

# The Charismatic Charlie Wade Chapter 4057

The last whole rejuvenation pill is the finale of the entire auction.

Everyone is looking forward to it.

Although most people are not qualified to compete for this rejuvenation pill at all, they also want to see who has the strength to receive this rejuvenation pill.

Moreover, they also want to see what kind of magical effect a person will bring if he takes a whole Huichundan in public.

Soon, the staff brought up a whole rejuvenation pill, Jasmine moore pointed at the rejuvenation pill and smiled slightly: "The last rejuvenation pill has a starting price of 10 billion US dollars, and the minimum price increases by one per bid. \$100 million, interested bidders please start bidding!"

As soon as he finished speaking, Bernard Ernault raised his hand and said, "I will pay 50 billion!"

Bernard Ernault is also very clear in his heart that a quarter has already been sold for 38.2 billion, and the transaction price of this whole piece must be tens of billions, so he directly called it 50 billion. Warm up first.

After waiting all night, Jian finally waited for this Rejuvenation Pill to speak directly: "I will pay 60 billion!"

Bernard Ernault turned around and glanced at the sound. He, a top rich man in luxury goods, has always been active in Europe, and his assets and businesses are also concentrated in Europe. The rich man didn't know him. Seeing that the old man called out sixty billion dollars, he immediately said, "I will pay sixty-two billion!"

Jian thought that this old boy could face him for two rounds with a single price increase of 10 billion, but he didn't expect to have a little crotch when he came up, so he smiled slightly, raised his hand and said: "To make up, seven hundred 100 million!"

Bernard Ernault gritted his teeth, clenched his fist in one hand and raised his hand high: "Seven and two billion!"

Jian did not show weakness, and said directly: "To make up the whole, eight hundred!"

Jian made three bids, which almost pushed Bernard Arnault to the brink of liquidation.

Because the limit he can carry is in the range of more than 800 to 90 billion.

And this old man's price was so fierce, if he had another bite of 90 billion, he would be basically eliminated!

This made Bernard Arnault nervous and surprised.

He really couldn't figure it out, and thought to himself: "What is the origin of this old Chinese man, why can he shout 60 billion, 70 billion or even 80 billion in a row without changing his face?! He really has so much money?! Impossible! Why have I never heard of him?!"

At this time, Jasmine Moore said, "No. 035 bid 80 billion, is there anyone who is higher than him?"

Bernard Arnault was a little lost, and he wasn't sure if the old guy was bluffing.

If the other party is bluffing, when the payment is made in a while, as long as he can't pay, the pill will naturally be given to him this time.

However, he didn't dare to put all his hopes on it, because if the other party really paid the money, wouldn't he be finished?

Just when he was still hesitating whether to continue bidding, a middle-aged man in the crowd raised his hand and said, "I'll offer nine hundred!"

As soon as these words came out, everyone turned to look at him.

The one who spoke was No. 099, Dhillon.

Seeing Dhillon's bid, Jian suddenly snorted: "I thought he was here to explore the truth, but I didn't expect that he actually made a bid!"

dhilon also saw Jian's gaze at this time, his eyes met, he folded his hands and nodded slightly.

Jian knew that what the other party meant was actually to make amends with himself. The general meaning was: I'm sorry, I offended.

Jian felt ashes at the moment.

He knew very well that once the man started bidding, he had no chance of winning.

So, as an elder, he also bowed his hands to dhilon, and even brought some prayers in his eyes.
