

CHAPTER 31-35

"Good! My plan is just that, thanks to you being so quick to react, as such, there is no need for me to bother with the rest of the details, you can handle the rest yourself, the time is five o'clock in the afternoon, it's almost ready now, do things beautifully this time, the benefits won't be less for you."

"Thank you, Ye Shao, working for Ye Shao is something I'm willing to do, no need for any benefits, just look at this matter, it will be done beautifully for you!"

After Jin Shan answered the call, Finn hung up the phone.

When she returned to the classroom, Xiao Coco looked worried, "Finn, I've given you trouble again."

Finn waved his hand and said, "It's fine, it's not troublesome at all."

Afraid that Xiao Coco would feel bad, Finn didn't care about preparing a surprise for her, so he directly said the content of the phone call he just had with Jinshan.

Hearing it, Xiao Coco's eyes brightened, and the previous haze instantly dissipated.

The afternoon passed quickly.

When they arrived at the school entrance, Finn and Xiao Coco waited for Charles, who had previously known the time of the drop-off and pick-up, and would always arrive on time.

However, before Charles arrived, a white BMW came up and parked in front of the two of them, and after the window was rolled down, only Zhao Wenbin pushed his glasses and said elegantly, "Coco, take my car and go, it's not worth it to squeeze the bus with Finn." The first website m.

Without waiting for him to finish, a luxurious extended Lincoln pulled up in front of Evan, and Charles quickly stepped out of the car, looking apologetic, "Sorry for being a minute late, young master."

"It's fine." Finn waved his hand, rushing is better than rushing coincidentally, if Charles had just appeared, it would not have been possible to run into Zhao Wenbin pretending to be here.

But now, it was clear who was stronger and who was weaker.

Don't look at the BMW that Zhao Wenbin drove, is only about 200,000 low-grade car, and this extended Lincoln is a luxury version, especially the last three numbers of the license plate tail number '888', is to highlight the difference.

"Coco, get in." With a wave of Finn's hand, Xiao Coco got into the extended Lincoln.

On the other hand, Zhao Wenbin's face was already gloomy enough to drip water.

"Zhao Da Shao, and you're still driving yourself na. If you have money, hire a driver – it, like you are so weak, driving again wears you out. Don't tell me that you can't even afford to hire a driver if you invite us to dinner at the Jinshan Hotel."

Finn smiled hehehe, his eyes full of mockery.

Without giving Zhao Wenbin a chance to retort, Finn entered the extended Lincoln with a flash.

Charles naturally saw that Finn had a conflict with Zhao Wenbin and also had a cold face: "Nothing else, just get out of the way. I remember the old Chinese – national saying that a good dog doesn't block the road, I believe you're not such an unqualified person."

"You!"

It was the first time that Zhao Wenbin was at a verbal disadvantage, but he had to get out of the way first, otherwise he would really become the dog that Charles was talking about.

Zhao Wenbin's face was cloudy as he watched the extended Lincoln sail away.

Although Finn looked like a debauched – unrestrained appearance, but also does have this capital. The company has a long history of developing new products and services, and the company has a long history of developing new products and services.

And Charles was a foreigner who could speak fluent Chinese with a monthly salary of at least 10,000 yuan to start, not to mention the estimated monthly salary of a private driver of great talent.

"Finn, who the hell are you!"

Zhao Wenbin put away his previously disdainful gaze, and he decided to reexamine Finn.

But Rao, Zhao Wenbin didn't have the slightest idea of giving up on Coco Xiao, after all, one couldn't wimp out the momentum of anything.

Earlier, Zhao Wenbin had seen that Finn didn't know about the Golden Mountain Hotel at all, that's why he picked the Golden Mountain Hotel.

"So what if you're rich, not seeing the same is just being rich and unpromising, not even close to me!"

Zhao Wenbin's heart was comforted and whirled around to drive to the Golden Mountain Hotel....

Since Charles wasn't very clear about the roads here, he followed the navigation and took a lot of big roads, and when Finn and Xiao Coco arrived at the Jinshan Hotel, Finn saw Zhao Wenbin walking out of the Jinshan Hotel in a lost state.

"Zhao Da Shao, why did you come out?" Finn pretended to be puzzled.

Zhao Wenbin's eyes twitched, but he calmly spoke, "There's no box, let's go, I'll show you guys some other day."

"No, that's impossible." Finn looked at the five-storey Jinshan Hotel with a face of disbelief, "There are at least a hundred compartments here, how can there not be even a single compartment? Is it because you don't want to invite us to dinner and are deliberately making excuses?"

"Don't be bloody-mouthed, I can still afford to treat you to a mere meal!" Zhao Wenbin snorted, but didn't take a step into the Golden Mountain Hotel.

Instead, Finn stepped forward and walked towards the front desk, "Are there any private rooms here?"

The barman at the front desk covered the headphones on his right ear with his hand, and after seemingly hearing something, he said with an apologetic face, "I'm sorry sir, there's no more ordinary compartments here."

And then Zhao Wenbin, who came in, snorted, "Finn, see, this place says there are no more private rooms."

Without waiting for Zhao Wenbin to finish, the barman continued, "But sir, there's an emperor's box here, may I ask?"

"Imperial compartment ah, of course, it sounds quite good." Finn pretended to be surprised and showed his satisfaction.

Zhao Wenbin pulled Finn with one hand and coldly snorted, "Finn, you're crazy, do you know what kind of consumption the Imperial Box is, and you just dare to book it as you please?"

Finn looked indifferent, "What consumption? What does this have to do with me? Wasn't it your treat?"

The quality triple question made Zhao Wenbin instantly speechless.

Xiao Coco also knew about Finn's plan, so she pulled Finn's corner at the side and whispered, "Ye Shao, don't make it difficult for Zhao Wenbin, he's not as rich as you are, he probably can't afford to eat here, let's just leave and save face for him somewhat."

Although it was a whisper, Xiao Coco controlled it at just the right volume for Zhao Wenbin to hear.

When he heard Xiao Coco's words, Zhao Wenbin's face reddened, but it wasn't anger but gratitude.

He thought that Xiao Coco was trying to preserve his face, but even though he happened to hear it, he was also very grateful to Xiao Coco, and in order to otherwise leave a bad impression in Xiao Coco's mind, Zhao Wenbin made a shocking decision as soon as he bit his teeth.

"We'll eat at the Emperor's Box today!"

"Really? That's great!" Xiao Coco jumped up at once, but then her words changed, wondering, "Zhao Shao, didn't you say that the Imperial Box is very expensive? Or we should just forget it, and actually eat something else."

"No, let's just eat this!"

The more he listened to Xiao Coco's persuasion, the more Zhao Wenbin felt that Xiao Coco was kind-hearted and also felt that he couldn't lose face, so he just pulled out a credit card and slapped it on the counter!

"Just book the Emperor's Box!"

33

When they entered the emperor's box, the waiter called Zhao Wenbin out.

And the only people left in the room were Finn and Xiao Coco, who suddenly burst out laughing madly.

"Coco, you're so bad, and you're deliberately irritating Zhao Wenbin, I'm afraid this guy doesn't know it yet while being grateful to you in his heart." Finn gave a thumbs up to Xiao Coco with a face of admiration.

Xiao Coco smiled, "Ye Shao, wasn't it you who came up with this plan in the first place, I was just adding to it, but then again, it's guys like Zhao Wenbin who are sold out and still help count money, right?"

"Isn't it, it's easy to fall into this kind of trap when you're a deadbeat like this." Finn laughed, "This meal can require eighty-eight million, I'm afraid this guy is going to be bleeding heavily."

"Bang!"

While the two of them were laughing at Zhao Wenbin, the door was suddenly kicked open.

Only Zhao Wenbin walked in with a gloomy face and roared, "So it was you guys who set me up, I said what's going on, if I wasn't smart, I would have been kept in the dark!"

"Down set? Who set you up?" Finn looked confused and inquired, "Am I cheating money or sex, you yourself wanted to invite us to dinner, it's not like we forced you."

"You!" Remember the URL .

Zhao Wenbin was speechless, but still snorted, "Forget it, see who you are, Xiao Coco, I didn't expect you to be this kind of woman, I'm really disappointed, I'm not buying this meal!"

Saying that, he seized the door, but before he could walk out, he was blocked back inside by a group of black-clad men.

"What are you guys doing?" Zhao Wenbin panicked, "Do you guys know that this is against the law?"

"Breaking the law?" The fat man leading the group was none other than Jinshan.

Jin Shan sneered, "What's the law, don't pay for food, we're asking for it normally, give the money and you can leave now."

"But I didn't order anything, why should I give you money?" Zhao Wenbin questioned.

Finn was looking a bit confused and asked, "Jinshan, what's going on?"

Jin Shan even ran to Finn 's front and explained, "Ye Shao, after this guy booked the imperial box, he couldn't swipe the eighty-eight million from his credit card at all, that's why we didn't let him go, don't worry, this isn't illegal."

"So that's how it is." It suddenly dawned on Finn , "Zhao Da Shao, you were so angry just now, are you trying to run away because you don't have any money, trying to trap us? I've made a deal, the meal was promised to be your treat, and Coco has refused, but you still insist on treating us, so we can't be blamed, so if you know what's good for you, take the money out yourself and it'll be fine, otherwise I don't know what these people will do."

"You guys know each other? Are you guys in cahoots?" Zhao Wenbin, also with the benefit of hindsight, sneered, "You guys are just setting me up, I'm going to call the police and arrest you all!"

"Bang!"

Jin Shan slammed down on the table and snarled, "How dare you!"

"Why wouldn't I dare, and I don't order anything!" Zhao Wenbin was not afraid to say, "Even if your hotel is powerful, you can't make me spend money compulsorily, it's illegal!"

With a sardonic wave of Jinshan's hand, one of the black-clothed men at the end took out a form and handed it to Zhao Wenbin.

Jin Shan sneered, "Look carefully for yourself, the imperial box is different from an ordinary box, it is to pay before entering the private room, since you booked and entered the box, that is already equivalent to consumption, the back kitchen has started to prepare all kinds of ingredients, and there are some dancing girls on their way here, are these not consumption?"

"I..." Zhao Wenbin didn't know how to argue, this form was indeed available at the front desk, but Zhao Wenbin didn't look at it carefully, according to Jinshan, it was indeed already consumed.

"I don't care, I'm not hiring anyway, this meal AA, I can only pay a third of the price, I can't pay the full price." Zhao Wenbin gritted his teeth and started to be unreasonable as well.

"Hahaha!"

Finn suddenly laughed: "Zhao Da Shao, you're such a rich young master, what's the point of pretending if you don't even have a mere 800,000? Coco's right, coming here is to make you recognize reality, now is that clear?"

Only then did Zhao Wenbin react, from just now at school, Xiao Coco had actually been ordering him around, but unfortunately he was unaware of it and thought he was self-conscious.

"Pounce!"

Zhao Wenbin sat down weakly on the ground, he finally saw the truth in front of him, no wonder Xiao Coco was indifferent to him, he was nothing but a joke in Xiao Coco's eyes.

"Ye Shao, I have something to report to you." Just at this moment, Jinshan suddenly said.

Finn nodded his head and motioned for Jinshan to continue, to be able to say something on this occasion, it must be related to this place.

Jin Shan smiled, "I have paid special attention to the records of today's guests, just to see if there are any relatives of Zhao Wenbin, I didn't expect that today it's Zhao Wenbin's father, Zhao Dahai, who is also eating here, should I ask him to come over to see Zhao Wenbin's current appearance."

"Finn, no, Ye Shao, I know I was wrong, please don't let my father come over, please!" Zhao Wenbin panicked when he heard Jinshan's words.

"Good idea, go quickly."

Finn, however, brightened up, this kind of complete and utter crushing was the only way to make Zhao Wenbin completely die.

Finn wanted everyone to know that there was no good ending for anyone who treated his woman with crooked brains!

Within a few minutes, an obese middle-aged man ran into the room and saw Zhao Wenbin, who was paralyzed on the ground, and frowned, "Wenbin, what are you doing here?"

Zhao Wenbin, however, didn't say a word, he didn't know what to say.

Jin Shan smiled, "Old Zhao, I'm sure you know that now the Jinshan Hotel has been acquired, it's this one in front of you, why don't you give Ye Shao a greeting."

"Ye Shao, hello hello!" Zhao Dahai revealed a flattering color and extended his fat hand.

But it was slapped away by Jinshan: "Just say hello, with you also wanting to shake hands with Ye Shao!"

"I'm the one who offended." Zhao Dahai accosted but didn't get angry.

Seeing Zhao Dahai like this, Zhao Wenbin's heart was even colder, knowing that he had met a hard target this time.

"I don't know where Wenbin has offended Ye Shao, I'll give you an apology." Zhao Dahai was also an old fart and saw with a glance that Finn and Zhao Wenbin had a conflict.

Finn sneered, "Your son is very capable, chasing after my girlfriend in front of me and saying that I'm not knowledgeable enough to invite me here for dinner. But when you get here, you still don't pay, do you think it's meaningless?"

"What!" Zhao Dahai's color changed, it was already a capital crime to dare to steal the girlfriend of a big shot, but he still dared to come here to spend money, this wasn't one of those ordinary compartments down there, it was an imperial compartment ah.

A single consumption required eighty-eight hundred thousand, even Zhao Dahai couldn't afford to eat, his son could really be capable.

"Wenbin, is this matter true!" Zhao Dahai's eyes narrowed.

Seeing that Zhao Wenbin didn't say a word, Zhao Dahai picked up a chair and smashed it on Zhao Wenbin's body, roaring, "You unfilial son, I worked hard outside to earn money to pay for your education, but you're good, you're actually causing trouble for me, see if I don't kill you!"

34

"I was wrong, I know I was wrong." Zhao Wenbin howled, but didn't dare to resist in the slightest, after all, the person who beat him was his father, Zhao Dahai, and even if he called the police, it wouldn't help, let alone, would he dare?

Looking at Zhao Wenbin who was like a grandson in front of him, Finn's heart was in a rush – feeling.

If it wasn't for the money, I'm afraid that he would be the one howling now, so Finn didn't feel the slightest bit of guilt, after all, Zhao Wenbin was to blame for everything, but he had nothing to do with it.

"Hoo-hoo..."

Zhao Dahai seemed to be tired of fighting, and after throwing his chair aside, he put his hands on his knees and couldn't stop breathing – breath.

Without waiting for him to catch his breath, Jinshan snapped in a deep voice, "Finished?"

"This..."

Zhao Dahai didn't dare to resist Jinshan, so he was going to get another chair.

But he was interrupted by Finn with a wave of his hand, "No need, let's leave this matter at that, let your son stay more attentive in the future, not everyone is someone he can provoke!"

Seeing Zhao Wenbin, whose head was bleeding, Finn was also a little intolerant, if this fight again, I'm afraid there will be a life, but also as long as the timely stop. A second to remember to read the book

Although Jinshan was now sitting in town, Finn was still somewhat resistant to making a scene in his heart.

"I know, I know, thank you, thank you Ye Shao." Zhao Dahai was relieved and thanked Finn incessantly.

He then grabbed the back of Zhao Wenbin's neck and dragged him out of the room like he was carrying a small chicken.

However, he was blocked at the door.

"Boss Jin, Ye said it's okay, you see?" Zhao Dahai's heart was hairy, not knowing what else Jinshan had to do.

Jinshan took out a POS machine and swiped the credit card that Zhao Wenbin had previously handed to the front desk, faintly saying, "Ye Shao kindness, should have charged this kid eighty-eight million, but now pay a third on it, the details will not carefully forget, just swipe three hundred thousand."

Finn nodded in satisfaction, although it was a trap for Zhao Wenbin, but it was indeed Zhao Wenbin himself who took the initiative to jump inside, and did not force him to buy or sell, so the 300,000, Finn received it in a heartbeat.

"Since you've paid, let's sit down and eat together." Finn suggested.

Zhao Dahai busily waved his hand, "Sorry Ye Shao, I'll take the good intention, I still have to take the dog to the hospital."

"In that case, then go, don't say you're not allowed to eat." Finn didn't want to keep the Zhao father and son at all, but he just didn't want to leave a bad taste in people's mouths.

Zhao Dahai wiped the sweat on his head and pulled Zhao Wenbin away from the Imperial Box with a sour smile.

"The matter of Zhao Wenbin's failure will soon spread throughout the Chinese Language Department, and deliberately no unsighted guy in the Language Department will dare to mess with you in the future."

Finn smiled heedlessly and Xiao Coco nodded her head.

Although she didn't say many words of thanks, Xiao Coco knew that Finn was really good to her, after all, Finn had also paid six hundred thousand dollars ah.

"I'm afraid that I won't be able to repay this money, so let's give it to her in return." Xiao Coco smiled and said casually.

"Poof!"

Finn instantly spurted out the water he had just drunk, shocked beyond words by Xiao Coco's words.

Jin Shan smiled at the side and said, "Congratulations Ye, the brothers will not be disturbed, I wish the two of you a happy meal."

Saying that, Jinshan exited the private room, leaving only Finn and Xiao Coco in the room.

"Is it that I'm not cute? Look at you, you're spraying water, woo." Xiao Coco's eyes were instantly dull, and the mist soon filled Xiao Coco's large, watery eyes.

Finn even waved his hand, "No, it's the water that's too hot."

Picking up the cup of water, Finn put it down again in succession, looking as if he had been scalded.

"Hmph!"

Xiao Coco's small mouth pouted, but the mist in her eyes gradually receded.

Finn heavily smiled, "Coco, is what you just said true, do you really want to give your body to me?"

"It's...I'll think about it again." Xiao Coco was also moved beyond words just now, before her words couldn't be chosen, after all, she was a girl, she still had to be more reserved.

Finn but saw the door, but also not forced, just nodded: "good, good, no hurry, take your time to consider, eat first, the last time I ate Australian lobster in the Jinshan Clubhouse, I did not eat enough, this time I specifically ordered Jinshan, specially prepared a lot more Australian lobster, you also try it. If you're not satisfied, then let the back kitchen make something else you want to eat."

Xiao Coco shook her head, "Ye Shao, this meal is too lavish, we won't be able to finish it at all, or it's better to have the back kitchen not sit so much."

Finn couldn't help but think highly of Xiao Coco, Xiao Coco's housekeeping skills were really good.

Following Xiao Coco's advice, in addition to two large plates of Australian lobster, the other dishes were only prepared for six, but Rao also made the two of them eat a slight rise in their abdomens, and they were so braced.

When they left the Jinshan Hotel, the sky was already dark, and Finn's heart was inevitably a bit restless: "Coco, why don't you don't go home tonight, how about coming to my house?"

"I'm afraid this won't work, grandmother won't be relieved, when I was an anchor before, I also went home before midnight every day, and I only work part-time during the day and don't go at night at the Gold Mountain Club." Xiao Coco shook her head and rejected Finn's proposal.

In fact, she could somewhat guess what Finn was thinking, but she didn't want to progress that fast yet, only what she couldn't get was the best. This was what her grandmother told her, so she couldn't let Finn get her so early, or else she should not cherish it.

But she didn't know that in her heart, she was already accepting Finn, and sooner or later, she would fall into Finn's tender land.

When Finn saw Xiao Coco's face, he didn't force her, so he let Charles drive and sent Xiao Coco back first, and then he went home alone.

The night went on without a word, and the next morning, when it was still dawn, the doorbell of Finn's house rang.

"Oh no, I'm late!" Evan bounced out of bed with a start, thinking it was Charles calling him to school, but when he looked at the time on his phone, it was only five in the morning.

"Who the hell is it, disturbing people's dreams in the morning!"

Finn cursed and went to open the door, he knew that Charles wouldn't come to call him this early.

However, when the door opened, Finn was dumbfounded, and the anger on his face instantly faded as quickly as a glacier melting, leaving only a spring water lingering in his heart, which was the breath of spring.

The first thing you need to do is to take a look at the newest addition to the newest generation of the new generation. Although her face was slightly powdered, it was just a light layer of thin makeup, just right and not overdone in the slightest, making it look soothing.

The large gl A**es, the pointed narrow nose, with a mouth of cherry-peach small mouth, the golden ratio of facial features, simply like a picture out of the ordinary. In particular, the swan-like neck white – fair excessively, faintly can also see a hint of green blood vessels, the skin with a blow-out to describe, can not be more appropriate.

Although it didn't reach the level of evil, but it was also a solid pouring of the country, and looked even better than the first-tier stars on TV. Especially in terms of figure, about 168 in height, slender, model figure is nothing more than that.

"You....Hello!"

Finn suddenly stammered, and what little wakefulness there had been was instantly swallowed back into his stomach, such a beautiful woman, knocking on his door in the morning, made him a little overwhelmed with desire!

Young lady, who the hell is that?

The young girl blushed and played with her hair with her fingers, her eyes filled with surprisingly shyness.

"Hello, may I ask if you are Finn?" The young girl's voice is like an oriole, pleasant to the ear.

Know my name but don't know me?

And what's with that shy look?

Finn was a bit confused, so he had to respond, "I'm Finn, may I ask who you are?"

As soon as the words came out, the young girl fell directly into Finn's arms and spoke excitedly, "Brother Finn, I've finally found you!"

Huh?

Feeling the person in his arms, he instantly hit Finn's brain downtime.

It took a long time for him to come back to his senses and think of the two most crucial words in the young girl's words, 'finally'.

The last time he had heard this tone and voice was when Charles appeared, which made Finn think that the young girl was also most likely sent from her parents' side. First URL

"You were sent by my parents?" Finn asked out the doubt in his heart.

The young girl was lying in Finn's embrace, hugging Finn's waist tightly, her little head heaved on Finn's chest a few times and swirled and shook, making Finn a little confused.

What did it mean? Yes or no?

Finn couldn't figure out what to do, but the lovely person in his arms was rapidly heating up, making Finn's hands don't know where to put them.

If he abruptly hugged the girl, Finn always felt that he had taken advantage of her and caused her to resent him. But if he didn't hug her, Finn would still feel a little disadvantaged.

Finally, Finn made up his mind and hugged the young girl all at once, trying to speak as gently as possible, "Are you someone sent by my parents?"

The young girl shuddered and whispered, "I came to see you secretly."

Sneak in?What's going on?

Finn was a little startled, but without giving Finn time to ask questions, the young girl detached herself from Finn 's embrace and apologized, "Sorry to bother you so early, brother Finn , see you in a bit!"

After saying that, the young girl ran out of the room, and in the blink of an eye, she was out of Evan's sight.

"This..."

Finn stood dumbfounded at the door, completely blinded by the maiden, if not for the remaining fragrance of the maiden in his arms, Finn even felt that it was a hallucination from a dream.

Sniffing the hands that had hugged the young girl, two big words emerged in Finn 's mind, 'True Fragrance'!

"Is there really such a good-looking beauty in the world?"

"Why did she call me brother Evan?"

"Who the hell is she?"

"Were they sent by my parents?"

"Why did you say it was a sneak?"

"....."

With all the questions, Evan once again collapsed onto the warm – soft bed and slept back to sleep.

By the time he woke up, it was already eight o'clock in the morning, and after briefly washing up, Finn got into Charles' car and arrived at the school.

On the way, Finn also asked Charles if he knew the young girl, but after Finn described the girl's appearance, Charles showed his confusion, but soon showed a dawning color, but did not give Finn an answer, just left a sentence.

"Young Master, after you see that girl again, ask me if you don't understand anything, it's a good thing not a bad thing."

After mulling over this sentence several times in his mind, Finn didn't think it through, but it didn't matter, after all, Charles had said that it was a good thing not a bad thing, so he had nothing to worry about, everything would just go with the flow.

Putting aside his doubts for the time being, Finn stepped into the cl A**.

The cl A**, which was still chaotic, instantly became extremely quiet when it saw Finn 's appearance, but soon burst into laughter.

" Finn , you lick dog still dares to come to school!"

"Tsk, tsk, I really don't know what to think, people Tina has dropped out of school to avoid you, why are you still shamelessly coming to school, I wish people like you would have been expelled earlier.Zhang Qiang cl A** guide is also pitiful, just in the middle of things, otherwise, you would have been expelled last time, what a pity."

"I advise you to behave yourself in peace in the future, if you ever hit on a female student like that again, when we catch on to it, we'll definitely report you to the new cl A** guide!"

The students were all over the place, apparently Tina had spread flare in the cl A** group before.But it's a pity that now that Tina has run away, there's no one to help him clarify.

But Finn doesn't care, after all, most of these gossips are boys, these boys, just to see him holding a beauty before, jealous.

In the past, Finn would have wanted to argue a few words, but now, Finn is very indifferent.These boys are typical of those who can't eat grapes and then say grapes sour, this is all they have in life, no pattern.He's not so bad as to lower his compelling style and quarrel with these scum.

But seeing that Finn doesn't speak, these boys even more intensified their efforts, only to be interrupted by a stern shout before any substantial verbal attack.

"Cl A** is about to begin, what a mess, if you still want credits, go back to your seat!"

Only a tall, thin woman in her thirties walked in, she had become the cl A** teacher of this cl A** after Zhang Qiang had been expelled, and her name, like her style, was Yan Li.

The students were obviously very afraid of Yan Li and didn't use half a minute to hurry back to their seats.
