

CHAPTER 101-110

Zhou Leya is not face control, appearance is only one aspect. The main point is that Wang Yinglong eyes nasty, and she just asked Wang Yinglong to call her full name, Wang Yinglong so impatient ruthless, a look is small-minded, narrow-minded, and definitely a violent maniac.

Don't say that she has Finn now, even if she didn't, Zhou Leya wouldn't choose Wang Yinglong.

Even Zhang Zimo was an unknown number of times stronger than Wang Yinglong!

"Mr. Wang, I don't have any problem with your looks, and of course, I have no interest in you. I just want to settle this matter peacefully, it was my father who dictated the marriage in the first place, so many years your family didn't show up and couldn't be traced, so naturally it was nullified, I can't wait for you for a long time for a promise. What if you don't come back now, but ten or even twenty years from now?"

Zhou Leya directly provoked and even reasoned, hoping to convince people with reason, so I don't know if Wang Yinglong could listen.

"Bang!"

Only to see Wang Yinglong slamming the table in anger, clearly not listening.

Zhou Leya shrank backwards in some fear, already ready to run out as fast as she could if Wang Yinglong dared to do anything.

Although there was no waiter in the room, there were many outside, not at all worried about Wang Yinglong coming hard.

But what Zhou Leya never expected was that after Wang Yinglong pounded the table, he actually scolded angrily, "Miss Zhou, I understand what you're saying. In fact, I am also very angry, the finger marriage would have been unreliable, what era is now, advocating free love. So I think the same as you on this point, I also hope for a peaceful resolution." First published at m.

"Seriously?" Zhou Leya was confused, she didn't see that Wang Yinglong was so easy to talk to.

"Seriously!"

Wang Yinglong nodded his head, then got up and arrived at two cups of water, one cup was placed in front of Zhou Leya.

Then Wang Yinglong raised the cup: "Miss Zhou, thank you and I think the same, in fact, I also have a favorite woman in foreign countries, so I thought early in the morning is also a peaceful solution with you. Come, drink this cup and let the past fingered marriage go to waste, I will make it clear to my father."

After saying that, Wang Yinglong was the first to drink it all.

Originally, Wang Yinglong's abnormal behavior made Zhou Leya some suspicious, especially the pouring of water made Zhou Leya suspect that the water was drugged.

But Wang Yinglong was the first to drink, obviously not drugged.

It seems that I have thought too much.

Zhou Leya muttered in her heart, then she picked up the cup and said, "Mr. Wang can solve the problem peacefully, naturally it would be best, I hope you will do what you say."

With that, Zhou Leya drank the water in the cup.

The water didn't have any taste and there was obviously no problem. But when Zhou Leya looked up, she saw the evil smile on Wang Yinglong's lips, and Zhou Leya suddenly said that it was not good, and hurriedly took out her phone to send a text message to Finn that had already been edited.

Originally Zhou Lelian Ya prepared text messages, is afraid that she could not say Wang Yinglong, so I wanted to let Finn in time to save the scene before the backup, but did not expect to use it here.

Just sent the text message, Zhou Leya felt unable to make any effort, and even some unconsciousness.

Zhou Leya frowned and drank lowly, "You, what exactly did you put in the water, why are you fine?"

Zhou Leya clearly saw two cups of water poured from the same pot, how could one be poisonous and one not.

Wang Yinglong sarcastically smiled: "That's me before you come, just spit a layer of medicine in the bottom of your cup. It's just a precautionary preparation, and I really don't want to use it. Dressed like this, isn't it just to seduce a man, but also with my desire to resist, see how I will punish you later!"

"You....Don't you dare!! but..."

Zhou Leya lost consciousness as her head tilted before she could finish.

"It's surprising that it lasted this long, it's pretty good." Wang Yinglong revealed a look of approval, this hoodoo was brought back from abroad, ten grams could stupefy a bull.

Although Wang Yinglong only used one gram, but Zhou Leya was able to last for a few minutes, it was also quite good, a look at the physical quality was good.

In particular, the tight white legs wrapped in silk – stockings made Wang Yinglong's blood run cold.

Can't wait to take it out, Wang Yinglong got up and approached Zhou Leya, ready to have a fragrant in the box.

"This time, I really earned it!"

Wang Yinglong showed a dirty smile, he read countless women, he could tell from walking that Zhou Leya was uninvolved, that's why Wang Yinglong was able to keep chatting so idly for so long.

If it were to be incomplete, after entering the door, Wang Yinglong would just let Zhou Leya drink water and play with it. The reason for the chat was to see if he could move to convince Zhou Leya, but in fact, he failed and still used drugs.

However, he was used to this pattern.

"Hehe, little baby, I'm coming!"

Wang Yinglong licked his lower lips, slowly got up, step by step stopped towards Zhou Leya, but the phone in his hand to keep the video state.

The reason he chose to use the drug is because the process is recorded, when the woman will be obedient. A hundred tries, not a single mistake, after all, women care about innocence, who wants to make their shameful photos public.

"Little beauty, when you wake up and see this video, what will you think?" Wang Yinglong couldn't control the corners of his mouth to rise.

Even if he had read countless women, he had never seen such a superb woman as Zhou Leya.

After five minutes of filming, Wang Yinglong finally came to Zhou Leya's body, stretched out his big fat hand to lift Zhou Leya's skirt, a probe inside the wonderful.

Just at this time, the door is "bang" to be kicked open.

The person is no one else, is Finn .

Without saying a word, Finn saw a big fat man is ready to indecent – Zhou Leya, a flying kick, will be a big fat man kicked out.

Finn just now also did not sleep, just waiting for news, he also knew that if Zhou Leya said that he would not listen to Wang Yinglong, he would naturally find him out. So Finn was just now dressing up and preparing for an exciting appearance.

And after receiving the text message, Finn went downstairs, but he never expected to see Wang Yinglong molesting Zhou Leya.

"f*ck you!"

Finn was not happy with the kick, and kicked several times in succession.

"Don't fight, don't fight!" Wang Yinglong held his head on the ground and didn't dare to get up, don't look at him fat, but it was all virtual fat, not a match for Finn at all.

Finn snorted and kicked again before turning to shake Zhou Leya: "Leya, wake up, what's wrong with you?"

Finn knew that it was impossible for Zhou Leya to just remain unmoved by the har A**ment, she had obviously been drugged by Wang Yinglong.

"Still daring to drug him, hurry up and take out the antidote!" Finn shouted angrily, and the more he looked at Wang Yinglong, the angrier he became, and he kicked him several times in frustration.

102

"Here, here." Wang Yinglong shrank his neck and hurriedly took out a packet of white powder from his pocket.

Finn dissolved half of the powder in the water and didn't give it to Zhou Leya, instead handing it to Wang Yinglong: "Drink it!"

"This..." Wang Yinglong looked embarr A**ed for a moment.

"Hurry up and drink!" Finn was just worried that Wang Yinglong would play small tricks, and then, let alone wake up Zhou Leya, he might even aggravate the coma.

"This really is the antidote ah." Wang Yinglong muttered, but after seeing Finn 's ice-cold, blade-like eyes, he hurriedly drank it down after hitting a nerve.

Finn nodded and saw that Wang Yinglong was fine, so he knew that it was definitely not something harmful, which was why he melted the other half of the powder into the water.

But Zhou Leya is now unconscious, completely unable to actively drink the water, Finn took the cup of water in his mouth, followed by kissing Zhou Leya's lips, and sent the antidote into Zhou Leya's mouth.

After several mouths before the end of feeding, Finn licked his lips with some attachment, and only then did Zhou Leya who drank the antidote leisurely wake up.

Subconsciously, Zhou Leya was to kick forward: "Get away from me!"

Fortunately, Finn dodged quickly, or else he would have been kicked. Remember the URL .
. net

"It's me, I'm Finn , open your eyes and take a good look." Finn quickly scolded Zhou Leya who was about to do something.

Zhou Leya's body punched out at the news, and after seeing that it was Finn , she collapsed into Finn 's arms and sobbed, "Ye Shao, you're here, I'm not being anything."

"It's fine, it's fine." Finn patted Zhou Leya's back to comfort him, when he came in just now, what Finn saw was Zhou Leya's clothes intact, so he knew there was no major problem.

As soon as his eyes turned, Finn remembered that when he came in, Wang Yinglong's hands were holding a cell phone that seemed to be filming something, so he snatched Wang Yinglong's phone, looked through the photos inside, and found a video at the bottom.

Clicking on the video, Finn saw the entire process from Zhou Leya's unconsciousness to him coming in.

Finn was not fortunate, fortunately Wang Yinglong only cared about the video, has not started to move his hands and feet, otherwise even if he touched Zhou Leya a finger, Finn would want to kill Wang Yinglong.

Rao, now Finn is not ready to let go of Wang Yinglong.

Taking out his phone, Finn directly called Zhou Fu's phone: "Father-in-law, are you busy?"

"No. Is something wrong, Van?I'm now in a piece with Wang Shun, I'm explaining the marriage contract, don't worry, it's all my fault, I feel to give it a good deal."There was a nervous voice from Zhou Fu's side, afraid that Finn would be disturbed by this.

Finn said indifferently, "It's fine, I won't get angry over this small matter yet.I called just to find Wang Shun, and now Wang Shun is just at your place, so bring him over quickly."

"What's wrong, did something happen?"Zhou Fu asked nervously.

It was reasonable that Finn hadn't met Wang Shun yet, there shouldn't be any conflict.

"Is it because of the marriage contract ah, I am also at fault in this matter, don't worry, I can definitely solve it, Wang Shun is my brother for many years, I also hope that Xiao Fan you can turn a big issue into a small one this time, let your father-in-law owe you a favor okay?" Zhou Fu was again helping Wang Shun with his leniency.

But Finn snorted, "Hmph, turning a big issue into a small one? If I hadn't come just now, Lilia would have been raped by Wang Yinglong!"

"What!" Zhou Fu was suddenly alarmed, and also knew that things were serious, and said, "I'll be in Box 1006, I'll bring Wang Shun over right away."

Not a minute after hanging up the phone, Zhou Fu and Wang Shun appeared in box 1008.

The reason why Zhou Fu put the two compartments so close to each other was so that after the peaceful settlement, everyone could sit together and have a meal.

Seeing the weeping Zhou Leya, Zhou Fu frowned forward and looked concerned, "What's wrong, Leya, who bullied you?"

Zhou Leya saw Zhou Fu, just stopped the tears fell again in big drops, and jumped into Zhou Fu's arms: "Daddy, Wang Yinglong is an animal – beast, he put drugs in the water I drank, if not for Ye Shao came, now my daughter's innocence can be ruined, he also took pictures, Ye Shao just deleted, and smashed Wang Yinglong's phone."

"You little brat, how dare you do this to my daughter!" Zhou Fu was so angry that his veins popped out and he picked up a chair and swung it directly at Wang Yinglong.

Wang Yinglong hurriedly dodged backwards and hid behind Wang Shun's back.

"Make way for me, let me kill this little brat!" Zhou Fu snapped at Wang Shun.

Wang Shun, a tall and thin middle-aged man, protected Wang Yinglong behind his back with one hand and said indifferently, "Brother Zhou, I think we should forget about this matter. It's going to be a marriage anyway, so if you get on, you'll get on sooner or later, it's no big deal."

"I'll get on a head." Zhou Fu swung his chair at Wang Yinglong and hit the ground with a bang, knocking Wang Shun down with a piece of his body.

"Zhou Fu, how dare you attack me!" Wang Shun touched the blood seeping from his head, his eyes filled with haze.

Zhou Fu still wanted to speak, but Finn took a step and said, "How about beating you, just beat you up, if my father-in-law doesn't do it, you won't escape this beating!"

Saying that, Finn snapped his fingers.

The thugs who had been informed by Finn earlier swarmed in, and this time Finn didn't look for a bodyguard. The bodyguards struck out with heavy punches, which was different from the way the thugs beat people up.

Bums beating people was torture, and for Wang Shun and Wang Yinglong, that's how it should be done!

"Father-in-law, you should take Lilia back for a moment." Finn faintly spoke.

Originally, Zhou Fu wanted to plead with Wang Shun, but Wang Shun's words just now left Zhou Fu disheartened, and the years of brotherly love was scattered like dog sh*t.

"That's fine, you can see to it." Zhou Fu nodded his head, and pulled the sobbing Zhou Leya out of the room first.

And in the room, there was only Wang Shun Wang Yinglong and his son, as well as Finn and a group of thugs left.

"Ye Shao, I'm good at torturing people, let me do it!" Zi Mao enthusiastically spoke up, he was new here after all, he still had to perform well.

Finn also wanted to give Purple Hair the chance to perform, so he nodded, "Fine, then you do it, but if I'm not satisfied, you'll suffer the consequences!"

Hearing the icy coldness in Finn's tone, Zi Mao's body trembled and hurriedly said, "Don't worry, Ye Shao, I will definitely satisfy you!"

Saying that, Violet Hair walked towards Wang Shun and his son with a gloomy coldness.

Finn stood behind Violet Hair, just in time to see Violet Hair take out a bag of powder from his pocket.

"What is this?" Finn frowned and asked, he didn't want it to be a drug.

Zi Mao seemed to see what Finn was thinking, so he hurriedly responded, "Don't worry, this is the itching powder I bought, if I apply it on my body, it will itch all over, and if the amount is large, it will even scratch the skin and can't stop, I'm still using extra quantities of this!"

Finn brightened up at the news, the plus model, it looked really good!

103

"What are you doing! Do you know who I am!" Wang Shun's eyes stared, and suddenly the pressure of a superior emanated out, causing Purple Hair to be stunned and take half a step back subconsciously.

But right after that, Zi Mao was a kick out, and Wang Shun was like a bastard turning over his shell, unable to get up on the ground.

"I don't care who you are, I knew you messed with Ye Shao, and now you still dare to irritate me, I think you're looking for death!" Saying that, Zi Mao kicked Wang Shun's stomach several times in a row.

The painful Wang Shun was rickety on the ground like a soft-footed shrimp, letting out pig-killing screams.

"Bastard!" Wang Yinglong's eyes were red, so he pounced on the purple hair.

But how was the fat as a ball Wang Yinglong a match for Zi Mao, who kicked him over and rolled under the table like a ball.

"I was hoping to just use half of it, but you guys forced me to do it!"

Purple Hair smiled sardonically and poured a whole bag of a full pound of itching powder into the kettle, and after shaking it evenly, he just lacquered Wang Shun's collar and poured the water right down Wang Shun's neck. For Wang Yinglong, it was just as good as done.

"What are you adding water for?" Finn questioned, adding water is dilution, which is directly on the powder works.

Zi Mao turned his head, the fierceness on his face instantly turned into flattery: "Ye Shao, you do not know, this itching powder is not easy to stick to the body, after dissolving in water, it is convenient to pour it in, and the skin pores automatically absorb water, although not particularly much, but it will also inhale some of the itching powder, directly in the inner layer of the skin itch."

"f*ck, is it so scientific." Finn was not astonished, thinking about it, he felt itchy.

This and mosquito bite bag a principle, is the itch of the inner skin, before Finn in order to scratch the itch, even scratching blood, but this itching powder dissolved in water is a large area to the whole body, this must not itch people to death?

Finn 's heart rose with pleasure, for this kind of beast that doesn't treat others like human beings, it should be tormented like this, to return the favor!

"It tickles, it tickles!"

Soon, Wang Shun reacted first and started rubbing on the floor, then Wang Yinglong did the same, rubbing on the floor repeatedly.

"Let's withdraw, tell the waiters to lock the door from the outside, and you guys watch out for them. At night you guys go out for dinner, and then let them go."

With a big wave of his hand, Finn went straight out of the room, and incidentally, cut off the phone line inside the room. And Wang Shun Wang Yinglong's phone was also directly slammed by Finn .He just didn't want Wang Shun and Wang Yinglong to be sent to the doctor and suffer properly through the itching powder!

Taking out his phone, Finn hesitated and dialed Zhou Fu's number.

"Little Fan, solved it?" Zhou Fu inquired.

Finn nodded and said, "It's solved, where is Loveya now?"

"We're in Box 1006." Chofu replied.

"I'll be right over." Finn said and hung up the phone.

1006 and 1008 were only separated by a 1007, so it didn't take a few steps for Finn to arrive at 1006. opening the door of the compartment, Finn saw Zhou Leya, whose eyes were red and puffy like a small rabbit.

"Little Fan, you can coax her, I'm going to take care of some other things." Zhou Fu left with great eyesight.

But Finn also knew that Zhou Fu wasn't just avoiding the two of them, there was also the need to take care of Wang Shun's side of things.

After all, coming back from abroad, without Zhou Fu's help, it would be impossible for Wang Shun to make a name for himself in Kaiyuan, and it was assumed that Zhou Fu should go to cut off the entire source of Wang Shun's desire to develop.

"Don't cry, I've already taught that father and son a lesson for you." Finn gently hugged Zhou Leya and stroked Zhou Leya's soft hair.

"Mmhm." Zhou Leya was lying in Finn's arms, and the sobbing gradually stopped.

Don't look at Zhou Leya is usually very crazy, but always still an unconscious young girl, which has encountered this kind of thing.

If it wasn't for Finn, now that she was ruined, she probably would have jumped to her death.

The more he thought about it, the angrier Finn became, thinking that the itching powder's punishment was really just right, and that the father and son should be made to suffer this kind of pain.

"Come on, don't sit here, let's go out for some air and take you out to play."

Evan didn't know how to coax a girl, but knew one thing, as long as he was human, he liked to play, and playing would put all the distractions out of his mind.

"Where to?"

As expected, at the mention of playing, Zhou Leya's tears stopped, and little stars appeared in her eyes.

"How about going to an amusement park." Finn didn't know what was fun in Kaiyuan, but he had the impression that little girls liked to go to amusement parks, especially to ride the Ferris wheel.

"Yeah!" Zhou Leya was happy.

Finn by no means Guan Er, with Zhou Leya out of the Prosperous Star Hotel, p A**ing by 1008, but also heard the screams and pleas for mercy inside, so that Finn 's heart was soothed.

As a result of accompanying Zhou Leya to take a break, Finn also did not want to high-profile, did not drive a Porsche, but drove the bums of the van to the amusement park.

It is worthy of the Kaiyuan City, amusement park is much better than the Golden Sands City, there are a lot of rides and attractions, but also Finn only saw on TV before.

Finn also didn't know what Zhou Leya liked to play, so he directly bought the universal ticket that could play anything, although the price was a bit expensive, but to Finn , it was worthless.

"What do you want to play first?" Finn inquired.

Zhou Leya wrinkled her little nose in thought for a long time before deciding, "Let's play with the Ferris wheel first."

"Ferris wheel ah, that's fine." Finn nodded, but couldn't help but frown, because there were too many people lining up over at the Ferris Wheel.As expected, no matter where it was, the ferris wheel had the most people in line.

A round of the Ferris wheel was twenty minutes, with a total of forty cabins. Finn carefully checked, the people in front of him had all lined up to other entertainment facilities, and a rough estimate was that there were also two hundred people.

If we waited in line, it would take at least an hour.

"There are so many people, why don't we play something else." Zhou Leya's eyes were a little dark when she saw the line.

When Finn 's eyes turned, he smiled, "It's fine, Ben has a way to play right away."

"Really?" Zhou Leya Ton revealed a look of hope.

Finn nodded, then he took out 20,000 from his backpack and placed it in his arms, then after drawing one, he patted the person in front of him.

"What for?" The one in front of the queue was a horse-faced youth, who showed an impatient look when he was slapped by Finn .

Finn chuckled, "Brother, I picked up a hundred dollars, you dropped it, right?"

"A hundred dollars?" When the horse-faced youth looked at the hundred yuan in Finn 's hand, he was first startled, then he nodded, "Yes, I dropped it, give it to me."

"Give it to you okay, I picked it up in the back." Finn smiled and didn't say much.

How could the horse-faced youth not know what it meant, he even gave up his place in the queue and got behind Finn before saying, "Buddy, look, I was originally behind you in the queue."

"Okay, I know it's yours, put the money away, don't lose it next time!" With a faint smile, Finn gave the hundred in his hand to the horse-faced youth.

As if by law, Finn gave a few more, but the speed was still slow.

Finn 's eyes turned, and he directly shouted, "Who dropped the money!"

Saying that, Finn tossed all the small twenty thousand in his hand into the air.

Upon hearing that, all the people in line turned back, and they saw the banknotes everywhere. Just like seeing the big bad wolf of a lamb, the crowd swarmed and didn't queue up anymore.

Finn took the opportunity to drag Zhou Leya, and went forward, directly to the opposite side of the line.

104

Riding the Ferris wheel, Zhou Leya had been laughing.

Finn was somewhat baffled: "What are you laughing at?"

"Nothing, nothing, I'm just praising you for your coin spreading, it's so witty!" Zhou Leya said, laughing even more happily.

But how come the more Finn heard, the more it sounded like he was being scolded.

Exasperatedly, he rubbed Zhou Leya's little head, before Finn said, "Are you happier now?"

"Well, much happier." Zhou Leya nodded vigorously, indeed, less troubled.

On the Ferris wheel, the two of them didn't say anything, they just held each other and looked at the scenery of Kaiyuan City. Just like that, Finn also felt extremely relaxed with his nerves.

Before he knew it, twenty minutes had passed.

Originally, Finn also wanted to take Zhou Leya to play with other entertainment facilities for a while, but at some point, Zhou Leya fell asleep.

After weeping to relax the urgent nerves, coupled with the effects of some of the previous drugs, it is no wonder that Zhou Leya would fall asleep. The first website

Lightly patting Zhou Leya's shoulder, indicating that it was time to go down, Finn then brought Zhou Leya back to the Prosperous Star Hotel.

After placing Zhou Leya on his bed, Finn helped Zhou Leya cover the cup, and Zhou Leya fell asleep.

"This little girl, she doesn't have any precautions against me."

Finn helplessly shook his head, he was not a little sheep, he could turn into a big bad wolf at any time.

But looking at the sleeping Zhou Leya, Finn really didn't have any other thoughts. And his phone also rang, it was a call from Li Qiuyu.

Finn after a light kiss on Zhou Leya's forehead, he went out of the room to answer the phone.

What Finn didn't know was that right after he left, Zhou Leya on the bed slowly opened her eyes, full of happiness and with a slight redness on her face.

"Bad guy~"

Only after saying so did Zhou Leya close her eyes and truly go to sleep.

On the other hand, Finn picked up the phone as soon as he left the room, "Qiu Yu?What is it?"

"Yeh, are you busy now?It's lunchtime now, do you want to come to my house for a meal, I want to thank you."Li Qiu Yu said.

"Grrr~"

Finn's stomach was indisputably ringing, and he had indeed not eaten anything since he woke up.In the room, Zhou Leya was sleeping, and he had nothing to do, so he responded, "Okay, I'll be over later."

Saying that, Finn hung up the phone and drove the Ferrari to Li Qiuyu's house.

Although he had only been here once, Finn was also a light driver, and it didn't take him half an hour to arrive at Li Qiuyu's house.

"I don't know how Li Dafei is doing now, if he's still stubborn, then he'll have to be forced."

The coercion that Finn was talking about was the previous plan to make Wang Jiabao cheat to pit Li Dafei once.But that was the last step that Finn wanted to take, because if it didn't work, then it would be all over.

Shaking his head, Finn shook out the thoughts in his head, parked the car downstairs of Li Qiuyu's house and went upstairs.Li Qiuyu's building was an old building, so it only had a step ladder, fortunately it was the third floor, which wasn't too high.

But as soon as Finn reached the second floor and a half, he saw Li Dafei standing at the door of his home to welcome him warmly, smiling with wrinkles all over his face.

"Ye Shao, you've arrived so soon, the rice is not yet ready, and you have to wait a little bit oh."

Li Qiu Yu looked at such an enthusiastic Li Dafei, a trace of doubt flashed in her eyes. She can know the nature of Li Dafei, before, not to mention bringing a man home to eat, even through the phone and chatting with boys, Li Dafei is very dissatisfied, which is now so enthusiastic.

Although Finn does not know whether Li Dafei is very enthusiastic about anyone, but is very clear why Li Dafei is enthusiastic about him, the reason is very simple, that is, Li Dafei is still die-hard, think Finn has super gambling, want to learn before enthusiasm.

Of course this was the worst idea, it could also be that Li Dafei was showing his gratitude for yesterday's incident. But Finn thought that the former was more likely, because Finn saw that Li Dafei's phone was still open on the landlord.

"Ye Shao, thank you so much for yesterday, if it wasn't for you, Qiu Yu would have been miserable, hey." Li Dafei smiled with a wrinkled face and looked up and down at Finn, sending a chill down Finn's back.

"It's fine, we're all friends, we'll help if we can, you just need to work well in the future, don't get involved in gambling again, even if it's not fair to Qiu Yu." Finn smiled faintly, but inside his heart, he was drumming, estimating that Li Dafei was probably still deadly.

Hearing that Finn wouldn't let him gamble, the smile on Li Dafei's face instantly smiled.

Li Qiu Yu saw the situation, inevitably reveal a sad face: "Forget it, Ye Shao, my dad will not be able to change for a while, take your time."

The implication was that if you pressed the issue, things might backfire.

Finn knew Li Qiuyu's thoughts, even more sympathetic to Li Qiuyu, nodded his head no more words.

But Li Dafei but coldly snorted: "What does a girl know, if I don't gamble, what will I take to raise you. This house are other people's, we have to move out with a word from others, and there is a ransom for you, but also a few million, this money is not gambling from where, I do not eat or drink in my life can not earn ah!"

"A good job at least has food and drink, and if you gamble and get deeper and deeper into trouble, do you have anything left that you can use as a bet?" Finn had to interject again, he was the one who found out that Li Dafei was the typical one who wouldn't turn back until he hit the south wall.

Fortunately, he hadn't told Li Dafei that Li Qiuyu had been taken out of the picture, or else Li Dafei would have even more capital and would be able to sell his daughter once more by estimation.

But Li Dafei shook his head, apparently not listening, and only said: "Ye Shao, your disciple's gambling skills are so powerful, if you teach me a few tricks, won't I be able to earn my money back soon, and getting rich is not a dream ah. How about this, you teach me how to gamble and I'll give you Qiu Yu as my wife, okay?"

"....."

Finn was speechless for a while, he hadn't told Li Dafei that Li Qiuyu had been redeemed at the moment, and this was a rush to sell his daughter again.

Finn really doubted if Li Qiuyu was Li Dafei's biological child.

Li Dafei's astonishing statement also made Li Qiuyu's little face blush at a loss for words.

"I can't agree." Finn faintly opened his mouth, firstly, he also can't gamble, secondly, Li Qiuyu's right of belonging had already been transferred from the Zhou family to his own name, wanting to marry Li Qiuyu was just a matter of his words, where did he need Li Dafei's consent.

Seeing Finn's refusal, Li Dafei became annoyed and said: "If you don't agree, I won't let Qiu Yu and you meet again!"

Finn took a deep breath, really afraid that if he didn't hold back his breath, he would completely explode and violently beat the Li Dafei in front of him.

Or rather, if it wasn't for Li Qiuyu's presence, Finn would have already done it.

With Li Dafei like this, was he still worthy of being a father?

Finn now didn't even bother to take care of Li Dafei, if he was hopeless like this, he would just send him to prison and squat for a few years and then he would be honest.

In anger, Finn sneered, "You said you won't let us meet, so you won't let us meet, what right do you have?"

"Rights? I'm his father!" Li Dafei snorted.

"Didn't you sell her all over the place, are you still worthy of being a father?"

Finn laughed in anger, not caring that Li Qiuyu was right next to him.

"How do you know!" Li Dafei's only bet was that Finn didn't know about this, now that Finn even knew this, he really had no reason to threaten Finn .

"Why shouldn't I know, I'm the son-in-law of the Zhou family, and now Qiu Yu is in my name, or, if you take out five million, I'll return Qiu Yu to you, what do you think?" Finn smiled faintly.

"Hmph, want money or not, hurry up and leave my house, Li Qiuyu you also leave, don't come back!" Lee Duffy was annoyed.

"Dad!"

Li Qiu Yu cried out in pain, never would she have thought that Li Dafei wouldn't even want her daughter for money. This time she had witnessed it with her own eyes, so how could she not be sad? Remember the URL .

"Don't call me Dad, I'm not your Dad!" Li Dafei suddenly revealed a maniacal smile: "You're just like your dead mother, a whore, just know how to get close to the big money, and then abandon me!"

"Dad, what are you talking about?" Li Qiuyu sobbed, and Li Dafei's words were too desperate.

Finn , however, heard the doorway, and could not help but inquire: "Then you mean that Qiu Yu is not your child?"

This statement was met with silence.

Immediately afterwards, Li Dafei sardonically laughed, "You even know about my daughter's matter, don't you know about this little thing? That's right, Li Qiu Yu is not my daughter!"

Not really?

Finn was also confused, he had thought it was just Li Dafei's angry words, but this look sounded like it was true no matter what.

It was like Li Dafei was exposing himself like a self-destructing truck again, "It was that bitch who went out to have an affair with a rich man in the first place, that's why you're here, Li Qiuyu, you look just like your mother now, you're just a bitch!"

"This can't be, this isn't real!" Li Qiuyu's tears were gone, this news was completely unknown to her.

So she wasn't Li Dafei's daughter.

No wonder since childhood, no matter if she was first in the exam or what, she never got any praise, only constant curses.

No wonder her mother was also always beaten, serious illness also did not see Li Dafei to treatment.

No wonder Li Dafei would sell her to pay off gambling debts.

The original all because she and her mother originally did not belong to the family.

After knowing the truth, Li Qiuyu only felt the sky spinning, and fainted in front of her eyes.

"You're really a poultry-beast, how can you say such words!"

Finn stared at Li Dafei with a deadly glare.

But Li Dafei laughed even more maniacally: "Look at you, you still don't know, that bitch who was cheating on me was Zhou An, otherwise how could I sell her to Zhou An, why would Zhou An buy it again, isn't it just to find a justifiable reason to take it back."

Zhou An?

Finn had heard the name, Zhou An was Zhou Fu's big brother, which was Zhou Haipeng's father.

"Then aren't you afraid that Zhou Haipeng will come back and forcefully f*ck Qiu Yu, or are you doing it on purpose?" Finn thought carefully, to be true, Li Dafei is really scum, although half-mother, but Zhou Haipeng and Li Qiuyu but brother and sister ah.

If they really had a relationship, the consequences would not dare to imagine.

Li Dafei sardonic smile: "I just want them to have sex. This kind of scandal, Zhou An will definitely not tell Zhou Haipeng the truth, and after Zhou Haipeng has f*cked Li Qiuyu, I'll tell them the truth, it's so wonderful to think about. It's just a pity that it will even be transferred to your name, all my plans have been foiled, Finn, you're so damned!"

"So do you have anything else to say?" Finn put his phone in his pocket, he had recorded the entire content of what he had just said, these whether it was selling human beings or planning, all of them constituted a crime, Finn was confident that he could rely on these to send Li Dafei to prison for the rest of his life.

"Say what? There's nothing more I want to say. Although it didn't work, I'm satisfied now that I've pissed off Li Qiuyu, heh, hurry up and take her out of my house!" Li Dafei snorted coldly.

Finn didn't say much, he came out and didn't bring anyone with him, if Li Dafei suddenly made a move, he wouldn't be afraid, but it wouldn't be good to hurt Li Qiuyu, so he quickly hugged Li Qiuyu and left.

As for Li Dafei's matter, Finn was in no hurry, even if Li Dafei ran away, Finn still had a way to find him and send him to jail.

After putting Li Qiuyu in the car, Finn called Zhou Fu: "Father-in-law, I just learned a secret, I'll go back and tell you later, now you just send someone to watch over Li Dafei, don't let him run away, hire another powerful lawyer, I want to send Li Dafei to jail."

"Secret? Sending Lee Duffy to jail? Did you know that too?" Zhou Fu was slightly surprised.

Finn's body shook and said, "You know it too? When did you know?"

"I only found out about it yesterday when I looked for my big brother, saying that Li Qiuyu is his illegitimate daughter, and I was thinking of finding time to tell you." Zhou Fu replied.

Finn rubbed his temples, now he was feeling it, your circle is really messy.

"Alright, that's first, give me Zhou An's phone number and I'll contact him myself. You also don't forget the two things I just said, thinking that Li Dafei is hopelessly insane like this."

After saying that, Finn hung up the phone, and then he received a WeChat from Zhou Fu, it was Zhou An's phone number.

Finn drove his car and put on his wireless headphones, so he dialed the phone.

"Which one is it?" There was a dignified voice from the other side, which was surprisingly similar to Zhou Fu.

Finn didn't have a good mood, "I'm Finn, you should have heard of me. Given thirty minutes, come to the Prosperous Star Hotel, remember to bring Zhou Haipeng, now Li Qiuyu is by my side, unconscious."

After saying that, without waiting for a reply from the other side, Finn hung up the phone.

Finn believed that Zhou An would come. According to Zhou Fu's temperament, he should have already spoken to Zhou An about his deeds. Now that he was the leader of Kaiyuan, this kind of summoning, the other party would come back anyway unless he was not in Kaiyuan.

What's more, he still had the unconscious Li Qiuyu with him.

If Zhou An didn't come yet, that meant that Zhou An didn't care about Li Qiuyu either, if that was the case, Finn would have no choice but to take in Li Qiuyu, after all, Li Qiuyu had nothing to rely on.

"Ye Shao, do you think he'll come?"

The sudden sound from beside him caused Finn to almost bump into the car in front of him, and when he turned his head, Li Qiuyu had already woken up, but his face was expressionless and his eyes were lifeless.

"When did you wake up?" Finn frowned slightly, he didn't want Li Qiuyu to hear these sad things.

Li Qiuyu's face was expressionless: "I only felt blackness and fell to the ground, I didn't actually faint, I heard everything."

"This..." Finn was speechless for a long time before he patted Li Qiuyu's little head: "Don't worry, he's coming back. If he doesn't come.... I'll raise you!"

Chapter 106

"I'll be Ye Shao's person from now on, I don't want to go to the Zhou family, you're the only one who's been good to me since I was a child, I want to follow you as a personal maid without a name or a score, can you take me in?"

After the expressionless Li Qiuyu said this, she directly shed silent tears.

Finn looked at it with a heart of gold and said, "Fine, then follow me. But still, go see Zhou An and Zhou Haipeng, they still owe you an apology!"

Now that Finn was a woman more, instead, he was less panicked than before.

After all, it's cut and dry, it's simply messy, and Finn doesn't dare to think about it that much, it makes his head spin to think about it. It was enough that he was comfortable in front of him anyway.

Half an hour later, Finn arrived at the Prosperous Star Hotel, and early on, he saw Zhou Fu and Zhou Haipeng standing at the entrance of the hotel, and the tall and thin middle-aged man standing next to Zhou Fu who looked seven points similar to Zhou Fu should be Zhou An.

Seeing Finn get off, Zhou Haipeng subconsciously took a step back, obviously afraid of Finn

Zhou An, however, took a step forward and said, "A hero really is a young man, Ye is really different."

Although he was Zhou Fu's big brother, he didn't dare to speak as an elder at all, after all, Finn was the dragon head of Kaiyuan.

"Okay, okay, let's go inside and talk." Finn didn't eat this kind of speech, especially because of Li Qiuyu's matter, Finn's first impression of Zhou An was that of a hypocrite.

Zhou An's face, however, didn't have any anger on it and just followed Finn in.

The crowd arrived at Box 1001, the best box in the entire Prosperity.

"I'll keep it short, you father and son give an apology to Qiu Yu and it's over, Qiu Yu said she wants to follow me, and I agreed." Finn got straight to the point, not wanting to talk nonsense.

Zhou An wanted to say something to Li Qiuyu, but in the end, nothing came out, he just said, "I'm sorry, you've suffered for so many years."

Zhou Haipeng also bowed repeatedly, "Sister, it's all my brother's fault, I didn't know you were my sister, I blame that bastard Li Dafei, I'll bring someone to teach him a lesson later!"

"Forget it, it's all in the past." After Li Qiu Yu said that, he stopped talking.

When Zhou Fu saw that the situation was not right, he spoke up, "Little Fan, is it okay to listen to me for a moment."

"If father-in-law has something to say, just say it straight, what's the point of being polite with me." Although he had a bad attitude towards Zhou An and Zhou Haipeng, but to Zhou Fu, Finn didn't dare to have any disrespect, but this was his father-in-law.

Zhou Fu nodded his head in satisfaction before speaking, "Actually, I also inquired, it is indeed my big brother's fault, but I was forced to do so. In the beginning, our Zhou family was still just an ordinary second-rate, and Zhou An's wife, my sister-in-law, was a first-rate daughter-in-law who took a fancy to big brother. At that time Big Brother broke up with Li Qiuyu's mother for the sake of the family, but he didn't know that she was pregnant at that time. After Li Qiuyu's mother got married, my elder brother thought the past was over and didn't look for her, but he didn't know that Li Qiuyu was his child. It wasn't until recently that he stumbled upon it."

"This..."

Hearing this explanation, Finn also knew that it was the family's frustration. And it's not an affair if you don't know about the pregnancy when you break up.

Finn couldn't help but change his mind about Zhou An, it seemed that he was wrong about Zhou An.

"Second brother, no need to say more, it's all my fault, I'm willing to bear it. Qiu Yu, feel free to ask for whatever you want, I will satisfy you with whatever I can." Zhou An said, and even bowed to Li Qiuyu.

Li Qiuyu rushed over, bearing his parents' gift, that's a discounted life ah.

And after hearing the explanation, Li Qiuyu also knew that everything was a yin-yang misunderstanding, so he was not angry.

The first thing you need to do is to take a look at this. Qiu Yu, I see that uncle is also good, so why don't you go back."

When Finn was happy, he directly changed his name to call Zhou An uncle.

Li Qiu Yu, however, shook her head and said, "Forget it, I still want to be at Ye Shao's side."

"That's fine, you have a home anyway, you can go back anytime you want." Finn didn't advise much.

"Come, come, the food is here, let's eat first." Zhou Fu clapped his hands, and the waiter walked in with an exquisite delicacy.

Finn saw that Li Qiuyu didn't seem to have any appetite, so he took out his room card: "Qiuyu, go to the presidential suite on the top floor, Lilia is also there, now you guys are sisters, hurry up and get acquainted with each other."

"Good." Taking the room card, Li Qiuyu left.

She didn't dare to expect the same treatment as Zhou Leya, but she also hoped that Zhou Leya wouldn't exclude her, after all, she would have to follow Finn in the future.

But Finn didn't look at Li Qiuyu who went out, he just stared at the table full of delicacies and couldn't help but eat his fingers. So many things had happened in the morning, Finn didn't even have time to eat and was now starving for food.

Zhou An and Zhou Fu were very happy because they solved things, while Zhou Haipeng kept toasting to Finn, they were all family, Finn to Zhou Haipeng is not so much of a barrier, but also the food, the drink, not at all out of the ordinary.

After several hours of chatting, Finn returned to his room in a dizzy state.

As soon as the door of the room opened, Finn saw two extremely beautiful women, not drunk, "Yo, where are these two rabbits running around."

Although the two girls did not cry, but their eyes were red, looking at the situation, just now Li Qiuyu and Zhou Leya also talked about the heart, some of the tears are still new.

"A smell, hurry up and take a bath." Zhou Leya frowned.

"Then I want you guys to wash with me." Finn was really drunk and verbose.

Zhou Lelian Ya was speechless, but Li Qiuyu showed her shyness: "Ye Shao, sister Lelian Ya is inconvenient, I'll accompany you to wash."

"Inconvenient? Is it your period? Hahaha." When Finn laughed, he was hammered several times by Zhou Leya with her little fist, and then Finn was helped into the bathing room by Li Qiuyu.

After that, Finn had no memory of it because, he was drunk.

By the time Finn woke up, it was already to the next morning. Finn rolled over to get his phone, but suddenly saw a head of long hair and sat up with a fright, only then did he see that it was originally Li Qiuyu.

"Qiu Yu, why are you here?" When Finn looked at Li Qiuyu, who was only wearing little suspenders, he started to carefully recall what he did yesterday, but he couldn't remember.

"Ye Shao, you're up so early, keep your voice down so you don't disturb sister Rian Ya to sleep." Li Qiuyu rubbed his eyes and yawned.

"And Liliya?" Finn turned his head to look at the other side, but he didn't find Zhou Leya, but there was a big bag bulging in the blanket, Finn directly lifted the blanket and saw Zhou Leya who was also wearing a small suspender belt.

"It's cold, give the blanket back to me." Zhou Lovesya didn't even open her eyes, dragging the cup and getting back into it.

Seeing the situation, Finn was even more confused.

What exactly did he do last night?

107

Did you have a good time last night? But I don't remember anything about it. It's a shame I drank too much wine.

Finn muttered in his heart, can't help but heartache, pounding chest sigh, two superb beauty around, he did not even know what happened.

But soon Finn sobered up, gradually recalled yesterday Zhou Lian Ya also said to the aunt, that certainly can not have sex ah.

Thinking of this, Finn can't help but ask Li Qiuyu: "Last night, what happened in the end, why are you all sleeping beside me?"

Li Qiu Yu showed a shy expression, not saying a word.

Finn is even more confused, busy interrupting Li Qiuyu's thoughts: "Do not be shy, I know that the loveya to the aunt can not do anything, do not fool me."

The shyness on the face of Li Qiu Yu continued to retreat, followed by the spitting out of a cute little tongue: "lie to you, la, last night, nothing happened. It's just that you drank too much, we took turns serving you, you play up the wine madness is really scary, next time if you can't drink, don't drink so much."

Li Qiu Yu looked at Finn with dissatisfaction and continued: "Because we don't worry about yourself at night, we are afraid that you will play drunk again and have an accident, so we accompanied you to sleep. This presidential suite is different from all the others, everything else is a suite, just this one, there's only one big bed, I heard that Zhang Zimo lived here before, it should have been transformed by Zhang Zimo, so we slept here as well."

Finn nodded in a daze, so that's how it was, but there was also some loss in his heart, it's too bad that nothing happened.

On second thought, Finn wondered, "You guys sleep just sleep, why are you still undressing ah." The first website m.

"Well?" Li Qiu Yu was dumbfounded, then looked down and was startled for a long time before stammering, "No, we shouldn't, we didn't even wear these little suspenders when we came here, we all slept in the same clothes, Ye Shao, it can't be that you did something to me at night, right?"

"No, I didn't do anything!"

The heavens and the earth can be judged, Finn really drink broken tablets anything.

Just at this moment, Zhou Leya poked out her little head, seeming to have a wake-up call, and wrinkled her cute little nose: "Don't talk, and let people sleep. I changed my clothes, I was uncomfortable sleeping in them, so I had someone take two sets."

"So that's how it is." Finn suddenly said.

"Okay, know on the line, then hurry up and go to sleep, I still have cl A**es to go to at nine this morning, let me sleep for a while more, last night to serve you, the young master, the latter half of the night at two thirty before going to bed, sleepy as hell." Zhou Leya complained with dissatisfaction, and got into the blanket.

Li Qiu Yu opened his phone and saw that it was already 6:30 in the morning, so he started to get up and go out to wash up.

"What are you doing so early?" Finn was confused.

Li Qiuyu brushed her teeth and responded, "It's our turn to be on duty today, we have to be in charge of preparing breakfast, I'm going to supervise it."

"Do you still need to be so tired now, didn't I tell you, I'll feed you ah!" Finn was somewhat puzzled by Li Qiuyu's behavior.

Li Qiuyu gargled a few times before replying, "If you can fend for yourself now, you'll have to fend for yourself first, or bring what for."

Finn also knew that Li Qiuyu's busy life had formed a mindset that couldn't be changed in a short period of time, so he didn't discourage it.

After packing up for a while, Li Qiuyu changed her clothes and went out to work, watching the door close, Finn head planted, and lay down on the bed again.

Turned over, Finn went into the nest, a hand hugged Zhou Leya, sleep back to sleep.

Until the sun shines, Finn only woke up, but at the moment there is nothing around him, I do not know when, Zhou Leya also left. Look at the time, it is already 9:30, think Zhou Lelian Ya should be to cl A**.

The last time you go to Zhou Lian Ya's school did not go into, but this time to have a good visit.

Driving the Ferrari, whistling, Finn came to Zhou Leya's university.

"Wow, what a cool sports car!"

"Handsome, no, I'm going to faint!"

"....."

Finn smiled faintly, listening to the compliments issued by the little fan girls who had entered the campus in the past.

However, Finn was also self-aware and knew that he was actually not that good or that handsome, and the reason why these people were crazy was because of his car, a million dollar Ferrari.

"It's good to be rich!"

Finn sighed, ever since he had money, it seemed that there were no more unpleasant things in his life.

When he looked at the time, it was already ten-thirty.

Finn knew that university cl A**es were an hour and a half long, and now that Zhou Leya just happened to be off, he used WeChat to send a message to Zhou Leya, saying that he would wait for her in front of the school.

The reason why Finn didn't go in was that he was worried about going to the wrong place, so he might as well wait at the entrance of the school, with this sports car, it was very eye-catching.

After waiting for a little while, Finn saw Zhou Leya appeared from the school entrance, there are a lot of boys secretly looking at Zhou Leya, which made Finn can't help but be a little proud, such a superb beauty is also his woman.

But Finn did not wait to get off, saw a black BMW sports car parked in front of Zhou Leya, followed by a handsome young man in a suit, walked down from the car, striding to Zhou Leya's front.

Finn could not help but wrinkle his eyebrows, and quickly got off the car, also walking towards Zhou Leya.

"Cl A**mate, my name is Bai Mufeng, give me your contact information and make a friend."

As he approached, Finn heard Bai Mufeng's accent words.

Finn couldn't help but feel relieved, so it wasn't someone Zhou Leya knew.

"Sorry, my husband is here." After Zhou Leya declined, she directly came to Finn's side and took Finn's arm.

The corners of Finn's mouth rose slightly, "What's the matter with you kid? If you're okay, get out of the way."

"Just him?" The corner of Bai Mufeng's mouth held a hint of disdain and frowned, "Is he the only one worthy? A small rich second generation, what else is there besides money, beautiful girl, why don't I take you for a ride."

Without waiting for Finn to speak, Zhou Leya smiled and said, "Are you worthy?"

Finn also sneered, "Loveya, there's nothing but fury right now, let's get out of here, it's not good to get our breath tainted by this narcissist, it's too bad."

"What did you kid say!" Bai Mu Feng's face sank as he said, "Shame on you, be sensible and hand over your woman quickly, otherwise you little rich kid, I'll wave my hand and make you completely disappear from Kaiyuan!"

"Completely disappear from the kaiju?" Finn couldn't help but laugh, now he was the Dragon Head of Kaiyuan, and no one could threaten him yet!

Bai Mufeng, however, thought that Finn was afraid and said even more proudly, "Kid, I'll give you one more chance, hurry up and let me have the beauty."

Finn waved his hand somewhat impatiently and said, "Get out before I get angry!"

108

"Kid, give me face and shame, you wait!"

When Bai Mufeng's face sank, he took out his phone to make a call.

Finn, however, looked indifferent and took Zhou Leya with him and just entered the campus in big strides.

"Ye Shao, aren't you afraid that brat will cheat?" Zhou Leya was slightly worried.

Although Finn was noble as the Dragon Head, if Bai Mu Feng played dirty and found someone to block them, there was nothing he could do about it.

"You're right, then I'll call someone to come, be prepared." Finn took out his phone and sent a red packet to the two groups, followed by issuing a mission for the thugs and bodyguards to all rush to Zhou Leya's university and lurk in secret.

It was only after everything was done that Zhou Lelian Ya was completely relieved that with the protection of over thirty people, even if Bai Mu Feng was looking for someone to play dirty, there was no need to be afraid.

"Let's go, take me on a tour of your school, I didn't even get a good look last time I was here."

Finn said, but his stomach was grumbling.

"Pfft-" Remember the website . .

Zhou Lian Ya laughed out loud directly and patted Finn's shoulder, "Let's go, I'll take you to visit our school's cafeteria first."

"Good idea, let's go." Finn smiled heedlessly.

Not long after, the two of them arrived at the cafeteria.

This university's cafeteria had three floors, with the first floor being the cheapest and the third floor being the most expensive.

"Let's go, let's eat first." Smelling the aroma of rice, Finn didn't want to leave on the first floor without his food fingers moving.

The university's canteens were all rich in variety, from noodles to rice as well as local snacks. Finn ordered an egg persimmon covered rice, in addition to two grilled sausages, is a very simple way to eat.

Zhou Leya's eyes couldn't help but see a lot of little stars, in her opinion, like Finn, a rich family like this, no matter what he ate, he would at least go to the third floor, to be able to eat on the first floor, or to order the most ordinary rice, even more so that she felt that Finn was approachable.

"Wow, delicious!"

Evan ordered this because the egg persimmon covered rice was the fastest, and that house originally sold boxed meals, but it was actually just egg persimmon on rice. It was just for convenience, but the taste was extraordinarily good.

After Finn praised it, he began to eat furiously.

"Loveya, let's go eat on the third floor, a turtle like this who can only afford to eat on the first floor is not worthy of you."

At this moment, a harsh mockery reached Finn's ears, followed by a young man in a suit sitting right next to Zhou Leya.

"Roll the calf, don't delay me from eating."

The most taboo thing about Finn's meal was that it was disturbed by someone eating, let alone still coming to put a cuckold on him.

"Love Ya, just such an unqualified person, let's stay away." Saying that, the youth reached out to hug Zhou Leya.

Finn looked at the few bites of rice left on the plate, and after a reluctant sigh, he directly copied the rice bowl and came at the youth's head with a snap.

"Ah!"

How could the youth have thought that Finn would do it when he was eating, unprepared, and fell to the ground in response to a scream.

Finn gulped down the rice he had just eaten before snorting, "I told you to roll you can't hear me, delaying my meal, what a damned bad luck!"

Saying that, Finn kicked several more times in frustration.

"Ye Shao, don't be angry, we brothers will teach him a lesson." Green Hair ran over, not knowing where he appeared from.

Finn nodded slightly, then Green Hair dragged the youth away with the three thugs.

As for Purple Hair, Finn didn't see it, thinking that there were still some of the thugs protecting him in secret.

"Ye Shao, have you had enough? If you're not full, would you like to order another one?" Zhou Leya opened her mouth to ask, as for the youth who had just accosted her, Zhou Leya just looked familiar, but was not even clear about the name, naturally she would not help plead.

Finn waved his hand and said: "Forget it, just ate in a hurry, let's not eat, go out for a walk, and then look at other places."

Zhou Leya nodded and took Finn out, she didn't eat because she only ate before class in the morning, it was only three hours later, so she wasn't hungry yet.

But just after leaving the cafeteria, Finn saw Green Hair and the other three thugs being beaten up.

Seeing Bai Mufeng's hands in his pants pockets, he looked at the six strong black-clothed men who were beating up Green Hair and the four, and disdainfully said, "In broad daylight, the punks still dare to go inside the school and do violence, they really don't know how to live, do they really think there is no law of the land?"

"Why is this idiot again!"

Finn's eyes inevitably showed a haze, the other thugs did not appear, should not have noticed this side, Finn took out his phone and sent a WeChat.

In less than a minute, Purple Hair and the others ran over, seeing the black-clothed men rounding up Green Hair and the others, they suddenly joined the battlefield with red eyes, and with the advantage of numbers, they solved six black-clothed men with three strikes, and naturally, they also arrested Bai Mufeng.

"Bai Mufeng, are you sick?!"

Finn didn't even know what to say, so he just waved his big hand and said, "Green Hair, how they beat you just now, how you return it!"

The green hairs nodded gratefully, and then the forty-three yards of big feet kicked directly at Bai Mu Feng's face, followed by a flurry of punches and kicks.

"Do you f*cking know who I am, ah...You guys are wasted, how dare you hit me, ah..."

Bai Mufeng didn't beg for mercy in the slightest, still screaming, but screaming from time to time due to the excruciating pain from the beating.

Finn was admiring this superb, it would be fine if Bai Mu Feng stepped on him alone. But just now the green hairs were not even at Finn's side, Bai Mu Feng also had to teach him a lesson, in Bai Mu Feng's point of view was to do justice.

Finn sort of saw that Bai Mu Feng was a narcissist, the kind of person who thought he was the center point.

And there was only one way to treat such a person, Finn, and that was to fight, to fight until Bai Mu Feng was completely honest and recognized reality!

But what Finn didn't expect was that even if Bai Mufeng was knocked unconscious, he didn't utter a single plea for mercy and was still screaming in the end. This made Finn somewhat speechless, really a stubborn bone.

"Ye Shao, do you think he could be from another city, or else in Kaiyuan, those real big shots all know you. Looking at the way Bai Mufeng is hooting, he doesn't look like a local." Zhou

Leya was a little worried, if he was really an outsider, there might be some unexpectedly dangerous situation.

But Finn smiled and waved his hand, "Have you heard the saying, strong dragons don't crush snakes in the ground. Even if this kid is from out of town, so what!"

While saying so, Finn took out his phone to take a picture of Bai Mu Feng, and then p A**ed it on to Charles.

Finn wasn't worried about Bai Mufeng being a foreign young master, because his background was a terrifying reclusive family. The only worry was that it would be difficult for Bai Mufeng to also be from a reclusive family.

Although the odds of this were small, Finn was inadvertent, and it was still safer to have Charles identify him.

Not long after, Charles returned the message, and seeing the news, Finn couldn't help but narrow his eyes!

109

Charles returned the message quickly, with only three words on the message: "Don't know."

"So it's just a nobody."

Finn was a little sweaty, it seemed that he was infected by Zhou Leya, and he became nervous himself.

Shaking his head helplessly, Liquid Ammonia was about to put away his phone, but at that moment, Charles was sending another message.

Evan opened it, and this time his body actually shuddered and settled down.

"Young Master, after my discussion with the Master, I feel like giving you a new mission."

"A new mission, what would it be?"

Finn was inevitably nervous, originally Charles asked Finn to stay in Kai Yuan City for a month and mix with the upper cl A** circle and then it would be over, why would he come to the mission so soon?

Charles simply sent a message, and it dawned on Finn .

This time, there was actually Charles' help in getting into the upper cl A** circle, and it didn't count that Finn had broken into the upper cl A** circle by himself, so the mission was for Finn to find another city to get into the big brother circle again.

Big Brother Circle?

Finn knew that the upper cl A** circle was easy to get into, just find some rich people, but the big brothers were not normally seen, so it was not easy to blend in, especially since this city was still bigger than Kaiyuan City. Invariably, it was tantamount to increasing the difficulty.

Finn was somewhat helpless and didn't know what to do.

"Mission content: travel to the Wind Capital, enter the Big Brother Circle, the rating is judged according to the status tier."

Seeing the content, Finn had a headache, according to what the mission said, if one wanted to get a full rating, then it would definitely be that one needed to obtain the status of Dragon Head, like in Kaiyuan City now, in order to get a full rating.

"This mission is open-ended and the family will not provide any help."

Charles sent another text message, for which Evan knew it was because Charles had stepped in before to get the Dragon Head. This time it was set up this way just in case there was a bug.

And Finn wasn't worried about any help or anything like that, because he still had a billion A**ets on his card.

"I'm going back first, you have a good afternoon cl A**."

Finn simply said a few words to Zhou Leya, and then he directly returned to the hotel alone.

In order to fully prepare he still had to look up Wind Capital on the internet, before Finn had only heard of Wind Capital, but he didn't know how big it was.

The Wind Capital was a municipality directly under the administration of a municipality, not under the administration of any province, a completely independent individual.

With a population of 40 million, the Wind Capital was also double the size of Kaiyuan City, and had reached the standard of a first-tier city, but it was not classified as a first-tier city, but a quasi-first-tier. But presumably, it would soon be a first-tier city, just one rating short.

"What a headache!"

Seeing the information about Wind Capital, Finn couldn't help but rub his temples. In such a large city, if one wanted to get into the big brother circle, money alone was not enough.

Not to mention Fengdu, even in Kaiyuan, one billion assets was not much, the only advantage was that all these one billion could be spent at any time.

The only advantage is that all of the one billion can be spent at any time. Since money is not enough, we need to find another way.

How about opening a company?

After thinking about it, Finn thought that it was still reasonable to open a company. This mission was not limited to time, it should also be because Charles knew that Finn's money was not enough to spend, so he allowed Finn to extend the time.

This way, it wouldn't just be a test for Finn to spend money, but also how to do more with the money available, simply put, operations!

Suddenly reacting to the family's original intent, Finn couldn't help but clench his fists, the long lost feeling of hot blood coming back, this time he must do it beautifully, and not for too long. If it was too long, it would probably affect the scoring as well.

Thinking of this, Finn looked through the online information, wanting to see what kind of industry was the most profitable. Finn was studying finance, and although it was just the paper stage now, he had some investment vision, and after looking at it for half a day, Finn finally chose the entertainment industry.

If you want to say the most profitable industry out of real estate, is the entertainment industry, and now the fastest industry to get money is to cultivate stars and create a live broadcast platform.

If one billion was enough to create a live-streaming platform, but it was still somewhat inadequate, but if one billion was thrown at cultivating a star, then it would still be very simple.

"Who should I choose?"

Finn knows to create a star, the first thing to choose is people, as for connections and so on, taking money can be easily solved. As for the candidates, in fact, there are quite a few around Finn, Zhou Leya, Li Qiuyu, Wang Kexin, Xiao Coco. These four without exception are all stunning beauty, but now only four can choose one.

Finn thought hard, the first to rule out is Wang Kexin, because for Wang Kexin, star is the worst way out, think Wang Kexin will not choose.

And the rest is to choose one out of three.

This can be considered difficult for Finn, for Finn, which of these three to be a star is capital, whether it is appearance temperament or character is over the line.

"Knock knock!"

Just when Evan couldn't think of anyone, there was a knock on the door.

"Who is it?"

Finn said impatiently.

"Sorry for disturbing you, Ye Shao, I saw you come back, so I prepared some dessert." The voice that came from outside the door was none other than Li Qiuyu.

Finn's face couldn't help but improve, he even went to open the door and said with an apology: "Sorry, Qiu Yu, I was thinking about something, I was the one who got excited just now."

Li Qiuyu shook her head, indicating that she wasn't angry.

Finn nodded and said: "It's good that you're not angry, actually what I was thinking about has something to do with you as well."

"It has something to do with me too? Then, Ye Shao, tell me about it, okay." Li Qiuyu knew that Finn had worried – a lot for her, so she remained grateful to Finn .

"It's like this, I want to start an entertainment company, but I have to have a pillar, a first-tier star, so I want to train someone to be a star, I think you're a good candidate, do you want to try?" Finn directly showdown.

For Li Qiuyu, he still didn't have any point to hide, anyway, sooner or later he had to say it clearly, otherwise he chose someone else and didn't tell Li Qiuyu the reason, no need to think much, Finn also knew that Li Qiuyu would be sad.

Li Qiuyu was very surprised at the news: "Me? A star? No way, I'm like this all over the street, what qualifications do I have. I see that sister Leya is only good, not only is she a thousand gold, but she also looks sweet and has a body like a model, as long as she smashes resources, she is definitely a big hit."

Seeing Li Qiuyu pushing back, Finn was inevitably moved, indeed, Li Qiuyu's suggestion was good, Zhou Leya was indeed suitable to be a star.

Angelic appearance paired with a devilish figure, to say that Zhou Leya couldn't be on fire, that was simply a joke.

"You don't have to deny yourself so much, I think you're quite good, but I prefer to give you the feeling of serving you, if you become a star, then there's no one to take care of me, don't you think?"

Finn smiled and ruffled Li Qiuyu's hair, he couldn't help but praise Li Qiuyu, and even more so, he took the opportunity to comfort Li Qiuyu from the bottom of his heart.

110

"Then I'll be in charge of taking care of you." Li Qiuyu nodded happily and leaned on Finn's shoulder as a little bird.

Finn smiled and didn't say anything more, with such a nice girl like Li Qiuyu accompanying him, what else could he be dissatisfied with asking for.

Li Qiuyu didn't know what was in Finn 's mind, but she also just hugged Finn without saying much.

Only after an unknown amount of time did Finn speak again, "Qiu Yu, I actually have other women."

Finn felt that this matter must be told to Li Qiuyu, otherwise, Li Qiuyu one was kept in the dark, and it wasn't the result that Finn wanted.

Li Qiuyu's body trembled at the words, but quickly smiled: "Ye Shao is really a big lecherous – devil, but isn't it normal for a man as good as you to have a few women, what are you talking about, do you have reference to other candidates when choosing a star?"

Li Qiuyu spoke directly to the point, Finn nodded his head: "That's right, out of Zhou Leya and you, I actually have two other women, one is the fiancée that my family arranged for me, but she has an aversion to stars, so there's no need to count, the other one is one I met from drinking, she's called Xiao Coco, she's an anchor, and she's also little famous."

Finn didn't say much, just wanted to give Li Qiuyu time to think for herself.

After pondering for a while, Li Qiu Yu replied, "I think that's better to choose sister Lovesya then.It's not that I'm partial to Sister Lovesya, but being a first-tier star, the first and foremost thing is to make a name for yourself.Big Brother Circle?And Sister Loveya has been without scandal and hasn't appeared on the internet yet, so she is able to create an image of a perfect goddess with this."

Listening to Li Qiuyu's words, Finn nodded his head in deep agreement, indeed, if he cultivated Xiao Coco, although it would be successful, Xiao Coco would have to endure more pressure for this.However, Zhou Leya herself had no black spots, not only was it easy to create the image of a perfect goddess, but Zhou Leya herself didn't have to bear too much scandal. The first web site

Because too many first-tier stars are rumored to have subterfuge – rules, but Zhou L'Onya herself is a thousand gold, can also avoid these troubles.Being a star also won't affect Zhou Leya's body and mind.

Thinking of this, Finn gave Zhou Fu a phone call, about the 1001 box dinner appointment.

Half an hour later, Zhou Fu arrived at 1001 .

"Little Fan, are you something good? I see you're happy." Zhou Fu chuckled.

Finn nodded and said, "I don't know if it counts as a good thing or not, but it's actually like this, I'm going to open an entertainment company and train Love Ya to become a top-tier star, what do you think?"

Finn asked Zhou Fu, just to worry that even such wealthy families despised stars.

In the eyes of the rich, stars were no different from the ancient singing and selling Geisha.

After a slight pause, Zhou Fu spoke up, "If someone else were to say it, I would definitely disagree. But I don't have to worry about Xiaofan's work, and it's nice to have a big star daughter. Then Little Fan, do you need me to do anything?"

Finn shook his head, "I haven't thought of anything I need your help with at the moment, I can take care of everything myself, it's just that the venue hasn't been picked yet, I don't know where it can be better."

Finn wasn't prepared to go to the Wind Capital from the beginning, although the Wind Capital was a municipality directly under the central government, it was close to Kaiyuan, so I'm sure this was the place that Charles picked after careful arrangements.

Although the family couldn't provide help, it was still fine to use the power of Kaiyuan City, after all, Finn was the dragon head here, so it was natural to have resources to use.

Zhou Fu naturally promised, "The venue is very good to choose, just leave this matter to me, and I'll give you a beautiful job."

"I'm still relieved that father-in-law is doing things. Since that's the case, it's settled, I'll talk to Lilia again at night."

Saying that, Finn got up to make a toast, and he and Zhou Fu drank for several hours again.

The sky was getting dark.

Only then did Finn answer the room, and without taking off his shoes, he lay down on the bed and got drunk again.

I don't know whether or not Finn 's drinking really can't, when Finn sobered up it was the next morning, and again a familiar scene, with two girls around. It seems to be drinking broken tablets again, the two girls only so serve him.

Touching Li Qiuyu's hair, Li Qiuyu even woke up.

"Ye Shao, good morning, let me go get you a bowl of sobering soup." Saying that, Li Qiuyu directly got up and prepared to get out of bed.

Finn , however, hugged Li Qiuyu, and when he saw Li Qiuyu's slightly haggard face from staying up all night waiting on him, he couldn't help but kiss Li Qiuyu's cherry – peach small mouth.

"Where do you need any wake up soup, having fragrant lips is enough." The corner of Finn 's mouth turned up, and he kissed several more times.

For a long time, the lips parted. Only then did Li Qiuyu shyly get off the bed and whispered, "Ye Shao, I've helped you to prepare the sobering soup."

Without listening to Finn , she left the room at a trot.

Finn helplessly shook his head, turned his head, but the remaining light saw Zhou Leya is covering her mouth staring eyes.

Finn 's eyebrows raised: "You even peeked, a small age does not learn well, quickly go to sleep."

"I'm not small, I'm an adult, just a few months younger than you." Zhou Leya pouted her small mouth.

When Finn saw Zhou Leya's lips, he leaned down and kissed them.

"Since you're an adult, then don't just look at it."

Zhou Leya at first still resisted, but gradually took the initiative, just when Finn couldn't help it, the door of the room but opened.

Only to see Li Qiu Yu walking in with the sobering soup.

"Sorry for disturbing you, I'll put the soup here and go out." A redness appeared on Li Qiuyu's face, but it wasn't anger, but shyness.

Ever since following Finn, Li Qiuyu actually didn't put herself in the position of a girlfriend, but rather as Finn's personal servant girl, and as long as Finn liked it, she could do whatever she was told to do. What's more, Zhou Leya is her sister, so she doesn't mind even more.

But the corners of Finn's mouth turned up, pulling Li Qiuyu directly onto the bed.

"And ran away from you."

Finn laughed and was directly covered by the blanket.

By midday, Finn only got up late, opened his eyes, and the two girls were no longer around, Finn could not help but be wise, these two girls were really energetic.

Obviously took care of him all night, didn't sleep much, but still got up so early.

Finn got up to wash up, just after washing the door of the room opened, only to see Li Qiuyu carrying a cup of hot milk as well as three sandwiches walked in.

"Ye Shao, you're up, have some breakfast."

Li Qiuyu still had some redness on her face, she didn't know what she was thinking about.

Eating the sandwiches, Finn inquired: "Where is Loveya? I had to talk to her yesterday about being a star, but I haven't gotten around to it yet."

Li Qiu Yu replied, "She has cl **Aes in the morning and went to cl A**, she'll probably be back later."

As she was saying that, Zhou Leya entered the room.
