

CHAPTER 191-210

"Don't fight, don't fight!" Gao Guangliang was lying on the ground, protecting his head with his life.

Finn did not know how to strike lightly, hitting wherever he saw, leaving Gao Guangliang at a loss, only covering his vitality and begging bitterly.

But to Finn, Gao Guangliang really deserved to die.

Gao Guangliang is an old pervert, not only peeping every day, but also threatening Ye Jiaqi to accompany the bed, or accompany a few years.

Especially when he saw Ye Jiaqi crying with red eyes, Finn became more and more angry.

Although nothing had happened between him and Ye Jiaqi yet, but at least Ye Jiaqi was still his teacher now, he wouldn't allow an old pervert to har A** him like this.

This was the teaching director, that's not how it works to be a teacher, right?

Gao Guangliang this kind of person is the scum of the earth, the scum of society, saying it's trash is burying the trash.

"Want me to kneel, right, want Ye Jiaqi to sleep with me, I'll damn well see if you have the ability to do that!" Evan set his sights on highlighting the bright lower – body and kicked out, followed by his hearing the sound of an egg breaking the shell, crisp and beautiful.

"Ah!!!" Gao Guangliang shouted strangely and p A**ed out, leaving only his crotch with an unpleasant smell. Remember the URL . . . net

Ye Jiaqi saw that Finn was madly beating Gao Guangliang and couldn't help but pull forward.

"Sister, don't pull me, let me kill this bastard!" Finn frowned in anger, he never thought that Ye Jiaqi would have to defend Gao Guangliang at this time, the fondness in his heart for Ye Jiaqi gradually faded, he didn't like people being so reticent.

Ye Jiaqi shook his head and said, "Brother, stop fighting, if you fight again, he will die. It doesn't even matter if he dies, he deserves to die, but younger brother has to take criminal responsibility, this is what sister doesn't want to see, I want to see you well."

Finn's body trembled, never imagined that the reason Ye Jiaqi didn't let him do it was because he was worried about him, and stopped his pace for a moment.

In his heart, he kept blaming himself, it was really wrong for Ye Jiaqi to think so much about him, and he still grumbled in his heart to doubt Ye Jiaqi.

Turning around, Finn put down his red and swollen fist and directly embraced Ye Jiaqi in his arms.

"Don't worry, as long as I'm here, he will never bully you." Finn attached himself to Ye Jiaqi's ear and said.

Ye Jiaqi's delicate body trembled, but quickly, she still hugged Finn with her backhand and nodded in Finn's embrace without speaking.

Without paying any attention to Gao Guangliang who fainted on the ground, Finn took Ye Jiaqi and left the dormitory, this place was no longer suitable to stay.

Ye Jiaqi, however, didn't move, which made Finn frown, "Sister doesn't want to come with me?"

"No, but where can we go? Gao Guangliang is like this now, if we don't deal with it, when he wakes up, he will definitely find trouble with us." Ye Jiaqi wanted to say more, but when she saw Finn's firm eyes, she stopped explaining and spat out, "Brother, are you really willing to guard me? All the time?"

"I do." Finn's eyes were firm.

He had never been so firm, not even when he met all the women he had met before.

Even if Finn were to choose a marriage partner, he would not hesitate to choose Ye Jiaqi.

Although Ye Jiaqi was older than him and he didn't know anything about Ye Jiaqi, he just liked Ye Jiaqi, whether it was love at first sight or whatever, he liked Ye Jiaqi just so illogically.

After thinking about it briefly, Finn understood. He found the true feeling in Ye Jiaqi, in fact, all the other women were just so naturally given for nothing because he was rich or powerful. But Ye Jiaqi didn't say anything, just like a normal girl.

This kind of sisterly concern, putting himself in Finn's shoes, was also something that Finn liked very much.

Ye Jiaqi stared carefully at Finn's glances for a long time, and finally revealed a brilliant smile and nodded heavily, "I believe you!"

Finn grabbed Ye Jiaqi's hand again, and Ye Jiaqi left with Finn without resisting.

The two of them were also aimless, walking on the street, eating whatever they saw and playing whatever they saw, just like ordinary siblings, or more like brother and sister.

Because no matter what they were playing, it was Ye Jiaqi who took the initiative to pay for it, a feeling that caught Finn even more off guard.

In fact, Finn's heart is very inferior, no money in the past, orphan, it has raised his inferiority heart, he now uses money for everything, in addition to cool or to make up for the previous shortcomings.

Since childhood, except for his grandmother and now his parents and Charles, everyone who is good to Finn is trying to make Finn rich and powerful. And in this new school, Finn didn't show his life, he just showed that he had money, but it was only a very low-key few hundred thousand, or a very ordinary amount of money, not exaggerated to that outrageous.

And even so, Ye Jiaqi didn't say spend a penny of Finn's money, but instead took the initiative to spend money. When it came to expensive ones, just looking at them, Ye Jiaqi didn't say that he wanted them either.

Finn didn't want to pretend to spend money like before, but just followed Ye Jiaqi to go shopping, enjoying the life of an ordinary person.

Maybe that's the way it is between ordinary couples, they will look at even the ones they can't afford when they meet, and then leave to look at the next one when they're done.

Finn truly wanted to be with Ye Jiaqi, and now that he didn't have a protected identity by chance, he had to maintain this simple love all the more, and he still left a thread open, which was to thoroughly see everything about Ye Jiaqi before confessing. Doing so, although it was considered suspicious that Ye Jiaqi had ulterior motives, but Finn was willing to do so.

Because he also didn't dare to bet that he wouldn't dare to give his heart completely, if Ye Jiaqi's everything was faked, then his heart would die completely.

The harm that Tina had caused him before was still fresh in his mind to this day.

Even though he had already read many things, Finn still believed that there was pure romantic love, a simple and plain love, and a loud and passionate love.

Both of them tacitly turned off their cell phones, completely isolated from the strife, just walking around, tired of walking to rest for a while, hungry to eat a bite, before you know it, it's twelve o'clock at night.

"I think it's time to sleep." Finn yawned, after such a long time, Finn was really tired.

If he didn't feel moved, Finn would never have stayed with Ye Jiaqi for so long.

When Ye Jiaqi looked at the tiredness under Finn's eyes, she heartily used her small hand to smooth out a trace of raised lines on Finn's forehead.

"If you're tired, then go find a place to sleep." Ye Jiaqi owed Finn a hand, so he took the initiative to come to a hotel.

To be precise, it was a guesthouse, with only one floor and a very few rooms. And it was still the most ordinary guesthouse for fifty yuan a night.

Not only was the room not a suite, but there was only one bed, which appeared to be a double bed, but it was only a person and a half. If it wasn't for the fact that both Finn and Ye Jiaqi were thin, they probably wouldn't be able to stay.

192

The two bath finished, only to find that there is no bathrobe here, only a towel wrapped around the body, slightly embarrassing, but even more stimulating Finn hot blood, into the quilt could not help but fall over Ye Jiaqi.

Ye Jiaqi pouted: "You don't say you're tired, hurry up and go to sleep."

"Sister, I feel like I'm a little bit away from being tired, otherwise let me sleep after I'm even more tired, okay?" The corners of Finn's mouth quirked up into a smile, his eyes seemed to spew out flames, and his masculine breath continued to erupt.

"Bad brother!" Ye Jiaqi woke up and got under the covers....

The next day, early morning.

When Finn felt the blanket moving, he woke up with a frown and saw the lovely woman beside him.

"Sister, good morning." Finn revealed a sunny smile that he hadn't shown for a long time, a smile that hit his heart.

"Bad brother, what are you doing up so early, do you still want to do bad things, let sister sleep for a little longer, sister can't toss anymore." Ye Jiaqi wrinkled her cute little nose, so she hugged Finn's body and went to sleep again.

Finn also had no desire – hope, his heart was just happy and satisfied.

Since he knew that Ye Jiaqi is twenty-four years old, his heart bottom is a little bit sad, has been but one thing, is that Ye Jiaqi's physical discomfort complete, after all, are twenty-four, normal have been in an object only. But what made Finn unexpected is that Ye Jiaqi has never had an object, and cleanliness, so many years still protects the body integrity. A second to remember to read the book

If you asked Finn why he knew all this, the reason was actually very simple, and that was that he had gotten Ye Jiaqi's best first night.

For Ye Jiaqi, Finn wasn't the least bit dissatisfied anymore, and also decided to completely open his heart and completely accept it.

After all, even the first time was given to him, so what was he ungrateful for?

Holding Ye Jiaqi, Finn also fell asleep until the afternoon.

But after waking up, Finn found that Ye Jiaqi's figure had already disappeared, and took out his cell phone to call Ye Jiaqi, but no one answered the status.

All of a sudden Finn woke up and became panicked.

Could it be that Ye Jiaqi had gone to beg Gao Guangliang for forgiveness?

The possibility of this idea was high because Finn didn't show his true strength, maybe in Ye Jiaqi's eyes, he was just a child, just a little money, but it still wasn't good enough to call the school's head teacher. Especially because Finn also hit someone, the injury is still unknown, if he really broke it, I'm afraid it's not something that an ordinary student can afford to pay for.

Finn wanted Ye Jiaqi to potentially offer herself to make Gao Guangliang not pursue Finn's responsibility, Finn became even more panicked.

Finn began to regret, why didn't he tell Ye Jiaqi the truth in the first place, tell Ye Jiaqi that he was actually a landowner, a rich and powerful man, a man who was the emperor in Fangzhou.

Finn even hoped that Ye Jiaqi didn't like him and was just looking for comfort temporarily, and now Ye Jiaqi was just running away because he was afraid of the collateral damage. Even so, Finn will still like Ye Jiaqi, because Finn can't leave Ye Jiaqi anymore.

As long as Ye Jiaqi didn't go to Gao Guangliang to offer himself, no matter what, the last thing Finn wanted now was for Ye Jiaqi to give too much and he didn't know how to make it up to Ye Jiaqi.

Only Finn was wrong, he got up and saw the note on the bedside table.

"Sister is old and doesn't deserve you, don't do anything impulsively in the future, go find something more suitable for you, don't mind, Ye Jiaqi stay."

Seeing the content, Finn's body couldn't help but tremble, not caring about the family's agreement and promise, Finn took out his cell phone and dialed Charles' number.

"Young Master, what's the order?" Charles inquired.

Evan took a deep breath and tried to remain calm before he spoke, "You should have someone following me at all times to protect me, right?The woman who was with me yesterday is someone I like, and I want to know her location within ten minutes!"

Charles seemed to have anticipated it and replied directly, "At this moment, Miss Ye is in Room 1305 on the top floor of the Jade Dragon Hotel, Gao Guangliang is expected to reach this room in ten minutes."

"I got it!" Finn hung up the phone and flew out.

He didn't have time at the moment to care why Charles knew everything but didn't interfere.

Speeding to the downstairs, Finn saw a car, early waiting for Finn .

When Finn saw the driver in the driver's seat, he just sat on it, although he didn't know the driver, Finn still looked familiar, it was the person who followed Charles' side.

No need for Finn to say more, the driver departed to the Jade Dragon Hotel.

It was three o'clock in the afternoon, when the taxi was changing shifts, so the road was very congested, but the driver was soaring high speed regardless of the traffic lights, and regardless of whether points were deducted, just to send Finn as soon as possible.

A normal twenty-minute journey, only six minutes, to the Jade Dragon Hotel.

Seeing that the time was right, Finn was in no hurry because he trusted Charles's prediction.

The driver faintly spoke, "Young Master, I bought the baseball bat, asking you for 100,000 isn't expensive."

"Where is it?" Finn brightened up, it seemed that this driver also knew the inside story, until now what Finn wanted to do.

"In order to ensure young master's safety, I won't let young master do anything, I'll fight personally, you can sit in the car to watch, you can see the white car in front of you, that's the car with the high shine."The driver wore sungl A**es and had an indifferent expression, like a robot, and pulled out his phone.

Finn directly scanned 200,000 and said, "Give you double, go give Gao Guangliang double the pleasure, I don't want to see this person again."

"Okay, young master." The driver nodded, took out a baseball bat from the trunk, and rushed towards Gao Guangliang's car, smashed the driver's seat gl A** in one go, reached into the car and pulled Gao Guangliang straight out, just a blast.

The corner of Finn's mouth showed a cruel smile, in fact, without Gao Guangliang simply would not be out of these things. Want to touch his woman, and not carefully weigh.

As for the driver to ask for money, Finn didn't put it on his mind, this money is probably not the driver dared to ask for, after all, it is for the Ye family service, the amount of drivers do not have the ability to accept small money.

And the driver also did so, should be Charles' instructions, after all, Finn is now all dependent on himself, want the family to pay, but also to come up with a corresponding price, do so, in fact, is very good for Finn, at least will not make Finn dependent on the family.

Seeing the picture becoming more and more cruel, Finn got out of the car and directly entered the Jade Dragon Hotel, going up to room 1305.

Knocking on the door of the room, not long after, Ye Jiaqi opened the room.

"How did you know about this place?" Just now, Gao Guangliang said that he was going to arrive, so Ye Jiaqi thought that it was Gao Guangliang, but he didn't expect that it was Finn.

Seeing the knife in Ye Jiaqi's hand, Finn frowned, "What do you want, do you know that it's dangerous, what if you can't get it and hurt yourself?"

After snatching the knife from Ye Jiaqi's hand, Finn just threw the knife on the ground and hugged Ye Jiaqi in his arms, saying in a deep voice, "I said I'll protect you, I can protect you, don't be so stupid, okay, trust me!"

193

Ye Jiaqi was silent for a long time before she said, "Gao Guangliang is coming, go away and find a better girl in the future, I'm not good enough for you, I'm old."

"I'm leaving? Then what are you accompanying Gao Guangliang for, do you think he will be content if you offer yourself to him?" Finn frowned.

Ye Jiaqi faintly said, "I'll die with him, and he won't bother you again in the future."

Finn's body trembled, no wonder Ye Jiaqi was holding a knife, he was already holding a death wish.

But for him, so much so?

Finn tightened his teeth, controlling to prevent tears from flowing out, and backhandedly slapped Ye Jiaqi's face, shouting: "Ye Jiaqi, wake up, do you think this will solve it, if you die, can I live alone? For my sake, you'll live well for me too, give me a good life!"

Pulling Ye Jiaqi to the window, Finn pointed down, "Look down there, Gao Guangliang won't appear again in the future, he offended someone and has been dealt with, this person will definitely not appear again in the future."

Ye Jiaqi followed his eyes and looked down, only to see the flat ground outside the first floor was full of blood, Gao Guangliang had blurred flesh and blood, while the person who did it got into a car and left at speed.

"Did you do this?" Ye Jiaqi inquired, then grabbed Finn's hand and said, "Go, you have to come with me."

"Where to?" Finn frowned and wondered what Ye Jiaqi was thinking about. The first website m.

Ye Jiaqi thought about it and said, "Now that there's trouble, you'll definitely be investigated, you and I will go back to my hometown, my hometown is a rural area where it's very backward and the internet isn't even developed, you and I will go back and hide first."

"Hiding? Then what?" Finn couldn't imagine that Ye Jiaqi was still thinking of him at this time, besides being touched, it was more of a follow-up, he couldn't hide in the countryside for the rest of his life.

Just when he was about to tell the truth, to tell his identity, to tell Ye Jiaqi the truth, to make Ye Jiaqi feel at ease, Ye Jiaqi spoke first: "You and I will go back, I don't teach anymore, I

don't study anymore, I, I'll give you children, a whole bunch of children. You also have some strength, just stay in the village and farm, feed me and my children, we'll never leave the village for the rest of our lives, I'll stay with you."

"....." Finn was instantly speechless, not speechless, but moved by Ye Jiaqi's simple thoughts.

For a flower girl, who would want to get married and go to the downtrodden countryside. Especially from the countryside to the city, it's all about getting ahead and not going back to the countryside anymore.

Like Ye Jiaqi is so excellent, not only is she a graduate student, but also a teacher in the university, she will definitely have higher achievements in the future, and there is a wide world waiting for her in Fangzhou city, or even a bigger city. Such an excellent girl, back to the countryside represents all these years of efforts in vain, in the place of Finn, Finn would never do this for others.

It would be the equivalent of giving up everything, giving up one's self, just for the sake of the other.

Even many couples couldn't do it if they could make such a big determination, perhaps this was true love, where one could sacrifice everything for the sake of the other.

Thinking about the previous Ye Jiaqi even had to trade her life for his life, also to avoid the high brightness to harm A** Finn, Finn knew that he was wrong.

He hit Ye Jiaqi because he thought that Ye Jiaqi didn't love life, but now he realized that Ye Jiaqi loved life, and she loved it very much, it was just that compared to herself, Ye Jiaqi loved Finn more.

At this instant, Finn couldn't even tell the truth about his wealth and power.

Silently being held by Ye Jiaqi's hand, Finn and Ye Jiaqi left Fangzhou and came to a small county under the jurisdiction of Fangzhou, and after another two hours of bus ride, they arrived at a desolate village.

The village was very dilapidated, there were very few brick houses, most of them were mud houses.

I can't imagine that there is still such a place in this era, looking into the distance, there are only thirty houses, staggered, there are poles, but no signal towers, no wonder Ye Jiaqi would say that there is no signal, indeed, this kind of shabby little village, without a signal tower covering it, how could there be a signal.

"Finn, do you regret it?" Ye Jiaqi inquired.

Finn could clearly feel the sweat in Ye Jiaqi's hand that was holding him, obviously very nervous.

Finn smiled and stroked Ye Jiaqi's hair, saying, "No regrets, with you here, I have no regrets."

To be able to be with a woman who gave her life for him all, what was he not satisfied with.

The reason why Finn didn't say rich and powerful was because he wanted to see Ye Jiaqi's home and then bring Ye Jiaqi's parents inside the city as well, just to give Ye Jiaqi a big surprise.

What Ye Jiaqi did before was enough for Finn to give everything for it.

As long as Ye Jiaqi wanted something, Finn would try to satisfy Ye Jiaqi, even if it was the stars in the sky.

"Let's go." Finn held Ye Jiaqi's hand and walked towards the village.

Why this village was remote and poor could be seen from the bus.

Normal buses all entered the village, but buses didn't enter this village, obviously because usually there were very few people in the village who took buses, and it wasn't worth the gas money for a trip into the village.

It looked quite close, but walked a full half hour before entering the village.

Open the phone to check, but it was three kilometers away, no wonder none of them built roads for the village, also because the cost was too high to be worth it.

"Huh? Why are there so many people there?" Finn was surprised when he entered the village, it wasn't big, but there were more than twenty people around in front of a mud house.

Ye Jiaqi's body trembled and shuddered, "This is my home."

"I'll go and take a look first, wait for me first, people here have a problem with outsiders, I'll go and say hello first." Saying that, Ye Jiaqi walked towards the crowd alone.

Finn originally wanted to follow, but when he saw Ye Jiaqi frowning, he decided to wait in place.

But as soon as Ye Jiaqi entered the crowd, the group of people were like crazy and started to make noise.

Finn secretly said that it was not good and rushed over, afraid that these people would do something to Ye Jiaqi.

As soon as he rushed into the crowd, Finn protected Ye Jiaqi behind him, and brought Ye Jiaqi to break through the crowd and directly into the mud room.

"f*ck, what are these people doing?" Finn was shocked, if it wasn't for his quick eyesight, Ye Jiaqi might not have been in danger.

Ye Jiaqi shook his head, indicating that he wasn't sure, so he led Finn to the house.

The mud house was not big, there were two rooms, after walking into one room, Finn saw a middle-aged man in farming clothes with a silly look sitting by the bedside, while on the bedside was lying a middle-aged woman with a yellowish face and very haggard.

When Ye Jiaqi saw the middle-aged woman, he suddenly turned pale and said, "Dad, what's wrong with my mom!?"

194

"What brings you back, daughter?"

Seeing Ye Jiaqi, Ye Dajun revealed his surprise and inquired with a native accent.

Ye Jiaqi tears came out of his eyes, "Dad, what's wrong with my mom, you didn't say anything about writing a letter before."

"Hey." Ye Dajun knew he couldn't hide it, so he explained, "From what the doctor said, your mom is suffering from hydrocele. Daughter, you're studying outside, you're successful, and we two old men don't want to get you into trouble and don't want you to think too much."

"What, hydrocephalus in the chest cavity?" Ye Jiaqi choked, "Why didn't you tell me earlier then, this disease needs to be treated earlier, let's go, let's go to the hospital."

Finn nodded his head, he knew about this disease, but there are many reasons for the onset of the disease. It looks like Ye Jiaqi's mother Chen Lanfang should be tired of bending over for years doing farm work, this disease will also be life-threatening if it is not treated in time.

Before Ye Dajun could speak, Chen Lanfang, who was lying on the bed, opened her eyes with difficulty and breathed rapidly, "Daughter, you should leave quickly, don't bother about our old couple, when Huang Dashan comes, it will be too late for anything."

"Huang Dashan? Our village chief, he came to fear nothing, Mom, you listen to me, we quickly go to treatment, this disease early treatment there is still hope to get better." Ye Jiaqi said and went to help Chen Lanfang.

Just at this time, the door of the mud room was suddenly kicked open, then a middle-aged fat man walked in and snorted, "Ye Dajun, I heard that your daughter is back, then hurry up and finish the marriage with my son."

"Huang Dashan, don't you dream, there's no way my daughter will marry that stupid son of yours." When Ye Dajun went out with his broom, he just swept Huang Dashan out of the room and locked the door right after him.

"What's going on here?" Ye Jiaqi frowned and asked.

Her family hadn't offended sleep in the village, but whether it was a group of people blocking the doorway or Huang Dashan, they were all extremely unfriendly, so it was clear that something was wrong.

Ye Dajun sighed and also knew that he couldn't hide it, so he explained: "It's like this, your mother just started to have chest pains, I wanted to take your mother to the county town to see a doctor, but I didn't have much money, so I borrowed some from my neighbor, and anyway, when the harvest came down, I paid it back. The first thing you need to do is to find out if you're going to be able to find the best way to get rid of it. I was very grateful to Dashan Huang for lending me 30,000 yuan. But I didn't expect that Huang Dashan would later

say that the thirty thousand was a bride price, and that he would have to let you marry his family's stupid son, and then bring a group of people to make trouble every day."

"Huang Dasan is a bastard!" Ye Jiaqi was about to rush out to fight with Huang Dasan, but Finn held him back.

Finn also understood what was going on, that is, Chen Lanfang was sick, Ye Dajun borrowed money, and now the whole village came to collect the debt.

"Don't worry, leave this matter to me." Finn patted Ye Jiaqi's back and comforted him.

Seeing the two of them so close, Ye Dajun frowned, "Daughter, who is this person? Is that who you talk to?"

Although Finn's looks and clothes were very satisfying to Ye Dajun, this kind of intimate action was unacceptable to Ye Dajun. In his traditional concept, only marriage can touch each other.

Ye Jiaqi nodded, "Dad, this is the person I'm talking about, I'm ready to marry him, I like him a lot."

"Preparing to get married?" Ye Dajun was a little surprised, and his heart was relieved, since they all decided to get married, it didn't matter if they touched it. Especially now that his family is in this situation, he has no time to care about Ye Jiaqi, as long as someone marries Ye Jiaqi, she will be satisfied.

After sizing up and down Finn, Ye Dajun patted Finn's shoulder and said, "Young man is quite energetic, just a little thin, be nice to my daughter in the future."

"I know, Dad." Finn directly skipped his uncle and directly called out Dad.

Ye Jiaqi's family situation, Finn all saw it in his eyes, just a very simple family, no wonder Ye Jiaqi was so impulsive and real earlier, this is the simplicity of rural people ah.

Finn liked this kind of reality, so he smiled and said, "Dad, don't worry, I'll go out, come back and help you deal with these things, then I'll take you guys to the city, live in a big house, and cure mom's illness."

"Son, just have the heart for it, don't force it." Ye Dajun patted Finn's shoulder and didn't say anything more.

He didn't know Finn well, but since it was Ye Jiaqi who chose the man, he still supported him unconditionally.

Just like before, when Ye Jiaqi chose to study, he also broke the bank, otherwise all the money from studying over the years would have been nearly two hundred thousand, which was completely enough for their family to buy a building in the county and live a good life.

Finn didn't say anything more, he was about to actually prove that Ye Jiaqi's choice was right, so he directly left the mud room.

"Dad, don't worry, trust Finn." Ye Jiaqi knew that Finn was rich, a meal was more than three hundred thousand, and the money owed to the village was not enough for a meal, it was quite easy to pay it off.

Only she still has some worries in her heart, seeing her family in this situation, there is a possibility that Finn will dislike her, after all, look at Finn spending big money is the city's children, never suffered, if you live a hard life, it is better to return to the city, even if it is judged by the law, a few years will come out, after that it is still a great life.

With some worries, Ye Jiaqi started to take care of Chen Lanfang, and she had no other choice but to trust Finn. Moreover, even if Finn abandoned her and returned to the city, Ye Jiaqi also recognized that it was her choice after all, and she would recognize Finn for the rest of her life.

One night without a word, the next morning, the sky was still bright, and outside was just beating gongs and drums.

When Ye Jiaqi got up, she found that Ye Dajun had gotten up early, and at this moment, Ye Dajun was standing outside the house confronting Huang Dasan.

"Huang Dasan, what do you want?" Ye Dajun was holding a broom to block Huang Dashan from entering the courtyard.

Huang Dashan sneered: "What are you talking about, didn't I say yesterday, marry Ye Jiaqi, you quickly get out of the way. Don't take it as a mistake to miss my son's business, when

the marriage is done, the money your family owes, our Huang family will help you pay it back, and also help your mother-in-law treat her."

"Yeah, get out of the way, you guys won't be able to pay it back either."

"Dasan said he would help you pay, what more do you want."

"Hurry up, don't delay."

The villagers were all talking, now that Huang Dasan was willing to pay back the money for the Ye family, they were very happy and unanimously sided with Huang Dasan.

Ye's army was outnumbered, just at this moment, Ye Jiaqi came out and said, "Father, don't say anything."

"Daughter, go back quickly." Ye Dajun was in a great hurry.

Ye Jiaqi shook her head and said, "Forget it, Finn didn't come back either, he should have gone to the city to live a good life, and I don't regret it. Didn't you teach me to be honest and trustworthy since I was young, and now if I still can't get the money, I'll marry his silly son, at least my Ye family's reputation is still there!"

Ye Jiaqi's expression was indifferent, she had already made up her mind that as long as Huang Dashan helped pay back the money and cure Chen Lanfang's illness, she would commit suicide and would not share a room with Huang Dashan's stupid son.

But she wouldn't say these thoughts to anyone.

195

Huang Dashan laughed, "Dajun, get out of the way, your daughter has agreed, what are you stopping her for?"

But at this moment, there was a commotion at the back of Huang Dasan's huge team, and Ye Jiaqi was pleasantly surprised to see that Finn, driving a van, had appeared!

After leaving Ye Jiaqi's house yesterday, Finn went to wait for a bus outside the village, this is not a city, there are very few cars, all fixed buses, waiting for several hours to see the bus,

when they arrived in the county, it was already six o'clock in the evening, the county's routine is very regular, by six o'clock there are very few people out.

Finn wanted to withdraw more money, so the ATM was not enough, so he had to wait until the next day.

The next morning when the door opened, Finn went to the counter and withdrew two million directly with a sack.

Anyway, two million is just a drop in the bucket for Finn, but it should be enough to pay back the money owed by the village.

In order not to wait for a bus, Finn also deliberately bought a car, originally thought of a small car, but with Chen Lanfang medical inconvenience, had to choose the van.

Driving the van back to the village, Finn secretly bad, because the whole village is the sound of gongs and drums, obviously to hold a wedding ah.

Thinking about the fact that yesterday, Huang Dashan wanted Ye Jiaqi to marry his silly son, Finn came to understand and his worries grew even more intense.

When he entered the village, he saw a whole bunch of people surrounding the entrance of the Ye family, so he grabbed one person from the back and asked, "What is this?" First web site

"Huang Dasan is marrying his son, great news."The villager cheerfully said.

"Good thing?What's so good about it?" Finn frowned.

"Ye Dajun owes the whole village money and can't pay it back, and Huang Dasan said that as long as Ye Jiaqi marries his son, he'll help the Ye family pay back the money, what do you think it's not a good thing?"The more the villager says, the happier he gets: "The five thousand dollars owed to my family is finally in order."

"sh*t, five thousand dollars and you're just like that, a piece to force the Ye family?"The first thing you need to do is to take a look at the newest models.

Open the trunk of the van, Finn will take out a sack, open is to take out a bunch of money smashed in the face of the villagers: "Nima, five thousand, I give you 10,000, don't f*cking fool around here, hurry up and get out!"

The money was all taken out of the bank, all ten thousand pounds.

The villager was just about to show his anger, and when he saw that it was money smashed into his face, he smiled and grinned, "Okay, okay, I'm going to roll, I'm going to roll."

They worked hard for a year, it was good that the harvest could be 10,000, and he was happy to get the money after being scolded.

Seeing that Finn took out money to pay back the Ye family, and paid directly, a group of people in the back row got excited and said, "Smash me, smash me, smash me and I'll roll!"

"Damn it, report how much money the Ye family all owe you?" Finn carried a sack and walked up to these people.

"Five thousand!"

"Four thousand!"

"Two thousand eight hundred!"

Villagers were reporting their numbers, and Evan didn't bother to calculate them, but they were all not up to ten thousand anyway.

"Scram! Don't har A** the Ye family in the future, or don't blame me for being rude!" Finn cursed as he hit these villagers with the money.

One by one, all hitting their faces!

Yesterday, when these people came to surround him, Finn wasn't angry, but now he actually aided and abetted Huang Dasan to force Ye Jiaqi to marry the fool, how could he bear this.

These villagers are just wallflowers, falling with the wind, with no ambition in their chests, they are satisfied to get their money back. Finn didn't bother to talk about the road, anyway, smashed out and smashed everyone's face with red marks, he was happy.

And the thick skin, not smashed red marks at once, Finn will also take out a bunch of money to smash again.

Finn 's smash was cool, and these people who were smashed were also very cool.

A smash is equivalent to a year's harvest, these villagers are willing to be smashed by Finn .

After ten minutes, Finn was tired of smashing, before all the villagers finished smashing, and the sack of money is still not used.

Finn purposely asked the bankers to put one million in each sack, and this small village was only thirty households, a sack of sacks could not be used up.

Looking at the sack has bottomed out, only 40,000 left, Finn came to Huang Dashan.

Huang Dashan did nothing for ten minutes, just kept watching Finn smashing money, he was more and more shocked, because Finn is really too rich, also very envious of those villagers Finn smashed.

Seeing Finn walk up, Huang Dasan directly kneeled: "This little brother, smash me, smash me hard, hit me hard."

"Smash you?Why hit you?" Finn coldly smiled.

Huang Dashan was busy explaining, "It was me who forcefully married Ye Jiaqi, but also I conspired with the villagers to cause trouble, I am the culprit ah, you see I'm not angry, you smash me!"

"Oh." Finn laughed in anger, never would have thought that Huang Dasan was so shameless that he would just explain everything for money.

Watching Ye Dajun clench his fist, Finn sensibly handed the sack to Ye Dajun and spoke, "Dad, you smash it, so you can take it out!"

Ye Dajun showed gratitude towards Finn , but didn't say any words of thanks, he just patted Finn 's shoulder and said, "Good job, Dad really wasn't wrong about you, my daughter's eyes are indeed good!"

Saying that, Ye Dajun took out three piles of money and struggled to smash on Huang Dashan's face.

Ye Dajun had been doing farm work for many years, his hand was very strong, and after just three smashes, he struck Huang Dashan dizzy, much more fierce than Finn .

But after smashing the three piles of money, Ye Dajun stopped.

Seeing this, Finn was busy saying, "Dad, you continue, I still have a sack in my car, enough to smash your addiction."

The first thing you need to do is to take a look at the company's website and see how they are doing. Our family just owes Huang Dashan twenty-seven thousand, counting the interest is only thirty thousand, smashed three times is enough."

"Enough? It's not enough, not by a long shot, this young man, smash me!"

Looking at Huang Dashan's expression that was about to cry, Finn laughed, and didn't smash Huang Dashan.

If you smash Huang Dashan, although Finn will be cool, but Huang Dashan will be even more cool, after all, get the money, Huang Dashan can go out to any unrestrained.

And if he didn't smash Huang Da Shan, although Finn 's hands were not cool, but thinking of Huang Da Shan leaving in frustration because he couldn't get the money, Finn would feel even more cool.

Thinking of this, Finn was ready to put away the sack, not ready to smash Huang Dashan.

As it turned out, just as Finn had envisioned, Huang Dashan was so angry that his eyes were red, but there was nothing he could do, now that the villagers had retreated, even here they were on Finn 's side, after all, Finn had given them too much, and Huang Dashan was already isolated.

Helplessly, Huang Dashan had no choice but to accost them and leave.

Finn smiled and was about to take the sack in Ye Dajun's hand.

But Ye Dajun was the one who took the last pile of money out of the sack and spoke, "Little Fan, this 10,000 is the bride price, live well with my daughter in the future, you can go."

Looking up Finn saw Lin Mengqi squatting in the corner of the bathroom sobbing, helplessly shook his head, Finn slowly stepped forward and rubbed Lin Mengqi's head: "I was wrong, don't be angry."

"Don't touch me." Lin Mengqi buried her head in her body and curled up into a ball, not even lifting her head once.

Finn couldn't see a girl cry the most, not because he hated it, but because he didn't know how to coax it.

When a girl cried, Finn was at a loss as to what to do, especially now that it was still Lin Mengqi that Finn had caused to cry.

It was only after a long silence that Finn pouted out, "Mengqi, happy birthday!"

At these words, Lin Mengqi looked up sharply.

Happy birthday?

And he knows it's my birthday?

Is it because it's my birthday that he's back in time?

Lin Mengqi's red eyes were suddenly filled with joy and hope.

200

What mattered most to Limonchi wasn't any excuses or apologies, just that one blessing on her birthday, it was enough to show that she cared.

"Trojan!"

Lin Mengqi got up and jumped into Finn's arms and kissed Finn's face.

Finn was suddenly blinded, never thought that he had coaxed Lin Mengqi with such a simple sentence.

Really a woman's heart is like a needle in a haystack, completely unpredictable.

But Finn was also glad that he was mistaken, otherwise, he would still be in a desperate situation not knowing what to do.

Finn took Lin Mengqi's small hand again, and this time, Lin Mengqi didn't refuse.

Finn smiled and brought Lin Mengqi out of the bathroom, ready to return to Shangguan Yue's side.

But as soon as he opened the bathroom door, he just happened to see Gao Xingyu who was preparing to use the toilet.

When Gao Xingyu saw the two of them coming out of the bathroom hand in hand, he got angry and said, "How did you guys come out of the bathroom?What are you doing in there!" First web site

"What for?Does it matter to you?"It was hard for Finn to coax Lin Mengqi, but if Gao Xingyu was in a bad mood again, it might not take long for him to get better.

Now Finn didn't want to teach Gao Xingyu a lesson, but wanted Gao Xingyu to disappear quickly and not to make any more moths.

But Gao Xingyu didn't follow Finn 's wish, so he didn't even go to the bathroom and directly stopped the two of them, questioning, "Say, what did you guys just do!?"

Finn was so angry that he wanted to hit someone, but before he could move, Lin Mengqi raised her hand and slapped Gao Xingyu's face.

"What am I doing with brother Finn , does it have anything to do with you?I've decided not to accept your relationship."

Lin Mengqi spoke in a high tone, like a little lioness, protecting Finn .

Finn couldn't help but feel warm in his heart, although it wasn't him taking the initiative, this feeling of being protected was also good.

Gao Xingyu was so dumbfounded that he couldn't say a word for half a day, so he slammed the door and walked straight out.

Finn laughed, but soon froze and ran outside, but he couldn't see Gao Xingyu's figure.

"Damn, this kid is running away from the bill again!" Finn was so angry that he wanted to curse.

Gao Xingyu always had all kinds of ways to run the bill, it was really no one else.

But Finn didn't care, now that Lin Mengqi had been coaxed, it was actually quite good.

In a short while, the waiter pushed up the birthday cake, and with the blessings of all the students, Lin Mengqi began to make a wish.

I don't know who owed a question with his mouth, "Big beautiful Lin, what did you wish for?"

Lin Mengqi didn't even refuse, but said with a smile, "My wish is that I can receive a birthday present from brother Finn this year."

As soon as this was said, everyone looked at Finn .

Indeed, Finn was the only one who didn't take out a birthday gift.

Finn was also startled, not expecting this to be Lin Mengqi's wish. But now he really didn't have a gift, and although he had Charles prepare a gift, he didn't know when it would be delivered.

Just when Finn was embarrass**ed and didn't know how to respond, there was a thumping sound from outside the hotel.

Everyone couldn't help but look out the window, only to see the sky explode with brilliant fireworks, and it was even textual.

"Happy Birthday to Lin Mengqi!"

Normally, fireworks could only be round, but to actually blow up words, that would require a very amazing craft.

"Wow, how romantic!"

"Who on earth is so kind, so that most of the city will be able to see this blessing, right."

"It's really awesome, I'm so jealous of Lin Mengqi!"

The classmates were all talking, especially the girls were showing their envious eyes.

Which girl doesn't like fireworks, especially this kind of fireworks, which everyone has never seen before, to be able to make a birthday greeting like this, the one who gave the gift was really attentive.

Lin Mengqi's little face was also red, but she still said stubbornly, "The gift is nice, but I'm looking forward to brother Finn's gift even more."

Finn thought that the fireworks would stall for a while, but he didn't expect that Lin Mengqi would be distracted so quickly.

Just when Finn didn't know what to do, his phone also rang, and when he opened it, it was from Charles.

"Time is short, this firework is the birthday gift for young master, are you looking okay?"

Did Charles help me with the fireworks?

Finn straightened his back, this birthday gift simply must not be too good. Look at the envious eyes of these girls, you can see how good the gift is.

Finn coughed, acting embarrassed, "Mengqi, so you don't like fireworks ah, this fireworks is what I prepared, I should have known to prepare something else for you."

"What? Brother Evan prepared this?" Lin Mengqi's body trembled.

At this moment, the sky exploded towards once again, different from before, with a different sentence.

"Handsome Brother Ye wishes Sister Mengqi to be forever young and beautiful, forever eighteen!"

Seeing the situation, any one could still not know that this birthday gift was prepared by Finn .

Lin Mengqi fell into a moving public, and directly jumped into Finn 's arms, weeping with joy, "I like it, brother Finn , I like the birthday gift you gave me so much, I haven't received such a good gift in my life!"

"It's good if you like it." Finn smiled and patted Lin Mengqi's back and hugged her.

In Finn 's heart, however, he was not too happy with the words Ye Big Handsome Brother, how this looked, it was a little too narcissistic.

But on second thought, Finn 's information could not appear on the Internet, and the fireworks were so dazzling, it was easy to be recorded and photographed to upload on the Internet, I guess Charles thought of this, and that's why he switched to Big Handsome Brother Ye.

The fireworks hadn't stopped, they were still continuing to bloom, but there were no more words, only ordinary fireworks.

After all, it was Charles who had found someone to do a temporary rush job, it was already very rare to get two sentences out, and Finn didn't expect much more, so this was very good now.

The fireworks were beautiful, but they were fleeting, and in a short while, they disappeared, but everyone's hearts and minds were enveloped by the fireworks, and collectively they all fell into this romantic public.

This birthday party was also considered a complete success, everyone was full of wine and food, and played until the latter half of the night, before going home one after another.

Finn also did not miss drinking, and when he returned home, he went into the house and just fell to the ground, and nothing was left in front of his eyes....

"Well, it was so comfortable to sleep!"

The next afternoon, Finn stretched out beautifully and woke up from his sleep.

But soon, Evan quickly used the blanket to shield his body, as he wasn't wearing any clothes now.

"f*ck, is it with the broken film again?"

Evan was all too familiar with the scene in front of him, and as soon as he drank, he would collapse in the doorway, thinking that he was bound to appear in bed.

As if they were caught in some kind of spell, it was very magical.

It was just that the women who appeared on the bed every time were not the same group of people, opening the blanket, Finn looked into the blanket and saw two petite bodies, one in white pajamas, Yue Shangguan, and one in black pajamas, Lin Mengqi.

Although the colors were different, they were both the same type of lace pajamas, except for blocking the necessary places, almost all of them were exposed to Finn's eyes, and they were full of white skin.

Looking at both girls hugging his body, Evan was suddenly blinded.

"sh*t, what happened last night after I snapped?"

Chapter 201

What made Finn good and funny was drinking.

Drinking had the advantage of sleeping in bed after every drink and having a beautiful woman by his side.

But there is also a downside, which is that every time after drinking you will have a fragmentary amnesia and have no idea what happened.

After recalling carefully for a while, Finn also had no memory of last night, which couldn't help but make Finn very angry.

Even if he got a beautiful woman back, he should at least know what to do, but he didn't know anything. Even Finn wants to stop drinking, but thinking back to the past, if you don't drink, you won't have a beautiful woman by your side the next day, which is a very contradictory thing.

In desperation, Finn can only lie on the bed and enjoy the temporary warmth.

Under the circumstances, Finn does not have those desires, so he can only cuddle the two girls and enjoy the next sleep.

In fact, he wouldn't dare to do so even if he had the desire, after all, only one of them is a fiancée, while the other one is not a fiancée, but a sister. Even if Finn was a beast, he wouldn't do it to his sister.

It was already eight o'clock in the evening when he woke up again, but it wasn't Finn who woke up on his own initiative, he was woken up by the noise.

The first floor of the building is the first floor of the building, and the second floor is the first floor of the building. Remember the website .

"What's going on?"

Finn knew that Lin Mengqi could cook or was very delicious, never mind that she didn't know how to use kitchen utensils. But now so frazzled is what's going on.

When Lin Mengqi saw Finn , she hurriedly said, "Come over and give a hand to help put out the fire."

Only when Finn approached did he see that the fire in the pot was out of control, and hurriedly took the pot out of the villa and picked up the hose to douse it.

If he hadn't come quickly, the house would have been burned down.

Back in the room, without waiting for Finn to speak, Shangguan Yue said with an apologetic face, "Sorry, it's all my fault."

Once this was said, Finn probably understood what was going on.

It should be that Shangguan Yue wanted to cook and show her culinary skills, but the fire was too big and there was fire in the pot.

Normally, appearing fire would have to go down the dish or cover the lid, but for a novice like Shangguan Yue, how to understand this, must have added water and helped the fire.

Finn helplessly shook his head, saying: "Forget it, all right, next time don't touch the kitchen, if not for me at home, you two little arms and legs can't hold the pot, and then really get exploded on the end."

Shangguan Yue was like a child who had done something wrong, crying and not speaking.

Finn walked forward and ruffled Shangguan Yue's hair, saying, "Alright, just wait until you learn how to cook."

Shangguan Yue nodded and didn't say anything.

Finn didn't say anything more, just a little speechless about Shangguan Yue's putting the cart before the horse. Shangguan Yue had even learned m A**age for half a year, but why didn't she learn how to cook. In order to learn something, a normal girl must have started from cooking and cleaning house chores.

There was no time to complain, Finn 's stomach screamed indiscreetly, so he took the two girls out to eat dumplings.

It had been almost two months since he had eaten dumplings, and Finn also wanted to see how the business of the dumpling shop was going.

Although it was not bad, but Finn still wanted to see the current situation of the dumpling shop.

But when he arrived at the dumpling shop, Finn was confused.

Because the dumpling shop was almost completely deserted, not even half of the people could be seen, only Kong Chunsheng was sitting on a bench in front of the shop, drearily smoking a cigarette.

"Kong Chunsheng, what's going on?"

Finn said with some dissatisfaction, Kong Chunsheng used to be the owner of the dumpling shop here and his business was very prosperous.

After he was bought by Finn , Kong Chunsheng stayed as a waiter instead of leaving, and Finn was touched, so he let Kong Chunsheng be the manager. But Kong Chunsheng actually made the business of the dumpling shop so bad, it's obvious that he didn't care about it.

When Kong Chunsheng saw Finn , he even bounced up from the bench and apologized, "Ye Shao, you're here."

"If I don't come, will this store be yellow." Finn was extremely dissatisfied, if it were anyone else, he wouldn't be like this, but after all, when he gave the shop to Kong Chunsheng in the first place, it was because Kong Chunsheng was honest and simple, but now this situation, how could he not be angry, this was to hit him in the face.

Kong Chunsheng looked embarrassed and bit his lip, "Boss, fire me, I'm the one who can't do it."

"Okay, then you can leave." Finn nodded his head.

In fact, if Kong Chunsheng really wasn't powerful, Finn wouldn't say anything, but it was obvious that Kong Chunsheng was just being sneaky to cause the current state of affairs, and didn't deserve Finn 's trust at all.

Without waiting for Kong Chunsheng to speak, Lin Mengqi snapped, "Kong Chunsheng, don't leave yet, show me your account book."

As soon as this was said, it dawned on Finn .

Right, how did he forget about the ledger.

Just by checking the books, he would know why the business was in deficit, a general trend could also be seen, and he could also see if it was Kong Chunsheng cutting corners to get oil and water from it.

Who said that the dumpling restaurant is not big, but the text is small is also meat, for the waiter's salary Kong Chunsheng, the oil and water is actually quite a lot.

Not long after, Kong Chunsheng brought the ledger.

Saw the income and expenditure on the ledger, every account is right on, but the income curve he could not understand, normal loss or profit, are in a regular curve in increasing and decreasing, such as earning a hundred every day or losing a hundred every day, the loss and profit are about a hundred, only on holidays will jump to five or six hundred. This situation would be normal.

However, the account book in Finn 's hands was very confusing, originally every day was a pure profit of about eight hundred, and with luck could reach a thousand. But then one day, he suddenly lost money, and then there was no income every day, only a few scattered entry records. This kind of situation is obviously abnormal.

Finn couldn't help but frown, "What exactly is the reason that would cause an instant decrease in customers, did you guys cut corners?"

Finn questioned Kong Chunsheng, he hated black-hearted businessmen the most.

Kong Chunsheng sighed, "Then I also have to say, the kid that Ye Shao A**aulted at the beginning went back to find a food critic who specializes in blogging, and he sent out a long and vicious attack on the dumpling restaurant, not only saying that the dumplings were bad and the service was not good, but there were even personal attacks and extortion. That kid is very powerful, many people were convinced, so no one came, it's now about a month, if not for you coming, I'm afraid I would have to call and resign, this shop can't be saved anymore."

Hearing Kong Chunsheng's words, Finn 's body recoiled, never imagining that there was a hidden agenda in this matter.

It was true, if you cut corners, there would also be repeat customers, not suddenly the number of customers plummeted, and what Kong Chunsheng said was also reasonable, indeed there was a bad review to brush down the reputation, that's why there were no customers.

This was a practice that Finn knew about because he had done it earlier in Fengdu, but only used the power of the public instead of choosing to find food critics.

Lin Mengqi said on the side, "Brother Finn , Zheng Bingqing didn't look for a food critic, I remember that Zheng Bingqing guy said that he himself is a well-known food blogger, especially on the Fangzhou side, he's even a little famous, the shops that are usually maligned by Zheng Bingqing will basically be door to door in a few days."

Finn searched carefully and finally recalled that Zheng Bingqing was Lin Mengqi's fiancé, the stalker pervert. It was unthinkable that this matter was still Zheng Bingqing's doing, and it even made Finn mistakenly believe that Kong Chunsheng had cut corners and distrusted Kong Chunsheng.

Thinking of this, Finn couldn't help but gnash his teeth, "Zheng Bingqing, you wait for this young man, you're wasted!"

202

Finn thought that Zheng Bingqing had disappeared forever, after all, Finn had already given Zheng Bingqing a bitter lesson last time and thoroughly beaten her.

But I didn't expect that Zheng Bingqing also posted rumors on the Internet that the dumpling shop service is not good, and personal attacks, and even extortion.

Indeed, Zheng Bingqing said there was nothing wrong with it, and Finn did eat the wontons, which Zheng Bingqing did not. Finn also hit Zheng Bingqing with his hands and made him pay for the table.

What Zheng Bingqing said was indeed the truth, but it didn't mean it was all there was to say.

It's because Finn is the boss, so he can let the kitchen make whatever he wants to eat, and the shop is indeed a dumpling shop, selling only dumplings and not wontons. And hands-on beating, also because Zheng Bingqing first table to get angry in the first place, and even tailing stalking Lin Mengqi, if not to annoy Finn, Finn would not have to do it.

Zheng Bingqing can be really chatty, just said the grievances suffered, but did not explain the reason for the matter clearly. Truly a pitiful person must have something to hate!

Looking at Kong Chunsheng who had packed up his books and was ready to leave, Finn was a little embarrassed, "That, store manager Kong, don't go, I wouldn't have blamed you if you had told me the reason for the matter, in the end, it's still because of the conflict between me and Zheng Bingqing, it's not your problem, you just continue to do a good job."

Finn was a man who knew his mistakes and misunderstood Kong Chunsheng, he also quickly apologized.

Kong Chunsheng's body trembled, a person of this level like Finn was above eye level, it was so rare to want to admit a mistake, at least before Kong Chunsheng had never seen a boss with such a sincere attitude as Finn .

But after thinking about it, Zheng Bingqing shook his head, "Forget it, Ye Shao, it's not that I don't accept the apology, it's indeed my problem, if I operated it properly, I wouldn't have been exploited by Zheng Bingqing, and I would have been able to retain repeat customers, it's all my problem, it's my lack of ability, I'd better resign."

Finn walked over and patted Kong Chunsheng's shoulder, "Store manager Kong, you don't need to be so worried, in fact, I don't care about profit or loss, I just want to be happy, at the worst, this shop is closed to the public, just think of it as my own private restaurant, I will come here for dumplings from time to time for festivals anyway."

Just like what Finn said, Finn didn't really care if he made money or not, after all, the investment in this shop wasn't enough to pay for one of Finn 's cars, so it didn't matter even if it was a complete loss.

Finn was not angry before because of the loss, but rather worried that his vision was wrong and he had chosen the wrong person, seeing that Kong Chunsheng was still so simple and honest, he was happy.

As the words changed, Finn sneered, "Moreover, our shop is in such a state, it's all because of Zheng Bingqing's bad deeds, let me handle this matter, you just feel at ease and continue to open the shop, just leave everything to me. I can't guarantee that the shop will explode, but I have many ways to remove Zheng Bingqing's bad reviews, and I will also make Zheng Bingqing disappear forever."

Finn had always believed in a saying, which was don't cause trouble if nothing happens and don't be afraid of anything. To put it simply, if others didn't provoke Finn , Finn wouldn't take the initiative to pick a fight, but if others provoked Finn , Finn would dig up the other party's ancestral grave and greet the other party's entire family.

When Kong Chunsheng saw the killing intent in Finn 's eyes, his body trembled in fright and the temperature around him seemed as if it was several degrees lower.

"That, Ye Shao you guys come in first to eat dumplings." Kong Chunsheng hurriedly invited Finn 's people inside.

Finn nodded and went in to eat dumplings, Lin Mengqi had come here with Finn before, and even this shop was recommended by Lin Mengqi, so Lin Mengqi's taste for this dumpling was just delicious, but it wouldn't produce a stunning feeling anymore.

But the first time Shangguan Yue was completely different, just by looking at the appearance, this dumpling is just thin skin and filling, and it doesn't fall apart, with the exquisite secret sauce, one bite down, full of bursting juice, the aroma is overwhelming and fresh, and there is even a hint of sweetness. Although Yue Shangguan had eaten dumplings made by the chef, he was also away from home.

In Fangzhou, Shangguan Yue had never seen such an excellent dumpling restaurant before.

"It's no exaggeration to say that this dumpling shop deserves to be rated as one of the top ten food shops in Shang Zhou." Shangguan Yue nodded in satisfaction, her eyes full of little stars, she had never eaten such delicious dumplings in Fangzhou.

Finn nodded his head in satisfaction, a lady like Shangguan Yue was so satisfied, it was obvious that this dumpling shop was excellent, and Finn's vision to invest at that time was worth it.

Just when Finn was also preparing to eat the dumplings, a slightly frivolous voice came from the door.

"Yo, we have a guest today, who was I then, so it's you guys and gals!"

Finn couldn't help but frown at the door and saw the man in a white suit, none other than Zheng Bingqing.

Without even thinking, Finn swung a chair running towards Zheng Bingqing's head and smashed it.

"Damn it, you two pennies!" Finn cursed and after knocking down Zheng Bingqing in one fell swoop, he didn't stop, instead he began a stormy attack.

"Bang!Bang!Bang!"

Finn smashed down heavily one after another, there was no distinction between light and heavy on his hands.

A disgusting existence like Zheng Bingqing deserved to be killed alive.

Even Lin Mengqi, who had a bit of a love affair with Zheng Bingqing, didn't plead for mercy and quietly ate dumplings without the intention of even looking at Zheng Bingqing.

To come in and call them a dog and man, Zheng Bingqing's damn mouth is really cheap!

"This, this, little girl, you can persuade Ye Shao, it'll be over if you really break it later." Kong Chunsheng said somewhat worriedly to Shangguan Yue.

The reason why Kong Chunsheng didn't plead with Lin Mengqi was because the last time when Finn hit Zheng Bingqing, Lin Mengqi was also in a state of watching, and this time the situation was urgent, so of course he skipped over Lin Mengqi.

But what Kong Chunsheng didn't expect was that Shangguan Yue was just eating dumplings on her own, and the only time she looked up, she also looked at Zheng Bingqing, who was bleeding from head to toe, and praised, "Good fight."

"....."

Kong Chunsheng didn't think that Shangguan Yue was even more ruthless than Lin Mengqi, but she was still able to show her approval in this situation, so they were all really a bunch of monsters.

Kong Chunsheng didn't know what to do anymore, so he just sat on the side, numbly watching the show and watching Finn's violent performance.

In fact, Kong Chunsheng really underestimated Shangguan Yue, Finn still had some knowledge of Shangguan Yue's reputation.

Previously at the auction, people were scared to mention the Shangguan family, especially when it came to Shangguan Yue, they even avoided it. It was obvious that Shangguan Yue was a little witch, the earth tyrant of Fangzhou, only to be restrained in front of Finn, revealing the shyness of a little woman.

After all, it was the Shangguan family, the super family of the Fang Continent, which had seen far more cold-bloodedness than what was in front of them.

According to Shangguan Yue, this kind of Finn was just the simplest way to vent, if it were Shangguan Yue, she would have already thrown Zheng Bingqing into the river to feed the fish.

Although Zheng Bingqing didn't scold her just now, it was even worse than scolding her.

Having scolded Finn and Lin Mengqi for being a dog and a man, this one sentence made Shangguan Yue have two points of anger.

One was that she had scolded Finn, and the other was that she had scolded her fiancé, how could she not be angry?

Secondly, by cursing the dog and man, it meant that Zheng Bingqing saw Finn and Lin Mengqi as a pair, but Shangguan Yue was Finn's fiancée, which also made Shangguan Yue very angry, and moreover, jealous.

And that was why Shangguan Yue was eating dumplings while cursing, "Good fight, wonderful fight, croaking!"

203

"Whew, I'm exhausted!"

Finn vented for a while before it was over.

After looking at the fainting and unconscious Zheng Bingqing, Finn sneered, "This idiot even took the initiative to come to the door."

With that, he put down his chair to wash his hands and started eating dumplings again.

"How do you want to handle this matter?" After Shangguan Yue had eaten and drunk enough, she asked Finn who was gorging on dumplings in front of her.

Finn didn't look up: "I see that you're looking quite happy, so why don't we just let you deal with it this time, I'll just let it go after venting."

Finn just held his breath in his heart, Zheng Bingqing's constant disgustingness was really too much for Finn to bear. But if you really want to dispose of it, Finn really doesn't have any good options, there's nothing else but a beating.

Couldn't really throw Zheng Bingqing into the river and feed her to the fish, right?

Zheng Bingqing was not guilty of this, at most, he was just a cheap mouth or a keyboard warrior.

Shangguan Yue said thoughtfully, "Then let me handle it." The first website m.

Saying that, she took out her phone and made a call, saying, "Butler, find me a food blogger who is looking for people in the industry to publicize Zheng Bingqing's fake news, maliciously comment on his reputation, stink up Zheng Bingqing's reputation, and send an order that no company in Fangzhou will be allowed to accept him, including his family."

After saying that, Shangguan Yue hung up the phone.

Finn couldn't help but reveal his admiration, Shangguan Yue's statement was very simple, but it was very ruthless, and could be said to be deadly in one blow.

If Finn were to deal with it himself, it would be to find someone to beat Zheng Bingqing, but it was to no avail, and Zheng Bingqing could still be a keyboard warrior. If you want to make your own money, you will have to leave your home and go abroad.

It can be said that as long as Finn is in Fangzhou, he won't have to be disgusted by Zheng Bingqing anymore.

It's just a relief for Finn, but it has no effect on Zheng Bingqing, because if he dies, he won't know anything. But now if this was the case, Zheng Bingqing would be very uncomfortable and on the family side, they would blame Zheng Bingqing for all the cold treatment he would enjoy.

This hand of Shangguan Yue's anti-disgusting routine was still very powerful.

It was also really worthy of the Shangguan family, and Finn saw the terrifying power of the Shangguan family in Fangzhou.

That night, Finn's phone popped up with a lot of local news, and many food bloggers joined forces to boycott Zheng Bingqing and listed the things that Zheng Bingqing used to be paid to write fake food reviews, which was condemned by a large number of netizens.

At this time there were also very netizens who came forward and said that the restaurants that were rated well were actually expensive and awful.

By the next morning, Zheng Bingqing's food blogger certification was cancelled and permanently blocked by the official website, and the momentum continued to build, and all the shops Zheng Bingqing had reviewed were redefined. Many food bloggers took the initiative to try the food, especially when they went to the Dumpling House, greatly praising the freshness of the dumplings.

Without thinking too much, Finn knew that these were the handiwork of Shangguan Yue, otherwise why would these food bloggers collectively come forward.

And so, by the third day, Zheng Bingqing's message had disappeared, and instead, Finn's Dumpling House was already extremely hot, just like when Finn first came here, the line was around the corner.

Finn was very satisfied with this, and so was Kong Chunsheng.

Kong Chunsheng thought that the dumpling shop was finished, but he didn't expect Finn to be so powerful, and with just a few simple operations, he completely revitalized the dumpling shop.

It remained open until ten o'clock at night.

There were actually still many people lining up, but the dumpling shop had run out of any ingredients, which was a desperate move.

Finn had been working in the dumpling shop because there was nothing to do, and after a busy day, Finn also thought about the time when he used to work, which was very fulfilling.

The only difference is the mentality, before Finn was eager to get off work, because everyone wants to go to bed early. But now Finn is in no hurry to leave work, because this shop is his, the longer he works, the more he earns. Although they were all small amounts of money, this collecting money and exchanging it for labor was still very pleasing.

Kong Chunsheng came out with a plate of dumplings and said with a smile, "Boss, you've worked hard today too, you've been busy for so long, have a plate of dumplings."

"Okay." Finn nodded and beckoned, "Shopkeeper Kong, come over and eat as well."

After being slightly startled, Kong Chunsheng spoke, "Okay, then I'll come over to eat right away, I'll go out for a trip first."

"Go out for a trip? Is there anything else?" Finn couldn't help but frown, thinking that something had happened to Kong Chunsheng.

After all, it was already more than ten o'clock at night, basically nothing happened, going out at this time, it might be Kong Chunsheng's private affairs out of the question.

Kong Chunsheng waved his hand, "No, I see a shaggy-haired beggar outside, squatting for a day, quite poor, send him a plate, don't worry, the salary from me inside deducted on the line."

Finn was stunned at the news, never would have thought that Kong Chunsheng would be so kind, so busy and concerned about the outside world.

"Don't send it over, tell him to come in and eat, it's warmer in the house too." Finn didn't look down on the beggar, it was just a plate of dumplings anyway, so help a little, as the saying goes, saving a life is better than creating a seventh grade pagoda, he let someone else have a full meal, although not so great merit, but at least his heart would be happy because he did something good.

With a smile, Finn got up and prepared to call the beggar in personally.

Only walked in, Finn found the beggar dodging, Finn some puzzled even closer, finally in the beggar's shaggy face found a trace of familiarity: "f*ck, you are Zheng Bingqing!"

Finn did not expect that the beggar in front of him was Zheng Bingqing.

But there was confusion in Zheng Bingqing's eyes, but it was more of a fear of Finn .

"He's crazy."

A sigh came from behind Finn , and Finn turned his head to see that it was Shangguan Yue.

Shangguan Yue explained with a sigh, "Under our family's suppression, many food bloggers have taken the initiative to dis **Aociate themselves from him, and Zheng Bingqing usually spends a lot of money, and for the sake of food Aessment**, he even eats a lot of food that he can't afford at all. But as long as there is a reputation, sooner or later, he can

earn back his money, so he borrowed a lot of money, and now in this situation, everyone is looking for money from him, and the Zheng family did not dare to offend our Shangguan family, so they directly disassociated with Zheng Bingqing, and Zheng Bingqing is now unable to repay his debts, and was beaten many times, so it drove him crazy."

"This..." Finn didn't think that in just three days, he could drive a good person to such a state, he really didn't dare to imagine.

But Finn didn't regret it, Zheng Bingqing was driven mad mainly because he owed money and deliberately wrote bad reviews to earn black-hearted money, and now he deserved it for ending up in such a situation.

The first thing you need to do is to take a look at the dumplings, and then you'll see the dumplings that are left over.

204

Zheng Bingqing's matter was just a small episode, not to mention that Finn didn't take it to heart, even Lin Mengqi's family took it to heart as well.

After all, a scum like Zheng Bingqing, the outcome of everything seems to be tragic, but it is deserved, there is no need for sympathy.

The days returned to a peaceful state, and Finn was disturbed from his clear dreams another day, helplessly climbing up from his bed.

Finn's rich ideal life is to eat well, sleep well and play well, the only goal is to find the jade to return to the family.

But now Finn didn't find the jade tablet, nor did he eat, sleep and play well, he just accompanied Lin Mengqi to school.

During the meal, Finn finally couldn't help but say, "Sister Mengqi, brother has been good to you, accompanying you for almost a month, you see when I can drop out of school ah, I have other things to deal with."

Lin Mengqi was still happy to eat, and was startled when she heard Finn's words, only after a long time did she sigh: "I knew you would leave, I didn't think it would be so soon, I know you have things to deal with urgently, it's for that what jade medallion. Since that's the case,

I won't force you, I've been quite happy this month, as long as you promise me one last thing, I'll consider you to have fulfilled your promise."

"What is it?" Finn was a little happy, he didn't expect Lin Mengqi to be so easy to talk to. What's more, he didn't expect that Lin Mengqi had actually thought about these things, and his heart praised Lin Mengqi for being sensible.

Lin Mengqi intoned, "It's like this, although Gao Xinyu isn't as bouncy as he used to be, I feel that as long as you leave, he'll still find me, my Lin family is always inferior to the Gao family and can't fight them, I don't want to be bullied by Gao Xinyu after you leave."

"This matter ah, easy to handle." Finn nodded his head and agreed in one breath. Remember the URL .

For Finn , he also understood Gao Xingyu very well. Originally, if he hadn't appeared, Gao Xingyu would still be the cl A** president and a good old man, but his appearance had affected the original balance of the cl A**, and he reckoned that Gao Xingyu couldn't wait to show his true face because he felt inferior to him.

Although the Lin family wasn't as good as the Gao family, the difference wasn't too great either. The normal outcome would be that Gao Xingyu and Lin Mengqi would fall in love over time, and the marriage would become a family, a win-win situation. But now due to the existence of Finn , Lin Mengqi liked Finn , not Gao Xingyu. No wonder Gao Xingyu was torn apart, it was all forced by Finn . But even if he understood these things, Finn actually felt innocent, after all, he was really only brother and sister, he wasn't that interested in Lin Mengqi.

It wasn't that Lin Mengqi wasn't good looking, but Finn 's heart couldn't hold more people, and now this big pile of women was enough for Finn to worry about.

If it wasn't for all sorts of things not being around, now Finn was surrounded by a bunch of girls, and with his words, it was enough for two tables of mahjong.

Shaking his head, no longer think of other things, Finn took Lin Mengqi to school, and Shangguan Yue followed, has been wanting to say, eventually still did not say, but this scene Finn is not seen.

When you come to cl A, **it's still the same as it was, the students are in disarray, the only difference is that people won't pay attention to Finn anymore. Even when Lin Mengqi held Finn 's arm and entered the cl A**, the students were not jealous in the

slightest. After all, Finn was really rich and Lin Mengqi was really beautiful, a match made in heaven, everyone just envied this kind of love.

"Gao Xingyu, come out with me for a moment."

When he entered the cl A**, Finn let Lin Mengqi return to her seat and he called out to Gao Xingyu to come out and talk.

Gao Xingyu's eyebrows furrowed, but he didn't say anything, so he followed Finn out.

"What do you want? Squad Leader Ye." Gao Xingyu frowned and asked.

Now a month, it was dark for Gao Xingyu, the first time he ran the bill, Gao Xingyu actually couldn't lose face, that's why he thought of inviting everyone to dinner for the second time, along with giving Lin Mengqi's birthday in one fell swoop.

But Finn's appearance, so angry that Gao Xingyu directly left, formed the second running list.

The result of the two running orders was that Gao Xingyu saved hundreds of thousands of dollars, but it caused the whole cl A** to despise him, but instead took the opportunity to grow Finn's atmospheric reputation.

So for Finn, Gao Xingyu had always harbored a grudge.

Finn faintly opened his mouth and said, "You go, leave Fangzhou."

Although Gao Xingyu ran the bill, Finn wasn't angry, and anyway, the money wasn't just spent on Gao Xingyu, but on the whole cl A. **He had a very fulfilling month, he got the whole cl A** to brag, he was happy every day, at least in his cl A**, he enjoyed the treatment of an emperor, wanting the wind and rain, very fulfilling.

But just now he had all promised Lin Mengqi to get rid of the hazard that was Gao Xingyu.

But to be precise, Gao Xingyu was either a hazard or an ordinary student, at most a potential threat. In this regard, Finn did not want to force to bring down the Gao family, it would be a bit too degrading, and Finn could not accept that he had become such an evil person.

That's why Finn compromised and asked Gao Xingyu to directly leave Fangzhou and never come back. This way, no matter who's girl Gao Xingyu touched, as long as he couldn't touch Lin Mengqi, he would be fine.

"What do you mean, you're going to chuck me out now? You really think you're something?" Gao Xingyu's forehead bulged with veins, to him, what Finn did was too much. His freedom to go to school still had to be controlled by Finn. For what?

Finn locked his eyebrows, but in the end, he only said, "Think about it, think it over and tell me the result, I'm agreeing to someone else's request, if you don't leave, I have another way."

After saying that, Finn left.

On the way back to the cl A**, Finn muttered to himself, "Hey, did I go too far?"

It's always bad to force people so much, because when Finn was poor, he was also forced by others, but there was nothing he could do about it, so Finn used to swear that he wouldn't become a nuisance even if he was rich.

After thinking to the left, Finn sighed, "Forget it, if Gao Xingyu really doesn't agree, I'll let Mengqi transfer to cl A** one and follow Shangguan Yue, even if Gao Xingyu has the guts, he wouldn't dare to call the shots with the Shangguan family, well, let's do it."

Eventually, Finn came up with a solution, there was no need to completely force Gao Xingyu.

Of course, if Gao Xingyu was able to leave Fangzhou, it actually solved the problem from the root, counting that Gao Xingyu knew how to be considerate, and Finn wouldn't be bothered with the previous two runs.

Otherwise, if Gao Xinyu doesn't want to leave, Finn is ready to ask for the money that should have been taken out by Gao Xinyu before he came, and even if he doesn't give it, Finn will force him to take it back.

Making up his mind, Finn went back to sleep in his cl A** and continued to catch up on his morning rejuvenation sleep.

After all, this was Finn's last day sleeping in this school!

Sleeping in cl A, **playing at the end of cl A**, eating in the cafeteria, the day went by quickly.

The last cl A** was a self-study cl A, **and after this cl A**, it was considered over.

Finn had also finally completed his mission and could leave the school!

Although the school was free and a place without any pressure, it was not good for Finn instead, what Finn needed now was still practice. After all, the jade medallion was just a coincidence, but the experience was inevitable, whether or not all the jade medallions were collected, Finn needed to work hard to hone himself.

Otherwise, when he thought of how big Ye Island was, Finn would have a big head and wouldn't know how to manage it.

He was the only son, sooner or later, Ye Island would be under his control.

Managing such a big place, Finn didn't have that ability for the time being, he still had that self-awareness.

"Big squad leader Ye, come out for a moment!" Gao Xingyu's words interrupted Finn's thoughts.

When Finn saw the smile on Gao Xingyu's face, he laughed as well.

It was obvious that Gao Xingyu was sensible and had obviously figured out what to do.

Finn walked up quickly, so he followed Gao Xingyu out of the cl A**.

Only to Finn's surprise, Gao Xingyu wasn't talking at the door, but kept walking out.

"Where are you going?" Evan frowned and asked, this direction was obviously to the woods behind the school, but just to answer one question, was it so far to walk? It wasn't something to see either.

Gao Xingyu chuckled, "I already have the answer, you'll know if you come with me."

Finn frowned, but still nodded and followed Gao Xingyu.

Within a short while, they arrived at the grove, and Finn was a little impatient, "Alright, now we can talk."

"Good, this is the answer I gave you!" Gao Xingyu snapped his fingers, and the next thing he knew, six brawny men ran out from the grove and surrounded Finn .

"What do you mean?" Finn 's eyes were narrowed, just wanting an answer, why call in these brawny men, and this scene was so familiar to Finn .

Gao Xingyu sneered, "I'm leaving?! I'm out of here, you idiot!! I'll leave if you let me, you really think you're something!"

"So what are you doing now, venting? Looking for someone to beat me up?" Finn didn't have the slightest bit of cowardice, but the thoughts in his heart began to change.

Earlier, he was thinking of talking to Gao Xingyu nicely, after all, there was no substantial conflict, but finding someone to beat him up, this was what Finn absolutely could not endure.

Gao Xingyu smiled and said, "Beat you up? That would be a bargain!! I'm not only going to beat you up, but I'm also going to strip you naked, take pictures and post them on the school forum so you can't be a human being. Yes, you are rich, richer than me, but don't you see what kind of place Fangzhou is, except for the Bai family and Shangguan family, there is nothing else I am afraid of. Although I don't know how you hooked up with Shangguan Yue, but you and Lin Mengqi are cuddling every day, I don't think your relationship with Shangguan Yue is that good either, that girl is a famous little witch."

Saying that, Gao Xingyu took out his cell phone, "You guys go, give me a good beating on this kid and strip the clothes off!"

Finn 's eyes narrowed as he said, "Gao Xingyu, I'll give you one more chance, you're sure of what you say!"

"Sure? Oh, right, I really remember." Gao Xingyu's mouth hooked and smiled evilly, "Tiger, I remember that you like men, right, Finn is at least tender skinned, it suits your appetite, give me a hard blast of him later!"

Tiger licked his lips and said, "Okay, Gao Shao, I like such tender skinned ones."

As the words fell, Ah Hu pounced directly on Finn .

Finn hurriedly retreated backwards, he didn't expect that the person Gao Xingyu had recruited would have such a perverted existence, this really scared Finn .

Couldn't care to play calm, Finn quickly said, "You guys stop, how much money did he give you to do this kind of thing, I can double it!"

"Heh heh heh!" Without waiting for the big men to speak, Gao Xingyu laughed, "These people are all professional thugs, and they are all thugs raised by our Gao family, they are loyal to our Gao family, no matter how much money you pay, just put away your stinking money, it's useless with me."

Upon hearing this, Finn was shocked, he never expected that these thugs were cultivated by the Gao family, this was a bit difficult to do.

If they were thugs from outside, Finn would have been fine spending money to buy them, which was Finn 's previously indifferent bottom line, but if it was really like what Gao Xingyu said, he wouldn't be able to escape these big men, especially Ah Hu, no matter what.

Sweat unknowingly soaked through Finn 's back, but there was nothing better Finn could do.

But Ah Hu was as if he had eaten Finn , so he smiled and said, "Little handsome man, you said to pay, I'd like to see how much you pay, if you give me ten thousand, I'll do it lightly then."

"Ten thousand?" Finn was slightly startled, never thought Ah Hu would ask for such a low price, but thinking that it was a small city in the third tier of Fangzhou, even if there was a million in his pocket with a deposit was very impressive, ten million was the big man, so he inevitably came to the spirit.

"I'll give one million, can you guys be my thugs." Finn is now a dead horse, otherwise, there is no other way.

Seeing these people settling down, Finn knew there was a show, so he hinted again, "Think about it, if you guys think about it, being a hitman in the Gao family, it's just a youthful meal

in this life, it's good if you can eat for ten years, higher up, even if you earn ten thousand salaries a month, ten years is only a million. I'll give you each a million now, you only need to be my thugs once and that's enough, think what you will, you all earn!"

"A million?" Ah Hu was suddenly shocked, with so much money in front of him, I must say that Ah Hu was shaken.

Seeing this, Gao Xingyu was busy saying, "Ah Hu, you are cultivated by my Gao family, do you still want to go against it?"

Finn smiled, knowing what was most important now, and that was sincerity.

Without much thought, Finn took out his phone and opened WeChat, "Whoever wants to become my hit man, now bring your phone over and scan the code, I will only give the full one million!"

"Give directly?" Ah Hu was directly shaken and took out his phone.

Finn didn't get inked and directly transferred two million.

"Two million! Two million!" Ah Hu ton was blinded, did not say good one million it, how to give two million directly?

When Finn saw Ah Hu's appearance, he knew that Ah Hu had been bribed, and couldn't help but smile again, "I forgot to say just now, first come, first served, the first person is two million, the second person is one million eight hundred thousand, the third person is one million six hundred thousand, and so on, only the sixth person is one million."

This statement, the five big men behind Ah Hu suddenly breathed tightly, after all, if you stand in line early, you can get more money, and if you are one person late, you are two hundred thousand late ah!

The five people who didn't get the money suddenly swarmed in front of Finn, but the big man who couldn't squeeze in at the end of the line was smart enough to charge directly at Gao Xingyu.

Only then did Gao Xingyu revealed a smile, "As expected, only you are the right choice, not without my Gao family raising you for so many years, not bad, you..."

Before Gao Xingyu could finish his sentence, he saw the big man's sandbagged fist directly smashed into Gao Xingyu's face.

After KOing Gao Xingyu with one punch, the big man got excited and said, "This young master, I fought first, I was able to get ahead of the line to receive the money this way!"

Finn some speechless and at the same time feel a little funny, looking at the gang of brawny men is not a fool ah, see money head a quicker than a spin.

Even Finn , also had to admire!

Chapter 206

Although Gao Xingyu was defeated, but Finn was still a man who kept his promise, so he transferred money to all the big men.

But with so much money to spend, Finn 's heart was a bit uncomfortable, after all, it would be too easy to let Gao Xingyu go after beating him down.

Seeing Finn locking his eyebrows, Ah Hu suddenly suggested, "This young master, are you troubled ah, tell us, we'll give you ideas."

"But you guys are from the Gao family, right." Finn frowned.

Ah Hu chuckled, "We've all taken your money, the Gao family can't go back, go back and pack your things, we'll run away at night."

"So that's how it is." Finn suddenly understood Ah Hu's meaning.

Ah Hu's implication was that since they were all ready to run away, they would make as much money as they could.

And since Finn had paid, it wasn't bad to pay more, so he explained, "It's like this, I think it's too easy to let go of Gao Xingyu like this, any way you guys have, as long as you can implement it and make Ben Shao happy, Ben Shao will give you extra money!"

Hearing the increase in money, the eyes of a few big men fiercely emerged with golden light.

With a long-expected expression, Ah Hu jumped right out and said, "Young Master, I have a solution that will make you very satisfied." Remember the URL . . . net

"Go ahead." Finn smiled helplessly, he knew that Ah Hu had many ideas, otherwise he wouldn't have deliberately proposed just now.

Ah Hu chuckled, "Young Master, you also know that I like men. I have been peeping at Gao Xingyu for a long time, can formerly have the scruples of the Gao family, but now is nothing, as long as young master is willing to pay money, I will explode him on the spot, and also let you take pictures to hold Gao Xingyu's grip, and become a stain on Gao Xingyu's life."

"f*ck!" When Finn heard Ah Hu's plan, his body trembled violently, and he subconsciously backed away.

A few other big men did the same, and gave a thumbs up, "Ah Hu, you're awesome, I'm not going to earn this money, you earn it, this is the glory that belongs to you, you deserve it!"

Finn was a little nauseous just thinking about the images, so he said in a deep voice, "Tiger, I'll give you two million, and the other brothers each have one million. Tiger is the main attack, the others are responsible for taking pictures and videos from different angles, I'll pay you guys after it's done, I'll go outside for some air."

Finn was not going to video himself, otherwise he was really afraid of getting a needle's eye, they had a saying back home that when you saw something unclean, it was easy to get a needle's eye, which would make your eyes very painful.

When he was little, Finn would get needle eyes even when he watched others kissing, let alone seeing two men playing wrestling.

After walking fifty meters away, Finn heard the screams coming from Gao Xingyu, Finn was so scared that he quickly covered his ears, not to mention, he also began to sympathize with Gao Xingyu, but only for a moment.

Because if it wasn't for these big men being greedy for money just now, it would be him, Finn, who is now issuing the screams.

Thinking of suffering that kind of humiliation, Finn had no sympathy for Gao Xingyu, he just felt that the wicked have their own wickedness to grind, the heavens have their eyes!

To Finn 's surprise, it took a full twenty minutes for it to end.

Hearing no sound, Finn walked over and saw Gao Xingyu, who was p A**ed out on the ground, and vomited all of a sudden, because it was so disgusting.

Turning his head to his side, besides Tiger, the rest of the big men were also pale and filthy on the ground, obviously not throwing up.

"Brothers, you've worked hard, you're good, otherwise you guys can just follow me from now on, I'm relieved to have you guys following." Finn suggested.

These people were indeed good, their only weakness was just greed for money.

But when it came to money, that was Finn 's only strength ah, it just complemented each other.

And to think that in the future, if someone messed with him, he'd let Tiger explode his injuries and the others videotape, that feeling, not to mention how refreshing.

In Finn 's opinion, there won't be anyone who isn't afraid of a pure man like Ah Hu.A wrestler of Ah Hu's level, that's an ungodly existence.

Just looking at Gao Xingyu who was foaming at the mouth, even if he fainted and trembled from time to time, Finn couldn't help but shiver and subconsciously left the five meter distance around Ah Hu's body.

"Following you?I agree."Ah Hu agreed without even thinking about it.

After all, Finn was generous and everyone could see it in his eyes, let's just say that the reward for these two times was four million, which was already enough for Ah Hu to live for the rest of his life.Even if it was only once a year for a mission like this, Ah Hu felt that it was worth it and a steady profit.

Although the others didn't take as much as Ah Hu, but it was at least two million, so they were all very happy and soon decided to follow Finn 's side together.

Finn looked at the six of them and nodded his head in satisfaction, "Good, from now on, you will be my six vajra, responsible for protecting my safety, got it?"

"Know!" These people nodded their heads and their voices were loud.

Finn was pleased, "Good, that's the kind of momentum I want. In the future, your annual salary will be one million, and on missions depending on my mood to give you another calculation, I want you to know that following me is eating and drinking."

Finn knew that these people's shortcoming was money, and taking out a million annual salary would be astronomical for these uneducated people.

As Finn expected, the six vajra suddenly kneeled down, there was no one, who would have trouble with money.

Looking at the six huge guys in front of him who were over one meter and nine meters tall, Finn only felt an increasing safety factor, only when he saw Ah Hu, Finn was a little unnatural.

Ah Hu was a double-edged sword, very good when used well, but a great threat to oneself when used poorly.

But for the time being, there was nothing that Finn could do about it, because Ah Hu was too big, so big that Finn simply couldn't refuse it.

As before, after Finn built his microchip group, he let the big men go home to pack up their things first, while he returned to his cl A** and honorably announced that he was leaving his post and withdrawing from school.

This news surprised the students, after all, Finn was so generous, so good and so protective, if Finn left, everyone wouldn't have such a happy college time.

Looking at the students' retention, Finn 's heart was pleased, as expected, these students are not wolf pups, and they know who treats them well. But Finn really couldn't delay, or else he really wanted to finish the semester before leaving.

Thinking that the jade medallion was still eight pieces short, Finn couldn't take any more breaks.

With the previous few experiences, Finn had already thought of going to the jade shops and antique shops across the country to search for the jade medals, and even if he couldn't find

them, he would be able to exercise everywhere and increase his knowledge, which would be very helpful for him to take over the family in the future.

Just couldn't stop at the cl A**, after all, here, it was too comfortable, like an ivory tower, comfortable but also completely imprisoned him inside, forever stagnant, this was what Finn didn't want to see.

So no matter how much his cl A**mates tried to hold him back, Finn still unloaded and dropped out of the school!

207

Leaving the campus, Finn was a bit reluctant, but there was nothing he could do about it.

Lin Mengqi followed behind Finn, somewhat worried: "What happened after Gao Xingyu and you went out? He didn't even come back by the end of the school day."

Finn wanted to vomit when he thought of Gao Xingyu, so he waved his hand and said, "Don't worry, I've solved it, and he won't appear again in the future."

Yes, Finn had completely solved it, Gao Xingyu would not only not be near Lin Mengqi, but he might not even appear among the schools in the future.

After all, there were five videos from different perspectives in Finn's phone, perfectly recording the entire process of what Gao Xingyu had just done, and as long as Gao Xingyu still had to face, he couldn't appear.

Only to Finn's surprise, the next morning, Finn's WeChat group blew up, it was the six vajra's WeChat group.

Although they had run away from the Gao family, there were still people they knew who stayed in the Gao family to work, so they knew that Gao Xingyu had gone crazy.

Finn was somewhat speechless and sent a message in the group, "Okay, crazy is crazy, be stimulated like that, in my place I am also prone to crazy, don't chat, big morning to provoke people to clear their dreams."

Ah Hu sent a smiley face and said, "Ye Shao, you don't know, we ran away because we betrayed Gao Xingyu, but Gao Xingyu is crazy, and there is no proof against him, I'm sure

the Gao family didn't find out about our betrayal, so we can still stay in the Gao family, we don't have to run away in fear. Even if we go abroad with Ye Shao in the future, it can be a resignation with the Gao family, so there's no crisis of being hunted down."

Seeing Ah Hu's explanation, Finn nodded his head knowingly.

Indeed, without having to be hunted down, the Six King Kong could also live a more natural life and be able to work well as a bodyguard, so it was good to think so, at least there was no potential threat.

Thinking of all this, Finn also let the six vajra hot chat in the group, and he had no choice but to mute his phone, and after not disturbing, he continued to sleep with his head covered.

It wasn't until the afternoon that Finn got up.

Actually, Finn went to bed early last night, but just wanted to keep sleeping. After all, he hadn't slept this long since school. Even though he didn't and enough sleep, his body couldn't slow down, but starting today without going to school, Finn could finally sleep well until he woke up naturally.

"Whew, so comfortable!"

The sun had turned red in the west before Evan woke up with his back stretched out.

He slept well, not only because he didn't have to go to school, but more importantly because no one disturbed him, including his cell phone.

But Finn woke up or used to look at the phone, they opened the phone, only to see fifty-three missed calls.

Finn just suddenly sleep mute, so many phone calls, there must be something urgent, who could it be?

Finn hurriedly opened his phone, only to see that the caller ID was none other than Shangguan Yue.

Without thinking too much, Finn even called back.

There were only two rings and then the call was connected, but it wasn't Shangguan Yue's voice, but a man's voice.

"Finn is it, you have thirty minutes, come to Hongfeng Garden!" The man's voice was a bit cold, more of a mocking banter, making Finn very uncomfortable.

But when it came to Hongfeng Garden, Finn had to think of another girl, that was Bai Rou.

When she invited the whole class A** for dinner, Bai Rou gave up the luxury box because her class A**mates didn't come, and gave Finn a business card as a gesture of thanks.

Finn remembered that the contact address on Bai Ru's business card was Hongfeng Garden.

The reason why Finn can remember so clearly is because Hongfeng Garden is one of the best villa communities in Fangzhou, and it is not difficult to leave an impression.

After dressing out and driving the BMW i8, Finn sped off to Hongfeng Garden, and on the way, dialed Bai Rou's phone number.

"Hello, who's there?" Bai Ru's voice was cold and clear, completely different from the shyness when she met with Finn earlier, completely imperial sister-like.

Finn was shocked, but it was still Shangguan Yue's business that mattered, so he said, "Miss Bai Rou, I don't know if you came to remember me, I'm Finn, I met you once before at the hotel."

"Finn? Some impression, it's that rich little handsome guy right, what, you haven't been in touch for over a month, why do you suddenly think of talking to your sister?" Bai Rou's tone of voice became very gentle again as before, but the teasing – teasing in her tone made Finn somewhat unable to stop.

Finn still had a hood over the year up female.

Out of the matter of Shangguan Yue, Finn could only hold back the flames in his heart and try to remain calm, "It's like this, it seems that a friend of mine has met with an accident, I hope you can help."

"Oh? What is it?" Bai Rou sounded slightly surprised.

Finn stated, "It's like this, I went to bed today, and when I first woke up, I saw over fifty missed calls on my phone, I thought there must be something urgent, so I called back, and it turned out to be a strange man who answered the phone and told me to arrive at Hongfeng Garden within thirty minutes."

"So that's it, no wonder you called me, don't worry, I'm at Hongfeng Garden, I can help with anything, can you send me the specific address?" Shirou inquired.

"I'll send it to you by text message." Finn took out his phone and sent a text message.

In a short while, a scream came from the other end of the phone, "Isn't this my house..."

"Your home?" Finn was blinded, he remembered it was a man's voice, how could it be Bai Ru's house?

"What's the name of the friend you're talking about?" Bai Ru pursued, "I'll check at home to see if there's this person, and don't worry, since this happened at my house, I won't tolerate it!"

"Shangguan Yue." Finn briefly uttered Shangguan Yue's name.

"Shangguan Yue?" Bai Ru fell silent as she exclaimed in shock, only replying after a long time, "You said your friend is Shangguan Yue? Shangguan Yue of the Shangguan family? What is your relationship with her? Could it be that you're Shangguan Yue's fiancé?"

Hearing Bai Rou's words, Finn was also silent.

It was unthinkable that Bai Rou knew in such detail, and Bai Rou had also said that the address was her house, so did this matter mean that it had something to do with Bai Rou?

Finn didn't dare to confirm it, but still asked after him, "How do you know so clearly? Could it be that Shangguan Yue was trapped by you and your family together?"

The reason why Finn dared to ask was that he had the bottom line.

As long as Bai Rou dared to admit it, it would be pointless to ask for Bai Rou's help now, it would be better to call Charles for help.

Originally, Finn 's plan was to ask for Bai Ru's help, after all, Charles had already said that the family tried not to provide help, if he relied on Charles for everything, he wouldn't have grown, but now the situation was urgent, if it was really the last resort, Finn would still seek Charles.

But what Finn never expected was that Bai Rou's answer caught Finn off guard!

208

"Right now little sister Yue is playing in our house, and she's not trapped, what are you talking about? Is it because you suspect your sister?" Bai Ru's tone was somewhat dissatisfied.

Finn was a little caught off guard, he had thought of many versions, but they all revolved around the premise of Shangguan Yue being kidnapped, but never thought that it was Shangguan Yue who was not kidnapped.

The unbelieving Finn asked again, "Then why did the man on the phone say that he wanted me to arrive within thirty minutes?"

"Because today is my grandmother's birthday ah, if your fiancé doesn't come, and Shangguan Yue lacks a male companion, it must be my indiscreet brother who is taking advantage of it, and the birthday party is in half an hour." Bai Ru replied matter-of-factly.

"What?"

Finn had a dry cough, never expecting the truth of the matter to be like this.

If it was really what Bai Ru had said, Finn thought it had some credibility.

As a member of the top family Shangguan Yue, being able to be celebrated by Bai Ru's grandmother for her birthday, Finn naturally associated it with the Bai family, as only the Bai family could have such a great face to invite someone from the Shangguan family.

After all, the Shangguan family and the Bai family were both top families.

If that was the truth, then wouldn't the younger brother that Bai Ru was talking about be the Bai Fei who had been scheming against Shangguan Yue? First web site

After all, Bai Fei had been unrequitedly in love with Shangguan Yue all these years.

"Is the brother you're talking about Bai Fei?" Finn directly asked the question in his heart.

Bai Ru replied, "Yes, it's Bai Fei, I can't believe that you even know this, it seems like you guys haven't missed much contact."

"Okay, then I know."

With a nod, Finn just hung up the phone and accelerated his driving speed.

Now that he knew Bai Fei's intentions, it should be that Bai Fei wanted to be Shangguan Yue's male companion. The reason why Finn let Finn rush over was not because of Bai Fei's good intentions, but because Shangguan Yue couldn't find an excuse to refute. After all, Bai Fei had told the address and Finn had rushed there, but Finn couldn't go on stage without a suit.

This was the only way to make Shangguan Yue completely give up, thus choosing Bai Fei as her male companion.

Bai Fei's wishful calculations were really loud!

The only thing that Finn was somewhat confused about was why Shangguan Yue's phone was in Bai Fei's hands.

Out of rigor, Finn didn't fully believe Bai Rou's words and chose to call Charles instead.

"Young Master, is there anything I can do for you?" Charles inquired.

This inquiry made Evan feel a little difficult, after all, it seemed as if there was difficulty every time Evan called, although in fact it was true, but Evan was still a little embarr **Aed and felt embarr Aed**.

In his heart, he was determined not to trouble Charles again, and this was the last time.

Only after letting his heart accept it, did Finn speak, "It's like this, help me check if today is Bai Fei's grandmother's birthday."

Evan knew that Charles was supernatural and could find out anything.

Within a minute, Charles replied, "Yes young master, I see that your car is heading towards Hongfeng Garden, are you also as for the birthday party? Do you need me to prepare a suit and a gift for you?"

"....." Finn was somewhat speechless, originally these were all words that Finn was going to say, they were all pre-empted by Charles asking, but there was really no way to refuse, so Finn nodded and said, "Okay, help me prepare it, and send it to Hongfeng Garden as soon as possible, please."

"It's fine, young master don't have a burden on your heart, you are you behaving well listening, I have also seen your growth, you are already much stronger than the first time we met before, as long as you continue to work hard, sooner or later you will reach the master's requirements and return to the family."

Hearing Charles' comforting words, Finn felt even more helpless, so he hung up the phone.

Finn 's helplessness wasn't that he didn't like Charles, but because Charles was too good, and it seemed as if all of Finn 's thoughts were predicted by Charles, and he spoke to Finn 's heart every time.

Perhaps it was this ability that allowed Charles to remain as Ye Island's chief steward, and indeed deserved it.

Although Finn didn't know what his father wished for him to be like, Finn had the goal that he would aim for Charles in the future, and to be able to become like Charles, perhaps he would be a human being.

Shaking off the distracting thoughts within his head, Evan just continued driving.

The most important thing right now was still the matter at hand, just now by calling and confirming with Charles that it was indeed Old Lady White's birthday, it was also clear that Shi Ru hadn't lied to him.

Since Bai Ru didn't lie to him, there was only one question left: why didn't Shangguan Yue answer the phone herself, but instead Bai Fei answered the phone?

Could it be that it was because Shangguan Yue was already frustrated with him that she didn't answer the phone and let Bai Fei answer it instead.

After all, it was indeed Finn 's problem that he didn't answer even after making more than fifty phone calls.

But soon Finn overturned that, after all, Bai Fei also said that he was going to let him arrive within half an hour, if it was what Shangguan Yue meant, then he still hadn't given up on him and wasn't disappointed in him, if so, he still wouldn't have Bai Fei pick up the phone.

Especially since the indifferent tone of Bai Fei's call was mixed with banter and playfulness, it made Finn rack his brains to think about it.

"Forget it, I don't want to!"

After thinking about it for a while, Finn didn't think of the truth of the matter, so he simply didn't want to, because he had already arrived at Hongfeng Garden and arrived at the Bai Family, now he just needed to find Shangguan Yue and ask, he would also know the truth of everything.

It was worthy of the birthday of the old lady of the Bai family, as soon as he got out of the car, Finn saw a large number of expensive sports cars all parked in the compound in front of the Bai family villa, as for some of the hundreds of thousands of cars, they were not even qualified to enter the Bai family villa, only parked outside the community.

Around the lake, Finn saw quite a few elites of Fangzhou, and even a few that always appeared on TV. However, they were not as domineering and calm as they were in the TV, and were like a grandson in front of the Bai family, being obedient.

Finn shook his head somewhat helplessly, as expected, it was the same everywhere.

As long as they were facing a top family, all of them would act like a grandson.

Just as Finn was thinking, someone suddenly slapped Finn 's shoulder from behind, and suddenly Finn bounced up, and instinctively cursed, "f*ck, which faggot scared me!"

Turning his head, Finn was dumbfounded, because the person who had just shot him was none other than Bai Rou!

It wasn't outside now, but in the Bai family, all the guests who came knew Bai Ru's identity and were all climbing up the conversation, where was an existence like Finn who came up and directly scolded people.

The crowd was shocked and at the same time, they could not help but praise Finn for his courage, he was really a newborn calf not afraid of tiger.

Finn knew things were bad when he saw the anger on Bai Rou's face, and didn't know what to say for a while, so he just stared at Bai Rou dumbly, waiting for her judgment!

209

"Brother Finn , you're here."

What Finn didn't expect was that Bai Ru responded politely, not at all angry about what had just happened.

Where Finn didn't know that it was Bai Ru who gave him a step down, he scratched his head and said, "Sorry, Sister Ru, I didn't know it was you, I thought it was someone else's prank."

"It's okay, come in." Bai Ru directly took Finn 's arm and went inside the villa.

People standing in the courtyard were suddenly shocked, because the Bai family had a rule that people who weren't insiders were absolutely not allowed to go inside the villa, and for that reason, the banquet was held in the courtyard, not inside the villa, so everyone was standing outside.

But Finn , such an unknown kid, was able to go in directly, and without much thought, they knew that Finn was not an existence to be messed with, especially since Finn 's surname was Ye, and he was not yet a member of the Bai family, yet he was treated so nicely by Bai Ru, the famous witch, and it was obvious that Finn had real skills and a huge background.

While the crowd was talking about Finn , the current Finn let out a pig-killing scream.

Don't look at Bai Ru laughingly bringing him into the villa, but Bai Ru's hand holding Finn 's waist was fiercely pinching the soft flesh of Finn 's waist, making Finn a pain and a pleasure.

"Sister Ru, I was wrong, don't pinch me." Finn is helpless to the girls, after all, it was him who cursed first, and now being pinched is also self-inflicted.

Now he could only resist verbally, hoping that Bai Ru would let him go. Remember the URL .

"Bai Ru, what are you doing, let Ye Shao go!"

Right at this moment, a stern drink sounded.

Bai Rou's body trembled, but she actually let Finn go, and Finn couldn't help but wonder who had such great ability?

Turning his head, he saw a man in a white suit running over, and it was none other than Bai Mufeng!

"f*ck, why are you boys here?"

Finn was a bit surprised, but Bai Mu Feng was from Kaiyuan, and Kaiyuan was thousands of kilometers away from Fangzhou.

"Ye Shao, I'm here for my aunt's birthday, by the way, my grandfather is also here." Bai Mufeng replied truthfully.

Auntie?

It took Finn a moment to react to the fact that Auntie meant Grandpa's sister. And in that case, Bai Qin and Old Lady Bai were still brother and sister?

No wonder Bai Mufeng was here, he was related to the Bai family in Fangzhou.

But why would Bai Ru listen to Bai Mu Feng?

This was a bit incomprehensible to Finn .

Bai Mufeng seemed to sense Finn 's surprise, so he spoke up, "Bai Ru, you go somewhere else to serve the guests first, I'll show Ye Shao around."

"Good." Bai Rou nodded her head and left directly.

Seeing this, Finn was even more surprised and couldn't help but inquire, "Bai Mu Feng, you're good, I don't think Bai Ru is very easy to mess with, how come she's obeying you?"

Bai Mufeng said proudly, "Of course it's because I'm charming."

"Pah!"

Finn directly slapped Bai Mufeng's head, somewhat unhappy, "You kid don't fix these fancy things with me, quickly tell me what's going on."

Bai Mufeng accosted and smiled, quickly put away his narcissism and answered truthfully, "Actually, it's like this, I was picked up by my grandfather, wasn't I. I'm actually the only one in our Bai family, so when I came here, my aunt was very happy to see me and treated me very well. And Fangzhou's side of the Bai family's Master Bai has died, or my aunt is in control of the Bai family, auntie treats me well, other Bai family members naturally treat me well, even Bai Ru is no exception."

Although Bai Mufeng's explanation was a bit tedious, Finn still understood what was going on.

To put it simply, as long as Bai Mufeng was around, Finn was actually the king of heaven in the Bai family, and that was probably what it meant.

Without any worries, Finn thought of the main matter and couldn't help but ask, "By the way, do you know where Shangguan Yue is?"

"Shangguan Yue?" Bai Mufeng pondered for a moment, and suddenly it dawned on him, "Ah, it's that pretty little girl from the Shangguan family, Ye Shao, I advise you to give up."

"What's wrong?" Finn frowned.

Bai Mufeng smiled, "When I was just at the White House, I also fell in love with Shangguan Yue, but Shangguan Yue didn't even pay any attention to me, didn't even talk to me, didn't give me a chance, I heard that there seems to be a fiancé, I remember it was also called Finn, do you think it's a coincidence....Eh?Are you?"

Finn nodded and didn't open his mouth.

"f*ck, Ye Shao is awesome, he has a fiancée everywhere, no one else." Bai Mufeng said with heartfelt admiration, "But if that's the case, Ye Shao has to hurry up, I just saw that kid Bai Fei go to find Shangguan Yue, I heard that Bai Fei has always adored Shangguan Yue, they can't be given the chance to be alone together."

"Then what's the waste of words, hurry up and take me there ah." Finn shoved Bai Mufeng and followed him to Shangguan Yue's room.

Within a short while, Bai Mufeng stopped at the door of a room and said, "This is it."

Finn nodded slightly and was about to knock on the door, but at that moment, he heard Bai Fei's voice coming from inside the room.

Not caring about anything else, Finn directly pushed the door in and saw Bai Fei sitting on the sofa chatting with Shangguan Yue.

Seeing Finn, Shangguan Yue revealed a surprised look and said, "Finn, you've come."

"I'm here." Finn's face was slightly cold, the lonely man and woman living alone in a single room made Finn feel very uncomfortable.

Bai Fei sneered, "What's the use of coming here, and not preparing a suit, nor a gift for my grandmother, little sister Yue, you'd better let me be your male companion tonight, Finn like this, it's really not up to the stage."

Without waiting for Finn to open his mouth, Bai Mufeng rushed out and slammed his palm on Bai Fei's face, snorting, "What kind of a thing are you, you dare to say anything wrong about Ye Shao."

"You!" Bai Fei covered his face and was about to strike.

"What? You're the only one who wants to fight me?" Bai Mufeng sneered, Bai Fei was like a deflated ball and didn't squeak.

Finn couldn't help but reveal his admiration, Bai Mufeng was really deep in his heart, it seemed that he had taught Bai Mufeng a few times before and had made Bai Mufeng completely grow up and would come to matter.

"Ye Shao, sister-in-law, you guys chat first, we're going out." Bai Mufeng smiled and pulled Bai Fei out of the room.

Only the two of them remained in the room, but neither of them opened their mouths.

Eventually, it was Shangguan Yue who was the first to speak up, "Why did you come? And how did you get mixed up with Bai Mufeng?"

"Bai Mufeng is my little brother, and as for the reason I'm here, isn't it because you've made so many phone calls to me." Finn replied truthfully.

Shangguan Yue was a bit dissatisfied, "But you didn't pick up after all the calls I made, and your phone is dead, it's charging over there. And how did you know I was here, did Bai Mufeng tell you?"

Seeing the phone placed in the corner, it suddenly dawned on Finn .

Just now, when Bai Fei answered the phone, it should be Shangguan Yue just happened to go out, and Bai Fei picked it up when he saw the caller ID was Finn , deliberately taunting Finn .

Thinking of this, there was no barrier in Finn 's heart, after all, he was angry because Bai Fei answered the phone.

Now it seems that it should be a misunderstanding.

Finn then smiled and replied, "That's right, it was Bai Mu Feng who told me."

They chatted in the room for a while, and before long, it was time for the party to begin.

The people sent by Charles also promptly sent suits and gifts so that Finn wouldn't be in an awkward situation.

Wearing a black suit with a white evening gown, the two of them were like a pair of golden children, shocking the audience when they appeared.

Of course, it wasn't Finn 's credit alone, it was mainly Shangguan Yue who was wearing a white evening gown that was really fairy-like and very eye-catching.

Especially Shangguan Yue's identity, even more so, these people can't say anything nonsense, only envy.

In front of these people, however, there was a resentful gaze, none other than Bai Fei.

"Sister, all of these originally belonged to me, and Shangguan Yue also belongs to me!" Bai Fei complained to Bai Rou who was beside him.

Bai Ru looked at Bai Fei and sighed, "Silly brother, didn't Shangguan Yue say a long time ago that she wouldn't our family marriage, she already has a fiancé, this life is Finn's person. And haven't you learned a lesson from what just happened, Bai Mu Feng is all Finn's little brother, you can imagine how outstanding Finn is, the power behind him is definitely not something you can provoke, just stop your mind and get another girl."

"Okay, sis." Bai Fei nodded his head and left without the slightest rebuttal.

But Bai Rou saw the resentment in Bai Fei's eyes, and it increased rather than decreased!

"It seems that Little Fei won't turn back until he hits the south wall, I just hope he doesn't crash to death."

Bai Ru sighed but didn't advise Bai Fei, after all, she knew Bai Fei's nature, as long as Bai Fei decided to do something, it would never change.

On the other side, Finn was a little surprised because from the beginning to the end, no one came out to cause trouble.

Finn had thought that Bai Fei would come out to cause trouble and had purposely had Bai Mu Feng around, but it didn't come in handy at all.

Until he left the Bai family, Finn was a bit baffled, by all means, Bai Fei wouldn't miss such a good opportunity to hit him in the face, but why didn't he show up?

Because Old Mrs. Bai was celebrating her birthday, the Shangguan family also came to others, so Yue Shangguan and the Shangguan family went home, only Finn drove home by himself.

Driving the car, Finn had also been wondering.

"Forget it, nothing is better, go home and sleep."

Finn threw his head away and didn't think much about it, he had always encountered all kinds of things recently, making him all a bit sensitive -sensitive.

After leaving Hongfeng Garden, Finn drove on the national highway.

Hongfeng Garden was in the suburbs, after all, only the suburbs could have a large construction area.

But although Finn 's home was in the suburbs, it was on the opposite side of the country, and only by taking the national highway was the nearest, which was what Bai Mufeng had just told him.

Once on the national highway, Finn raced along.

Worthy of a sports car, only high-speed to reflect the fun of sports cars.

Just not driving far, Finn saw a sign that indicated no p A**ing.

Unfortunately, Finn had no choice but to turn around and go down the high road from the small road, but this road was a bit rough and very difficult to follow, and not far away, Finn saw a few cars following him from the rearview mirror, no matter how he steered, these cars were following Finn .

"Damn, it really is playing dirty!"

It dawned on Finn that no wonder he didn't do it in the Bai family, it was probably because Bai Fei was worried that Bai Mu Feng's presence would prevent him from fully flexing his muscles, and it was now very easy to do it in the middle of nowhere.

Thinking of this, Finn hurriedly took out his phone and sent a WeChat to the Six Vajra, but no one replied.

"Damn, it's not going to be useful at a critical moment!" Finn complained.

In desperation Finn had no choice but to turn on location sharing and leave a speedy message, hoping that the six villains would see the news and hurry here.

After putting down his phone, Finn had no other choice but to keep driving and maneuvering.

Finn carefully counted, behind the car is a total of three, although do not know how many people inside the car, but three cars, even if only the driver is also three people, Finn does not feel that can be one against three.

But the sports car that Finn drove had a low ch A**is, in this rugged road, simply can not drive fast, and the other three are off-road vehicles, just a little while, Finn was completely surrounded by three cars.

Even if he did not feel bad about the car to crash open a road, but his car is far from off-road vehicles to resist collision, the other side may not be broken, his car will be scrapped first. In desperation, Finn had no choice but to turn off the engine and get out of the car.

"Kid, you can run again if you can!" Bai Fei walked out from the p A**enger side of an SUV with a little smugness and cruelty on his lips.

Finn secretly thought badly, Bai Fei coming out of the p A**enger side was proof that three cars and three driver's seats would be at least three more people. But even thinking that way was the best idea.

When the personnel came down, Finn carefully counted that there were as many as six people, but Finn did not have the anger he had just now, his expression could even be said to be very complicated, and he even found it somewhat amusing.

"Bai Fei, are you sure you want to do it here? Aren't you afraid of an accident?" Finn looked complicated.

Bai Fei ton sneered, "Kid, for you and me to steal Little Yue's sister, you should have expected today's outcome. Don't worry, there won't be any accidents, killing you and dumping your body in the wild, no one will think that it was me who did it, these three cars are all owned by the Gao family, and these six people are also from the Gao family, even if others go looking for them through the CCTV footage, they will only find the Gao family."

"I'm not worried about whether you'll find out, I'm worried about your safety ah." Finn was a little speechless.

Don't look at Bai Fei playing a clever trick to find the Gao family, but things really turned out to be a bit clumsy, because the six people from the Gao family in front of him were Finn !

No wonder no one replied to the group message just now, they were all chasing him.

"My safety? You're worried enough, in the middle of nowhere, you'd better collect yourself and stop acting aloof." Bai Fei smiled sardonically, "Brothers, give it to me, waste this brat!"

"Ruined? So simple?" Finn's heart was already not panicking after seeing the six vajra, so he began to ridicule.

Bai Fei snorted coldly and narrowed his eyes, "Don't worry, it's not just as simple as scrapping you, there's a Tiger in here who likes men, I won't kill you, I'll just let Tiger wrestle with you and record a video."

These words sounded so familiar to Finn, they were exactly the same as what Gao Xing Yu of the Gao family had said, and what was the end of Gao Xing Yu?

That's right, it was crazy.

For those who wanted to persecute him, Finn never let go, looking at Bai Fei, Finn faintly spoke, "Ah Hu, just do what young master Bai Fei said, wrestling video."

"Oh, speak as if it's your men, do you know who invited them, Ah Hu, give it to me!" The last thing Bai Fei liked was Finn's calm pretence, and he took a big hand.

But what Bai Fei didn't expect was that Tiger obeyed and pounced forward, but the target wasn't Finn
