

The Return of the God of War [The Protector] Chapter 3217

Everyone gathered together: "Where are Levi Garrison's resources hidden?"

"I don't think so, Levi Garrison actually hid the resources in the lair of the king of evil gu..."

As soon as the Hall Master of the Bloody Hand Palace finished speaking, everyone's voices rang out.

All are surprised.

So many of them are looking everywhere these days.

But just ignore this place.

Where is the mountain in the ten directions in Miaojiang, it has long been destroyed by the strongest evil gu, and no one will go there at all.

Levi Garrison hid resources in this place, and it was really hard for others to find them.

If you let them find it by themselves, they won't be able to find it.

Levi Garrison is a great place to hide resources.

The leader of the Black Sky Alliance asked, "How did you know this information?"

The Palace Master of the Bloody Hand said with a smile, "The mountain man has his own plan!"

"It was revealed by someone from the Tenjin Division, right?"

The leader of the Black Sky Alliance laughed.

"Hahaha....."

The Palace Master of the Blood Hand Palace all laughed.

The only one who can know where Levi Garrison is now is Tianshensi.

It must be that the Palace Master of the Bloody Hand is in contact with some people in the Department of Gods.

Thus concluded the transaction.

“Of course, it’s not that easy! We have to pay! After all, it’s too early to be profitable! Besides, Levi Garrison has so many resources, who doesn’t want to take a bite?”

The Hall Master of the Bloody Hand Palace continued.

“How to say?”

All the leaders looked at him.

“First, he provided us with information...”

Everyone nodded: “We understand this! But is there a reason?”

“Second, he will take away all the Tianshen guards related to Levi Garrison. When we deal with Levi Garrison, the Tianshen guards will not appear!”

As soon as the Lord of the Bloody Hand Palace said this, everyone was excited.

One thing they have to deal with Levi Garrison’s worries is that the gods like Qinglong will help them, and they will be very uncomfortable at that time.

Everyone is trying to figure out how to prevent them from taking action.

Now it seems that this problem is easily solved.

“This is a good thing, and it’s a lot of credit! He must be divided...”

Everyone said in succession.

“He wants one-tenth of all resources!”

The Palace Master of the Bloody Hand said.

Everyone immediately fell silent.

A little hesitant.

One tenth is too much.

“Okay, I can only promise! After all, Tianshenwei can take it away! Only we can succeed!”

The leader of the Black Sky Alliance gritted his teeth and agreed.

“Well, I promise!”

...

The others agreed.

Everyone knows what the current resources mean.

Even the gods of the Heavenly God Division are greedy and want to take a bite.

But even if they have thieves in this regard, because of their identity, they cannot openly take action against Levi Garrison.

This is the only way to get a piece of the pie.

They are not for Daxia, nor for the gods, but for themselves.

After all, everyone now knows that the gods can actually be stronger, which is not the point.

But if the gods want to be strong, they must need massive resources.

More than anyone else needs...

Now Levi Garrison's resources are actually envied by many people.

“Hahaha... I thought that the Tianshensi group was extremely noble, all for the sake of Da Xia and others. I didn't expect to be the same as us? All of them are virtuous gentlemen!”

“On the surface, everyone is serious, but in fact, they are even darker than us.”

“It's too bad. If you reveal the information, you have to send people away! Hahaha...”

“Who wouldn't be jealous when you see so many resources! It's normal for people in the Tenshen Division to have such a thief! I just don't know who it is...”

...

Everyone said, their eyes turned to the Palace Master of the Bloody Hand Palace.

“Don't ask who it is, this matter is kept secret! I won't let you know!”

“But some people should have guessed who it is...you know it...”

“Next, everyone is ready to attack Levi Garrison...”

The Return of the God of War [The Protector] Chapter 3218

Soon, everyone will gather all the forces.

Begin to infiltrate the Miaojiang Shifang Mountains little by little.

After about half a day, all the forces gathered.

The old nest of the King of Evil Gus is densely populated with people.

This time, the number of everyone was more than three times higher than before.

In particular, all parties have taken out all the combat power comparable to the gods.

All parties have come together, and there are more than 60 combat powers that can rival the gods.

This means that in a short period of time, the major forces have more than 60 gods.

They were all ambushed outside the lair of the Evil Gu King.

Waiting to get started.

Their people just checked it out for themselves.

Levi Garrison's resources are indeed all here.

The message from Tenjinji is not wrong.

Next, we will wait for someone from the Tianshen Division to take away all the Tianshen guards related to Levi Garrison.

the other side.

The Tenjin Division suddenly received an order to go north to solve a big crisis.

The War Bear Country near the northern border has changed, and the Tianshen guards must be dispatched to guard the northern border to prevent accidents.

After receiving the news that all the Tianshen Guards went north, the Heitian League and other major forces could no longer sit still, and all attacked.

Sneak into the lair of the King of Evil Gus quietly.

At this moment, Levi Garrison is closing his eyes and resting.

Levilia researched among a bunch of resources and was very curious about everything.

The Dark Doctor and the Brain of God are also busy with bounties.

Other than that, no one has.

“There are guests coming, please welcome them!”

Levi Garrison said without opening his eyes.

From the moment these guys appeared around, Levi Garrison noticed it.

And he wasn't at all surprised that these people used their own resources.

From the moment he got rid of the King of Evil Gu, he knew the result.

I know that this group of people will make up their minds about their own resources sooner or later.

Sure enough, it's finally here.

...

“Boom...”

The next moment, there was a commotion that shook the ground.

All these forces of the Black Sky Alliance have come.

From all directions, it was surrounded like a flood of beasts.

Surround this area to death.

The two doctors in the dark were interrupted and looked over.

Levi Garrison was still lying down, too lazy to look at them.

The group rushed to the front, and the leader of the Black Sky Alliance shouted: “Levi Garrison, hand over all your resources obediently, don't force us to grab it!”

“Hand over the resources! If you don’t, we’ll grab it!”

Others said in succession.

“Black Sky Alliance, right? Meeting for the third time?”

Levi Garrison muttered to himself.

“The third time we meet?”

The leader of the Black Sky Alliance and everyone in the Black Sky Alliance heard this and looked surprised.

Counting this time, shouldn’t it be twice?

Where did the third time come from?

Little did they know that Levi Garrison had already been to their base camp long ago, and even gave them people and resources.

It’s just that they don’t know.

“Levi Garrison quickly hand over the resources! You ruined our plan last time, causing the King of Evil Gu’s so many treasures, we have to get none of them!”

“You should compensate us! Now we have to ask for compensation ourselves!”

“As long as you give up all the resources after your birth, we will leave immediately without harming anyone!”

...

The crowd shouted.

Doctor Dark was delighted: “Last time, didn’t you mean justice to the king of extermination of evil gu? Didn’t you want to eliminate harm for the people? It turned out to be rushing for other people’s treasures! What a hypocritical group of guys!”

Everyone stared at the dark doctor and sneered: “You can’t control this! Hurry up and hand over the resources!”

“Levi Garrison, make a decision quickly!”

“I said what if not?”

Levi Garrison’s voice came!

"If you don't, then we can only use force to grab it directly! Are you sure that the three of you plus one poisoned can stop so many of us?"

The Return of the God of War [The Protector] Chapter 3219

The head of the Black Sky Alliance glanced at it and said with a sneer.

They're just naked threats.

"Although there are no definite gods among us, there are sixty-seven people who may have the power to fight with gods! In a short period of time, they are gods! There are hundreds of people who are close to gods, and the others have experienced hundreds of battles. The master!"

"Are you sure how many people can stop it?"

They sneered.

"Who said there were only a few of us?"

Levi Garrison asked back.

"Ok?"

This made everyone stunned.

Then everyone laughed.

"Are you waiting for the gods related to you by the Tenjin Division? Don't worry, even if you die today, they won't come!"

"Yes, they can't come no matter what, and they won't know about it!"

"When they know, we've robbed you of all your resources!"

...

Everyone looked confident.

In everyone's opinion, Levi Garrison was waiting for Qinglong and the others.

Apart from these people, he has no support.

What's more, this is in Daxia, and those foreign helpers can't come.

"Huh? What happened to them?"

This made Levi Garrison not think of it.

Of course, he won't think about anything because of these minions.

Never thought they were not there.

It seems that these people have prepared a lot in order to move themselves.

"Of course they were taken away, and now they are on the edge of the northern border! I can't take care of you!"

"Levi Garrison, give up! They won't have anyone to save you!"

"The only one who can save you now is yourself! As long as you hand over all your resources, it will be fine!"

"What's more, aren't your resources endless? Send a little and you'll have them again soon! Wouldn't it be better to save your life?"

...

Several heads of these forces said.

But it makes sense.

Levi Garrison's resources are just like Chinese cabbage, there are as many as you want.

To him, resources seem to be the least valuable.

Wouldn't it be better to trade your life for the least important thing?

At this time, Levilia was also alarmed and walked out.

After seeing Levi Garrison, he smiled and said, "Levilia go back and continue to play, it's alright!"

After Levilia listened, he turned and left, and continued to play.

It doesn't seem to worry at all.

This made everyone's heart skip a beat.

It seems that they don't care about them at all.

"Levi Garrison, your backers will not come, we will give you a few seconds to think about it!"

"If you don't agree, don't blame us for doing it yourself! Let's see if you can stop it?"

"Everyone is ready..."

These forces are all ready to attack at any time.

They already have the scene of dividing up resources in their minds.

As for Levi Garrison who was standing in front of them, they didn't care at all.

At this moment, Levi Garrison said lightly, "Who said I was referring to them?"

The words are not surprising and die endlessly.

Levi Garrison's simple words came out.

All the people who were going to attack stopped abruptly.

Not them?

Anyone else?

But Levi Garrison's backer in Daxia is the God of God, right?

All the words of the gods have been compiled into the Tenjin Division!

There is no god in Daxia to help Levi Garrison!

How could there be anyone else?

impossible!

Have no idea!

Where are the others!

Everyone looked at Levi Garrison suspiciously.

The hall master of the Bloody Hand Hall shouted: "Levi Garrison, don't try to delay time! No one will come to save you! Give it up! No matter how much time you delay, it's useless!"

“Oh, it turns out to be delaying time, I really thought someone was there?”

“Hahaha... Levi Garrison’s procrastination is really useless, because there is no one at all.”

...

Everyone reacted.

Everyone is saying that Levi Garrison is procrastinating.

But Levi Garrison smiled: “All come out? People say I’m procrastinating!”
