

Chapter 1888

"Do you know why my brother has to put your husband to death?" Yingzi asked sadly.

Suzi: "What do you want to say? That my husband wronged your brother?"

Having said this, Suzi sneered: "I'm sorry, please don't force this kind of fault on my husband. When your brother fled abroad, he violated the law for stealing and robbery. My husband has always been abroad and has never returned to China, so there is no such thing as my husband wronging him."

Yingzi said coldly: "I didn't say that your husband wronged my brother, and I didn't say that my brother was wronged, I mean! It was your husband who helped Kraig back then and almost killed my brother! If not Your husband's help to Kraig, my brother has already killed Kraig!"

"But Kraig didn't wrong your brother!" Suzi suddenly rebuked: "It's Kraig's duty to hunt down your brother! Could it be that your brother has broken the law, so let him go unpunished!"

Yingzi suddenly cried: "In that case, if it were you, you would also break the law!"

"Do you know what my brother and I were forced into!"

"Where is Kraig when we need help? We are about to die, where is Kraig! Why don't you come out to help us, my brother did what he should do, should he be wanted by the world! "

Suzi: "..."

She was very excited to see what Yingzi said.

One of her feet was still gurgling out with mucus.

It was all the fungus that was killed. Yingzi had already forgotten the pain in her feet, so she looked at Suzi with so much excitement.

"I'm so pitiful." Yingzi said sadly.

"I thought...I thought you were a kind person, you helped me treat my feet, you are the person my brother likes, you are so generous, you have had a very rough experience, I I thought you were a kind person."

"It turns out that you also look at me and my brother with colored eyes, right?"

"You will brand us like this for life. My brother is a robber, a thief? He is unforgivable, can't be forgiven, and can't be sympathized with?"

Suzi: "..."

She was eight or nine months pregnant, and she was tired after standing for a long time.

She turned back and sat opposite Ying Zi, didn't speak, just looked at Ying Zi.

After a long time, she took out a piece of paper from the coffee table and wiped Yingzi's tears.

For some reason, Suzi felt sympathy for Yingzi at this moment.

There was an aura of motherhood on her body, which made Yingzi's unyielding heart collapse instantly.

Yingzi suddenly burst into tears: "Woo woo... woo woo..."

"My brother, my brother is really bitter, very bitter."

"My brother and I belong to the same mother, but not to the same father."
Yingzi cried and told Suzi about the past.

Only then did Suzi know the unknown past of the two brothers and sisters Ying Ming and Yingzi.

Ying Ming grew up in the capital of the imperial capital of Kyoto, and his family conditions were good when he was a child. His father was a truck driver, and his mother was originally a seamstress in a tailor shop. Although the family conditions were not good, they were decent.

However, there are unforeseen circumstances. Just when Ying Ming was six years old, when he was about to enter elementary school, Ying Ming's father drove two people to death, and Ying Ming's father also died on the spot.

The Ying family originally had some savings and a property, but overnight, it was completely corrupted by the dead family.

From then on, Ying Ming's mother Yu Xueqin took Ying Ming to hide here today and where to hide tomorrow, often without a meal a day, but Ying Ming's mother is a person with a backbone, she only spent two years in time, he used the money he earned from his craftsmanship to make clothes to pay off his debts.

Chapter 1889

Ying Ming's mother took Ying Ming to think about it. In the next ten or eight years, after making money and buying a smaller house, the mother and son will have a place to live.

The mother and son are thinking very well about the future life.

But, orphans and widow mothers always suffer more bullying from others, especially Ying Ming, who has been naughty since he was a child. He lost his father when he was bullied. When he was bullied, he was not convinced. of.

One day, Ying Ming was chased and beaten by several older children. A strong man in his thirties helped Ying Ming beat all those children away. He also sent Ying Ming home in person. Since that day, the man met Ying Ming's mother.

That man's name is Shen Zishan.

It's a small boss who collects garbage nearby.

Shen Zishan was single, and although he opened a garbage collection station, the money he made was only enough to provide food and clothing with a little surplus. Therefore, the 30-year-old Shen Zishan did not have a daughter-in-law.

Since getting to know Yu Xueqin and Ying Ming's mother and son, Shen Zishan went to the house rented by the mother and son every now and then.

Over time, Yu Xueqin became pregnant.

Close her eyes, the child in her womb must be Shen Zishan's. In fact, Ying Minghe really likes that her mother can walk with Uncle Shen. It didn't take long for her mother to marry Uncle Shen.

For a long time, when Ying Ming called Shen Zishan, he always called his father.

Later, Shen Xue was born.

The life of a family of four is booming.

Shen Zishan also had his own ideas. When he was sleeping at night, he said to Xueqin: "Xueqin, I have something to discuss with you. Look at my garbage dump. In fact, my parents left me as a homestead to build a house. Yes, I've been out of money and not covered,

I think I'm going on a bit now. You have saved some money for making clothes and cutting clothes for people in the past two years. Let's build a factory here together. How about doing clothing production? You have the skills, and I'm not lazy. I'll run What do you think about business? "

Yu Xueqin agreed on the spot.

Husbands want to do business, and wives naturally need support.

Not only support, she also has a great role.

She is very knowledgeable about clothing, she thought, their clothing factory will definitely make money.

Yu Xueqin's prediction was correct. When the clothing factory was built, the clothing business was very easy to do more than 20 years ago and 30 years ago.

Yu Xueqin and Shen Zishan were no exception.

However, what Yu Xueqin didn't expect was that their voices were just booming, and they had just earned the first pot of gold of one million, and Shen Zishan changed his mind.

He runs business outside all year round, and he has seen more people than Yu Xueqin. Shen Zishan pursued the director of the design department of a large fashion company with Yu Xueqin on his back. She was a young, capable and thoughtful girl.

The girl is very smart and values Shen Zishan's ability very much.

When she was with Shen Zishan, she didn't have any plans for Shen Zishan. Not only that, he also loaned 2 million to Shen Zishan, and wanted to start a business with Shen Zishan and create their own brand.

However, the girl also had a request, that is, to let Shen Zishan divorce Yu Xueqin as soon as possible.

Because she can't be a junior.

Shen Zishan had always loved that foreign-style, independent, and aura girl. The girl had sacrificed too much for him, and Shen Zishan was naturally moved. He went home that night and filed for divorce with Yu Xueqin.

"What, I am determined not to divorce!" Yu Xueqin took a knife and threatened to cry and threaten Shen Zishan.
