

Kemp, at the very beginning, but she still pretended to despise and looked down on Maysun.

Chapter 1851

Since that was the case, then why should Maysun still be polite? At that moment, Maysun really wanted to tell Aino, 'I am promising you now to be your father's temporary partner! However, I also

admire you very much.
Alright! I'll go see your
father together with you
now and let him know. As
long as he agrees to it, I
will secretly take you out t
o play for a while, alright?
"

Aino immediately nodded
happily. She held
Maysun's hand as if they
were very close. Within a
couple of minutes, they
came to the front of
Sebastian. At that
moment when they saw
Sebastian again, Maysun

realized that Sebastian was completely covered with the smell of alcohol. Perhaps Sebastian had already drunk some alcohol earlier on, but Maysun did not know because she did not look at him from a close distance. At that moment, there were already a few emptied bottles next to him, and Sebastian had already been so drunk that he could hardly open his eyes.

"Did your father have

some drinks just now?"

Maysun asked Aino.

Aino nodded. "Yes, Miss Maysun. I had already told you just now that my dad is in a very bad mood. He drinks whenever he is in a bad mood. Even if he was in front of my great-grandpa's casket, my dad is just a person who is something bellies?"

"Rebellious!" Maysun smiled in a mocking manner.

"Mm-hmm, that's right!"

Aino smiled back.

She ran towards Sebastian. "Dad, Dad, I asked Miss Maysun to take me out to play for a while. Is that alright?"

"Who?" asked Sebastian as he rolled his eyes.

"Miss Maysun," Aino said again.

"Which Maysun?" asked Sebastian.

"Miss Maysun Kemp."

Sebastian thought about it

'Ha! It's such a piece of cake to take this little child out!'

Since she could take her out, then she would not be thinking of bringing her back! Sebastian was also already drunk anyway!

"Let's go, Aino. I'll take you out," said Maysun.

"Alright!"

The two of them then went out hand in hand.

Aino saw Alex as soon as they left the gate of the

Ford Residence. He purposely came to pay his respect and offer his condolences. Alex was very befuddled when he saw Aino being held by the little princess from the Kemp family, so he immediately called out, "Aino, where are you going?"

Aino turned her head around and saw that it was her Uncle Poole. "Uncle Poole, you're here!"

Alex surveyed Maysun

from top to bottom. "It's been a long time, the little princess of the Kemp family!"

Maysun immediately could sense the hostility in Alex's tone. "What are you trying to say, Master Alex?"

Alex sneered. "Don't attempt to steal Sabrina's place! Otherwise, I will turn your entire Kemp family upside down!"
