

Chapter 49

Hazel was startled by the sudden intrusion. Embarrassed, her heart trembled, as if her personal space had been intruded. However, Regan was so used to being overbearing that he did not care about others' will, and he was more like a sharp knife that went straight to her heart. The next second, he picked her up from the bathtub.

During the whole process, Regan did not even hesitate for a bit.

And the first thought that came to Hazel's mind was... did he find out that she was crying?

But on second thought, she was covered with water, so of course he could not tell whether it was water or tears!

"Is that how you take a bath?" Regan asked.

Hearing that, Hazel came to her senses. He was asking why she was squatting in the bathtub with her clothes on.

She stuttered, "I... I... I like it that way... I prefer to take off my clothes in the water... Why? I can wash my clothes at the same time too. It saves... saves water. This... This is my way of taking a bath."

This was nonsense of course! Even Hazel herself found this excuse hard to believe in, but she just forced herself to say it out.

Immediately, Hazel realized there was a change in Regan's eyes, which made him look particularly creepy!

"... Is that so? In my opinion, I think... you don't know how to take a bath. In that case, I'll help you!" he said.

Upon hearing this, Hazel's eyes widened. What?

How did this happen?

However, Regan did not give her a chance to refuse and began to take off her wet clothes.

Hazel was so scared, that her heart was trembling. "... It's really not necessary... I... I can do it myself!"

Initially, she just wanted to cry, but as long as this man was here, he was bound to do something that would make her feel ashamed!

"Do you think you have the right to refuse? When I said take off your clothes, I mean take off your clothes. If I said I'll bath you... that means I'll bath you. Why? You got a problem with that?"

Hazel looked into the man's eyes and felt as though she was being stared at by a wolf.

Oh Lord! She was really scared and dared not speak anymore.

With that, Regan took off her clothes and began to soak her in a bathtub filled with warm water.

And Hazel was so obedient that she did not even move an inch.

The man began to apply shower gel on her body bit by bit, and gradually, her skin tone turned red because she was so embarrassed. Upon noticing that, Regan thought she was simply adorable.

When they were almost done, the man lifted her chin with his finger, so that her eyes would meet his. "Remember! Next time, you are not allowed to cry secretly behind my back! Since your body belongs to me, it includes your tears! Even if you cry, you are only allowed to cry in front of me," warned Regan.

Hazel was completely dumbstruck. It turned out that he actually noticed she cried. That gave an inexplicable warmth to her heart but it was quickly suppressed.

What was she thinking about?

At this moment, she decided to go all out, even if... this man would really break her neck in anger.

"I... I actually have something to say to you. Those... those photos are actually... actually..."

"Those photos can't be any more fake!" said Regan.

Huh...

Hazel blinked. This was not the rehearsed plot she had in mind!

It should be her admitting that those photos were real, that she was a slut and had many complicated relationships with different men, which meant she was indeed very dirty. Therefore, he had better throw her away.

different men, which meant she was indeed very dirty. Therefore, he had better throw her away.

However, to Hazel's surprise, Regan actually hugged her tightly and said, "The photoshop techniques on those photos were so lousy. I can tell the difference between real and fake just by one glance. So you don't have to worry that I'll misunderstand you. Leave everything to me!" Those who dared to bully her, he would make them pay for it!

Huh? What? Hazel did not understand what he was thinking!

This was not what she had planned to say.

Hazel felt as if she had been hit in the head!

"But I warn you! Your body belongs to me, and I am your first man. I was, and is, and will always be your man! So if you dare to hook up with other people and defile your body, then I will let you know what is real punishment. Do you understand?" he warned again.

When Hazel heard these, she could clearly feel chills down her spine, because there was no trace of mercy in Regan's words. It was just like a devil's declaration in her ears, which made her feel fearful.

It was also because of this unexpected interruption, Hazel had to swallow what she intended to say.

This man... was too scary!

But at this moment, Hazel still didn't know what sort of perilous situation he would stir up because of her!

.....

After being wrapped in a bath towel by Regan, Hazel was carried out..

What made her extremely embarrassed was that he even put on underwear for her, together with the sanitary napkin!

Pervert! He was really a man who was both perverted and overbearing!

When Hazel was placed on the bed, she secretly observed his eyes to see if he was still angry. But as it turned out, everything had returned to normal.

Hazel breathed a sigh of relief.

However, the "torture" had not ended yet.

Because, in the next few days, Hazel was not allowed to get out of bed again and the embarrassing reason was because of... menstrual period.

Clearly, it was normal for a woman to have their menstrual period once every month. But in this man's eyes, menstruation seemed to have become a period of illness that needed to be taken good care of.

When she was eating, he was responsible for feeding her! When she was sleeping, he must hug her! When she was taking a shower, he would keep an eye on her, even when she went to the toilet, which made her felt even more embarrassed!

Moreover, during this period, she could not get in touch with anyone else. There was only this man by her side!

Besides feeling embarrassed, Hazel vaguely felt that this man had become... more clingy.

Hazel thought that this was really... not a good sign.

In fact, this man should be fed up with her soon, and only then he would abandon her.

But why was she getting more uncertain? She found the situation dangerous and it made her nervous...

After her menstrual period had ended, she could breathe a sigh of relief, because she was finally allowed to get out of bed.

About Regan's abnormal behavior during this period, Hazel guessed it was due to him being overly protective of her body.

For now, her body was considered as something of value toward him! Before Regan got bored, he would definitely take good care of her.

Yes, it had to be so. There were no signs of emotion, just an obsessive and possessive desire toward an item.
