

# The Return of the God of War [The Protector] Chapter 3182

“Kill you all, and we can get something too!”

The leader of the Black Sky Alliance laughed.

“you.....”

Fan Yunpeng was going crazy.

“Everyone, prepare to kill all these guys! Then take Tiancai Dibao and these two girls back!”

The leader ordered.

All the masters of the Black Sky Alliance must prepare to do it.

Sui Qingqing and the others were also helpless, so they could only desperately try to kill a bloody path.

Levi Garrison is also ready to leave.

At first, he might have thought about saving Sui Qingqing and the others.

After all, they were also hunted down because of the treasures of heaven and earth.

But Sui Qingqing and the others made Levi Garrison angry.

You’re being caught, what the hell?

Blame everything on other people for no reason.

So Levi Garrison walked straight forward.

As long as trouble doesn’t come to him, he won’t trouble anyone else.

He doesn’t care about their fight...

At this time, a master of Heitian League pointed to Levi Garrison and asked, "What should he do?"

"Kill it!"

"Do you still need to ask such a question?"

The leader said coldly.

kill!"

All the masters of the Black Sky Alliance moved.

The seven of them went up to Sui Qingqing.

Another person killed Levi Garrison.

"court death!!!"

Levi Garrison was angry.

He did not interfere in their disputes, nor did he save Sui Qingqing and the others.

Are you going to trouble yourself?

"boom!"

The master who came to kill Levi Garrison was suddenly hit by an invisible force, and the whole person flew out.

After knocking down seven or eight trees, he fell to the ground and died, without twitching.

Silly!

But soon the other masters of the Black Sky Alliance were killed.

"boom!"

"boom!"

...

These masters flew out one by one.

The death is tragic.

In an instant, all the other masters of the Black Sky Alliance were stunned.

Sui Qingqing and the others were also restrained.

Several leading eyes of the Black Sky Alliance also noticed Levi Garrison.

It is estimated that no one thought that Levi Garrison had such terrifying strength!

Especially Sui Qingqing and the others.

Just now everyone ignored Levi Garrison.

“Kill... kill him first!”

The people headed by the Black Sky Alliance ordered.

In an instant, all the experts of the Black Sky Alliance rushed up.

“die!”

Levi Garrison punched one.

After blinking.

There were more than 30 corpses on the ground.

Silly!

The remaining Heitian League masters are all stupid.

Absolutely never thought to encounter such a tough stubble.

Is this terrifying strength comparable to that of a god?

And it's not like many experts in their forces can temporarily fight against the gods.

Levi Garrison in front of him truly possesses the combat power of a god!

Calm down!

These people from the Black Sky Alliance were stunned.

Levi Garrison's combat power is too rare in Daxia.

I can't afford it!

# The Return of the God of War [The Protector] Chapter 3183

"The green hills will not change and the green water will flow forever, do you dare to sign up for a name?"

The leader wanted to know Levi Garrison's name so that he could take revenge in the future.

"die!!!"

Levi Garrison only spit out one word.

The body of the person headed not far away suddenly exploded, turning into a cloud of blood.

Silly!

Who dares to ask?

"Withdraw... withdraw..."

"Let's count our backs today..."

The rest of the Black Sky Alliance understood.

No matter how tough they are, they will explain it here.

It's better to go back to the Heitian League, and then find out the identity of Levi Garrison, and then take revenge.

Several people fled immediately.

Levi Garrison did not pursue them.

To him, these Heitian League masters had nothing to do with stepping on an ant to death.

They're not at the point where they go after them themselves.

Not eligible!

People who can kill Levi Garrison also need qualifications!

Levi Garrison seems to have done a sparse and ordinary thing.

It's not cool to kill the gods at all!

"This....."

Looking at the corpses of the Heitian League masters in one place.

Sui Qingqing is stupid!

Xi Mengxiang is stupid!

Fan Yunpeng and all of them are stupid!

Is their crisis over?

The person in front of him is too powerful, right?

Who would have thought that a random person standing in the way would possess such terrifying combat power!

They got a blessing in disguise and even got rid of the attack of the Black Sky Alliance.

In the future, the Black Sky Alliance may continue to pursue them.

But they still have to go to the Black Sky Alliance to move rescue troops.

By that time, they too had already run away.

Sui Qingqing and the others looked at each other and smiled.

Their crisis is lifted.

This is great.

They shouldn't die.

After a few people looked at each other, they turned around and left.

From the beginning to the end, Levi Garrison didn't even look at him at all.

Not to mention some words of thanks to Levi Garrison.

It was as if they had done it themselves to lift the crisis.

Seven people left with peace of mind.

At this time, Levi Garrison, who should have walked forward, suddenly shouted:  
“Hey!”

This sound made the seven people stop suddenly, and then slowly turned around.

“What’s wrong? Is there anything else?”

Sui Qingqing and Fan Yunpeng asked.

“I saved you guys and left without saying thank you?”

What Levi Garrison wanted was an attitude.

In fact, whether thank you or not has anything to do with him?

He just can’t stand the behavior of these people.

He didn’t like them from the beginning.

Now that I saved them, I turned around and left without saying thank you.

Then Levi Garrison will discuss an explanation.

Not bothering with ants is another matter.

It’s two different things.

## The Return of the God of War [The Protector] Chapter 3184

They are so indifferent, then Levi Garrison will have to ask for an explanation.

When Levi Garrison asked this question, they were all taken aback.

It seems that Levi Garrison killed everyone in the Black Sky Alliance and saved them.

Should I say thank you?

After all, it was someone who saved them!

The two old men had to subconsciously thank Levi Garrison.

After all, this is the right thing to do.

But Sui Qingqing said one step ahead: "Thank you? Why thank you?"

Xi Mengxiang even added: "Yes, do we know each other?"

The three men Fan Yunpeng looked at Levi Garrison for granted.

Even a little surprised.

They didn't seem to realize that Levi Garrison saved them.

Levi Garrison replied: "I don't know! But you were chased and killed just now, and I saved you! You should be thankful! This is the minimum rule!"

As soon as the words came out.

Sui Qingqing was stunned for a while.

He even looked at the corpse on the ground several times.

That's right.

Levi Garrison killed everyone on the ground!

If it weren't for these people in the Black Sky Alliance, they would all be dead.

None of them can escape!

But Sui Qingqing bit his head and said, "Saved us? Not necessarily?"

Xi Mengxiang also said: "Yes, this is not to save us at all, right? I remember that the Black Sky Alliance wanted to kill us, you always ignored it and left directly, right?"

As soon as these words came out, they were immediately supported by Fan Yunpeng and others: "What does this have to do with saving us? You are obviously saving yourself, right?"

"Yeah, obviously someone wanted to kill you, and then you fought back and killed them. What does it have to do with us?"

Levi Garrison said coldly: "But I killed all these people! Otherwise, you will all die! That is, I saved you!"

Sui Qingqing and the others shouted: "You are so strange? Isn't this a grievance between you and others? Can it all involve us?"

"It's not like you saved us at all, it's your own business! Someone killed you, and then you killed someone else.

We have nothing to do with your grievances at all. You are absolutely right, do you want to force others to owe you a favor? "

"I'm done! We're just the same enemy! You just saved yourself, it's none of our business, I've never seen someone with such a thick skin as you!"

...

Levi Garrison: "...".

Sure enough, I felt right at first!

These people are shameless to the extreme!

And it seems that their forces have basically been destroyed, and they can live to the present.

It is estimated that a lot of means have been used.

For example, let the companion be the dead ghost, stepping on the body of the companion to escape.

All the way to now!

Is it cheap?

People saved you!

Just move your mouth and say thank you!

This can lead to other things.

It was an eye-opener!

this time.

Levi Garrison really saw all kinds of shameless people!

There is no most shameless, only more shameless!

In the vast world, there are indeed all kinds of people.

"I saved you, you have to say thank you! That's the rule!"

Levi Garrison's matter has really been pursued to the end.

Don't give an explanation.

This can't be over!

He said coldly and released a strong breath.

"Understood! You didn't do this to hear us say thank you, did you? Are you mean? We all understand!"

Fan Yunpeng glanced at Sui Qingqing and the others.

Everyone showed the look of understanding everything.

Sui Qingqing stared at Levi Garrison, and sneered: "You saved us by forcibly saying this! It's not a verbal thank you. You want substantial benefits!"
