,000-ton cruise ship. The passengers on this cruise ship are all wealthy celebrities who have left the Erudia nationality before.

Present

These people will come back when the danger in Great Xia is lifted.

As a result, Levi Garrison's order blocked their plan to return to Erudia.

So some of them are in the East Island, Star Country's wealthy celebrities gathered together.

They want to come back together.

Therefore, they chartered a cruise ship and returned with thousands of upper class people.

In their view, all of their cruise ships are elites.

No matter where they are, they are valuable.

They believe that Erudia will not reject their elite group.

What's more, the people on the cruise ship are powerful and powerful.

Who dares to stop?

What's more terrifying is that the big celebrities on the cruise ship unexpectedly

released the news that they were coming back to Erudia and asked fans to pick them up!

The news that dozens of hundreds of celebrity Internet celebrities came back came out.

Their fans are not calm.

The cruise ship arrives at 12 noon.

These fans came to the port early at five or six o'clock to grab a spot, and they all wanted to be the first to receive their favorite star.

The tricky problem is that there are more and more fans.

According to the news from Xiao Feng, the port has already gathered 50,000 fans, and the number is still increasing.

He can't handle this matter.

Then I asked Levi Garrison for help.

Levi Garrison's face changed drastically when he heard it.

This group of actors really have the means to come up with such a trick to get fans to pick it up.

This is absolutely impossible for ordinary people to deal with.

You can't beat fans or drive them away.

In that case, the impact will be too great.

Therefore, even if Xiao Feng was a supreme-level powerhouse, he was helpless in the face of this matter.

Especially the fans are getting more and more, it is difficult to control.

"Wait for me, I will take care of this personally!"

Levi Garrison immediately went to the port of Jianghai City.

"This group of fans is so pitiful, they don't even know they have been used."

The Return of the God of War [The Protector] Chapter 1787

Levi Garrison was sitting in the helicopter and saw a crowd of fans on the ground.

He couldn't help sighing.

A group of innocent people!

"This trick is vicious! Use fans to counter us! Once we have any excessive behavior, it will definitely have a huge impact!"

Xiao Feng explained after seeing Levi Garrison.

Xiao Feng is also an extremely intelligent person, but he can't handle this kind of situation.

You can't use force, right?

At this moment, the number of fans is approaching one hundred thousand.

Crowded the small port.

As soon as Levi arrived, the cruise ship from Star Country had also arrived at the port.

About to log in!

On the deck of the cruise ship, thousands of elites are looking at the port.

Everyone smiled when they saw the crowds of fans.

The leading stars Gao Xiangcheng and Xiong Xuebing were even more excited.

"Look, our approach is okay?"

It turned out that it was their idea to let the fans pick it up.

The more fans came, the less Erudia dared to target them.

So before setting off, they vigorously incited fans to pick up the ship...

not only that, they also invited dozens of internationally renowned media on the cruise ship.

In this way, even if they are driven out, these media will release the news, which will have a great impact.

I have to say that they are very smart.

A lot of preparations were made, so Erudia had no reason to drive them away.

Under the public opinion of all parties, they can only be allowed to enter Erudia and restore their identities.

They can continue to make money and continue to have a high position in Erudia.

The things that fled Erudia before had no effect on them at all.

“Bang!”

Finally the cruise ship drew at the port.

These fans are starting to go crazy.

Can you not be excited to see so many stars at such close range?

Fans are crazy about rushing over, but fortunately, Xiao Feng arranged someone in advance to send him

We stayed outside.

But it was just blocking.

If anything happens, this group of fans may get out of control.

These can't stop them at all.

“Gao

Xiangcheng !!!” “Xiong Xuebing!!!”

...

“Welcome you back!”

“Welcome, welcome, warm welcome!”

“Erudia's door is always open for you! You are always welcome back!”

...

Fans are crazy Yelling, the posture is like whoever dares to stop these stars, they are desperately like whoever dares to stop these stars.

Nearly 100,000 fans chanted together, the scene was too grand.

Xiao Feng and others couldn't stop it if they wanted to.

The situation is more serious than they thought.

They only have to dare to say a word.

These 100,000 fans can eat them.

Not to mention the impact.

After stopping at the port.

Gao Xiangcheng and these people first let the international media go round.

"This is the number one Korean media company in the East!"

"This is the largest Kevin media company in the West!"

...

These media began to introduce their identities as soon as the downstream rounds, and used equipment

to start shooting, even live broadcasting.

"This..."

Xiao Feng was dying of a headache when he saw this.

In this way, they don't even have a chance to block the news.

Unless all these media are killed.

But how is it possible?

The matter is more serious than they thought.

Xiao Feng clenched his fists: "I'm afraid this matter will be difficult to deal with, or it can't be dealt with!"

At

this time, the elites of Gao Xiangcheng went down one by one.

“Who let you down, get me back!!!”

The Return of the God of War [The Protector] Chapter 1789

The sound was like muffled thunder.

Everyone present was frightened.

Especially the elites who had just been on the downstream wheel, all stopped and stared at the distance

in a daze.

I saw Levi Garrison walking slowly at the station.

Levi Garrison suppressed everyone with a voice just now!

Even Xiao Feng and the others were shocked.

In Xiao Feng's view, this issue has to be handled softly.

If we can discuss the solution, we can solve it, and we must not use strong means to solve it.

The harder you are, the harder you can handle this matter.

It can be said that tough methods are the most stupid behavior to deal with this matter.

As a result, they just finished thinking like this, Levi Garrison shouted out.

They were also dumbfounded.

What is Levi Garrison doing?

Should we take the strongest way to resolve this matter?

In the past dozens of seconds, Gao Xiangcheng and other talents reacted one by one.

"You...what are you talking about?"

Xiong Xuebing asked tremblingly.

"I tell you to go back!"

"You people don't want to set foot on the land of Erudia! Go back to me!"

Levi Garrison said word by word.

The sound was like thunder, scared everyone's pupils to shrink, and the foot that had just stepped out

abruptly retracted.

People like Gao Xiangcheng were really frightened by Levi Garrison's powerful aura.

I dare not say a word!

But the thousands of fans behind him refused to agree!

Dare to treat their idols like this, don't they dare?

"What are you talking about? Let them go back? What right do you have?"

"They are all elites. It is Erudia's loss to keep them out!"

"I urge you to settle this matter peacefully, if you use strong means If you do, don't blame us for not agreeing!"

.....

&

"Yes, we don't agree!"

"We don't agree!"

... The

fans started to get restless, and there was a tendency to get out of control.

Dozens of international media quickly recorded this scene.

Put these news stories out.

When Gao Xiangcheng saw this, they all smiled.

No matter how tyrannical these people are, they can be covered by fans.

He looked at Levi Garrison triumphantly: "Yes, my family fans are right! Rejecting us is Erudia's loss! I urge you to look at the situation clearly, and obediently invite us back to Erudia, this is what you want Do it!"

Xiong Xuebing also echoed: "Yes! The value we bring is incomparable! I have 17 million fans, what are you? Dare to tell me to go back?"

"Yes, my assets Three billion, is my value not great? How much investment can I

bring?”

“No, I have hundreds of factories, how many jobs can I provide?”

...

These elites all spoke out one by one.

There is one saying, and many of them are right.

But there is one thing, they are not only giving, they are also asking for it?

Without Erudia, where did their fans come from, where did their assets come from, and where did their factories come from?

Isn't this because you can't hang around abroad and just want to return to your country to gain benefits from your compatriots?

He said that he was so tall, in fact, it was all for himself.

“Well said!”

“We support you! If anyone dares to drive you away! Unless you step over from us!”

“Yes, yes, we are in the way, I see who dares to stop?”

.....

Fans are easily moved.

With a few words from the idols, their blood boiled over.

Once Levi Garrison wants to stop people, they will stand in the front.

Seeing the effect of the fans, these people laughed.

They looked at Levi Garrison arrogantly.

The Return of the God of War [The Protector] Chapter 1790

“Everyone welcomes the idol back! Welcome!”

... the

fans began to cheer.

Some fans even broke free and rushed to the front to meet their idols.

Gao Xiangcheng and these people took advantage of the trend to go down the wheel one by one.

As long as they come to Erudia, restoration of their identities will no longer be a problem.

The most important level is over!

Thousands of elites set foot on the land of Erudia proudly, and many people’s eyes were still provoking Ye

Levi .

Everyone in Xiao Feng looked ugly.

Things have developed to a scene they don’t want to see.

It’s not easy to control this time.

I can only watch it.

Peaceful methods are no longer possible, let alone violent methods.

“Who let you down?” At

this moment, Levi Garrison’s voice sounded.

“Huh?”

All eyes in the field focused on Levi Garrison.

I saw Levi Garrison walking towards the crowd step by step, and then stopped opposite them.

Levi Garrison stepped on a line, and he said coldly: “I see who

dares to go one step further!” “Who dares to cross this line, I will not show mercy!”

Xiao Feng and the others were angry when they saw Levi Garrison. Endless.

“Master, is this inappropriate? Things won’t make a big deal?”

Xiao Feng whispered in Levi Garrison’s ear.

“If something goes wrong, I will be responsible for it alone!”

Levi Garrison was determined.

“Why are you so domineering? Who do you think you are?”

...

Fans began to refuse to agree.

Gao Xiangcheng smiled and said, “I want to see what happens when I step out of this line?”

Gao Xiangcheng arrogantly looked at Levi Garrison and crossed the line designated by Levi Garrison in two steps.

“Now? What do you want to do with me?”

Gao Xiangcheng looked at Levi Garrison with a sneer.

Levi Garrison frowned, he stared at Gao Xiangcheng.

“boom!”

In the next second, Levi Garrison raised his foot and blasted Gao Xiangcheng out.

Gao Xiangcheng drew a parabola in the air, and then smashed heavily on the deck of the cruise ship.

At this moment, everyone was stunned.

No one expected to do it!

“This is a lot of trouble!”

Xiao Feng said in a low voice.

“Are you crazy? Do you dare to hit someone?”

“Who are you? Do you dare to hit someone?”

...

Everyone who reacted, one by one, was angry and accused Levi Garrison one after another.

“My name is Levi Garrison, and I gave that order!”

Levi Garrison said.

“Then you can’t hit people either. He is a superstar with 20 million fans. How dare you?”

“Yes, why are you? Hurry up and apologize!”

...

Everyone was angry.

Levi Garrison smiled indifferently and shook his fist: “What do you say I rely on? Rely on this!”

“Boom!”

With a wave of his right hand, an invisible force pushed away all the fans in front of him.

These fans didn’t understand what was going on, so they were pushed behind Levi Garrison.

Not only that, Levi Garrison also erected an invisible wall of air in front of all fans.

The fans were restless and wanted to rush over one by one.

“Bang bang bang...”

One by one was blocked by an invisible air wall.

While everyone was angry, they were terrified.

No matter what they do, they just can’t break through the air wall.

Levi Garrison stopped one hundred thousand fans with his own power.

The thousands of people waiting for Xiong Bingxue were all dumbfounded.

They have thought about many kinds of accidents.

Only did not expect Levi Garrison to be so tough.

Levi Garrison looked at everyone and sneered: “I want to come to Erudia? Impossible! Go back to me !” “I don’t believe you can bear such a big responsibility?”

“If you don’t, do you? I will do it myself!”

The Return of the God of War [The Protector] Chapter 1791

“Do you dare to try?”

“So many people are watching, so many international media are here, do you try with a finger?”

...

These people were not convinced, and stared at Levi Garrison one by one.

“Bang!”

“Bang!”

“Bang!”

...

Levi Garrison didn't bother to talk nonsense with them, kicking them one by one and flying them onto the

cruise ship one by one.

The overbearing methods are shocking.

Even the international media were stunned.

Levi Garrison looked at them: “Who allowed you to set foot on Erudia land? You entered the country unconventionally, right? According to Erudia rules, I have reason to drive you out!”

Levi Garrison sent thousands of people out with just one sentence. Speechless.

They did not go through any immigration formalities.

After all, they are not of Erudia nationality.

All such hurried intrusions are illegal entry.

What Levi Garrison did was right.

“Go, go back to me!”

Levi Garrison roared.

Drive away all these international media.

“Whoever dares to come again is dead!”

Levi Garrison blasted out a punch.

The sea surface not far away was forcibly split in half, forming a huge crack of thousands of meters...

not only that, the powerful force pushed the cruise ship back.

Can't control it at all!

This scene shocked everyone in the audience.

Is that human being?

After dealing with these people.

Levi Garrison turned around and walked away from the wall of air blocking the fans.

All this group of fans exploded.

"Who are you? Why do you drive them away?"

"They are our idols! Why are you?"

&

One by one, Levi Garrison glared angrily.

Levi Garrison smiled: "Then I ask you, some time ago, when Erudia was in crisis, where were your idols?"

“This...”

“They...”

“In... In...”

...

Ye One sentence of Levi left 100,000 fans speechless, unable to speak a complete sentence.

Soon, no one of the 100,000 fans spoke.

Everyone looked at each other, quietly a bit scary.

“I’m here to tell you! When the national disaster was at stake, your idol idols went to take refuge abroad

one after another!”

“Even at the most critical moment of Erudia, when it was rumored to be extinct, they resolutely withdrew

from Erudia nationality and joined another country. !”

“When you were in dire straits, your idols ran away. They are worthy of you?”

...

Levi Garrison asked the fans a few words.

Everyone is not a fool, except for those who are too obsessed or have a brain disease, can basically respond?

“You keep saying that idol idols give you motivation, but at your most critical moment, who is the one who saved you? Is it them?”

“No!!! It’s a big summer warrior, every big summer warrior doesn’t Fate is not afraid of bloodshed! They saved you from fire and water!”

“You have also felt this time deeply. The real moment is when those people are protecting you in obscurity! On the contrary, the idols who usually occupy the position of resources are all gone! ”

Of course you can’t be killed in one shot. There are also many celebrities who set an example by donating supplies to the frontline, etc.! But what did this group of people you like do?”

“It’s okay to follow a star, it’s okay to find a role model! Would you please keep your eyes open and find a

good character?”

...

Silence.

A long silence.

All fans are inspired.

One of them asked tremblingly, “May I ask who you are?”

“Listen well, he is the greatest hero who saved Erudia-the king of the word side by side!”

The Return of the God of War [The Protector] Chapter 1792

Xiao Feng shouted.

Now hundreds of thousands of people can't sit still.

Looking at Levi Garrison with all admiration.

Now everyone in Erudia praises these Erudia warriors.

Hearing the title of the word side by side king, everyone was not calm.

“Brothers and sisters, heroes like the King of One Word and Qin Beishan and Lao Qin are the idols we really want to pursue!”

“Don't be fooled by the surface! We must pursue a beautiful appearance, but also a beautiful interior.!”

...

Seeing these people have such a sense, Xiao Feng laughed at them.

Levi Garrison's personality charm keeps growing in their minds.

He just used violent means to solve this kind of thing.

Let so many people realize the correct value.

After this time, no one dared to defy this order.

The traitors who had fled Erudia can never come back...The

most ridiculous thing is that everyone found that without these “elites”, what Erudia should do or what,

everything is working normally.

Without them, there are others who have come forward to replace them, better than they did.

When Levi Garrison was instructing Levilia on this day, suddenly a few people covered in blood suddenly

rushed in.

“Mr. Ye save us, save us...”

These people lay on the ground and pleaded.

“Are you...belonging to the North Demon?”

Levi Garrison judged their identities through their breath.

“Yes, Mr. Ye save us, save us!”

Several people were emotional.

“What happen to you guys?”

Levi Garrison stopped their injuries first, and then asked.

“Mr. Ye, this morning our clan and other sect forces were suddenly attacked by unknown masters!
They

were brutal and aimed at exterminating the clan!”

“We admit that we have made a mistake, but we hold the capital behind! We are also a general. The
merit

is over, don’t you need to exterminate the race?”

.....

Several people immediately explained the situation.

Levi Garrison checked, Xiao Feng and the others knew about it.

It turned out that the Baolong clan took the shot and wanted to eliminate these evil ways.

Those forces that surrendered to Levi Garrison were among them.

The people of the Northern Demons were almost wiped out.

The few people who had escaped hurriedly ran to Levi to ask for help.

Levi Garrison immediately informed Xiao Feng and told Messiah and the others to stop.

“Dad, here comes someone!”

Levilia reminded.

At this moment, there was a slight noise outside.

Soon, eight figures appeared in the yard, all wearing black costumes and black face towels.

Carrying a crossbow and holding a long knife.

The Baolong clan who once appeared on the battlefield of the Eastern Territory.

As soon as the eight people appeared, the aura opened up.

The terrifying sword aura and killing intent were condensed together, swept like a violent wind in this courtyard.

Slashing across his cheeks, like a blade cut, it hurts fiercely.

“Mr. Ye, it’s them!” When

several people saw these swordsmen, they were all frightened.

Not long ago, these people directly slaughtered all their families.

Only a few of them are left.

Extremely terrified of these swordsmen.

“Hand them over!”

The eight voices were hoarse, and their tone of commands was full of meaning.

“Sorry, this is my house, you are not welcome! Hurry up!”

Levi Garrison said.

“These are evil ways that the Baolong clan wants to kill. I advise you not to be nosy! Otherwise, you will

die too!”

The few people were very murderous, and they didn't pay attention to Levi Garrison at all.

"I have to die too? Haha!"

"Tell your master, they are my Levi Garrison's people, you can't move!"

Levi Garrison smiled.

The Return of the God of War [The Protector] Chapter 1793

“Levi Garrison? We don’t care who you are! We will kill these people!”

The swordsmen of the Baolong clan have eyes higher than the sky, and all of them are Laozi’s best in the

world.

Levi Garrison didn’t pay attention to it at all.

“That’s just a fight!”

Levi Garrison didn’t talk nonsense.

Do it directly.

Although these eight people were extremely powerful, they almost wiped out the clan behind the Northern Demon.

But against the current Levi Garrison, he was still vulnerable.

The eight people were cleared out by Levi Garrison as if the autumn wind swept fallen leaves.

At this time, Messiahi had sent back news, saying that the Baolong clan would not stop, and all these

evil ways must be eliminated.

“Xiao Feng, didn’t you say that these people are mine?”

Levi Garrison asked.

“That said, but Messiah said that the danger of the capital was solved by the Baolong clan at all, and

it has nothing to do with these evil

ways !” Hearing Xiao Feng’s explanation, Levi Garrison’s face turned black.

“Okay, I will save people personally!”

Levi Garrison set off immediately and soon came to a deep mountain somewhere in the north.

The major forces that once surrendered to him are now defeated. They gathered together and lingered.

In a short period of time, the major forces have lost half.

Hundreds of masters from the Baolong clan pressed in front of him.

All it takes is a wave of attacks, and all the rest will be destroyed.

At the moment of crisis, Levi came.

“It was they who relieved the danger of the capital city, and the merits and demerits are equal to each other!”

“Killing them means not giving me Levi Garrison face!”

Levi Garrison was very angry when he saw the heavy casualties.

“They must die! Who blocks and kills who!” The Baolong

clan doesn’t care who it is.

No one can change what they believe.

&

“It’s him, it’s him that injured the eight of us!”

At this time, someone pointed to Levi Garrison.

“It turned out to be you! Okay, let’s not let you go now!”

.....

The atmosphere of tension on both sides was ignited.

In order to be afraid of the trouble, Messiah and the others also hurried over.

“Misunderstanding, misunderstanding!”

“We have checked it out, and they are indeed the ones who relieved the danger of the capital! They are

now the kings of the same word!”

Messiah explained the matter.

The leader of the Baolong clan sneered and said: “Then they are also persecuted by the king to do this thing! These crooked ways are a scourge, and it is best to eradicate it. If you keep it, it is absolutely endless!”

Levi Garrison sneered: “That’s my own business! You can’t control it!”

...

Finally, under the negotiation of Messiah, the Baolong clan let go of the remaining evil demons.

The masters of the Baolong clan finally left.

“This man is the king of the word side by side? He defeated the Domination Alliance before!”

“Yes, it is him!”

“But I have seen this man’s shots, and his skills look like a demon!”

Someone doubted. .

“Yes, that’s right! It’s exactly the same as that big demon! The key point is that he is still mixed with these

crooked ways, and I begin to doubt his identity!”

“If the identity of the king of the word side by side is so important but controlled by a demon. , Then isn’t

Erudia already in crisis!”

“We will go back as soon as possible and tell the owner what happened, and I think we should notify

Tiance Mansion!”

.....

What the Baolong clan said was the same as what the Beimo clan said before.

All mentioned a demon.

Levi Garrison never expected that the meeting with Baolong clan today would bring him much disaster in the

future.

The Return of the God of War [The Protector] Chapter 1794

“From now on you follow me!”

Levi Garrison wanted to incorporate them into his secret team.

On the one hand, it improves combat effectiveness, and on the other hand, it also gives Messiah a reassurance.

After all, these people mentioned by the Baolong clan before are hidden dangers.

If they were allowed to leave, Messiah might really be worried.

But Levi Garrison took care of them, but there was no worries.

Messiah was also very happy.

Levi Garrison’s ability to regain these people is also the enhancement of Erudia’s combat effectiveness.

Levi Garrison did not return to Jiangbei directly. He led the way through Messiahi and came to the secret base of the Shenlong Science and Technology Alliance.

The Dragon Technology Alliance represents the most advanced technology of Erudia.

Involving aviation, weapons and other fields.

As soon as he arrived at the base, Levi Garrison found that he was staring at a lot of eyes.

But the people who stared at him were not humans, they were all merciless machines...

The dark iron laboratory base that Jefferson had hidden before was also considered top-notch, but compared to what was in front of him , it was completely pediatric.

This base is definitely the most advanced technology base.

Even if the warrior attacked, it could not be taken.

Soon, Wen Lei came to the court.

“Are you here to see Xu Zhengjie’s situation?”

Wen Lei was straightforward.

“That’s right.”

“He is very responsible, and he hasn’t seen anything unusual so far! He is also the most talented I have ever seen! How long it has taken, he helped us solve a lot of problems!”

Wen Lei said.

Levi Garrison frowned, “The more you are, the more you have to be on guard! This person is wrong!”

“First, things that might endanger Erudia!”

“Second, you represent Erudia’s most advanced technology. What if you let him leak it?”

...

Wen Lei listened carefully to what Levi Garrison said. It makes sense.

But Wen Lei is a very arrogant person.

Since she was a child, she has existed like stars holding the moon, and now she is the strongest female scientist.

Even if Levi Garrison was right, she would not approve it.

Especially she was a little bit uncomfortable with Levi Garrison's way of pointing Jiangshan.

"Don't we know it ourselves?"

she asked back.

"I advise you to send someone to take care of it, in case something happens, it will be too late to regret

it!"

Levi Garrison reminded.

Wen Lei said nothing this time.

Because what Levi Garrison said was the same as she thought.

She made many suggestions that someone should take care of Xu Zhengjie, but they were all rejected.

But no one else agreed.

“You are deliberately making trouble, right? What is special supervision? Xu Zhengjie is our compatriot,

our comrade!”

“Yes, yes, Comrade Xu Zhengjie has deeply realized his mistakes. These days he has made contributions.

It’s enough to prove everything!”

“Who are you? What does it mean to come to our base? Also wrong a good comrade!”

...

These people were completely convinced by Xu Zhengjie.

Now Xu Zhengjie has a very high position in this base.

In the eyes of these scientific and technical personnel, there is not much intrigue, everyone worships the

strong.

Xu Zhengjie is strong enough for them to worship and admire.

So now when I heard Levi Garrison talking about Xu Zhengjie, no one agreed.

Wen Lei smiled helplessly.

Based on this, her suggestions have been rejected again and again.

The most important thing is that Xu Zhengjie's performance is very peaceful, without any flaws.

She is not good to continue talking.

"Isn't this an old classmate? Why did I just hear someone say that I need someone to take care of me?" At

this moment, Xu Zhengjie walked out and looked at Levi Garrison with a smile on his face.

The Return of the God of War [The Protector] Chapter 1795

“Everyone is a compatriot, why bother?”

“What’s more, I knew that I was wrong! Just yesterday, I donated all my assets to make up for my mistakes and make me feel better!”

Xu Zhengjie blamed himself.

“Everyone applaud!”

Everyone began to applaud.

Yesterday Xu Zhengjie did donate all his assets.

A sky-high number.

People admire and trust Xu Zhengjie like this.

But the more he was like this, the more abnormal it became to Levi Garrison and Wen Lei.

The path of geniuses is the most extreme.

Donating all your assets is an extreme behavior.

Xu Zhengjie looked at Levi Garrison and said, "I know you have been suspicious of me. If you don't worry, just

kill me!"

"I know it is easy to kill me with your strength!"

"He dare? He wants to kill. You, unless we kill all of us first!"

"Yes, we protect you!"

...

These scientific and technical personnel are all crazy.

Xu Zhengjie looked at Levi Garrison triumphantly.

It seemed to say to Levi Garrison: "Now you can't kill me if you want to kill me!"

"Sooner or later, you will be killed!"

Levi Garrison sneered.

"You quickly leave our base, you are not welcome here!"

"I hope I won't see you in the future!" The

crowd began to drive Levi Garrison away.

“Boy, any changes you make, I will know, and then I will kill you.”

Levi Garrison gave a warning and left with Wen Lei.

“Don’t worry, I’m watching it!”

Wen Lei couldn’t help saying when sending Levi Garrison away.

“It seems that there are still smart people!”

Levi Garrison smiled.

“You...”

Wen Lei was going crazy.

This base wins over talents with the highest IQs in the entire university.

Almost all well-known scientists are here.

It is no exaggeration to say that the smartest people in the country are here.

As a result, Levi Garrison said so.

He is deliberately sarcastic!

But looking at Levi Garrison's back, Wen Lei showed a smile.

As a scientist, her philosophy has always been to save the country with science and technology.

In her eyes, these warriors are reckless.

But this time the danger of Great Xia, but these warriors solved it.

She still admires it!

It's just that she doesn't say it out of her mouth!

Not far away, Xu Zhengjie stared at the back of Levi Garrison's departure. He sneered and said, "Levi Garrison is

right. These people with high IQs are very low in EQ and are very cheating! Levi Garrison, you wait, I will

definitely make a wave Great!"

...

Although many days have passed since the Battle of Eagle Nation.

But this is the topic the world talks about.

The Eagle Nation has lost all of its people.

Their hatred with Erudia is getting deeper and deeper.

But the entire Warhawk Nation suddenly lost its voice, and it was terrifyingly calm and low-key.

But a big event happened suddenly in Erudia.

Before the Baolong clan surfaced.

In fact, the Baolong clan does not refer to a single clan, it has a total of nine ancient guardian clans.

The origin of the ancient tribes has to be traced back to a long time ago.

Some things have never been recorded in history.

However, the nine ancient guardians are not a whole, but they control Erudia's secrets and guard the most

important things.

Therefore, there is another institution that has always existed in Erudia to restrict them.

This strongest institution is called Tiance Mansion.

It is also known as the foundation of protecting the country.

The institution of Tiance Mansion is also composed of many small institutions.

Among them, Tianji Pavilion is the most complete secret and intelligence in the world.

On this day, Tianji Pavilion made an earth-shattering event.

The Return of the God of War [The Protector] Chapter 1796

A sensation throughout Erudia, and even the whole world.

Because Tianji Pavilion has reopened the very old list-Erudiaxiadi list.

What is the Big Summer Land List?

It was a long time ago, much earlier than before the covenant of the gods came out, the ranking of the strong Erudia.

The so-called land list is the list of young powerhouses under the age of 30, also called the Tianjiao list, the potential list.

The sky list is the ranking of all the strong.

Because for such a long time, there is no real strong person who is really qualified to be on the list.

So the big summer rankings have been silent for too long too long.

Except for some ancient tribes, basically no one has heard of it.

But the times have changed drastically now.

The covenant of the gods is torn up.

The strong flooded into the world like a cloud and entered everyone's eyes.

In particular, Levi Garrison led his army to defeat the Domination Alliance, even after the Eagle Nation successively beheaded five Seventh Heavenly Powers.

This situation has changed drastically.

Now there are people who can qualify for the Great Summer Land List.

Besides, Tianji Pavilion almost controls all the secrets and intelligence of time.

Erudia's potential hidden masters are also recorded.

Although there are still many forces and strong people that have not appeared, or that they are hidden

very deeply.

But Tianji Pavilion knew everything about them, including their strength ratings.

Let me put it this way.

Almost all the combat power of Erudia masters are under the control of Tianji Pavilion.

That's why they can rank the most just world ranking!

As soon as the world list came out, the entire Erudia and the whole world were shocked.

But most of the strong on the list are unknown to everyone.

Most of them are just names.

Of course, the real name is even less known.

The only person who is familiar with the list is the mysterious man who successively beheaded the five great and seven heavenly powerhouses in the Eagle Nation.

Although many people knew that person was Levi Garrison.

But in order to avoid spreading to Levi Garrison's relatives and friends.

Messiah still hides everything.

Otherwise it will be too much trouble.

The code name of the mysterious man- LEvi's Squadwang.

The meaning is taken from the Levi's Squad .

But what is shocking is that the

King of Heaven, who successively killed the five Seventh Heavenly Powers, is only ranked 20th at the end

of the list!

terrible!

All this is terrible!

This shocked Erudia and the whole world.

A strong man who makes the war eagle country out of nowhere is only ranked 20th, so how strong should the people in front be?

Especially how strong are the top three?

Isn't it going to destroy the world!

This list was singled out, and everyone was shocked.

The World Ranking is a warning to the world.

Let you know how strong Erudia is?

There are at least 19 people who are better than Levi's Squadwang!

There is also that the powerhouse of the seventh heaven is not even qualified to be on the list!

this is too scary!

Who dares to invade Erudia again?

Are you looking for death?

You can't say that this list is fake.

Because this was discharged from the Tianji Pavilion!

Other countries are recognized!

For a time, the Erudia martial arts world was in full swing, showing unprecedented glory.

Other overseas countries are even more desperate.

This time, Erudia was completely pulled away.

Levi Garrison also quickly learned about the world rankings.

He wasn't interested in his rank.

I'm just more curious about this list.

He also asked Messiah.

Messiah's answer is that it does have the meaning of shocking other countries, and the other is that they can't control the affairs of Tiance Mansion.

Tiance Mansion and Messiahi are equal organizations and can cooperate with each other, but cannot command each other.

Levi Garrison opened up the ranking of the land list again.

The local rankings are all young people on the rankings, and Levi Garrison didn't even know them.

But when he saw the end, his face changed drastically.

The Return of the God of War [The Protector] Chapter 1797

There is no other reason.

Because the person at the bottom of the list is Levilia.

His daughter.

The name at the end is too dazzling!

It made Levi Garrison not slow down for a long time.

Who leaked the matter of Levilia's talent?

In fact, Lopez and Black's family had deliberately blocked them. As for Wushuang City, they themselves

wished to hide Levilia, let alone leak it out.

Who would leak it out?

What's more, Levi Garrison was sure that Levilia would definitely not be able to make the list if he relied on

pure strength.

He has been laying a solid foundation for Levilia, but he has not allowed her to increase her strength.

The only reason that Levilia was on the list was Levilia's potential.

Someone discovered Levilia's talent!

That's why Levilia is at the bottom of the list!

And the most frightening thing is that Tianji Pavilion marked the reason for being on the list-this child's

talent is the strongest in the millennium of Erudia.

In this way, Levilia became completely famous.

If she grows up, she will be number one in the future and number one in the sky.

Levi Garrison thought that someone had leaked the gift of Levilia.

In fact, all of this is under the control of Tiance Mansion Tianji Pavilion.

It was Tianji Pavilion who ranked Levilia on the earth list.

Levi Garrison smiled helplessly.

Both father and daughter are on the list.

One day list, one place list.

The ridiculous thing is at the end.

The King of Levi's Squad's ranking shocked the world.

Levilia's ranking shocked Erudia.

The ranking list is the ranking list of Tianjiao, even if it is under 30 years old.

But Levilia is too young.

On the list at a few years old.

Everyone was shocked after seeing the list.

Whose kid is this?

This talent is terrible, right?

Even Levilia's reputation spread abroad.

Erudia is as strong as a cloud, and has such potential

'S child, who can stop in the future?

After Levi Garrison hurried back to Jiangbei.

The house is also upset.

Because everyone knows the world list, Zoey knows all of them.

Lopez and Black's family, and many people from the Western Shu family came one after another.

This is simply a big deal.

"Do you know Levi?"

Zoey hurriedly asked when he saw Levi Garrison.

"Well, I know, it was my fault, I didn't keep a good secret!"

Levi Garrison blamed himself a little.

As a father, I naturally want to protect Levilia for a lifetime. This secret can be kept for as long as possible.

Unfortunately, I still didn't keep it.

Then Levilia's danger is more.

There must be a sect force who wants to bring Levilia back to train.

Similar to Wushuang City Black God Sect.

There is also the overseas powerhouses who definitely don't want Levilia to grow up.

Once Levilia grows up, it will be a threat to overseas countries.

So they will find ways to get rid of Levilia and kill him in the bud.

Everyone present knew that this event was not a happy event.

Levilia is still too young to protect himself.

They have no ability to protect the king.

If danger comes, who can stop it?

"Don't worry, with me, who dares to move Levilia?"

Levi Garrison said coldly.

“You can pull it down, this matter of Levilia is equivalent to stabbing Louzi! I don’t know how many people are rushing to ask Levilia? In the future, we may not even see the children!”

“Hey, my poor Levilia, isn’t it okay to be an ordinary person?”

...

Several old people hugged Levilia distressedly.

“If you are the King of LEvi’s Squad, it’s okay! But I heard that the King of LEvi’s Squad belongs to the Baolong clan!”

Several people sighed.

Because of Messiahi’s secrecy, the news of LEvi’s Squadwang cannot be leaked.

Levi Garrison said coldly: “But I am the king of the word side by side, who would dare to touch my daughter?”

The Return of the God of War [The Protector] Chapter 1798

As soon as Levi Garrison said this, almost no one paid any attention to him.

Everyone is still discussing.

The old lady suggested: "How about this? Let's find a big power for Levilia in advance! In this way,

Levilia's danger will be eliminated and a good future can be obtained!"

"This is a good way. I agree!"

"I agree too!"

... The

old lady's proposal was almost agreed by everyone.

"But first of all, this big power must be super powerful to ensure the safety of the emperor. Secondly, it

must be a decent person, otherwise it is equivalent to pushing the emperor into the fire pit."

"This is true, if the emperor is sent to those crooked ways. But it's completely over!"

...

Everyone was discussing.

Levi Garrison sneered: "Where there is good and evil in the world of warriors, only the weak can eat the

strong! The crooked ways are not necessarily bad people!"

How about Wushuang City?

In their eyes, it is considered decent, right?

But it's not the same, they are all using Levilia.

Being good to Levilia is entirely because of her value.

Of course, the evil ways of the Black God Sect should be eliminated directly.

"Levi Garrison, what nonsense are you talking about? Are you going to personally send Levilia into the hands

of a crooked door?" The

crowd angered.

Levi Garrison stopped paying attention.

As long as he is there, Levilia is safe.

Zoey and the others negotiated to find a powerful force to be a teacher for Levilia.

Levi Garrison is not interested in blending.

He began to write a series of techniques and combat skills.

His next plan is not only to train the secret team, but also to improve the overall level of the Erudia fighters.

Levi Garrison combined all the factors to write different exercises and combat skills for Erudia fighters for their

practice.

For example, ordinary fighters must be at the entry level of cultivation.

For example, if the King of the Five Great Wars has the basics, he has to practice a little more advanced.

For the Five Great War Kings, Levi Garrison specially wrote different exercises for them according to each

person's situation.

Even in today's era of the strong, Levi Garrison has to create an invincible division.

This time.

LEvi's Squadwang and Levilia are really famous.

More and more people know.

There are also more people who come to mine their information.

The information about King LEvi's Squad and Levilia on the dark web of the Dark World has been sold at sky-

high prices.

But hundreds of people still buy it.

It shows everyone's curiosity about these two people.

Levi Garrison could also clearly feel that there were more and more people nearby.

It seems that many people are already eyeing Levilia.

Another person stared at Levilia.

That is Xu Zhengjie.

In the base, in his room.

Three photos are posted on one wall.

It belongs to Levi Garrison's family.

The photos of Levi Garrison and Levilia have been stabbed with countless knives.

"Levi Garrison, do you think you are so powerful that I can't kill you? Wait, it will be soon!"

"And your baby daughter, how cute and talented. It's unimaginable. How happy you are in the future!

But I will end your happiness with my own hands!"

Xu Zhengjie said frantically.

On his desk there is an experimental map with dense lines and formulas all over it.

Xu Zhengjie stared frantically, as if this was the only way to defeat Levi Garrison.

That's right.

Soon, Xu Zhengjie will conduct a crazy and great experiment.

The main base of the Shenlong Science and Technology Alliance satisfies all the conditions for his experiment.

If this experiment is successful, it will shock the world and it will also be a catastrophe.

The Return of the God of War [The Protector] Chapter 1799

The main reason is that Xu Zhengjie is too free in the base.

No one cares about it, and there are extremely high permissions.

He can use almost all the top laboratories.

He can do his own thing by making a contribution.

No one doubted it at all.

That is why Wen Lei pays more attention to Xu Zhengjie, and other people can't wait to confess Xu Zhengjie.

The main Xu Zhengjie was too capable. After coming for a few days, he helped everyone solve a lot.

After calming down, Xu Zhengjie put on protective clothing and went to the base laboratory area.

"I want to use the third laboratory!"

Wen Lei was the person who approved it.

She routinely checks Xu Zhengjie for any bugs or other equipment.

"Okay, approve!"

Wen Lei always felt a little strange as Xu Zhengjie and his team entered the laboratory.

But she couldn't tell what it was.

Xu Zhengjie now has more and more authority, and he can use the third laboratory.

She always feels that it is not a good thing.

But everyone trusts Xu Zhengjie extremely.

"Don't have an accident!"

Wen Lei rubbed her swollen head.

the other side.

Levi Garrison had collected all the tokens of the LEvi's Squad brothers collected by the Western Heavenly

King.

When he first came back, Levi Garrison asked the Western Heavenly King to make preparations.

This group of brothers has no bones, even without a name and no surname. They have been living in the

dark, but they are holding Erudia forward.

After death, Levi Garrison had to build a burial mound for them.

And engraved their names!

Today, the clothing tombs have been built.

Levi Garrison will personally pay homage to the brothers and engrave their names on their tombstones.

Somewhere in the cemetery of Fengtian City in the northeast.

Levi Garrison took Levilia, followed by Xitianwang and others.

“Bring the sword!”

Levi Garrison said in a low voice.

The Return of the God of War [The Protector] Chapter 1800

A person behind him threw a long sword.

Immediately, Levi Garrison carved his name on the tombstones.

“Du Junhao’s tomb!”

“Gao Liangpeng’s tomb!”

“Zhang Hongming’s tomb!”

...

a total of nine hundred and ninety-nine tombstones, Levi Garrison carved their names one by one.

Behind them, the Western Heavenly Kings stood silently.

After the engraving, Levi Garrison picked up a jar of wine and sprinkled it in front, and he lifted the remaining

half to drink.

“Brothers go all the way!”

...

everyone shouted.

“Almost a thousand new graves?”

At this moment, a group of people came not far away.

The headed man looked at Levi Garrison and said with a smile.

“Master, it looks like a cloak! I heard that they were all sacrificed on the battlefield, and not even a corpse

was left!”

someone next to him said.

“A bunch of idiots!”

“All of them have a brain disease! Who remembers you when they die? One by one went desperately, and

in the end there was no dead body left!” the

young man laughed.

Several people next to him echoed: “Yes, that’s right! It’s just a group of people being brainwashed! In

fact, they all went to die in vain! A group of fools!”

“It also protects Erudia, in fact, it is a group of foolish fools!”

... ..The

discussions among them were inconvenient.

“Yes, they also issued orders not to let those who left Erudia back then! By the way, Master, how did you

come back?”

Everyone looked at the young man with curiosity.

It turns out that the young man also fled out of Erudia.

Now he is back.

It seemed that Levi Garrison’s command didn’t work for him.

But Levi Garrison heard what they said completely.

“You guys, stop for me!”

Levi Garrison sounded like thunder.

He does not allow his brothers to be ridiculed and insulted like this after their sacrifices!

What's more, he gave orders, how did this man come back?

What kind of background and ability can he ignore the orders he personally gave?

There are too many questions.

Levi Garrison had no choice but to manage.

When An Shiqi and his party heard this, they were all amused.

They stopped and looked at Levi Garrison.

"Boy, are you calling us?"

An Shiqi smiled at Levi Garrison.

The person next to him reminded: "Master, you just came back, it's better not to cause trouble!"

"This kid is on my head! Go! Let's take a look!"

An Shiqi brought his servants to Levi Garrison.

“Boy, what do you call me to come over for?”

Levi Garrison said with a cold face: “Two things, the first one-kneel down and apologize!” The

words are not surprising and endless.

As soon as Levi Garrison said this, An Shiqi and his party were all stunned.

“Tell us to kneel down and apologize? Why?”

An Shiqi looked at the ghost.

“What did you just say, didn’t you know it in your heart?”

“The buried here are all martyrs of Erudia. If you don’t respect the worship and don’t say it, but instead

say insults, you have to apologize!”

Levi Garrison looked at him seriously .

“Hahahaha...”

They all laughed without knowing An Shiqi.

“Am I wrong?”

“They are just a bunch of idiots! They died without leaving even a corpse! Why did you say it!”

An Shiqi sneered.

Others also followed: “Yeah, these idiots are so pitiful, aren’t they? It’s really laughing at us!”

Levi Garrison gradually narrowed his eyes, and a majestic killing intent enveloped the audience.

“The uncleanness in your mouth is the reason to kneel down and apologize!”

“I said the last time I kneel down and apologize!”

Levi Garrison was like a demon king, and his terrifying aura suppressed An Shiqi and his group.

But An Shiqi still bit the bullet and said: “Do you know who I am? In what capacity do you dare to kneel

down and apologize to me?”

Levi Garrison glanced at him, “This is the second question!” The

voice just fell.

Levi Garrison raised his foot and banged on An Shiqi’s leg.

Hearing a click, An Shiqi fell to his knees with a plop.

An Shiqi didn't expect Levi Garrison to do it, and he was still so strong.

In fact, An Shiqi had a special power in his body, Levi Garrison had noticed it a long time ago, but in his eyes

it was as weak as an ant.

"Bang bang bang..."

Levi Garrison slammed out again, and the other people all knelt to the ground, making screams.

"Apologize!"

Levi Garrison said calmly.

"I don't apologize!!!"

"I'm right!"

An Shiqi raised his head and stared at Levi Garrison, with a bit of spine.

"Bang!"

Levi Garrison rubbed his face on the ground.

Soon his face was covered with blood.

The burning pain made An Shiqi sound like a pig.

“I apologize, I apologize...”

An Shiqi could only compromise.

In the end, several people knelt in front of the burial mounds of these great summer heroes and apologized.

Despite the apology, people like An Shiqi were obviously not convinced.

“I met you today, I’m unlucky! Dare to stay here for a while? It doesn’t need too much, just ten minutes!”

An Shiqi looked at Levi Garrison and asked.

Seeing Levi Garrison’s silence, An Shiqi continued to be arrogant: “Is it a man? Afraid, so dare not?”

“You forgot that I said there are two things?”

“The second thing now!”

An Shiqi is actually Come for fun, sneer: "Come on, what are you talking about!"

"Tell me your identity!"
